

Race Denied A Factor In City Housing Policy

By ALVIN TAYLOR
Reflector Managing Editor

The Housing Authority last night denied charges by the United Pitt County Branch of the NAACP that application of prospective Negro tenants for public housing are "reviewed and approved" by the local police department.

In a letter to the Housing Authority the NAACP had claimed that "low rent housing projects have been carefully designed to perpetuate racial segregation."

It was also alleged that "the only Negro employee of the Housing Authority and Redevelopment Commission in a supervisory capacity, Warren G. Barnes, has been the victim of historic white prejudice and has been replaced by order of the executive director of the Housing Authority by a white man whose educational attainments, experience and any other qualifications are by far inferior to those of Mr. Barnes."

Director A. E. Dubber denied this.

The letter, signed by the Rev. B. B. Felder as president, said the authority's membership has been constructed so that the lone Negro voice "either cannot or will not champion the cause of Greenville's minority group."

In a prepared statement, read at last night's informal hearing on the charges, Dubber said "Applications of prospective tenants are not referred to, reviewed or approved by the Greenville Police Department." He said the Authority's occupancy supervisor maintains liaison with the police department to insure that any tenant accused of a crime shall be adequately represented.

Dubber also said that public housing had not maintained a segregated pattern. Kearney Park, he said, is occupied by all Negroes because applications from whites were received only after some 200 applications from qualified Negroes.

On the other hand, he stated there are 42 white families and 23 Negro families in the newer Meadowbrook project.

He also maintained that the 15 homes purchased along with lands for the Moyewood project have been rented by both white and Negro citizens and will be sold regardless of race.

Later in the meeting the Rev. O. J. Rooks said it had been learned that lists of prospective housing tenants had been approved by the Police Department.

Dubber replied that Mrs. Lucille Gorham of the Redevelopment Commission had taken a list to the police department to check their files for police records.

"That was all," he declared. "They did not review or approve and as long as I am here that will not be done."

Charles Howard, who served as the first chairman of the authority, told the group, "All of us sitting here without pay. We fought like the dickens for this thing. For you to make accusations like this, I'm disappointed in you."

The Rev. Mr. Felder maintained that the accusation that the police department approved applicants was "true as far as I'm concerned because they have admitted that the police have checked the records."

Mayor Eugene West who was present for the meeting, said there was no one in the city police department who would have the authority to approve applications.

Dr. Andrew Best, the only Negro authority member, said, "As long as I am here

Lived To See Stamp-Rationing

BROOKVILLE, Pa. (AP) — Postal clerk Edward Ficus spent most of Monday trying to talk customers out of buying too many one-cent stamps, in demand because of the postal increase to six cents.

One woman turned from his window, and muttered: "I lived through food and gasoline rationing in the 1940s, but I never thought I'd see the day when stamps would be rationed."

Weather Idles Some Schools

By THE ASSOCIATED PRESS

Snow and ice struck the mountains and some areas of the northwestern Piedmont today, closing many mountain schools and making driving difficult without chains.

Schools were closed in Buncombe, Yancey, Henderson, Haywood, McDowell, Ashe, Avery, Alleghany, Jackson, Madison, Swain, Watauga, Wilkes and Macon counties. Asheville city schools also were closed.

Three industries also shut down in Jackson County because of the weather. They were the Skyland Textile Co., the Sylva Manufacturing Co., and the Draxel Furniture Co. at W. L. Hitt.

Most rural roads were impassable without chains or snow tires, and even some of the major highways such as those in the Great Smoky Mountains could be used only with chains.

The Highway Patrol said driving during the early part of the day was extremely hazardous in much of the mountain section.

More than two inches of snow had fallen at Boone by early morning, and it was still coming down hard at 9 a.m.

At Sylva, a mixture of snow and sleet brought an accumulation of about two inches.

The mixture of sleet, freezing rain and snow spread into the western and central sections this morning. Temperatures at 7 a.m. were several degrees below the freezing point.

The Weather Bureau said the precipitation, whether snow, sleet or rain, was expected to be light. But it added that suf-

ficient accumulations were expected to cause hazardous driving conditions not only in the mountains but in much of the Piedmont and perhaps western sections of the coastal plain.

The bureau forecast slowly rising temperatures during the day, and said the sleet should turn into rain during the afternoon and tonight. Temperatures tonight should range from around 32 in the northwest to 34 to 40 along the coast.

Commission Requests Change In Ordinance

The Greenville Recreation Commission last night approved a resolution requesting the city council to change an ordinance and limit the term of office of the commissions chairman and co-chairman to two consecutive years.

Commission chairman Mrs. Louis W. Gaylord brought the matter before the commission.

At present there is no limit to the number of terms a commissioner may be chairman. A commissioner is appointed to a three year term and may be re-appointed to one additional consecutive three year term by the City Council.

The commission also set a workshop session — beginning at 4 p.m. and lasting until 9 p.m. January 18 — with representatives dealing in the recreation curriculum at the University of

After The Fire, Sheathed In Ice

THREE HUNDRED FIFTY ESCAPED — Fireman stands on duty at the still-smoldering ruins of Philadelphia's Hotel Norman, a residence for elderly persons, after fire raged through the structure yesterday. Three hundred fifty men and women, most of them more than 70 years old, were evacuated, many of them down now-ice-coated fire escapes. Several walls of the hotel fell during the fire. (AP Wirephoto)

Church Request For Tract Is Denied

Moyewood Project Bids Will Be Opened Feb. 6

The Housing Authority will open bids for the 240-unit Moyewood project on Feb. 6. Director A. E. Dubber reported last night.

He said legal advertisements will be placed immediately.

At the same time the Authority turned down a request by Sycamore Hill Baptist Church for approximately five acres of land on the old County school garage property.

The request was turned down on the grounds that the tract of land has already been planned for the Moyewood project.

The letter from the church said that two acres of land south of the project was not acceptable as a site for the church.

Sycamore Hill is now located in the Shore Drive Redevelopment area at First and Greene. The property was designated not to be acquired and the city has said the church will not be moved against its wishes.

While the church was told the requested property was not available, Director Dubber told a group present from the church that it "would be a great asset to have an outstanding church like Sycamore Hill adjacent to our project."

Members of the authority said low rent housing units would be built on the property in question and this is included in the Feb. 6 bidding.

Authority member C. W. Howard offered the motion to formally reply "and explain why we cannot comply."

The authority also agreed to a \$150 monthly rent for the county school garage. The garage and property were purchased from the county schools

for incorporation in the Moyewood project. However, the schools are still using the garage pending completion of their new facilities.

The county board of education registered strong objections to a proposed monthly rental of \$386.

Mayor Eugene West told the authority that in negotiating

with the school board for purchase of the property, he had told them the rent "would be as small as we can justify."

He said if the authority saw fit he would like to see the rent reduced.

Dr. John Wooten, member of the authority agreed. He offered the motion to set the rent at \$150 a month and it was unanimously approved.

Successor To Budget Director Is Announced

WASHINGTON (AP) — Director Charles L. Schultze of the Budget Bureau has become the second top presidential economic adviser to resign within a week.

Schultze's resignation—effective after the new budget is presented to Congress—was announced Monday night by the Texas White House seven days after it reported that Gardner Ackley would step down as chairman of the Council of Economic Advisers.

Named by Johnson to succeed Schultze in the \$30,000-a-year post was Charles J. Zwick, 41, currently assistant Budget Bureau director.

Zwick was described as Schultze's "principal assistant and adviser on economic policy matters."

A native of Plantsville, Conn., Zwick formerly taught economics at Harvard University. He joined the Budget Bureau in October 1965 after working for the Rand Corp., Santa Monica, Calif.

Ackley was named ambassador to Italy. Schultze plans to join the Brookings Institution, a private research organization based in Washington, and to re-

turn to part-time teaching at the University of Maryland, where he formerly taught economics.

Schultze, 43, said he began talking about leaving the director's job as early as last June but agreed to stay on until completion of work on the new budget for the fiscal year which begins July 1.

That is scheduled for presentation to Congress Jan. 29.

The director said his leaving should not be construed as any break with the administration over economic policy. Schultze said he agrees with that policy and endorses the 10 per cent income tax surcharge proposed by Johnson last Aug. 3.

"I'm just plain tired," he said.

Deaths Attributed To Big Freeze

Sub-Zero Cold Grips Northeast

By THE ASSOCIATED PRESS

A numbing, subzero cold front frosted the Northeast today and winter's coldest attack spread north.

Thirty-seven deaths in 10 states were attributed to the bitter freeze which struck the Midwest over the weekend and headed East.

Thirteen persons died in a Brooklyn tenement fire. Firemen braved 1-degree weather to extinguish the blaze and save other lives.

New York was punished most by the cruel cold blast. The temperature was -51 at Wanakena in the Adirondacks, just 1 degree shy of the state's coldest reading recorded in 1934 at Stillwater Reservoir.

Other New York readings included Owlshead and Raybrook, -41; Massena, -37; Syracuse, -22; Albany -20.

It was -1 in New York City. The freeze caused a New Haven Railroad power line to snap, knocking out the line's rush hour commuter service. Subways were delayed as deep cold jammed doors and switches.

The arctic air struck the Eastern Seaboard, chilling Washington with a 17-degree reading and dropping temperatures into the 20s in the Deep South.

Freezing rain and sleet extended as far south as Atlanta. Most rural schools in northern Georgia were closed. Kentucky was hit with mixed snow and rain. State police warned that all roads were slippery. Schools were closed in one-third of the state.

A slight warming trend lifted

temperatures in Texas and Louisiana but rain in that area turned to sleet as it moved north.

Seven persons died in weather-connected accidents in Missouri. Three persons burned to death in an Indiana farmhouse fire caused by an overheated stove. Two persons died of exposure in Nebraska.

Light snow fell over the Great Lakes. As the arctic blast crawled across the northeast, a new surge of subzero air filtered into the Northern Plains. A broad band of rain doused the Pacific Coast from northern California to Washington.

Filing Deadlines

Filing deadlines for the May 4 primary were announced today by Bruce Koonce, Pitt County Board of Elections Chairman as February 23 for state officials and March 22 for county officers.

Koonce explained that persons wishing to file for offices such as governor, the U. S. Congress or district solicitor and the new district court judgeships, should file with the State Board of Elections in Raleigh before noon February 23.

Persons seeking county offices and seats in the state legislature should file with the Pitt County elections board prior to noon March 22.

The office of district judge was established by an act of legislature which set up the District Court Division of the General Court of Justice in the state, Koonce pointed out.

Under the court reform program, Pitt is joined with Craven, Pamlico and Carteret counties in District III, which has been allocated four judges.

Persons seeking one of the judgeships will have to seek nomination to the post in the coming primary. The judges' salaries have been set at \$15,000 per year. Term of office for the new elective post is four years.

Koonce also said a new county-wide registration will be held for the primary and will get under way March 30.

The election board chairman noted, that a new precinct will be formed in Greenville and others adjusted. He said detailed plans would be available as soon as final decisions are reached.

Koonce said that in the event a second primary is necessary, such balloting will be held June 1.

The filing fee for elective offices amounts to about one per-cent of the annual salary for the office, Koonce noted.

Heart Case Trouble Said 'Soluble'

STANFORD, Calif. (AP) — Mike Kasperak, beset with many complications after his heart transplant operation, is in critical condition today.

The 54-year-old ex-steelworker received a new heart Saturday night to replace his failing one.

His condition became critical Monday when he began to bleed from the stomach and intestines. Blood transfusions and other measures appeared to have stopped the bleeding, which his doctors attributed to severe pre-existing liver disease.

Physicians said he was suffering some kidney failure also.

Though conscious and able to signify responses, Kasperak needed help breathing—a tube in his throat—because of lung disease.

"These many complications are severe but soluble as long as the heart function is good," said Dr. Norman E. Shumway, head of the Stanford Medical School team that made the transplant.

Small Units In Fierce Fights

SAIGON (AP) — Viet Cong guerrillas pounced on a platoon of about 40 U.S. infantrymen as they landed by chance Monday in a Communist bivouac area, triggering a 10-hour battle 15 miles south of Saigon.

In the third big clash within 25 miles of Saigon since Saturday, 17 Americans and at least 26 guerrillas were killed and 27 Americans wounded, the U.S. Command said. American infantrymen pursued the guerrillas today but reported no contact.

The American platoon suffered heavy casualties but managed to hold on until a company of reinforcements arrived by helicopter, a spokesman for the U.S. 9th Infantry Division said.

Enemy gunners shot down three helicopters as they swooped low to support the outnumbered infantrymen, but all of the choppers came down in secure areas and there were no casualties, the spokesman said. The battle broke out at 1:25 p.m. after helicopters landed the infantry platoon in a muddy marsh of the Saigon River delta. American commanders had not known it was the bivouac area of an estimated 400 guerrillas.

Struggling through knee-deep mud, the Americans formed a perimeter and laid down heavy fire as the enemy massed for an all-out assault.

More Cardinals Resigning Posts

VATICAN CITY (AP) — The Vatican today announced the resignation of two more cardinals from high posts in the central administration of the Roman Catholic Church.

Arcadio Cardinal Larraona of Spain stepped down as head of the Congregation of Rites, and Giacomo Cardinal Lercaro, the archbishop of Bologna, quit as president of the Special Liturgy Commission.

New 4-H Council Officers

PITT 4-H COUNTY COUNCIL OFFICERS — New leaders for 1968, installed last night at a meeting in the Tucker Building, are Linda Shearins, secretary-treasurer; Deborah Hines, reporter; Larry Bowling, vice-president; and Denise Grimsley, president. Miss Susan Manning was nominated to run for a district office in June. Miss Linda Humphrey, Pitt assistant home economics agent, presided as installation officer. Miss Humphrey announced a Junior Leaders Council meeting will be held Feb. 12 in the Tucker Bldg. and on Feb. 23, all longtime records are due. (Photo by S. L. Rowland)

Campaign Manager

RALEIGH (AP)—J. Melville Broughton Jr. today named Laurinburg attorney James W. Mason to manage his campaign for the Democratic nomination for governor.

