

Where Councilmen Meet

THE NEW LOOK... for the City Council Chambers at City Hall is one of elegance. The chambers, recently renovated, have been decorated in rich red, black, warm brown and white. The central feature is a semi-circular table which seats the mayor, in the center, with two councilmen on each side. Additional chairs at the table are provided for the city manager and the city attorney. All chairs are in charcoal colored leather, with that of the mayor eight inches higher than the others. Drapes, against the rear wall

covering maps and at two side windows and the rug are in Imperial Red. Within the raised area, separated from the spectator portion of the hall by a wrought iron railing, three desks are provided. These are for the city clerk and secretary, the press, and one for persons making statements to the City Council or other official bodies using the chambers. Brown paneling, matching the semi-circular table and the three desks, covers the rear walls.

10 NATO Nations Offer Spend More On Defense

By FRANK CREPEAU
Associated Press Writer
BRUSSELS (AP) — Ten European members of the North Atlantic Treaty Organization announced plans today to spend about \$1 billion in European defense over the next five years, in addition to the \$24 billion a year they are spending now.

The 10 NATO members said their decision was made "on the basis that the United States, whose forces in Europe are of critical political and military significance for the common security of the whole NATO area, would for its part maintain those forces at substantially current levels."

The defense ministers of the 10 nations, presenting their plan to U.S. Defense Secretary Melvin R. Laird, called it a "special and wide-ranging European defense program."

Also on the agenda for the meeting today of NATO's defense planning committee was a general defense plan for the 1970s—a new document known as AD-70—drawn to chart how the Atlantic alliance will meet the challenge of the Soviet Union and its allies during the decade.

As NATO's annual four-day winter meeting went into its second day, the leaders of the seven Warsaw Pact nations were gathering in East Berlin, seeking to agree on a common position toward the overtures of the West German government for better relations with Eastern Europe.

The extra effort agreed on by the 10 European allies, to be spread over five years, is only a start, NATO Secretary-General Manlio Brosio told newsmen. But the Europeans felt that the program at least displays a willingness to share some of the extra load being borne by the

Americans. They hope it will give the Nixon administration ammunition to use against demands in the U.S. Congress for a reduction in the 295,000 American troops in Europe.

Laird said on his arrival in Brussels Wednesday night that he was not familiar with the entire package, but "we are very pleased our European allies are recognizing the importance of changes as far as the whole question of burden sharing."

The 10-nation program calls for:

—Setting up an integrated military communications system and a network of air raid shelters for aircraft. This is to cost at least \$420 million, but a snag has arisen because Britain is refusing to contribute cash.

—An increase of \$450 million to \$500 million in operational and

capital expenses by the individual European allies.

—A gift by West Germany to Turkey of 16 new transport planes costing \$79 million.

West Germany will bear about half of the total cost of the package, and West German Defense Minister Helmut Schmidt pressed Britain to contribute about \$90 million in cash over the next five years for the communications system and the aircraft shelters.

Britain's Lord Carrington refused, since his government is trying to cut costs. He said Britain already bears a relatively heavy share of the military burden and is increasing its contribution to NATO about \$368 million over the next 10 years by keeping the aircraft carrier Ark Royal operational and by supplying more fighter squadrons

and a new reserve unit.

British refusal to spend more could influence some of the smaller countries to hold up their contributions.

In addition to Britain and West Germany, participants in the package are Italy, Belgium, the Netherlands, Luxembourg, Norway, Denmark, Greece and Turkey.

France takes almost no part in NATO military activities, and Portugal can't participate because it is fighting rebels in its African territories. Iceland makes no direct military contribution to the alliance.

FOR SHOE QUOTA

WASHINGTON (AP) — The Senate Finance Committee has ended work on foreign trade legislation by voting for import quotas on shoes.

Nixon Avoiding Direct Influence On Economy

By BILL NEIKIRK
Associated Press Writer

WASHINGTON (AP) — Despite a tougher, more specific inflation alert, the White House still is shying away from using direct presidential influence where it counts—on pending wage and price increases.

In issuing its second alert Tuesday, President Nixon's Council of Economic Advisers limited criticism mostly to past wage and price decisions, indicating it isn't ready to go further.

The council said the focus for combating inflation will be on the government's monetary and fiscal policies and appeals to "increased understanding and

voluntary cooperation."

One change in fiscal policy came Tuesday when the maximum interest rate on FHA- and VA-insured home mortgages was reduced from 8½ to 8 percent.

The higher ceiling had been in effect since Jan. 5. The reduction was hailed as a significant step toward reviving the home-building industry.

The inflation alert criticized gasoline and car price boosts and wage increases in the automobile, airline and construction industries. It said a proposed wage settlement in the railroad industry might contribute to inflation.

The after-the-fact tone of the

report raised doubts in many quarters that the administration's tactics will work.

The alert did signal a slight administration move into "jaw-boning," the use of presidential pressure on wage and price increases.

The council said the government now will aim "more vigorously at expansion" and cautioned that its policy would be hampered by a race between management and labor for higher profits and pay.

"If everyone in his turn gets as big a wage or price increase as the biggest obtained by others during the height of the inflation, the inflation will go on endlessly," the alert said.

Reorganization Held By Pitt School Board

TALK WITH NEW MEMBERS... T. G. Worthington of Ayden and Robert Pierce of Farmville talk school

business with new board members Dr. Tom Patterson and Bill McLawhorn.

By BLANCHE HARDEE
Reflector Staff Writer

Fountain attorney Mark Owens was elected chairman of the Pitt County Board of Education during a reorganization session yesterday, which saw veteran board members T. G. Worthington of Ayden and Robert Pierce of Farmville, go off the board.

Replacing Worthington and Pierce were Bill McLawhorn of Ayden and Dr. Tom Patterson of Farmville. McLawhorn's father, R. H. McLawhorn Sr., was a member of the board of education. He was replaced by Worthington who has served on the board since 1946. Pierce was a member of the board for five years.

Both Dr. Patterson and McLawhorn were elected to the school board in the May election. Both were serving on the Local School Advisory Councils in their areas but resigned to become members of the school board.

In addition to electing Owens chairman, the board named

Richard Worsley of Greenville as vice chairman.

The board, in other business yesterday, approved plans for the reorganization of the schools in the Conley, Farmville and Ayden-Grifton attendance areas in connection with a public hearing held on the closing of the Winterville, W. H. Robinson, Chicod and G. R. Whitfield high schools. Students from those high schools are scheduled to enter the new D. H. Conley school following the Christmas holidays.

Plans for the reorganization of the schools include the projected use of 50 mobile units now owned by the county school system.

The schools, grades and number of mobile units approved in the reorganization include: North Pitt, grades 9-12, with 15 mobile units; D. H. Conley, 9-12 with 10 mobile units; Farmville, 9-12 with 10 mobile units; Ayden-Grifton, 9-12 grades with no mobile units; Sam D. Bundy, 1-3 with three mobile units; H. B. Sugg, kindergarten and grades 4-6 with no mobile units; Farmville Junior

High, 7-8 with no mobile units; Falkland Elementary, 1-6 with four mobile units;

Grimesland Elementary, 1-3 with no mobile units (the school will be used for a storage unit after the 1970-71 school year); G. R. Whitfield, 4-8 grades for 1970-71 school year and grades 1-8 for the 1971-72 school year with no mobile units;

Chicod, 1-8, no units; W. H. Robinson, 1-3, no units; Winterville, grades 4-8, no units; Grifton, 1-8, four mobile units; Bethel Middle, 4-8 with one mobile unit.

The North Pitt High School and Bethel Middle School were reorganized at the beginning of the school year with that area consolidated.

A total of 47 of the county's 50 mobile units will be in use at the different schools. The remaining three units will be kept in reserve for emergency use.

Board of education members yesterday approved five policies to be in effect during the coming basketball season.

The new policies are:

—That principals be required

to secure ample police at each home contest in order to properly supervise the activities;

—That principals consider the values which might be found in playing games on nights other than Tuesday and Fridays in order to assist in securing police officers and possibly securing more competent officials;

—That all varsity players and cheerleaders be transported to and from all away games on the activity buses with sufficient male and female supervision provided by the school to ride on the buses. Board members feel riding the bus helps to develop team spirit and a feeling of oneness;

—That girls basketball teams be coached by ladies or that every effort be made to provide for this with a lady always in attendance at both home and away games;

—That coaches conduct themselves in such a manner that students, players and fans are not encouraged to be disrespectful to opposing teams (continued on page 14)

Advanced Funds Are Expected 'Any Day' For CBD Projects

The Central Business District

project advisory committee, meeting yesterday, heard reports on the project's status and were told that advanced funds on the loan and grant contract are expected any day.

