Something For Everybody

RECEIVING CHECKS . . . J. H. Rose, Pitt County Civil Defense director, and Col. David Spivey, Area Commander, present checks to Harry Hagerly, Greenville City Manager; R. S. Persinger, mayor of Ayden; Walter

Dail, mayor of Winterville; Leonard Bloxam, Supt. of Greenville Utilities; and J. H. Pittman, Supt. of Farmville Utilities. (Reflector Photo by R. W. Gollobin)

Greenville Given \$67,174 Ice Storm Damage Check

The city of Greenville received a check for \$67,174 this morning from the North Carolina Civil Defense Fund for damages incurred during the ice storm which struck the area last January.

Other surrounding municipalities receiving checks were Winterville, \$5,032.00; Fountain, \$953.00; Ayden, \$15,

638.00; and Farmville, \$6,558.00. Outside the county, Goldsboro received \$15,961.00; Elizabeth City, \$3,456.00; Washington, \$8,190.00; Wilson, \$7,896.00; and Tarboro, \$1,502.00.

A Slackening In Racial Disorders

Racial disorders slackened considerably Tuesday night in Gary, Ind., Peoria, Ill., and Seattle, Wash., which had been troubled by disturbances.

In Seattle's Negro district, two policemen suffered minor injuries during disorders, but authorities noted they were a far cry from Monday night's disturbances when eight patrolmen and two Negro youths were injured.

City Schools Lead State With Grads Going To Colleges

Greenville City Schools ranked first in percentage in the state for the number of high school graduates entering college. Greenville's percentage figure is 69.5, which means that more than 2 of every 3 high school graduates from the city schools enters college.

PARIS (AP) — North Vietnam today denounced press conference statements by Secretary of State Dean Rusk as new evidence of "the obduracy of U.S. aggressive ruling circles" in pursuing a "policy of war and aggression."

EXTENDED WEATHER OUTLOOK FOR N. C.

Temperatures through Monday will average near normal, quite warm and humid. Scattered mostly afternoon and evening showers.

Growers Said Generally Pleased

Estimate Early Sales On Border Belt At \$70

By REESE HART FAIRMONT, N. C. (AP) — An estimated record price average of \$70 per hundred pounds was reported today on early cured tobacco sales at auction markets of the South Carolina-Border North Carolina belt over the season.

price support program. Generally, there is less nondescript. State Agriculture Commissioner James Graham, who toured several warehouses with Cyrus, was equally pleased with the opening prices.

L. C. Walters, a farmer who lives near Fairmont, said he was "happy with the prices I got." Walters sold about 1,500 pounds for an average of \$69 to \$70.

der Belt. The next pile brought \$73. At the end of the first two rows, which totaled about 125 baskets the auctioneer, Al Watford of Kenbridge, Va., said: "It's an exceptionally good crop of tobacco. I think the average for today will be \$70. The crop is as good or better than it was last season. Not a single pile on the first two rows went to the government under the price support program."

Return Tonight

Greenville's Teener All-Stars defeated Elgin, Illinois, this morning, 6-4, to win the Regional Championship and a berth in next week's National Tournament in Easton, Pa.

Reagan Says Third Party Vote Wasted

WINSTON-SALEM (AP) — California Gov. Ronald Reagan told North Carolinians Tuesday night their votes would be "wasted in a futile effort" if they cast them for third party presidential candidate George C. Wallace.

Task Force Raids VC Base Camp

SAIGON (AP) — A task force of armored American gunboats, helicopter gunships and South Vietnamese marines plunged deep into the fertile Mekong Delta to raid a Viet Cong base camp. Field reports today said at least 90 of the enemy had been killed and the action was continuing.

The Vietnamese Marines reported seizing an arsenal containing 62 weapons, 423 mortar rounds and more than 12,000 rounds of small arms ammunition.

The only allied casualties reported were two South Vietnamese wounded. The assault was made Tuesday 92 miles southwest of Saigon, along a tributary of the Cai Lon River 34 miles east of the Gulf of Thailand.

A military spokesman said it was the first allied penetration of the area of the southern Mekong Delta which has been dominated by the Viet Cong for years.

The allied commanders "had good information they would get some action down there," the spokesman said.

Most of the damage to the Viet Cong apparently was done by the U.S. Navy's 60-foot Monitor gunboats and by armored troop carriers after the Vietnamese marines had cornered the enemy in a bunker complex.

USDA Says Practical Top Around \$73

Ga.-Fla. Markets See Higher Prices Than '67

VALDOSTA, Ga. (AP)—Flue-cured tobacco sales in 23 Georgia and five Florida markets began today with first reports indicating substantially higher prices than on opening day a year ago.

Georgia sales totaled 10.6 million pounds, which brought an average of \$66.12 per hundred. Moultrie, the first market reporting, reported its initial sales averaged \$65.67 per hundred on 37,000 pounds sold. This compared with an early 1967 average of \$61.80 per hundred on the first 45,000 pounds sold there.

Over-all quality of the tobacco was considered better than that sold on the 1967 opening day. Today's market opening date is the latest opening since 1944, which is the main reason for

Walker predicted that prices would probably be higher on most grades of tobacco by \$1-\$1.50 per hundred pounds. On opening day of last season's sales, 10.6 million gross pounds were sold at an average of \$66.12 per hundred pounds.

Dissidents Said Standing Behind Dubcek Czech Reform Leader Says Talks Are Taking 'Promising Course'

PRAGUE (AP) — One of Czechoslovakia's leading Communist reformers reported today that the crucial talks between the Soviet Politburo and the Czechoslovak party Presidium are taking a "promising course."

The atmosphere is optimistic," said National Assembly Chairman Josef Smrkovsky in Rude Pravo, the Czechoslovak party newspaper.

The leaders of the two parties met for the third day today to the martial accompaniment of record Soviet military maneuvers. The talks continued at least one day longer than expected as the Soviets sought to develop evidence of discord among the Czechoslovaks.

World War II commander on whom the Russians bestowed a "Hero of the Soviet Union" medal, was reported to have assured the Soviet leaders Tuesday that Czechoslovakia would remain loyal to Moscow in the Communist alliance. Svoboda is considered to be held in high esteem by the Soviet Communist leaders.

Talks between the top-ranking leaders of the two parties, which had been expected to end Tuesday, were extended after the Soviets insisted that each member of both delegations have a chance to state his personal views on the liberalization program launched by the Czechoslovak party's new leaders.

The Soviets presumably hoped to draw out dissident members of the 11-man Czechoslovak party Presidium attending the conference that began Monday in the tiny farming village of Cierna, in Slovakia one mile from the Russian border.

The meeting Tuesday was described by Tass, the Soviet news agency, as having "passed in an atmosphere of frankness and comradeship."

# It Is Much Better To Wait Than To Be Sorry

By ABIGAIL VAN BUREN

DEAR ABBY: I am 22 and Chuck is 23. We've been married going on five years and we have three children and another on the way. We were so much in love we could hardly wait to get married, but a lot of things have changed all that. We have never had a place of our own since we've been married. We have lived with my folks or Charlie's, mainly because Charlie can't seem to hold a job, so I have to work, and we need someone to look after the kids.

On top of that, Charlie still runs with the guys he ran with before we were married, and he just doesn't seem to want to settle down to married life. We have separated twice on that account and I can see it coming again. If it weren't for the kids I'd leave him sure. I just might anyway. Have you advice for a girl who messed up her life as badly as I?

OLD AT 22

DEAR OLD: There is not much advice for a young woman in your position but your experience could serve as a warning signal for lots of 17 and 18-year-olds who are "so much in love" they can hardly wait to get married. You are still young enough, however, to make a better life for yourself, so if leaving Charlie is in the cards, don't wait another five years.

DEAR ABBY: What would you do with a husband like mine? Last night I served fresh raspberry pie, which has always been one of my specialties. And all of a sudden my husband, whom I shall call "Dr. Jekyll" turned into a regular Mr. Hyde. He stormed around like a wild man, saying he never cared for raspberry pie as it

took him two days to get the seeds out of his teeth. Then he said he never could understand why I've been shoving it down his throat for 28 years!

Abby, I always thought my husband liked raspberry pie. I felt so hurt I cried myself to sleep. Was I wrong, or was he?

RASPBERRY FIGHT  
DEAR FIGHT: If a man doesn't care for something his wife serves him, he shouldn't wait for 28 years to tell her about it. Tell Mr. Hyde you're no mind reader, and serve him baby food.

DEAR ABBY: Two years ago my husband wasn't feeling well so he went to a doctor. The doctor checked him over and told him he needed an operation. My husband never went back to that doctor, and he never had the operation. Today he says he never felt better in his life. How can you account for this?

HIS WIFE

DEAR WIFE: Either your husband didn't need the operation in the first place, or he still needs it. If you love him get him to a doctor for another checkup. If he's lost confidence in the first one, let him try another.

CONFIDENTIAL TO "JUST FOR THE RECORD" IN BOSTON: Yes, I write all my own answers. A ghost writer hasn't

## Coffee Hour For Miss Goodson

A coffee hour honoring Miss Vickie Goodson, bride-elect of August 11, was held Saturday morning at the home of Miss Joy Sermons and Miss Lynn Sermons.

The appointed table was centered with an arrangement of mums and greenery.

The honoree was presented a corsage of daisies and was remembered with a gift by the hostesses.

# Stage Is Set For Big 'Turnabout'

Make no mistake about it, the frustrations of the past three or four years in American life are coming to the fore this election year.

The indignant voices condemning criminal and near-treasonous activity are drawing applause and support from the ordinarily passive-type American whose concern is near the boiling point.

Any candidate, any where in the land, no matter how unlikely his qualifications, can be assured of a receptive audience when he assumes a no-nonsense stance on a platform of "law and order" and drapes himself in red, white and blue.

The noisy protest demonstrators, so far as the evidence goes, remain a fringe element on the national scene. The "old regulars" of both major parties are fully aware of this and regard them as having only a nuisance value. It is, instead, the atti-

tudes of the great faceless crowd of patient, undemonstrative ordinary people who should have them worried.

The world has already witnessed a withdrawal of American attention on the foreign affairs front; and it can only denote a greater concern for domestic trends.

Everywhere there is great dissatisfaction. The stage is set for some kind of great turnabout at home.

We can sense a change is in the wind.

## Cumbersome Or Not, Keep The Conventions

It may be that party conventions are a cumbersome way of selecting candidates, but they sure do attract a lot of attention.

A news report tells us that 15,000 soldiers, police and federal agents will be on hand at Chicago when the Democratic convention opens. All of the city's 23 magistrates will be free to hear civil disturbances cases during the week.

Hippie groups and anti-war demonstrators are talking demonstrations. There is fear of some racial unrest.

It has been reported that more newsmen will be on hand for both the Republican and Democratic conventions than delegates themselves.

Television networks are promoting their planned coverage of the conventions, attempting to gain their share of the huge audiences that will be tuned in.

Cumbersome or not, we hope that the conventions never disappear from the American scene. They add an element of color to our politics that would be sorely missed.

## No Machine Or 'Kingmakers'

By WILLIAM A. SHIRES  
Reflector Raleigh Bureau  
RALEIGH — Rep. Jim Gardner's recent and repeated use of the term "political machine" is puzzling to many of the state's veteran Democrats.

frequently — it is undergoing change now following the May primary. A new state party chairman is being named and he will make other party headquarters appointments. The new team will screen various political appointments and make policy recommendations. The same sort of set-up exists in the Republican headquarters, controlled by the titular head of the party — now Jim Gardner. It probably would function in much the same way.

Gardner, however, said in a news release that "I do not, nor do I think the people of North Carolina understand these functions of state government." He said the "kind of political chicanery... occurring for too many years in Raleigh, the kind of wheeling and dealing against the people will not be allowed in my administration."