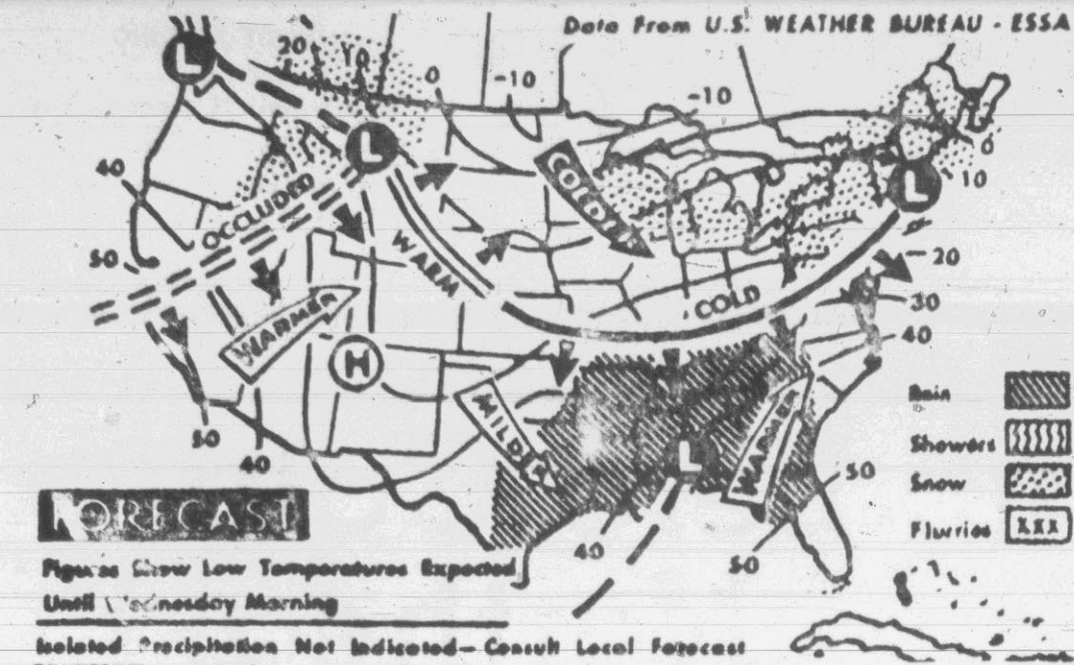

Broughton introduced Mason at a news conference in Raleigh as a "long time friend and colleague" and said the 51-year-old former state senator "is a man dedicated to sound and progressive government."

A native of Scotland County, Mason is a graduate of Wake Forest Law School and a senior partner in the law firm of Mason, Williams and Etheridge in Laurinburg.

North Carolina at Chapel Hill. Dudley Flood of Greenville, principal of Bethel Union School in Bethel, was appointed by the commission to the commissions' advisory board.

Recreation Director Alton Little, in his report of activities at the various areas for the month of December, noted that total attendance at Elm Street park for the month totaled 2,790 with an average daily attendance of 99; while at South Greenville a 4,042 total attendance figure was recorded giving an average daily attendance figure of 168.

Total attendance at the commission's Meadowbrook area (at the Meadowbrook public housing site) was 437 with an average daily attendance figure of 20.

WEATHER FORECAST — Snow is forecast Tuesday night for the Great Lakes, the Northeast and northern Rocky Mountain area. Rain is due in the southeastern section of the country. The northern third of the nation will continue in the grip of cold temperatures. A warming trend is expected over the southern sections of the country. (AP Wirephoto Map)

Housing Policy ...

(Continued From Page 1)
I will raise my voice for or against policies I feel are right or wrong. If we come to the fork of the road where my brother veers off from me, then he veers from me. It may be I cannot raise my voice but the phrase will not, you can forget."

Two attorneys appeared before the authority. Earl Whitfield, a Negro of Goldsboro and a member of Goldsboro's city council, represented Barnes. James E. Ferguson II of Charlotte, also Negro, represented the NAACP.

Ferguson won an agreement from Chairman James Sutton to question members of the body.

Whitfield maintained that Barnes' position as Kearney Park project manager was ended "through a plan or scheme to terminate Mr. Barnes' employment because he is a member of the Negro race."

He said due consideration was not given to Barnes' educational experience and other matters.

Dubber maintained that the position of project manager was eliminated and all projects are now managed through the central office. He reported that several people took over Barnes' former duties.

Dubber was questioned about the qualifications of C. C. Cash, who is white and now serves as maintenance supervisor for all the projects. The director said Cash has 14 years experience in maintenance of major appliances and is competent in all of the maintenance skills.

Dubber said it was his opinion that Barnes was not qualified for the position of maintenance supervisor.

Dubber and the attorney discussed differences in definition of education and schooling. Whitfield finally asked if Dubber knew that Cash had not completed high school.

Dubber said, "No. I do not

know."

Later Dubber explained that certain management positions have specified college degrees, but that this was not the case for the maintenance supervisor's position.

In answer to questions, the director said that of the four clerical positions within the Housing Authority two of the employees are white and two Negro; in management positions there are two white and one Negro and in supervisory positions there is one white and one Negro.

The authority directed that a formal written reply be forwarded to the NAACP in answer to the charges.

However, members decided to take no formal action on the Barnes case pending filing of briefs by the attorneys.

Dr. Best requested this because he said he felt it was "too important decisions to make now."

In closing Dubber told the group of about 30 people, "We have relatively many Negro employees here and we are very proud of them."

While "we do not notice their color they reflect beautifully upon their race," he said.

The Rev. Mr. Felder concluded that his group did feel that Negroes are not properly represented on the Redevelopment Commission and Housing Authority."

He said the authority should have Negro male members in supervisory capacities. The Rev. William Quick, chairman of the Good Neighbor Committee, also appeared before the authority.

Named President Of ABC-TV

NEW YORK (AP) — Elton H. Rule is the new president of the American Broadcasting Co. television network.

His appointment was approved Monday at a meeting of the board of directors of American Broadcasting Companies, Inc.

Plan Workshop On Linguistics

Dr. George L. White, Director of Professional Services for the School Department of Harcourt, Brace and World, will participate in a workshop on linguistics Wednesday at 4 p.m. in the old Austin Building on the East Carolina University campus.

Dr. White will speak on the methods of teaching poetry.

DR. GEORGE WHITE

The speaker received his Ph.D. degree in English from the University of Pennsylvania and has taught at Easington and Jefferson College in Pennsylvania and at Amherst in Massachusetts. He is the author of a number of articles and essays on literature, instructional materials and literary scholarship. All elementary teachers and English teachers are invited to attend the workshop.

APPOINTED

RALEIGH (AP) — The appointment of Mrs. James H. Semans of Durham to the North Carolina Art Museum Building Commission was announced Monday by Gov. Dan Moore.

Six Traffic Accidents For City Yesterday

Greenville police investigated six traffic collisions yesterday and reported that damage estimates in the half-dozen crashes total \$3,485.

Heaviest damage resulted from a 5:45 p.m. collision on U.S. 264 a quarter-mile west of the N.C. 32 intersection.

Drivers of the three vehicles involved in the collision were identified as Frederick William Richards, 64, of Crown Point Rd.; Margaret Holmes Haddock of 300 Dellwood Dr.; and Umesh Chandra Gulat, 34, of 1900 Charles St.

Police, who charged Richards with failing to see his intended movement could be made in safety, set damage to the Richards auto at \$450.

Damage to the Haddock vehicle was estimated at \$1,000 and damage to the Gulat vehicle was set at \$100.

Mrs. Haddock was reported injured in the crash.

Henry Hooks, 55-year-old Negro of Route 2, Vanceboro, was charged with failing to stop for a stop sign following investigation of a 10:05 a.m. collision at the intersection of Maple and Sixth Streets.

Investigators said the Hooks vehicle collided with a car driven by Jane Wright Blount, 28, of 214 North Eastern St. causing an estimated \$300 damage to the Blount auto and about \$400 damage to the Hooks car. A 6:45 p.m. Fourth and Jarvis Street intersection collision resulted in an estimated \$400 damage to a car driven by George Anthony Whitehurst, 16, of 1901 East Fourth St.

The Whitehurst car, officers reported, collided with a car operated by Lawrence Wesley Tracy, 58, of 800 West 14th St. causing an estimated \$65 damage to the Tracy auto.

Tracy was charged with failing to yield the right of way. Officers said an estimated \$90 damage resulted to each of two cars involved in a 4:30 p.m. collision at the intersection of Clairmont Circle and Montclair Drive.

Drivers involved in the collision are identified as Arthur Stuart Wayne, 48, of Greenville and Alton Vandiford Jr., 43, of 308 Clairmont Cir.

Vandiford was charged with operating left of center. Nelda Norris Joyner, 21, of Plymouth was charged by police with failing to see her intended movement could be made in safety following investigation of a 9:05 a.m. mishap at the intersection of Fourth and Jarvis Streets.

Investigators reported the Joyner auto collided with a car driven by George William Jordan, 62, of 313 West Second St. Damage was placed at \$300 to the Joyner auto and \$150 to the Jordan car.

Police also charged Daniel Gordon McCrary Jr., 19, of 111 Alexander Circ. with having improper brakes following investigation of a 12 p.m. collision on

Contanche Street, 500 feet north of the Seventh Street intersection.

Police identified the driver of the second vehicle involved as Rebecca Alice Aydtlett, 21, of Elizabeth City.

Damage to the Aydtlett car was set at \$200 while damage to the McCrary auto was estimated at \$100.

Teenage GOP Chapter May Meet Candidate

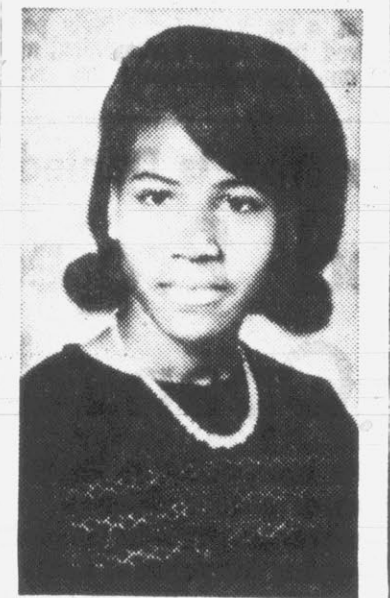

Members of the Rose High School Chapter of the Teenage Republicans were told last night they will have an opportunity to meet with Republican gubernatorial candidate Jim Gardner here Jan. 22.

Bart M. Reilly, sponsor of the Young Republicans at East Carolina University, spoke to the Rose High Teenage group last night and said Gardner will attend a Young Republican meeting at ECU in two weeks.

Reilly outlined plans for the coming elections and suggested ways to increase the interest of both high school and university students in the Republican party. He also discussed ways of informing the public of GOP candidates.

Student interest can be increased, Reilly told the group, by members acting proud when the subject of Republicans come up, and by defending the party instead of shunning away when the topic of conversation turns to politics.

Married

Mr. and Mrs. Jessie Saunders of Farmville announce the marriage of their daughter, Cynthia Lorraine Best, to Eddie Lee Warren II, son of Mr. and Mrs. Eddie Lee Warren Sr. of Farmville, on Saturday, Jan. 6.

Plan Sunday School Course

A community wide Sunday School workers' training course will be conducted at the Trinity Free Will Baptist Church beginning Monday evening, Jan. 13.

The subject of the course will be "Teaching Techniques." Classes will meet at 7:30 each evening Monday through Friday of this week.

Two 45 minute class sessions will be held each evening divided by a 20 minute filmstrip in which one of the Sunday School Departments will be explored.

The course will be taught by the Rev. Harold D. Harrison of Nashville, Tenn. Rev. Harrison is the promotional secretary for the Sunday School Department of the National Association of Free Will Baptists. He has pastored churches in Tennessee and Florida. He has had an extensive teaching ministry in churches from Florida to Washington.

The subject matter is not of a doctrinal nature and will be helpful to every Christian worker in the local church. Teachers and workers from other denominations have a cordial invitation to attend this Sunday School institute. Rev. Robert Crawford, host pastor, encourages community-wide support for this endeavor.

Special Fishing Permits Needed On All Game Lands

All persons fishing on game lands are required to purchase special fishing permits under the 1968 fishing regulations, according to Wildlife Protector R. S. Wright of Greenville.

Wright said that in western game lands where mountain trout fishing is available, anglers must have either a daily permit costing \$1.65 or a \$15.25 season permit. The daily permit applies only to western game lands, he explained, while the season permit is valid on any game land in the state.

A season permit costing \$3.25 is required for fishing on central and eastern game lands, with no daily permit available. These permits are valid only in central and eastern areas.

The \$3.25 permit would apply to the Goose Creek Refuge in

Pamlico County for fishing in the waterfowl impoundment area, Wright explained.

Wright emphasized that in addition to the special game land permits, all persons 16 years old or older must have a valid fishing license even though they fish in their county of residence with natural bait.

Anglers must obtain fishing permits from license dealers in the vicinity of the game lands.

Miss Ann Pollard Weds On Sunday Afternoon

The Jarvis Memorial Methodist Church was the setting of a formal candlelight ceremony on Sunday at 3 o'clock, when Miss Ann Davis Pollard, daughter of Mrs. William Ray Pollard and the late Mr. Pollard, became the bride of William Morgan Whitehurst, son of Mr. and Mrs. Sam Clayton Whitehurst of Bethel.

Dr. Joyce Early, pastor of the church, officiated at the double ring ceremony. Preceding the ceremony, Mrs. Paul A. Toll presented a program of organ music. Mrs. Tom Andrews of Bethel, soloist, sang "O Lord Most Holy," and "The Wedding Prayer" was used as the benediction.

On the altar were arrangements of white mums and gladioli. In the background were semi-circle fifteen branched candelabra, garland with greenery and tall standards of woodwardia fern. Preceding to the

altar were pyramidal nine branched candelabra with bouquets of white mums and woodwardia ferns. At the altar was a prie dieu decorated with white mums and white satin bows. Pews were marked with white satin bows and greenery.

The bride entered the church with her uncle, J. Alvin Bunting, who gave her in marriage. Her wedding gown was of white satin accented with small bows at the high waistline and on the long sleeves. The cowl neckline was enhanced with a pink collar that draped into a square low back fastened with a satin bow and a detachable full chapel train.

She wore a white mink crown edged with pearls and brilliants attached to a bouffant silk illusion veil flowing cathedral length. She carried a formal cascade bouquet of white gardenias with trailing white tied

with loops of moss green velvet and improved smilax.

Mrs. A. M. Davis III was matron of honor. She wore a formal gown of red velvet, empire style using a white fur pillbox with veil and carried a white muf with an American beauty princess camellia rose nestled on the muf, and short American beauty streamers.

Attending as bridesmaids were Mrs. Jack Rollins of Greenville, Mrs. Bobby Eason of LaGrange, Mrs. Michael Miller of Newport News, Va., Mrs. Earl Roycroft of Durham and Miss Libby Skinner of Charlotte.

Their dresses were identical in style and color and they carried flowers designed like that of the honor attendant.

Miss Lou Ann Keel, daughter of Mr. and Mrs. Sam Keel, was flower girl. She carried a white basket filled with white petals.

The best man was Dr. Dan Jordan of Bethel. Ushers were J. R. Bunting, Jack Wynne III, Sam Keel, and Ramon Latham, all of Bethel. Michael House of Greenville and Thurman Hill Jr., of Rose Hill.

Mrs. Pollard, mother of the bride, chose for her daughter's wedding an ice blue dress with coat trimmed in sequins and matching accessories. Mrs. Whitehurst, the bridegroom's mother, wore a moss green dress with coat and matching accessories. Both mothers wore white orchids.

Mrs. Whitehurst is a graduate of J. H. Rose High School, Greenville, and King's Business College, Charlotte. She is presently employed by the Wachovia Bank and Trust Co., Greenville.

Mr. Whitehurst is a graduate of Bethel High School and the University of N. C. at Raleigh. He is self-employed in farming.

For a wedding trip to announced points, the bride changed to a light weight yellow wool dress with coat to match and black accessories.

Reception

Immediately following the wedding, a reception was given in the church parlor by Mrs. Bill Pollard, mother of the bride.

