Mission Control Eyes Oxygen, Water Supplies

Risky 'Superfast' Return For Crew Of Apollo 13 Considered

By HOWARD BENEDICT
AP Aerospace Writer

SPACE CENTER, Houston (AP) — Apollo 13's imperiled astronauts battled to bring their crippled spaceship back to earth today as Mission Control Center considered a risky "superfast" return that would propel them home a day early and perhaps save their lives.

"Yes, barely," flight controller Glynn Lunney said when asked whether the three spacemen would make it back from their aborted moon landing mission, suddenly cut short Monday night when a violent rupture of unknown origin ripped through pressurized fuel tanks.

Officials are considering the quick return to bring Apollo 13 back to earth Thursday because they are concerned about oxygen and water supplies aboard the lunar module from which the astronauts are drawing life support.

James A. Lovell Jr., Fred W. Haise Jr. and John L. Swigert Jr. conserved these vital consumables as they raced farther from earth, toward a loop around the moon tonight before starting the quarter-million-mile homeward journey.

Looping the moon is the safest way home, officials said, because Apollo 13 was close to its target when the accident happened and already was on a course that would take it around the moon's backside.

To stop short of the moon would have required considerable power and fuel expenditure, something the astronauts don't have with their big command ship engine idled by electrical failure.

The only powerplant available is the lunar module descent engine, the one intended to lower Lovell and Haise to the moon's surface. The spacemen triggered the engine 30 seconds early today to adjust their course slightly to a path that would take them around the moon and bring them back to earth late Friday if they made no other maneuver.

If that engine had failed to ignite, Apollo 13 would have swung back toward earth but would have missed by some 20,000 miles and would have been lost forever in space.

To speed the homeward trip by 10 hours, Lovell, Haise and late substitute Swigert plan at 9:40 p.m. EST tonight to trigger the engine again to increase their 2,600 m.p.h. speed by 558 miles an hour. That would land them in the Pacific Ocean north of New Zealand at 1 p.m. EST Friday.

Mission Control said at midmorning it still favored this plan. But officials huddled for a long time to consider a "superfast" return which would mean a longer burn of the lunar module engine. The result would be an earth landing about 1 p.m. Thursday.

Officials listed two drawbacks:

—The service compartment at the base of the command ship would have to be jettisoned and this could create a heat protection problem.

—The maneuver requires almost perfect alignment of the inertial guidance platform, something that may not be possible with the lunar module system. Normally, the command ship system would be used for such a firing.

"We will continue to study this option several hours," the control center said.

Officials are concerned mainly with the water supply. With 75 hours to go, based on a Friday landing, the spaceship had enough water for 88 hours, a margin of 13 hours. To have this margin, the astronauts will have to power down to minimum electrical power for most of the journey, reducing the average hourly water consumption from five to 2.68 pounds. The water is used for cooling the electronics and cabin oxygen as well as for drinking.

At the same time, the oxygen supply was good for another 125 hours, a margin of 50 hours, barring unforeseen events.

President Nixon kept in touch with developments through phone contact with NASA Administrator Thomas O. Paine in Mission Control.

Neither the United States or Russia has a space rescue capability. So the astronauts will have to depend on their skill and that of hundreds of experts on the ground to get home.

Following the tank rupture, the astronauts activated the systems of the attached lunar module, or LM. They opened the connecting tunnel between the two craft so oxygen would flow into the command ship and make it livable.

The cramped LM is difficult to sleep in, so the astronauts will rest in the command ship.

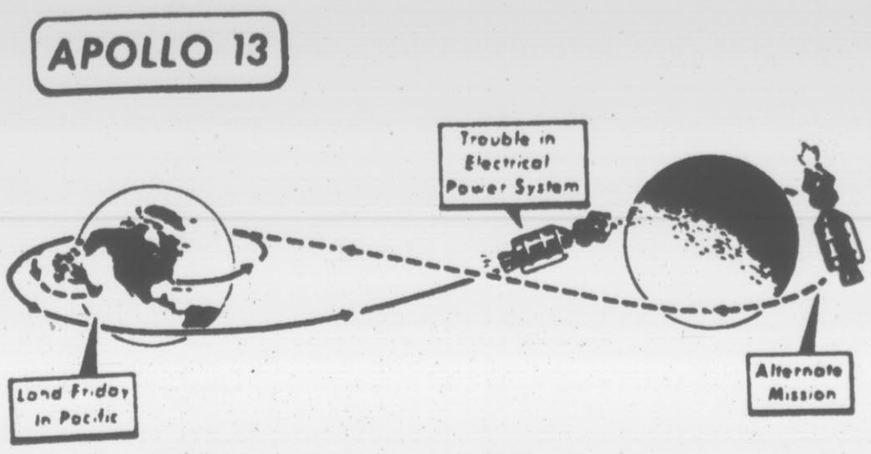

Swigert retired early today while Haise and Lovell monitored the command and lunar ships, respectively, planning to sleep later.

The astronauts remained calm and poised as they wrestled with the many procedures needed to stabilize their craft and to stretch their consumables.

To improve oxygen circulation and prevent a buildup of carbon dioxide in the command ship, Mission Control Center told the astronauts to use a hose from one of the unused space suits and extend it from the LM oxygen supply through the tunnel.

Lovell, Haise and Swigert were told to place any excess water in bags and to turn off all non-essential items requiring power.

(Continued On Page 6)

There'll Be No Lunar Landing

ALTERNATE MISSION — Drawing shows the Apollo 13 spacecraft approximately 200,000 miles from earth which developed a power failure Monday night. Mission Control said no moon landing was possible and that the lunar module descent engine is expected to fire as the astronauts pass behind the moon in an alternate mission, breaking moon's gravity and starting the trio homeward. A successful return would land them in the Pacific Friday. (AP Wirephoto Drawing)

Report Advancing Newtown Project Land Acquisitions

By TOM BAINES
Reflector Staff Writer

Newtown project manager T.I. Wagner told Redevelopment Commissioners last night that acquisitions in the project area are progressing with five parcels already bought and paid for and options held on five additional tracts.

So far, in relation to the total acquisition venture, he said, 18.2 per cent of the land area has been purchased or optioned, 22.7 per cent of the total parcels either purchased or optioned, and 25.7 per cent of the cost has been settled or optioned.

Of the 44 parcels in the area, owned by 29 different persons, two parcels will be involved in court actions.

Wagner pointed out that a lot, owned by the Universalist Church, would require legal action before it could be acquired. The matter was referred to attorney Kenneth Hite who will start condemnation proceedings in regard to the lot. Rpresentatives of the church could not be contacted, Wager said.

The project manager also told commissioners that the Commission has been asked by the city why a judgement has not been made in regard to excluding a house owned by R.S. Pollard on Wade Street from the project boundary.

Pollard, Wagner said, appeared at a special City Council meeting last July and discussed the matter at that time. The Commission, to date, however, has not received a formal request from Pollard to exclude the property, Wagner said.

Commissioners decided that since the request had not been received, no formal action could be taken. Executive director A E Dubber said that according to the city building inspector, the house could not be brought up to standards and also the lot was too small to meet requirements.

Wagner introduced a new member of the Newtown Project staff, Brenda Teel, who will be employed as a social services worker in the project. She is a graduate of Shaw University.

CBD project manager John Messick reported that a proposal for new Cotance Street sidewalk and widening specifications between Fifth and Third had been sent to the city for approval.

The proposal, he said, calls for a 34-foot street width with seven and a half feet sidewalks on both sides in the block between Fifth and Fourth Streets. The widths would provide for three - 11 - foot lanes.

Between Fourth and Third, it was pointed out, the street would be 37 feet wide with seven and a half feet sidewalks on both sides. Three 12-feet lanes would be provided for.

Formerly, the CBD plan called for a 37 feet street all the way through with a 10-foot sidewalk on both sides. A request from a property owner on the street prompted the width and sidewalk adjustments, he said.

Messick reported that inspections are continuing in the Pilot Project in the CBD area and that City Planning and Architectural Associates firm of Raleigh had started their drawings of parking areas in the project and would probably have renderings and drawings for the individual property owners to see by the end of the month.

The real estate appraisal firm of Wheless and Moore, Incorporated, has been contacted concerning a fee for possible appraisal of the East Carolina University land east of Cotanche Street that ECU has agreed to sell to the Commission for loop street construction.

The new firm, Messick said, will do the appraisal work on the loop street (parcel 6-17) for a fee of $150. Commissioners voted to secure a contract with the firm for the loop street appraisals and also similar services on the State Bank building.

A contract with McDavid Associates of Farmville for survey work in the CBD project to determine exact locations of buildings and street lines and related matters is being considered, Messick said.

The firm is now surveying a block in the project on a "dry run" to give the commission an idea of what information will be provided in their surveys.

Members approved a contract with attorneys Kenneth Hite, Robert Browning, and Fred Mattox for Title Services in the project to determine specific title holders and find out just who owns the various tracts and structures in the project.

The Atlanta office of Housing and Urban Development has asked for a revised cooperation agreement between the Commission and the City, Messick said, and the revision would only involve a matter of word changes and minor specifics.

The new agreement would allow the City grant-in-aid credit on all construction and cost-of-land expenses involved in project border streets improvements. Prior to now, Messick said, the City has had to pay 50 per cent of the construction and cost of land expenses but would now be eligible for full credit towards their 25 per cent share of the total cost.

Dubber reported that urban renewal representative, William Joe, visited the city on March 10 and 11 and also Bob Anderson of City Planning and Architectural Associates in Raleigh on March 11 and April 6.

Site Qualifies For Assistance Up To $13,000

The five acre recreation site on Cedar Lane in eastern Greenville has been approved for federal assistance up to $13,550.

This information was revealed at the Recreation Commission meeting last night when Boyd Lee read a letter from Harold Moses, Recreation Coordinator of the Department of Local Affairs in Raleigh.

"We have received notification from Atlanta," Moses wrote, "that the Hardee property has been qualified for land and water conservation fund assistance up to $13,500 . . . fiscal approval of a qualified project is contingent upon availability of funds.

"With a reduction of approximately one half million dollars this fiscal year," Moses informed, "the state of North Carolina does not have available funds for immediate funding of the project.

"We now anticipate that the project will be funded from monies received in 1970-71."

Moses added that "This, of course, depends to a large degree on the level of funding by Congress for the next fiscal year . . . at this point we are optimistic since the President is pushing the program. . ."

Lee added that "from all indications chances are very good that the project will reach the completion stage in funding in the next fiscal year."

Another step was taken in preliminary planning for firming up plans to landscape and develop the Shore Drive area.

Lee reported on a meeting he, Mrs. Louis Gaylord and City Manager Harry Hagerty had with Robert Anderson, landscape architect, who is coordinating plans on the Shore Drive project.

As a result of the meeting, the three presented Anderson with a list of suggestions and recommendations which they feel are desirable for the area in making it one which will benefit the largest number of citizens at the lowest maintenance cost. These recommendations included:

—An underground sprinkler system or other means of watering the area.

—Adequate lighting along the river shore.

—A boat landing for small boats at the south eastern portion of the site and construction of a boat house to be considered.

—Construction of a band stand at an appropriate location.

—Sections of the area to be developed for strolling, for gardens and for observation areas.

—Sufficient public toilets.

—Taking into consideration, but plans for the area not dictated by, the possible location of a city hall in the future.

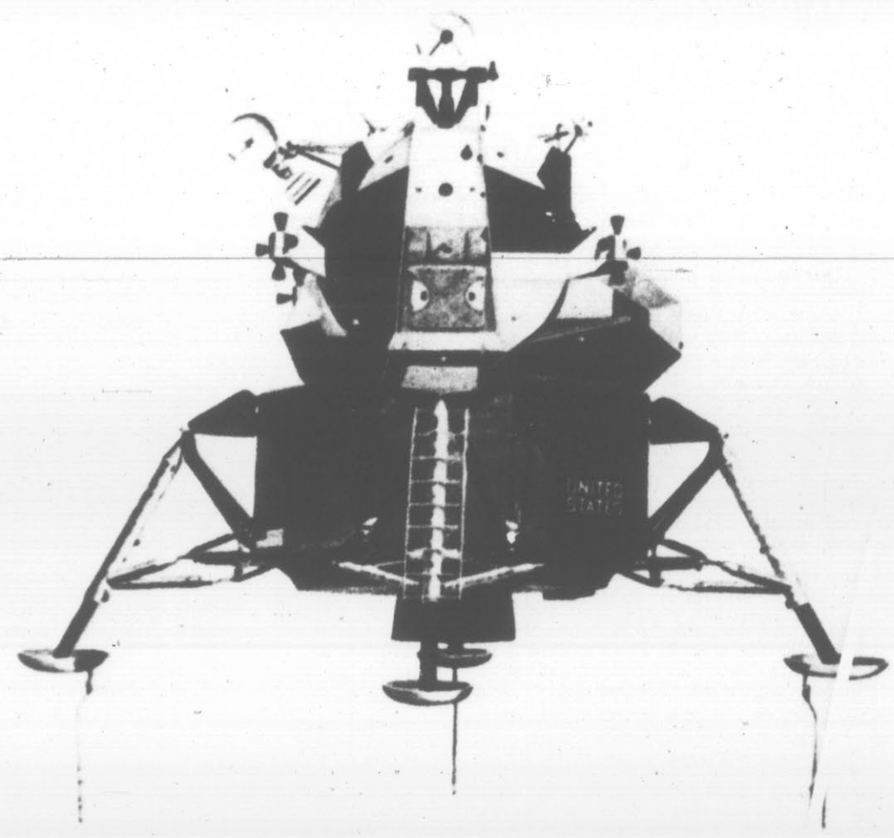

—A minimum of off-street parking (only for service needs).

—The possibility of a concession stand for the marina, and;

—An underlying assumption be that the need for a low maintenance cost of the project be met.

Anderson is taking these suggestions under advisement for the purpose of incorporating them, insofar as possible, into landscape and architect plans for the Shore Drive.

The commission approved the used of the Port-A-Pool as an instructional one for the coming summer. Plans were approved to have the pool located at South Greenville gym area, with a maximum of 20 students receiving swimming instruction at one time, and with access controlled. Shower facilities will be provided in conjunction with the pool.

"LIFEBOAT" FOR APOLLO 13 — This is the type of lunar module, or LM, which has become the lifeboat in space for the Apollo 13 astronauts. (AP Wirephoto)

Astronauts Cool, Calm In Their Greatest Peril

By HARRY F. ROSENTHAL
Associated Press Writer

SPACE CENTER, Houston (AP)—Never once, in the greatest crisis of their lives, in a danger that had materialized only in fiction, did the Apollo 13 astronauts lose their cool.

"Hey, we've got a problem here!"

Even that first cry of alarm, across 202,000 miles of space, was restrained, though urgent.

They'd finished a television show—such standard fare for a jaded public that none of the television networks made time for it. Mission control saw it and congratulated them on it.

Now the ground was giving instructions for positioning the spacecraft to look for the comet Bennett.

"Hey, we've got a problem here." It was James A. Lovell Jr., the spacecraft commander, the only human to make four trips into space.

"This is Houston, say again please."

"Houston, we've had a problem. We've had a main B bus interval."

A power failure! An imbalance in the intricate system that gives oxygen and direction and the fragile voice lifeline to the ground.

By the very laws of the universe they chall enged and used, their spacecraf t continued on to the moon as indeed it would even if their s ship were a derelict.

Many hour s before they had forsaken the relative safety of a "free return " that would have required o nly the pull of the moon and the earth to put them back on ea rth. Deliberately they had chan ged the course so Lovell and F red W. Haise Jr., could land on the moon.

"We' re looking at it." A hundred e xperts on the ground, others q uickly summoned. But advice was all that was possible to help three men in a disabled shi p.

Black Entrepreneurship Program Begun In North Carolina

By ALVIN TAYLOR
Reflector Managing Editor

Roy G. Sowers, Jr., director of the State Department of Conservation and Development, last night announced a new program to promote "Black entrepreneurship" in North Carolina.

Sowers discussed the program in a talk before the local Rotary Club.

He said the C and D plans to develop the program in several stages.

"The first phase will consist of the search for and identification of successful black businessmen throughout North Carolina.

"The second phase will consist of a series of meetings with these black businessmen.

"From this phase we hope to develop information that can be provided to future businessmen so that they can avoid the mistakes and pitfalls of those who came before."

"We also hope that out of this effort we will attract more young people to become interested in the business world — to take business courses in high schools, to enter business schools in our colleges and universities, and to enter private business colleges."

Sowers said the program had been discussed with John Baker, the first Negro industrial development representative with the C and D.

"In addition, we turned to one of your own — Dr. James Bearden, dean of East Carolina University's School of Business. We knew he had some definite ideas on the subject.

He noted that "Dr. Bearden has provided us with the essential ingredients of the new program I am pleased to announce tonight. I think it is fitting that I come to Greenville to do so."

Sowers, one of the key men in the Scott administration, gave an indication of the administration's thinking on the development of a medical school at ECU.

Discussing the factors which affect economic growth, he said, "The over-all health and welfare of the people is a factor, and local attitudes in a community play an important, if not the major, role in economic improvement.

