Pitt Road Projects May Top \$2.5 Million

By BLANCHE HARDEE Reflector Staff Writer

Costs of road construction projects in Pitt County, scheduled to be awarded to successful bidders this month or in March, could total more than the \$2.5 million rough estimates for the projects, C. W. Snell, district highway engineer, reported Wednesday.

DuPont plant in Lenoir County to a point south of Ayden, has been estimated at between \$1.5 and \$1.75 million. Snell said this project will include construction of a four-lane bypass to the west of Grifton and construction of a new bridge over Contentnea Creek.

The Grifton bypass project is a federal aid project while the Ayden to Greenville section of the N.C. 11 improvement plan will be financed with highway bond funds.

and widening of Mumford Road, from the Greene Street intersection to the eastern city limits, to a four-lane road.

The engineer said two other projects, one on U.S. 258 in Fountain and another on U.S. 258 in Farmville are scheduled to be let to successful bidders in the near future.

Bids on the Fountain project, to widen and curb and gutter a section of the highway there, will be opened Feb. 27, while bids on the widening and curb and gutter installation of U.S. 258 in Farmville will be received in the near future, Snell indicated.

Annual District Meet Of Stabilization Corp. Set

The 10th annual district meeting of the Flue-Cured Tobacco Cooperative Stabilization Corporation for District 6 will be held Feb. 15, L. T. Weeks, general manager of the corporation, and the Cooperative's Director from District 6, W. A. Allen of Farmville, announced today.

District 6 includes the following counties from the Eastern Belt of North Carolina: Bertie, Martin, Washington, Tyrrell, Dare, Beaufort, Pitt, Lenoir, Jones, Craven, Carteret and Pamlico. The meeting will be

held in the Trenton Court House, beginning at 2 p.m.

Both Weeks and Allen stressed the fact that this is an informational meeting held for the benefit of all flue-cured tobacco growers and others interested in tobacco. The 1968 program will feature reports on Stabilization's operation, including Tobacco Growers Service, Inc., Stabilization's wholly-owned subsidiary.

The two men emphasized that this meeting offers every tobacco grower the opportunity to become better informed about the grower-supported phases of the tobacco program.

Husband Is Trying To Postpone Difficult Task

By ABIGAIL VAN BUREN

DEAR ABBY: I recently married Barney secretly. We are both 25. Barney had never been married before, but I was a divorcee with three children. Barney wants to wait at least a year before telling his mother about our marriage. I know he loves me and the children, but he says his mother won't understand his marrying a woman with a ready-made family.

I know I have a limited education and I feel somewhat inferior to his mother, but she couldn't love Barney any more than I do.

Please help me express my feelings to Barney and convince him that it's best for his mother to know about us. He is in the service and will be going overseas for a year soon. Thank you.

BARNEY'S WIFE
DEAR WIFE: Barney is foolishly trying to postpone a difficult and disagreeable task, but he is only kidding himself. His mother won't "understand"

any better a year from now. Furthermore, a service man's marriage must become a matter of record, and as such, it would be practically impossible to keep it from his mother for long.

If Barney deliberately keeps it off his record, he is being unfair to you, and asking for trouble. If you can't persuade Barney to tell his mother now, suggest that he talk it over with his chaplain, and let HIM explain why he must.

DEAR ABBY: We have a son in his early teens, and we were recently blessed with a very much wanted and prayer-for baby daughter!

We feel so fortunate that the good Lord sent us this beautiful child and are completely thrilled about it. But why do some people take the joy out of such happiness, and hurt new parents just because they happen to be 40 years old, or a bit older?

How do we answer these so-called friends who ask, "Was it a mistake?"

DEAR PARENTS: Reply, "A mistake? Of course not! God never makes mistakes."

DEAR ABBY: After reading the letter from "WORRIED," who, at age 14 had already been to "second and third base," I had to write.

I know a girl who started to date at 14. She not only got to "second and third base," she's been to home plate. Now, at age 15, she's got a reputation

that won't quit. No matter what anybody says, a 14-year-old girl is TOO young to date. They all think they are mature enough to control themselves, but it doesn't seem to work out that way. I know.

At 15, I got to "second base," and was well on my way to third when I came to my senses. Thank God my parents wouldn't let me date until I was 16. If I could get as far as I did in my living room, I dread to think how far I could have gone in a car.

I am much wiser now, and I'm glad the only reputation I have is that "I am fun to be with."

So, Abby, keep telling girls not to try to grow up too fast. It isn't worth wrecking your teen years for. You'll be glad you waited. I know, I am.

16 AND HAVING FUN
CONFIDENTIAL TO "GO OR STAY HOME?" If your husband "begs" you to accompany him on some of his business trips, go as often as possible. I'd rather have someone else take care of my children than my husband.

Problems? Write to Abby, Box 69700, Los Angeles, Cal., 90069. For a personal reply, inclose a stamped, self-addressed envelope.

FOR ABBY'S NEW BOOK, LET "WHAT TEEN - AGERS WANT TO KNOW," SEND \$1.00 TO ABBY, BOX 69700, LOS ANGELES, CAL. 90069.

Couple Observes Anniversary

THE REV. AND MRS. CHARLES F. LAUGHLIN — of Greenville celebrated their 50th wedding anniversary Monday. They were entertained Sunday at the home of their daughter and son-in-law, Mr. and Mrs. John Talmage Davis, of Greenville. Laughlin of Louisville, Ky., and Jack Laughlin.

Dr. James Bramham Is Round Table Club Speaker

Dr. James Bramham, optometrist from Tarboro, was guest speaker at the Round Table Book Club on Tuesday afternoon, recounting his experiences as part of an "eye team" in Montero, Bolivia for two weeks in November.

He and five other optometrists, one ophthalmologist, one optician, and one technician went at their own expense under the sponsorship of the Myers Park Methodist Church of Charlotte to a Methodist mission hospital which is headed up by Dr. James Alley, a fulltime medical missionary.

Mrs. Douglas Wilson was hostess and served a dessert plate in keeping with the Valentine season, assisted by Mrs. Tom Claude. Several arrangements of carnations were used in decorating. Mrs. Robert Holt presided over the business session.

Bramham, an elder in the Howard Memorial Presbyterian Church of Tarboro, learned of the formation of the team, and made known his willingness to serve in this way. One member

of the team was a Baptist, other were Methodist, they were assisted in Bolivia by two Menomonic Peace Corps workers, one Lutheran nurse who was part of the German Peace Corps, two American Peace Corps nurses, and were received in the Bolivian community by the local officials who are members of the Protestant and Roman Catholic Churches.

He found the ecumenical aspects of the work to be a powerful force for good. He used slides to illustrate the poverty of the area in which they worked, and to indicate the tremendous need. The doctors knew they could not possibly care for every child who came to them, so looked after the most needy cases, screening as many as 200 children in a single day. The optician and technician took measurements for frames, and the prescriptions have been taken care of by the Churches of the Charlotte area he said.

Dr. Bramham in closing, spoke of the great work being done by Christian missionaries, and of how they make their meager funds accomplish so much good. He also paid high tribute to the Peace Corps workers and their wonderful dedication to serving their fellow men under the most trying of circumstances.

'Fashions And Crafts' Is Woman's Club Program Topic

"Fashions and Crafts" was the topic of the Woman's Club meeting on Friday afternoon at the club house.

Mrs. J. C. Galloway Jr. presented three high school seniors from Grifton who modeled articles of clothing they had made in school: Miss Earle Tucker, a coat; Miss Betty Lynn Gower, a blue formal dress; and Miss Donna Westbrook, a coat.