Guests were greeted by Mr. and Mrs. Sam Keel and introduced to the receiving line by Mrs. Don Carson Sr.

The parlor was decorated in green and white with a touch of garnet and improved smilax. The table was covered with an embroidered and lace cloth centered with silver candelabra with white and garnet roses with tracteries of improved smilax and old-fashioned nosegays.

Presiding at the punch bowl was Mrs. Robert J. Whitehurst. Mrs. Christine Bennett served the cake and Mrs. H. V. Staton registered the guests. Goodbyes were said to Mr. and Mrs. Norman H. Pollard.

Following the reception, Mrs. Bill Pollard, mother of the bride, entertained at a buffet supper at her home for the bride and groom and her attendants and close relatives.

Wedding Breakfast
On Sunday morning at 11 o'clock, Mrs. Don Carson Sr., Mrs. Gordon Bennett and Mrs. H. V. Staton, aunts of the bride, entertained at the Candlewick Inn honoring the Whitehurst-Pollard wedding party and families of the couple at a wedding breakfast.

After-Rehearsal Party
Miss Ann Pollard and Bill Whitehurst were honored at an after-rehearsal party Saturday night in the Woman's Club. Host and hostesses for the occasion were Mrs. H. V. Staton, Miss Eleanor Ward Staton, Mr. and Mrs. Robert Weeks of Bethel, and Mr. and Mrs. "Chell" E. White Jr. of Gree.

The bride was presented a corsage of white mums. The hall was decorated with arrangements using the color scheme of red, white and green.

Guests were greeted by Mr. and Mrs. Weeks and directed to the banquet hall. The appointed table, covered with a white cloth applied with sequin wedding bells was centered with an arrangement of red carnations and white candles.

Mrs. W. R. Pollard, mother of the bride, served bridal cakes, and Mrs. S. C. Whitehurst, mother of the bridegroom, poured punch.

The bridal couple was remembered with a gift of silver from the host and hostesses. Goodbyes were said by Mr. and Mrs. White.

The Movie 'Feeble Women' Pure Fiction Says 94-Year-Old

PARIS (WNS)—Emilie Barnley dean of Paris concierges, celebrated her 94th birthday by hanging new curtains in her own apartment in addition to delivering mail, cleaning the halls and stairs, and putting out the trash barrels for the building at 20 Rue de la Tremouille that she has been tending since 1905. She never takes vacations and has not even seen the Seine River nor the center of the city since Paris's Universal Exposition in 1937. "Vo-yages fatigue me," she explained.

Mme. Barnley has gone to the movies only once in her lifetime. "The name of the picture was 'Feeble Women,'" she recalled. "I enjoyed it but, as you can tell from the title, it was pure fiction."

For a lunch salad, toss greens with French dressing, hard-boiled eggs and anchovy fillets. Cut each anchovy into about four pieces before adding to the salad.

It's Bad Manners To House Clean When Baby Sitting

By ABIGAIL VAN BUREN

DEAR ABBY: When my mother-in-law baby sits with my children, I always find later that she has done some "house-cleaning." Scrubbing the kitchen and bathroom floors, cleaning out cupboards and closets, or something of that nature.

The problem is, my husband and I take different views on how I should react to this. Regardless of how good her intention may be, I am irritated and resentful because I think she is trying to tell me that I am not a very good housekeeper.

Abby, I may not be the world's greatest, but believe me, I am clean and neat, and nobody has to help me.

Now, whenever I know that she is coming to baby sit, I feel compelled to clean extensively before she arrives. And even then, she always finds some "work" to do.

My husband says that I am wrong—that anyone else would be delighted to have such a mother-in-law. I know I can't change her, but I would like your point of view.

IRRITATED

DEAR IRRITATED: It is bad manners to "house clean" another's home under these circumstances. You may not be able to "change" his mother, but either you, or your husband, could ask her to change her ways in this regard.

DEAR ABBY: I have been married for exactly one month. The other night I discovered that my wife uses MAYONNAISE on her hair before she goes to bed. She has the preposterous idea that it makes her hair grow faster. She claims that lots of women use it.

I have never heard of this before, have you? I would like to find out if what she says is true, as I don't care to smell mayonnaise all night.

NEW HUSBAND

DEAR NEW: I am informed by my hair-raising experts that mayonnaise contains a protein property which is beneficial to the hair. But there are hair conditioners on the market which are more effective, and smell better. Tell your wife that when you got to bed with a tomato you prefer to do without the mayonnaise.

DEAR ABBY: My heart went out to that mother who wrote to

say that her husband's constant criticism of their two small boys at the dinner table upset her so terribly they could scarcely eat, and often left the table in tears.

My husband was a fine man in many ways, but he too insisted upon making the dinner hour the time for criticizing our son. Today, at the age of 20, our son is suffering from stomach ulcers—probably from long years of bickering at the dinner table.

He is a fine young man, and he and his Dad really love each other. I realize that my husband was only trying to teach the boy, but how much better it would have been had he chosen another time.

I hope that mother can persuade her husband to keep meal time a pleasant, relaxing occasion, and to save his criticism for later.

New Year's Program Given Service League

A special program was given by Mrs. Bill Watson at the Service League's meeting held yesterday at Elm Street Park.

Mrs. Watson gave thoughts pertaining to New Year's taken from Ben Franklin's "Poor Richard's Almanac." This book was written in 1733 and was published each year for 25 years thereafter.

Mrs. J. Knott Proctor Jr., president, called on the committee chairmen for their reports. Mrs. Jerry Sutherland, Lending chest head, announced that she had answered two calls, one for a walker and another for a pair of crutches. She expressed appreciation of Mr. Ernell Webb for a donation of a walker.

Finance chairman, Mrs. Ray Minges, reported one cookbook had been sold during the month of December. Mrs. Watson answered four calls for Emergency Chairity and announced

that 23 Christmas baskets had been delivered to needy families.

"On Dec. 7 at Du Pont in Kinston, 32 Bloodmobile volunteers worked 224 hours and collected 263 pints of blood," stated Mrs. Charles Pope. "The Bloodmobile will return on Feb. 13 at the Moose Lodge from 11 a.m. to 5 p.m.," she continued.

Reporting for Hospital Activities, Mrs. Cecil Bilbro said 13 arrangements had been placed in the lobbies, 170 tray favors had been made, the Christmas tree had been decorated, a wreath was placed on each door, and a poinsettia had been taken to the nurse's home. Mrs. John Shannonhouse read the schedule for the spring term at the Coffee Shop.

In conclusion, Mrs. Tom Haigwood secured workers to staff a charity Ball workshop to be held at 10:00 a.m. on Monday, Jan. 15, at her home.

PERSONAL

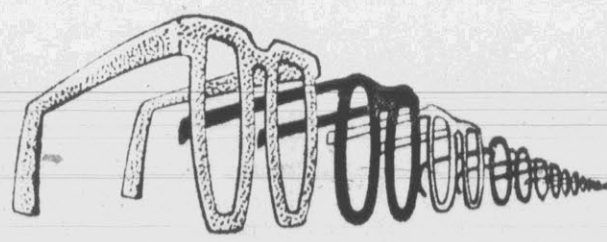

Miss Bonnie Brown of Ayden, Mrs. G. W. Jordan and Tommy Jordan of Greenville spent the weekend in Norfolk, Va., visiting Mr. and Mrs. Cedric Johnson and family.

Marriages Announced

Joseph Keel of Greenville announces the marriage of his daughter, Carolyn, to Milton Frizzell, son of Mr. and Mrs. Jack Frizzell of Farmville. The wedding took place Dec. 29, in Wilson.

Mr. and Mrs. W. J. McKeel of Bethel announce the marriage of their daughter, Brenda Gayle, to William Wade Warren, son of Mr. and Mrs. Robert Lee Everett of Robersonville, on Dec. 26. The ceremony took place at the home of the bride's parents.

Training School Held Last Week For Leaders

A citizenship and international leaders training school for Extension Homemakers Clubs was conducted last Thursday morning.

Mrs. Karl Hardee, county citizenship leader, gave the citizenship program of work for 1968.

Mrs. Bill Goin, county international leader, gave the suggested calendar of work for 1968 and 1969.

"Better Living Through International Understanding" is the theme for the next two years.

A Swedish Darning workshop for Greenville homemakers will be conducted Thursday morning by Mrs. Mavis Johnson associate home economics agent.

According to Mrs. Johnson, workshops will be set up for interested persons throughout the remainder of this month and next month. Interested persons are asked to telephone the home economics office for further information.

Miss Linda Humphrey, assistant home economics agent, will conduct a clothing training school for leaders on Jan. 23. A commercial home economist from Charlotte will conduct demonstrations on "Using The Blender" on Jan. 30. The times for the demonstration are 10 a.m. and 2:30 p.m. at the Agricultural Extension Service auditorium and will be open to interested persons.

on Farmville Hwy. Telephone 752-2969 or 752-2811

THURSDAY

9:30 a.m.—Ladies Day at Brook Valley Country Club. For bridge reservations call Mrs. Frank D. Layne, 756-1500, or Mrs. Doris Harbin, 752-7515

Scranton Woman Better Next Day... Pain Of Piles Relieved

Treatment Promptly Relieves Pain, Itching In Most Cases

Scranton, Pa. Mrs. J. Stranieri, Jr. of this city writes: "When I had our son, I got hemorrhoids and how painful. My husband bought Preparation H for me. The next day, I was much better—just after using it once."

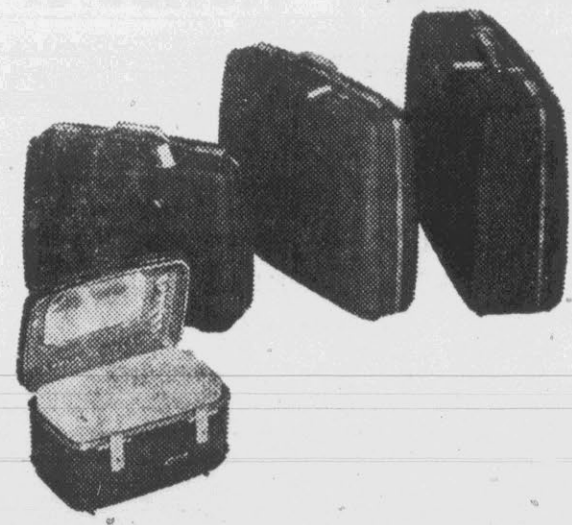

(Note: Doctors have proved in most cases—Preparation H® actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced. There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. (in ointment or suppository form.)

'Quiet Political Year' Idea Faded

A few months ago it appeared that 1968 might be one of those rare, quiet political years in North Carolina with few races of state-wide interest and relatively little of the political fever.

In recent weeks that picture has changed rapidly and 1968 now is taking shape as one of the most active political years in a good while in North Carolina.

It was not long ago that there was wide speculation that Lt. Gov. Robert Scott might have a clear shot at the Democratic gubernatorial nomination with only token opposition. That changed with the announcement of Mel Broughton that he would seek the nomination, and Broughton's campaign has gained significant momentum in the weeks since his official announcement.

Then too, the first race in years for the Republican gubernatorial nomination brings a confrontation between Congressman Jim Gardner of Rocky Mount, a bright young star in the Republican party, and Jack Stickley, highly regarded Charlotte businessman who is said to have the backing of established forces within the Republican party.

Terry Watches Public Reaction

By WILLIAM A. SHIRES
Reflector Raleigh Bureau

RALEIGH — That festive board of roast beef, salad, rolls, vegetables and lime sherbet spread by Terry Sanford at lunch for fifty newsmen was really a sound ing board for the former governor's uncoiled U. S. Senate aspirations.

The idea plainly was twofold — to place Sanford in the public eye and gauge reaction about his possible candidacy. The feedback from what is written about Sanford's frank, open, entirely on-the-record after lunch remarks almost certainly will weigh heavily on his decision whether to run this year or wait.

WILLIAM A. SHIRES

In substance, Sanford had little new to say about his U.S. Senate plans. But he said it to a far greater number and wider group of news reporters, editors and executives with full expectation that its sum and substance would receive maximum coverage and publicity.

Advisory Committee

The most newsworthy spot development was Sanford's disclosure of an informal advisory "task force" set up to help him decide whether 1968 is the proper time for him to go against veteran incumbent Sen. Sam J. Ervin Jr.

This too will serve a double purpose, being designed both to offer advice and counsel and to reduce the element of factionalism among Democrats if Sanford chooses to run.

He conceded factionalism would be a factor but contended that "there aren't any hard and fast factions" in the state party — rather differences of

opinion which "is one of the strengths" of the party.

Cuts Across Lines

To cut across factional lines and get a more objective, cross-section view Sanford said those he had asked to set themselves up as a task force were people who had supported each of the Democratic candidates for governor in 1964 along with a number of young people representing youthful voters and college students.

Its members — Mrs. Ma B. Campbell of Waynesville, a former Sanford appointee on the State Board of Conservation and Development, who was active for Gov. Dan Moore; former Sanford highway commissioner Clint Newton of Shelby who supported L. Richardson Preyer; district solicitor Archie Taylor of Lillington, a stalwart for Dr. I. Beverly Lake; Tom Covington of Davidson College; Tom Gilmore of Julian, a former state YDC president, and Sonny McLawhorn of East Carolina University.

These people, all friendly to Sanford and with some degree of political allegiance to him, have agreed to advise about whether they feel the present incumbent, Ervin, can be defeated.

Difficult Decision

The final decision, Sanford said, will be his to make "after getting the best advice I can." Another poll on the question of an Ervin-Sanford contest will be taken in the next week or 10 days and Sanford feels this also will be helpful in making up his mind.

"I would like to represent North Carolina in the U. S. Senate," Sanford said. But he recognizes that running against an incumbent, a man established in the office, widely known, is "a much more difficult ball game" than a campaign for an office which is open.

And, he added, it makes a decision much more difficult to reach. Because of this, Sanford has been very careful and cautious. If, he said, "I decide this is not my time, I'll get out of the way. If I come around the curve and see the

(Continued On Page 5)

Unless something changes, there will be two pitched battles for the gubernatorial nomination in the May primaries rather than the usual one. After that, regardless of which of the candidates is chosen to represent the respective parties, there is certain to be a hard-fought campaign leading to the general election in November.

Still in the speculation stage is the question of whether former Governor Terry Sanford will seek the Senate seat now held by Sen. Sam J. Ervin, Jr. Gov. Sanford has said he wants to run for the Senate and although he has made no official announcement, he is openly acting more and more like a candidate with each passing day. Things have developed to the point where many people will now be surprised if Sanford does not make the race.

Following the same pattern, there are expected to be several serious attempts made to unseat several officials who now hold posts in the Council of State. It is a foregone conclusion that Sen. Robert Morgan of Lillington will challenge Attorney-General Wade Bruton for that post. A campaign is already assured for the Democratic nomination for the Commissioner of Insurance, and others appear to be in the making.

Aside from the local political contests — and there are sure to be an abundance of those across the state — 1968 is shaping up as one of the busiest political years for North Carolinians.