"And here I would like to say that East Carolina University is playing a major role in the development of North Carolina. I guess you could call this an activist university because the people here believe in doing things as well as teaching theory.

The influence of this school in educational circles, the economic development efforts and in many other areas is significant and I look forward to the day, as I know most of you do, when the service of this institutions is broadened to include a medical school. We need it in North Carolina and I hope that it will become a realtiy."

Concerning C and D's dual responsibilities, Sowers said. "We cannot allow an attitude of conservation versus development. We must have both a prosperous economy and a clean environment.

"Our responsibility is enormous, and in today's complex world of unfullfilled dreams, our burden is great."

Dr. Bearden introduced Sowers. Dr. O.R. Pierce presided over the meeting.

Special Educators Attended Workshop At Center Saturday

AT WORKSHOP . . . Attending the workshop of the Grifton Instructional Material Center were Ted Drain, Mrs. Betty Levey, Harvey Schneider and George Kahdy.

GRIFTON — More than 175 special educators attended a workshop at the Eastern North Carolina Special Education Instructional Materials Center Saturday. The workshop was held to introduce and officially open the center.

A slide-tape presentation on the IMC Network in the United States was given by Harvey Schneider, field services coordinator for the University of Kentucky Regional Center. He told the group there are 14 regional centers and 80 affiliate centers in the United States.

"The North Carolina network, consisting of three materials centers and one production center, is among the more advanced groups of affiliate centers," Schneider stated.

Ted Drain, state director of the IMC Network, discussed the role of the network in North Carolina. Mrs. Jean Averette, Center operations coordinator for the Grifton facility, and Miss Maxine Brown, field services coordinator, explained the activities of the Grifton Center.

Mrs. Betty Levey, director of the center and supervisor of special education for Pitt County Schools, welcomed the group. State Director of Special Education George Kahdy expressed his appreciation to those attending the workshop.

The educators attending the workshop were given an opportunity to tour the center and examine new and innovative instructional materials representing the multi-media approach to learning and geared for children with special needs.

The Grifton center is now open to loan instructional materials for two week periods for preview and use by special educators and other interested personnel.

Consultant services for the selection of materials to meet specific problems are also avialable. The center is open from 8:30 a. m. until 4:30 p. m. Monday through Friday.

The instructional center, started three years ago by the Pitt County Schools, is designed to provide a central source of materials and equipment to field test materials, techniques and equipment in the area of special education to serve the needs of teachers of mentally and physically handicapped children. The center staff also develops evaluative procedures for materials.

The field testing material is carried on in special education classes in Pitt County during the regular school session.

Fire Ruins 500 Pianos

MARION, N. C. (AP) — A fire destroyed about 500 finished pianos and the 50,000-square-foot building of International Musical Instruments Inc., Monday night, with loss estimated at $500,000.

A company spokesman said the finished pianois were worth an average of $750 each. In addition, a sizable number of pianoes in various stages of construction were lost.

Only one of the 80 employes was in the building at the time, and he escaped unharmed.

The spokesman said the fire apparently was caused by lightning running into the finishing room on wiring. A severe lightning storm lashed this western North Carolina area just before the fire.

The foreman of the finishing room, Ran Elkins, said a certain amount of combustible fumes are in the room at all times, and a single spark could cause them to burst into flame.

Bobby Gentry In Marital Rift

LOS ANGELES (AP) — Married less than four months, composer-singer Bobbie Gentry and William Harrah, who operates Nevada's richest gambling empire, have separated.

The 27-year-old country singer wed the shy casino owner Dec. 18 in a quiet church ceremony conducted amid much secrecy. Afterward she and her 58-year-old bridegroom took off in his private jet for a honeymoon in Idaho and Europe.

The breakup was confirmed here Monday by Miss Gentry's agent, Michael Merrick Co., ending weeks of rumors. Her lawyers, however, have denied she plans a divorce.

The marriage was her first and his third.

Two Tar Heels Killed In Action

WASHINGTON (AP) — Two North Carolinians have been killed in action in the Vietnam war and another has died not as a result of hostile action.

The Defense Department has announced that Master Sgt. Gale Stopher Jr. of Spring Lake near Fayetteville and 2ns Lt. Thomas A. Scarboro of Skyland near Asheville died in action.

Staff Sgt. John B. Mullis of Fayetteville died of other causes.

All were Army men.

Renew Bid For New Ray Trial

MEMPHIS, Tenn. (AP)—Attorneys for James Earl Ray, admitted assassin of Dr. Martin Luther King Jr., have renewed attempts to obtain a new trial for him.

Richard J. Ryan, representing Ray, filed a court petition Monday alleging that his client's plea of guilty to the slaying followed 24 hours under surveillance and without legal counsel in the Shelby County jail.

Ray, who is serving 99 years in prison, pleaded guilty last year to the rifle slaying of the civil rights leader here April 4, 1968.

PLAQUE PRESENTED — Bob Whitley of Kinston, newly elected president of the Student Government Association at ECU, presents a plaque expressing SGA appreciation to the ECU board of trustees for support and for permitting student participation in ECU trustee and administrative affairs. Accepting the plaque is Attorney General Robert Morgan, chairman of the ECU trustees. (ECU News Bureau Photo by Marianne Baines).

DOESN'T WANT WET FEET — Kathryn, an 11-year - old gorilla, apparently doesn't want to get her feet wet as she climbs up on the back of keeper Tex Davidson while Tex hoses down her living quarters at the Philadelphia Zoo. Kathryn has even been known to be less helpful while occasion ally turning the hose on Tex. (AP Wirephoto)

Russian Nuclear Sub Appears To Be Lost In Atlantic Ocean

By BOB HORTON
AP Military Writer

WASHINGTON (AP) — A Soviet nuclear attack submarine, perhaps with as many as 88 crewmen aboard, apparently has been lost in Atlantic waters 400 miles northwest of the Spanish coast.

The word came Monday from the Defense Department, which reported that American planes observed at least some of the drama of the high seas incident before the submarine disappeared last weekend.

The 3,500-ton vessel, one of a class of hunter-killer submarines capable of tailing American ships, was seen in distress Friday and Saturday, then vanished Sunday—with two oil slicks remaining.

No one actually saw her go down but Navy antisubmarine patrol planes had watched over the weekend as two Soviet surface ships attempted unsuccessfully to tie a towline to the sub in rough seas.

At one point Soviet crewmen stood on the deck of the surfaced submarine. The U.S. Navy P3 Orion planes, flying from an airbase in the Azores, saw none of them leave.

"Late yesterday the Soviet surface ships were still in the area where the submarine was first sighted and were apparently conducting a search," the Pentagon said Monday. "It is possible that the Soviet nuclear submarine may have sunk."

There was no immediate reaction from the Soviet government to Washington's announcement. But Westerners in Moscow believed the submarine was on its way to take part in large-scale maneuvers which the Soviet Defense Department announced today are being held in both the Atlantic and Pacific oceans through May.

The apparent loss came 23 months after an American nuclear submarine, the USS Scorpion, mysteriously vanished with a crew of 99 in the Atlantic while returning from a Mediterranean exercise.

There were no obvious similarities in the two incidents, however. The Scorpion was never sighted nor heard from and apparently disintegrated in the ocean depths.

Scorpion debris was later found 400 miles southwest of the Azores. The Soviet submarine was spotted 400 miles northwest of Cape Finisterre, Spain—roughly 1,000 miles from the Scorpion's grave.

The question arose as to why the Pentagon elected to announce the Soviet misfortune, which was not immediately confirmed by the Russians.

One reason, knowledgeable officials said, was that the incident was certain to leak out anyway to American newsmen.

There was also the possibility the Soviets might claim an American submarine or ship had bumped the Russian vessel.

To counter such an allegation Defense spokesman Jerry Friedman told reporters: "I am able to categorically state to you that no U.S. surface vessel or submarines were involved in any way" in the incident.

He declined to discuss whether the Soviet submarine had been tracking any American units. It was understood she had recently been operating with other Soviet vessels in the Mediterranean.

Another reason for the disclosure, one U.S. official said, was to show that the Soviets, too, have trouble on the high seas.

"Everybody thinks we are the only people to have problems with nuclear submarines," he commented.

Belvoir-Falkland FHA Marked National Week

BELVOIR — Members of the Belvoir-Falkland High School Future Homemakers of America Association participated in National FHA Week April 6-10.

Devotions were presented each morning on the public address system. Chapter members participating included Linda Cobb, Sue Lewis, Ann Spain, Gaynell Baker, Debra Stancill, Hilda Whitley, Jean Jean Council, Maggie Edwards, Joan Leggett, and Tyresia Pollard.

Tuesday was "teacher appreciation day" and each teacher was presented flowers. Chapter members participating in this activity were Sherry Pollard, Geraldine Weldon, Brenda Letchworth, Vicky Calrk, Rhonda Peaden, Donna Hamill, Nancy Spain, Debra Stancill, Brenda Forbes, and Vera Bullock.

A Mother-Daughter banquet Thursday night at St. James Methodist Church concluded the week's activities.

Mrs. Walther Latham was guest speaker for the banquet. She talked on "Pretty Is As Pretty Does."

Each mother was presented a rose by her daughter.

A fashion show was given by the Belk-Tyler Teen Board. Gifts were presented to Deborah Warren, retiring chapter president, and Mrs. Lucille Mayo, chapter adviser.

The room was decorated in the traditional FHA colors of red and white. Runners of red camellias were used on the auxiliary tables wiile an arrangement of red roses were used on the head table.

Sunday School Superintendent

J.E. Spruill has been named School Superintendent of Sycamore Hill Baptist Church.

Spruill, principal of the Sadie Saulter Elementary School, will assume his duties on May 17.

He is a former member of the Mt. Shiloh Baptist Church, Williamston, where he served on the trustee board for several years.

American Soybean Sales Are Booming

American soybean producers are selling record quantities of soybeans both at home and abroad this year, according to G. Carey Faulk, acting county executive director for the Agricultural Stabilization and Conservation Service.

It is estimated that soybean utilization will increase from 945 million bushels used in 1969 to 1,136 million bushels for this year. This increase in market demand for soybeans represents the production from about seven million acres.

"In view of the excess production capacity we have in this country, this growth in soybean demand is welcome news to soybean producers and taxpayers," Faulk stated.

In recent months, the demand for soybeans has increased substantially as a result of more competitive pricing, a drop-off in supplies of other high-protein materials, and continued growth in world demand for protein feeds, Faulk explained.

"As a result of the demand, soybean producers who placed their crop under loan last fall have been redeeming them prior to the loan maturity date and moving them into the open market," he pointed out.

Faulk added, "Increased exports have been, and will continue to be, the key to large growth markets for soybeans."

Soybeans supply more than four pounds of meal for each pound of oil, while most other vegetable oil products supply about a pound of oil for each pound of meal.

"The demand for meal is increasing faster than the demand for oil, and this in turn creates a demand for soybeans both in the U. S. and abroad," Faulk said.

In anticipation of this improved market demand, soybean growers have reported intentions of planting over 43 million acres in 1970, an increase of almost one million acres above 1969.

"This increase should boost bean growers' income around $100 million next year," Faulk estimated.

Regards Hitler As 'Greatest'

NEW YORK (AP) — Stokely Carmichael, former chairman of the Student Nonviolent Coordinating Committee, says his nominee for "the greatest white man" is Adolph Hitler.

Carmichael, who recently returned from 14 months in Africa, told interviewer David Frost on a TV program Monday:

"If we're judging his genius objectively, we have to admit that the man was a genius. He forced the entire world to fight him."

ComposedWhile In Prison Cell

PARIS (AP) — Greek composer Mikis Theodorakis says he composed a major work while imprisoned in Greece by tapping out the rhythms on the bars of his cell.

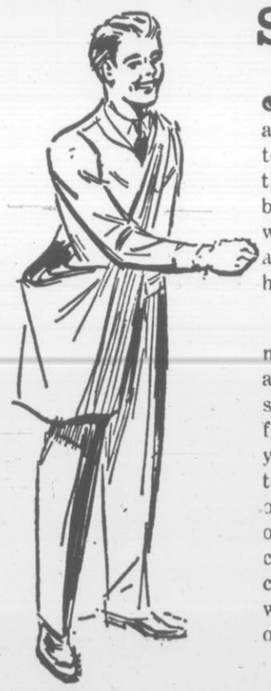

Theodorakis, who wrote the scores for the movies "Z" and "Zorba the Greek," was freed and flown to Paris Monday for treatment of a 10-year-old case of tuberculosis. An avowed Communist, he had been a political prisoner of Greece's military dictatorship for almost three years.

Friends said that while he was in prison, he wrote part of an oratorio which he considers his most important work. They said it is a setting of a poem, "State of Siege," which was written by a woman prisoner and smuggled into Theodorakis' cell.

Larry's Shoe Store

I'm PLEASED to Meet You and Serve You

● IF YOU have recently arrived here, or moved into another part of town, there's a capable young businessman close by, who'd like to meet you and serve you — just as he does your neighbors!

YOU'LL FIND he's much more than a dependable delivery boy—he's a specialist in speedy, satisfying newspaper service to your area! Fully trained to please customers with on-time arrival, extra care on stormy days, prompt collections, and give special attention to changes whenever families move in or out, or go on vacations!

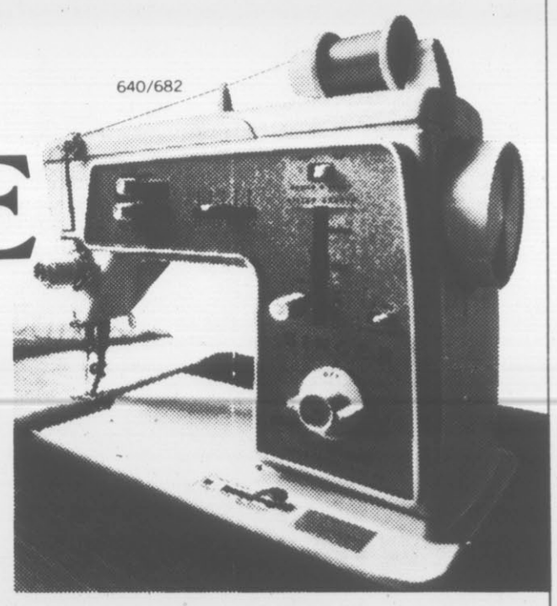

IF HE has not called on you as yet, 'phone our circulation department today, and he will begin serving you tomorrow.

Eastern Symphony Ball To Have 'Springtime' Theme

WILMINGTON — Fresh flowers and spring music will carry out the North Carolina Symphony's eastern Ball's theme of "Springtime" April 17 at the Cape Fear Country Club.

Mr. and Mrs. Waddell Albert Corbett will open Airlie Gardens for guests attending the ball from 2:30—5 p.m. A cocktail party will follow at Mr. and Mrs. Dan Cameron's home on Figure 8 Island at 6 p.m.

"Formal dress isn't required at Airlie Gardens, but guests attending the cocktail party will dress formally," states Louie E. Woodbury Jr., co-chairman of the Eastern Ball. Mrs. Leslie N. Boney Jr. is also co-chairman Gov. and Mrs. Robert Scott are honorary chairman.

The ball will begin at 8 p.m. at which time dinner will be served buffet style. "Dr. Rush Beeler has translated the menu into French," adds Woodbury.

A half-hour concert by the North Carolina Symphony Orchestra featuring the Guatemala Quartet and John Taylor Cheek, baritone, will follow dinner.

The symphony will also play five selections of dance music. During the first selection, Gov. and Mrs. Scott will have the first dance of the evening. After the symphony has performed, Les Boswell and his orchestra will play dance music until 1 a.m.

Proceeds from the $100 per-couple formal dinner-dance go into the maintenance fund of the North Carolina Symphony Society to help finance its state wide program.

This year marks the 25th anniversary of the North Carolina Symphony.

The View Is Bad With 'Mod' Shoes

By Abigail Van Buren

[c 1970 by Chicago Tribune-N. Y. News Synd., Inc.]

DEAR ABBY: I am interested in women's shoes because they are part of the view whenever I look at a woman's legs, which is at every possible opportunity.

I can't decide whether these "mod" shoes for women look like prosthetic devices for clubfeet, or torture boxes made of scraps from a harness factory. It is even impossible to tell which way a lady is facing from looking at her shoes.

I ask compassionate people everywhere to help stamp out this conspiracy to make a woman's foot look like an obscene growth on the earthly end of a heavenly object.

FRANK IN SAN DIEGO

DEAR ABBY: I wrote to the National Shoe Retailers association and told them what I thought of their squaretoed, clunky, masculine looking shoes that seem to be the only things you can buy anymore.

I told them I have been wearing TENNIS SHOES that were made in Japan because they were actually better looking and more comfortable than what they are showing here.

I am tired of looking like I'm on my way to a gym class.

JUDY IN FOUNTAIN VALLEY, CAL.

DEAR ABBY: I have specialized in bone surgery for nearly half a century. The ill health and suffering due to women's ill-chosen foot gear is appalling. Incidentally, I dare say that treating ailments caused by improper shoeing puts more money into the pockets of medical specialists than is spent for all the deforming shoes sold.