Miss Tucker and Miss Gower tied for first place and Miss Westbrook, second. All were presented a cash award, and were commended for their work by the judges, Miss Alya Rae Taylor and Mrs. Preston Cannon.

Mrs. Sylvester Green, only club member entering the contest, modeled a green silk dress. She will represent the club in the District Fine Arts Contest which will be held on March 9 in Greenville.

Crafts made by club members were on display in the club room.

Mrs. J. L. Savage, president, opened the meeting with a devotional on "Faith."

Letters were read from CARE expressing thanks for a donation and from a girl at Samarcand Manor, a correctional school, thanking the club for a birthday gift.

The club voted to pave the parking strip in front of the building and to change the club year to coincide with the calendar year as recommended by the State Federation.

The Club's Fifty Year History (1917-1967) which was compiled by Mrs. H. L. Rivers and Mrs. W. E. Roseveare was distributed to those present. Others may obtain a copy from Mrs. Roseveare.

Mrs. A. C. Downs of Mon-

roe, Ga. was a guest. Refreshments were served from a table decorated in a Valentine motif by the hostesses, Mrs. W. A. Pollard, Mrs. J. R. Worsley, Mrs. Louise Taylor, Mrs. R. E. Laughter, Mrs. T. W. Rouse and Mrs. Clara Alexander.

Dates For Hair Fashion Spring Clinic Announced

RALEIGH — The N. C. Hair Fashion Committee Spring Clinic will be held Feb. 18-19 here at the Sir Walter Hotel.

The Hair Fashion Committee meets each year following the release of the new trend for spring and summer. This year the trend is called the "Ruffled Curl Hair Fashions" collection by the official Hair Fashion Committee of the National Hair Dressers and Cosmetologists Association.

There are 21 members of the State Hair Fashion Committee who have received training from a member of the National Committee. They lecture and teach all day on platforms relating information and showing the new styles, hair cuts, hair coloring and permanent waves.

Members of the State Committee become members by examination and must maintain rigid standards. Examinations will be given Saturday before the spring clinic starts.

Shower Honors Couple Saturday

Bridal couple, Judy Morris and Rudy Michael Jones, were entertained at a miscellaneous shower Saturday night given by Mrs. Louise Spain and Mrs. Annie May.

Mrs. Adele Prescott greeted the guests. Guests were invited to the refreshment table by Mrs. Leona Givens.

The bride-elect was presented a corsage of white chrysanthemums and lily of the valley. A green and white theme was used in decorations throughout the house. The refreshment table was centered with a bridal bell which hung from the chandelier which was ivy-twined. The bride's mother served the cake and the bridegroom's mother poured punch.

A set of crystal salad bowls were presented to the couple from the hostesses.

Fifty guests were present, which included Mr. and Mrs. William Morris, Mr. and Mrs. Carl Sutton, Mr. and Mrs. Lyman Sutton, Mr. and Mrs. Lee Dennis, Mrs. Lossie McGowan, and Mrs. Kenneth McGowan.

Good-byes were said to Mrs. Cheryl Mills.

North Carolina has only one member on the National Official Hair Fashion Committee.

After a local association has sanctioned a member to be examined on a state level, he or she must then wait one year before applying for national examination after passing the state exam.

State officers of the State Hair Fashion Committee include Julia Harris of Greenville, historian. Another member is Eunice Robertson also of Greenville.

Afternoon Party Given For Mrs. Whitehurst Sat.

BETHEL — Mrs. William Morgan Whitehurst, the former Ann Pollard, was honored at an afternoon party Saturday at the home of Mrs. Mance M. Edmondson.

Assisting hostesses were Mrs. Clayton House, Mrs. R. L. Goodall, Mrs. Winfred Thigpen and Mrs. Grover Whitehurst.

Upon arrival, the honoree and Mrs. Wilson Andrews, a recent bride, were presented pink carnellia corsages. Mrs. Edmondson greeted guests and introduced them to the receiving line composed of the two brides, Mrs. Bill Pollard, Mrs. S. C. Whitehurst and Mrs. William H. Andrews.

Throughout the house, arrangements of pink and white tapers were used. The refreshment table was covered with a white maderia cutwork cloth over pink linen. The centerpiece was a two-tiered wedding cake made of white snowdrift mums and pink rosebuds topped with a miniature bride and bridegroom.

Spiced tea was poured by Mrs. Samuel Keel. Miss Jackie Carson, Miss Jean House and Miss Deborah Weeks assisted in serving.

Mrs. Whitehurst and Mrs. Andrews were remembered with gifts of crystal and silver.

Mrs. Clayton House presided at the register and said good-byes.

Friends Should Understand Course

South Koreans are wrong in making such an issue over United States efforts to free American sailors and the Pueblo which were brazenly seized by North Korea.

The United States has done all it could to aid South Korea, including fighting a war so that South Korea might establish a stable government and economy. If this had not been so, it is likely South Korea would have been swallowed up by the communist rather than becoming the flourishing nation it is today.

In the years since the armistice, American troops have stood beside South Korean soldiers to assure the country adequate defenses. While South Korea does not owe the United States an eternal debt, the country should at least be understanding while American carries out all possible negotiations to retrieve its ship and crew.

If a national poll had been taken immediately after the seizure, we have no doubt that the majority of Americans would have favored taking whatever military action necessary to retrieve the ship. Such an action could have meant great death and destruction for both South and North Korea.

Instead the United States chose the course of negotiation. And even though understandably the South Koreans resent the secret nature of the talks, we strongly doubt that U. S. negotiators will take any action which might prove embarrassing to its South Korean allies.

America should have the right to try to bring about the return of its crew and ship through whatever peaceful means it deems necessary. South Koreans, who have for so many years been our allies and friends, should make an effort to understand our position.

Police Academy Holds Promise For Our Area

The North Carolina Coastal Plain Police Academy, which was dedicated in Wilson last Sunday should serve well as a school of law enforcement training for this area.

It is expected that the academy will begin a two-year course which will lead to an associate degree in police science.

The building dedicated Sunday was only the first phase of the construction project. Later additional classrooms and a laboratory will be built. The third phase will be the addition of a section with dormitory type rooms.

The Coastal Plain Police Academy at long last represents the type of training that can be provided for young men and women who wish to enter the law enforcement field. And it is obvious that training for police officers is needed more than ever before.

We wish the academy success in its efforts. We foresee great benefits in the future to the field of law enforcement and, consequently, to the entire public.

The Consumer A Program For

WASHINGTON (AP) — President Johnson, bidding to put the 90th Congress into the record book as the "Consumers' Congress," has outlined a new eight-point program for this year.

The proposals, most of which had been detailed before Tuesday's special presidential message, include improved fish and poultry inspection, safeguards against home improvement and other sales frauds, a study of auto insurance and boating safety standards.

Some proposals, such as radiation standards for color television and other electronic products, already have won strong support at congressional hearings.

Others, such as the Senate-passed gas pipeline safety bill and the measure to protect against electric power blackouts, have drawn strong industry opposition but appear to have a good chance of enactment—if they can get out of committee.

Despite frequently difficult fights in committee where closed sessions conceal many votes, only a handful of members have cast negative votes in public against the growing list of consumer-oriented bills.

Strength For Today

By EARL L. DOUGLASS MATERIALISM DESTROYS THE SOUL

History tells us that many of the soldiers of Cortez were drowned because on certain occasions they insisted on holding fast to their bags of gold which caused them to sink down to their death.