Romney Begins 'Real Season'

By HARRY KELLY

WASHINGTON (AP)—"This is the end of the Grapefruit League. The real season is just starting."

Thus George Romney shrugged off the past months in the pre-season race for the Republican presidential pennant and reached for a heavier bat to try to knock Richard M. Nixon out of the park in New Hampshire.

The Grapefruit League, for non-sports fans, is the spring training competition between major league baseball teams before the official, money-on-the-line season opens.

It can be a fantasy time. Burned-out pitchers find their fast ball again — for a couple of weeks. Batters who can't hit their hat wallop dents in the fences. Losers cavort like winners, and winners look like losers.

And George Romney, whose grapefruit season seemed a bit of a lemon, would not mind seeing Richard Nixon give a sore-arm performance in New Hampshire and be forced to take an early shower. The odds are thin indeed, however.

A Romney aide acknowledged the Michigan governor has — in the past seven months of sometimes intense activity — fallen farther behind Nixon. "There was a poll taken that showed Romney in a more unfavorable position than a poll taken in June," the aide said. "But it was more a matter of a Nixon gain than a Romney drop."

Reportedly, the private poll shows Nixon approaching a 3 to 1 edge, making gains in the ranks of the undecided.

Romney acknowledges he is an underdog. But he contends the position has an advantage — that he isn't expected.

Strength For Today

By EARL L. DOUGLASS
A ROSE-BED

Man is something more than a creature. He was made in the image of God and unless he retains that spiritual side of his nature, he becomes something less than a man.

A friend of mine planted roses on either side of a garden path. But the roses failed to flourish as the gardener had hoped. At first he wondered if perhaps the light was not enough. But he counted the hours of sunshine that fell upon the bed and he found that the light was sufficient. So he consulted a specialist in roses to ask for his advice.

And this was the answer which the expert gave. "Your roses have sufficient sunlight. But do you see those trees over there? The roots of the trees reach into this rose-bed and are taking away the nourishment which your roses need."

This is what so often happens to us in this world of ours. We have plenty of light from God. But many other things — worthwhile things, to be sure, though not the best — send their roots into our lives and use up all the nourishment which we need for spiritual strength.

If we are to develop into something better than a mere creature, let us beware lest secular interests overshadow Him who is the Light of the World or prevent the nourishment of our souls from Tim Who is the Bread of Life.

to win in New Hampshire so a loss won't be devastating and that the only direction he can go is up.

But there is another direction: down and out. Many feel that will be the only direction left to the jut-jawed Michigan governor if he is clobbered by Nixon in New Hampshire March 12.

Both Romney and Nixon strategists see New Hampshire made to order for the Michigan governor's pavement-pounding, face-to-face campaigning.

"Romney is one of the most

Fifth District Dentists Hold Conference Here On Monday, Jan. 16

Members of the Fifth District Dental Society of North Carolina will meet here at the East Carolina Teachers College, Monday, Jan. 16th, according to announcements mailed out today by Dr. Paul E. Jones, of Farmville, secretary-treasurer. "This will be one of the most important conferences held by the society in several months," Dr. Jones said, "and many prominent members of the dental and medical professions will be in attendance." The president is Dr. Clyde E. Minges of Rocky Mount. . .

"Opening services at the new Presbyterian church last night were very inspiring," declared Rev. H. F. Jones this morning. "The Presbyterians actually have something to be proud of in completion of this new edifice. In my opinion the structure is one of the most imposing in this part of the state and should serve the congregation for sometime to come. It was appropriate that other churches united in the opening of the new church last night. It went to show that they are intensely interested in what their neighbors are doing and are always ready to help them out. May the services of the men who made the new building possible inspire the congregation to attempt greater and nobler things in the days and years to come."

(From ABOUT TOWN)

Grimesland, Jan. 7 — Miss Alice Mae Elks delightedly entertained a number of her friends at her home Wednesday night. . . Five tables were arranged for bridge and two for rook. . . The guests were invited into the dining room where Eskimo pies and cake were served. . . The scores were counted and the hostess honored Miss Reba Lee Elks with a deck of playing cards. . . Those who were present were Misses Virginia Jones, Elizabeth Moore, Helen Elks, Rosland Proctor, Gladys Elks, Mary Lee Elks, Julia Williams, Reba Lee Elks, and Mildred Galloway, Madames Edward Elks, Clifton Godley, Clarence Elks, David Proctor, Francis Proctor, Dewey Elks, Lloyd Whitchard, Madison Galloway, Edmie M. Sawyer and William E. Wilson.

"Now—If I Can Just Hold Out—The Flood Should Recede"

By JAMES KILPATRICK

Items Of Internal Law

Now and then a fateful little sentence comes on tiptoe through the news softly, making no rustle and the hair on the back of your neck goes prickly — prackle. The superstition used to be that a rabbit was crossing your grave. Just such a sentence crept into President Johnson's message on the international balance of payments.

"More than ever before," said the President, "this is one world — in economic affairs as in every other way." Probably the reference to "one world" was no more than passing rhetoric, mere bunting to dress up a speech, for the rest of the President's message was surely nationalistic. Yet one wonders. Back in the fall, Mr. Johnson asked for Senate ratification of two more of those giddy United Nations conventions, a

Wisconsin's Senator William Proxmire has said that willy-nilly he will see to it that the Senate has a chance in 1968 to vote them up or down.

One hates to sound darkly suspicious, but when the President of the United States asserts that ours is "one world in every way," it is time to hook the shutters and check the locks on the doors. Mr. Johnson's mind has a sort of beltway breadth; he travels on two or three lanes at once. When he asks approval of these UN conventions, he is asking nothing less than an annex to the Constitution, for treaties, once ratified, become part of the supreme law of the land.

It may not be amiss, therefore, to take a fresh look at these instruments of international law. The first of them,

adopted by the UN General Assembly in 1952, is a convention intended to insure "the political rights of women." In substance, it binds the ratifying nations to agree that women shall have the right to vote and to hold office in their countries on equal terms with men.

The second, adopted by the International Labor Organization in 1957, is a pact on "the abolition of forced labor." It would bind the signatories to suppress, and not to use, forced labor as punishment for the expression of political views, for economic development, as punishment for participation in a strike, or as a means of racial or religious discrimination.

At the last count, 53 nations had ratified the convention on women's rights and 78 had ratified the convention on forced labor. On their face, the two treaties seem innocuous. Senator Proxmire, who made 175 speeches last year in favor of ratification, says they embody no more than already is embodied in the Constitution and laws of the United States. If formal Senate approval would gain us some Brownie points in international good will, why not vote the treaties into law?

The solid reasons for opposing these two conventions — and others that may come after — were spelled out in September by Eberhard P. Deutsch, of New Orleans, in a brilliant presentation to the Senate Foreign Relations Committee. Deutsch is chairman of the American Bar Association's standing committee on such instruments. What he said, in essence, is that treaties among nations should deal solely with relations among nations; they ought never to deal with matters of internal law.

The political rights of women in, say, Switzerland, Sweden or Peru simply are no

(Continued on Page 5)

Current Level Budget

By ROWLAND EVANS and ROBERT NOVAK

WASHINGTON — Top-secret budget discussions at President Johnson's LBJ ranch have reached a hard point of decision dismaying to top officials running the big domestic welfare programs.

The decision is that, because of rising war costs and the power of the Congressional economy bloc, the new welfare budget for the year ending June 30, 1969 — such programs as education, health and poverty — must be held to "current levels."

But to offset obvious political dangers of holding down domestic spending in an election year, the President will unveil new domestic programs in his budget and State of the Union messages geared to the 1970s.

Thus, the LBJ 1968 program will be on two levels — one covering the immediate year ahead, the other looking to a second Johnson administration with new programs outlined and promises made.

Even with existing programs the fiscal year 1969 budget will show some slight increases based on population growth. Nor do top officials overlook the possibility that the President is now engaging in one of his favorite games: putting out somewhat misleading budget information which is contradicted as the year progresses. But this is regarded as unlikely this year. If Mr. Johnson asks Congress to make large increases in existing domestic programs, he risks losing the most important bill on the 1969 agenda: the 10 percent tax surcharge.

Minnesota Twins

California Democrats loyal to the Johnson-Humphrey ticket are miffed at state party chairman Charles Warren for scheduling Vice President Humphrey and Senator Eugene McCarthy on successive days at a party rally next weekend.

Humphrey's office is less than ecstatic about being on the same program with McCarthy. But the way Warren handled it, Humphrey didn't have much choice.

The Vice President some time ago accepted an invitation to address a state party conference (expected to be attended by some 1,000 Democrats) at Fresno, Calif., the morning of Jan. 13. But a few weeks ago, Warren was asked by McCarthy if he also could address the meeting. Warren, trying to steer a tricky middle course between anti-LBJ and pro-LBJ factions in California, scheduled McCarthy for Jan. 14.

Warren next notified Humphrey's office in Washington, recommending that the Vice President attend anyway. The Vice President really confronted a take it or leave it proposition. His political aides had to go along with an arrangement that they never would have accepted originally.

Efforts are now being made to postpone McCarthy's speech at Fresno next Sunday until most delegates have returned home, so that he will address only the state Democratic executive committee — 100 instead of 1,000 persons. It is doubtful, however, that his supporters ever will agree to this.

A footnote: California loyalists, gloomy a month ago about chances of state Attorney General Thomas Lynch (a stand-in for President Johnson) beating McCarthy in the June 4 primary, are

Impact Of Defending The Dollar

By ELMER ROESSNER

The effects of President Johnson's program to defend the dollar will be myriad. A month from today we'll still be discovering consequences. Six months from now a plant in Singapore or a hotel in Nice will shut down because they can't get a fresh infusion of American money.

Some immediate results of the Johnson program will be: There will be a sharp cut-back of American movie-making abroad, since it involves capital outlays. While the movie companies have larger amounts of foreign currency derived from foreign earnings, and they can pay technicians with those accumulations, the stars don't want pounds, liras and pesetas. They want dollars.

Foreign travel won't be reduced immediately. In fact, it

is likely to increase as many Americans rush to travel before new restrictions are applied. However, when Congress enacts restrictions — perhaps exit fees, taxes on tickets and a per diem tax on foreign travel — travel abroad

ELMER ROESSNER

will be sharply reduced. When that happens, there will be an enormous travel boom in the United States, Canada and the rest of the hemisphere, with new hotels and resorts all over the landscape.

Fewer Jobs Exported

The export of jobs, the practice of having components and complete assemblies made abroad with cheap labor, will be diminished. Most of these operations require investment of American capital in plants and facilities, which will be sharply curbed. Companies that have work done in low-wage areas abroad reduce potential employment in the United States and increase actual employment abroad. Thus American jobs have been exported to Japan, Hong Kong, Taiwan, Malaysia, Singapore and Thailand. Recently there has been a rise in job exports to Mexican border cities and plans have been made to export work to Indonesia.

Because of higher labor costs, prices will rise on products formerly assembled in cheap-labor areas.

This will be followed by de-

mands for the importation of foreign workers, for semi-skilled factory work as well as farm labor. Unions, however, will continue to block this.

LBJ's efforts to increase sales of American goods abroad will probably fail. In fact, exports may shrink. Without an inflow of U. S. investment and travel dollars, foreign nations will have fewer dollars to spend on American goods.

Fewer Visitors Here

The campaign to increase tourism in the U. S. will also fail for the same reason: Foreigners will have fewer dollars to spend here.

On the other hand, the drive to increase foreign investments in the U. S. will have some success. With a stronger dollar and current high interest rates, foreign holders of dollars will be more eager to invest in America.

ROCKET POWER — Vietnamese gather about a collection of Chinese-made rockets and other weapons captured from Viet Cong forces last week near Dinn Tuong, 60 miles south of Saigon. In all, 200 B-40 rockets which have a range of more than 400 yards, were taken by government soldiers. The missiles are fired from a device much like the U. S. Bazooka. (AP Wirephoto)

Congress Left A Way To Vote Itself Pay Increases

By ROBERT T. GRAY
Associated Press Writer

WASHINGTON (AP) — Members of Congress have set themselves up for possible pay raises every four years without the public relations problems that could be involved if they actually voted themselves more money.

Formal recommendations on whether there should be an increase—and how much—will be primarily the responsibility of a

special commission and the President.

While the President would forward final recommendations to Congress, members would not have to stand up and be counted on whether they should be put into effect.

Their salary level of \$30,000 a year, would go automatically to the recommended figure in 30 days if Congress did not vote to reject or reduce it.

The nine-member commission will be appointed this July by the President, vice president, House speaker and chief justice. Its proposals must be in the President's hands by the end of 1969 and they will be submitted to Congress with the presidential budget message early in 1970. The procedure will be repeated every four years.

Along with recommendations for congressional salaries, the commission will propose pay scales for top-level members of the executive branch, including Cabinet officers, and for the federal judiciary.

The salary panel was created after a sharp House-Senate conflict, in a catch-all bill that, among other things, raised postal rates, boosted federal salaries and barred nepotism in congressional and other federal offices.

The House was all for the salary commission. The Senate Post Office and Civil Service Committee was dead set against it.

Senators contended congressmen should be willing to justify and take full responsibility for raising their salaries. Turning the job over to outsiders, they said, was taking the easy way out.

The Senators finally yielded in a conference to resolve differences on the two bills.

Agreeing to the commission was the price they paid for acceptance of their proposal to raise third-class mail rates to higher levels than those approved by the House.

The Senate—a smaller body with a greater percentage of members with sizable private incomes—was not as concerned as the House over the salary issue.

Sees 'Excellent' Chance For GOP

CHAPEL HILL, N. C. (AP)—A state Republican leader says the GOP has "an excellent chance" of winning both the gubernatorial and presidential races in North Carolina and of electing six or seven congressmen from the state.

Gene Anderson, executive secretary of the North Carolina Republican party, also said in an interview over University of North Carolina educational television Monday that former Vice President Richard M. Nixon is "probably" the leading presidential candidate among North Carolina Republicans.

Anderson said he regards the Republican gubernatorial primary between Rep. Jim Gardner, R-N.C., and John Stickley of Charlotte as "very good" for the Republican party. He said, "It represents a coming of age for Republicans in North Carolina."

A newsman asked Anderson if any attempt is being made by the Republicans to gain the Negro vote.

We try to let them know we would like their vote," he said, "but we do not temper our campaign in the direction of any one man."

Anderson also expressed the opinion that if a Negro were to run for governor as a member of a third party in the general election he would probably "help the Republicans and hurt the Democrats."

Repays \$6,360 To County Fund

RALEIGH (AP)—Wake County Treasurer E. Lee Murray has repaid \$6,360.48 for "unexplained disbursements" made while he was Franklin County accountant but has denied any responsibility for them.

It was learned Monday that Murray sent a check to the Franklin County commissioners along with a letter which said: "This difference is disputed and I deny any personal responsibility for it. However, the affairs of this office were my responsibility during the period covered by the audit."

Murray, former president of the N. C. Association of County accountants, wrote that he expected to be refunded "if in the future it should be found that a difference existed."

E. M. Sykes, former chairman of the Franklin County commissioners, said last October that an audit had revealed "unexplained disbursements" during part of the time in which Murray was county accountant.