The normal shape and function of the human foot requires no raise of the heel. Every fraction of an inch that a shoe raises the wearer's heel above the level of his toe, causes him to increase the curvature of his spine necessary to stand upright.

Sketchily tracing the history of the high heel: A "dumpy" queen had high-heeled foot gear made to attain a more "imposing" stature. The prostitutes of Paris latched onto the idea, and the so-called "civilized" women of the world promptly fell for it.

Years ago, when I met the owner of one of the largest shoe stores in San Francisco, I needled him about the atrocious crippling shoes he sold to women. He said, "Doctor, you don't know the half of it! I once stocked my store heavily with the most beautiful and sensible women's shoes we could buy and we couldn't GIVE them away!

"I sent my daughters to school sensibly shod. At high school age they asked for 'shoes like all the other girls are wearing.' I tried to convince them that they would pay a high price in crippled feet and backaches. They didn't care. They chose to take the consequences rather than be 'different'."

If women must distort and bedevil themselves, why don't they select less damaging devices? Say, nose rings? They would be far less harmful, and no more disgusting to those who realize the full significance of deforming footwear.

Very truly yours,

E. W. CLEARY, M. D. [Retired]

Piano Concert Set For Friday

WASHINGTON — The Washington Woman's Club is sponsoring Jayne Winfield Ericourt in a piano concert here on Friday, April 17, at 8:15 p. m.

The concert will take place in the Washington High School auditorium. A native of Washington, Mrs. Ericourt made her debut at Carnegie Hall in New York at the age of 18.

She has performed in many concerts, and orchestras including the North Carolina Symphony. She has recently returned from a concert tour in South America. She is a professor of music at Guilford College.

Tickets may be purchased at the door.

Engagement Announced

MISS MARGARET VANDIFORD . . . is the daughter of Mr. and Mrs. Alton Vandiford of Greenville, who announce her engagement to Jerry Marcus Grimsley, son of Mr. and Mrs. Mark L. Grimsley of Winterville. The wedding will take place July 12.

Faculty Wives Club To Sponsor Annual Benefit

The Faculty Wives Club of East Carolina University will sponsor its annual bridge benefit on Tuesday, April 21, at 8 p. m. in the South Dining Hall on the campus.

Spearheading this year's benefit is Mrs. Harold M. McGrath, president of the club. She is being assisted by Mrs. G. Waldron Synder, gifts chairman; Mrs. Louis H. Zincone, favors chairman; Mrs. Warren Chamberlain, ticket chairman; Mrs. Graham Davis and Mrs. Shelton Downes, refreshments chairmen.

Publicity for the event is being managed through the coordinated efforts of Mrs. W. James Smith, Mrs. Harold A. Jones and Mrs. Warren McAllister.

Although the faculty wives designate the occasion as a bridge benefit, it is not restricted to bridge, nor is it restricted to faculty wives and their husbands.

Any persons who wish to play may reserve tables for their desired games by contacting Mrs. Warren Chamberlain, 758-4259, or they may purchase their tickets in advance from members of the club.

The first benefit staged by the Faculty Wives Club was in 1962, the proceeds of which were donated to the Stadium Fund Drive. The following year, however, the club decided to establish a permanent scholarship fund for deserving girl students attending East Carolina University. The first student to receive a scholarship was Miss Hilda Hodgson in 1963.

A scholarship committee of faculty wives was organized in 1965 to screen applicants and to select the winners. Presently, Mrs. Tinsley E. Yarbrough is chairman of the committee.

Past recipients selected by the Scholarship Committee have been Miss Linda Sue Elks, in 1966, Miss Paula Tart, Miss Peggy Cook, and Miss Judith Coggins, in 1967, Miss Leslie Ann Cooley, in 1968, and Mrs. Betty DeLuca, Miss Dianne Pierce, Mrs. Hope Starling Toler, and Miss Peggy Jean Jones, in 1969.

Episcopal Churchwomen Hold Annual Session

KINSTON — The 82nd annual meeting of the Episcopal Churchwomen of the Diocese of East Carolina was held on Wednesday at St. Mary's Church here.

The meeting was opened with the service of Holy Communion celebrated by Bishop Thomas Wright and Bishop Hunley Elebash, assisted by the Rev. John Winslow, rector of St. Mary's. A memorial service for deceased members followed this service.

Mrs. D.C. Wade, Diocesan president called the meeting to order and delegates and visitors were welcomed by Mrs. Ted Grindstaff, president of the Episcopal Churchwomen of St. Mary's.

Mrs. Wade announced the following appointments: Mrs. B. Paul chairman of the Courtesy Committee, Mrs. Sam Woodley chairman of credentials and Budget committees, Mrs. H.C. Jackson, chairman of the Manual Committee and Mrs. Norman Winslow, chairman of the Nominating Committee.

Delegates to the Provincial Synod, of which Mrs. Wade is a member of the Provincial Council, are Mrs. Hugh Morton, Mrs. Sam Woodley and Mrs. Wade.

Bishop Wright introduced the speaker of the day, the Rev. Dr. Fitzsimmons Allison of the Virginis Theological Seminary. Dr. Allison's subject was 'How Christian Easter Faith Deals With Guilt".

After luncheon the business session was opened with the president's annual report. She emphasized the continuing theme, "Lord, Revive Thy Church Beginning With Me".

The plan for the new structure of the Episcopal Churchwomen was presented and accepted by the body.

Churches will be divided into the following districts: Goldsboro-Mrs. Noel Hardy, chairman; New Bern-Mrs. C. E. Hancock, chairman; Fayetteville-Mrs. Sam Hutaff, chairman; Wilmington-Mrs. Eugene Wyke, chairman; Edenton-Mrs. Clement Jordan, chairman; Greenville-Mrs. Irwin Hulbert, chairman; Mrs. Louis Poisson Jr. will be vice-president and Mrs. Waverly Broadwell, UTO chairman.

New Member Is Initiated

The Delta chapter of the Delta Kappa Gamma Society initiated a new member, Miss Carolyn Fulghum, on Saturday afternoon in the education rooms of Memorial Baptist Church.

Miss Fulghum is dean of women at East Carolina University.

Preceding the initiation ceremony, the President Mrs. Kemp Baldwin, presided at an orientation program designed to acquaint the initiate with the history and purposes of Delta Kappa Gamma.

Those taking part on the program were Dr. Lois Staton, Mrs. Bonnie Harrington, Mrs. Betsy West, Mrs. Thadys Dewar, Miss Frances Smith, Mrs. Gayle Sanderson, Miss Elizabeth Edwards, Mrs. Christine Gantt, Mrs. Ruth Garner and Mrs. Elsie Eagan.

Immediately following the initiation, a tea was held in honor of Miss Fulghum. The refreshment table was centered with an arrangement of red roses. The red rose is one of the symbols of Delta Kappa Gamma. Other symbols were used in decorating with DKG colors, red and gold.

Hostesses were Miss Ruth White, Mrs. Gantt, Mrs. Miriam Little, Mrs. Elizabeth Mims, Mrs. Sanderson and Miss Frances Smith.

SOUND REPORT

CHICAGO (UPI)—War toys. Are they good or bad? Marvin Glass, designer of toys since 1939, answers the question this way:

"Realistic toy guns, advertised realistically, convey the idea that violence is a legitimate persuader."

Celebrate Anniversary

MR. AND MRS. EARL WEST HELLEN SR. — of Greenville celebrated their 50th wedding anniversary last Sunday at the Masonic Lodge. Their children are Mr. and Mrs. Earl West Hellen Jr. of Greensboro, Mr. and Mrs. Hershell Francis Snuggs of Mooresville and Mr. and Mrs. Raymond Suggs of Princeton.

Mix half a cup of peanut butter with three tablespoons of currant jelly; use as a sandwich spread.

Beauty Hints For You

From Clara Garris

Have you tried using a lipstick brush yet? These little gadgets are worth their weight in gold as you can get the very last smidgen of lipstick out of your tube. Also once you learn to apply your lipstick with a brush your lips will always look lovelier, all it takes is a steady hand and practice. Another thing you can get with a brush is a happy smile by filling in the corners of your mouth with an upward tilt. Try it, you'll like the results . . .

An Extenuating Circumstance

We suppose most of the nation will forgive John L. Swigert for forgetting to file his income tax. After all he was called out of town suddenly. Swigert was hurtling toward the moon when NASA reminded the astronauts that April 15 was the deadline for filing. There was some laughter and then Swigert came in, "That isn't too funny. Things started happening real fast down there and I . . . I do need an extension."

Well it is a fact that Swigert's trip to the moon developed suddenly when Thomas K. Mattingly was exposed to the measles. The question was, however, how do you grant an astronaut an extension when everyone else has to file on April 15?

Swigert, headed for the moon, obviously was safe from the Internal Revenue agents for the time being, although there was some joking about an agent awaiting him at splash down. There was also the extenuating circumstance that the astronaut saved the taxpayers $800,000 by getting the mission off on time.

Fortunately the Internal Revenue Service had a regulation which saved the situation. Even though it had never before had a taxpayer in space at the deadline time, The IRS did have a regulation which said that citizens outside the United States are automatically given and extension until June 15.

Always before it had been applied to citizens who remained on the globe. However, it fitted Astronaut Swigert's situation perfectly even if he were thousands of miles away in space.

The regulation suited Swigert's situation, but for most of us the deadline is still April 15 and that is tomorrow. For those of us who haven't filed that is important to remember.

A Time Bomb In Yugoslavia

By WILLIAM L. RYAN
AP Special Correspondent

Yugoslavia never had it so good economically. For that reason as much as any other, it is fearful. The Russians are annoyed.

From the look of things, Moscow and its bloc allies are neck-deep in intrigue aimed at toppling Yugoslavia's system of socialism. Moscow says it isn't socialism at all. For the Kremlin there is only one socialism— Soviet.

Two brands of Yugoslav Communists are working one against the other—the go-go boys of the new era and the diehard conservatives, many of whom now seem to yearn for the uncomplicated old days of Stalin's domination. The conservatives may be getting ready for a power struggle with Soviet help, perhaps after Tito dies. Should they succeed, the drastic change in the stratetic picture will shake Europe.

Tito turns 78 next month. His strong personality accomplished almost a miracle in Yugoslavia. The country is a federation of six "Socialist republics" with a variety of creeds and nationalities. It has a Balkan history of feuds, fragmentation, foreign domination and wars. Tito has kept it together for a quarter century and at the same time stayed out of the embrace of the Russian bear.

In the normal course of events, if Tito should die, the presidency would be assumed under the constitution by Col. Gen. Koca Popovic, 62, the former foreign minister who is now vice president. He would hold it until elections, and would then be in a strong position to stay. He is a tough, long-time confidant of Tito who doesn't care for the Russians.

But there could be a good deal of trouble, perhaps even before Tito passes from the scene.

The Yugoslav League of Communists, as the ruling party calls itself, obviously is worried by pressure from external sources at a time when internal political difficulties could generate the sort of confusion in which the Russians like to operate.

Leading party newspapers speak frequently these days of the "Cominformists," who include those never reconciled to the economic reforms and the political system which encourage workers' self-management and incentives.

The name refers to the Cominform—the now defunct Communist Information Bureau organized by Moscow under Stalin in 1947 to insure bloc obedience. The Cominform pronounced Tito a heretic for talking back to Stalin and read him out of the family. The term "Cominformist" today does not necessarily refer to veterans of 1948 as such, but to a state of mind.

Outside Yugoslavia the Cominformists are the present Moscow rulers and some men in other bloc parties. Inside Yugoslavia they include many in the party, government and army bureaucracies who fear the economic reforms which permitted Yugoslavs to enjoy markedly better living standards than their Communist-dominated neighbors. The Yugoslav press says often that Moscow is afraid of the influence of the Yugoslav system on other countries.

The party newspaper Politka, commenting early this year, claimed the Cominformists within were encouraged by criticisms of the regime "from the East."

The worries are compounded by an internal political situation generated by pressure from below for less centralization of authority. Croatia's Communists, for example, demand more autonomy.

The party has been losing members from expulsion or resignation at the rate of 23,000 a year for four years, largely because of apathy. Most losses are from ranks of workers and youth. Party membership remains stable at about 1,150,000 with new admissions, but the leaders are displeased with the caliber.

What seems to anger Belgrade most about the Russians is that support of the Cominformists is accompanied by Muscovite insistence that every "Socialist" country owes unquestioning obedience to Moscow. Czechoslovakia in 1968 was an example to those who deviated.

As if suggesting that Yugoslavia was subjected to the threat of military pressure, the press commented angrily on recent military meaneuvers in the western part of the U.S.S.R. The Yugoslavs said these were "motivated by bloc policy" and were along a "strategic operational route in central Europe."

The official Belgrade press displayed much anger at a West German newspaper report of a military coup in the making in Yugoslavia. Belgrade's press suggested that such stories were planted by outside enemies.

It all added up to considerable sensitiveness in Belgrade, whose suspicions of planted rumors, aimed at keeping politics churned up and politicians off balance, might be well founded.

Twenty-Five Years Ago, U.S. Saddened

Twenty five years ago the nation was mourning the death of a president who had brought it through two of its greatest crises.

Franklin Delano Roosevelt had collapsed and died in Warm Springs, Ga. as he was sitting for his portrait.

Roosevelt had taken office during the depths of the Great Depression and he had struggled through the 1930s to bring prosperity to the land.

The economy was not to begin rising again, however, until the beginning of World War II and again Roosevelt was to lead the country through a great war.

As the war neared its end Roosevelt died. He had faced the great crises just as he had faced his own personal crisis, that of crippling polio. He will always rank as one of America's great presidents.

U.S. Haste Is Thieu's Worry

By ROWLAND EVANS and ROBERT NOVAK

SAIGON — President Nguyen Van Thieu, until now an unequivocal public supporter of Vietnamization, is coming to share military apprehension here that too many U. S. troops may be withdrawn in the coming months.

In an exclusive interview at the presidential palace, Thieu reiterated his approval of the currently announced pullout of 115,000 U.S. troops. "Up to now, the formula is very correct," he told us. But he added agrees with generals, both U.S. and South Vietnamese, who are concerned about that rate's continuing this spring and summer. "We worry about the speed," he said.

Indeed, the President seemed worried generally about the long-term U.S. commitment in South Vietnam. Painting a picture of the long war gradually petering out without any negotiated settlement, he asserted some U.S. military presence here will be needed for many, many years. When asked whether he thought President Nixon is committed to the U.S. staying on in that role, Thieu replied cryptically: I hope he will stay."

We say Thieu at a moment of public turmoil in Saigon when main thoroughfares had been cordoned off by combat police to prevent demonstrations by disabled veterans and students and barbed wire barricades protected the palace and the national assembly. While the Vietcong insurrection is being ground down in the courntry side, Thieu is experiencing his worst political trouble since his election in 1967.

Given that background, Thieu was cool, imperturbable, and confident. his only display of emotion was sustained, derisive laugheter when asked about Sen. J. W. Fulbright's speech recognizing North Vietnamese hegemony over all Indo-China ("How would Fulbright like the Communists to take over the United States?" he asked). Thieu seemed less apprehensive about political turbulence in Saigon than the permanence of the commitment in Washington.

Consequently, he urged that future U.S. troop withdrawals "should be very careful and calm" because of of heightened Communist military pressure. "They have increased their infiltration and may attempt a great victory — the capture of a provicial capital—before your (U.S.) elections to make a lot of noise," Thieu told us. "Then, they may ask for a cease-fire to consolidate their gain."

But Thieu saw no prospect of a negotiated settlement in Paris. Rather, he envisioned the war gradually fading away thanks to pacification of the courntryside and Communist military defeats. "It will take years," he predicted.

The Communists, he went on, will not drop their demand — utterly unacceptable to him—of a coalition government "until they are sure we are more stable, that President Nixon will be reelected in 1972, and that we will not elect a neutralist as President next year."

Moreover, Thieu advised that the U.S. military presence will be needed here even after the war ends. "U.S. troops should stay here

(Continued On Page 5)

Strength For Today

A Wonderful Outlook

Micah was one of the so-called Minor Propnets whose writings are incorporated in the Bible, but he left a statement of the good life which millions of people throughout the ages have quoted with admiration and comfort. "He (the Lord) hath showed thee, O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?" (Micah 6:8).

That just about takes in everything that is worthy. Anyone who can live up to that simple piece of Biblical advice will find his life raised from discouragement, from depression to quiet satisfaction.

"To do justly." What a mess the world is in and has been in for centuries because of injustice. After counting out all the people who have not been trounced hard enough for the evil they have done, the fact remains that real and unmerited injustice has marred the lives of many. Even in this enlightened age, injustice drives multitudes into sorrow and despair.

How about loving mercy, for this was the second admonition about which the Prophet Micah spoke. Many people love mercy as an abstract quality, but the matter of getting down day by day and showing mercy to those who need to be treated mercifully — this is more rare than it should be.

And walking humbly with our God! We are all ready for a big parade if we can ride the big horse at the head of the procession. But to walk humbly. Not to ride, but to walk.

Do justly. Love mercy. Walk humbly with God.

By Earl L. Douglass

"Whoa! Whoa! Whoa! Whoa! Whoa . . . Woe . . ."