Stories have often been written about people who loved their possessions so much that they gave up their lives trying to save them. Material things certainly have a value but they do not have that value. Our Lord asked, "What shall a man give in exchange for his life?" The question is a rhetorical one. A wise man holds no material thing of value compared with his life or the lives of others. Yet millions of people unconsciously build their lives every day on the philosophy of materialism. Their deepest conviction is that nothing in the world is so valuable as money.

Is it not worth while for us to recollect that life in itself is valuable? The living of it is a great experience. Certain physical needs must be met if we are to live at all, but most people wring their hearts in agony not over the necessities of life but over the things that constitute frills and decoration.

Are they worth it? Is not many a person today losing his life because, like the soldiers of Cortez, he insists at all costs on holding tight to things—on making the acquisition of things the chief quest of his life.

The record of major consumer bills before Congress shows:

1. Interest disclosure, passed 382 to 4 last week by the House after a weaker bill had been approved 92 to 0 by the Senate in July.
2. Meat inspection, passed last fall 403 to 1 by the House, strengthened 89 to 2 by the Senate with a bill close to the stronger version finally repassing the House 336 to 28.
3. Air pollution, passed 88 to 0 last year by the Senate and 362 to 0 by the House.
4. Flammable fabrics, passed last year by a voice vote in the Senate and by 325 to 0 in the House.
5. Auto safety and highway safety, passed unanimously by the Senate in 1966 and with just three dissenting votes—the highway safety measure—in the House.
6. Fair packaging, passed 71 to 9 in the Senate in 1966 and 300 to 8 in the House after a committee had watered it down.

In none of these cases do the final votes indicate the strength of industry opposition and the difficult fight which faced proponents in pushing the measures through.

The interest disclosure bill, described by some supporters as the strongest consumer bill ever to pass the House, is a good example of the way members reacted in committee and on the floor.

In the House Banking Committee, Democrats failed by a handful of votes to require that interest be expressed in annual percentages for revolving charge accounts and to include credit charges of under \$10.

But when they tried on the floor, the provision covering revolving charge accounts won by a vote of 135 to 19, while the \$10 limit was deleted by a voice vote.

In both cases, a key to the overwhelming votes was that the parliamentary situation would have required a roll call had the issue gone the other way. Even members opposing the two provisions were not eager to put their opposition on the record.

"You've probably noticed too that the fellows with the narrowest minds always seem to have the widest mouths." —Mason City (Ia.) Globe-Gazette.

"We will agree to any proposal that would substitute the word and the vote for the knife and the grenade in bringing honorable peace to Vietnam." —President Johnson.

"You Realize, of Course, This Could Also Curtail Your Plans for a Return Trip to Washington"

By JAMES KILPATRICK

Venezuela's El Dorado

There is an old wheeze to this effect, that an aeronautics engineer once undertook to compute the flight capabilities of the bumble bee. After prolonged study, he reached this expert conclusion: The bee had insufficient wing area to support the body weight. The bumble bee could not possibly fly. But it did.

The story applies aptly to Venezuela today. By every ordinary rule of expert analysis, Venezuela ought to be bogged down in bankruptcy; she ought to be grasping for military dictatorship with one hand, and for Communist domination with the other. At the very least, a nation whose parties lean only to the left ought to demonstrate a zeal for Socialist policies. If you look at charts on the oil industry, the very heart of Venezuela's economy, you shake your head: The oil industry, you conclude, cannot possibly survive.

Well, the oil industry, is earning a mere 20 to 25 per cent, net, per annum, on invested capital. Here in Caracas, electricity is sold by a private corporation; it fixes its own rates and pays a nine per cent dividend. The pattern of Venezuela is not state socialism; it is closer to state capitalism—a mixed approach in which old Marxists sit in board rooms and contemplate the earnings picture.

This is not all. Venezuela has been a "Catholic country" since the first Spanish explorers came with cross and sword. To this day, the fact sheets say "95 per cent Catholic." A better figure, one surmises, would be 65 per cent agnostic. The churches stand almost empty on Sunday; a typical Venezuelan hasn't been to mass in 15 years; the whole country—a

By FOY H. DUNCAN Feb. 8, 1928 All Set For Dollar Day

Local merchants today were all set for "Dollar Day" which opens in this city tomorrow morning, according to information given out this afternoon by C. B. Rowlett, secretary of the association. Fifteen merchants are taking part in the semi-annual event this year. They have the largest stocks on their counters and shelves since "Dollar Day" was inaugurated several months ago and are going to offer them at prices in keeping with the largest firms in the country.

Grace Moore Sings Way To Fame In N. Y. New York, Feb. 8 —Miss Grace Moore, formerly choir singer of Jellico, Tenn. and musical comedy star, has joined the growing circle of American girls who have

reached the goal of all singers —Stardom in the Metropolitan Opera Co. . . Making her debut on the stage with Marion Talley and Mary Lewis of Missouri and Arkansas, respectively, gained such signal success in 1926, Miss Moore sang the role of Mimi in "La Boheme" to the applause of an audience which included 125 folks from her home state and the approval of the critics. . . Tears came when Miss Moore's mother saw her daughter take twelve curtain calls as the audience applauded and the critical standers in the rear cried "brava."

Why Not Boycott Sweden, Too?

By ELMER ROESSNER Now that the boycott of French goods and travel to France is pinching President de Gaulle, let's boycott Sweden, which is not only offering a haven to deserters from the United States armed forces but appears to be encouraging desertion. More than 20 deserters have been given asylum there and the number may grow. Americans have been buying about a quarter of a billion dollars worth of goods from Sweden a year; in addition they spend millions more in travel there. Principal exports to the U. S. are special steels, cheese, furniture and some food specialties. Refusing to buy these products from Sweden and avoiding travel there and travel elsewhere on Swe-

dish ships and Scandinavian Airlines will show the Swedes how Americans feel and will help slow the gold drain. Surprise! Food Prices Are Really Cheap Today Notice how much cheaper food is today than it used to be? No gag. For example, the Department of Labor found that the prevailing price of chuck in 1948 was 64 cents a pound. One of the largest chains advertised it last weekend for 69 cents a pound. But today's price is only 48 cents a pound in 1948 dollars. Department of Labor statistics show that the dollar today is worth only 69 cents in terms of the 1947-49 dollar. With 1948 food prices taken

On the other hand, the 1948 prices were for annual averages, while the 1968 prices are for February, when food prices tend to be higher than in summer or fall, which may account for higher orange and potato prices in the 1968 columns.

Dedicated To Highway Safety

By WILLIAM A. SHIRES Reflector Raleigh Bureau

RALEIGH — Nothing concerns several state officials these days as much as the daily reports in the newspapers of fatalities on North Carolina's highways.

The reports are received regularly in the governor's office, in the office of the commissioner of Motor Vehicles and the headquarters of the State Highway Patrol. The grim statistics are plotted on a graph which compares the accident and fatality record with that of a year earlier.

Each fatal accident reported moves the red line of the graph upward and causes distress.

Governor's Concern The governor, Dan Moore, expressed his concern the other day in addressing the N.C. Traffic Safety Council.

"At times it has appeared that all efforts would be futile and that nothing humanly possible could stop people from killing themselves in automobiles on our streets and highways," Moore said.

The governor added, however, "I have been most encouraged in recent months. It now appears that our efforts in many areas are beginning to pay off.

"I believe we are at last beginning to emerge from the long dark night of increasing slaughter in motor vehicle accidents. Our efforts in enforcement, in education and in engineering are beginning to produce the results we envisioned nearly three years ago."

Constant Concern It was three years ago that former Gov. Terry Sanford confessed that failure to reduce the state's highway fatality rate was the greatest disappointment of his administration.