Skeptical Over Excuse For Gun

MEMPHIS, Tenn. (AP) — Jail Matron Margaret Hogue was a little skeptical about the excuse offered when a woman visitor was found carrying a gun inside Shelby County Jail.

The woman, visiting her husband, said she had hidden the .38-caliber pistol the night before and had forgotten about it. The pistol was tucked inside her bra.

Choose Slacks For The Cold

READING, Mass. (AP) — Winter's chill may change schoolgirl fashions here from miniskirts to slacks.

School Supt. Robert F. Wells, the School Committee and school principals agreed Monday night to permit girls to wear slacks to school for the duration of the extreme cold.

More Security With FALSE TEETH At Any Time

Don't live in fear of false teeth loosening, wobbling or dropping just at the wrong time. For more security and more comfort, just sprinkle a little FASTEETH on your plates. FASTEETH holds false teeth firmer. Makes eating easier. No nasty, gooey taste. Helps check "denture breath". Dentures that fit are essential to health. See your dentist regularly. Get FASTEETH at all drug counters.

'Like Christmas' At The Postal Windows

NEW YORK (AP) — Queues formed at post offices Monday as Americans adjusted to higher postal rates.

The lines at postal windows were made up mostly of those wanting to buy penny stamps or those costing 6 or 10 cents. The confusion mostly involved letter-writers trying to blend stamps already on hand into the new rates which became effective at midnight Saturday night.

At Waterbury, Conn., one letter turned up in the post office bearing a nickel stamp with a penny taped on the envelope next to it. Michael Nolan, foreman of mail, said:

"It could be sent back as illegal, but we'll give the sender the benefit of the doubt this time. I'll just go upstairs and buy a one-cent stamp with the penny."

A flurry of heavy mailing preceded the Saturday night deadline when first-class rates went up from 5 to 6 cents for a letter, 8 to 10 cents for airmail and 4 to 5 cents for a postal card.

Third class bulk mail went up from 2½ cents a piece to 3.6 cents. In Buffalo, N.Y., 600,000 letters were dumped through the slots—400,000 more than the usual Saturday collection.

A spokesman for New York's Manhattan postoffice said 3.5 million pieces of mail—seven times as many as usual—were deposited on Saturday. The crush included not only first class letters but a heavy influx of third class bulk mail, mainly advertising circulars.

Los Angeles had 5.1 million pieces of first class mail on Friday, compared with the average 4 million, and 1.5 million on Saturday, when the normal take is 1 million.

The post office at Neosho, Mo., sold out its one-centers and had to borrow 20,000 from neighboring Joplin.

Clerks were put on overtime to handle the six-center rush at Cincinnati's main post office. Harry Weingarten, assistant superintendent, said he had laid in a supply of 250,000 and was hoping the customers ran out of enthusiasm before he ran out of stamps.

Postmaster Joseph Benucci of Newark, N.J., said "it looks like Christmas has hit us all over again."

One bemused housewife asked: "How much are the five-cent stamps now that the rate has gone up?"

Scandium, a rare-earth metal, was discovered in 1879 by Lars Nilson.

Job Shortage Seen Ahead In The Cities

By JOHN CUNIFF
AP Business Analyst

NEW YORK (AP) — With the nation's central cities already tied in a knot of social and economic problems, a relatively little noted government report suggests that the noose may

Evans-Novak . . .

(Continued From Page 4) much more optimistic because of the success of the new Peace and Freedom party.

It appears that the new party has collected the 66,000 signatures needed to get on the general election ballot as an anti-Vietnam anti-LBJ party. If so, every voter registered in the Peace and Freedom party will be ineligible to vote in the June Democratic primary—a severe loss for McCarthy.

Kilpatrick Col. . . .

(Continued From Page 4) business of the United States. Conditions of "internal labor" (we are not talking here of the slave trade) ought not to be fixed by international treaty. It is not enough to say that "women should have equal rights," or that "forced labor is terrible." Doubtless these are laudable views; they have been embedded in U. S. law for some time. But they are not the stuff of which treaties are made.

Not, that is, unless we truly are prepared for the "one world" concept, in which human rights are decreed by a World Court rather than by our own courts.

Shires

(Continued From Page 4) red blinkers flashing, I'll stop. I won't be embarrassed by not running in front of that train. On the other hand, if I see the way clear I'll already be across the tracks."

He spoke repeatedly of opportunities he feels are available in a position of leadership and almost launched into a campaign speech.

But then he paused, reflectively. "First, we must find a way to wage a winning campaign if I'm going to be there at all."

He conceded that "a lot of people are urging me to wait." But in reply to a question, he said "it's looking better all the time."

Kelly Col. . . .

(Continued From Page 4) effective campaigners in the country," says a Nixon adviser, "and New Hampshire is a small state which lends itself to the type of campaign at which Gov. Romney is expert."

The governor, Romney associates say, will try to shake every hand in the state.

"The New Hampshire primary is crucial," says an adviser to the governor. "It's good it's a small state."

grow even tighter. By 1975, said the Economic Development Administration during the weekend, additional job shortages may develop in larger cities as millions flee poverty in their rural homes.

"The projected problem in that by 1975 the 25 largest metropolitan areas, excluding those in California, will have a potential shortage of 2.9 million jobs," said the agency, a part of the Commerce Department.

Unfortunately, the inability to assimilate millions of immigrants from rural areas already is at the root of urban poverty, riots, slums and ignorance—and solutions are slow in being proposed and often botched in the attempt to carry them out.

Now, it is suggested, the factors that drove 10 million rural people to the city in the 1950s is being intensified. Rural poverty is deepening. The subsistence farmer, the tenant and the sharecropper are being forced out.

Farming today is a business. It is highly mechanized, scientific in its methods and requires a large outlay of capital. The land and buildings alone on an average farm are worth more than \$57,000.

As business like methods were introduced, farm production soared. Each farmer now supplies about 41 other people with food, a tremendous increase from the 14 he supplied just 20 years ago. Per acre corn production, for example, is up 100 per cent since the late 1940s.

It is not difficult, therefore, to see that the uneducated and poor are ill equipped to compete in modern rural society. A revolution has passed them by, and so they move to the city.

Between 1960 and 1966 farm population dropped four million, with the greatest decrease being among nonwhites and those in their mid-20s and mid-30s. In 20 years the number of farmers decreased to less than 3.7 million from 7.9 million.

This leaves the successful residents of rural America relatively better off than they used to be, but it produces the opposite for the cities which must assimilate the rural emigrants.

Many refugees from the farm are far less able to cope with city life than the earlier immigrants from Europe, some of whom had lived in cities all their lives.

One result of this is to make the city less livable, in the opinion of many old-time city dwellers. A migration to the nearby suburbs is still under way and may even intensify. The very people who are needed to help solve the problem have made themselves unavailable.

FIRST VICTIM

LINCOLN, Neb. (AP) — The City of Lincoln converted two major streets to one-way traffic, and the first accident in the changeover Monday involved City Traffic Engineer Robert Holsinger.

The first road into the town of Saint Petersburg, Fla., was built in 1888 by a Russian engineer, Peter Demens.

Named To SBA Advisory Council

Tennessee Foul Shots Sink Vanderbilt Club

By ED SCHUYLER JR.
Associated Press Sports Writer

It was enough to make members of the Orange Tie Club anxiously tighten their knots and the Rally Girls faint away, but the Tennessee basketball team once again proved there's no place like Knoxville.

With the Orange Tie Club, a boosters organization, and the Rally Girls rooting them on, the fifth-ranked Volunteers sank four foul shots in the last 3 1/2 minutes and edged seventh-ranked Vanderbilt 64-62 Monday night for their 29th straight home-court victory.

The victory gave the Volunteers, the defending South-eastern Conference Champions

an 8-1 over-all record and a 2-0 conference mark. Vanderbilt now is 10-3 over-all and 3-3 in the SEC.

Fourth-ranked Kentucky, the only other Top Ten team to play Monday night, rolled to an 84-76 road victory over Alabama and stayed a half-game in front of Tennessee with a 3-0 SEC record. The Wildcats are 9-1 over-all.

Tennessee built up an eight-point halftime lead, but the Commodores from Nashville, Tenn., fought back to tie the game six times, the last at 60-60.

Then, Billy Hahn and Larry Mansfield made two foul shots apiece and the Orange Tie Club

could relax. Gene Lockyear scored for Vanderbilt at the buzzer for the final margin.

Bill Justus led the Volunteers with 22 points and Tom Hagan topped Vanderbilt with 16.

Phil Argento broke loose with 23 of his 24 points in the second half, two of them coming on foul shots to put Kentucky ahead to stay at 78-76 with 1:12 remaining. Mike Nordholz paced Alabama with 21.

Pistol Pete Maravich shot in 42 points, 20 in the last nine minutes as visiting Louisiana State nipped Georgia 79-76, keeping the Bulldogs from tying Kentucky for the SEC lead. LSU now is 5-1 in the conference and 8-3 over-all. Georgia is 2-1 and 7-2.

Calvin Murphy, of Niagara, one of the nation's hottest sophomores along with the likes of Maravich and Purdue's Rick Mount, had his troubles against Villanova.

Murphy was held to his season low of 24 points, hitting on just five of 23 field goal attempts, as Niagara lost 74-57 to Villanova at home.

In other games Monday night: Iowa topped Chicago Loyola 71-65, Missouri trounced Colorado 86-66, Texas-El Paso thrashed Lamar Tech 83-65, Texas A&M walloped Texas Tech 94-81 Wake Forest outlasted Virginia 97-90 and Florida mauled Mississippi 94-75 in home-court triumphs.

In road victories, Oklahoma City edged the University of San Francisco 72-71, Kansas shaded Iowa State 68-67, Notre Dame downed Creighton 72-63 and Mississippi State beat Auburn 66-62.

Poll's Top 3 Are Unchanged

By THE ASSOCIATED PRESS

There was a game of basketball chairs, but UCLA, Houston and North Carolina remain seated in the front row of The Associated Press' major college basketball rankings.

UCLA, 10-0, still tops the Top Ten poll, released Monday, with 389 points and 38 first place votes.

Houston, 15-0, remains second with 351 points and the other first place vote, and North Carolina, 9-1, retains third with 301 points.

Kentucky beat Vanderbilt 94-78 last Saturday and replaced the Commodores in fourth place. Vanderbilt dropped to eighth.

Tennessee moved from sixth to fifth, and Utah advanced from seventh to sixth. St. Bonaventure jumped from ninth to seventh, while New Mexico, 16th last week, moved to ninth. Columbia is the only newcomer to the Top Ten, taking over 10th place after trouncing two Ivy League opponents.

Oklahoma City, eighth last week, lost twice and dropped

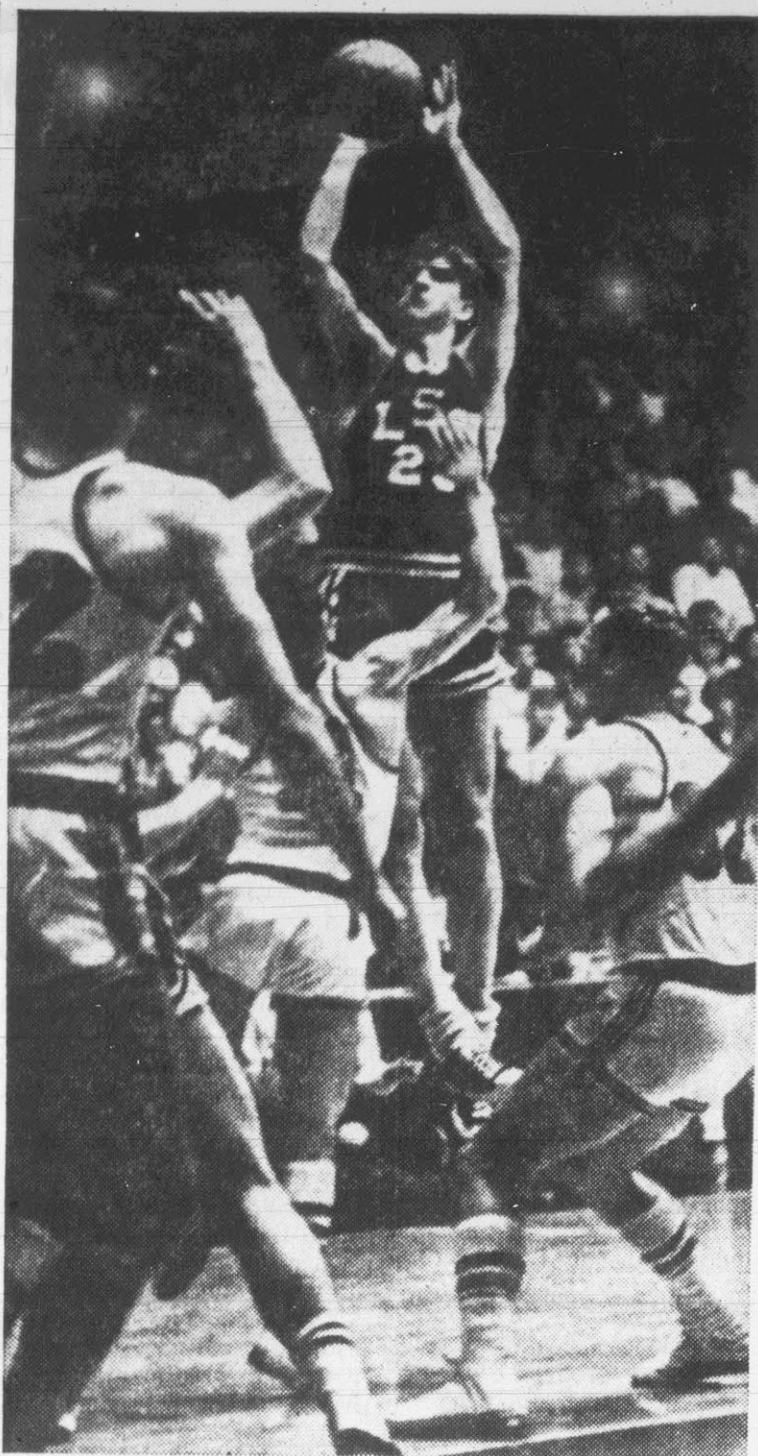

from the rankings.

St. Bonaventure, 11-0, and New Mexico, 13-0, along with UCLA are the only unbeaten members of the Top Ten.

The Top Ten, as of Jan. 7, with first-place votes in parentheses and total points on a 10-9-8-etc. basis:

1. UCLA (38)	299
2. Houston (1)	351
3. North Carolina	301
4. Kentucky	256
5. Tennessee	183
6. Utah	159
7. St. Bonaventure	135
8. Vanderbilt	111
9. New Mexico	89
10. Columbia	44

PETE RISES TO OCCASION AGAIN — AND AGAIN — AND AGAIN — Pete Maravich (23) of LSU sails above a mob of Georgia defenders at Athens Monday night on his way to 42 points for evening. LSU beat Georgia 79-76. Maravich, a sophomore, entered the game with a 44 point average for the season. (AP Wirephoto)

Virginia Tech Is Winner Over W&M

By THE ASSOCIATED PRESS

Basketball, says Richmond coach Lewis Mills, "is a matter of heart." VMI coach Gary McPherson says so, too. Tonight their teams square off on the VMI court and, says McPherson, "the better heart will win."