By JAMES J. KILPATRICK

The Ruins Of Pompeii

The wise boys had been saying, all along, that one of these days Mr. Nixon would lose his sense of cool command. And sure enough, when the President finally erupted on Thursday afternoon, he produced the ruins of Pompeii. In three minutes, he undid the patient political labors of fifteen months.

Why did he make the Carswell statement? The short answer is bad advice. And the long answer is John Newton Mitchell, Attorney General of the United States, who sat on Thursday like a pipe - smoking Rasputin at the knee of a petulant czar. Mr. Mitchell has been pitching like Charlie Brown and his wife has been fielding like Lucy. It's a hard thing to say, but the two of them ought to be traded off to Milwaukee for a pair of bullpen artists. Mr. Nixon needs relief.

"When all the hypocrisy is stripped away," said the Pesident — and in that stunning moment he violated the first rule of statesmen, which is never needlessly to offend. By clear inference, he hung the label of hypocrite on no fewer than 61 Senators — the 45 who voted against both Haynsworth and Carswell, and the 16 who voted against one or the other.

Was hypocrisy involved in the two rejections? Does the sun come up in the east? Of course hypocrisy was involved. The trumped-up and overblown charges against the two Southern nominees were just what the President called them — vicious and unwarranted; and there is no question that some Senators used the charges as a smoke screen to conceal their antipathy to further conservatives on the Court.

But not all 61. Among those who opposed the President on one vote or the other were some of the Senate's most respected men — Williams of Delaware, Griffin of Michigan, Spong of Virginia, Prouty of Vermont, Cook and Cooper of Kentucky. In coming months, on other issues, the President will need their votes. On expansion of the anti-ballistic missile system, for one example, he will desperately need the help of Senator Prouty. But this is how you win friends and influence people?

What stunned us, perhaps, was that the President's statement was both unexpected and inexplicable. We were prepared on Wednesday for Carswell's defeat. Everyone knew the vote would be close. And our man, to put it bluntly, our exemplar of strict construction, was simply not all that hot. But it was a beautiful day in Washington, the first real day of spring; we took our licking at 1 o'clock, and by late afternoon it was drinking time

Other Editors Say

Tobacco Support

(Henderson Dispatch)

A support price average 66.6 cents per pound for the 1970 crop of flue - cured tobacco assures a fair return to growers if quality shall be maintained as in 1969. The support price means, of course, that farmers can be certain to that extent of a return for their labors. Most of the crop last season sold above the support level, and as a result less than 100 million pounds of leaf went under loan to the Stabilization Corporation. Even so, the agency is burdened with more than 700 million pounds of tobacco from seven crops, and which is moving very slowly out of Stabilization storage and into the trade.

The best assurance of keeping the crop out of loan would be to produce a yield of such quality that buyers would be eager to take it. Character of leaf is not always at the option of growers. Conditions could develop beyond their control. The weather was in the main on the side of producers in 1969. No one can say as of now, before the new crop is even planted, what the outcome will be.

But the industry, from producer to consumer, is facing its problems. It is confronted with government controls over the manufactured product that are unprecedented. Never before has the government set out to destroy a legitimate business, and chief blame can be laid at the door of Congress, which backed seemingly all-powerful bureaucrats. As long as Capitol Hill goes along, there can be no relief for one of the nation's oldest products.

Outlook for both domestic and export purchases of the new crop is encouraging, assuming the yield will be generally acceptable. There should be buyers for all offerings this year. What comes after 1970 no one can foretell accurately. Growers should fare well in their sales next fall. But in recent years it has been extremely difficult to predict what another season will bring.

Boyle's Look At Life

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

The Martini is probably the leading cause of unemployment among executives over 40.

If a fellow never does anything, he never has to apologize for what he did.

People who like to chew chocolate caramels usually owe money to their dentists.

It is less nerve-racking to submit to a mugging than it is to sit

HAL BOYLE

through lunch with a guy who has the habit of drumming on the table with his fingers.

The two kinds of hobbyists I'd hate most to spend an evening listening to are weightlifters and sky divers.

Inflation inevitably changes our sense of values. The odds are 3 to 1 that if you drop a penny on the sidewalk the person behind you won't stoop and retrieve it—that is, unless you happen to be a pretty girl. In that case the odds are about even.

The height of sophistication is the ability to yawn in the boss's face while being given a merit raise.

In giving a child a name, the wise parent should think first not of how cute it sounds now but how it will look 70 years later on a tombstone.

A man is judged by what he has in his head, a woman by what she keeps in her refrigerator.

Nothing makes a fellow feel more greedy than inheriting money. He hates to pay tax on it even more than if he had earned it himself.

Here's another difference between men and women. A man will usually look up in the telephone directory a number he can't remember. A woman will simply dial the operator and get her to look it up.

Whenever I overhear a man in a restaurant order a breaded veal cutlet for dinner, I figure he has a pretty sodden imagination.

One of the major disappointments of our civilization is that the harder it is to open a package you get the less likely it has in it anything worth keeping.

Whenever you meet a man who pays $100 for a pair of shoes, you can be certain of one thing about him: sooner or later he will tell you about it.

Among the girls in the office typist pool, the one with the longest fingernails usually turns out the fewest letters.

The biggest problem of housewives today is how to use profitably the time they must spend waiting for a frozen steak to thaw out on the drainboard.

A father wouldn't mind so much how his son's flapping locks make him look if the lad would simply pay his own way through college with the haircut money he saves.

If during a single day all of us carried out our daydreams and fantasies, nobody in the nation would be alive by nightfall.

Student Job Outlook Poorer

By ELMER ROESSNER

High school and college students will find both permanent positions and temporary vacation jobs harder to come by this summer.

University recruitment drives by companies are off as much as 50 per cent in some places. The College

ELMER ROESSNER

Placement Council reports demand for bachelor degree graduates is down 16 per cent; master degree graduates, 26 per cent; and doctorate degree graduates, 14 per cent.

There will be fewer opportunities in the fields of aerospace engineering, computers, drafting, electronics engineering, mathematics, physics and technical illustration. Employer interest in accountants, chemical engineers and sales management personnel continues high.

Technical school graduates in auto mechanics, medical assistance and printing are also sought after.

The dearth of premium jobs, in turn, will affect opportunities for high school graduates and summer job seekers. When more highly qualified candidates can't find what they want, they tend to take a lesser position, squeezing out the less qualified job seeker. Everybody takes one step backwards.

Metals Strong

Generally, metals are in demand and prices firm or rising.

Copper — Around of 4-cents a pound copper price hikes has started. With all producers following the lead, it will be the sixth domestic copper price increase in a little over a year. Even at the new 60-cents a pound level, it will still be about 20 cents below foreign prices.

Steel — Another price hike is spinning through the steel business. The initial rise was in steel bars but has spread to blooms, billets, slabs, tubular steels, rods and wire products. Scrap steel is firm because of foreign demand and the many new electric furnaces built to handle scrap.

Nickel — A shortage exists and will probably get worse, boosting nickel prices. The government is stopping sales from its dwindling stockpiles and there is a move to end export restrictions on nickel - bearing scrap.

Aluminum — Relatively low inventories and sustained demands are expected to result in new price increases this year.

Crop Outlook

Farm products, generally, are running counter to the metals trend.

Grains — World harvests of wheat, corn, rye, barley and oats continued high last year, although slightly off from the bumper 1968 crop. U. S. grain stocks are up about 5 per cent and the highest since 1964. But stockpiling and other support measures will temper trends towards lower prices.

Canned cherries — There is a plentiful supply of canned red pitted cherries with shipments running well ahead of last year. Shipments during the first three quarters of the crop year were up 37 per cent with stocks 37 per cent above the level a year ago.

Almonds — Unlike many other agricultural products, almond supplies will continue low and prices stiff, at least until the size of the next year's harvest is known. Despite California's record 60,000 tons, world almond output was only 115,000 tons, lowest since 1963.

House GOP Leader Convinced On Impeachment

By ROBERT A. HUNT
Associated Press Writer

WASHINGTON (AP) — House Republican Leader Gerald R. Ford says an article published in a controversial magazine by Supreme Court Justice William O. Douglas removes all doubt about the need for impeaching him.

Ford, who has conducted an investigation of the 71-year-old Douglas for about seven months, said he plans to outline the results of his probe in a House speech Wednesday.

He said publication of the article, a condensation of Douglas' book "Points of Rebellion," in Evergreen magazine "was the straw that broke the camel's back."

"If there ever was any doubt about the need for impeachment proceedings against Justice Douglas they were eliminated by publication of the April issue of Evergreen," the GOP Leader said.

After Ford makes his speech, Reps. Louis C. Wyman, R-N.H., Joe Waggonner Jr., D-La., and others plan to introduce a resolution calling for creation of a special committee to investigate possible impeachment of Douglas.

Ford said to avoid any partisan tinge he would not join in sponsoring the resolution, but added he would personally vote to impeach Douglas.

Rep. Emanuel Celler, D-N.Y., chairman of the House Judiciary Committee, said the timing of the resolution—coming on the heels of the Senate rejection of the Supreme Court nomination of G. Harrold Carswell—smacks of political retaliation.

But Ford and others denied that politics had anything to do with it.

Ford, Wyman and Waggonner declined to delve into specific cases at a news conference, but they said the resolution will have the backing from both parties.

"This is judicial misbehavior," Wyman said. Pointing to the article, he said, "this is conduct which establishes a sitting justice as a partisan."

Ford displayed a copy of the magazine containing photos of nudes, including a naked couple. He called it shocking.

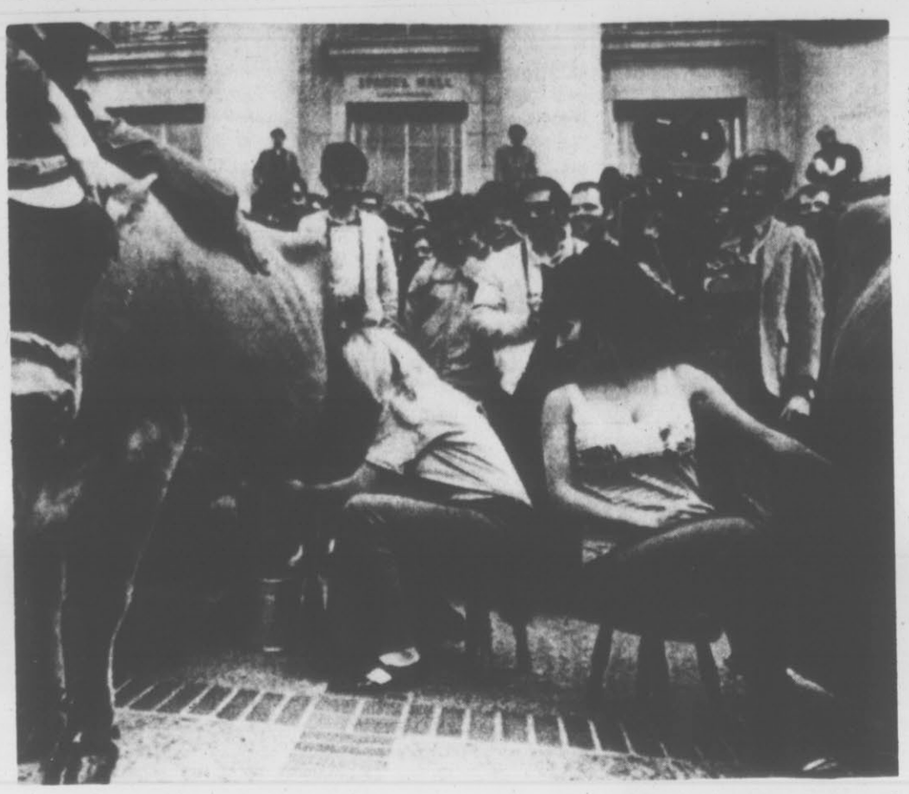

The resolution calls for the special panel to submit its report in 90 days.

If created as proposed, the committee would conduct hearings and be armed with subpoena power. The resolution, itself, would be referred to the House Rules Committee and, if cleared by that unit, would be subject to a House vote. There were reports the sponsors envision a five-member panel, with three Democrats and two Republicans.

Douglas, who has served on the court since 1939, was criticized last year over his role as president of the Albert Parvin Foundation which received considerable income from Las Vegas gambling enterprises. Douglas resigned from the foundation last May.

The more recent criticism of the jurist has been directed toward his book in which Douglas wrote that "growing rightist tendencies" in America threaten to make man an automaton.

The Constitution sets forth that should the House vote impeachment by majority ballot then the Senate would try the individual with a two-thirds margin required to convict. There is no appeal from the Senate verdict.

UNDER CONFUSION — Two novice milkmaids, Sunny (left) and Tara, stole the show in the annual milking contest between the University of California's Berkeley and Davis campuses in Berkley. More than 250 students, some who claimed they had never seen a cow before, witnessed the competition. Sunny and Tara, both topless dancers in San Francisco's North Beach, admitted they had never seen a cow close up either. Tara, representing Berkeley, won, producing 10½ ounces of milk to Sunny's one-half ounce. (AP Wirephoto)

Today In Washington

By THE ASSOCIATED PRESS

WASHINGTON (AP) — President Nixon has signed into law a bill authorizing expenditures totaling $24.6 billion for education, but declared the sum was "unrealistic" and "unwise."

Nixon said he wouldn't approve the large sum when handed the actual appropriation legislation.

The measure is the largest federal school aid bill ever considered by Congress and extends for three years.

Nixon said in a statement that he signed the measure only because it includes "important education programs in fiscal year 1971."

WASHINGTON (AP) — Sen. Jacob K. Javits, R-N.Y., has called for expansion of the medicare program for the elderly into national health insurance for every American.

Javits said a national health program is the only means of insuring adequate health care for all Americans."

Spiralling medical costs and lack of facilities have limited very high-quality care to those who can afford it, he said.

WASHINGTON (AP) — Atomic explosives should not be used to blast out a canal across Central America to relieve the crowded Panama Canal, a federal study commission says.

John Sheffey, executive director of the Atlantic-Pacific Inter-Ocean Canal Study Commission, said Monday nuclear explosives should be prohibited because "we don't know enough about what would happen."

WASHINGTON (AP) — The Nixon administration has proposed increasing federal spending to acquire new parks and recreation from $200 million to $300 million a year in fiscal 1971.

A spokesman told the House Interior Committee that the funds would "bring parks to people."

"We believe it is urgent that we act now to provide additional recreational opportunity, particularly in view of the high rate of development and the rapid escalation of land prices," said Harrison Loesch, assistant secretary of interior.

Capital Quote

By THE ASSOCIATED PRESS

"If there ever was any doubt about the need for impeachment proceedings against Justice Douglas they were eliminated by the publication of the April issue of Evergreen," House Republican Leader Gerald R. Ford on an article by Supreme Court Justice William O. Douglas from his forthcoming book "Points of Rebellion."

and guarantee the peace, like in Korea and Germany, because all of Asia will not possess the power of the U.S. to deter aggression." In addition, he contended the new Cambodian regime will be able to maintain neutrality only if its army is equipped and trained by the U.S.

In the context of that heavy Asian burden for the U.S, Thieu showed appreciation of how his domestic policies recently have played into the hands of U.S. enemies of the war. He acknowledged that his prosecution of deputy Tran Ngoc Chau for alleged security violations did not improve the American climate. "The U.S. is helping us, and I wish I could do something to help the U.S. help us," he said a bit wistfully.

Nevertheless, he had no regrets about the Chau affair, "As chief of state, I could not do otherwise," Thieu told us. "It would have affected the morale of the army.

As for Saignon's street disorders, he contended that "mainly the Communists are behind them." Again, he seemed concerned about American reaction, explaining carefully that a nation at war cannot permit dissent in the streets the way the United States does.

Thus, Thieu is worried about U.S. support for the war on two levels—for the short run, the size of the next U.S. troop withdrawals; for the longer run, American public support of South Vietnam.

NEW DELHI, India (AP) — Indian scientists believe they are close to producing a contraceptive pill from wild papaya seeds. The government has set up 10 research units across the country to test likely recipes using qpaya, a tropical tree that looks like a palm.

Franchise Agreements Disillusioning To Some

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — When an individual signs a franchise agreement with, let us say, a restaurant chain, he might agree to buy his signs, kitchen equipment, spices and packages solely from the franchiser.

This, he is told, is part of his success formula. It will allow him to maintain a consistently high quality product. It will assure customers that a high standard is maintained by any shop that uses the franchiser's methods.

Thousands of businessmen have signed such agreements in recent years, convinced at the moment of signing that everything was in their favor. Now many of them are disillusioned. Some are seeking court relief.

"The franchise agreement presently in use by most franchisers is an instrument of repression," says Harold Brown, author of "Franchising, Trap for the Trusting." Such contracts must be rewritten, he maintains.

Contracts aren't the only issues affecting the $100-billion industry. Franchising accounting methods have made some businesses look a lot better than they really are, bringing pressure from the Securities and Exchange Commission.

Congress also is interested in franchising methods, particularly those which employ the names of celebrities to sell exclusive rights to territories. Some purchasers have found themselves possessing nothing but a section of map.

Local merchants also are complaining, feeling that they have been bulldozed by franchise chains that come into their territories with a great hullabaloo that amounts to unfair competition.