**Intraparty Feuding**  
Gardner's charges and use of the term "political machine" bring surprise to veteran Democrats because of the Democrat party's necessary preoccupation in recent years with maintaining party unity.

In their view, there has been far more contending and political jousting within the Democratic party than between Democrats and Republicans. A prime concern of Democratic nominees for public office has been healing of intraparty wounds and getting Democrats together.

Lt. Gov. Scott presently feels this has been highly successful since May 4. "In my view, there is more enthusiasm in the party and morale is better and higher than it has been in my memory," Scott said.

It is against the backdrop of experience that Scott is saying the Republicans want to "experiment with state government."

"We in North Carolina do not want any experimenting in our government," Scott said. "The state needs the experience, youth and leadership the Democratic party provides."

Gardner shot back with a charge that "my opponent stands for the status quo. . . . It is now time to move forward in our state. . . . let us never fear to experiment with new programs and new ideas that can mean progress for North Carolina. . . ."

**Party Machinery**  
True, there is party machinery for political activity, for approving jobs and appointments and dispensing patronage. This is practical politics, no matter which party is in power.

But party machinery undergoes change at least every four years sometimes more

often — it is undergoing change now following the May primary. A new state party chairman is being named and he will make other party headquarters appointments. The new team will screen various political appointments and make policy recommendations. The same sort of set-up exists in the Republican headquarters, controlled by the titular head of the party — now Jim Gardner. It probably would function in much the same way.

Gardner, however, said in a news release that "I do not, nor do I think the people of North Carolina understand these functions of state government." He said the "kind of political chicanery... occurring for too many years in Raleigh, the kind of wheeling and dealing against the people will not be allowed in my administration."

**Definition Questioned**  
Gardner's headquarters issued at least three news releases last week charging that the Democratic party is a "political machine." Two began with the identical sentence, "The political machine in North Carolina has been in absolute control of our state government for 68 years. . . ."

Democrats supporting Scott interpret this as a political ploy, but wonder about its effect on the public. They doubt its validity.

It doesn't jibe with their definition of "machine," nor to their knowledge and belief would it apply to present day workings of the state's Democratic party.

**Party Machinery**  
True, there is party machinery for political activity, for approving jobs and appointments and dispensing patronage. This is practical politics, no matter which party is in power.

But party machinery undergoes change at least every four years sometimes more

## The Formula: Inherit Money

By HAL BOYLE  
NEW YORK (AP) — At last a man has come up with a simple formula for getting rich in America.

In his opinion a nation may be in danger if the few own too much and the many own too little.

HAL BOYLE

"Inherit money," is the crisp advice of author Ferdinand Lundberg.

"The way that most people become rich in this country today is by sitting and listening to the reading of a will. Between 60 and 70 per cent of the individual wealth today is inherited wealth."

This is one of many contentions made by Lundberg in a controversial new best-selling book, "The Rich and the Super Rich," which has proved so fascinating to many of the upper crust that they read it aloud to each other at the dinner table and let their caviar go untasted.

His other major theses are that U. S. wealth is largely family-centered and that, at least as recently as a decade ago, one-half of one per cent of America's adult population held 25 per cent of its riches.

"My own view is that the mal-distribution of wealth in this country is historically ridiculous and unnecessary," he said. "Thirty per cent of the country's population is impoverished. Another 15 to 20 per cent is near poor.

"The country can do whatever it wants to about the situation for all of me," he remarked. "As the newspapers say, we give them the facts." Lundberg, long a bloodhound (Continued On Page 6)

## Forty Years Ago

By FOY H. DUNCAN  
July 31, 1928

Helen Fleming are attending a house party at Virginia Beach.

**Crysler And Dodge Finish Giant Merger**  
New York, July 31 — A giant new automobile corporation, second only to the Ford Company and General Motors, comes into being through the merger of Dodge Brothers, Inc. and the Chrysler Corporation, which has just been completed.

Miss Pat Philips, Zeno Brown and Bennet Moseley attended a dance at Morehead Saturday evening.

Mrs. Lloyd Horton of Farmville was here today.

Miss Virginia Arthur left Sunday for a visit to friends and relatives in Winston-Salem, Washington, D. C., and New York.

Mrs. Robert Craft and Miss Annie Gertrude Jones of Bethel was here today.

Miss Sarah Gullley has returned from Murphy where she has been on a house party.

Miss Ward Moore spent today in Goldsboro.

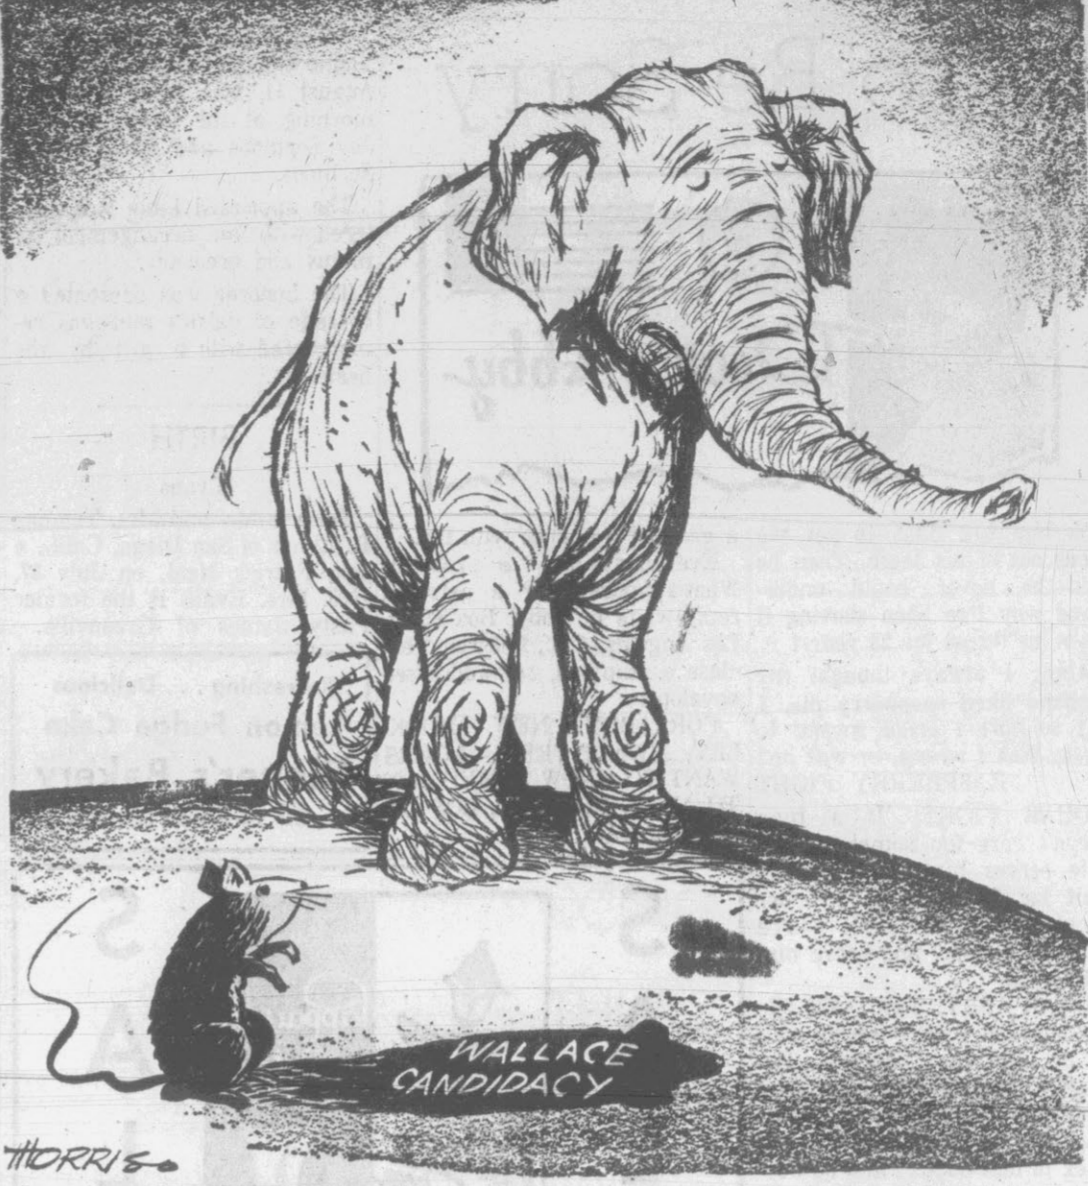

Mrs. David Whitchard Jr. and little son, David III, left this afternoon for a visit to relatives in Goldsboro.

Little Miss Marian Tyson is visiting her aunt, Mrs. S. E. Jeannette in Henderson.

**Notes Hear Talk About Light Plant**  
The steady and healthy growth of the Greenville electric light plant was set forth in an interesting way last night by Judge F. M. Wooten, local lawyer, banker and business man, speaking at the regular weekly session of the Greenville Rotary Club. . . .

## TRYING NOT TO NOTICE!

ART BUCHWALD

## Soviet Television Fare

You would think that being in Moscow during the Soviet-Czech crisis I would be very informed about what was going on. But the truth of the matter is I didn't even know there was a Soviet - Czech crisis until I left the country. I blame the Soviet television network for this.

The set I hit it lucky. There was an exciting film on, showing how trucks were assembled in a Soviet factory. Not only did the program feature the trucks being put together by loyal and patriotic workers, but it showed them being greased and tested as well.

My Russian wasn't good enough to understand what they were saying, but, as in America, the fellow who looked like David Susskind was doing all the talking.

For some reason, which I'll never understand, Soviet TV just isn't doing the job when it comes to informing the public. I know this because I had a television set in my room at the hotel, and I watched it constantly to see if the Soviets were doing any better with their electronics media than we were doing with ours.

This program was followed by a visit to a Soviet stone quarry. For two hours I sat glued to the set watching giant machines tear into a mountain and chew up stones until they were turned into gravel.

I switched to a third channel and got a beautiful test pattern. The fourth channel didn't seem to be working, so I went back to the first channel where the stone quarry program had just ended. It was followed by a visit to a pipeline workers' congress being held in Byelorussia.

It would be unfair to say Soviet television is better than American television — it's just different.

The first time I turned on

During a lull in the program, I decided to change channels (Moscow is supposed to have four), and lo and behold, there was a panel show with a moderator who looked just like David Susskind. Seated around the table were a welder, a dam builder, a woman lumberjack and the minister of canal barges.

By this time my wife wanted to go sightseeing, but I was so grabbed by the speeches I told her to wait. She could see the Kremlin any time, but how often could she see a pipeline workers' congress on television?

## Other Editors Say Statesman Candidate

(The Wilson Times)  
If the majority of the American people had the chance to pick a candidate he would possess these qualifications:

There would be less waste in armaments, less foreign aid, less intrusion into private areas by the federal government, such as rent subsidy—in other words, the cradle to the grave philosophy.

Two hours later I watched steel being made in a large foundry outside Moscow, and this program was followed by an interview with a professor of Siberian tree transplants.

He would stand on his own two feet, come out against spending more than we take in, and favor reducing taxes, and reducing the national debt.

And this candidate would stand up and campaign for the return to the states of the authority that is theirs under the Constitution, plus the reduction in taxes so the states could sufficiently tax the people in order to provide state-supplied services.

I turned the channel and the panel was still in session, with the fellow who looked like David Susskind still doing the talking.

Crime would be controlled, riots would cease because they would be dealt with according to the extent of the rioting and the damage. There would be respect for law and order because the laws and courts would tolerate nothing less.