Sanford tried, and so did his people. The Moore administration accepted it as a challenge but saw no immediate results. Moore went to the legislature in 1965 proposing new measures such as compulsory vehicle inspection and other highway safety laws. The legislature enacted what Moore calls a "comprehensive traffic safety program."

Will it work? This remains to be seen. The governor himself feels that the coming year "is the crucial one for traffic safety in North Carolina."

Urges Public Support The governor emphasized his feeling that "public support is essential for success of our traffic safety effort." He called for support of the "total program" in each of its phases.

After his address to the N. C. Traffic Safety Council's board of directors, Moore went back to his desk to find the latest daily report on the number of fatal accidents on the state's highways.

WILLIAM A. SHIRES

One of these state officials refused breakfast the other morning because of newspaper headlines about a five-fatality accident on the highways near Henderson. "It made me ill," he said. "I was to upset to eat."

Dedicated To Task These officials — from the governor and motor vehicles commissioner to the very ranks of the highway patrol—are personally dedicated to reducing the state's highway toll.

"We must stop this senseless killing," says Howland, "no matter what it takes." "We're going to be tough," he says. "We have to be. We're going to do everything we can to prevent accidents and the public ought to be fully aware of these efforts."

Plan Renovate Water Tank

SNOW HILL — Mayor Melvin Oliver gave a report on the progress of the renovation of the town water tank and was authorized by the town board at their meeting Tuesday night to proceed with letting a contract for renovation of the water tank.

The mayor reported on the sewer survey and the demolition of unfit dwellings in the town.

The board adopted the 1968 edition of the State Building Code.

The installation of an additional street light on Third Street was approved and the board authorized the construction of housing over the industrial water system controls.

A special committee was appointed to handle the complaints on sewer and water charges each month. The committee will report to the general town board each month.

ECU Society Hosts Area Cadet Conclave

The East Carolina University squadron of Arnold Air Society is host this Saturday and Sunday for a conclave of Air Force ROTC cadets on campuses in two states.

It is the first time the Area B-2 Conclave has been held east of Raleigh. An attendance of some 200 cadets, members of the Angel Flight and officers is expected. Headquarters is the Holiday Inn of Greenville.

Campuses with AFROTC units and Arnold Air Society squadrons in Area B-2 are Duke University, North Carolina A&T State University of Greensboro, N.C. State University, the University of North Carolina at Chapel Hill, Virginia Polytechnic Institute and East Carolina.

Delegates will begin arriving Saturday morning and the first business session is scheduled early that afternoon. The annual Military Ball is scheduled at 8 o'clock Saturday night.

A final business session, at which one campus will be designated as area headquarters for 1968-'70, is scheduled Sunday morning. Then a banquet with ECU president Leo W. Jenkins as speaker, will end the conclave.

Area B-2, one of the 17 such areas of the nation, has had headquarters at UNC - Chapel Hill for the past four years.

How Carolina Lady Relieved Painful, Itching Piles

Treatment Shrinks Piles, Relieves Pain In Most Cases

Mrs. C. McKinney of Rutherfordton, N.C. says: "Preparation H relieved my pain and stopped my itching. I can now work and be comfortable. I've told lots of friends who've had the same results."

(Note: Doctors have proved in most cases—Preparation H actually shrinks inflamed hemorrhoids. In case after case, the sufferer first notices prompt relief from pain, burning and itching. Then swelling is gently reduced.

There's no other formula for the treatment of hemorrhoids like doctor-tested Preparation H. It also lubricates to make bowel movements more comfortable, soothes irritated tissues and helps prevent further infection. In ointment or suppository form.)

ECU Band In Concert Friday

East Carolina University opens its best band music to Eastern North Carolinians Friday night, with the Symphonic Band's annual winter concert in Wright Auditorium.

The 72 band members, drawn from the best student talent in the School of Music, will play a two-part program of music by composers Arban, Benson, Burke, Gossec, Kabalevsky, Krance, Mailman, Nelhybel, Persichetti, Riegger and Williams.

Conducting will be Herbert L. Carter, director of bands at the university.

The concert will begin at 8:15 p.m. It is free and open to the public.

It is the opening event of the two-day Eastern Division All-State Band Clinic that will bring about 170 of the top high school musicians in the eastern part of the state to campus for the weekend.

We didn't think about who had worn these clothings before us or why they had been kept. They were only there, intruders as we were, to enjoy by play. It is only when you are older that you conjecture about such things as fatefall, cherish and perish.

At the time we played with them, these remnants of before, they were something found by chance. And in the glory of our discovery and the joy of our wearing we did not pause to think of those who had worn these uniforms before.

They were only there, something to play with, and whoever owned the barn had kept them there, and we were only children who had snuck our way into the barn and made games with what we found.

It is very nice to have a barn in your life. It keeps a pleasant musty smell of now and then and always.

Gallup Says Public Confused And Disillusioned

By GAYLORD SHAW
Associated Press Writer
PRINCETON, N.J. (AP) — Pollster George Gallup, now in his fourth decade of surveying the moods of America, says the public today is confused, disillusioned and cynical and "wants desperately to find a way to resolve international problems without going to war."

"I think this goes back pretty much to their feeling of the inadequacy of the leadership of our country," says the man who founded the Gallup Poll in 1935. Only a handful of Americans want to pull out of Vietnam, or to "end the war by starting to drop nuclear bombs," Gallup said in an interview.

President Richard M. Nixon is "far, far ahead" in the race for the Republican nomination, although he termed Gov. Nelson A. Rockefeller of New York the strongest candidate the GOP could pick.

He said President Johnson is not in as much trouble politically "as the Republicans like to think," although the outcome of next November's election could hinge on the course of the Vietnam war.

Here is the question-and-answer interview:

Q. Dr. Gallup, how would you describe the current mood of America?

A. I think the mood of America today is one of rather great confusion and disillusionment. All the time we've been operating, 32 years now, I've never known a time like this—when people were so disillusioned and cynical. I think this goes back pretty much to their feeling of the inadequacy of the leadership of our country... the public wants desperately to find a way to resolve international problems without going to war.

Q. What does the public want to do in Vietnam?

A. First, only a small number

just want to pull out tomorrow. On the other hand, that small group is balanced by about the same number of people who would end the war by starting to drop nuclear bombs. The views of the great majority of the people fall in between these two extremes.

A few months ago, we submitted seven different proposals that had been presented for resolving the war. The one most widely supported (by 71 per cent of the people) is one that would have our Army officers start doing a job of really training the South Vietnamese, bringing them up to fighting level, then phasing out our own operations. Within a period of time, they would be carrying the burden. We would still be supporting them. Most people see that sooner or later this plan has to be adopted. We can't stay there forever and prop them up.

The second most popular plan calls for turning over the whole problem to the United Nations, even if the United Nations tells us we must get out. Of the two

plans, I think myself that the first one is more practical—to phase out.

Q. What do Americans view as the big problems of our day?

A. First of all, obviously, is Vietnam. In second position, comes racial problems. Inflation is rapidly moving up in importance. I would think next in order would be the crime problem in America. A lot of people tend to associate crime with riots. The problem of crime is of great, major concern. The strength of the Wallace third party movement is largely based upon the crime issue. Many of Wallace's supporters are concerned with respect for law and order.

Q. Is President Johnson in trouble politically?

A. Our data indicates not as much as the Republicans like to think. Johnson, from almost every point of view, and especially with the possibility of a Wallace candidacy, is still in a pretty strong position—because the one candidate who could appeal to independents and dissident Democrats is Nelson Rockefeller, and his chances of winning the nomination at this time cannot be called too rosy.