The biggest problem, however, remains within the industry, and it concerns those contracts. A U.S. District Court jury in San Francisco has just ruled "tie-in" arrangements illegal.

This goes to the very heart of the industry. Tie-ins refer to stipulations in the contracts that dealers purchase certain of their supplies exclusively from the chain. And that's what franchising is all about.

"A matter of life and death," said attorneys for Chicken Delight, before the grand jury ruled that such agreements violated the Sherman Antitrust Act.

"What is under attack," they had argued to no avail, "is sole obligatory method of compensation to Chicken Delight for its trademark license, for its name, for its system—for everything Chicken Delight is."

The action was brought against the company and its parent, Consolidated Foods Corp., as a class action on behalf of Chicken Delight dealers, who have been increasingly restless of late.

Attorney for the dissidents, Michael Khourie, claimed in the suit that the company forced its franchises to buy packaging goods at inflated prices, and that it also overcharged franchises for the goods used.

He maintained that there is a built in conflict of interest between franchisee and franchiser. Chicken Delight, he said, wasn't interested so much in a franchisees profits as it was in selling him packaging.

District Court Judge George Harris directed the jury to find that the agreement, as it regards packaging, violates the antitrust statute. The jury, on its own, found the requirement that dips, spices, utensils be purchased from the company wasn't legally justified.

The decision will be appealed, but until a final ruling is obtained the agreements between more than 1,000 franchisers and many thousands of businessmen are going to be challenged. Suits might become common place.

Kilpatrick . . .

(Continued From Page 4)

and better luck next time.

Thursday dawned an even prettier day, the forsythia bursting and the cherry blossoms showing color. The Carswell thing was behind us. And then, 27 hours after the vote had been taken, the President, tight - lipped, took to the tube. We heard the old echoes. This was his last such nominee, he told the Senators; you won't have any more Southerners to kick around.

On the record, with two Southerners slain, the President's conclusion may seem plausible, but the record is deceptive. Had he kept his mouth shut and his options open, he might have sent up still a third nominee from the South. Men of impeccable reputation are available. I could name him two or three from Virginia alone. And until his Thursday statement changed the picture, a score of Senators would have been eager to mollify their conservative constituents — such Senators as Bayh, Percy, Hughes, McGee — by proving they were statesmen a third time around.

But the Senate, said Mr. Nixon, "as long as it is constituted the way it is today," would not confirm. What was the point in saying that? What did he gain? He seemed to be implying that he would like to see the Senate purged of its "no" voters. Surely Mr. Nixon knows the experience of FDR. Surely he remembers what happened to Harry Truman when he said there were too many Byrds in the Senate. Woe, woe, and more woe!

Well, the deed is done. One picks up the pieces. But those of us on the conservative side must look upon these ruins with dismay. Thursday saw Pearl Harbor at the White House. It will be months before the damage is repaired.

Raleigh Paper's Business Editor Named

RALEIGH (AP) — The News and Observer has announced the appointment of James L. (Jim) Whitfield as business editor.

Whitfield has been on the paper since 1946, the year he graduated from East Carolina University, and has been its state editor for 22 years.

Whitfield, a member of the ECU Board of Trustees and a former president of its Alumni Association, is a Greenville native.

In his new position he succeeds Loyd Little, who resigned to become editor of the Carolina Financial Times at Chapel Hill.

A female mosquito stabs her victim with a complex proboscis having six piercing organs.

Sentenced For Robbing Bank

CHARLOTTE (AP) — James Crosby Graham, 38, was sentenced to five years in a federal prison Monday after pleading guilty to robbing a bank in his hometown of Charlotte of $6,000 with a toy gun.

U. S. Dist. Judge James B. McMillan imposed the sentence.

Graham still faces state charges of kidnaping two employes of a branch of the North Carolina National Bank during the robbery Feb. 23. They were released unharmed.

Graham was caught shortly after the robbery and the money was recovered.

Stock And Market Reports

RALEIGH (AP) — (NCDA)—North Carolina egg markets steady Monday, supplies adequate, demand fair. Prices paid producers and handlers for consumer grade eggs in cartons delivered nearby outlets:

Grade A large whites: 44 to 44½; medium whites: 39½ to 40½; small whites: 33½ to 35.

RALEIGH (AP)—(NCDA) — North Carolina hog markets today are steady to 25 cents lower. Tops of 23.75 to 24.25 at Rocky Mount; 23.75 to 24.00 at Wilson; 22.75 to 23.25 at Bethel; 22.75 to 23.50 at Siler City, Denton; 22.75 to 24.00 at Tarboro; 24.00 at Salisbury; 23.50 at Greensboro.

RALEIGH (AP)—(NCDA) — The North Carolina poultry market today is steady. Price of live poultry at farms 12 cents per pound. Hens, heavies at farm 14, f.o.b. plants 15½.

NEW YORK (AP — The stock market went into a steep, broad decline early today.

The Dow Jones average of 30 industrials at 11:30 a.m. was behind 9.17 points at 776.73. The average was off 4.22 at 10:30 a.m., a half-hour after the opening of trading.

Declining issues on the New York Stock Exchange led gainers by a margin of more than 4 to 1. Volume is brisker than in recent sessions. The tape ran a minute late at one point.

The big slide is attributed to a combination of factors including disappointing first-quarter earnings reports, tax-payment selling before the April 15 deadline, and the depressing effect of the American Telephone & Telegraph $1.57-billion debenture offering Monday.

The AT&T financing, the largest in history, apparently drained off funds that would otherwise have been used to buy stocks.

Following are selected 11 a.m. stock market quotations as furnished by Interstate Securities Corp.

SuggestsChurch Is Near Schism

RALEIGH (AP) — A minister who says the national Episcopal Church donates funds to "militant groups with no accountability" feels the church could split over the issue.

Dr. Paul Kratzig of Victoria, Tex., president of the Foundation for Christian Theology, told a news conference Monday that the church is "on the very verge of schism."

He said the budget of the national church already has been cut $2 million as a result of the dissent and it faces a 20 per cent staff reduction at the end of June because of the shortage of funds.

EIGHTH VICTIM

KATMANDU, Nepal (AP) — A Sherpa porter for a Japanese expedition was killed by a falling block of ice on Mt. Everest, the eighth Nepali to die on the mountain in the past three weeks.

Obituaries

Gaylord

Mr. Issac Allen Gaylord died Monday in Baltimore, Md. Funeral arrangements are incomplete. He was the son of Mrs. Hannah Gaylord of Baltimore, Md.

Boyd

Mrs. Queenie Wilson Boyd, 66, widow of John Artis Boyd, died in Beaufort County Hospital in Washington Tuesday morning at 5:30. She had been in failing health for several years and critically ill for three weeks. Funeral services will be held at three o'clock Wednesday afternoon at Palmetto Free Will Baptist Church by the pastor, the Rev. Hillary Gaskins, and the Rev. Eddie Jones, pastor of the Vanceboro Missionary Baptist Church. Burial will be in the Church Cemetery.

The body will be taken from the Wilkerson Funeral Home to the church one hour prior to the time of service.

Mrs. Boyd spent her entire life in the Vanceboro Community and was a member of the Palmetto Free Will Baptist Church. Her husband died Jan. 6, 1956.

Surviving are two sons, Aulcye Ray Boyd of Bridgeton, and Ernest F. Boyd of near Vanceboro; and five grandchildren.

Wooten

Mrs. Jessie B. Wooten formerly of Greenville died Friday in Maryland General Hospital after a brief illness. Funeral services will be conducted Wednesday at 2 p.m. at Mt. Calvary Free Will Baptist Church. Burial will be in Brown Hill Cemetary.

Mrs. Wooten spent most of her life here and attended Greenville City Schools. Mrs. Wooten was the daughter of the late Love and Marina Blow.

She is survived by her husband, Sam Wooten of the home; two sisters, Mrs. Janie Corey of Greenville and Mrs. Mable Moore of Jones Rest Home in Winterville; six brothers, Joe of Newark, N.J., Charles and Milton of Baltimore, Md., Leon of Richmond, Va., Leslie of Greenville and Herman of Snow Hill.

The family will greet friends at Flanagan and Parker Funeral Home tonight from 8-9 o'clock and at the home of Mrs. Janie Corey, 1300 W. Third St.

Cooper

Funeral services for Mr. Willie J. (W.J.) Cooper, who died Saturday in Pitt Memorial Hospital, will be conducted Wednesday at 4 p.m. at Phillips Brothers Mortuary Chapel with the Rev. R. I. Becton officiating. Burial will follow in the Brown Hill Cemetery.

Mr. Cooper was a veteran of the Korean War. Military rites will be conducted at the grave site.

Surviving are his wife, Mrs. Lorine Cooper of the home; two daughters, Mrs. Sandra Odd of Alexandria, Va., and Mrs. Barbara Ann Moye of Greenville; his mother, Mrs. Magnolia Cooper Daniels of Greenville; his father, Mr. George Willoughby of Greenville; two sisters, Mrs. Ida Mae Hicks of Buffalo, N.Y., and Miss Annie Ann Tyson of Greenville; four brothers, Jesse L. Daniels of Greenville, Joe Louis Daniels of Scotland Neck, William M. Daniels and Billy Ray Tyson of Baltimore, Md.; four grandchildren; four aunts, one uncle.

The family will be at Phillips Brothers Mortuary tonight from 7-9 o'clock.

High Winds On The West Coast

LOS ANGELES (AP)—Winds whipped through Southern California at up to 50 miles an hour, harassing motorists and batting offshore craft including a 467-foot ship.

The 12,500-ton La Jenelle was anchored offshore near Oxnard 50 miles north of Los Angeles Monday when gale-force winds and 10-foot swells ripped it from its moorings and drove it aground.

The two men aboard were picked up by the Navy before a breaker tipped the ship on its side.

In other parts of Southern California, wind grounded boats, toppled power poles, whipped small brush fires and sandblasted cars traveling across the desert.

FACE PENALTIES

RALEIGH, N.C. (AP) — Grocers who sell beer or wine in exchange for federal food stamps will have their beer and wine licenses revoked or suspended, the North Carolina Board of Alcoholic Control decided Monday.

District 4-H Winners Are Announced

By BLANCHE HARDEE
Reflector Staff Writer

Miss Susan Manning of Greenville has been named East Central District Health winner and Larry Bowling of Bethel has been chosen the 1970 District Champion in Forestry.

Miss Manning, daughter of Mr. and Mrs. J.T. Manning Jr. of Greenville, is a freshman at the University of North Carolina at Greensboro.

During her 10 years in 4-H work in Pitt County, Miss Manning completed 36 projects and was named County Champion 29 times.

Miss Manning's high school activities include serving as president of her high school Future Homemakers of America Club, a member of the National Honor Society, Quill and Scroll and the International Honoring Society for High School Journalists.

"I didn't accomplish much the first year I was in 4-H," Miss Manning said, "but the first achievement night came and I heard my name being called for some awards — and the awards were beautiful. After the first taste of winning, I decided I liked it and wanted to work even harder to win again."

Miss Manning's views on 4-H include, "Through 4-H I have learned by doing. The projects in this organization have given me a guide to follow so that I can profit by my mistakes . . . 4-H Clubs throughout the nation open up a new world of opportunity. The welfare of the world tomorrow depends upon the youth of today . . . the 4-H clubs are here to help us face this responsibility."

Bowling, a 4-H'er who took over the responsibility of his club when the community 4-H leader resigned, received 11 county championships at the 1969 Achievement Program.

The son of Mr. and Mrs. Leroy Bowling of Bethel, Bowling is a senior at Bethel High School and plans a career in forestry as a result of his forestry project.

Being selected as the Pitt County outstanding senior 4-H'er for the past two years shows evidence of the respect that is held for Bowling's hard work and achievement. He has been named county champion in 23 projects and activities in the last six years.

"4-H has taught me to be a better citizen and to appreciate our government . . . I have learned to be a more responsible person-not to depend on others but to do things on my own. Most important of all, 4-H has helped me to decide what career I want to enter upon graduation from high school," Bowling said.

Annual Pitt 4-H Dress Revue Winners Are Announced Today

4-H WINNERS . . . include Linda Williams, Sharon Thompson, Debra Benjamin, Sylvia Andrews and Faye Manning.

Miss Faye Manning of the Red Oak 4-H Club in Greenville was named senior winner in the Pitt County 4-H Dress Revue while Miss Sylvia Louise Andrews of the Golden Eagles 4-H Club, Bethel, was named junior winner in the event.

The revue was held Monday night in the auditorium of the Pitt County Agricultural Extension Service office.

"Spring 1970—A Look Into The Future" was the theme for the program in which 4-H'ers modeled garments which they had made in sewing projects.

Miss Manning is the daughter of Mr. and Mrs. J.T. Manning Jr. of Rt. 2, Greenville, and Miss Andrews is the daughter of Mr. and Mrs. C.L. Andrews of Bethel.

Others participating and receiving awards in the event were: Martha Ann Harris, Trojans 4-H Club, Farmville; Barbara Rene Carney, Golden Eagles 4-H Club, Bethel; Yvonne Johnson, Coveretts 4-H Club, Simpson; Deborah Ann Hall, St. John's 4-H Club, Grifton; Carlotta Blount, Trojans 4-H Club; and Mary L. Stanley, Golden Eagles 4-H Club.

Judges for the event were Miss Roberta Vallery and Mrs. Evelyn Spangler.

Dr. Andrew Best, a local physician, was selected as district winner in the 4-H Alumni Award competition.

Entertainment for the program was presented by 4-H'ers participating in the county talent show. Miss Rosalyn Jones of Bethel was commentator for the talent presentations.

Miss Linda Williams of the Freedom 4-H Club in Bethel presented a dance routine and the Trojanettes, a dance group from the Trojans 4-H Club of Farmville also presented a dance routine.

Vocal music was presented by the Voices of America, a chorus from the Shocking Greens 4-H Club of Greenville. Baton routines were presented by Debra Benjamin and Sharon Thompson.

Blue ribbons were awarded to Miss Williams, Miss Thompson and Miss Benjamin. They are now eligible to compete in the district talent competition in June.

Judges for the talent competition were Mrs. Helen Johnson and Mrs. J. T. Manning Jr.

Announcements were also made concerning 4-H Long-time Record winners. Miss Gloris Moore of the St. John's 4-H Club received a red ribbon for ther clothing record. Miss Daye Manning received a blue ribbon and county championship for her clothing record.

Miss Sharon Thompson received a blue ribbon, county championship and a blue ribbon in the district competition in the achievement program. Susan Manning was selected county and district winner in the Girl's Health project. Larry Bowling of Bethel was named county and district winner in the Forestry project.

Fire-Free Days Ended For Pitt

Pitt County had two small fires yesterday, breaking a long period of fire-free days. The first, reported at 12:36 p.m. Monday, was a woods fire on the Raleigh Pierce land near the Candlewick Inn on Stantonburg Road. Bell Arthur reported to the scene, extinguishing the fire which threatened a number of mobile homes. Only one small wooden outbuilding was lost.

At 4:04 p.m. on the Judge Cannon farm near Rountree, a gas stove caused a fire in the kitchen of a small frame house. The Ayden Fire Department reported to the scene, bringing the fire under control with little damage to the house.

NCNB Reports On Increased Earnings

NCNB Corp. today reported consolidated income before securitites losses of $3,204,082 for the first quarter of 1970, compared to $2,778,681 for the first quarter of 1969—an increase of 15.3 per cent. City Executive J. T. Marston, Jr. said that on a per share basis this was equivalent to 49.3 cents, up 14.1 per cent from the 43.2 cents per share earned in the first quarter of 1969.

Securities losses were nominal in both periods and net income per share did not differ significantly from income per share before securities losses, Marston said.

Total assets on March 31 were $1,349,934,202, compared to $1,309,497,092 on March 31, 1969. Loans totaled $774,594,400 at the end of the quarter, compared to $760,242,653 at the end of the first quarter, 1969.

All reported amounts reflect mergers and acquisitions in 1969 and 1970.

Total deposits of North Carolina National Bank, the major NCNB Corp. subsidiary, were $1,011,580,607 on March 31. This compares to total deposits of $1,038,082,531 on March 31, 1969.

NCNB Corp. subsidiaries include North Carolina National Bank, American Commercial Agency, Inc., NCNB Mortgage Corp., NCNB Properties, Inc., Stephenson Finance Co., Inc. and Factors, Inc.

Apollo 13 . . .

(Continued from page 1)

Christopher C. Kraft Jr., deputy director of the Manned Spacecraft Center here, said "If the situation remains stabilized, there is no question we can bring them back to earth safely.

If all goes right, they'll splash down in either the Atlantic or Pacific Ocean, a decision to be made today.

The astronauts' dream of achieving man's third lunar landing were dashed by the sudden, chilling accident Monday night that burst a tank and drained their command ship of electrical power and oxygen.

With barely 15 minutes of power remaining in the command vesssel, the astronauts crawled through a connecting tunnel to the safety of the lunar module, or LM, its systems still intact.

The rupture could have been caused by an overpressurized tank or perhaps a speeding meteor.

"We're concentrating on saving their lives right now rather than learning what happened," said Kraft, who has been flight director for most U.S. astronaut shots.