Yes, where is such a candidate? We fear you will never see or hear him speak. For today candidates woo big labor, the group on welfare and medicare, the Negro vote, and all class votes.

My wife kept insisting we leave the room but I decided to have one more go at the third channel, and I'm glad I did.

The universities and colleges would cease to be a place for controversy for the sake of controversy and return to the high standards they are designed to meet in the area of higher education.

There is one exception and this is the biggest vote of all, the unorganized majority. And because it is unorganized it cannot be reached, therefore it is neglected. But the time must come when this big unorganized majority, the group that pays the taxes, will speak up. And when it does it can carry an election. That is, if there is a candidate running to meet the qualifications.

Instead of featuring a test pattern the third channel was now showing a feature film on sheepshearing in Mongolia. Even in black and white it was the highlight of Soviet TV that week.

They had their cabins, not very good but sometimes better than the Negroes and poor whites have in Appalachia and the Deep South today. They had food whether they worked or not. The field hands got the less desirable parts of animals, but the house Negroes ate as well as the master's family. All got enough; their owners took better care of their human chattels than people today take care of their

autos.

For the same reason, slaves got what medical attention was available in those days. Medical care was primitive, but owners had pocket-book incentive to keep slaves healthy.

Two of the three channels were showing test patterns, but the David Susskind-type panel was still going on, and the guy who looked like Susskind was still doing the talking.

On the better and richer plantations, the slaves had security.

They had their cabins, not very good but sometimes better than the Negroes and poor whites have in Appalachia and the Deep South today. They had food whether they worked or not. The field hands got the less desirable parts of animals, but the house Negroes ate as well as the master's family. All got enough; their owners took better care of their human chattels than people today take care of their

A Poor Life But A Secure One  
Few slaves got regular payments of cash, although some got occasional cash gifts and rewards from owners or others. A few managed to save enough to buy their freedom. But they did get clothes and other necessities and cash was of low importance. And as long as the plantation prospered and they did not become unmanageable, they had security. And when they got too old to work, they could live out their days, fed, housed and clothed.

They have gained some food donations, through stamp plans, school lunches and local welfare and the demands for more free food are insistent.

They had their cabins, not very good but sometimes better than the Negroes and poor whites have in Appalachia and the Deep South today. They had food whether they worked or not. The field hands got the less desirable parts of animals, but the house Negroes ate as well as the master's family. All got enough; their owners took better care of their human chattels than people today take care of their

And that, in general, is what many Americans are demanding. They have already won Social Security which, equated in time, gives them about the same relative standard of subsistence that a Negro could expect before the Civil War.

They have gained some food donations, through stamp plans, school lunches and local welfare and the demands for more free food are insistent.

## Doubts Over Safety

By FRANK CAREY  
WASHINGTON (AP) — The Army insists that irradiated canned bacon is safe for human consumption despite the Food and Drug Administration's decision to stop the military services from feeding it to the troops.

Col. Edward L. Johnson of the Army's food-irradiation laboratories at Natick, Mass., said in a telephone interview that animal tests of the bacon were made prior to the Army's petition to feed it to some troops, and the tests showed "no evidence of any adverse effects from the irradiation."

"There seems to be a difference of opinion in interpreting the data from the tests," said Johnson. "We're hoping to resolve this."

Johnson made the comments on published reports confirmed by an FDA scientist, that:

1. The FDA has turned down a new Army petition to begin serving irradiated ham to soldiers.

2. The FDA has taken a second look at its 1966 approval of irradiated bacon, and ordered it out of the mess halls pending further study.

The FDA contends there is evidence that irradiated bacon can cause adverse effects on the reproductive process in rats.

Daniel Banes, an associate FDA commissioner for science, said in an interview the animal tests were sponsored by the Army before it petitioned his Agency for approval, but he said the FDA obtained full details on the tests only a few months ago.

Banes said the Army originally stated "that there were no indications that radiation caused adverse effects" in animals fed irradiated bacon.

He also said that when the Army—in 1966 and 1967—began to petition for an okay on irradiated ham, it submitted some raw data on use of irradiated bacon in animals to support its contentions that irradiated ham was safe.

But, Banes said, the animal data on the bacon raised questions in the minds of FDA scientists, and they asked for further details. It was after these additional details were furnished that the FDA concluded the data showed a reproductive-process hazard to rats, he said.

Banes said the FDA scientists concluded the data showed a 25 per cent reduction in the number of live-born offspring of rats fed irradiated bacon; and a similar reduction in the number of offspring surviving the weaning period.

"We have had second thoughts on the original bacon petition approval," he said, "and the FDA is taking action to rescind it."

Col. Johnson said that after the FDA's original approval, the army procured only a single consignment of irradiated bacon in December 1966—approximately 30,000 pounds—and that this "was all fed within a month—half to Army troops and half to Air Force men—and was only used for testing purposes." He said the bacon had never been supplied "for general use."

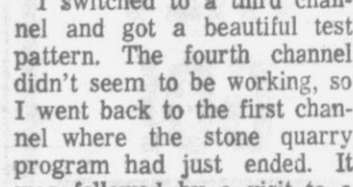

He said the Army, in the wake of questions raised by the FDA both on irradiated ham and bacon, plans additional tests.

With regard to the ham tests, he quoted Dr. Edward S. Josephson, associate director of the Army's Natick laboratories, as saying:

"The really significant (Continued On Page 6)

## Strength For Today A Demand For Plantation Life?

By EARL L. DOUGLASS  
VANITY OR SOMETHING HELPFUL?

The great Rembrandt painted many pictures of himself. Some have regarded this as immeasurable vanity. It might just as well have been good common sense. He didn't have to wait for a model to show up. He didn't have to worry over whether or not he would be paid for his work. Furthermore, he got just as much practice from looking at himself in the glass and painting his own picture as he would standing before a subject and trying to delineate his features.

But even if Rembrandt's proclivity to paint himself did come from vanity it was well-founded vanity. If he estimated himself highly he was doing something which the opinion of later generations and centuries would support.

Pompous vanity, a swollen overestimate of one's ability and charm, certainly constitute about as disgusting characteristics as any human being can display. However, it is pathetic to see the person who has no confidence in himself or herself. Such people are as far wrong as the people who overestimate themselves. If you are in the habit of running yourself down in your own thoughts and in what you say to others, then forget that kind of nonsense. Look up, remember that you do have value, abilities, latent possibilities which would be called into action if a great crisis occurred.

Have confidence in yourself. Paint a mental picture of yourself as Rembrandt often reproduced himself on canvas. If it is a bit on the vanity side — what the heck! Better too much than too little.

By ELMER ROESSNER

It appears that many Americans want to bring back the days of plantation life. They seem to want the security of the old Southern plantations but with modern accommodations and, of course, without the fear of being sold on the New Orleans slave blocks.

On the better and richer plantations, the slaves had security.

They had their cabins, not very good but sometimes better than the Negroes and poor whites have in Appalachia and the Deep South today. They had food whether they worked or not. The field hands got the less desirable parts of animals, but the house Negroes ate as well as the master's family. All got enough; their owners took better care of their human chattels than people today take care of their

autos.

For the same reason, slaves got what medical attention was available in those days. Medical care was primitive, but owners had pocket-book incentive to keep slaves healthy.

A Poor Life But A Secure One  
Few slaves got regular payments of cash, although some got occasional cash gifts and rewards from owners or others. A few managed to save enough to buy their freedom. But they did get clothes and other necessities and cash was of low importance. And as long as the plantation prospered and they did not become unmanageable, they had security. And when they got too old to work, they could live out their days, fed, housed and clothed.

They have gained some food donations, through stamp plans, school lunches and local welfare and the demands for more free food are insistent.

They have gained some

low-cost, though not free, housing, and there are demands for billions of dollars worth more on top of the billions already spent.

They have Medicaid and Medicare, for better attention than the Negroes or their owners ever got and far, far more costly.

The very poor get welfare to cover other needs and now there are demands for a negative income tax, which would pay cash to those getting less than a predetermined income.

Except for magnolia blossoms, the poor today are getting, in ratio to the times, what the plantation slaves got more than a century ago. And they and their supporters are demanding more and more.

Someday the United States may become just one big plantation.

# Summer Theatre Prices Lowered

The East Carolina University Summer Theatre announced today that reduced ticket prices — \$3 for evenings, \$2 for matinees — will be in effect for the rest of this season.

In making the announcement, Producer Edgar R. Loessin said the special offer is made possible by larger than usual supplies of single performance tickets left by this year's small season ticket sale.

## Boyle

(Continued from page 4) on the spoor of the American dollar, is a tall, white-haired farmer financial writer for the defunct New York Herald Tribune. He is also an economist, social philosopher and educator.

In 1937 he provided President Franklin D. Roosevelt's aging New Deal with a new handbook of impetus by writing "America's 60 Families," in which he first advanced his idea that the nation's political power is flexed chiefly by the firm fists and fingers of a comparatively few clans. The giant corporations they control, he believes, are the instruments of that power.

Some three years ago he took leave from a teaching post at New York University to find out what had happened to money in the last three decades. The result is a three-pound opus, heavily documented, running to 812 pages, and costing \$10.

Lundberg denies any personal animus against wealth or the wealthy.

"My point isn't that the rich are particularly sinful, but that they have too much political power.

"It is true that there are 25 million stockholders in America, but, going by the record, the big companies are controlled by very few people."

Lundberg said it wouldn't bother his conscience if his book made him wealthy, but doubts that it could, no matter how many copies it sells.

## Carey Col. . . .

(Continued from page 4) question raised by FDA has to do with the data provided on reproductive process. In order to show the safety of irradiated ham, the Army will conduct new animal feeding studies which will cover four generations of weaned rats and take two years. Approval of the experimental design will be obtained in advance, and we'll conduct periodic reviews with FDA."

"We hope," said Loessin, "that the reduced prices will enable many people in our area to see their first Summer Theatre show."

He added that he hopes a large volume of sales at the lower price will help the theatre meet its 1968 budget of \$77,000.

Loessin noted that official critics have thus far rated this season as perhaps the Summer Theatre's best. "We feel that the quality of our productions this season is at its peak," he added, "therefore, we believe it is a good time to introduce the Summer Theatre to more people, especially since we have plenty of tickets."

The fourth production of the season, "Guys and Dolls," runs through Saturday night, Aug. 3, including the annual observance of Legislators Night on Friday, Aug. 2.

Rounding out the season will be "The Desert Song" (nightly Aug. 5-10, matinee Aug. 7) and "The Odd Couple" (nightly Aug. 12-17, matinee Aug. 14).

## KILLED IN ACTION

WASHINGTON (AP) — The Defense Department changed the status of S. Sgt. Paul H. Nabors from missing to killed in action Tuesday. His wife is Mrs. Vivian Nabors of 5907 Murchison Rd., Fayetteville.

## Park Construction Topic At Grifton July Meeting

GRIFTON—Park construction was discussed at the July meeting of the Grifton Resources Improvement Program.

Members of the Finance, Beautification and Planning and Survey Committees presented reports. A new committee, Health and Safety, was formed.

Dave Bosely, chairman of the Finance Committee, stated that he had been informed that Federal grants for community park construction were not available, but the matching funds are available. Bosely plans to contact the State Recreation Commission to determine requirements for obtaining a public park.

In other actions, it was reported that repairs on the Community Building would begin July 26. A new roof was the first work scheduled.

The Grifton Garden Club will be asked to assist in a general beautification program, which will include planting trees along Queen Street; once the new paving project is completed, as the project calls for removal of all trees now on that street.

The fact that GRIP is primarily a planning organization and that most of the work proposed must be undertaken by other groups in town, was emphasized at the meeting.