Lawrence Holt, CBD project manager, reported that the loan and grant contract with the federal government had been executed on Nov. 10 and that a that the advance is necessary until CBD notes can be sold, a procedure that involves scheduling with the federal government and an extended advertising period.

requisition for advanced funds had been submitted for approval.

Holt said that notification of approval had been received and as soon as the federal treasury could deposit the funds to the Redevelopment Commission's account, property acquisition in priority areas could begin.

The project manager noted

Acquisition of property in the loop street area of the project will receive a high priority since the street will be needed to handle traffic when other areas of the CBD, notably construction of the mall on Evans Street, are involved in execution.

Development of adequate off-street parking facilities will also be high on the list, it was noted, in the effort to improve the thoroughfare plan for the city and CBD area.

Commission executive director Col. A. E. Dubber reported on the planning underway of the town common

area along First Street and gave a brief summary of the background and history of the area.

Dubber said that since the commission does not have enough money to handle the complete development of the town common interior planning and design would have to be handled by the city or possibly commercial concerns.

The commission is in the process of setting up subcommittees now to work during the execution of the project although the project advisory committee will continue to function as an advisory body.

Crates, Chickens Strewn Over Highway

LOAD OF CHICKENS UPSET... in an early morning wreck near Bethel, caused an estimated \$250 damage to a utility pole and spills the truck's load of

An early morning wreck caused an estimated \$250 damage to a utility pole and upset a truck load of 6864 chickens.

The driver of the truck was identified by Trooper Billy Day

as Calvin Ray Jones of Rt. 1, Stokes.

Pt. Day stated that the truck was heading north on N.C. 11 when the driver apparently fell asleep and the truck ran off the left side of the highway hitting a

utility pole, completely severing the pole at the ground and at the top.

The vehicle is owned by Wheels Inc., of Chicago. There was no estimate of damage on the truck.

Jones, according to Pt. Day, was charged with reckless driving in the 3 a.m. accident.

The chickens were being transported to a processing plant in Robersonville. There were few killed in the accident.

Pressure For Auto Industry

WASHINGTON (AP) — Asst. Atty. Gen. William Ruckelshaus, nominated to head the new Environmental Protection Agency, has promised maximum pressure on the auto industry to eliminate 90 per cent of harmful exhaust fumes within four years.

Ruckelshaus, testifying during Senate Public Works Committee consideration of his nomination, promised to "view with the most jaundiced eye" any claim that the auto industry could not produce an adequate emission-control device by 1975.

Jess Unruh Will Become Critic

LOS ANGELES (AP) — Jess Unruh, often called California's most powerful Democrat, plans to leave politics for the time being and become a full-time critic of the government process.

"I want to point up how our system can be improved and show people how to use their power to get what they should have," the 48-year-old long-time legislator said Tuesday.

Coed Reports Evening Assault

Greenville police are continuing their investigation into an incident which occurred on East Fifth Street here last night. According to Chief T. E. Gladson, Pattie Jones, an East Carolina University coed reported she was walking along the 1400 block of East Fifth when a white male approached her, grabbed her and pushed her to the ground.

Chief Gladson said Miss Jones reported her screams apparently frightened her attacker and he ran Northward along Lewis Street.

The incident occurred about 7:05 p.m.

Burning Leaves Is Against Rules

Leaf burning, once a routine part of autumn activities, is no longer legal in the state of North Carolina. The rule applies to both city and country areas.

George Murray, chemical analyst with the Water and Air Resources Department of North Carolina, with offices at Pitt Plaza, said that "burning leaves is against regulations in the State of North Carolina."

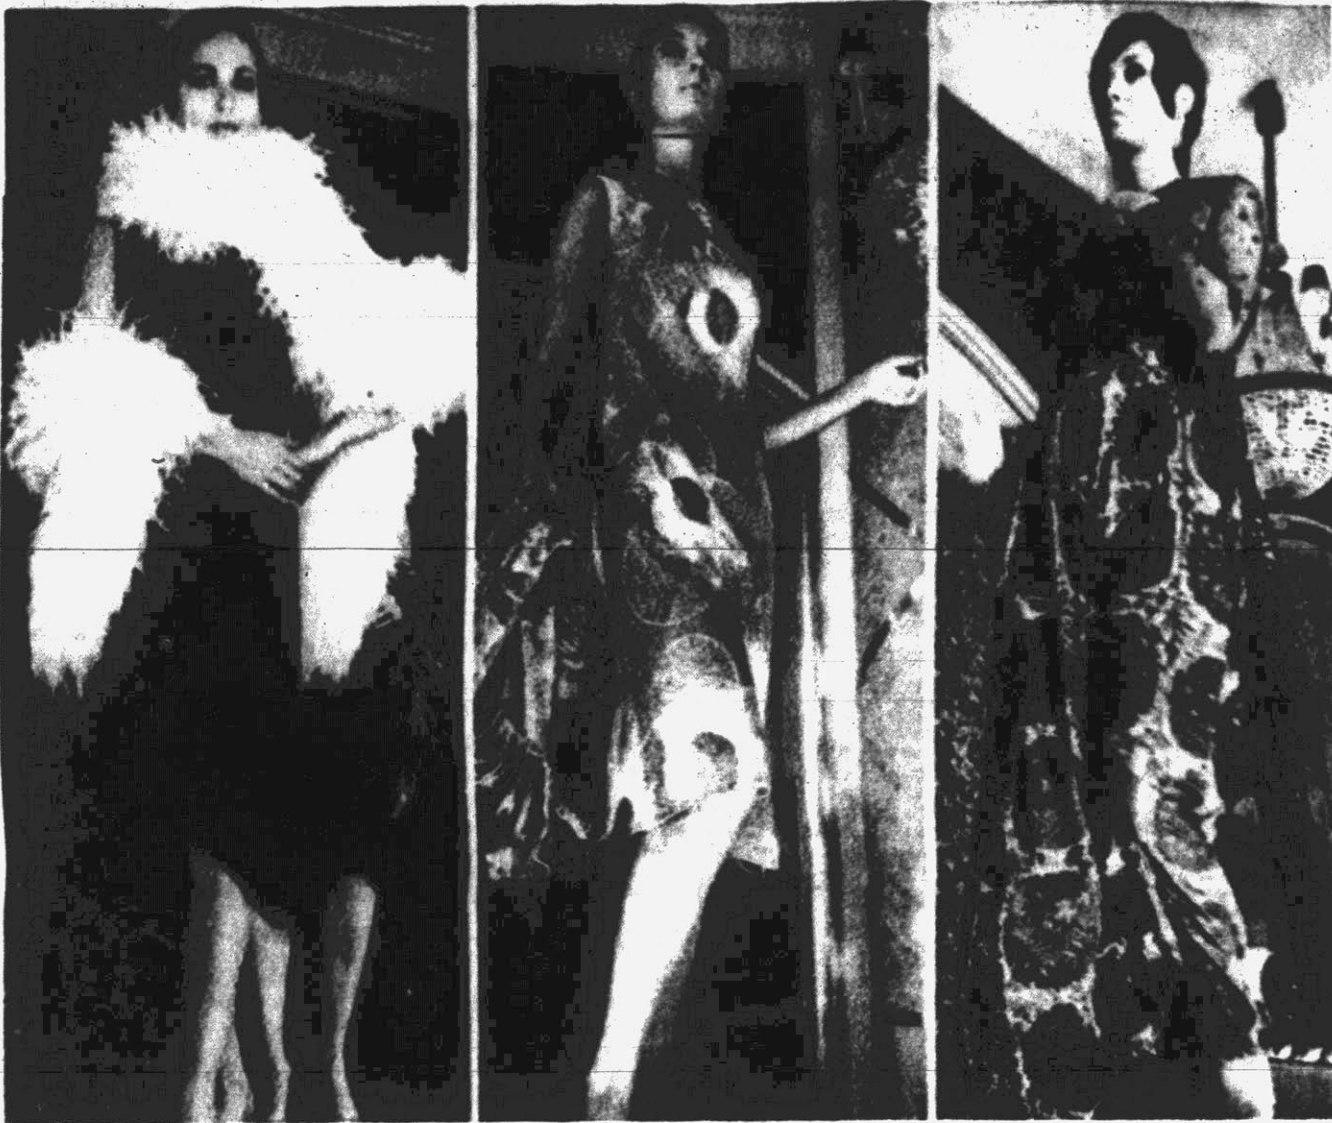

Murray explained that his job is primarily a monitoring one, and that engineers from Raleigh were the persons most knowledgeable on the scope and applicability of the new regulations which went into effect July 1 of this year. "It is my understanding," Murray said, "that any type of open fire is not permitted, except for certain agricultural purposes for which permits are necessary."