Q. Then you think Rockefeller would be the strongest Republican candidate?

A. At this time he is, yes. The reasons go back to the simple arithmetic of the whole political scene. In these surveys, one of the standard questions is "Do you regard yourself as a Republican, Democrat or independent?" In 1940, the number of people who regarded themselves as Republicans was just about equal to the number that called themselves Democrats. Through the years, the Republi-

cans have declined in number and popularity, and now about 27 per cent of the American public identifies itself with the Republican party; about 42 per cent with the Democratic party, and about 31 per cent call themselves independents. This is the highest figure for independents we've ever had. You might say that on this basis the Republican party is a third party—Republicans polling their full strength would be hopelessly defeated. They've got to get a considerable number of the independents and chip away at the Democrats to get over that 50 per cent line. The Republicans need, obviously, a coalition-type candidate.

Q. Who do you predict will be the Republican presidential nominee?

A. The word predict is one we try like hell to avoid. All we can do is report sentiment at a certain time... You can say, as of the present time among Republicans, Nixon is far, far ahead. We also poll Republican county chairmen, and they reflect party sentiment at the local level pretty well. They give Nixon a very big lead.

Actor Nick Adams Found Dead; Autopsy Scheduled

LOS ANGELES (AP) — The body of actor Nick Adams was found Wednesday night in an upstairs bedroom of the West Los Angeles home where he lived alone.

The cause of death was tentatively listed as natural. An autopsy was scheduled. Police said there were no marks on the body.

Adams, 36, was the star of television's "The Rebel" several seasons back and appeared in a number of movies.

The actor's lawyer, Ervin Roder, said he climbed through a rear window because the door was locked and found Adams' fully clothed body sprawled on an unmade bed.

Adams and his estranged wife, actress Carol Nugent, became involved in cross divorce suits. For a time Adams had custody of their two children.

Allyson, 7, and Jeb Stuart, 6. A date for their divorce trial was pending, Miss Nugent's lawyer said.

The news of his death "upset her extremely," her attorney added.

In the last three years, Adams' career had fallen off, although he made several films abroad. His Hollywood pictures were limited to such movies as "Monster of Terror," "Young Dillinger," and "Frankenstein Conquers the World."

His lawyer said Adams was to film two new movies.

Adams was born July 10, 1931, in Nanticoke, Pa. His father was a coal miner and during the Depression Nick and his brothers were shunted to relatives. His real name was Nicholas Adamchok.

The Last Time

SAN DIEGO, Calif. (AP)—Donald Marsh, 48, quit driving taxicabs in December after being held up. He took it up again a month later, saying he wanted to drive only long enough to acquire enough money to start a grocery business. Tuesday he was held up again—and robbed of \$17. Wednesday he was found shot to death in his cab—apparently the victim of another robbery, police said.

Hot-Shooting Richmond Trims East Carolina

NOT REALLY A FOUL — Richmond's Terry Burgess (42) appears to be committing a foul by hanging onto the arm of another player as he and East Carolina's Vance Colbert (30) and Jim Modlin (52) fight for a rebound.

By WOODY PEELE Reflector Sports Editor

The Richmond Spiders, who are advertised as one of the poorer shooting teams around, set fire to the goals in Minges Coliseum last night as they roared to a 102-78 victory over the East Carolina Pirates.

The Spiders shot a "noor" 53 per cent in the first half, hitting on 16 of 30 shots. Then they came back to finish up with a flurry. In the final half they hit 22 of 32 shots, an amazing 69 per cent. That gave them a red hot 61 per cent for the game.

East Carolina, meanwhile, hit on just 38 per cent in the first half and ended up with a satisfactory 44 per cent, what Richmond is supposed to average.

The Spiders, leading by nine at the half, came back and hit their first five straight before missing three. Then they hit six more before missing again. By then, the Pirates were 20 points down, and although they struggled back to within eight, Richmond used the foul line to good advantage and pulled away again.

Richmond hit on 26 of 42 attempts at the line, while the Bucs got 16 of 31, both having cold nights there. East Carolina had 28 fouls called against them, while Richmond had 22, and most of those came in the last few minutes after the game was out of reach.

Richmond never trailed the entire game. Wilton Ford put the Spiders ahead after a minute from underneath, 2-0. Kenny Foster then hit for a 4-0 lead. The Bucs finally got their first basket after nearly four minutes when Vince Colbert drove in for a shot. Thompson hit to keep the Bucs within two and then Colbert got another field goal to cut the lead to 7-6 after Ford hit from the floor and Picot Frazier made good on a foul shot.

Terry Burgess hit to push Richmond out by three again, but Tom Miller cut it back to one with an East Carolina field goal. Foster hit on a free throw and then Ford connected again to make it 12-8. A minute later, Foster hit again and raised the margin to six at 16-10, and after another swap, Frazier connected and made the lead eight at

20-12 with 9:22 left in the half. East Carolina got a free throw by Jim Modlin to make it 24-17, but Ford hit again to raise the margin to nine at 26-17.

The Bucs then put on a rally and closed the gap to four points, at 31-27, as Colbert got not and led the charge. But the drive ran out of steam and the Spiders pulled away again, as Terry Burgess hit once and Ford got a basket and two free throws to pull out by 11 at 40-29. Richard Kier hit for the Bucs at the buzzer to cut the lead back to nine at the half, 40-31.

But in the second half, Richmond blistered the nets and that was it. In the first minute of play, the Spiders got baskets from Ford and Burgess to build their lead back to 12 at 44-32, and after four minutes had the lead back up to 14 at 50-36 as Ford hit again.

East Carolina came back again, cutting the lead back to eight at 51-43 as Colbert and Modlin each got a couple of baskets, but Foster hit a streak, getting three straight jumpers from beside the circle to shoot the lead back to 14 at 57-43.

The Bucs got another basket and then Richmond got eight more points to push the lead to 20. Ford railed the lead to 16 and Frazier hit to make it 18. Ford and Frazier each got free throws to make the lead 65-45 with 10:08 left in the game.

East Carolina slowly began to whittle away the lead, but didn't make a great deal of progress until Miller hit to make it 75-61 with 6:15 left. Thompson then got two quick baskets and Bob Lindfelt hit on a pair of free throws to cut the lead back to eight at 75-67 with 5:23 to go.

But East Carolina still couldn't cool off the Spiders, as Foster, Frazier and Burgess combined to raise the lead back to 15 points at 86-71 with 2:13 left. After that, the Spiders just steadily pulled away to build up their final 24-point bulge.

Ford led Richmond with 29 points, while Foster had 22, Frazier had 18 and Burgess had 14.

Colbert led East Carolina with 19, while Kier had 16, Thompson had 14 and Miller had 10.

The Pirate freshmen captured a 97-85 victory over the Spider Mites in the preliminary battle. The Bucs worked up a five point lead early in the game, then fell back by four at 18-14 before coming back to take the lead for good at 19-18. From there, the freshmen built up a 45-32 lead at the half.

In the second half, the Baby Bucs led by as much as 14 points before the end came. The Spiders were paced by Stan Ryfinski with 35 points,

while Ed Surgan had 17 and Bart Eisner had 16.

But Ryfinski's effort was overshadowed by East Carolina's Jim Gregory, who hit 38 for the Bucs, and left the game with about three minutes left with a sprained ankle. He is expected to be ready to play by Saturday. Mike Dunn added 33, and Ken Hartzler had 12.

The Pirates play host to William & Mary on Saturday, while the Baby Bucs meet the W&M Papposes.