## Gets 50 Years Prison Term

GOLDSBORO, N. C. (AP) — Roger W. Johnson was sentenced to 50 years in prison Tuesday after pleading guilty to second degree murder in the slaying of one Goldsboro policeman and the wounding of another following a motel robbery.

Johnson, 32, of Deep Run in Lenoir County, was accused in the slaying of policeman Walter J. Rouse last Feb. 27 and the wounding of policeman David E. Dale. They had stopped a car shortly after the \$310 robbery of the Holiday Inn at Goldsboro.

Johnson, originally charged with murder, got 30 years in the Rouse slaying, 10 years in the Dale wounding, and 10 years for the robbery, the sentences to run consecutively.

His lawyer, J. Harvey Turner of Kinston, dropped efforts to remove the trial from Superior Court in Goldsboro. Turner had contended that publicity and alleged electronic eavesdropping in jail made a fair trial impossible.

Another man allegedly in the car with Johnson, Virgil W. Lanier, 4, of Rt. 2, Beulaville, pleaded guilty to armed robbery and was sentenced to 25 to 30 years.

The third man the state alleges was in the car, Charles Whitley, 22, of Kinston, is to be tried later. His lawyer could not be present Tuesday when Judge Joseph W. Parker passed sentence on Johnson and Lanier.

NEW STORE . . . Steinbeck's Mens Wear at Pitt Plaza will open tomorrow with a ribbon-cutting ceremony at 11 am. (Reflector Photo by Tommy Forrest)

## Steinbeck's To Open 2nd Shop On Thursday

Steinbeck's Mens Wear will open a second shop tomorrow. The new shop will be located at Pitt Plaza and will carry the same line of clothes that the store on Evans Street carries, as well as several new brand names.

The Pitt Plaza shop is 30 by 50 feet inside, and is finished in an antique teakwood finish. All fixtures inside and outside were manufactured locally, according to manager Frank Steinbeck Sr.

The Pitt Plaza store has an FM music system which will play background music for shoppers.

Steinbeck's son, Frank Steinbeck Jr. will take over the management of the Evans Street store which has been managed by his father.

Steinbeck's Mens Wear opened in March of 1957 on Evans Street.

Steinbeck managed the J.C. Penney store on Evans St. from 1950 until 1957 when he went into business for himself.

Steinbeck has been active in

the Boy Scouts since 1924, and is a recipient of the Silver Beaver Award, the highest award that an adult can receive in scouting.

Steinbeck has belonged to the Kiwanis and Civitan Clubs. He helped organize St. James Methodist Church.

Steinbeck is currently serving his third year as chairman of the Pitt County Republicans. He is also a candidate for Seat Number One in the N.C. House of Representatives.

## Poor Timing

LOS ANGELES (AP) — Employees at the Vermont Avenue branch of Security Pacific National Bank were just getting over the excitement of their first bank robbery when another bandit struck—less than two hours later.

The first thief made off with \$411 Tuesday but the second was captured by FBI agents investigating the first robbery.

## HIKES SALES TAX

JACKSON, Miss. (AP)—Gov. John Bell Williams has signed a bill to increase the state sales tax from 3.5 to 5 per cent.

## Legislators' Night At Summer Theatre

Incumbent and potential state legislators, along with other dignitaries, will be guests Friday, of the annual Legislators Night observance at the East Carolina University Summer Theatre.

The program will begin with a reception at 5:30 p.m. at the Greenville Country Club. Dinner will follow. Then the guests will attend the 8:15 p.m. performance of "Guys and Dolls" by the Summer Theatre.

In addition to the legislators, guests will include Lt. Gov. and Mrs. Robert W. Scott, former Gov. and Mrs. Terry Sanford, Judge and Mrs. John Larkins, Congressman and Mrs. Walter B. Jones, Commissioner of Agriculture and Mrs. James A. Graham, Secretary of State and Mrs. Thad Eure, State Treasurer Edwin Gill, ECU trustees and their spouses, and Mr. and Mrs. H. dall olderness of Tarboro. Holderness is president of Carolina Telephone and Telegraph Co.

Legislators and other officials are invited to the ECU campus for special occasions, such as the Summer Theatre performances or football games, to give them a special opportunity to visit

the campus and see firsthand what the university is doing to fulfill its role as a state-supported institution of higher education.

The invitation list for this Friday night included all 308 nominees to the 1969 session of the General Assembly.

## Trackers Locate 2 Lost Children

GRAND RAPIDS, Man. (AP) — Persistent Indian trackers Tuesday night found an 8-year-old girl and her 4-year-old brother after they had been lost for six days and five nights in desolate bush country in northern Manitoba.

Although scratched and bitten by insects, little Jill and Kirby Sinclair appeared to be in good condition. They were taken to the radar station at Gypsumville, on the Winnipeg-Grand Rapids highway, for doctors to examine them.

The children were found huddled behind a log near Buffalo Lake, 12 to 15 miles from the spot where they wandered away from their parents' camp last Thursday.

**Carolina Gave  
Early Visitors  
Poor Impression**

By Christopher Crkenden  
N.C. Department of  
Archives and History  
Written for The AP

" . . . One same, dull, tiresome and unvaried scene . . . All the livelong day you travel through pine woods of fifty and sixty miles without meeting a human being or passing a hut . . . A few snakes twisting across the road and sometimes a wild deer are all the variety these disagreeable woods afford you. Think then, my dear father, what horrid traveling it is in North Carolina where you have the same dull scene to repeat every day."

Thus wrote Robert Hunter Jr., son of a Scottish merchant, journeying through the Tar Heel State in 1786. The quote is from "Glimpses of North Carolina in the Writings of Northern and Foreign Travelers, 1783 - 1860," by James W. Patton in the summer North Carolina Historical Review. Dr. Patton is professor of history at UNC-CH.

Nearly all travelers of that period were unfavorably impressed with the Tar Heel State. Another wrote of "a very monotonous appearance, consisting only of plains and woods." Still another commented on the "immense, solitary, pine savannas, through which the road winds among stagnant ponds, swarming with alligators; dark sluggish creeks, of the color of brandy, over which are thrown high wooden bridges, without railings, and so crazy and rotten as not only to alarm one's horse, but also the rider, and to make it a matter of thanksgiving with both of them when they get fairly over . . ."

Francisco de Miranda, a Latin American, complained that "a multitude of bugs attacked me . . . All the time of my residence there, I found myself compelled to sleep on the floor in the middle of the room, since there was no way to rid the bed of the pests which are of so extraordinary a size that one of them is three or four times larger than the common European variety."

James Silk Buckingham spent a night in 1839 at Flat Rock, where he said "The bed-rooms were dark and dingy, the bedding coarse and dirty; no washstands, dressing-tables mats, or carpets; broken looking-glasses, tallow candles, brass and tin candlesticks . . ."

But most critical of all was Fanny Kemble, British actress who had married a Georgia planter. "Of the horrible dirt of everything at this meal," she wrote of "a so-called dinner" at Weldon, "from the eat a table themselves to the table - cloth, and the clothes of the Negroes who waited upon us, it would be impossible to give any idea. The poultry . . . were so tough that I should think they must have been alive when we came into the house, and certainly died very hard. They were swimming in black grease . . ."

And so it went. Practically no one had a favorable word for the accommodations. Nearly everyone condemned. It's a far cry to our modern fine restaurants and comfortable hotels and motels.

**Black Flag Will  
Denote Highway  
Death In Area**

Local radio station WPXY has developed public traffic information device for use on Highway Patrol, Sheriff's Department, and area police cars.

Used in cooperation with the broadcasting station, each law enforcement vehicle will be equipped with a black flag. In the event of a traffic death, the flags will be flown from the cars' radio antennas.

The radio station will report the accident and that the flags are flying.

Manager Charles Gaylord said of his station's coming program, "Ninety per cent of the automobiles on the highways today are equipped with radios in working order. By appealing directly and dramatically to these drivers, we hope the accident rate can be cut appreciably."

**Attends Water  
Works School**

RALEIGH—Ralph B. Harper of Greenville is attending the annual Water Works Operator's School this week at N.C. State University in Raleigh.

Sponsored by the N.C. Section of the American Water Works Association, the N.C. League of Municipalities and the N.C. Board of Health, the school is planned to improve the general level of water plant operation. Classes, organized by the Water Works Operator's Association, teach developments in water plant operation.

## Greenville Teeners Win National Berth, 6-4

### Dickens Hurls No-Hitter Over Indiana; Smith Pitches Locals Over Illinois Nine

### Sixth Inning Rally Is Key To Final Victory

GASTONIA—Russ Smith and Byron Dickens hurled the Greenville Teener League All-Stars into the finals of the Regional Playoffs at Gastonia yesterday with a pair of victories.

Dickens fired a no-hitter at Petersburg, Indiana, 13-0, in the opener, and then Smith came back with his fifth tournament shutout in the second as favored Elgin, Illinois fell, 8-0.

In the opener, Greenville picked up two runs in the first inning. Stanley Cobb walked, moved up on a sacrifice and an out. Jimmy Paige then walked and Dickens singled to drive both runners in.

Five more runs in the second made it 7-0. Tommy Durham led off with a walk and Jimmy Bond also drew a free pass to first. Both stole up a base and Jimmy Sugg walked to load them up. Cobb singled in Durham, and Joe West walked to score Bond. Smith then unloaded a triple to clear the bases and account for the rest of the inning's runs.

The third inning saw three more runs come across. Bond reached on an error and moved on to second on the play. He moved on to third on Sugg's ground out. The relay to get Bond at third was errored, and

he came home with the eighth run. West then walked, stole second and moved to third on a wild pitch.

He and Smith then attempted the suicide squeeze, and the catcher was charged with interference, giving Smith first base and scoring West with a stolen base. Paige finished off the inning by doubling home Smith.

In the fourth inning, the final two runs scored. Sugg singled and Bill Higgins got a hit. A wild pitch moved both up, and Sugg scored when an attempted pickoff play at third was errored. Higgins moved into third on the play, and scored on a wild pitch.

In hurling the win, Dickens walked just two and struck out nine.

Then in the second game, Smith came through with another fine pitching performance, as well as slapping two triples.

He walked two and struck out 11 in pitching the victory, and didn't allow a man past second base.

Meanwhile, his teammates joined him in pushing some runs across. In the first West reached on a fielder's choice, and Smith all but won the game himself with a run-scoring triple.

In the second, three more

Greenville runners came across. Kim Harbin walked and Durham reached on a fielder's choice. Cobb singled Harbin in, and West got a hit, scoring Durham. West and Cobb then worked the double steal, scoring Cobb for a 4-0 edge.

The third inning saw another run score. Paige led off with a single and Dickens walked. Harbin reached on a fielder's choice that got Dickens at second. Durham then sacrificed Paige over to make it 5-0.

Greenville added two more

runs in the fourth. Cobb led off with a walk and Smith reached when his fly to right was dropped. Paige then doubled to drive them both across.

The final run came in the sixth. Smith again tripled, but had to hold third when Paige reached on an error. He finally scored when Durham singled for the final run.

Greenville and Elgin were to meet again this morning for the title. The winner will advance to the national tournament next week in Pennsylvania.

## Empire Brush And Pollard's Advance

Empire Brush and Pollard's advanced to the semi-finals of the Ladies Softball League tournament yesterday with victories. Empire Brush downed Wachovia, 19-14, while Pollard's took Food Mart, 16-9.

Thursday night, regular-season champ Coca-Cola will meet Empire Brush at 7:30 p.m., and Pollard's will meet the Little Mint at 9 p.m. The two winners will meet for the championship on Tuesday, August 6.

In last night's first game, Wachovia moved into the lead in the top of the first with five big runs. Empire Brush came right back, however, in their half to score five and tie it up. In the second, Empire Brush took the lead, getting six more for an 11-5 edge.