It's the first meeting of the season for the old rivals, who've been vying for the title of biggest surprise in the Southern Conference.

Right now, Mills' Richmond team probably has the in-track on possession of the "surprise" label. VMI's claim lies mainly in its upset of West Virginia Jan. 3. But Richmond's claim is more continuous.

Pretty soon, in fact, victories by the Spiders won't even qualify for the "upset" category any more. With a 6-4 over-all record, they've won their last three starts. And for a team that lost all its 1966-67 starters, figuring to win only a few games at most, that's quite an accomplishment.

"We never know what to look for," says Mills. "But the one thing I can always count on is

effort with a capital 'E.' When one of our guys slows down, another picks us up — and fight carries you a long way."

Richmond carries a 3-2 SC record into the game against VMI, which is 2-3 in the league. Their meeting at Lexington is the only action on tap for conference teams tonight.

William and Mary was the only Southern Conference club on display Monday night, and the Indians didn't display very much in a 90-70 defeat at the hands of resurgent Virginia Tech at Blacksburg.

W&M, now 4-8, did have the game's two top scorers in Bob Sherwood, who scored 28 points, and Ron Panneton, who added 24. But Tech placed six players in double scoring figures and made a runaway of things by exploding for 52 points the first half. Tech upped its record to 6-6.

Duke has still to break into the nationally ranked column but it again was among those receiving votes in the latest poll.

In Monday night's only game

Wake Gets Win Over Virginia

By THE ASSOCIATED PRESS

The North Carolina Tar Heels, 75-72 winners over Duke last Saturday, kept their third spot in the Associated Press national basketball ranking Monday behind undefeated UCLA and Houston.

North Carolina is 9-1 for the season having lost only to Vanderbilt, the same team that had accounted for Duke's only loss going into Saturday's game with the Tar Heels.

The two Atlantic Coast Conference powers, with their own league race getting into high gear, could take no solace in Vandy getting its own lumps with losses in its last two outings to Kentucky and Tennessee after losing earlier to Florida State. Vanderbilt is ranked No. 8 in the nation this week.

Duke has still to break into the nationally ranked column but it again was among those receiving votes in the latest poll.

In Monday night's only game involving ACC members Wake Forest defeated Virginia 97-90. The victory left Wake Forest at 2-2 in conference action and 4-8 over-all. Virginia is 1-2 in the conference and 2-8 over-all.

One conference game is on tonight's schedule, sending Clemson to Duke. Clemson is 0-1 in conference play and 1-4 over-all, while Duke is 1-1 and 7-2.

Action picks up Wednesday with the conference leaders, North Carolina and North Carolina State, meeting in Raleigh. Both are undefeated in conference play but N. C. State has lost four of its 10 games.

Also on Wednesday, Maryland is at home to West Virginia and Wake Forest is at South Carolina in a conference game.

Pirates On Road Again, Meet William & Mary

East Carolina University's Pirates will try to start another road victory skein Wednesday night as they travel to Williamsburg, Va., to meet the Indians of William & Mary.

The Bucs, 3-6, will be facing a team which has been disappointing this year, but has still shown it is a strong one. This season, William & Mary, picked to finish third in the conference, is currently 4-8. They have lost seven of seven games on the road, but are 4-1 on their home court, losing only to Jacksonville.

They have beaten at home George Washington, Pittsburgh and Loyola of New Orleans.

And of recent weeks, the key to their success or lack of it has been the health of Ron Panneton. Through 10 games, Panneton held only a 16.6 average, far below that of last season. But he has been bothered by a bad back this winter, and has missed one game, while getting as little as two points in one and four in another. The back seems to be improving, however, as he hit 21 against Pittsburgh, 32 against Loyola and 24 against Virginia Tech last night.

Bob Sherwood has been carrying the load this season so far, averaging 21.2 points per game. Dave Daugherty rounds out those in double figures with a

21.2 mark through 10 contests. The Indians' record, however, goes out the door when William & Mary enters its home court. There, they are almost invincible, losing only once this season.

The Pirates, who will be hoping to improve their standing in the conference with a win, will have their work cut out for them in this one.

The Bucs snapped their long losing streak on the road last Wednesday night against George Washington, 71-68. But it took four overtimes to do it.

Then Saturday night the Bucs spotted Furman a 29-9 lead in the first 10 minutes, then came back to cut the lead down to one with three minutes left, only to lose 59-58 when a last second shot went just off the rim.

The Bucs have shown they have the ability to come back, and they have improved in each game. A victory over William & Mary would be of great importance to the Bucs, boosting their loop record to 2-2, and giving them another victory on the road.

Saturday, the Pirates return home to meet Washington & Lee in a non-conference battle.

NCAA Working After Fussing

By RON RAPOPORT
Associated Press Sports Writer

NEW YORK (AP) — Taking time out for a couple of angry words at the Amateur Athletic Union, the annual convention of the National Collegiate Athletic Association began to talk about a national football championship, rules changes and a dozen and one other topics.

The meetings officially got under way Monday and both NCAA President Marcus Plant and the head of the U.S. Track and Field Federation, Father Wilfred Crowley, voiced their displeasure with the AAU.

Plant contended that AAU had repeatedly violated the moratorium on the feud between the USTFF, an arm of the NCAA, and the AAU over the control of amateur track and field. The

moratorium was a last until a federal panel worked out a permanent solution.

A proposal for a series of playoffs to decide a national football champion is coming under serious discussion at the convention. Conceivably, the plan could be put into effect as early as the fall of 1969.

"Our purpose," said Paul Brechler of the Western Athletic Conference and chairman of the committee studying the plan, "is to find out if there's a workable plan and, if so, to submit it to the convention a year from now."

"If it's found impractical, that's the report we'll make. We have many differences of opinion on the committee but all of us have determined to tackle the project affirmatively. We're not going to say, 'It can't be done.'"

Collins, P&M Grab Victories

Collins & Aikman and Greenville Parts & Metal took second round victories in last night's Industrial League action.

Collins & Aikman defeated Union Carbide, 44-36. In the first half, Collins & Aikman pulled out into a 26-17 lead, and then allowed Union Carbide to cut one point off the margin in the final half, before taking the win.

Herbert Adams led Union Carbide with 11 while Don Midler had 10.

For Collins & Aikman, Chester Outland had 13.

In the second game, unbeaten P & M rolled to a 61-20 win over Carolina Telephone. In the first half, the game was decided as P & M racked up a 31-8 lead then coasted through the final half to win handily.

H. W. Mills and Fred Mills led P & M with 12 each while D. R. Daniels had 10.

P & M leads the loop with 2-0 record, followed by Union Carbide and Collins & Aikman, both 1-1, and Carolina Tel at 0-2.

Lombardi Has Praise For Oakland Club

FORT LAUDERDALE, Fla. (AP) — Vince Lombardi, boss of the National Football League champion Green Bay Packers, must be getting soft toward the rival American Football League.

Lombardi was kind and cautious Monday in calling the Oakland Raiders, opponents of the Packers in Sunday's Super Bowl game, "very fine and very quick on defense."

He was disappointed because Green Bay and Oakland exchanged game films of only their last three games of the season.

"I would have preferred a broader swap," Lombardi told a news conference. "But if I hadn't agreed, I'd be what they accuse me of..."

Last year Green Bay and Kansas City swapped films of "any" three games and Green Bay won the game 35-10.

Lombardi gave the young AFL a thumping endorsement. "People call the AFL a junior league," he said. "It may be a junior league in terms of years, but I don't think there's a helluva great difference between eight years and 40 years in our business. You get to be a pretty good veteran in eight years."

Lombardi said Oakland has an excellent offense, great speed by the cornerbacks, ability among the front four and linebackers, and a good pass rush.

He said that after 22 games, his players are fatigued both mentally and physically, but he believes they will overcome fatigue for Sunday's finale in Miami's Orange Bowl.

Church League Opens Season

Immanuel Baptist and Oakmont Baptist opened the Church League Basketball season last night with a pair of victories.

Immanuel defeated Piney Grove, 74-79. There was little doubt in the contest after the opening minutes. Immanuel rolled up a 40-26 lead in the first half, then outscored Piney Grove, 34-23, in the final period for the win.

Howard led Immanuel with 19 points, while Harvey had 18, and Tadlock had 11.

W. Nichols, J. Jackson and J. Crawford each had 12 to pace Piney Grove, while J. Dunn had 11.

In the second game, Oakmont took a 54-32 victory over Grace Free Will Baptist. In the first half, Oakmont pushed out Grace FWB, 27-22 in the final into a 27-10 lead then outscored half to finish the victory.

Parrott led Oakmont with 23 points, while Tunstall had 15 and Benton had 14. For Grace, Hodges had 17.

Five professional nitpickers criticize the Javelin.

"Javelin is a world apart from the other ponycars in styling, comfort, space and features...the car turned and cornered as if it were nailed to the road...Nearly every interior dimension is larger than its competitors, and three in the full width back seat is a reality...Performance of our test car was just short of surprising...Too few cars have brakes equal to the optional front disc/rear drum power units on the Javelin..." — *Motor Trend, January, 1968*

"BRAND NEW IMAGE BUSTER...transmission responds well to hard active operation and the synchromesh is all but faultless...driving the Javelin is an interesting and satisfying experience...the ability to bring a howl from the rear wheels in any of the lower gears is undeniably exciting...the Javelin has a lot of things going for it..." — *Car Life, December, 1967*

"AN EXCITING NEW SPORTSTER...A real racy-looking car...shows up well on the road-handling course...fun to drive..."

particularly liked the action of the optional powersteering...The Javelin reacts almost the same at high speed as it does during low-speed maneuvers." — *Popular Science Monthly, September, 1967*

"AN AMERICAN DREAM...seat is surprisingly soft...On long series of tight right- and left hand curves, the quick response, the time it took to go from one steady state to another, was pleasingly impressive...Javelin's brakes were all we could want...optional heavy-duty suspension and wide tread tires really work wonders...you could feel and even control the point at which tire adhesion gave way..." — *Hot Rod Magazine, December, 1967*

"FRONT END OF JAVELIN IS MEAN LOOKING...Fresh, clean lines and a luxurious interior...interior appointments very comfortable and well-laid out...visibility forward is excellent...has a lot more legroom than is generally associated with pony cars..." — *Motorcade, November, 1967*

ECU STUDENT WORKERS HONORED — Two student members of the Students Supply Stores staff of East Carolina University have been awarded engraved plaques and scholarships as recognition of their selection as "Student Employees of the Year" in the campus store system. From left are Joseph O. Clark, manager of the stores; award recipient Russell E. Nolan of Fredericksburg, Va.; ECU Vice President F. D. Duncan, who attended the presentation ceremony; and award recipient Carolyn Ann Tucker, daughter of W. M. Tucker, 301 Crown Point Road, Greenville. The awards carry scholarships of \$150 to the university. (ECU Photo by Walter Quade)

Grand Master At Installation

Alfred A. Kafer Jr., Most Worshipful Grand Master of Masons in North Carolina, will preside as installing officer the installation of officers for Crown Point Lodge No. 708 A.F. & A.M. Thursday night at 7:30 p.m.

A dinner will precede the meeting at 6:30 p.m. in the Temple dining room. The installation ceremonies will be open

ALFRED A. KAFER, JR.

to the relatives and friends of the officers to be installed and the fraternity. There will be a number of dignitaries present for the supper and the installation ceremony.

The following officers will be installed for the year 1968: Richard E. Equires, Master; Eber F. Moore, Senior Warden; John A. Conway Jr., Junior Warden; Royce H. Hunsucker, Treasurer; Fred H. Rogers, PM, Secretary; Wylie S. Christy, Senior Deacon; Robert Dean, Junior Deacon; Fred Switzer, Steward; Tommy Little, Steward; Clarence B. Oakley, Chaplain and Robert Barnes, Tyler.

Rain Beetle Is Top Candidate

CORVALLIS, Ore. (AP) — The Oregon rain beetle has won the backing of the head of the Oregon State University entomology department as the top candidate for the official state insect.

Paul Richter had been campaigning for the snake fly. But he switched his allegiance to the rain beetle, "because of its ad-

Case Tech Engineer To Speak To ENC Chemists

KINSTON—Dr. Jack L. Koenig of the Case Institute of Technology, Cleveland, Ohio, will speak to Eastern North Carolina chemists at a meeting here Thursday night, Jan. 11.

The meeting of the Eastern N. C. Section of the American Chemical Society (ACS) is scheduled at 7:30 p.m. at the Hotel Kinston. A 6:30 dinner and a 5:30 social hour will precede the meeting.

Dr. Koenig, an associate professor of engineering, will discuss "Chain Folding in Semicrystalline Polymers."

He is a native of South Dakota and attended Yankton College for three years before entering the U.S. Army. Upon returning to Yankton, he received his AB degree in chemistry and his PhD from the University of Nebraska.

Presenting Film On Polynesia

Stanton Waterman will present his new film of the island and sea of French Polynesia tonight at ECU.

"Polynesian World" was produced, filmed and narrated by Waterman, noted diver, explorer and photographer. The film will be shown in Wright Auditorium at 8 p.m. as part of a series sponsored by the Student Government Association. Tickets may be purchased at the door of Wright one hour before the film begins.

Lecturer Choice Near At Hand

WASHINGTON (AP) — A committee headed by Secretary of Agriculture Orville L. Freeman didn't have to look far in selecting the recipient of a new award—only across town to the White House.

The committee named Mrs. Lyndon B. Johnson Monday to give the first B.Y. Morrison memorial lecture on a date not yet set. The lecture series will honor the plant explorer, landscape architect and writer who died in 1966.

apation to the Oregon climate." The rain beetle, however, has one drawback. It feeds off the roots of the Douglas fir, which is the Oregon State tree

DEADLY FOR DUCKS

CORCORAN, Calif. (UPI)—Botulism, a deadly bacteria which thrives in warm and stagnant water, has killed thousands of ducks flying south for the winter when they stop in ponds and ditches in the Tulare Lake Basin near here.

A large sewer on the right bank of the Seine River in Paris was built by Michel Etienne Turgot early in the 1700s.

Powell Says Congress Is Reversing Position

LOS ANGELES (AP) — Adam Clayton Powell says Congress has reversed its position on civil rights since his expulsion from the House of Representatives last March 1. He says it is now cutting away earlier civil rights gains.

Powell, making his third known trip to the United States since his self-imposed exile in the Bahamas in late 1966, said he would kick off his tour with a walk today through Watts, Los Angeles' primarily Negro district, "to meet with all my soul brothers."

The 59-year-old Powell, from New York's Harlem district, still faces arrest on criminal contempt charges stemming from his failure to pay a libel judgment against him. He won a 1967 special election but did not claim his seat in Congress.

He said he would not return to New York because he was "a victim of that obscene, illegal court order."

Powell also said he feared riots if he was arrested in New York, where he is pastor of the Abyssinian Baptist church.