FRESHMAN GAME Richmond: Ryfinski 35, Hewitt 5, Eisner 16, Welch 8, Wiseman 2, Surgan 17, P. Bushkar 2, B. Bushkar, East Carolina: Wyche 4, Gregory 38, Dunn 33, McKillop 4, Hartzler 12, Hauerbringer 6, Logan.

Greene Central Rallies To Win

SNOW HILL — Greene Central rallied in the final period to take a 54-50 victory over Hobbs last night. It was the fourth straight victory for the

Rams, and boosted the Eastern Plains Conference record to 6-6. Hobbs pulled away into a 14-9 lead in the first period, but Greene Central stayed with them after that, and trailed by only 30-26 at the half.

In the third period, Hobbs again tried to pull away, building its lead to 46-39. Greene Central then brought together their defenses and charged back to outscore Hobbs, 15-4, and take the victory.

Kenny Joyner led Hobbs with 20 points, while Frank Jordan had 15. Malcolm Smith paced Greene Central with 12

points. Greene Central also won the junior varsity contest, 51-42.

Italian Pulls Upset; Hockey Hope Crushed

By JOHN FARROW Associated Press Sports Writer GRENOBLE, France (AP) — An Italian pulled off one of the biggest upsets in Olympic history in cross country skiing, but any such prospects for the U.S. hockey team have faded after three losses — two in the standings and one in the hospital.

The U.S. team, which must meet heavily-favored Russia on Friday, had nursed some hopes of winning a surprise medal until Craig Falkman suffered a severe leg sprain and slight dislocation, and the Americans fell to Sweden 4-3 Wednesday without him.

The U.S. lost to Czechoslovakia 5-1 on Tuesday. "It hurt us," said U.S. Coach Murray Williamson. "He was playing great and we were forced to use a defenseman in the attack. Falkman will not play again in these Olympics and we will miss him."

Union Games Opening Here

Representatives of 18 different colleges and universities converge on East Carolina University and Greenville beginning tonight for the annual Intercollegiate Games Tournaments for Region V. A total of 135 men and women will take part in the events, which include pocket billiards, men's and women's bowling, bridge, chess and table tennis.

The tournament is a part of the program of the Association of College Unions-International. All participants, including those from hosting East Carolina, are campus winners, winning local tournaments in their events.

Geo. Washington Upsets VMI, 60-59

By THE ASSOCIATED PRESS

George Washington has triggered a ripple of excitement in its bid to escape the Southern Conference basketball basement, but a look at the schedule suggests any hopes the Colonials might have of succeeding are more fanciful than realistic. The Colonials shocked Virginia Military Institute's Keydets Wednesday night 60-59, but it still left them in the cellar with a 2-10 record behind East Carolina's Pirates—3-6 after a 102-78 Wednesday night by Richmond—and William and Mary's Indians at 3-7.

George Washington has two league games left, East Carolina and William and Mary four each—but the Colonials' last two encounters are afternoon television affairs at home against front-running Davidson on Feb. 17 and at second-place West Virginia on Feb. 24.

The Colonials' chances of winning either don't look bright.

Garland Pinkston was the GW hero Wednesday night, hitting a field goal with two seconds left after the Colonials had blown a 32-15 halftime lead and a 47-26 margin with 13 minutes remaining.

VMI, which hit only 19 percent from the floor before intermission, tied the game at 51-51 with less than three minutes left, but John Kemper missed a one-and-one free throw with the Keydets leading 59-58 to set up the Colonials' winning basket. GW's Roger Strong had a game-high 18 points.

Dave Reaser packed most of his 24 points into the second half as West Virginia staggered to a 79-75 decision over Georgia Tech after holding a 42-32 edge at intermission. The losers' Phil Wagner had 29 points.

The Citadel couldn't cope with Florida State's 6-foot-9 sophomore, Dave Cowens, and dropped a 93-50 decision to the Seminoles. Cowens scored 28 points and grabbed 30 rebounds.

Bunting Draws Praise By Pros

By THE ASSOCIATED PRESS

North Carolina's Bill Bunting, drawing most of his plaudits for defensive play, is rated by pros scouts one of the finest in the Atlantic Coast Conference.

The Tar Heels walked to a 108-65 victory over Virginia Tuesday night for their 13th straight victory, and play the Wake Forest Deacons tonight.

Two other Tar Heels are being praised by a scout for the professional Baltimore Bullets, Jerry Krause.

"Larry Miller can play anywhere on the court," Krause said. "I saw him two days in the Far West Classic and he was terrific. And let me tell you something about Charlie Scott. They can talk all they want about Pete Maravich and Cal

Murphy, but Scott belongs in the same company with those sophomores. You've got to include him in the same breath." Wake Forest gets two opportunities this week to snap its losing streak, which reached five games in Saturday's loss to South Carolina.

The Deacons will have gone exactly one month since last tasting victory when they battle the sharp-shooting Tar Heels tonight. Their last win came against Virginia on Jan. 8 by a 97-90 margin.

It won't be an ACC game tonight, but the encounter between Duke's Blue Devils and Southern Illinois in the old Madison Square Garden will count as one of Duke's most important battles.

Turner's Record Expected To Fall

DAYTONA BEACH, Fla. (AP) — Curtis Turner's year-old qualifying record of 180.8 miles an hour for the Daytona 500 stock car race was beaten unofficially by five drivers — three of them in Mercury Cyclone GT's — Wednesday in practice runs for Sunday's official trials.

Cyclones driven by Cale Yarborough and Tiny Lund both were clocked at speeds more than five m.p.h. above Turner's record, which he set in a Chevrolet, as they turned the 2.5-mile Daytona International Speedway track in stiff winds that frequently caused trouble on the banks.

Yarborough, from Timmons-ville, S.C., came in at 185.758 m.p.h. The 265-pound Lund, of Cross, S.C., was recorded at 185.754 m.p.h.

Others beating Turner's mark on the tune-up runs were Dave Pearson of Spartanburg, S.C., who logged 183.894 m.p.h. in a Ford; Leroy Yarborough of Columbia, S.C., who hit 184.354 in

another Mercury, and Richard Petty of Randleman, N.C., who came in with 182.785 in a Plymouth Roadrunner.

Top qualifier for the race gets the pole position on the start and a \$5,000 purse. The 500 carries a purse of \$100,000.

Lund the 1963 winner of the Daytona 500, says he wouldn't attempt to guess at the speed that will be required to win this year's race. "The cars will run even faster in the actual race," Lund said.

But he predicted the pole winner "is going to have to turn the required two qualifying laps at 186 m.p.h. or better."

Lund said the wind blowing along the track would help the speed but still makes it more difficult for the driver.

"The G-forces were terrific on the banks," he said after Wednesday's run.

"My face felt 10 feet long and I thought I'd push the bottom of the seat out. It was a real hairy ride in that wind. I used twice as much track as I usually do in getting around."

Maravich Tops SEC Year Mark

By TED MEIER

Associated Press Sports Writer You could call Pistol Pete Maravich the Babe Ruth of college basketball.

He draws the fans to watch his fantastic shooting in much the same manner as the late Sultan of Swat did baseball fans when he was hitting-home runs for the New York Yankees.

Whether his team wins or loses, the sophomore sensation for Louisiana State has been getting his average of 45 points per game with several bursts of 50 or more points.

Maravich did it again Wednesday night even though LSU lost on the road to Auburn 74-69. He threw in 39 points, including a streak of 25 in a row at the start of the second half, and set a Southeastern Conference season scoring record of 793 with eight games still to play.

"It was just an average game," Maravich said after he had erased Bob Pettit's old SEC scoring mark. Pettit, former LSU All-American, tallied 785 points in 25 games during the 1964 season.