Wachovia came back in the third to close the gap to 11-10 with five more runs, but Empire Brush scored another run to lead 12-10 after three innings. In the fifth, Wachovia picked up a run, and then added another in the sixth to tie it at

12-12. But Empire Brush put on another big inning in the sixth scoring seven runs to gain a 19-12 edge. Wachovia managed two more runs in the seventh, but it wasn't enough.

In the second contest, Pollard's pushed a run over in the first, then came up with three more in the second. The fourth inning saw another run come in to make it 4-0.

Food Mart then broke the ice in the top of the fourth, scoring one run. Then in the fifth, they added three more for a 4-4 tie. In the sixth, Food Mart struck for the lead, pushing over five runs for a 9-4 lead.

But it didn't last long. Pollard's came roaring back in the top of the seventh, to score 11 big runs and take the victory.

First Game	Score
Wachovia	505 011 2-14
Empire Brush	561 007 X-19
Second Game	Score
Pollard's	130 100 (11)-16
Food Mart	000 135 0-9

## St. James Nips Presbyterian

St. James Methodist defeated Presbyterian, 20-19, last night in the Church Softball League.

One night of play remains on the Church schedule before action gets underway in the post-season tournament, slated next Monday.

St. James pushed out into the lead in the first inning, getting four runs on homers by Brown and Britt.

Presbyterian rallied in the second with three runs to close the gap to one run but St. James came back with five more in the third. In the bottom of the third, Presbyterian scored again to trail 9-4.

St. James added four more in the fourth, while Presbyterian came up with five to cut the lead to 13-9. But in the fifth, St. James gained more ground,

getting three more runs, while Presbyterian went scoreless, 16-9.

In the sixth, two more St. James runners scored, while Presbyterian began to rally, coming up with seven to make the score 18-16. St. James then came up with two runs in the top of the seventh and held Presbyterian to three in the bottom of the frame to hold on to the lead and take the victory.

St. James	405 432 2-20 22
Presbyterian	031 507 3-19 23

### Woody's Ramblin's

By WOODY PEELE

Chips and Putts from area golf courses:

#### BROOK VALLEY

The Ladies Golf Association recently awarded their prizes for the Ringer Tournament held during the past nine months. Margaret Cleewood gathered in top honors, winning the first flight. Second flight honors went to Helen Boyd, while Doris Harbin and Martha Moye shared the third flight top. Mary DeWitt was the fourth flight winner.

#### GREENVILLE C.C.

A lot of activity has been going on at the Greenville Golf and Country Club. Dallas Clark, the 1960 club champion, recently played a round of golf at the club after an absence of some time. He has just completed his work for a law degree at Wake Forest University.

Ed Warren recently recorded his best nine hole score. He carded a 37 for the front nine, taking a bogey on the last hole. He was playing in a foursome with J. C. Whitehurst, Cam Dudley and Doug Jones.

Stodie Bost's practice has payed off for him. He recently shot a 79 on the course. Another golfer breaking 80 was John Adams, also with a 79.

Bob Abbott recorded an eagle on the par-five 18th hole. He arrived in two and made a long putt for the three. He was playing with Joe Ward, Frank Hill and Badger Clark.

Larry Jorgensen turned in his best nine-hole score, a one-under-par 36. He had eight pars and one birdie for the round. Playing with him were Frank Saunders, Tom Haigwood and his father, Dr. N. M. Jorgensen.

## Passing May Be Hope For Stars

By JERRY LISKA

Associated Press Sports Writer CHICAGO (AP) — The College All-Stars, a 16-point underdog, has a potentially hot passing attack going for them against the mighty Green Bay Packers in the 35th All-Star football game Friday night.

Overall, the pros hold a 23-9-2 margin in the Soldier Field spectacle started in 1935. The last time the collegians won was in 1963 with a 20-17 shading of the Packers.

In other recent upsets, the All-Stars triumphed 35-19 over the Detroit Lions in 1958, after previously winning in 1955, nipping the Cleveland Browns 30-27, and—five seasons earlier—in 1950, by 17-7 over the Philadelphia Eagles.

If Norm Van Brocklin, former Minnesota Viking coach is to make a successful All-Star coaching debut Friday night, his quarterback duo of Gary Beban and Greg Landry of

Massachusetts probably will have to blaze away as successfully as Wisconsin's Ron Vanderkelen did in the 1963 derauling of the Packers and Michigan State's Jim Ninowski in the 1958 trimming of the Lions.

Beban and Landry, both highly regarded pro prospects for the Washington Redskins and Lions respectively, seemingly have the grab-and-take-off receivers to cause the Packers trouble.

It was Vanderkelen's 74-yard pass play with Badgermate Pat Richter which beat the Packers in 1963. In the 1958 All-Star triumph, Ninowski's shots to fleet Bobby Mitchell of Illinois demoralized the Lions.

Beban, the Uclan's Heisman Trophy winner, probably will get the starting call against the National Football League champions, but Van Brocklin also is expected to use the rangy, sharpshooting Landry as much to keep aerial pressure on the Packers.

**Turn On A Craig Tape Recorder. There's One For You At A Price That'll Turn You On!**

Craig Model 212 Two-Speed Portable Tape Recorder. This is the history making portable whose performance has made it "top rated" by consumers everywhere. # Thrill Impressed By South Gridders

South Head Coach Roger Thrift of New Bern isn't too worried over the fact that the North has won the last four Boys Home Bowl games, and that they appear to be favored to make it five in a row.

"We'll play them," he said. "We have some good kids, and we'll accept the challenge of being the underdogs."

Thrift said he was pleased over the work of his charges thus far. "We've been improving all along," he said following yesterday's workout. "The boys have been giving it a lot of effort."

Most of the time, however, has been spent in trying to get the players adapted to his system of play.

Thrift also had some praise for several individual players. "Eric Carwell of Newton, a halfback, has looked real good. Bill Taylor, a center from Washington, has also looked outstanding thus far."

Thrift also singled out halfback Tim Foley of Greenville. "He's a fine football player, and so is (David) McGlohon (of Ayden)." McGlohon has been running at the middle lineback-

er slot thus far. "Mike Aldridge of Greenville will probably see more defensive action," Thrift said. "He throws well deep and will also see some work offensively."

Overall, Thrift has been pleased with the way his passing attack has been working out. "We have good receivers and three good passers."

Thrift will be going with a familiar figure at the quarterback slot in Richard Stille's own quarterback last season. "He knows my system, and I know he can do the job. Frank Fussell of Burgaw and Aldridge will also play some."

One problem has developed with Stille. He has a summer job, and was unable to join the players until late yesterday, and therefore will not get a chance to work out until today. "But he should have no trouble getting ready since he knows the system."

The game is slated for Saturday at 8 p.m. in Ficklen Stadium, under the sponsorship of the North Carolina Junior Chamber of Commerce. The proceeds go to aid the Lake Waccamaw Boys Home.

Three Is A Crowd

San Francisco's Bobby Bonds is forced out at second as Cubs' shortstop Don Kessinger throws to first to complete double play in sixth inning yesterday in Chicago. Play started when Glenn Beck-

ert (behind Kessinger) fielded Jay Alous grounder, tossed to Kessinger forcing Bonds. Throw to first completed play. Cubs won 10-4. (AP Wirephoto)

# Gibson Loses Shutout, But Captures 12th In Row

Bob Gibson, who's been dealing almost exclusively in zeros for two months, shrugs off an occasional odd number on the scoreboard.

Tony Cloninger hardly can afford the luxury.

Gibson's latest shutout string was severed at 23 innings Tuesday night but the St. Louis ace breezed past the New York Mets 7-1 for his 12th consecutive victory.

Meanwhile, Cincinnati's Cloninger, whose next shutout will be his first in two years, blanked Philadelphia on three hits for seven innings but had to settle for relief help and a 5-2 victory that sent the Reds into second place in the National League.

Cloninger, acquired from Atlanta in a trade last month after an injury-plagued 1967 flop with the Braves, failed to get the distance for the 17th time in as many starts this season.

Pittsburgh swept a two-night doubleheader from Atlanta 8-5 and 5-4 in 10 innings, dropping

the slump-ridden Braves from the runner-up spot to third. Los Angeles edged Houston 3-2 and the Chicago Cubs trampled San Francisco 10-4.

Gibson checked the Mets on five hits, including a run-scoring double by Ed Kranepool in the fourth inning, in boosting his season mark to 15-5. Eight of his victories have been shutouts and he has allowed just three runs in 101 innings since June 2.

With an earned run average of 0.96, the 33-year-old fireballer is zeroing in on Grover Cleveland Alexander's all-time ERA mark of 1.22, set in 1915.

The Cardinals made it a cakewalk for Gibson Tuesday night by striking for five runs in the fourth inning, with Julian Javier's two-run single the key blow. The league leader's 23rd victory in 29 games this month gave them a 14-game bulge over the Reds.

Rookie Johnny Bench cracked his ninth homer as Cincinnati staked Cloninger to a 5-0 lead over the floundering Phillies. But Tony Taylor opened the Phils' eighth with a single, then kicked the ball out of Woody Woodward's hand as the City shortstop tried to start a double play on Roberto Pena's grounder.

When Cloninger got behind Johnny Callison 2-0, Manager Dave Bristol yanked him. The Phillies went on to score three against Clay Carroll before the reliever nailed Cloninger's third victory in nine decisions.

"Though he kept his pitches well under control, at the end he lost it," said Reds pitching coach Mel Harder of Cloninger's near-miss. "It's almost strange training for Tony since he hasn't pitched much this year or last year. It will take him a while to catch up."

# Hansen Pulls A Triple Play

By MIKE RECHT  
Associated Press Sports Writer

Ron Hansen of Washington pulled off the first unassisted triple play in the major leagues in 41 years, but it didn't take the Cleveland Indians long to get over it.

After falling victim to Hansen in the first inning Tuesday night, the Indians went on to build up an 8-0 lead by the end of the fifth en route to a 10-1 breeze over the Senators.

"It was an easy game—after we got eight runs ahead," joked Cleveland manager Al Dark.

The Detroit Tigers and Baltimore, who had no problems with triple plays, also had easy times as the American League race remained at the status quo.

Detroit rolled behind Earl Wilson's hitting and pitching to a 5-0 victory over the New York Yankees after the Orioles used six runs in the seventh inning to bomb Boston 8-3 in the afternoon.

The Tigers still lead the Orioles and Indians by seven games.

In the only other game, Oakland halted the Chicago White Sox' four-game winning streak with a 3-1 triumph.

Hansen got Cleveland off to a bad start after Dave Nelson singled and Russ Snyder walked in the first inning. Joe Azcue lined to the shortstop, who stepped on second to double Nelson, and then tagged Snyder coming from first base on the hit-and-run.

Only seven other players have accomplished the feat, the last two in 1927 when shortstop Jim Cooney of the Chicago Cubs and first baseman Johnny Neun of Detroit did it.

Frank Howard gave Washington a 1-0 lead in the second with his 30th homer, but the Indians recovered by the fourth inning when Lee Maye slammed a two-run do.

Cleveland added six more runs in the fifth as Jose Cardenal doubled in three and scored on Maye's single. Cardenal drove in another run in the seventh and Sam McDowell coasted to his 11th victory in 20 decisions with a six-hitter.

# Stasavich Fourth Among Active Football Coaches

By HOYT HARWELL  
Associated Press Sports Writer

BIRMINGHAM, Ala. (AP) — Among the nation's veteran college football coaches still in harness, Nebraska's Bob Devaney has the best record, Alabama's Paul Bryant has the most victories, and Clemson's Frank Howard has been around the longest.

These are three of the facts pointed out in the latest tabulation of the nation's top 20 coaches, an annual chore performed by Elmore Huggins, Southeastern Conference information director.