Chief of Police Tommy Gladson noted that his department has been asking anyone noted burning leaves to discontinue the burning. He mentioned that this matter will be taken up with the City Council and the City Attorney in order to have a full understanding of the legal application and responsibility of the City Police Department.

Pitt County Fire Marshall Mike Worthington stated that for any type of open fires within the county, a permit was necessary from the Forestry Department in connection with burning for agricultural purposes.

Ralph Tyson, Pitt County Sheriff said that his office handles the burning permits for county residents. These, he said, are furnished the sheriff's office by the Forestry Department. The permits are considered and signed by his office for requests meeting standards of safety. Safety standards include prescribed distances from houses and woods for such open burning, and other general safety factors, such as dryness at a particular time.

Designers Show Spring Fashions

SPRING IS HERE—STYLISHLY SPEAKING—These are Anne Klein creations for spring, 1971, presented at the American Designer Showings in New York this week. From left, high rise lace waist-on boldly printed skirt and snugly fitted bodice with new waistline. Center is low slung, buttonup pants with flower print shirt. At right is pale skinny dress with high side slits indicating there's still plenty of leg showing in longer lengths. In bottom

picture, Designer Pauline Trigere says the spring fashion look will be covered up. Her showing included these spring variations on that theme. Black dress at left is topped by a long ostrich boa. Model at center transorm a print cotton dress into a shimmering evening dress, right, by slipping on an "illusion coat," a net coat with scattered beading. (AP Wirephotos)

Anti-Dumplings Campaigns Started

NOTTINGHAM, England (WNS) — Teen girls protested against the daily lunch diet of dumplings and puddings at Manning Grammar School by bringing their own slimming snacks. The headmistress promptly banned the snacks as unhealthy, and the girls took their complaints to George Jackson, Director of Education. "Many of us are getting so out of shape that we have to wear corsets," reported the girls. "It should be against the law." Mr. Jackson agreed and ordered a "save-our-figures" campaign.

COOK! G IS FUN!

By CECILY BROWNS ONE
AFP Food Editor
WEEKDAY LUNCH
The buns may be made from a package of hot roll mix. Tomato Soup Egg Buns Fruit and Cookies Beverage
EGG BUNS
3 hard-cooked eggs, chopped
3 strips crisp-cooked bacon, crumbled
1 tablespoon minced green pepper
1/8 teaspoon salt
1/4 cup mayonnaise
4 small buns
Mix together all the ingredients except the buns. Split the buns and use the egg mixture as a filling for them. Makes 2 servings—2 filled buns per portion.

FAMILY DINNER
A delicious pie that should be better known.
Meatballs with Rice and Gravy
Green Peas Salad Bowl
Fresh Pear Pie Beverage
FRESH PEAR PIE
Flaky pastry for a 2-crust 9-inch pie
3/4 cup sugar
1/4 cup flour
1/2 teaspoon salt
1/2 teaspoon nutmeg
Grated rind of 1 lemon, about 1 tablespoon
7 medium slightly underripe pears
2 tablespoons butter
Make up pastry; cut in half; refrigerate. In a large mixing bowl stir together the sugar, flour, salt, nutmeg and lemon rind; set aside.
Roll out half the pastry and line a generously buttered 9-inch pie plate with it. Roll out other

half of pastry for top crust and cut vents in it.
Pare the pears; cut in half lengthwise; remove seeds and stem structure; slice thin crosswise—there should be about 6 cups. Add pears to sugar mixture and mix well; turn into pastry-lined pie plate. Dot pears with butter.
Cover with top crust; seal and flute edges. Bake in a preheated 425-degree oven, on rack below center, until crust is browned and pears are tender—about 40 minutes. Serve warm or reheated.

Children Neat Despite Parent

By Abigail Van Buren

DEAR ABBY: I have been married to a terrible housekeeper for 30 years and she thinks I'm happy because I love her. But no one can be happy with a slob but another slob. I've never been able to bring my friends home and I know that our children were also ashamed of the way our house looked: The daughters are married now and they are both very good housekeepers. How do you suppose that happened?
SLOB'S HUSBAND

DEAR HUSBAND: First things first. You are not only 30 years too late with your complaint, but you're directing it to the wrong person. A husband doesn't have to hit his wife over the head with a broom to let her know the place needs a sweeping. Your daughters obviously regarded their mother's housekeeping as a "horrible example," and determined not to follow suit. Sometimes it works that way.

DEAR ABBY: My husband had a heart attack and it took him several months to recuperate. Naturally, during that time I had everything to do inside and outside our home. [Don't get me wrong, I'm not complaining. I was glad to do it.]

Whenever I would run into friends while shopping, they would all ask, "How is John feeling?" But not one person asked, "How are you feeling, Marge?"

A wife also goes thru a great deal of agony when her husband is sick, and it would be nice for people to realize this and for one of them to ask, "How are you getting along?"
IN NEED OF SYMPATHY

DEAR MARGE: How are you getting along?

DEAR ABBY: A wife asked you what you thought of a husband who got up at four in the morning and took off for a long-anticipated hunting trip, and forgot his gun! You replied, "I think whatever it was he intended to hunt, he didn't intend to shoot."

I am surprised at you, Abby. I am sure you must realize that many athletes get pre-game jitters. My brother in law was a football player and he used to get diarrhea and throw up before every game. In high school, a member of our boxing team appeared in the gym in his warm-up jacket and a jock strap. He forgot his trunks. Even some of the more experienced entertainers will tell you they still get stage fright. Their stomachs are tied up in knots, and their hearts pound like a trip hammer.

Some expectant fathers, when the baby is due, have been known to start out for the hospital without their wives. Hunters are no different? Be fair, Abby, and print this.

HUNTER'S WIFE
PARKERS PRAIRIE, MINN.

DEAR ABBY: Why does every wedding announcement start out with, "Daughter of Banker Weds?" or, "Movie Executive's Daughter Marries?" Are they really announcing a nuptial or trying to promote the old man's business?
GEO, LEO & FRED

DEAR G. L. AND F.: Papa's business adds a little

For Better Or Worse All The Way

SAN REMO, Italy (WNS) — Irmgard Schmidt, a German starlet, married 66-year-old Antonio Bestagno from the old folks home in order to obtain Italian nationality and be permitted to stay in Italy. After the wedding, the husband that Irmgard had "bought" insisted that she bring her four children to live with him. "If she refuses, I'll bring suit for legal

separation first, then annul the marriage later," threatened Bestagno. "I'm not as old as she thinks and can offer a better life than she'll get in Germany."

Interest to an otherwise dull announcement. "Daughter of Oil Tycoon Weds Parking Lot Attendant"—says more than "Nancy Smith and Joe Doaks Exchange Vows."

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

Hate to write letters? Send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

Had Right To Ask For Asylum

With all that our nation has done in taking in refugees from Communist countries, it is incredible that someone ordered a Lithuanian sailor returned to his ship last week.

The sailor apparently attempted to defect from a Soviet vessel to a U.S. Coast Guard cutter. As near as we can learn an order was issued to return the man to the Soviet ship and he was brutally beaten

New Approach Can Be Ahead

By BRYAN HAISLIP

RALEIGH — Imported cars operate very inefficiently in a country geared to bullocks and bullock carts.

Before the automobile's advantages can be transplanted, there must be created the local technology and institutions for service and support—highways, gasoline stations and repair shops, trained drivers, traffic rules and means to enforce them.

By analogy, the same thing applies to agricultural

BRYAN HAISLIP

science and technology, said Jackson A. Rigney, Dean for International Programs at North Carolina State University.

"Much more serious attention must be directed to building institutions such as research organizations, agricultural universities, or public administration institutes before the transferred technology can prosper," he explained.

New '70s Look

What this means is a new approach for U.S. programs of technical assistance in the '70s — more partnership and less spoon feeding.

Fifteen years of aid to underdeveloped nations has brought the emergence of several institutions capably staffed, able to serve their own country, and to work on equal footing with U.S. experts, Dean Rigney said. "Their trained personnel now appear to us as exciting professional colleagues rather than as 'ignorant foreigners,'" he said.

"This also changes the whole approach to technical assistance. Instead of sending hundreds of 'advisors' overseas in the '70s, we will send increasing numbers of researchers who are interested in extending the range of our own knowledge and understanding at the same time we help others."