Maravich's 25 points in a row is believed to be a national collegiate record. In fact, he accounted for 31 of LSU's 37 points in the second half.

Maravich's heroics overshadowed the 72-71 squeaker sixth-ranked New Mexico scored over 10th-ranked New Mexico State in the only game involving teams in The Associated Press Top Ten.

Greg Howard's free throw in the closing seconds gave the Lobos the victory in the see-saw struggle on their home court at

Albuquerque, N.M. Howard, who had been thrown out of two games already this year, one last Saturday when Arizona ended New Mexico's 17-game winning streak, said the Aggies tried to get him mad by crowding him.

P&M Wins Title In Industrial

Greenville Parts & Metal won the Industrial League championship last night with a 47-37 victory over winless Carolina Telephone. In the other game, Union Carbide took over second place with a 64-47 win over Collins & Aikman.

In the opener, P&M gained a 26-18 lead at the half, and then outscored Carolina Tel, 21-19, in the final half to take the win and with it the title.

David Moore led the way to the victory with 15 points, while Jim Hughes led Carolina Tel with 13 and Robert Norville had 10.

Union Carbide edged out into a 30-23 lead at the half of the second game, then shot away to outscore C&A, 34-24, and win handily.

Talmadge Adams led Union Carbide with 29 points, while Tom Reese added 10. Jack Connel had 13 and Roger Hobgood had 11 for C&A.

Champ P&M is now 11-0, while Union Carbide with 6-5, C&A is 5-6 and Carolina Tel is 0-11.

Wachovia, Pure Get Ladies Wins

Wachovia Bank and Pure Oil moved into first place in the Ladies Basketball League with victories last night. Wachovia downed Azalea Mobile Homes, 43-38, while Pure beat Coca-Cola, 30-18.

In the opening game, Wachovia inched into a 6-5 lead in the first period, then built that to 14-11 by the end of the half. Azalea fought back to tie it up 27-27 at the end of the third period, but Wachovia outscored Azalea, 16-11 in the final half for the victory.

Kay Little led Wachovia with 26 points, while Suzzann Manning had 13 and Dottie Hill had 11 for Azalea.

Coke and Pure fought to a

6-6 tie in the first period, but Pure moved away to a 16-10 lead by the half. In the third period, Pure built its lead to 24-15, and then coasted through the final frame for the win.

Carol Joyner led Pure with 14 points, while Pat Kilpatrick had 10. Gloria Clark and Judy Baker with seven each, led Coke.

Wachovia and Pure are now 3-2, while Coke and Azalea are 2-3.

Opening lead: Five of ♣
 Alert defense by West produced a substantial swing when this hand was dealt in a recent team-of-four contest. A final contract of three no trump was reached at both tables by North and South on an identical sequence of bids. At one table, West opened the five of hearts, East put up the king and South played the ace. The latter could count eight top tricks—five diamonds, two clubs, and the heart. In order to score a ninth, it is necessary for

declarer to sneak thru a spade trick before the opposition is put on the alert. A small spade was led by South at trick two and West followed with the deuce. The king was played from dummy and when it held, declarer scampered for home with his nine tricks—cheerfully conceding the balance to the defense. At the other table the play began in an identical manner; however, when the six of spades was led to the second trick, West paused briefly before putting a card on the table. South's failure to touch diamonds first indicated that the latter held the ace and the suit was, therefore, ready to run. If the declarer also had the ace of clubs which appeared reasonable on the basis of his opening bid, then eight tricks were in plain sight, and the king of spades would round out the latter's quota on the deal. On this reasoning, West rose with the ace of spades and cashed the queen of hearts. If his partner held the jack, West expected him to drop it under the queen to avoid blocking the suit. When the jack actually fell from South's hand, West cashed out to defeat the contract by one trick.

Regional Health Planning Meet Set February 15

A regional workshop for Eastern North Carolina on comprehensive health planning will be held at the Moose Lodge in Greenville on Feb. 15. The workshop, sponsored by the University of North Carolina School of Public Health in cooperation with the Office of Comprehensive Health Planning and the N.C. Department of Administration, will begin at 9 a. m. with registration. Dr. Charles Cameron Jr. of Raleigh, director of the N. C. Office of Comprehensive Health Planning, will outline the state plan and Elmer Johnson, assistant director, will explain area-wide planning. Dr. Cameron and Johnson will team up with local health planning officials for a panel discussion of "How to Get Started in Health Planning." Following a 12:30 luncheon, workshop participants will be divided into 10-member groups for about an hour of discussion and questions. A general session at 3:45 p. m.

The Worry Clinic A Good Charm Course Can Do Great Things

Nora felt that she was a twin for the "Ugly Duckling." But after just three months of following the advice below and using that booklet on gay conversation, she had literally become so popular that she had to rotate her boy friends! A good "Charm Course" can do wonders for all shy, awkward and unhappy girls!

By GEORGE W. CRANE
 CASE E-582: Nora Q., aged 17, is unhappy. "Dr. Crane," she began, "no body likes me. Why, I don't even rate well with girls, not to mention boys. And it is all because I am not beautiful. So what is the use of living if you can't be pretty?" Nora needed two things very badly, namely, a new outlook on life, plus a "Charm Course." For a lot of beautiful girls bemoan the fact that they can't rate a second date with the same man! "Dr. Crane," many of my coed students at Northwestern University would exclaim, "I guess I am just what you call a one-date girl. Since I dress well and have even been entered in our campus beauty contest, I can usually get a first date with a new boy. But he seldom asks me for a second date, so what is wrong with me?" Girls, it is smart to utilize all the natural beauty and reasonable cosmetic aids possible to enhance your "attention attracting" value. But to rate that second and third date with the same boy, you need what advertisers call "attention holding" appeal. Briefly, that is "charm." For mere beauty along may leave your personality flat, dull, stodgy and boring. But "charm" adds the sparkle and dynamic appeal that keeps boy friends coming back for additional dates! "Dr. Crane," Nora asked, "what is charm and how can I acquire it?" Well, charm starts with a widened perspective. You must stop selfishly focussing on yourself. Instead, use your companions as the main target. "I WANT TO FEEL IMPORTANT" is the invisible brand that is indelibly imprinted on their chests. So smile! For a smile is a non-verbal or "sign language" form of compliment which intimates: "Your presence is pleasing to me so I hope we can be friends, etc." And when you add a spoken greeting, like "Help," don't drop to a lower tone on your fade-out. Instead, rise at the finish, for that adds sparkle. Then help your companion get conversation rolling along without effort. Use the "H-E-L-P" quick formula where "H" stands for "Hobbies"; "E" for "Entertainment"; "L" for "Literature" (including books, newspaper features and even comic books); and the "P" indicates the broad field of "Politics." Dety probe around till you strike a responsive chord. A gay conversationalist who makes her companion feel important will automatically be rated much higher even in sheer cosmetic beauty. But meanwhile, take

Girl Scouts' Cookie Sale Begins Feb. 16

The annual cookie sale of the Girl Scout Council of Coastal Carolina will be held from Feb. 16 through March 2. Each year Junior, Cadette and Senior Girl Scouts sell cookies to help support the council camping program and to raise funds for their own troops. Most of the profit from the cookie sale is used for major renovations and replacements, new buildings and equipment for two established camps and several troop camp sites, and some is used for special camping events for girls. Troops use their bonus for each box sold for troop projects, so every box of cookies sold contributes to Girl Scouting for many girls. There will be five varieties of cookies — assorted sandwich, chocolate mint, butter flavored shorties, peanut butter sandwich and koko—a coconut with chocolate. Funds for administration and year round operations of the Girl Scout Council of Coastal Carolina come from United Funds, Community Chests and Girl Scout drives, but capital expenses for camping and funds for special camping events are

\$2,600 Paid For Mormon Book

NEW YORK (AP) — A rare copy of a guide for Mormons who joined the California gold rush in the 1850s brought a top price of \$2,600 at a Parke-Bernet Galleries book auction Wednesday. The book, entitled "Mormon Way-Bill to the Goldmines," was published in Salt Lake City, Utah, in 1851, and was intended to guide Mormon gold-seekers to camping sites and water holes in the California gold mine area. Only five of the volumes are believed in existence.

very special tobacco

LOW IN "TAR" AND NICOTINE
 According to published figures, TRYON is among the very lowest: 11.30 mg. "tar" and 0.90 mg. nicotine average per cigarette. Only the first three primings—the tobacco that ripens first—are used in TRYONS. This tobacco is naturally lower in "tar" and nicotine.