To be eligible for the list, a coach must have 80 or more victories in his college career and must still be active.

Huggins lists the coaches by winning percentage. Devaney's .88-22-5 record in 11 years puts him on top at .787.

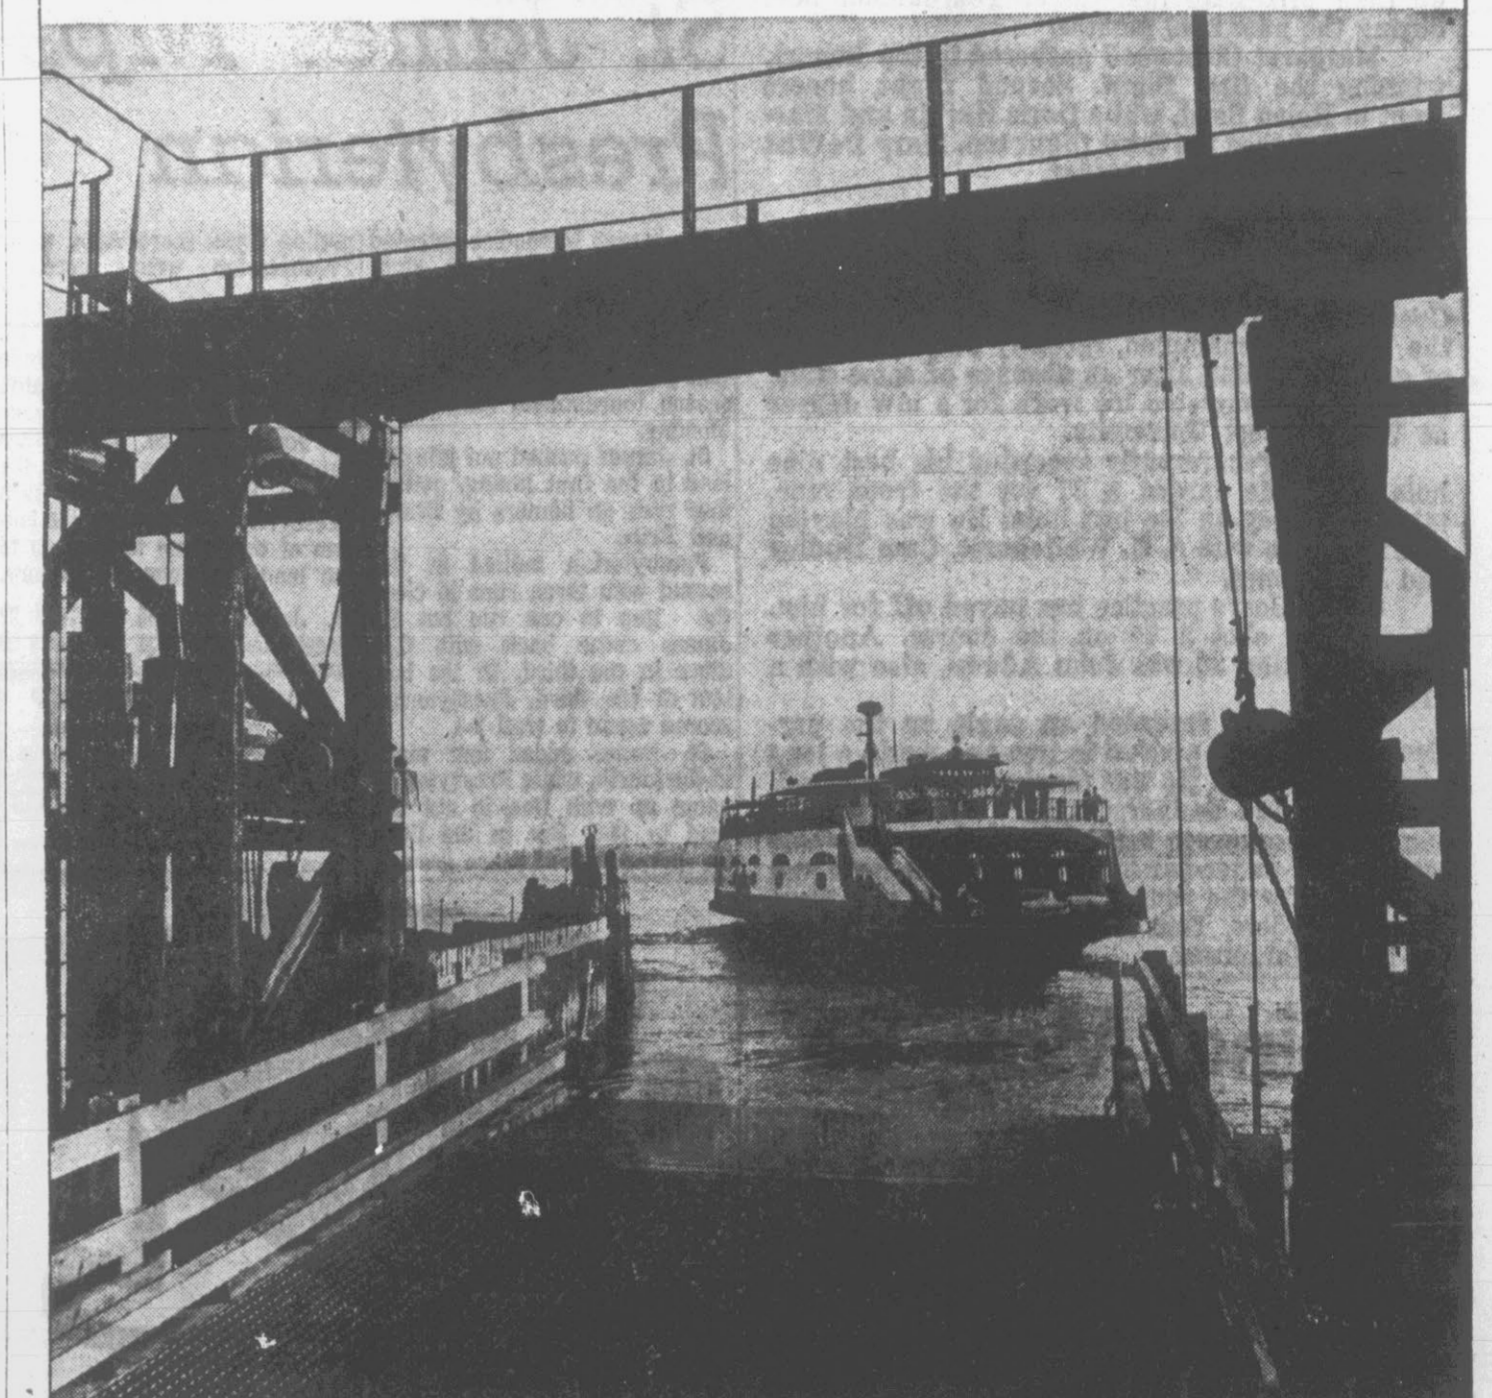

Johnny Vaught of Mississippi, with a 163-48-11 record in 21 years, is next at .759. Alabama's Bryant is third at .755 with 179-53-15. The 179 victories is more than anyone else's in the top 20.

Howard's entire coaching career—28 years—has been at Clemson, where his 157-107-11 record gives him a .591 percentage and 18th on the list.

Warren Woodson of New Mexico State and A. T. Donelli of Columbia have retired from coaching, making room on Huggins' list for Frank Broyles of Arkansas and Murray Warmath of Minnesota.

Broyles' record of 81-33-2 in 11 seasons at Missouri and Arkansas gives him .707 and 10th place on the list. Warmath, at 16-

# The Jamestown ferry goes from candle power to nuclear power in 20 minutes.

After you've seen the historic area around Williamsburg and Jamestown, take a pleasant ferry ride across the James to Surry County and see the story of nuclear power.

At the site of its new nuclear power station, the Virginia Electric and Power Company has opened an information center capable of handling hundreds of visitors daily.

Here you'll see animated displays, slide presentations and a working model of the reactor. (From a balcony you can watch us assemble the real thing.) You'll learn, step by step, how electricity is produced from the mighty atom.

And you'll see why nuclear energy is a safe, clean, efficient way to produce the electricity our growing area needs.

Whether you come by ferry from Jamestown or by road from other areas, Vepco invites you to visit the Surry Information Center and enjoy an informative look into the future.

Open from 10 am to 4 pm Monday through Saturday; from 1 pm to 6 pm on Sunday. For more information call your local Vepco office.

"GOODYEAR NATION-WIDE 'NO LIMIT' GUARANTEE"

No limit on months. No limit on miles. No limit as to roads. No limit as to speed. For the entire life of the tread. ALL NEW GOODYEAR AUTO TIRES ARE GUARANTEED against defects in workmanship and materials and normal road hazards, except repairable punctures. This guarantee does not extend to auto tires used on trucks, or racing tires and tires stamped "Second," "Bluish" or "NA." IF A GOODYEAR TIRE FAILS UNDER THIS GUARANTEE any of more than 80,000 Goodyear dealers in the United States and Canada will, at our option, either repair or make allowance on a comparable new tire based on original tread design depth remaining and Goodyear's printed "Predetermined Price for Adjustment" current at time of adjustment, which price will fairly represent the actual retail selling price of the comparable tire at time of adjustment.

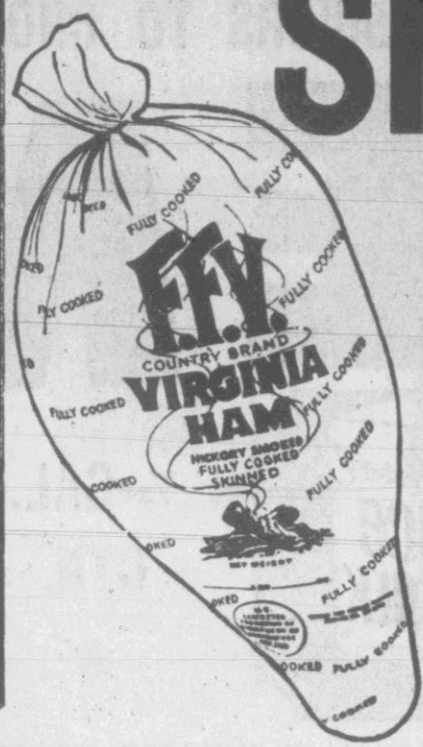

Use Our Rain Check Program. Because of an expected heavy demand for All-Weather II tires, we may run out of some sizes during this offer, but we will be happy to order your size tire at the advertised price and issue you a rain check for future delivery of the merchandise.

**we care**

*a lot of your neighbors have stopped baking pies!*

Maybe it's because they discovered Jane Parker Pies...thousands have.

But...you say, "No thanks, there is nothing like a good home-baked pie." We agree...they're great."

But would you believe it if we told you our Jane Parker Pies taste home-baked? Probably not...until you've tried one.

Then you'd discover the crust is short and flaky like your own.

You'd discover the fruit is the kind you'd use...the best...juicy, not stiff with starch.

And if you popped a Jane Parker Pie into the oven and warmed it before serving, you'd discover a pie you'd be proud to call your own.

Are Jane Parker Pies a good reason for shopping A&P? They're one of many.

### Building Permit Issued For 2nd Part Of Complex

A building permit for construction of the second section of Stratford Arms Apartments on Charles Street, at a cost of \$534,000 has been issued to the Lenroy Construction Company of Norfolk, Va., a subsidiary of Berlin-Miles, Inc. of Norfolk.

Construction of the seven-building complex is expected to begin soon. Three of the buildings will be two-sectional type structure, and four will be three-sectional types. In addition, a club-house will be built.

A total of 74 units are scheduled for Section II. This number, combined with the existing 72 units, will give Stratford Arms a total of 146 units of varying size.