At a news conference following a flight from Miami Monday night, Powell said he had instrumental in obtaining "jobs and education for poor whites and poor blacks." Now, he said, Congress is "cutting that away as fast as it can."

He said the United States is now "engaged in a second Civil War" and that he plans speeches on "the black revolution."

The passage of civil rights

laws, Powell said, "hasn't meant anything. There were two riots in Watts and it didn't improve one bit—except for one nice picnic." He apparently referred to last summer's Watts Festival.

"The United States became a republic," Powell said, "because a black man was killed on the Boston Commons. And it just might be necessary that we recover our democratic spirit by having a few more people die."

He said he would meet next week in Bimini, his home in the Bahamas, with his attorney, Edward Bennett Williams, to plan legal action against Congress and the courts.

He said he was asking the federal courts "to rule on the law and not on racism" in his case. Powell said he would talk at the University of California at Los Angeles Wednesday. Later talks are scheduled at the University of Michigan, Duke, the University of Florida and other colleges and universities, he said.

New Way Found To Stop Hair Loss, Grow More Hair

HOUSTON, Texas — If you don't suffer from male pattern baldness, you can now stop your hair loss . . . and grow more hair.

For years "they said it couldn't be done." But now a firm of laboratory consultants has developed a treatment for both men and women, that is not only stopping hair loss . . . but is really growing hair!

They don't even ask you to take their word for it. If they believe that the treatment will help you, they invite you to try it for 32 days, at their risk, and see for yourself!

The great majority of cases of excessive hair fall and baldness are the beginning and more fully developed stages of male pattern baldness and cannot be helped.

But, if you are not already slick bald, how can you be sure what is actually causing your hair loss? Even if baldness may seem to "run in your family," this is certainly no proof of the cause of YOUR hair loss.

Many conditions can cause hair loss. No matter which one is causing your hair loss, if you wait until you are slick bald and your hair roots are dead, you are beyond help. So, if you still have any hair on top of your head, and would like to stop your hair loss and grow more hair . . . now is the time to do something about it before it's too late.

Loesch Laboratory Consultants, Inc., will supply you with treatment for 32 days, at their risk, if they believe the treatment will help you. Just send them the information listed below. All inquiries are answered confidentially, by mail and without obligation. (Adv.)

NO OBLIGATION COUPON

Offer Course On Contest Entries

MIAMI, Fla. (AP) — A 30-hour course on how to enter contests has been added to the curriculum by the University of Miami. Clarice Busch will teach two hours a week for 15 weeks on

how to slant entries to different judging agencies, how to fill in a word or complete a jingle in 25 words or less.

Progress Marking The End Of A Lifetime Trade As Stogie-Maker

By ROBERT A. DOBKIN
Associated Press Writer
PITTSBURGH, Pa. (AP) — Machines long ago made an anachronism of the skill that wrinkled, silver-haired Ben Young learned as a boy, but he kept on working at the only trade he knows.

Now, at last, another form of progress is going to end his futile struggle against mass production. His two-man stogie factory, all that remains of Pittsburgh's once-prosperous cigar industry, is going to be torn down to make way for a new highway. Young's bitterness is as strong as the pungent odor of tobacco that permeates the air of his dingy little shop. Sixty years ago there were 5,000 stogie rollers in this area working for 800 small, individually owned factories. "Today you can't find five rollers," said the 75-year-old Young, deftly wrapping a seven-inch cigar with a leaf of Pennsylvania tobacco as he talked.

"This is a dead business. You can't produce enough, and if you can't produce you can't sur-

vive." Hunched over a long, wooden workbench Young and Clara Isbrand, 68, make bunches of stogies out of filler and binder tobacco. The bunches are put in a press, then wrapped individual-

ly in a leaf. Together, Young and his only employee turn out 300,000 cigars a year. "That's no stogies. The only way you can exist is to make a couple million a year," Young said.

"Two girls on a machine in a cigar factory make 5,000 a day. I'd need four girls to do the same, and it'd cost me twice as much." But there's no one left who knows how. And, besides, a hand can't do what a machine can.

"They make everything by machine today; shoes, clothes and what have you. There's no place anymore for the little man."

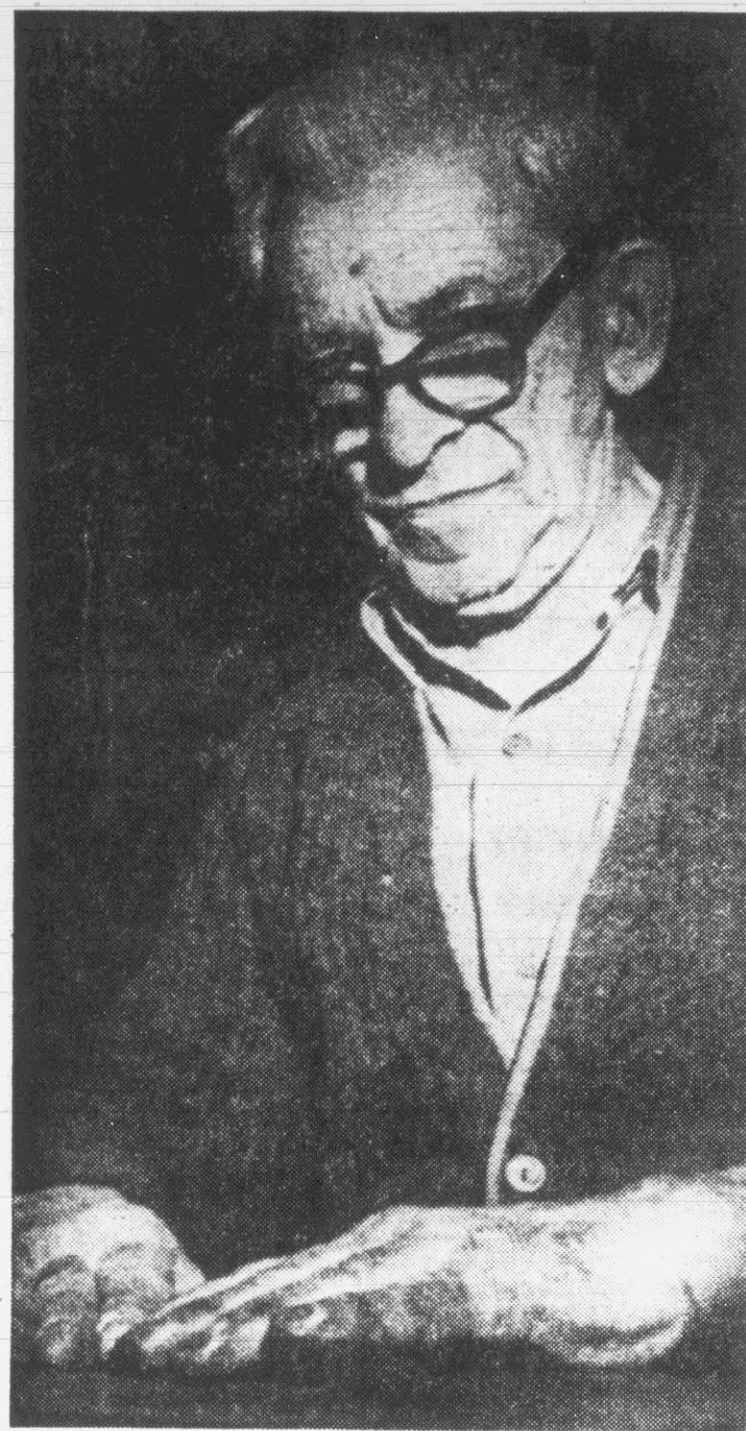

The stogie, shortened from Conestoga, is a thin cigar once favored by Conestoga wagon drivers. Young thinks stogie is a fancy name. When he started making them in 1906, at age 14, they were called tobies.

He recalled that he was paid at piece work \$4.25 per 1,000 stogies. "I made 1,000 a day in 1911 and earned \$25 a week."

He sells them today to wholesalers for 6 cents each. "The demand is good, and I can't make enough. But there's no money in it. If I raise the price, the customers, especially the younger generation, will buy the machine-made cigars."

"So what do I do? I don't know anything else and I can't sit home and stare at the walls."

Nonetheless, Young is resigned to the fact that soon he will have to find something else to do. In a few months, the bulldozers will arrive to tear down his building.

SAYS STOGIE BUSINESS THING OF THE PAST—Ben Young, 75, puts the finishing touches on a hand-rolled stogie in his two-man factory where he and a helper turn out about 300,000 stogies a year.

Accident Death Rate Off In '67

NEW YORK, N.Y.—Accidents caused an estimated 112,000 deaths in the United States during 1967, about 1,000 less than in 1966, with the accident death rate dropping to a little below 57 per 100,000 population, according to statisticians of Metropolitan Life Insurance Company. Nevertheless, this annual rate was higher than in any year during the previous decade except 1966, when it reached 57.7.

The decline in accident fatalities in the year just closed reflected in large measure the reduced toll from injuries in and about the home. A little over 28,500 persons sustained fatal injuries in such mishaps, a decrease of nearly 1,000 from the number in 1966.

Motor vehicle accidents during 1967 accounted for approximately the same number of deaths as the record high of 53,000 in 1966. Preliminary information indicates that despite an increase in the volume of travel, the motor vehicle accident death rate per 100-million miles traveled was slightly below the rate of 5.7 recorded for 1966.

No Easy Job In Classified Ad

CHICAGO (AP) — "Wanted," the classified advertisement said in the Chicago newspaper, "qualified Catholic girl for catechetical and social service work on lifetime basis as Victory Noll sister. Hours uncertain. No salary, ages 19-30. Willing to accept challenges of mon. Apostolate. Write: Sister Alice, Olm, Victory Noll, Huntington, Ind., 46750."

ANALYST DIES
WASHINGTON (AP) — Maj. Gen. Max S. Johnson, 65, military analyst for U.S. News & World Report since retirement from the Army in 1959, died Saturday night. During World War II he was chief of staff of the 80th Infantry Division.

Opening lead: Three of ♦
Altho presenting the declarer with a ruff and discard usually indicates the presence of a neophyte at the bridge table, it can occasionally reveal the hand of a highly seasoned performer—as witness the technique of East in defending against South's four heart contract. West opened the three of diamonds, North played the five and East proceeded to mop up the first two tricks in the suit. On the basis of the auction and the appear-

ance of dummy, the outlook was somewhat pessimistic for the defense, for, unless West held the ace of clubs, the only other trick in sight was the high heart.

Presently East observed a method for developing a setting trick which hinged on nothing more remote than declarer's having only a four card heart suit. In pursuance of his plan, East returned a third round of diamonds—deliberately giving his opponent a ruff and discard. South snuffed a spade from his hand and accepted the force in dummy.

The queen of hearts was led and ducked. North continued with the ten, East holding off a second time and, when West showed out, the subtle purpose behind the former's tactics was revealed. If declarer led the last trump from dummy, East would rise with the ace to lead a fourth round of diamonds and force out declarer's remaining heart. This would establish East's long heart as a second trump trick for the defense. South abandoned hearts and began running the clubs. East trumped it on the second round, however, and cashed the ace of hearts for the setting trick.

Networks Want Court To Clarify Equal Time Rule

WASHINGTON (AP) — With an eye toward this year's presidential race, two major networks want the Supreme Court to take a new look at federal equal-time regulations.

The court was asked to decide before next spring whether Federal Communications Commission rules requiring broadcasters to provide free time to individuals or groups to answer "personal attack" and "political editorials" don't violate free press constitutional guarantees.

An appeal to the high court was filed Monday by the Columbia Broadcasting system and National Broadcasting Co., along with the Radio Television News Directors Association and eight operators of radio and television stations.

FCC rules require every station that broadcasts a statement attacking the "honesty, character, integrity or like personal qualities" of any individual or group to notify the individual or group, furnish a tape, script or summary of the attack and offer free broadcast time for an answer.

The same applies when a station broadcasts an editorial favoring a specific candidate. The appeal said certain programs—such as interviews—contain many editorial state-

Sixth-Graders Tutor In Reading

PORTLAND, Ore. (AP) — Third-graders at Eliot Elementary School in Portland come to school early to get help with their reading.

Their tutors are six-graders. "They're learning from each other," says Helen Takacs, a consultant who started the program at the school last fall. "The six-graders take their tutoring tasks very seriously. They have proved ingenious in explaining things to the third-graders. Many times they have managed to get an idea or solution that would have been difficult for an adult teacher."

The Worry Clinic Look Ahead When You Name That Baby Boy

Millie is like many new mothers, for she doesn't look ahead to prevent the humiliation of her baby boy. For names that tickle the fancy of fond mamma may be regarded as "sissy" by boys, who then develop nicknames like "Butch" or "Spike" to regain masculine prestige. Parents, get help!

By GEORGE W. CRANE
Ph. D., M. D.

CASE E-556: Millie T., aged 23, has a new baby. "Dr. Crane," she began, "my husband and I can't agree on his name. 'I'd like to christen him Percival but my husband thinks that is too sissy for America. 'But it was my grandfathers name and I was always devoted to my grandfather so I'd like to retain the name. 'What do you suggest as a compromise?'"

Here in America we stress the attitude of the customer. An editor thus doesn't select features for his newspaper which merely please him.

Instead, he thinks of the desires of his readers. And that is a good yardstick to employ when naming your baby.

For a lot of sentimental mamas saddle their male infants with sissy names.

Then the youngsters must cultivate rough nicknames, such as "Butch" or "Spike," to get away from the sissy connotation of those fancy names.

The American Indians let their sons develop their own names by sending them forth into the forest to perform feats of strength or to fast for many days until they experienced a vision.

Alas, we can't wait that long, for the modern birth certificate requires a name for each new baby almost immediately.

Although girls don't mind carrying masculine names, the reverse is definitely not true. Boys hate sissy monickers!

It is wise to name your baby after some outstanding character from the Bible or American history.

We've used George Washington in our family for five generations. Our oldest son was thus given that patriotic name, being George Washington Crane IV.

After his untimely death in a jet plane accident his brother Philip thus names his son George Washington Crane V, in honor of his dead brother.

For the rest of our five Crane children we used good Biblical names, as Philip, Judith, Daniel and David.

We had also considered Stephen, Andrew, Mark, Luke and Samuel, plus Rachel, Naomi, Ruth and Miriam for girls names.

Here are some of the root meanings of good names for boys and girls:

Alfred (good counselor; Ar-

nold (strong as an eagle); Augustus (majestic); Charles (strong); Bernard (bold as a bear); Donald (world ruler); Earl (noble); Franklin (free-man); Gregory (vigilant); Leonard (brave as a lion); Leo (lion); Leroy (royal); Louis (famous warrior); Martin (warlike); Rex (king); Richard (powerful); Robert (bright in fame); Norman (northman); Patrick (noble); Vincent (conquering); Walter (ruling the host); William (resolution).

Agatha (good); Alice (truth); Amanda (worthy); Barbara (strange); Bertha (bright); Bridget (lofty); Clara (bright); Cora (maiden); Deborah (a bee); Elizabeth (consecrated to God); Estella (star).

Phyllis (green bough); Reginald (queen); Sarah (princess); Susan (lily); Viola (violet); Zoe (life).