UNUSUALLY EFFECTIVE FILTER
 The full flavor of TRYON'S natural tobacco taste comes through, but the TRYON filter is a major factor in reducing the "tar" and nicotine in the smoke. Even with this efficient filter, TRYONS are surprisingly easy on the draw.

REGULAR OR MENTHOL
 Look for this distinctive design—gold on yellow for regular TRYONS, silver on turquoise for Menthol. Whichever you prefer, pick up a carton and discover the full-flavored satisfaction of smoking very special tobacco; you may never switch again. TRYON... the cigarette you can really enjoy.

INSECTICIDE-FREE TOBACCO*
 VERY SPECIAL TOBACCO means naturally mild, low in "tar" and nicotine, and grown without the use of harmful insecticide poisons. *Less than 1 part per million

WHY "LIMITED"?
 The very special tobacco of TRYON is scarce, and more expensive. Naturally light and mild, it is the secret of TRYON'S natural tobacco taste. That is why TRYONS will always be in limited supply, and why they command a premium price.

Stock And Market Reports

RALEIGH (AP) — (NCDA)—North Carolina hog markets today were steady to 25 higher. Tops of 18.25-18.75 Rocky Mount; 17.75-18.50 Wilson; 17.25-18.50 Tarboro; 17.25-18.25 Bethel; 17.25-18.00 Statesville; 8.50 Salisbury; 18.25—Greensboro; 18.00 Goldsboro; 17.75 Selma; 17.50 Siler City, Denton.

RALEIGH (AP) — (NCDA)—The North Carolina live poultry market undertone was firm today. Price of live poultry at the farms 12½ cents a pound.

NEW YORK (AP)—The stock market headed lower early this afternoon after a feeble early advance sputtered out. Trading was fairly active.

Losses outnumbered gains by a 7-to-5 ratio, erasing a small edge to the plus side in initial trading.

The Dow Jones industrial average at noon was down 2.72 at 857.20.

General confidence continued to be impaired by the dragging suspense over the military situation in Vietnam and the USS Pueblo situation.

To these international worries was added another—news that Jordanian and Israeli troops had fought an artillery and machine gun duel across the Jordan River.

Weakness showed especially in some of the higher-priced glamour stocks. IBM dropped about 8 points and PeLaroid about 7.

Losses of fractions to a point or so were the rule among most key stocks.

The Associated Press average of 60 stocks at noon was off 6 at 313.6 with industrials off 1.0, rails off .6 and utilities up .2.

Xerox lost 4, Control Data 2.

N.Y. City Sanitation Men Defy Back-To-Work Order

By BOB MONROE
NEW YORK (AP) — New York City's 10,000 striking sanitation men defied an order to return to work today and Mayor John V. Lindsay asked Gov. Nelson A. Rockefeller for state assistance to cope with growing five-foot garbage piles. The state assistance included possible use of the National Guard. Rockefeller canceled an early morning appointment and was in the city. Lindsay also issued an executive order authorizing the temporary transfer of 3,000 city employees, chiefly laborers and truck drivers, to emergency sanitation duty.

The mayor, vowing to "fight lawlessness with every lawful resource," had ordered striking sanitation men to return to work by 7 a. m. today. A spokesman for the Department of Sanitation said tersely: "The men did not report for work."

At the recommendation of the Board of Health and the city's Emergency Control Board, Lindsay declared that "a health emergency" existed in the city.

More than 50,000 tons of uncollected garbage has accumulated during the week-long strike. Some streets, including Times Square, looked like the aftermath of some mammoth celebration, and occasionally gusty winds swept papers and filth about.

Farm Bureau President R.H. McLawhorn Jr. will preside during the dedication and Ralph C. Tucker will accept the portrait. State Farm Bureau President B.C. Mangum will also be present. A reception will be held following the ceremony.

NIGHT MINISTRY
CHARLESTON, W. Va. (AP) — Charleston Clergymen will visit nightclubs and saloons to counsel bar patrons who they think are "lonely and unhappy."

The new "night ministry" was voted Tuesday by the Charleston Ministerial Association.

Killer Will Get No New Trials

RALEIGH (AP)—Frank Wetzel, convicted in 1958 of killing two North Carolina Highway Patrolmen, will not receive new trials as he had hoped.

The State Supreme Court Wednesday affirmed Superior Court decisions that Wetzel's original trials did not violate his constitutional rights.

Wetzel had petitioned the Supreme Court to review the lower court ruling. The tribunal gave no explanation to its orders as to why it rejected his petitions.

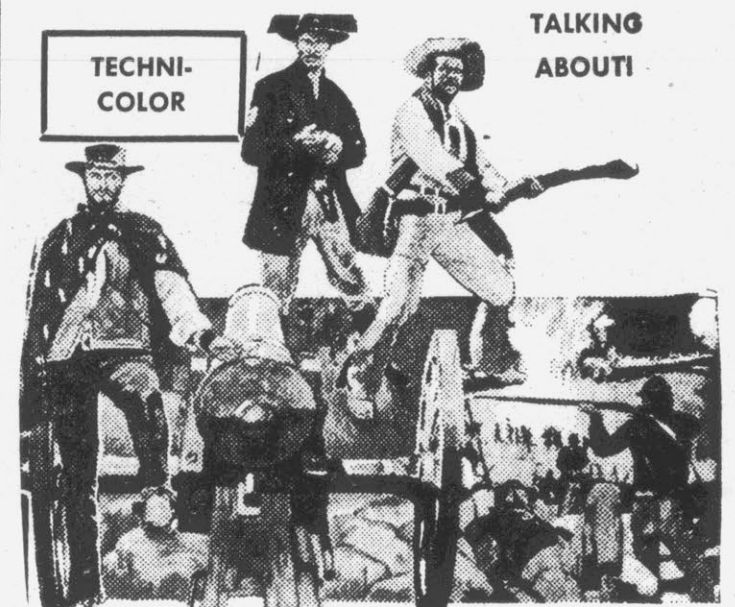

Wetzel was convicted in Lee and Richmond counties of slaying troopers W. L. Reece and J. T. Brown in 1957 and sentenced to 46 life terms.

Wetzel, 46, contended in his petitions that he was originally tried in a "carnival or circus-like atmosphere."

Queen Ends 37 Years Of Exile

MADRID, Spain (AP) — "Long live the queen!" shouted thousands of Spaniards Wednesday as Queen Victoria Eugenia returned home with tears in her eyes after 37 years in exile.

The queen, who left Spain in 1931 with her husband, King Alfonso, after the Republican rise to power, returned for the christening of her 10th great-grandchild.

She became queen of Spain by marriage more than 61 years ago and has lived nearly four decades in Italy and Switzerland.