The 74 units will be in the following classification of apartments: one-bedroom garden apartments, 4; three-bedroom garden apartments, 16; town house apartments, 52; and efficiency apartments, 2. The two efficiency apartments will be located near the club-house.

The new units will be a continuation of the present development. Parking facilities will be provided, and the present drive will be extended to connect back with Charles Street.

Berlin-Miles, Inc. has constructed similar apartment projects in Burlington, Wilmington and Jacksonville, N.C. and in Norfolk, Va.

### Will Study At Wisconsin U.

Miss Gracie LaNell Mebane of Farmville has been awarded a \$4000 stipend for study at the University of Wisconsin in Madison, Wis.

A 1965 graduate of H.B. Sugg High School, Miss Mebane is the daughter of Mr. and Mrs. Fran-

GRACIE LANELL MEBANE

cis Howard Mebane II of Farmville.

Graduate from North Carolina Agricultural and Technical State University in Greensboro last January, Miss Mebane continued her study through an enrichment program until the end of the spring semester.

She will work for a master's degree in social work this fall in Wisconsin, studying mental hygiene.

### Would Teach Fundamental Law In Early Grades

CHICAGO (AP) — Fundamentals of law should be taught to elementary school children, says Chicago's top crime fighter.

Charles Siragusa, executive director of the Illinois Crime Investigating Commission, said many educators are unwittingly helping bosses of organized crime form "the cadre for future mob operations."

He said they fail to teach children crime law because they are unfamiliar with it.

"Perhaps the vacuum exists because teachers, themselves, are ill-equipped to impart such knowledge to their students," he said.

He suggests a "nationwide emulation" of a program now in effect in Chicago public schools which stresses the importance of law in an orderly society.

### Pigeons Costly To Indian Gov't

NEW DELHI (AP) — The repair and maintenance of Parliament costs the taxpayers here rupees 264,000—\$35,200—a year.

Part of it is cleaning the massive round structure, 560 feet in diameter, of droppings from pigeons, a sacred bird which Hindus will not kill.

TWO-HAT GOVERNOR FRANKFORT, Ky. (AP) — Luke P. Blackburn was the only physician to become governor of Kentucky. He served from 1879 to 1883.

# The Worry Clinic Don't Rely On Money To Attain Popularity

Harold's problem is shared by thousands of other dads. And it can produce school dropouts, as well as delinquency, unless those fathers offset the situation, as outlined below. Be sure you employ those 3 methods by which to help your timid youngsters win friends and social status!

By **GEORGE W. CRANE**  
Ph. D., M. D.

CASE G-538: Harold B., aged 34, is a salesman.

"Dr. Crane," he began, "I've been transferred 3 times since my son Billy entered first grade. My wife has told you that he was near the bottom of his class and growing afraid of school.

"For he had been jerked out of 3 different schools within 5 years and thus didn't have much chance to make close friends. You helped my wife perk up his reading skills, but how can

Remember what happened in the Bible to the Prodigal Son, with a wad of papa's dough!

However, in kindergarten or first grade, possessions help attract attention, which is a vital step in all advertising strategy.

You mothers can also speed up the friendship process by scheduling picnics and backyard parties to which your child can invite the youngsters of the neighborhood.

That is doubly valuable for shy kiddies who have no brothers or sisters, and who have been jerked out of one school after another, due to the transfer of their daddy to a new sales territory.

In Junior High, the child should certainly have some athletic skills to make him a desirable member of the sandlot ball teams.

Start this development of such skills early.

Every child should be taught to swim by the time he enters kindergarten.

If you dads are not athletic, then back the Scouts, the YMCA, and church summer camps where trained leaders will help make up to your child for your own athletic deficiencies.

Finally, the highest art of winning friends is listed at No. 3, where you teach your kid-

dies to praise the other person instead of tooting their own horn excessively.

Alas, most of us adults never even learn this superb art of bringing forth harmony from our social surroundings by the deft use of the right word at the right time.

So send for my "Compliment Club" booklet, enclosing a long stamped, return envelope, plus 20 cents, and start your whole family on the road to popularity.

This is a learned art, like piano playing, and thus doesn't come "naturally."

But smart parents can instill this ability early, so start NOW!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 20 cents to cover typing and printing costs when you send for one of his booklets.)

## Ganges Ablaze For Many Miles

MONGHYR, India (AP) — The holiest of the holy rivers for India's Hindus, the Ganges, was ablaze for miles.

The fire was believed caused by an oil refinery discharging refuse oil into the river.

## Exemption Bill Clears Hurdles

WASHINGTON (AP) — A bill to exempt postal workers from a government personnel cutback has cleared two more congressional hurdles en route to probable passage.

The measure zipped through a conference committee and the full Senate Tuesday and was sent to the House today for final action.

There was no debate as the Senate stamped approval on the measure which some members have called "blackmail."

Postmaster Gen. W. Marvin Watson has told Congress that if it does not exempt his 726,400 employees before adjourning the political conventions, the first in a series of service curtailments will begin Saturday.

These include cutting Saturday window service to a maximum of two hours, putting street box collections on Sunday schedules and closing the first of several hundred fourth class branches.

## Goren on BRIDGE

BY CHARLES H. GOREN  
(© 1968 by The Chicago Tribune)  
Neither vulnerable. West deals.

**NORTH**  
♠ 32  
♥ 42  
♦ AK87  
♣ 10952

**EAST**  
♠ J864  
♥ AK98  
♦ QJ109  
♣ K

**SOUTH**  
♠ AKQ109  
♥ AQ7  
♦ 64  
♣ AQJ7

The bidding:  
West North East South  
1♥ Pass Pass Dble.  
Pass 2♦ 2♥ 3♠  
Pass 4♠ Pass Pass

Opening lead: King of ♠  
Some shrewd detective work based on inferences drawn from the bidding helped South, the declarer at four spades, to uncover the winning line of play.

West's opening bid of one heart was passed around to South who reopened with a take-out double. North duly responded with two diamonds and East, who had already denied the strength to keep the bidding open, offered a competitive raise to two hearts.

A free bid of two spades by South would designate a reasonably good hand. When he chose instead to jump to three spades, North can hardly be blamed for carrying on to game.

West opened the king of hearts and continued with the ace. When declarer's queen appeared, West shifted to the queen of diamonds. Dummy's ace was played and declarer drew three rounds of trump. East's heart discard on the last spade revealed that his partner had a trump trick.

In order to avert a setback, it was necessary for South to pick up the club suit without loss. He led a diamond to North's king and returned the ten of clubs. East fared mildly by following with the four; however, South—after a moment's reflection—put up the ace of clubs and dropped West's king. Declarer conceded a trump trick to his opponent and claimed the contract.

South's decision not to take the club finesse—which would be the normal course of action missing five cards in the suit—was influenced by the auction. East's failure to keep his partner's one heart bid open presumably marked him with less than six points counting high cards and distribution. His subsequent competitive heart raise indicated that he held a reasonably good distributional fit with his partner. South decided that, if East had the king of clubs in addition, he might have chanced a raise on the first round.

There was the added factor that—with only 15 high-card points outstanding—West as the opening bidder, was more apt to hold a missing king.

### Search Dropped By Coast Guard

SOUTHPORT, N. C. (AP) — The Coast Guard has discontinued its search for Charles H. Doney, 37, of Charlotte, an advertising account executive missing since Sunday while scuba diving to explore an old wreck 18 miles off Southport. But a private search continues.

Doney, a diver of 10 years experience, disappeared while exploring the wreck with two diving friends from Charlotte.

# Steelworkers Wrap Up Richest Contract

By DOUG BAILEY

PITTSBURGH (AP) — The United Steelworkers Union has wrapped up its richest contract—a billion-dollar-plus guarantee of labor peace for the next three years.

Hammered out in a month of secret negotiations, it was narrowly approved over strident objections Tuesday night, barely a day before a strike deadline at the end of the old agreement.

It will add between 90 cents and a dollar an hour to the wages and benefits of the nation's 450,000 steelworkers. First estimates calculated the package as an increase of 6.5 per cent or better in each of the three years.

The big question now is: What will happen to the steel industry, which has insisted that a 6 per cent annual hike in labor costs would wipe out two-thirds of its profits and put some companies out of business?

Steel executives, who said repeatedly during the winter that price increases would be necessary after the new labor contract, now are refusing to answer questions.

For the first time in years, some companies have been cutting prices to try to combat foreign steel, which sells for \$25 to \$40 a ton less than domestic steel. A new domestic price increase would only increase the gap.

In addition, a price increase now wouldn't help business since major customers already have a two-month stockpile, accumulated in case of a strike, and they could shop around for the best bargains.

R. Conrad Cooper, chief negotiator for management, said the new contract "is higher than we hoped it would be. It involves cost increases greater than we hoped."

But he refused to say whether price hikes could be expected. "I only negotiate contracts," he said.

I. W. Abel, president of the union, said the agreement would cost the industry "considerably in excess of one billion dollars." But he said it wasn't inflationary.

Inflation "is already here," he said. "We're only catching up." Here are major provisions of the contract, which apparently falls within the 6 per cent pattern of major labor settlements this year.

Yearly wage increases of 20 cents an hour, 12 cents and 12 cents for a total of 44 cents. Over the life of the contract, seven cents will be added to the top classifications for a total of 51 cents.

Supplementary unemployment benefits increased, effective Jan. 1, from the current maximum of \$37.50 a week to \$52.50 for workers also getting state benefits.

# Jane Russell Is Granted Divorce

LOS ANGELES (AP) — Former film glamor girl Jane Russell has divorced her ex-football star husband, Bob Waterfield, ending a 25-year marriage.

Miss Russell, 47, testified in divorce court Tuesday that her husband was cold and indifferent. He had filed a cross-complaint charging her with habitual intemperance.

Miss Russell was given custody of her adopted children, Thomas, 18, and Tracy, 17. Waterfield won custody of their third adopted child, Robert, 12.

Miss Russell received a \$110,000 house in Newport Beach and Waterfield, 48, received the \$55,000 family house in Sherman Oaks.

Miss Russell continues to receive \$900 a week under her contract with Howard Hughes, who launched her movie career by starring her in "Outlaw."

"Outlaw" premiered in 1943. That year Miss Russell married Waterfield, the star quarterback of UCLA's vaunted football team.

Waterfield became quarterback for the professional Los Angeles Rams while his wife starred in scores of pictures during the 1940s and 1950s.

During the last year of their marriage, Miss Russell testified, Waterfield was often out until 2 and 3 a.m. and rarely showed up for dinner.

# Beatles' Shop Is Cleaned Out

By LARRY HEINZERLING

LONDON (AP) — The Beatles were cleaned out today. More than 500 fans of the mop-topped foursome stormed their psychedelic boutique for free clothes and other Beatle gear like beads and highly colored posters.

The Beatles were tired of being "just shopkeepers." So, in their own headquarters of hippie outfits—a place they called "Apple"—they gave away \$48,000 worth of stock.

Grandmothers joined hippies in the rush over Beatle everything. Within three hours everything had been taken that wasn't nailed down.

Shoving, shouting and elbowing marked the second day of the shop's giveaway. Gasping patrons emerged clutching mod dresses, beads, posters and other psychedelic paraphernalia.

The shop opened as usual Tuesday. Customers were told they could take what they wanted. By noon, when the shop closed, about \$24,000 worth of jackets, overcoats and trousers had been handed out.

Screams, grunts and groans went up as police barricaded the door on Baker Street today and pushed the crowds back, letting in a few customers at a time.

Steve Krenkel, 16, Jackson, Mich., pushed through the crowds holding tightly to his purple shirt laced with silver trimmings.

"It's rather tight in there," he complained. "It's hard to breathe and there are a lot of elbows."