You young parents should think ahead and thus christen your kiddies with meaningful names which offer them a challenge so they will then try to live up to the meaning thereof.

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

NEW DELHI, India (AP) — India's caste system still plays a key part in marriages, even among the urban middle and upper classes, a sociological study has revealed.

H. C. Uprethi of Rajasthan University said his study of classified matrimonial advertisements failed to turn up a single case of a woman who would consider marrying outside her caste.

CHARLOTTE, N.C. (AP) — Detective Henry McGray, a member of the police department community relations section, is conducting a search for "women who hold onto their pocketbooks for dear life."

When he finds one, he gives her a \$5 reward on behalf of the Charlotte Merchants Assn., which is seeking to bring attention to a basic way of preventing purse snatching.

TWO WOMEN RUN MACHINE SHOP

CAVE CREEK, Ariz. (AP) — Two women run a small machine shop which makes precision tools and fixtures for the aerospace industry. June Campbell and Carolyn Hamilton own and operate the Centerline Machine and Tool Company here.

Miss Campbell, who can operate every machine in the shop, is in charge and does the whole job from cost estimating, through design, to final quality control.

TIBETAN STUDIES HERE

HAVERFORD, Pa. (AP) — A Tibetan who became a monk at 13 and fled from Tibet in 1959 when the Chinese took over the country, is studying philosophy and English at Haverford College. Lobsang Dorjee, now 23, lived in India for six years before coming to the United States. He plans to return to teach English and community development to the many Tibetans still living in India.

Public Notices

NOTICE OF SALE BY FORECLOSURE

Under and by virtue of the power of sale contained in a certain deed of trust executed by Edward Earl Davenport and wife, Marie Byrd Davenport, dated the 21st day of April 1964, and recorded in Book 1-34, page 547, in the Office of the Registrar of Deeds of Pitt County, North Carolina, default having been made in payment of the indebtedness thereby secured, and said deed of trust being by the terms thereof subject to foreclosure, the undersigned Trustee will offer for sale at public auction to the highest bidder for cash at the Pitt County Courthouse door in the City of Greenville, North Carolina, at 12:00 Noon on the 25th day of January, 1968, a certain lot

or parcel of land lying and being near the Town of Grifton, Pitt County, North Carolina, and more particularly described as follows:

Lying and being situated near the Town of Grifton, Pitt County, North Carolina, known and designated as all of Lot No. 8, as the same appears on map of Country Club Hills, Second Addition, of record in Map Book 10, page 92, Pitt County Registry, and more particularly described as follows: BEGINNING at a point in the northerly right-of-way line of North Fairlane Drive, a common corner of Lots 7 and 8, and running thence in a northerly direction, with the dividing line of Lots 7 and 8, 200 feet to a stake; running thence S. 86-00 E. 100 feet to a stake; running thence in a southerly direction, with the dividing line between Lots 8 and 9, 200 feet to a stake in the northerly right-of-way line of North Fairlane Drive, running thence N. 86 W. 100 feet to the point of beginning.

This conveyance is made subject to those restrictive covenants of record in Book N-32, Page 502, Pitt County Registry.

BUT SAID LANDS WILL BE SOLD BY SAID TRUSTEE SUBJECT TO THE MUNICIPAL ASSESSMENTS OF ALL NATURE AGAINST THE SAME.

The undersigned Trustee will require a cash deposit of 10 percent of the purchase price from the successful bidder, which deposit will be subject to forfeiture for non-performance.

This 8th day of December, 1967. William A. Allen, Jr., Trustee. Aycock, LaRoue, Allen, Cheek & Hines Attorneys at Law. Jan. 9, 16, 23, 1968

EXECUTORY NOTICE

Having this day qualified as Executor of the Last Will and Testament of G. O. C. Davis, late of the County of Pitt, N. C., I do hereby give notice to all persons having claims against said estate to present them to the undersigned or her attorneys, Roberts & Wooten, 111 W. Third Street, Greenville, N. C., on or before the 10th day of July, 1968, or this notice will be filed in bar of their recovery. All persons indebted to said estate will please make immediate settlement.

This 8th day of January, 1968. Elmore D. Baker, Executor of the Last Will and Testament of Grover C. Davis, Deceased. Roberts & Wooten, Attorneys. Jan. 9, 16, 23, 30, 1968

Stock And Market Reports

RALEIGH (AP) — (NCDA)—North Carolina egg markets steady. Supplies about adequate, demand good. Prices paid producers and handlers for consumer grade eggs in cartons delivered nearby outlets:

Grade A large whites: 35 to 37; medium, whites: 31½ to 33; small, whites: 28 to 30.

RALEIGH (AP) — (NCDA)—North Carolina hog markets today were mostly steady. Tops of 17.50-18.50 at Wilson; 17.75-18.25 at Rocky Mount; 17.25-18.00 at Statesville; 17.00-18.00 at Bethel and Tarboro; 17.25-17.75 at Hickory; 18.25 Greensboro; 18.00 at Salisbury; 17.25 at Siler City and Denton.

NEW YORK (AP)—The stock market resumed a broad advance in active trading early this afternoon.

The Associated Press average of 60 stocks at noon was up 1.6 at 328.7 with industrials up 3.2, rails up .3 and utilities up .6.

Gains outnumbered losses by a ratio of well over 2 to 1.

The market still was powered by the new leadership which came into evidence last week as prospects of peace talks in Vietnam began to seem warmer. This was still a major hopeful force under the market.

Signs of growing economic strength and normal January reinvestment demand also supported buying power.

The long-neglected blue chip issues showed continued strength as contrasted with the glamor issues which took to the background.

Papers, retail-mail orders, building materials and oils were in favor.

The Dow Jones industrial average at noon was up 7.11 at 916.03.

International Paper, up more than a point, was high among the most active stocks, resum-

ing its recent upsurge amid reports the company was accumulating its own stock in the market for use in possible acquisitions.

American Telephone continued in demand, but backed away from an early fractional rise.

Sears Roebuck, showing unusual strength for this stock, climbed 3 points.

Capital Cities Broadcasting was up between 3 and 4 points on news it plans to take over privately held Fairchild Publications.

Prices resumed their advance in active trading on the American Stock Exchange.

Surveyor 7 Set To Make Lunar Landing

PASADENA, Calif. (AP) — Surveyor 7 appears set to make a soft landing on the moon tonight.

It will make the last U.S. probe of the moon before man heads there himself.

Scientists at the Jet Propulsion Laboratory will attempt to put the craft down near the rugged highlands north of the crater Tycho.

It carries a television camera, a small scoop to dig trenches, a device to analyze soil with radiation and magnets to detect iron.

If things go well, the 2,288-pound space vehicle will be slowed from 6,000 miles an hour by retrorockets so that it will be going 3 m.p.h. 13 feet above the lunar surface. It will free fall the last 13 feet.

Landing was expected about 8:15 p.m. EST.

The mission of the Surveyor, launched from Cape Kennedy, Fla., early Sunday, is to see if there is any significant difference between the Tycho area and the equatorial plains chosen for manned landings planned for as early as next year.

Israel-Jordan Frontier Tense

TEL AVIV (AP) — The bustling Israeli-Jordanian frontier south of the Sea of Galilee remained tense today following sporadic shooting that continued until midnight.

Israel complained to the U.N. Security Council, blaming Jordan for the border clash Monday in which Israeli jets silenced Jordanian artillery positions on the east bank of the Jordan River shortly before dark.

Both Jordan and Israel accused each other of touching off the new round of fighting in the Beisan Valley, a verdant stretch of trouble-prone real estate.

Sixteen Reasons For Not Sliding

BOULDER, Colo. (AP) — Kenneth Strawn, 40, can give 16 good reasons why a grown man should not try sliding down a snow-covered slope in an innertube.

Strawn, who has survived some tough scrapes in his years as a law enforcement officer, was sliding in an innertube last weekend when it struck a tree.

He broke 15 ribs and fractured his collar bone. Strawn, chief investigator for the Boulder County sheriff's office, was in fair condition Monday.

More Indonesian Troops In Fight

JAKARTA (AP) — Another 1,000 Indonesian paratroops have been flown to fight Communist terrorists in the western part of Indonesian Borneo, the armed forces newspaper reported today.

An estimated 6,000 troops are now engaged.

The commander of the Siliwangi Division, Indonesia's best, said two months ago that the terrorists would be wiped out in six months at the latest.

Sen. Morgan To Be DSA Speaker

Senator Robert Morgan will be the featured speaker at the Greenville Jaycee Distinguished Service Award banquet Jan. 25.

Over 200 persons, including Jaycees and their bosses or associates, are expected to attend the 6:30 p.m. supper at the Greenville Moose Lodge.

The distinguished service award recipient is selected from a group of nominees by a panel of five judges. The person receiving the award, for distinguished service to the community, must be 21 years old and not have reached his 36th birthday. He must have evidence of leadership ability and personal or business progress.

This year's award will be the 22nd presentation to outstanding young men in the Greenville area by the local club.

The DS award last year was presented to C. Eugene Prescott and the 1965 award was presented to Dr. Edwin Clement.

Soviet Also Has Pollution Woes

MOSCOW (AP) — Two high-ranking government inspectors have called for a law to stop factories from polluting the air of many Soviet cities and towns with "toxic elements, gases, soot, dust and other substances harmful to health."

M. Nedogibchenko of the Health Ministry and I. Shiryayev of the Attorney General's office, writing in the government newspaper Izvestia, complained Monday that "money allotted for creating special purification installation is not spent at all or is spent too slowly."

"Instructions for avoiding pollution often are not carried out," they said. "There are frequent cases when enterprises start up without having any means to purify their wastes."

The officials also complained that devices to lessen pollution by motor vehicles have not been put into mass production.

Jointly Building Big Wind Tunnel

RALEIGH (AP) — Professors and students in aerospace engineering at N. C. State University are building a wind tunnel that will be "probably one of the largest of its kind in the world."

Dr. Fred O. Smetana said Monday the wind tunnel is for research into space and anti-ballistic missiles and could provide some of the answers on how missiles behave during re-entry into the earth's atmosphere from space.

The tunnel will be capable of handling gas velocities of up to six times the speed of sound or 2,700 feet per second, he said. The tunnel is being built with a total \$135,000 in state and federal funds.

Six Tar Heels Dead In Vietnam

WASHINGTON (AP) — The Defense Department says four Army men from North Carolina have been killed in action in Vietnam.

Two others, Spec. 5 Larry I. Briggs of Fayetteville and Spec. 4 Fred M. Wrenn of Charlotte, died not as a result of hostile action.

Killed in action were Spec. 4 Curtis L. Kennedy of Rocky Mount, Spec. 4 Larry H. McLaughlin of Garner, Pfc. Odell Stokes Jr. of Newton, and Pfc. Able C. Stroud III of Wilmington.

Juror Joins The Accused In Jail

MIAMI, Fla. (AP) — A note was sent asking the judge to look at juror No. 1 in the jury box because the man appeared to be ill Monday.

The judge took a long look, cited the man for contempt of court and sentenced him to 30 days in jail for being drunk.

A mistrial was declared and the juror was led to jail handcuffed to the defendant in the rape case he was supposed to help decide.

CHECK PRESENTED — Mrs. Cynthia Kennedy, home industries counselor for the N. C. Commission for the Blind, received a check for \$1,053.40 from the Greenville Lions Club last night. The check represented proceeds from the Lions Christmas gift shop sale of blind-made articles. Frank Dail, as project chairman, presents the check. Looking on is Reid Hooper, president of the club. (Reflector Staff Photo).

Ceremony To Mark End Of Pitt Survey Program

The final acre of land in Pitt County will be classified in a ceremony at Minges Coliseum on the East Carolina University campus Thursday morning at 10:00 a.m.

Thursday's ceremony will celebrate the end of a county-wide program begun Jan. 1, 1964, by the U.S. Department of Agriculture and Soil Conservation Service and the North Carolina Agricultural Experiment Association.

The survey, being completed one year ahead of schedule, provides an inventory of basic soil facts including maps drawn on aerial photographs.

The boundaries of each different kind of soil are shown on the maps. The survey also includes precise statements about soil characteristics and interpretations of these facts for use in all fields of endeavor.

The published survey, with maps and reports, is expected

to be issued in 1972. Copies of field sheets will be available for use in the Soil Conservation Service office in Greenville prior to that date.

Arch J. Flanagan, chairman of the Pitt Soil and Water Conservation District, will preside at the Thursday morning program.

Included on the program will be Joe P. Kuykendall, State Conservationist of SCS; Dr. Ralph McCracken, head of the Soil Science Dept., N.C. State University; T. H. Karnowski, SCS Party Chief; and Roy Beck, SCS Work Unit Conservationist.

Others taking part will be Sam Winchester, County Extension Chairman; Dr. Leo Jenkins, ECU president; and Tommy Willis, director of Regional Development Institute at ECU.

More Tourism Despite Terror

HONG KONG (AP) — Despite Communist terror bombing and rioting during peak travel months, the number of visitors to Hong Kong increased more than 4 per cent in 1967.

The Hong Kong Tourist Association said today that the colony had 527,365 visitors last year, 4.3 per cent more than 1966.

Bandit Fled Into Arms Of Police

NUORO, Sardinia (AP) — Giuseppe Campana, with a \$16,000 reward on his head and wanted for homicide and kidnapping, scammed into a police trap on a rooftop Monday and surrendered without a shot.

The 32-year-old bandit was one of a dozen Sardinian outlaws for whom the government offered rewards of \$16,000.

Police surrounded a house in a nearby village after a tip Campana was hiding there. When they called him out, he slipped up through the attic and tried to get away across the roof. But other police were waiting for him there.

NAMED DIRECTOR

NEW YORK (AP) — Kelly Alexander, president of the North Carolina conference of the National Association for the Advancement of Colored People, was elected a national director of the NAACP at its New York meeting Monday.

Obituaries

Mills

Mrs. Lillie Buck Mills, 76, widow of Louis Augustus Mills, died at Pitt Memorial Hospital Monday afternoon at 5:45. She had been in failing health for several years and critically ill for a month. Funeral services will be conducted at the Black Jack Free Will Baptist Church Wednesday afternoon at 2:30 by the Rev. Floyd B. Cherry, her pastor. Burial will be in the Mills Family Cemetery. The body will be taken from the Wilkerson Funeral Home to the Church one hour prior to the time of services.

Mrs. Mills was born and spent all her life in the Black Jack Community and was a member of the Black Jack Free Will Baptist Church. She was married to Louis Augustus Mills in 1911 and he died in 1959.

Mrs. Mills was born and spent all her life in the Black Jack Community and was a member of the Black Jack Free Will Baptist Church. She was married to Louis Augustus Mills in 1911 and he died in 1959.

Surviving are a son, Prince A. Mills of Black Jack; three daughters: Mrs. Elmer Hadcock, Mrs. James Lester Dixon, and Mrs. Morris E. Elks, all of Black Jack; six grandchildren; and four great grandchildren.

Corbette

Mrs. Emma Barnes Corbette died in Jones' East Side Rest Home in Winterville Monday afternoon.

Funeral arrangements are incomplete.