Congress last year asked President Nixon to review foreign aid programs with a view to determining whether what was good for the '50s and '60s should continue as the future pattern. The administration now is in process of working out reorganizations which will be embodied in legislation before Congress early next year.

Rigney surmised that non-military foreign aid spending will continue at approximately the present level of \$1.7 billion per year.

The new approach will not so much save money as assure a better return on investment, he said.

On-the-Scene Survey

He got a recent, en-

couraging look at institution building in practice for Asian recipients of U.S. Technical assistance. Representatives of agricultural universities in ten nations came together to tell what they are doing, and to learn from each other.

Conceived and planned at NCSU in Raleigh and held under AID sponsorship, the two-week meeting began in Thailand and moved to India. Other nations represented were: Malaysia, Republic of China, Korea, Japan, Indonesia, Nepal, the Philippines, and Iran.

In the caliber of delegates, the candor of discussion, and the quality of reports the meeting was successful "far beyond my fondest dreams," Rigney said. Participants were youthful, well-trained and easily capable of holding their own in their field. One, from the Philippines, was an NCSU alumnus with a Ph.D. degree.

"Not a political hack or bureaucratic functionary among them," Rigney noted proudly.

As dean for international programs, Rigney has the responsibility for coordination of all projects and efforts on the NCSU campus which have an international impact. Contact with the 560 foreign students is part of the work of his office.

Peruvian Honor

Dean Rigney has in-the-field experience as an advisor to an under-developed nation. From 1956 to 1959, he headed the North Carolina Agricultural Mission to Peru. His efforts to increase the nation's food supply won for him the "Order of Merit" decoration, awarded by the President of Peru.

He is the author of a "Team Leader Manual" for personnel in overseas technical assistance programs.

The two-way street nature of foreign aid is demonstrated by an NCSU assignment to develop soil testing procedures for Latin American countries. Increasing food production demands greater fertilizer use, and efficient use of fertilizers requires soil testing, Rigney pointed out.

Soil test procedures developed in the U.S. for temperate zones had to be adopted to tropical conditions. Staff had to be trained, and lab techniques developed which were simple and inexpensive.

"One of the most exciting aspects of our soil testing work in Latin America is that we have learned more about soil testing in general than we had learned from our domestic programs in the previous 10 years," Rigney said. "Furthermore, there is scattered over 14 countries of Latin America a large number of excited and valuable colleagues who are working closely with our staff in our continued efforts to know more about soil fertility in general."

in the process.

America has properly accepted refugees from Hungary, Cuba and other nations when Communists took over. Often these people were escaping from death or long imprisonment and to have returned them to their native lands would have been an inhumane act on our part.

Certainly this unknown Lithuanian had as much right to request political asylum in the United States as anyone else seeking to escape Communism. We will never know his reasons for wanting to come here because no doubt he has disappeared forever behind the Iron Curtain.

President Nixon has called for a full investigation of what happened in the case with a report to be made to him today. We should make certain now that procedures are outlined so that such a blunder will not occur again.

Cigarettes Prove Big Attraction To Bandits

Train robbery of the 19th Century gave way to highway robbery in the 20th, but in both cases the loot was the same, gold or money.

Recently, however, hijackers have found something just as valuable as gold to go after. They are now keeping their eyes open for trucks loaded with cigarettes. Recently news stories have told of trucks loaded with cigarettes being driven away.

A black market for cigarettes has already been established in northern states because of the higher taxes charged there, as compared to our's. When the cigarettes are obtained for nothing and peddled on the black market it can mean quite a lucrative haul.

Legal Services Debate Center

By ROWLANE EVANS and ROBERT NOVAK

WASHINGTON — Deeply embedded roots of the furious debate over legal services in the government's anti-poverty program are found in a Sept. 15 police raid in New Orleans on the National Committee to Combat Fascism (NCCF), a Black Panther front specializing in police-baiting.

Present at NCCF headquarters was Robert Glass, a lawyer for the Federally-funded New Orleans Legal Assistance Corp. (NOLAC), part of the national anti-poverty program. Questioned by police, Glass invoked his client-lawyer relationship with the NCCF. Subsequently, 12 NCCF members charged with attempted murder, assault, and other felonies were represented by NOLAC lawyers.

Thus, taxpayer funds were used to defend a violence-prone, black extremist organization. This clearly violated Federal policy requiring these services to be used directly by the poor and only the poor.

Herein lies the ugly dispute that surfaced Nov. 19 when Donald Rumsfeld, President Nixon's anti-poverty czar, fired Terry F. Lenzner, 31, as head of the Federal legal services program. Rumsfeld insisted that the program be tightly molded to aiding the poor in eviction and other tenant cases, welfare and consumer grievances, and school disputes. Lenzner envisioned a far broader mandate encompassing reform of the whole system, not excluding support for Black Panthers.

The legal services fight is, in microcosm, what's happening in the poverty program at large. Since its Great Society birth under Sargent Shriver, the program has swarmed with idealists, pushing political revolution. Since taking over in 1969, ex-Congressman Rumsfeld has been guiding it back to the

original Congressional intent of helping poor people.

Indeed, anything more than that would not be tolerated by a conservative Republican administration and a hostile Congress. What Lenzner failed to understand is that Rumsfeld must control militant excesses or risk Congressional obliteration of the anti-poverty program — particularly its much-needed legal services, emasculated by the Senate last year but restored by the House under Rumsfeld's urging.

Consequently, Rumsfeld was appalled at the New Orleans office, NOLAC. For example, a legal services fellow connected with NOLAC was an attorney-of-record defending SDS demonstrators. Further, NOLAC sought to obtain circulation at Louisiana State University of a pornographic underground newspaper (a recent copy of which contains a nude cartoon of President Nixon amid other indecencies). The recently resigned NOLAC director, Richard Buckley, says: "Legal services exist for the redistribution of wealth and power."

When Rumsfeld sent investigators to New Orleans, Lenzner denounced it as political interference. Tension was also high when Rumsfeld probed legal services in Los Angeles to state employees earning \$11,000 - \$15,000 and in Dallas to an underground newspaper, the Dallas Notes, enjoined from publication because of obscenity.

The Dallas case is illustrative. Using Federal funds intended to help the poor, legal services there defended the underground publisher, Brent Lasalle Stein, 27, son of a rich Dallas merchant. "It seems to me that's the kind of activity necessary to insure this kind of publication for the poor," says Frank Jones, fired as legal services deputy along

Strength For Today

HE CALLED HIM CHARLIE. A man who stood very high in national life some years ago, was outstanding because of his ability to remember people's names. When asked recently if it was true that he could call ten thousand people by their first names, his answer was, "Considerably more."