The Beatles went into the business earlier this year under what they punningly call Applecore (Apple Corp.). They went into clothes, music publishing and records, films and electronics in a big way.

A Beatles spokesman explained: "They were all tired of the business of being shopkeepers. All four decided to close the shop."

Rumors have circulated, however, that "Apple" was a failing business.

Richard M. Nixon runs ahead of Gov. Nelson A. Rockefeller against both Democratic presidential aspirants Sen. Eugene J. McCarthy and Vice President Hubert H. Humphrey in the latest Gallup Poll.

In a survey taken July 20, Nixon collected 40 per cent of the votes—two per cent more than Humphrey. When pitted against McCarthy, Nixon was favored by 41 per cent—five percentage points more than the Minnesota senator, the Gallup organization said Tuesday.

The same survey showed Republican Gov. Nelson A. Rockefeller of New York tied with Humphrey and one percentage point ahead of McCarthy.

The July 20 figures indicate a turnaround in popularity for former Vice President Nixon who trailed Humphrey by five points and McCarthy by three percentage points in a July 3 survey, the poll said.

Rockefeller has stayed even ahead of McCarthy by a percentage point.

Former Alabama Gov. George C. Wallace, a third party candidate, ran third in all the contests. He collected 16 per cent of the votes in the two Nixon contests, and picked up 20 or 21 per cent when pitted against Rockefeller.

# Firemen Answer 2 False Alarms

Two false alarms were turned in to the Greenville Fire Department within a 12-hour overnight period here last night and early this morning.

City firemen were called to the intersection of Fleming and Pamlico Street at 9:55 p.m. last night for the first call. The alarm was turned in from Box 74.

The second of the false alarms was reported to have occurred at 8:05 a.m.

An alarm from Box 121 called firemen to the intersection of Dickinson Avenue and Greene Street.

# Brando's 8-Year Marriage Voided

SANTA MONICA, Calif. (AP) —

Dring a closed-door court hearing, the eight-year marriage of actor Marlon Brando and Mexican actress Movita Castenada has been annulled.

Grounds for the action on Friday were that Miss Castenada's husband was still living and she had not been legally divorced from him at the time of the marriage. Details of a property settlement were not made public.

Miss Castenada was awarded custody of the couple's two children, Sergio, 7, and Rebecca, 2. Brando, who previously had been married to actress Anna Kafshi, was married secretly to Miss Castenada in 1960.

# Believe Wallace On Ballot In Massachusetts

BOSTON (AP) —

Supporters of third-party presidential candidate George C. Wallace say they have filed 7,000 more certified signatures than needed to put the former Alabama governor's name on the Massachusetts ballot.

The Wallace backers brought 15 cartons of nominating petitions to the state house office of Secretary of State John F. X. Davoren Tuesday. They said the cartons contained 68,249 signatures certified by city and town election officials.

To be listed on the November ballot, Wallace needs 61,236 confirmed signatures—equal to 3 per cent of the total vote for governor in 1966.

Davoren accepted the petitions for a recheck of the signatures by the elections division of his office.

Coming Soon "The Mini" Skirt Mob

COOL AND COMFORTABLE

# Mexico City Is A Battleground

MEXICO CITY (AP) —

Mexico City was a battle ground again Tuesday as mobs of young people ran wild through the city, fighting police, wrecking city buses and throwing rocks and bottles.

At least one person was dead, more than 400 were injured and at least 1,100 persons had been arrested since antigovernment rioting began last Friday.

Officials claimed the riots were Communist inspired and said they were the worst Mexico's capital has experienced in 20 years.

Tuesday night club-wielding students braved a heavy rain and hijacked four city buses after forcing terrified passengers to flee. Then they ran the vehicles into the sides of buildings.

Earlier, Army troops fired volleys of shots into the air and dispersed the students. The troops were withdrawn, but the mobs returned, marching from the old university section, and seized the buses near the city's central square.

Riot squads swinging long batons dispersed that crowd, but at least 3,000 of the youths gathered half a mile away near a teacher's college. Their leaders used bugle calls and walkie talkies to control them. They swarmed over buses and a trolley car, smashing windows and running the vehicles onto the sidewalks.

At one point all four intersections around the park in front of the school were blocked by the wrecked buses.

# Tobacco Barn Lost, Another Damaged In Fires

One tobacco barn was a total loss and another damaged in Pitt County in fires Wednesday morning.

The first, at 1:02 a.m., occurred on the Roy Corburn Farm outside Farmville on Stantonsburg Road. Extent of the damage has not been reported.

The other, a barn on the farm of Mark Mazingo at Joyner's Cross Roads near Farmville, resulted in a total loss with an estimated value of \$2,000. This fire was reported at 9:40 a.m.

# TB Still Big S. Africa Problem

CAPE TOWN, South Africa (AP) —

Tuberculosis remains a "dreadful problem" in South Africa, mainly because of the difficulties encountered in making 12 million Africans conscious of the need to combat it, health Minister Albert Hertzog told parliament.

Superstition plays a part in neglect of the disease, he said. In the current financial year, Rands 28 million—\$39.2 million—out of a total health budget of Rands 49 million—\$68.6 million—has been devoted to fighting TB.

# Obituaries

Lang

AYDEN —

Funeral services for Linwood Lang, 49, who died Saturday, will be conducted at Britt and Farmer Funeral Chapel Wednesday at 3 p.m. by the Rev. Warren Bishop. Burial will be in Ayden cemetery. He was a veteran of World War II and he was a member of the Ayden Methodist Church. He was employed by the Pitt-Green Fertilizer and Fuel Co. Surviving are his wife, Mrs. Bernice Lang; one daughter, Judy Lang; three sons, Carlton and Milton Lang, all of the home and P.C.

Linwood E. Lang of US Marine Corp., Okinawa; his mother, Mrs. Mary Lang of Ayden; four brothers, May and Willie Lang both of Kinston, R. A. and Elbert Lang, both of Ayden; seven sisters, Mrs. Henry Hardy of Winterville, Mrs. Thomas E. Venters and Mrs. Waldo Jackson, both of Ayden, Mrs. Floyd Philyow of Selma, Mrs. George Britt of Newton Grove, Mrs. Hubert Sutton of Vanceboro and Mrs. Roy Lee Cox of Kinston.

# Wreck Injures Motorcyclist

A Greenville man was injured here yesterday when his motorcycle hit the curbing at the intersection of Pitt and E. 10th Streets.

Taken to Pitt Memorial Hospital for treatment of injuries was James Dean Langley, 20, of Rt. 1, Box 20.

City police identified the driver of the automobile involved in the 3:10 p.m. accident as James Russell Sladek, Jr., of 1603 E. Sixth Street.

According to police, the Sladek car was headed north on Pitt Street, had stopped for a stop sign and began moving again. Officers reported that the movement of the Sladek car apparently caused the motorcycle, operated by Langley, to hit the curbing of the street.

Damage to the motorcycle was set at \$150. No damage was reported for the Sladek car.

Officers charged Sladek with falling to see his movement could be made in safety.

# Volcano Death Toll Reaches 65

SAN JOSE, Costa Rica (AP) —

The death toll in the eruption of Mt. Arenal rose to 65 today and authorities began evacuating the town of Tilaran, where great quantities of volcanic ash were falling.

Some 90 persons were missing as lava, ash, rocks and boiling water continued to pour from the volcano. Dormant for five centuries, it began erupting Monday.

More than 100 persons were injured and property damage was estimated in the millions of dollars. Large amounts of livestock were destroyed.

# Ewell

FARMVILLE — Mrs. Velma McKenzie Ewell, the wife of Eddie Ewell, of Farmville, died early Tuesday morning. Funeral services are incomplete.

# Lewis

Funeral services for Mrs. Effie Corey Lewis, 69, wife of Herbert R. Lewis, will be conducted at the Wilkerson Chapel Thursday afternoon at 3:30 by the Rev. Irby B. Jackson. Burial will be in Greenwood Cemetery. Mrs. Lewis died at her home on the Stantonsburg Road near Greenville Tuesday morning at 6:15 after many years of illness.

Mrs. Lewis was born and spent all her life in Pitt County and was a member of the Immanuel Baptist Church.

Surviving are her husband, Herbert R. Lewis; six daughters, Mrs. Alton Hardee of Richmond, Va., Mrs. Fred Peck of Belleville, Illinois, Mrs. Milton Ackerman of Rockville, Maryland, Mrs. Robert Forrest of Poquoson, Va., Mrs. Thomas Morrison of Havelock and Mrs. Linwood Tripp of Williamsburg, Va.; four sons, Herbert R. Lewis Jr. of Greenville, Edward E. Lewis of the home, the Rev. Larry J. Lewis of Washington, D.C., and Donald C. Lewis of Greenville; 17 grandchildren; and nine great grandchildren.

# Bethlehem Steel Increases Prices

BETHLEHEM, Pa. (AP) —

An increase in the price of steel mill products was announced today by Bethlehem Steel Corp.

Bethlehem said the increases of "slightly less than five per cent" are effective Aug. 8 and affect base prices only.

It said "the price increases are expected to add only enough to revenues to offset cost increases just incurred or expected in the next several months. Selective price increases have not been effective in offsetting smaller cost increases than those now facing Bethlehem. A general price increase is the only method available to alleviate the financial problem which would otherwise occur in the immediate future."

# Price Changes By U.S. Steel

PITTSBURGH (AP) —

The U.S. Steel Corp. announced today changes in its tin mill product prices—increasing some and decreasing others — only hours after agreement was reached on a new steel industry labor contract.

U.S. Steel, the nation's biggest producer and often the pace-maker in domestic steel prices, said the new prices will take effect Oct. 1 and will remain in effect until April 1, 1969.

Tin mill products are used mostly for the production of cans for beer and other carbonated beverages.

Of the 83 million tons of steel shipped by the industry in 1967, tin mill products accounted for 6.6 million tons.

# N.C. Markets

RALEIGH (AP) — (NCDA) —

North Carolina egg markets steady. Supplies adequate, demand fair. Prices paid producers and handlers for consumer grade eggs in cartons delivered nearby outlets:

Grade A large whites: 46½-47½; medium, whites: 35-36½; small, whites: 22-24½.

RALEIGH (AP) — (NCDA) —

The North Carolina hog market was mostly steady today with instances of 25 cents lower. Tops of 19.50-20.00 Rocky Mount, Bethel; 19.00-19.75 Wilson; 18.50-19.50 Kinston, New Bern, Benson, Mount Olive, Newton Grove, Albemarle, Lumberton; 20.50 Salisbury; 19.75 Greensboro, Fayetteville, Dunn, Elizabethtown, Pink Hill, Pine Level, Chadbourne; 19.25 Siler City, Denton, Selma.

# Community Notes

Evening Star Saving Club will meet Thursday at 7:30 p.m. at the home of Mrs. Mary Bennett, 602 Sheppard Street.

# Gas Meets All Resort's Needs

GLENWOOD SPRINGS, Colo. (AP) —

A ski resort near here claims to be the first and only facility of its kind in the United States to use gas total energy for every power need. A double-chair lift extending to an elevation of 10,000 feet is operated by an engine adapted for natural gas. And gas produces all energy to heat, cook and light throughout the property—even at the summit shelter. The resort owner estimates that the cost of operating his gas-fueled system is approximately one-fourth what it would be using any other energy available in the area.

# Educated Rabbit Goes To School

LOUISVILLE, Ky. (AP) —

Everywhere that Barbara Hendricks goes, her pet rabbit—Cotton Patch—goes with her. Cotton Patch even goes to school!

The rabbit is kept in a small pen in the classroom and the fourth grade youngsters vie for the privilege of caring for it. Cotton Patch even gets a report card and it's crowded with As.