The accident precipitated "the most serious situation we've ever had in the manned space flight program," he said.

Kraft and other officials appeared calm at a news conference. Later, however, observers noted that Kraft had never appered so nervous.

Blind Man 'Mugged'

NEW YORK (AP) — The men came up as Steven Tripp stood waiting on Lexington Avenue for the 40th Street crosstown bus. They knocked him to the ground, emptied his pockets—and fled with his guide dog.

No one helped, Tripp told police.

Two women came up and told him there were two men who robbed him and took his dog, he said. Then they walked away.

Tripp, who made his way home with an injured leg, later gave police the only other information he had. He described his dog, Bruno, a 4-year-old German shepherd. Police put out an alarm for the dog.

The 47-year-old blind man told police that he had been visiting friends and was turning home when he was attacked shortly after midnight.

In addition to the dog, he told police, his assailants took $36 from his vest pocket and his wristwatch and ring.

Find Bodies Of Elderly Couple

CLINTON, N. C. (AP) —The bodies of an elderly retired couple were found Monday in their farm home about nine miles north of Clinton. Sheriff Jim Tew of Sampson County said they were murdered, apparently late Sunday night or early Monday.

Tew identified them as Lewis Monroe Stanley, 81, and his wife, Sallie Creel, 73. They were found shortly after noon Monday by a relative.

Tew said the couple lived alone in their home in the Popular Grove area. He said he has asked the North Carolina State Bureau of Investigation to aid in the investigation.

Defer Walkout 'Til Wednesday

GREENSBORO (AP) — Sanitation workers have delayed until Wednesday a planned strike for higher pay, better fringe benefits and better working conditions.

The strike had been set for today but it was delayed after five of the workers met with the City Council Monday and asked that it study a list of 28 demands.

Gene Gore, a spokesman for the North Carolina Laborers District Council and representative of the 175 workers in the city Sanitation Division, said no vote on strike action will be taken until 4 p.m. Wednesday.

Revival Begins On Wednesday

Revival services will begin Wednesday at 7:30 p.m. at St. Paul Pentecostal Holiness Church. Services will continue through April 26.

The Rev. R. T. Lawrence of Bassatt, Val, will be the guest speaker.

Tim B. Henry is minister of the St. Paul Church.

The Case Of The Spasmodic Saver

The case of the spasmodic saver is the story of a good-intentioned person who spends a lifetime on a financial shuttle traveling between deposits and withdrawals—and getting nowhere.

The story might differ in specific details but the pattern follows a broad, general outline.

A person becomes hooked on the idea of saving money because he or she had just recovered from a personal "tight money" jam as the result either of overbuying or meeting some unusual expenses.

This determination to save is short-lived because the memory of an unpleasant situation quickly fades and efforts to create "instant savings" has unbalanced the budget. As a result, routine expenses that would have been anticipated under a sensible money management program have to be met by withdrawing savings.

This puts the person back on the shuttle to start the trip all over again.

The spasmodic saver can stop the shuttle at any time by just taking a realistic view of his or her finances. Income is usually a stable figure and basic expenses can be measured with reasonable accuracy – particularly in this person's case. Each withdrawal from the savings account represents a minor financial crisis.

Deducting fixed expenses for food, clothing and shelter from income leaves what is referred to as disposable income. This is the portion of a person's income they can use as they please. This is the seed money for a sound realistic savings program.

Being realistic is the secret of success for meaningful budgeting. There is no such thing as "Instant Wealth". The accumulation of assets is like erecting a building. It is done brick by brick—or in this case deposit by deposit until the financial structure is completed.

Oftentimes people become discouraged. They claim they can't save or the amount is so small, it's hardly worth the effort. But, if that same person made a loan at his bank, he would accumulate the amount of the monthly payment each month. Consider your savings account as a loan to yourself with a payment, due each month. You will be surprised how fast savings will grow. Think about it.

"The Case Of The Spasmodic Saver"

Grifton Romps By Bethel, 12-2

GRIFTON — The Grifton Bulldogs picked up their first Pitt County victory yesterday, defeating winless Bethel High School, 12-2.

Grifton pushed over two runs in the first inning. David Whaley reached on a walk, and Adonis Grant followed up with a home run for a 2-0 lead.

In the second, the two combined for another Grifton run. Whaley again walked, and moved to second on a wild pitch. Grant then singled to score Whaley, making it 3-0.

Bethel came up with a run in the third, but it apparently made the Bulldogs mad as they came roaring back in the bottom of the inning to score seven big runs and put it out of reach.

Lee Cherry led off with a single and Lynn Thomas walked. Both stole up a base, and scored on Jerry Little's single. Little stole second and moved to third on an error. Whaley walked and Grant's single scored them both. Mike Coles reached on an error and Drew Harper finished off the inning with a three-run homer.

Grifton later added two in the fourth, while Bethel picked up its other run in the seventh.

Grant and Cherry led Grifton with three hits each, while Harper and Little each had two.

Grifton is now 3-4-1 overall and 1-2-1 in the conference.

Bethel	001 000 1—2	5 5
Grifton	217 200 X—12	11 2

Abeyounis and Young, Manning (4); Harper and Whaley.

Ercell Webb of Greenville, center, took top honors in the North Carolina Senior Golf Association tournament held at the Greenville Golf and Country Club this weekend. Webb took low gross in Class C, and his 159 total was low for the tournament, giving him the overall title. From left to right are: Bill Leverton of Whispering Pines, Class C, third low gross; John C. Church of Henderson, Class D, second low gross; Webb; Ray Winans of Whispering Pines, Class C, third low net; and John B. Boyd of Greenville, Class C, second low gross. (Reflector Photo)

Buc Baseballers Have Busy Week

East Carolina University's baseball team will have its highly regarded pitching staff tested thoroughly with four tough games on tap the remainder of this week.

On Thursday the Pirates travel to Raleigh for a non-conference game with arch-rival North Carolina State. Then ECU returns home for single games against Richmond Saturday at 2 p.m. and V.M.I. Sunday at 2 p.m. These two contests both count in the Southern Conference standings.

The Pirates, who split a twinbill with defending conference champion Furman last Saturday, were on top of the southern division standings with a 3-1 record going into Tuesday's doubleheader against The Citadel. ECU overall stood at 8-4 before the games with the Bulldogs.

Pitching has been the key for Earl Smith's diamond men. Through the first 12 games, the team earned run average was a spectacular 1.30. Junior righthander Ron Hastings leads the Southern Conference with a glittering 0.29 ERA and a 3-2 record. Other mound stars have been Sonny Robinson (2.00 ERA), Hal Baird (1.27), Don Oxidine (1.50) and Tim Bayless (1.86).

Firstbaseman Skip Taylor leads the Pirate hitters with a .342 mark, followed by Mike Aldridge (.333), Stan Sneeden (.321), Ken Graver (.308), Baird (.280) and Len Dowd (.270).

In other spring sports action this week, the golf team takes a 5-1 record to Richmond Thursday for a three-way conference match with VMI and Richmond, then travels to Wilmington Saturday to meet UNC-Wilmington. The Tennis team returns from a road trip into Virginia to host Davidson Friday and Furman Saturday. The track team has a big dual meet with N.C. State at Raleigh Saturday, while the lacrosse team meets the University of North Carolina at home Wednesday afternoon in its only action of the week.

Oak City Nips Scotland Neck

OAK CITY — The Oak City Wildcats pushed over a run in the bottom of the ninth inning to take a 9-8 victory over stubborn Scotland Neck yesterday.

Scotland Neck took the initial lead in the ball game, scoring twice in the top of the first. Oak City came back in its half of the frame with four runs, however, to move ahead.

In the third, Scotland Neck rallied for four runs of its own and moved out into a 6-4 lead. It stayed that way until the fifth, with Oak City coming on in that frame for two to tie it at 6-all.

In the seventh both teams pushed over a run to make it 7-7, and in the top of the eighth, Scotland Neck pushed over a run to take an 8-7 lead.

But Oak City rallied again, scoring one to tie it up. Mike Smith reached on a single and stole second. Danny Reason slammed a double to score Smith with the tieing run.

Then, after Scotland Neck went scoreless in the top of the ninth, Oak City got the winning run. Anthony Cannon singled and Willie Baker came on as a pinchrunner. He stole second, then scampered home with the winning run as Jess Crisp knocked out a double.

Crisp led the Oak City hitting with five, while Cliff Mobley, Smith and Danny Reason each had two.

Williamston is now 6-1 overall, while hurler J.C. Whitfield, who came on in the fifth in relief, got the win to go 5-1 for the year.

Scotland	204 000 110—	8 11 3
Oak City	400 020 111—	9 15 4

Roebuck, Padgette (5) and Cross; Marty Smith, Whitfield (5) and Crisp.

Billy Casper Makes Short Work On Littler For Masters Title

AUGUSTA, GA. (AP) — Bill Casper tipped all his listeners. It was 50 minutes before the first Monday shot rang out Augusta National club's mammoth pines. The other side hadn't even put on its spiked shoes.

"Gene littler played better golf at age 19 than he does now," said Casper, the game's onetime fat boy. "Me? I get better with age."

Four holes after the two-man war began, Casper has proved his point. It was all but over. Buffalo Bill was ahead by four strokes and all Littler did on the back nine was make it a bearable afternoon for late-tuning television customers.

Casper shot 69 and won his first Masters. He wore the famed coat of green. Littler had a 74 and wore short sleeves.

"Winning the U.S. Open is still the No. 1 accomplishment for me," admitted Casper, knowing well that proud, green-jacketed Augusta National members listened. "But this is a close second."

Casper won the Opens of 1959 and 1966, beating Arnold Palmer in a come-from-behind playoff in the latter. He was never won the PGA championship or the British Open, But has joined Palmer and Jack Nicklaus as golf's only golfing millionaire.

"A grand slam today is impossible--or next to it," said Casper. "It was something 20 or 30 years ago, but there are three times as many fine golfers now. The odds against it are astounding."

Casper will try anyway. He announced plans to play in the remainder of the Big Four, the U.S. and British Opens and the PGA.

Casper was a relaxed champion, looking as if he felt he belonged in that green coat--even though it was three sizes too big.

"They must have measured it for me when I weighed 240," he said. "Hey, fellows, I'm skinnier now." Skinnier, yes, but the San Diego neighbor of Littler appears to have added back about 15 of the some 60 pounds he dropped on his famed diet a few years ago.

Despite playing Monday under sultry, 82-degree skies, Casper marched around the slopes of Augusta National in a thick sweater. "I like to keep my muscles warm," he said. "You won't catch me in short sleeves too often. I like being warm."

Casper said he seldom played defensive golf, the kind that may have cost him the 1969 Masters crown. He led for 54 holes but faded with a front nine 40 on Sunday and watched 6-foot-6 George Archer stride by to the title.

Casper was greeted by his wife, Shirley, and their son, little Billy. There are six other offsprings back home in California, four of them adopted by the highly-religious Mormon family.

The Augusta National course was never supposed to be built for Casper's type of golf. It was popular to say it was best for the Palmers and Nicklauses. But Casper picked up a new, light-steel driver last week and it added more than 30 yards to his tee shots.

Despite his words about Littler's golfing prowess as a youth, Casper said, "Gene is a great player today, but as a teen-ager he was marvelous. If you think he strikes it solid now, you should have seen him then. He used to beat me good."

Littler smiled through his dejection at his closest brush with Masters glory. It was his 17th try and still no green jacket.

"I never made a putt of more than four feet until the last hole," he said. "When you give four quick shots away to a player like Billy, you're usually dead. I was."

Littler said pressure was of little meaning in the showdown created when both shot nin-under par 279s in the tournament proper.

"I got so far behind so fast that I didn't have time to get nervous," Littler said. "I thought I might have a chance if I'd beaten Casper on the 16th, but he birdied and I was finished."

Bucs Sign Swim Star

East Carolina University, winner of the Southern Conference Swimming and Diving Championships for the past five years, has announced the signing of one of the top young swimmers on the East Coast.

Ton Rehm, an outstanding swimmer both at Myers Park High School in Charlotte, N. C., and at Fork Union Military Academy, will enter ECU next fall on a swimming grant- in - aid.

"He's a versatile swimmer and that's why Tom will be so valuable to us," said Pirate Swimming Coach Ray Scharf. "We will be able to use him in more than one event."

Rehm swims the freestyle sprints, the butterfly and the individual medley.

He is the son of r. and Mrs. J. G. Rehm on 6200 Gothic Court in Charlotte.

Greenville Stars Win

The Greenville All-Stars defeated the Wilmington YMCA All Stars 109 to 94 Friday night in the championship game of the North Lenoir All Star Tournament.

Tom Miller led the scoring for the Greenville squad with 40 points followed by Jim Modling and Kirk Steward with 25 each. Moore led the Wilmington five with 28.

Pirate Netters Lose To VPI

BLACKSBURG, Va. — East Carolina University's tennis team dropped its third straight match yesterday as it bowed to Virginia Tech, 6-3.

Summary:

Jack Burroughs (VPI) defeated Graham Felton, 7-5, 6-2.

Bill Ransone (EC) defeated Bob Burleson, 12-10, 4-6, 6-3.

Kent James (VPI) defeated Bill Van Middlesworth, 6-0, 6-1.

Ray Beskin (VPI) defeated Mike Grady, 6-2, 6-1.

Jim Brolke (VPI) defeated Bruce Linton, 6-3, 6-3,

Mason Malnuth (VPI) defeated Kirk Jones, 1-6, 6-1, 7-5.

Burroughs-James (VPI) defeated Felton-Ransone, 6-3, 9-7.

Van Middlesworth-Grady (EC) defeated Stanton-Brooke, 6-4, 8-6.

Linton-Jones (EC) defeated Hinshaw-Brickman, 6-4 6-2.

Hobbton Bops Farmville Nine

FARMVILLE — Hobbton High School handed the Farmville Red Devils their third Eastern Plains loss in six games here yesterday, taking a 6-1 victory.

Farmville pushed over a run in the third inning to take the lead in the game, but it was to be the only Red Devil run. Cloyce Wilson reached on an error, and moved up on a wild pitch. Simon Cox then reached on an error, scoring Wilson.

Hobbton came up with two runs in the top of the fourth to take the lead and the win. Ronald Fletcher singled and stole second. He scored on Larry Williamson's single. Williamston moved up on a wild pitch, and came across when Randy Brigham doubled.

Hobbton added a run in the fifth, another in the sixth, and two more in the seventh for their six run total.

Fletcher, Williamson and Brigham led the Hobbton hitting with two each.

Winning hurler Donnie Strickland allowed Farmville only one hit in the game. He struck out nine and walked two.

The loss drops Farmville to a 3-3 record, while Hobbton is now 2-3 in Eastern Plains Conference play.

Hobbton	000 211 2—	6 8 3

Strickland and Lewis; Sauls and Blair.

Bucs Showing New Life In ABA

NEW ORLEANS (AP) — The New Orleans Buccaneers, although settled in last place in the Western Division of the American Basketball Association, came to life again Monday night with a 120-110 victory over Eastern Division champion Indiana.

Ron Frantz scored 24 points to pace the Bucs after four straight losses on the road. The victory gave the Bucs a 41-42 season mark, which they hope to even out in Wednesday night's finale against Dallas, to be played in New Orleans.

Art Becker led Indiana with 23 points, while teammate Fred Lewis got 21.

Indiana led in three - point field goals 8-6. The total of 14 was a home court record.

New Orleans was in front 33-22 at the end of the first quarter and 61-50 at halftime. Indiana took a one-point lead three times in the third period, but the Bucs moved in front to stay at 87-85.

Jackie Moreland, a veteran Buccaneer forward, announced he would retire after the game with Dallas. The Bucs will honor Moreland at halftime.

Jimmy Jones, the Bucs' all-star guard, sat out the game because of his ailing knee. He plans to undergo surgery on a torn cartilage Friday.

Monday's Stars

By THE ASSOCIATED PRESS

PITCHING—Don Sutton, Dodgers, held Houston to two hits in a 2-0 victory over the Astros.

BATTING—Reggie Jackson, A's, laced a two-out, two-run single in the seventh inning to beat Milwaukee 2-1.

Reed Paces Knicks To Second Win Over Bucks

By KEN RAPPOPORT
Associated Press Sports Writer

NEW YORK (AP) — Willis Reed said he felt like "Lew Alcincor's kid brother" on the basketball court. Maybe ... but he didn't play like his kid brother.

Reed took on Milwaukee's super rookie in a matchup of matchless centers and helped New York bounce the Bucks 112-111 Monday night in the National Basketball Association playoffs.

The hard-earned victory propelled the Knicks into a 2-0 lead in the best-of-7 Eastern Division finals that move to Milwaukee for game No. 3 Friday night.

Los Angeles, holding a 1-0 lead in the Western finals, plays at Atlanta tonight.

After Reed and Alcindor played to a standoff, the 6-foot-10 New York center quipped: "Man, it must be great to be tall."

He alluded to Alcindor's height, listed as 7-1 in the programs. But on the court, the difference appears to be more than three inches.

"He's the toughest center to guard," said Reed of the Big A. "Right now, with (Wilt) Chamberlain hurting, I'd say Alcindor's the No. 1 center in the NBA."