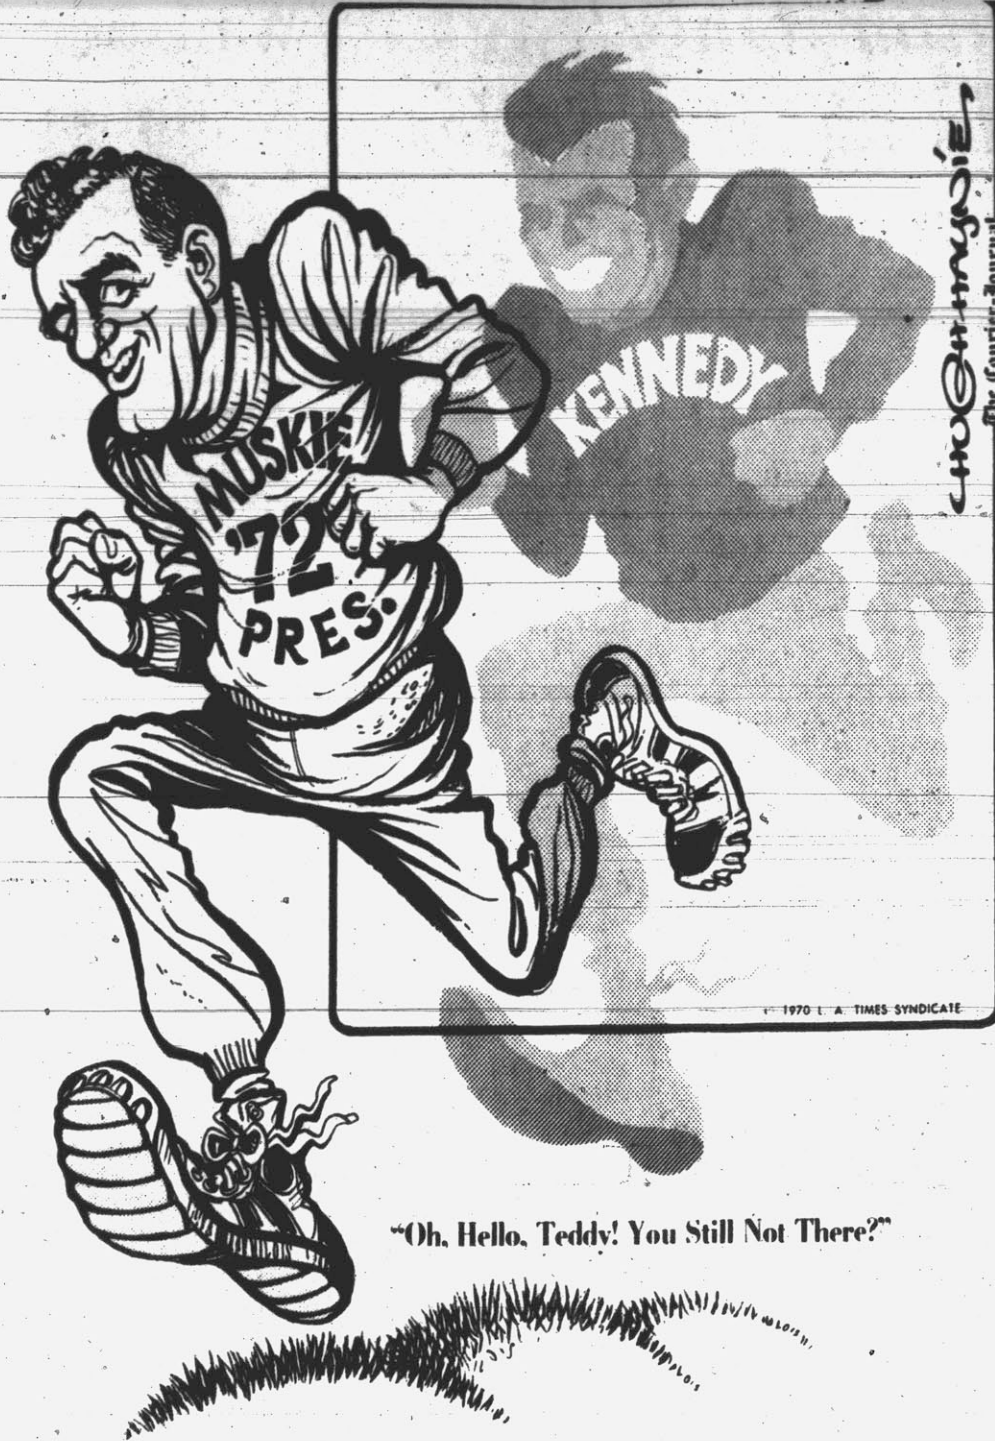

Here is an ideal for every young person to try to achieve. Some people are gifted in that matter. Even the person who has great difficulty in remembering names can get himself or herself out of that embarrassing situation with daily application and practice. One way to do this is to make a list of new persons met every day. Ten minutes a day spent on lists of names will life up a person's reputation for general alertness to an astonishing

degree. Meet a person, and with the handshake you say his last name with whatever designations need to be put before it—Mr., Mrs., Miss, Doctor, and especially the first name if that can properly be used. Nothing cheers a person so much as being remembered, and nothing hurts one so much as being forgotten.

A man who stood high in national life and lived to a great age was told on one occasion that a dear friend had died. The man was silent for a moment and then said: "That was the last person to call me Charlie."

How we thrilled as teenagers when someone called us "Mister." How we thrill in old age when someone calls us Charlie or Bill or whatever.

By Earl L. Douglass

By ART BUCHWALD

Flick Idea Is Hatched

WASHINGTON — "I've got it! I've got it!" Sam Craftman yelled as he rushed into the office of Darryl Kleigfoot, the head of Metro-Mogul studios.

"What have you got?" Kleigfoot said, slightly annoyed.

"An idea for a new cowboy picture. It's the greatest thing since 'How the West Was Won.'"

"All right, but give it to me fast."

"I was reading a history book the other night and discovered that President Rutherford B. Hayes was very disturbed because a bunch of Apache Indians were holding several American soldiers as prisoners. So he ordered his

secretary of war, Alexander Ramsey, to get a rescue operation under way."

"Continue," said Kleigfoot.

"Can't you just see it as a film, Chief? We got John Wayne to play the colonel of the United States cavalry and Frank Sinatra as his cocky first sergeant."

"The secretary of war, played by Ronald Reagan, calls in Wayne and Sinatra and tells them he wants them

Other Editors Say Crime Labs

(The Durham Herald)

The reported division within the Governor's Committee on Law and Order on the question of establishing regional crime laboratories seems not to be an issue of feasibility but rather one of approach.

"The way our office reads it," Atty. Gen. Robert Morgan was quoted as saying at a recent meeting of the committee, "there is no statutory authority now for this committee to create a law enforcement agency to cross county lines. It must be attached to some existing law enforcement agency."

On the other hand, in pointing to the State Bureau of Investigation's backlog of work in its crime lab, Superior Court Judge T. D. Cooper, vice chairman of the committee, was quoted as saying:

"Here we have local communities offering to take on some of this work and to help us from getting further behind. I think we should approve these projects and get the enabling legislation from the General Assembly."

Other points have been raised by SBI Director Charles Dunn. One is that the SBI's Raleigh crime lab, which only this month was moved into much larger and more modern quarters, is just hitting its stride.

Another is that "I want to be sure that the high standards the SBI has set are maintained in these regional labs." And still another is that unnecessary duplication should be avoided.

The committee's approval of an eight-county mobile laboratory network for the Charlotte area presumably met qualifications set forth by Mr. Morgan and Mr. Dunn. That is, its chemists would measure SBI's statewide crime lab system, and it would not duplicate SBI facilities.

Two regional projects on which action was delayed indefinitely presumably did not measure up, at least for the present.

The idea behind the regional crime laboratories commends itself, for such facilities strategically located over the state should serve as a major assist to law enforcement.

It is good, as Judge Cooper has noted, to find local initiative at work in seeking such labs. That initiative needs to be encouraged, not stifled.

But at the same time, there is every need to take an approach that emphasizes quality and avoids unnecessary duplication. That is the size of the task ahead of the committee.

Dec. Sales Outlook Confused

By ELMER ROESSNER

Rarely has the outlook for a December been more confused.

While it has been predicted here that Christmas sales will set a new high record in

ELMER ROESSNER

dollar volume though not in physical volume, there is a wide range of possibilities within these probabilities.

There are two strong factors: First, store management must make Christmas policy in mid-summer, deciding then how much to order for holiday sales. Second, policy must be varied depending on conditions in each line. For example, toy ordering begins in spring; some food lines

need not be ordered until November.

There is a third factor: nobody knows exactly what the public mood will be. It may decide to splurge; it may be beset by fears of business next year and snap purses shut.

And then there is that annual imponderable: the weather. A siege of bad weather can wreck sales; moderate weather can increase them.

No Over-All Pattern

In consequence of these variables, one store may show large gains, a store down the block may show a decline in sales, depending on the lines carried, its inventory policy, the effectiveness of its advertising, the attitude of its clientele and its management's alertness in judging trends. And here are other look-aheads:

Farm machinery prices will rise. The United Auto

Workers will demand manufacturers sign contracts comparable with the General Motors settlements and this will force price increases.

Adequate oil is likely. If the threat of fuel shortages worsens, the administration has plans to lift off-shore production controls and increase import quotas. Much depends on the weather.

Colorful Christmas is indicated by a survey that shows a rise in consumers' intentions of buying colored TV sets. Earlier, color TV set sales have fallen behind sales projections. However, intentions of buying other appliances have weakened. Buying steel for inventories as a hedge against a steel strike in August has begun but won't reach significant volume until after March, when purchasing executives will have a better idea of the 1971 economy.

Alkoholilike Invading

Early Bird Boyle

By HAL BOYLE

NEW YORK (AP) — While everyone else is out rushing around doing his shopping early to avoid the Christmas rush, I've decided to steal a march on them by making my New Year's resolutions early.

There are a couple of advantages in getting this done a month before the deadline.

For one thing you can make

HAL BOYLE

your good resolutions with a clear mind and a steady hand, which is not always true of those who wait to perform this chore until the morning of Jan. 1.

For another, you are free to pick and choose from a complete stock of good resolutions. There is nothing more pitiful than the harried, procrastinating fellow who comes late to the scene and finds the best resolutions have already been made — and has to settle for second- or third-rate ones.

The problem with most New Year's resolutions is that people who make them accentuate the negative rather than the positive. They vow to quit doing bad things instead of pledging themselves to do more good things. This year, for a change, I'm going to try to do both.