If Alcindor is No. 1, then what about Reed? All he did Monday night was score 36 points, wrestle 19 rebounds away from the Bucks and play his usual 110 per cent.

"I can't remember a game in which we played better," said Reed of his season-long wars with Alcincor. "Yes ... this had to be one of the most satisfying games of my career."

Coach Red Holzman of New York, pointing to Alcindor's 38 points and 23 rebounds, agreed: "It's hard to imagine guys putting on a better performance ... they did about everything you could ask of centers."

While the pair put on their eye-boggling show before 19,500 hysterical fans at Madison Square Garden, two reserves—Cazzie Russell and Mike Riordan—delivered the killing blow for New York.

Riordan, who had entered the game seconds earlier, plunked in a spectacular, reverse lay-up that gave the Knicks a 110-107 lead. And Russell, the hip-twisting forward, tossed in a key bucket and later two foul shots with 34 seconds to go that made it 112-109.

Russell finished with 12 points, eight in the heart-thumping fourth quarter. Riordan, who played 12 minutes, had seven.

Coach Larry Costello of Milwaukee was understandably in a state of incredulity.

"We did everything but win the ballgame tonight," he said. "But we aren't finished—we're going back to Milwaukee Friday."

Guerin Tough; Kennedy Tougher

ATLANTA (AP)—"There'll be a lot of blood spilt on that floor," said a tough-talking Atlanta Hawks Coach Richie Guerin, but National Basketball Association Commissioner Walter Kennedy talked tougher—$1,000 worth.

Guerin called a press conference Monday afternoon to charge that officials deliberately protected Elgin Baylor and Jerry West Sunday afternoon as they helped the Los Angeles Lakers to a 119-115 victory over the Hawks in the first game of Western Division final playoffs.

"If that's the way they're going to call the game, Baylor and West won't be around to shoot 18 or 20 fouls," Guerin said.

"It is inconceivable to me," said Kennedy, that any coach in any sport, even under the most severe emotional strain, would threaten 'there will be a lot of blood spilled on that floor tomorrow night' and that 'certain players may not be around when the game is over'."

Kennedy then announced that he is fining Guerin $1,000 and holding Guerin personally responsible for the conduct of his Hawks in the second game of the best of seven series tonight in Atlanta and for the rest of the playoffs.

Guerin replied that he would appeal the fine and that his "players aren't going to be pushed around again, that's for sure."

Meanwhile, Lakers General Manager Fred Schaus refused to "dignify" Guerin's charges with a reply, but said he was going to request increased security at the coliseum in Atlanta tonight around the players bench and between the floor and the dressing room.

"You never know after a statement like that what some fan will do," Schaus said.

King Learns Aaron Is Not Slowing Up At All

By DICK COUCH
Associated Press Sports Writer

Clyde King knows how to handle Hank Aaron in the future and Dave Bristol probably has figured out a similar remedy for Reggie Jackson the next time around.

But the enlightened managers had nothing to show for their newfound wisdom today.

Aaron, Atlanta's 36-year-old slugger, sent the Braves on the way to a 9-3 National League romp over King's San Francisco Giants Monday night with his 557th career home run—a towering, two-run wallop into the seldom-reached upper deck in Atlanta Stadium.

Jackson crossed up Bristol, Milwaukee's new skipper, with a two-out, two-run single in the seventh inning that gave the Oakland A's a 2-1 American League victory over the Brewers.

In other National League action, Los Angeles blanked Houston 2-0 on Don Sutton's two-hitter and San Diego ambushed Cincinnati 3-1 behind the solid relief pitching of Dave Roberts and Ron Herbel.

The Kansas City-Minnesota game, only other scheduled in the American League, was postponed because of snow at Minneapolis-St. Paul.

Sonny Jackson was on second base with a leadoff double and first base was open when Aaron slammed his third homer of the young season to trigger a four-run first-inning burst that all but decided the Braves' home opener.

"The only way to pitch to him is walk him," King observed afterward. "I'm just kidding, of course. But you don't hit a home run as far as he did and be slowing up."

"I didn't know how far it was going," said Aaron. "I just knew it was going out of the ball park."

Aaron knocked in another run with a single and Tony Gonzalez delivered three more for the Braves with a single and triple.

Milwaukee's Marty Pattin was clinging to a 1-0 lead at Oakland when Jackson came to the plate in the seventh with runners on second and third. Instead of giving Reggie the open base, Bristol called left-hander John O'Donoghue from the bullpen to pitch to the left-hand hitting slugger.

Jackson drilled O'Donoghue's first pitch to center, driving home the tying and winning runs.

Andy Kosco hit a sixth-inning homer and Sutton drove in a ninth inning insurance run with an infield hit before completing the Dodgers' second straight shutout victory. The Los Angeles right-hander limited the Astros to a second-inning double by Denis Menke and a sixth-inning single by Norm Miller, retiring the last 12 batters he faced.

Roberts replaced San Diego starter Al Santorini with the bases loaded in the seventh and pitched out of the jam to protect the Padres' two-run lead. Herbel rescued Roberts in the eighth, fanning Tony Perez and retiring Johnny Bench on a fly ball with runners on second and third.

Tommy Dean's homer and a two-run double by Clarence Gaston in the fourth provided the winning margin for Santorini, who yielded just one hit until the seventh.

ABA Owners Try To Work It Out

By ED SCHUYLER JR.
Associated Press Sports Writer

NEW YORK (AP) — Owners of American Basketball Association clubs got together here today with the matter of merger on their minds.

The owners were to hear a report concerning merger with the National Basketball Association.

The announcement of the merger committee report was made Monday by Commissioner Jack Dolph following a meeting of the owners.

At that meeting it was decided that the ABA would take over the Miami Floridians for the remainder of the season.

"The ABA has taken over the operation of Miami," Dolph said at a news conference. "We will attempt to restructure the ownership. Vince Murphy remains as general manager, acting for the league for the remainder of the season."

Dolph said the ABA wants to keep Miami as a base of operations and is considering the possibility of making it a regional representative such as the Carolina Cougars.

The commissioner also said the league is negotiating with CBS for telecasts of its playoffs but that the first round, which opens Friday, would not be televised because of CBS committments.

In another development Monday, Sam Shulman, a member of the NBA's merger committee, said in Los Angeles he was confident the conflict between Baltimore and Washington can be overcome. A stumbling block to merger has been the geographic closeness of the ABA Washington franchise and the NBA Baltimore club.

Shulman had said Saturday agreement on merger was close and one of the agreements was moving the Washington franchise. However, Washington owner Earl Foreman, not present at Monday's meeting here, said no agreement had been reached on moving Washington.

Foreman said Monday, "I understand his position of not wanting the fact made public that he might even be considering moving."

However, Shulman admitted there was a possibility a merger agreement might not include moving the Washington franchise. He indicated he felt the move was a necessity in reaching a merger agreement.

Miami Slapped

NEW YORK (AP) — In gaining a new coach, the Miami Dolphins have lost their No. 1 draft choice for 1971 to the Baltimore Colts.

Pete Rozelle, commissioner of the National Football League, handed down that penalty Monday to the Dolphins when he found the club guilty of tampering in its successful effort to lure Don Shula away from the Colts.

Rozelle said his investigation uncovered that Miami had violated league rules on three counts.

They permitted a third party to approach Shula with an indication of possible terms, including part ownership; they began direct negotiations with Shula without informing the Colts of their interest until Feb. 18, the day Shula's hiring was announced.

Rozelle said neither Shula nor the Dolphins told the Colts of their negotiations until preliminary discussions had already begun.

When Shula requested permission to negotiate, Rozelle said, it was granted by the Baltimore management on Feb. 3. Rozelle said that NFL rules specifically require that a prospective employer make a direct phone call to the employer "for permission before any negotiating discussions took place."

Andretti Preps For Indy 500

By JACK STEVENSON
Associated Press Wrpots Writer

ONTARIO, Calif. (AP) — A square peg can't fit in a round hole, but a triangular car goes great on an oval track.

Mario Andretti and the new $25.5 million Ontario Motor Speedway combined to prove it Monday as the winner of the 1969 Indianapolis 500 sent his new Indy car on a test spin.

He hit a top speed of about 190 miles an hour on the straightaway of the 2½-mile track even though he had no guide line to help him. Ontario's track had its final asphalt application only last Saturday and there wasn't enough time for the white line to be applied.

Andretti's new STP Special, owned by Andy Granatelli, carries the No. 1 signifiying his United States Auto Club title from last year. It looks different from other racers.

From the front it looks triangular with the larger sections of the fuel tanks nearer the ground, lowering the center of gravity.

Andretti and No. 1 race at Indianapolis on Memorial Day and in the fall come to the inaugural of the California 500 at Ontario on Sept. 6.

Monday marked the first official turns around the oval. The honor of the first one went to Rodger Ward, winner at Indy in 1959 and 1962 and now director of public relations for the new track.

He toured in the No. 97 owned by Lionel Faas and J.C. Agahanian, an Indy entry last year which will be driven by Bruce Walkup in this year's 500-mile test.

Ward reached speeds of 175 on the straightaway after a rather slow start. The lack of guide lines hampered him, he said.

Newsmen and invited guests watched the inaugural runnings which also included laps in a Parnelli Jones car by his Al Unser and Joe Leonard.

All were on hand for the start of tire testing by Firestone. But the procedure was postponed until the guide stripes can be installed.

SPORT SHORTS

BOSTON (AP) — Apprentice jockey Charlie Maffeo rode four winners at Suffolk Downs Monday including Dr. Zetel, in the $4,800 Norwood Purse. Maffeo's earlier winners came on the first three races of the program.

GULFPORT, Miss. (AP) — Mickey Bellande of Biloxi, Miss., fired a 67 Monday to win medalist honors in the qualifying round of the USGA Seniors Golf Tournament. Bellande's score led qualifiers in the age 60-64 bracket.

Ladies Set Softball Meet

An organizational meeting for the 1970 Ladies Softball League will be held this Thursday, April 16th, at 7:30 p.m. in the Elm Street Gymnasium. All team managers and other interested ladies are asked to attend. The agenda will include election of officers; discussion of the Constitution; determination of team colors, practice hours, and entrance fees. Plan to attend or send a representative. If you cannot make this meeting and wish to play, contact Linda Burrell at the Recreation Department, 752-2355.

Net Lessons Will Be Given

The Greenville Recreation Department announces the start of its Spring Adult Tennis Lessons to begin Wednesday, April 15th at the Elm Street Tennis Courts. Weekly instruction will be every Wednesday morning from 9:30 - 11:30 a.m. This course is intended to adults only. Interested adults are asked to bring their own tennis rackets. There is no charge for the instruction.

San Diego farm teams from Elmira, N.Y., Salt Lake City and Lodi, Calif., will train in Lesburg, Fla., this spring.

What Farmers say about AMIBEN:

They like the results. Clean fields during the season and at harvest. Controls both broadleaf weeds and grasses. Simple to use. Liquid mixes easily with water in the spray tank, just stir and apply. Granular is convenient, easy to handle. A few reasons why, nationally, Amiben is today's No. 1 soybean herbicide.

Pass	Pass	Dble.	Pass
Pass	Pass		

Opening lead: Ten of ♡

Most South pairs played a spade contract when today's hand was dealt in a recent tournament. Whether they reached for a small slam or were content to settle for a mere game contract, the result was always negative—for, with the spades banked so badly, East cannot be prevented from winning four trump tricks.

The pair whose bidding is depicted in the diagram achieved the optimum North-South result thanks to a well conceived bidding campaign by South.

North opened the bidding with one spade and South responded with two clubs. When North jump shifted to three hearts which was forcing to game and designated 19 points in high cards, South's thoughts turned at once to slam. He held all the ingredients—an independent suit, side controls, and a fit for his partner. He decided not to dally further and embarked on a Blackwood inquiry by bidding four no trump.

When North admitted to having one ace, South realized that the partnership was off an immediate trick since the opponents held one of the top controls. If the hand were played at a spade contract there was the risk of an additional loser unless North's suit was solid. However, if South were to become the declarer, he might be able to find a parking place for his small spades on North's red suit high cards. So reasoning, South elected to bid the small slam in clubs.

East felt that the only hope of defeating the slam was to obtain a spade lead thru the dummy, so he doubled, an action which by convention demands the lead of dummy's first bid suit.

West was unable to oblige his partner since he was void in spades, and he opened the ten of diamonds which was taken by North's queen. South saw that he was in the dummy for the first and only time so, in order to clear up the block in the heart suit, he continued with ace and king of diamonds on which he discarded the ace of hearts.

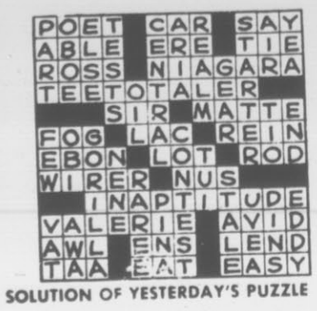

The K-Q-J of hearts were cashed on which South discarded three small spades. He reentered his hand with a club and drew trump, conceding a spade trick at the end to bring home his slam contract.

FUEL FOR THOUGHT

PITTSBURGH (UPI)—Conservationists won't have to worry about the world running out of coal for a while.

Total coal reserves of the world exceed 5 trillion tons with 1,600 billion tons of it in the United States, according to Joy Manufacturing Company, coal mining equipment company. At the current rate of consumption in the United States its coal resources will last nearly 3,000 years.

The Worry Clinic

Dawdle, Life Can Be Nicer

By GEORGE W. CRANE
Ph. D., M. D.

CASE L-508: Horace D., aged 55, is an insurance manager.

"Dr. Crane," he began, "you are aware of that advice to motorists which warns us against madly trying to save a minute at the expense of losing a life!

"Well, the faster we travel, the more irritating become brief delays.

"Isn't this like Einstein's theory of relativity?"

Horace is quite right when he mentions Einstein's theory.

The faster we travel, the more irritating becomes any interruption.

In the horse-and-buggy days, a 60-second wait at an intersection meant little.

Indeed, it gave the horses a chance to rest and catch their breath.

But with the advent of the automobile, if we miss the green light, many executives snort and fume!

Cavett Robert beautifully illustrated this when he said that if our grandparents missed a train, they merely waited till the next day.

And when our parents failed to catch their airplane, they shrugged it off and calmly took the next one a couple of hours later.

"But now," said Cavett, "even if I just miss my section of a revolving door, my whole day is shot to heck."

Alas, we place such great emphasis on saving a few minutes; then don't know what to do with that salvaged time!

So the smoker immediately shakes out a cigarette or the drinker mixes a cocktail, merely as a means of using up those few minutes that were gained by headlong auto driving.

And older people, reared under the more placid tempo of the past, often get confused by our modern excessive competition with clocks.

"Why," added Cavett Robert, "I met an old farmer out here in Arizona recently.

"He was standing there with a coil of rope in his hand, looking bewildered.

"For he didn't know whether he had found a rope or lost a cow!"

If you have elderly folks in Nursing Homes, please don't rush in to visit them as if you have allotted them merely a 15-minute appointment!

"Dr. Crane," a cultured grandmother in Chicago recently protested, "this is a wonderful Nursing Home.

"I have color TV and the attendants are very gracious.

"But when my children occasionally drop in to see me, they act as if they can't even spare enough time to remove their coats.

"And they sit on the edge of the chair as if they are about to jump up and run.

"How I wish sometimes they'd just stay for an hour or even the entire afternoon.

"It would be so nice to have them loll around, with no thought about time. Maybe they could even wait and eat with me!

"The greatest hunger of us old folks in Nursing Homes is to have visitors who relax and talk and show no hurry about leaving us."

Church folks, maybe here is an ideal outlet for "home missionary" work!

So start a "Dawdling Club" of volunteers to visit Nursing Homes!

Honor Lists At Stokes School

STOKES — Honor students forthe fifth marking period at Stokes Elementary School have been announced.

The following students were named to the honor roll:

GRADE TWO — Louvenia Clemons and Ellen Moore;

GRADE FIVE — Paula Cherry, Wanda Leggett, Tommy Corbett;

GRADE SIX — Gwendolyn Mooring, Glennette Ward, Noel Whitley, Alice Brown, Cindy Singleton, Mary Pollard Smith, Helen Butler and Shirley Carney.

The oldest and largest wine cellars in the Southwest are located atop St. Mary's Mountain in Altus, Ark.

Searl Invited Aid Workshop

James A. Searl, Assistant Professor of Music and chairman of the Comprehensive Musicianship Project (CMP) at East Carolina University, has been invited to be a faculty member in the summer workshop in CMP.

As chairman of the project at ECU, Searl directed the experimental stages of the project and is now director of the Comprehensive Musicianship course which has become the core of ECU's curriculum for freshmen and sophomore music students.

The three summer workshops are being held under the auspices of the Ford Foundation. These will be at Wichita State University, George Peabody College for Teachers, and San Jose State College.

WIND EROSION CONTROL — Noah T. Hardee of Hardeetown beds up tobacco rows between strips of small grain to control wind erosion. Wind erosion is a major problem on Hardee's sandy farm land. According to Roy Beck of the Soil Conservation Service, wind blown soil is the principal air pollutant in Pitt County. It blows into houses, stores, gets into expensive machinery and even stops traffic, Beck said.