For example, I'm promising myself I will cease—

Opressing women.

Burying dead horses.

Polluting the atmosphere with any more hot air.

Giving free advice to people who aren't worth two cents anyway.

Playing poker for keeps after midnight.

Opening savings accounts at banks just to get a free electric blanket or hearing aid.

Goring the other fellow's ox. Ox goring isn't much fun at best, and at the worst it can be terribly fatiguing.

Well, that's enough things I'm going to quit doing. On the more constructive side, the better things I'm going to start doing—I hereby resolve to—

Get more exercise by opening more junk mail.

Write down all the memorable things I hear said at cocktail parties and file them in my snuffbox.

Get an unlisted telephone number, so that all the people

(Continued on page 8)

40 Years Ago Today

By GWYN COGHILL

Dec. 2, 1930

Lautares 'Candy Palace, located on Evans Street near Five Points, was robbed last night. The thieves obtained about \$500 of merchandise and a small amount of cash.

A mass meeting will be held tonight at the court house to discuss the organization of a canning factory in Greenville.

J. T. Clifton was re-elected auditor by the County Board of Commissioners at a meeting held yesterday.

Doctorate No Job-Insurance In Economic Slump

CHARLOTTE (AP) — Mike Riley is 29 years old, has a doctor's degree in physics and did his dissertation on the 3rd and 4th order isothermal elastic constants of copper and nickel. Until three months ago he made \$15,000 a year. Now he's a \$125-a-week floor manager in Belk's Department Store in Charlotte, and that may be for only the Christmas rush. After that he might be out of a job again, but still saddled

with payments for a new house and car and providing for his wife and their 18-month-old son. Riley is one of the many highly educated workers in North and South Carolina who was fired because his company was suffering from a deflated economy. He and his wife, Cava, spent virtually all their savings when he got out of school last November at Clemson University. They bought a house and a new car.

They had been scrimping and saving for years, and with his new job at Celanese, a synthetic textile company, it felt good to enjoy some of the comforts of the middle class. The bad news came in October of this year. His boss came around and said he was sorry, but that... Mike had gotten the message some time before that. There had been rumors around the plant that there would be a big layoff because of the poor

economy. Others also had to go. Now, instead of huddling over some intriguing project in a laboratory, Mike might be seen trying to get a stubborn cash register to work, or filling in as the jewelry clerk while a girl takes her lunch break. "I'm not pessimistic, though," he said the other day over a cafeteria lunch. He brushed back a wisp of the shock of reddish-brown hair that tries to tumble down over his forehead. His skin is pale, as one would expect of most scientists, and some flecks of freckles and his blue-gray eyes make him look much younger than his 29 years.

When he talks about mechanical things and about laboratories and projects he leans forward on his elbows, or props his chin pensively in a hand. What was he doing at Celanese?

"New processes for old products," he said. "Trying to increase the profitability of old products and come up with new ones. Carpeting, dyeing, that sort of thing."

"Someone comes to you with an idea. You sit down, read the patents, think about it and try to come up with something. Dupont had its nylon with little holes in it. We tried to..."

Disorders Bring A Minor Boom

TENAFLY, N.J. (UPI) — Campus and other disorders have brought a boom of sorts to a local chemical company which reports a flood of inquiries for a do-it-yourself spot remover of slogans and graffiti from public buildings. "Sandblasting is too expensive and often can't remove the messages and slogans that have been scrawled on buildings," says Howard McDonough, manager of the Penetone Chemical Co., which makes about 150 cleaners and paint strippers for industry.

legal services for the poor is to survive in Richard Nixon's Washington, it must be kept in check by a cool-headed politician, fending off uncompromising idealists. Failing to comprehend that political reality put Terry Lenzner on his collision course with Rumsfeld.

He was off and running, in his field, at home with the scientific world he loves. The technical terms flew right and left, matter of factly and he seemed to shut out the cafeteria din of chatter. His blue and white Belk pin sort of jumps out at you as you try to picture him at work on some project. He fell silent rather suddenly, perhaps aware that the employee pin had caught the interviewer's eye. Just a few years ago big

companies were fighting tooth and nail for talent like Riley's. Firms would wine and dine applicants, fly their wives around the country, provide a night on the town. How's his wife taking this temporary setback? "She's not discouraged," Riley said. "She takes in baby sitting now. She used to teach in South Carolina before Michael came along." Mrs. Riley is a graduate of Notre Dame College in Baltimore, where her

husband had attended private schools as a boy. After Riley got out of high school he spent two years in a seminary, but found that he was still restless. He went to college and found a home. "In college people tend to overextend themselves financially," he said. "They have a lot of bills to pay." "Cava and I finished on the plus side and bought a house and replaced our old car that

was about five years old." Those bills and others are still pouring in. He still makes trips down to the personnel agencies that are trying to find him a job in his field. He scans the newspapers and even went to Detroit for an interview. "I'm thinking that this part of my career will just be a small part looking at it over the years, over the long term," he said. "Something will come along...something..."

FROM RESEARCHER TO CLERK — Mike Riley, who holds a doctorate in physics and formerly did research for

a giant textile firm, helps a customer in a department store where he is a floor manager. (AP Wirephoto)

Boyle . . .

(Continued from page 4)
who never bothered to call me before won't be able to now in case they change their minds. Punch anybody in the nose who greets me on Monday morning with such remarks as, "Tell me all about it. Were you in a train wreck over the weekend?" Reread an old Bobbsey Twins book every month to restore my faith in the belief that neither sex nor money is everything. Listen to the opinions of others—just to assure myself that my ideas aren't the only nutty ones on earth. Bury all these good resolutions in a time capsule, then dig them up and use them all over again on Jan. 1, 1981.

Buchwald . . .

(Continued from page 4)
said. "The plan is to attack at night so the Apaches will be surprised. So they wait until midnight, and then, firing all their guns, they ride into the sleeping village of Little Red Creek." "It should make a good fight scene," Kleigfoot said. "Wrong, Chief," Craftsmen says. "There's no one in the village. The soldiers go from one tepee to another and find they're all empty." "Oh, my God," said Kleigfoot. "Apparently the intelligence was wrong or else the Apaches were tipped off and moved out." "So what happens?" Kleigfoot said. "The cavalymen ride back to Washington, D. C., where the secretary of war calls a press conference and introduces Wayne and Sinatra to the reporters." "The secretary of war calls it one of the most successful operations against the Apaches in military history. It was not only pulled off with precision, but did not produce one single casualty. The only way they could have improved on it was if they had found the prisoners." "President Rutherford B. Hayes sends his personal congratulations to Wayne and tells his press secretary to announce that this should be a lesson to the Apaches once and for all." "We end the film with the secretary of war awarding Wayne a medal and Sinatra getting the girl." "I don't know, Sam. There's something wrong with the story. Don't you think the public will be let down a little at the end, when the cavalry finds nobody there?" Craftsman said, "I don't see why."

Evans, Novak

(Continued from page 4)
with Lenzner. In each of these cases, Rumsfeld felt Lenzner was dragging his heels by delaying action against the violations. The relationship rapidly deteriorated between Rumsfeld and Lenzner, a bright former Justice Department civil rights lawyer who was Rumsfeld's first senior staff appointment in 1969. The final straw came Nov. 16, when Lenzner telegraphed

the New Orleans office exonerating it of wrongdoing. Anti-poverty officials say he acted in violation of explicit orders from Rumsfeld not to communicate with New Orleans without first informing Rumsfeld; Lenzner told us flatly he received no such orders. Such nasty charges and countercharges will be aired before eager Democratic Senators at hearings soon to begin. But the hearings likely will miss the poignancy of the dispute. If any program as naturally provocative as

Stock And Market Reports

RALEIGH (AP) — (NCDA) — North Carolina egg markets irregular. Supplies adequate demand good. Prices paid producers and handlers for consumer grade eggs in cartons delivered nearby outlets:

Grade A large whites: 48-48½
Medium, whites: 45-46
Small, whites: 40-42

Raleigh (AP) — (NCDA) — North Carolina hog markets today are mostly steady with instances of .25-.50 higher. Tops of 16.00-16.75 at Kenley; 16.00-16.50 at Rocky Mount; 15.00-16.50 at Tarboro; 15.75-16.00 at Wilson; 15.50-16.00 Siler City, Denton and Aberdeen; 15.00-16.00 at Kinston, New Bern, Benson, Newton Grove, Albertson and Lumberton; 15.00-15.50 at Bethel; 16.25 at Salisbury; and 16.00 at Greensboro.

RALEIGH (AP) — (NCDA) — The North Carolina hen market today is mostly weak. Supplies adequate for a slow to fair demand. Heavy type, at farm, 13½ to 14½ cents, mostly 14½. FOB plants, 16½; light type at farm; 4½.

NEW YORK (AP) — Stock market prices slipped lower today as profit takers moved in on recent rally gains in trading. At 11:30 a.m. the Dow Jones average of 30 industrial stocks

was off 1.98 at 792.31. In earlier trading it had been off almost 4 points.

Declines led advances by a narrow margin on the New York Stock Exchange.

Big Board prices included Texas Instruments, up 1 at 76¼; General Electric, up ¼ at 87½; Memorex, off ¼ at 77½; Continental Oil, up ½ at 30½; Federal National Mortgage, up ¼ at 57¾; and Standard Oil of New Jersey, off 1½ at 70½.

Following are selected 11 a.m. stock market quotations furnished by Interstate Securities Corp.

Farmville Board Agrees Accept Watershed Project Cost Share

By CAROL TYER
Reflector Staff Writer
FARMVILLE — Farmville Commissioners agreed last night to accept their assessed share of the cost of the Little Creek Watershed Project, some \$33,000.

Farmville has 1,127 acres within its corporate limits that will be directly benefited by the drainage projects, Bill Lewis, an attorney for the project, said. The cost will probably be paid in several yearly budgeted installments, Commissioners indicated.

James Lancaster appeared to thank the Commissioners for the nearly completed covering of a drainage ditch that runs parallel to North Walnut Street. He also told the Commissioners that the town needs to cooperate to the greatest degree possible with builders in the town. He referred specifically to several small problems that have arisen recently between the town and the Powell Brothers of Rocky Mount, developers of the Claremont subdivision here. "Builders such as these are adding greatly to the taxable property in Farmville and every effort should be made to work with them, though not to favor them," he said.

A public hearing on a change in an ordinance on tampering with meters was set up. The ordinance against such tampering has referred to water meters only heretofore. "Utility" will be substituted for

Named Acting City Manager

CHARLOTTE (AP) — L. Paul Bobo, who has been with the city 23 of his 48 years, has been named acting city manager.

He now is assistant city manager for operations. On Jan. 1 he will succeed William J. Veeder, who has resigned effective that date to enter private business.

The search for a permanent replacement will continue. Bobo said he had not made up his mind whether he would apply for the permanent post.

Upper and Lower Canada were joined under the Union Act of 1840.

the word "water" in the amended ordinance.

There has been considerable trouble with street and traffic lights being shot out by vandals recently. Water and Light Director, J. A. "Bud" Wooten, told the Board. Police Chief Brooks Oakley reported that a juvenile arrest was made November 28 for such an offense. This ten-year-old, whose name was not released because

School Bd. . . .

(Continued From Page 1) or officials.

Mrs. Kathryn Lewis, guidance director for the Pitt County Schools, appeared before the board to discuss the Alcohol Education Program that is being carried out in the schools, as well as commenting on the drug problem in the schools.

Mrs. Lewis explained that eighth graders in the various schools have been "instructed about the effects of alcohol to the body and to the mind. She stated that films and speakers have been used to demonstrate what the use of drugs can do to a person.

Board members approved the use of the county schools on two different occasions for Rubella Clinics (German measles clinic).

Associate Superintendent Tom Craft reported on the status of the D. H. Conley, Ayden-Grifton and Farmville High Schools as far as construction is concerned. Craft said the final inspection of the Conley school (excluding the auditorium, gymnasium and locker room) will be made within the next few days. The completion of the Farmville and Ayden-Grifton schools in late January is questionable, Craft told the board.

Superintendent Arthur Alford was given permission to poll school personnel with reference to Jan. 1 being observing as a holiday.

Board members voted to submit a resolution to the Pitt County Board of Commissioners relative to capital needs of the schools, seeking an additional sales tax levy to be voted on.

Board member William House of Bethel told the board that two Bethel organizations are interested in purchasing an old sheet metal building owned by the school board and that a Bethel church expressed interest in burying a wooden structure located on school property.

Alford was instructed to contact the board's attorney W. W. Speight and work up the necessary arrangements.

of his age, is not the only such offender, Chief Oakley said.

The Board decided, upon the recommendation of Water and Light Department director Wooten to put four street lights on West Wilson so as to extend the lighting to the city limits.

Chief Oakley and Town Clerk Carl Beaman was named to the Law Enforcement Policy Board of the Mideast Economic Development Commission.

The resignation of Pil. Wilbur E. Dunn was accepted to be effective December 4. Jimmy Michael Evans and John Wayne Ellis were hired as policemen. Evans, who has served on the Bethel and Robersonville Police Forces, will begin work December 16. Ellis, a Farmville native who has been a security officer at International Paper Corporation here, will start December 11.

Chief Oakley was directed to see that 15-minute parking signs are erected in all loading zones in town and that no parking zones are indicated at certain designated locations including a two-car-length space at the front entrance to H. B. Sugg School.

Speed limits in alleys and the need for stopsigns at the ends of alleys was also discussed, but no action was taken.

The Board adopted a resolution asking the State Department of Administration to name the Mideast Commission a "clearing house" for projects in this planning region. The purpose of such a move would be to identify relationships between local and other

Another Juror Is Seated Today

Only one additional juror had been seated before an 11 a.m. recess in Superior Court today as the selection of a jury panel continued in the murder trial of Owen Swanson Doss.

Six jurors were seated yesterday as examination of prospective jurors got underway.

Doss and another man, Henry Manning, are charged with murder in the death of 15-year-old William Raymond Pearce near his home West of Winterville June 4.

Judge Joshua S. James is presiding at the trial.

Obituaries

Chapman
Funeral services for Mrs. Arlene Chapman, who died Saturday in the Franks Rest Home, Kinston, will be held Thursday at 4:15 p.m. at Sycamore Hill Baptist Church with the Rev. B. B. Felder officiating. Burial will follow in the Brown Hill Cemetery.

Surviving are one son, George Washington Brown of Brooklyn, N.Y.; one sister, Mrs. Mildred Lee of Greenville; one brother, Arthur Mayo of Greenville; one step son, Joseph Chapman of Brooklyn, N.Y.; 11 grandchildren.

The body will be at Flanagan and Parker Funeral Home and the family will be at the funeral home tonight from eight o'clock until nine o'clock.

Evans
Mr. William Evans of Rt. 2, Ayden, died Tuesday night in Pitt Memorial Hospital after a lingering illness. Funeral arrangements are incomplete.

Nethercutt
HOOKERTON — Mrs. Nettie Hemby Nethercutt, 83, widow of George T. Nethercutt, died this morning. Funeral services will be held Thursday at 2:30 p.m. at Edwards Funeral Home, Snow Hill. The Rev. Leonard Woodall, the Rev. J. C. Andrews and the Rev. Key Taylor will officiate at the service. Burial will follow in the Hull Road Cemetery.

Surviving are a daughter, Mrs. Roy Caraway of Rt. 1, Snow Hill; a stepdaughter, Mrs. L. L. Prescott of Kinston; two sons, Sidney of Rt. 1, Hookerton and Heber of Rt. 2, Farmville; a stepson, P. L. Nethercutt of Kinston; a sister, Mrs. Lena Ginn of Rt. 2, Snow Hill; a brother, Noah Hemby of LaGrange; 28 grandchildren and 39 great grandchildren.

Arnold
MOORE'S BEACH — Mr. Plum Arnold, 46, died Wednesday morning in North Carolina Memorial Hospital in Chapel Hill.

Funeral services will be conducted Friday at 2 p.m. at the Wilkerson Funeral Chapel by the Rev. Chester Phillips. Burial will be in the Arnold Cemetery near Grimesland.

A farmer, he spent most of his life in the Grimesland community, but was a resident of the Moore's Beach community of Beaufort County at the time of his death.

He is survived by a stepfather,

Willie Godley of Greenville; a stepbrother, James W. Godley of Winterville; a stepister, Mrs. Audrey Williams of Greenville; and an uncle, Willie Arnold of Pactolus.

Pitt Women At Workshop

RALEIGH — Several members from the Pitt County Department of Social Services are attending the eighth annual Supportive Services Workshop at the Sir Walter Hotel today through Friday.

They are: Mrs. Sara West, Mrs. Rosa Williams and Mrs. Althea Wooten.

The workshop will be sponsored by the North Carolina Department of Social Services. The theme for the meeting is "Building on Strengths. . . . In Delivering Human Services." Mrs. Wooten will present a report on effective techniques used in providing human services in Pitt County during the general session of the workshop.