Agnew Raps New Goals In Education

By JIM FARRELL

DES MOINES, Iowa (AP) — Vice President Spiro T. Agnew says it is a serious educational mistake to let unqualified students attend the nation's universities in order to meet social goals.

Condemning both the open admission and quota systems, Agnew asserted Monday night:

"For each youth unprepared for a college curriculum who is brought in under a quota system, some better prepared student is denied entrance."

Agnew, here to address some 3,000 Republicans at a $50-a-plate dinner, said, "I do not accept the proposition that every American boy and girl should go to a four-year college."

The vice president said there should be "expanded education opportunities for deprived, but able young people" but declared he favored "better preparing them—with additional government assistance—in some form of prep school rather than tossing them into a four-year college or university curriculum they are not prepared to handle."

He added, however:

"Any attempt to subordinate the great universities of this county to social goals for which they are ill-designed and ill-equipped can only result in tragic losses to both these institutions and the nation."

He likened the possible result to a situation he said exists in Italy. He said employers there try to recruit only those college men who graduated before 1967, the year an open admissions policy was adopted by Italian universities.

Attended Seminar For Homemakers

Mrs. J.B. Speight of Winterville attended a Citizenship Seminar for Extension Homemakers April 6-11 in Washington, D.C.

The five-day event was held at the National 4-H Center in the national's capital.

"The objectives of the seminar were: to develop a greater understanding and appreciation of our American hertiage; to increase our knowledge of federal government; to identify our role and responsibilities in the social, economic and political aspects of citizenship; and to gain inspiration to fulfill our responsibilities as citizens." said Mrs. Speight.

The seminar was made up of workshops held at the center, lectures and field trips.

Visits were made by the group during the week to the Department of Agriculture, HUD, National Archives, Capitol Hill — where they were able to hear a committee hearing, Senate session, House session. They visited the N.C. Congressional offices, Supreme Court, toured the White House and Smithsonian Institution.

Some of the speakers heard included Paul Harris, program coordinator for the National 4-H Club Foundation, Charles Freeman, Dr. N.P. Ralston, Dr. C. McDougall and Dorothy Emerson.

A field trip on Thursday was made to Federal City College, where Dr. Selma Lippeatt told of Minni Lessons. The group saw a demonstration of the Minni Lessons. Mrs. Jesse Payton Brooks, formerly of Greenville, spoke on "Extensions Role in Solving Problems of Urban Migration," Thursday afternoon.

Mrs. Elizabeth U. Meldau, district home economics agent in N. C., gave a workshop on "What We Can Do." The six districts of Extension Homemakers in North Carolina gave a report on "What We Plan To Do."

Approximately 70 women were presented certificates upon completion of the seminar by Paul H. Harris.

Ten Attend Meeting

Ten members of the Pitt County Youth Association for Retarded Children attended a Southeastern Regional meeting of the National Y.A.R.C. in Asheville last weekend.

Those attending were Sharlene Dunn, president; Stewart Paramore, vice president; Caroline Paramore, treasurer; and Prince Bunting, Kathy Williams, Gary Butts, Judy Dunn, Diane Hudson, Shay Norris, and Ricky Creech. Chaperones were Henry Dunn Jr., president elect of the North Carolina Association for Retarded Children, Dr. William B. Martin, and Mrs. Margaret Shelton.

Youth from ten southeastern states exchanged ideas for better ways to inform their communities that retarded children can be helped and for fund raising projects. They saw films and shared their local scrapbooks and their experiences. The ticket proceeds from a dance held during the meeting will be used to help defray the expenses of youth counselors at camps for retarded children and other state projects.

MERIMAN SMITH, veteran White House correspondent for United Press International, was found dead in his home in Alexandria, Va., Monday. The 47-year-old newsman apparently died of a self-inflicted gunshot would. (AP Wirephoto)

DOCKET NO. ES-86
BEFORE THE NORTH CAROLINA UTILITIES COMMISSION

In the Matter of

Joint Application of Edgecombe-Martin County Electric Membership Corporation and Pitt and Greene Electric Membership Corporation under Chapter 287, Public Laws 1965 (G.S. 62-110.2 c), for Assignment of Electric Service Areas in Pitt County

Application of Virginia Electric and Power Company under Chapter 287, Public Laws 1965 (G.S. 62-110.2 c), for Assignment of Electric Service Areas in Pitt County

Joint Application of Carolina Power & Light Company and Edgecombe-Martin County Electric Membership Corporation under Chapter 287, Public Laws 1965 (G.S. 62-110.2 c), for Assignment of Electric Service Areas in Pitt County

NOTICE TO THE PUBLIC: Public notice is hereby given that Edgecombe-Martin County Electric Membership Corporation and Pitt and Greene Electric Membership Corporation, Virginia Electric and Power Company, and Carolina Power & Light Company and Edgecombe-Martin County Electric Membership Corporation, each of which is engaged in distributing and selling electric power and energy, filed applications with the North Carolina Utilities Commission in accordance with the provisions of Section 62-110.2 (c) of the General Statutes of North Carolina for territorial assignment of electric service areas in Pitt County, North Carolina, and filed with such applications maps showing the service territory proposed to be assigned to each applicant and to be designated unassigned. Edgecombe-Martin County and Pitt and Greene Electric Membership Corporations' application was filed on February 19, 1970; Virginia Electric and Power Company's application was filed on March 2, 1970; and Carolina Power & Light Company's and Edgecombe-Martin County Electric Membership Corporation's application was filed on March 13, 1970. There appears to be no disagreement between these three parties over the assignment or unassignment of the areas in Pitt County as the maps submitted by each applicant are identical and signed by all parties.

Notice to the public is further given that a copy of the identical maps filed with the Commission and showing the proposed territorial assignment is available for inspection at the offices of the North Carolina Utilities Commission, Ruffin Building, 1 West Morgan Street, Raleigh, North Carolina, and at:

Office of Edgecombe-Martin County Electric Membership Corp. Tarboro, North Carolina 27886

Office of Pitt and Greene Electric Membership Corporation Farmville, North Carolina 27828

Pitt County Courthouse Greenville, North Carolina

Office of Virginia Electric and Power Company Williamston, North Carolina

Office of Carolina Power & Light Company Grifton, North Carolina

Notice to the public is further given that the Commission has consolidated these three dockets and has scheduled hearing on the applications to be held in the Hearing Room of the Commission, Raleigh, North Carolina, at 10:00 A.M. on the 26th day of June, 1970, and that anyone desiring to intervene in the matter or desiring to protest the proposed assignment of territory is required to file such intervention or protest with the North Carolina Utilities Commission, Post Office Box 991, Raleigh, North Carolina, at least ten days prior to the date of hearing, as above set forth.

Notice to the public is further given that if no one intervenes or files any protest to the applications by June 16, 1970, the Commission will determine the applications on the facts set forth therein and the public records available to it in the Commission files without holding public hearing.

ISSUED BY ORDER OF THE COMMISSION

This the 17th day of March, 1970.

North Carolina
Pitt County

Under and by virtue of an Order of Sale and under and by virtue of an Order of Resale of the Superior Court of Pitt County, made in a Special Proceeding therein pending entitled "Judson Hassell Blount, Jr. (unmarried), Petitioner vs. Lucy Blount Williams, et als, Respondents", the same being File No. SP 7643, the undersigned Commissioners will on the 21st day of April, 1970, at twelve o'clock, noon, at the door of the Pitt County Courthouse, in Greenville, North Carolina, offer for sale to the highest bidder for cash upon an opening bid as is indicated below, subject, however, to the confirmation of the Court, all that certain tract or parcel of land more particularly described as follows, to-wit:

TRACT NO. 1: Lying and being situate in the City of Greenville, Pitt County, North Carolina, on the North side of East Tenth Street and BEGINNING at a point in the center of said East Tenth Street, a common corner with the Hollowell lands and running thence North 0-15 East 124 feet; thence North 25-15 East 133 feet; thence North 10 East 130 feet; thence North 38 East 178 feet; thence North 70 East 72 feet; thence North 50-30 East 81 feet; thence North 32-15 East 200 feet to the center of the Greene Mill Run; thence North 74 East 145 feet; thence South 23-45 West 575 feet; thence South 8 East 255 feet to the center line of a culvert of said East Tenth Street; thence South 82-50 West 88.3 feet; thence South 83-15 West 86 feet; thence South 84-50 West 100 feet; thence South 86-10 West 100 feet to the point of BEGINNING, and containing 4.55 acres, more or less.

THE OPENING BID FOR THIS TRACT WILL BE THE SUM OF $31,655.00).

The highest bidder at this sale will be required to make a deposit of ten per cent of the amount bid and this sale is subject to all taxes and assessments for 1970 and subsequent years.

This the 6th day of April, 1970.

Ex-Postmaster Here Is Honored

Former Greenville postmaster Joseph C. Dudley, who retired from the Postal Service two weeks ago after more than 40 years of government service, has been awarded a Superior Accomplishment Award certificate and cash award.

The Superior Accomplishment Award, in recognition of notable performance, was presented by T. J. Coleman, regional director of the Post Office Department. The award included a certificate, emblem and check, representing $250, less withholding tax, Coleman explained.

Coleman told Dudley, "You have excelled in managing your office in a most economical manner; arranged your leave schedule to avoid prolonged absences; and your performance in local agreements with employee organizations, and in planning and scheduling the work of others, and in the field of customer relations, is commendable.

Donald F. Hargy from the POD's Atlanta Regional Office is acting as officer- in-charge of the Greenville Post Office until a permanent replacement for Dudley is named.

Dudley retired April 3 after serving as postmaster here for five years and working with the Post Office Dpartment for more than 36 years.

Two Printed Bogus Bills

NEW BERN, N.C. (AP) — Two men, including a printing instructor at the Oxford Orphanage in Oxford, have pleaded guilty in U.S. Dist. Court to counterfeiting $10 bills on the orphanage's printing press.

Calvin Taylor Pleasants, 38, the instructor, and Franklin P. Hackett, 38, his brother-in-law, were accused of printing more than $1,000 in bogus bills.

Judge Algernon Butler gave Pleasants a suspended three-year sentence Monday, placed him on probation and ordered him to pay a $500 fine.

Hackett was given a three-year term in addition to a three-year sentence he received at Statesville last year for passing two counterfeit bills at China Grove near Statesville.

Richard C. Quinn, a Secret Service agent, told the judge that the bills were printed in the orphanage print shop at night and that no one else at the orphanage knew about them. He said all the bills were recovered.

AWAKENED EARLY

WASHINGTON (AP) — President Nixon was awakened early today to be told of the effort to return the Apollo 13 astronauts to earth.

Wednesday Is Deadline For Corn Insurance

Wednesday is the deadline for accepting new applications for corn insurance in Pitt County, it was announced today by the Federal Crop Insurance Corporation.

April 30 is the deadline for accepting new applications for tobacco, peanuts and soybean insurance in Pitt. That date is also the deadline for making any changes in current FCI contracts.

The last date for paying 1969 insurance premiums is also April 30. After that date, unpaid insurance will be cancelled.

April 30 is the deadline for farmers to obtain someone to cosign with them and also for paying their premiums in advance.

No Charges In Traffic Mishap

No charges were reported in a 12:21 a.m. mishap today at the intersection of Fourth Street and Rotary Avenue.

Police reported a car driven by Margaret Louise Gorrell, 19, of Arlington, Va., collided with a utility pole, causing an estimated $175 damage to the car and no damage to the pole.

Miss Gorrell was reported injured in the mishap and taken to Pitt Memorial Hosptial for treatment.

Meet Tonight

The Greenville Squadron of the Civil Air Patrol meets tonight at 7:00 p.m. in Room 124, New Austin Building, ROTC Section. USAF Major Lloyd Sloan, commander of the local unit, urges all cadets, senior members and friends of aviation to attend.

Believe it!

STEPPING OUT — Paula Yudelevit steps out of a part of her skirt, snipped from a midi to a mini for the cause of FADD — the Fight Against Dictating Designers — as the feminine fashion freedom fighters marched Monday in Washington. Bob Raleigh wields the scissors at the corner of fashionable Connecticut Avenue and K Streets in the northwest section of the capital. (AP Wirephoto)

North Viets Wreck Border Post

By GEORGE ESPER
Associated Press Writer

SAIGON (AP) — Striking from inside Cambodia with big rockets and assault troops, North Vietnamese wrecked the South Vietnamese border crossing post on Highway One, but the defenders killed 96 of the attackers, sources said.

Many of the North Vietnamese were killed by South Vietnamese bombers and artillery fire that crossed the border 42 miles northwest of Saigon.

Seven of the 150 militiamen manning the border post were reported killed and more than a dozen wounded, but sturdy defense bunkers kept the South Vietnamese casualty toll down. One civilian, a member of a militiaman's family, also was killed.

One source said North Vietnamese positions in Cambodia bombarded the complex of yellow one-story buildings with mortar shells and 240mm rockets weighing about 200 pounds each. Then sappers broke through the perimeter firing rocket grenades.

"The damage was extensive," the source said. "It was pretty bad."

The North Vietnamese left 35 rifles and seven heavy weapons on the battlefield, said the spokesman.

South Vietnamese ground troops and bombers have been making regular forays across the border in collaboration with Cambodian forces in efforts to crush North Vietnamese and Viet Cong units that have their base camps in the area that juts into South Vietnam. It is known to the military as the Parrot's Beak.

Farther south, AP Correspondent John Vinocur reported from Takeo, Cambodia, that Viet Cong and North Vietnamese troops who have been operating in the Seven Mountains region of the western Mekong Delta attacked two Cambodian ports about six miles from the border and captured about 50 soldiers and policemen.

Takeo Province's assistant military chief said the Viet Cong were looking for rice. He estimated that there are 20,000 Viet Cong and North Vietnamese in his province.

There was no word of fresh fighting 25 miles farther west along Highway One, where more than 3,000 Viet Cong troops advancing into Cambodia are reported on three sides of Svay Rieng, a provincial capital with a population of nearly 20,000.

Cambodian officers in Phnom Penh, the Cambodian capital, told AP Correspondent T. Jeff Williams that U.S. or South Vietnamese planes and helicopters were flying photo-reconnaissance flights day and night around Svay Rieng to pinpoint Viet Cong positions for the Cambodians.

The enemy's spring offensive in South Vietnam ended its second week with other action reported along the Cambodian border north of Saigon, in the central highlands and just south of the demilitarized zone, as well as 45 enemy rocket and mortar attacks between 8 a.m. Monday and 8 a.m. today.

The allied commands said casualties included nine Americans, three South Vietnamese and 182 North Vietnamese and Viet Cong killed, and 72 Americans and 23 South Vietnamese wounded.

Four American helicopters were lost Monday, the U.S. Command said. One was a big Army Chinook hit by a North Vietnamese mortar shell as it was landing at an American artillery base three miles south of the DMZ. The helicopter crashed, killing one of the Americans aboard and wounding eight others.

Pharmacists Hear Scott

RALEIGH (AP) — Gov. Bob Scott told North Carolina pharmacists today their "help is needed more now than ever before in creating an atmosphere against the abuse of drugs."

Calling drug and narcotic law violations a serious problem in North Carolina, Scott said the pharmacy profession was the first group in the state "to realize the dangers of drug abuse."

In a talk prepared for the convention of the North Carolina Pharmaceutical Association, Scott told the pharmacists it is their responsibility "to make every effort to keep a patient from over-using or improperly using a drug product."

Scott said in the last few years much has been heard of the abuse of drugs but little has been said or written about the good they do.

"I do not know of any existing figures or statistics," Scott said, "but I get that for every instance of drug abuse there are 100 cases in which a legal drug helps in curing a disease or in easing someone's pain."

Name Omitted From The List

The name of L. C. Nixon, Democrat, was inadvertantly omitted from the list of 27 names in the story on "Meet The Candidates" appearing in yesterday's paper.

Nixon is the fourth candidate seeking election to the U.S. House of Representatives, along with incumbent Walter Jones, Republican candidate R. Frank Everett; and American Party candidate Gene Leggett.

On Thursday

Dr. Douglas Fraser, appearing on the Symposium on African Studies at East Carolina University this week, will head the session on "African Sculpture" on Thursday instead of Wednesday, as reported in a story appearing in Sunday's paper.

California hunters shoot about 10 million game animals a year.

Chairman For Center

Mrs. Jack W. Thomas has been named chairman of The Council Center, scheduled to be opened in Greenville in May. Announcement of this appointment came from the Pitt-Greenville Divison on the Governor's Coordinating Council on Aging, whose coordinator is Mrs. J.B. Spilman, Sr.

Mr. Jim Ficklen has been appointed as co-chairman of the Council Center, with committee members Mrs. Walter Harrington, Mrs. J. S. Moye, Mrs. Reid Perkins, and Mrs. Ty Wagner.

Mrs. Spilman also announces the addition of serveral citizens to the Professional Advisory Group of the Council on Aging. These are: Mrs. K.B. Pace, Mrs. James T. Little and Mrs. W. E. Debnam. Also, Mr. and Mrs. John Clark, listed as charter members, have been added to the advisory group.