At Seminar On Management

Forty North Carolina State Employees attended the Management Development Seminar held in New Bern, Nov. 15-20.

The seminar was sponsored by the State Personnel Department in cooperation with the Division of Continuing Education of East Carolina University.

Dr. James Bearden, Dean of the School of Business at ECU, was the banquet speaker. The title of Dr. Bearden's address was "Management in the '70's."

G.A. Taylor Jr., of Greenville, resident engineer for the Highway Commission, was among the participants.

Chemistry Prof Lectures Friday

Dr. Alex Nickon, professor of chemistry at Johns Hopkins University, Baltimore, Md., will lecture at East Carolina University Friday.

He will address the regular chemistry seminar sponsored in part by a grant from the Union Carbide Company. The seminar is scheduled for 3:00 p.m., in Flanagan Building, room 209.

The something new that's coming to Greenville on Dec. 4th is:

Heilig-Meyers, Big, Brand New Furniture Showplace at 518 E. Greenville Blvd. See our Grand Opening ad in tomorrow's paper for exciting details on Free Gifts and Money-Saving Bargains!

Vanceboro, With All Starters Returning, Could Be Very Strong

By WOODY PEELE
Reflector Sports Editor
(One of a series)

VANCEBORO — Farm Life High School in Vanceboro finished up last year with a 15-5 record, but had to forfeit its victories because of an ineligible player.

This year, Coach Hardy Moye says it can't happen again, but the Vanceboro boys are again favored to win the Craven County title.

"We have all five of our starters back," Moye said, "and we are looking forward to another good year."

Vanceboro got off to a good start, winning its first two games prior to playing Robersonville last night.

The five returning starters include guards Cornelius Dawson, 5-10, and Mac Spruill, 5-9; forwards Roland Hooks, 6-0, and Ritchie Lilly, 5-11 and center Barrion Bryant, 6-5.

"Bryant hasn't played yet," Moye said. "He's been sidelined with an injury, and only returned to practice on Monday. We doubt that he will play Tuesday (last night)."

Playing in his place thus far has been 6-3 Larry Chapman, a non-letterman, who is gaining experience quickly.

Hooks is the leading scorer for the team from last year. He hit at a 23-points per game clip during the season, and also pulled down about 17 rebounds per game. "He's hit 18 points in each of our games so far," Moye said, "but he's also been hampered by an injury."

Hooks was an All-East selection last year in Class A

ball, and was one of the outstanding athletes attending the Buccaneer Basketball Camp at East Carolina University. "He set several camp records this past summer," Moye said. Among these was the vertical jump mark of 38 inches.

Joining Hooks in leading the scoring should be Dawson, Lilly and Bryant. "Last year, we had a different high scorer about every night, so we really got a lot of points in," Moye added.

Joining Chapman as the top reserve is Gregory Keyes, a forward who is slated to see a lot of action this year.

Other newcomers whom Moye feels will be a big help with a little experience are Clay Jordan, a freshman, and Claude Campbell and Tony Wise. "All three of them are going to help us this year," he said.

Moye is a little unhappy with the rebounding of the Red Raiders thus far, but admits that this is probably due to the injury that is keeping Bryant from the lineup. "We were about even with Pantego on the boards, but Ayden out rebounded us," Moye said. "We need Bryant in there to help clear the boards for us."

Shooting was what kept the Raiders in the first two games, Moye feels. "It looks pretty good," he said. "We're better inside if we can get the ball to Hooks, but Dawson and Lilly are both good outside shooters."

Moye also feels that his defense is looking pretty good, although the defensive rebounding is still hurting without the height. "Our pressing looked good against Ayden, and we made several steals. I guess

overall it looks pretty good."

Moye admits that the Raiders have a tough schedule ahead of them, and it might be hard to come up with as many wins as last year, but he feels that Vanceboro will definitely have a winning team.

It will be the final year for Vanceboro as a single unit. Next year, the team joins its lone conference rival, Jasper, in consolidating into the new West Craven High School, which will join the new 3-A Coastal Conference.

Raiders Defeat Golden Eagles

ROBERSONVILLE — Vanceboro High School's Red Raiders kept their record unblemished with a 54-42 victory over Robersonville last night. The Robersonville and Vanceboro pushed through 11 points in the first period of the boys game, but Vanceboro began to edge away after that. The Red Raiders hit for 12 points in the second frame, with Robersonville scoring only 10. That gave Vanceboro a 23-21 lead at intermission.

Then, in the third period, the Golden Eagles fell apart. Vanceboro scored 16 points, and limited the Eagles to just seven. That put the Raiders into a 39-28 lead, and all but wrapped it up. Vanceboro then kept Robersonville at bay the rest of the game, outscoring the Eagles, 15-14, in the final period to sew up the win.

Roland Hooks hit his high for the early year, pushing through 25 points. Cornelius Dawson added 13 for the Raiders.

Larry Wiggins paced Robersonville with 13 and James Crandell had 11.

Vanceboro is now 3-0 while Robersonville is 1-19.

In the girls game, Robersonville moved out into an 11-6 lead in the first period and never trailed after that. In the second

period, the Eaglettes outthrew Vanceboro 8-7, and upped its lead to 19-13 at the half.

In the third quarter, the Eaglettes continued their output, dumping in another eight, but this time, they held the Lady Raiders to just two. That gave Robersonville a 27-15 lead as the final period got underway. Robersonville wrapped it up by outthrusting Vanceboro, 14-6 in the frame.

Kay Coburn led all scoring with 19 points for Robersonville.

The Eaglettes are now 2-0, while Vanceboro falls to 1-2. Robersonville hosts Belhaven and Vanceboro travels to Pamlico County on Friday.

Carraway's Free Throw After Time Runs Out Gives Victory

By WOODY PEELE
Reflector Sports Editor

Robert Carraway made only one point last night against North Pitt's Panthers, but it was the most important point in the game. It gave Carraway and the Rose High School Rampants a 56-55 victory over the Panthers.

It was the opening game of the season for the Rampants, who were without the lone returning starter from last year, Charlie Harris, who has been ruled ineligible for the rest of the first semester.

Carraway's point, the second shot in a two-shot foul, came with the clock run out after a dramatic comeback by the Panthers, who were 13 points down with 5:20 to go in the game.

A desperation shot as the horn went off was missed, but the foul was called, and Carraway stepped to the line for the decisive shot, sinking the second after missing on the first.

The game had been tied just seven seconds earlier on a three-point play by Ronnie Briley that had capped the Panther rally that was nearly turned into a victory.

The Rampants, using largely inexperienced players, appeared to have the game well under control early in the final period, but they hadn't reckoned with the determination of the Panthers. In the last five minutes of the game, they didn't allow the Rampants a single point, except for the one after time ran out.

The game had been close for most of the first half, although Rose built up a nine-point spread

late in the second period. The lead changed hands nine times in the first two periods, and play by both teams was marked by sloppiness and poor shot selection.

But Rose's defenses began to tell a little more as the second half got underway, and it appeared to be the key for a victory. North Pitt turned to the press at the start of the final period and it did its job.

Donnie Everett put North Pitt into the initial lead with a free throw only seconds into the game. Two more free throws, after a minute and a half, made it 3-0 before Tommy Williams got a free shot to put Rose on the board. Williams tied it up with a baseline jumper and then Carlton Daniels put Rose ahead, 4-3, with 5:18 left.

North Pitt regained the lead on a pair of free throws by William Shiver, and a jumper by Mike Burroughs pushed it out to 7-4. Rose came back to regain the lead at 10-9 on two free throws by Clarence Snuggs, but a charity toss by Everett with 11 seconds left tied it at 10-10 as the period ended.

North Pitt went back ahead to start the second frame, and the two teams traded the lead throughout the early minutes until Robert Kear hit on a jumper with 5:26 left to make it 19-18. Rose never trailed after that.

A turnaround jumper by Sylvester Tyson made it three, and a three-point play minutes later by Lonnie Payton pushed the lead out to seven. Tyson hit again to make it 28-19 with 2:31 to go, but Rose was unable to hit again for the rest of the half, as the Panthers trimmed the lead to 28-22 by the end of the half.

In the third period, Rose began to pull away again as Kear got hot and pushed in 12 of his 14 points for the night. Slowly, but surely, the Rampant lead grew, finally reaching 14 points on a baseline jumper by Kear with 2:29 to go in the frame, at 43-29. It reached that again at 47-33 with 48 seconds to go, but Shiver hit two straight to cut it back to 49-37 as the period ended.

Then came the final frantic frame. Russ Andrews hit on a jumper to open the period, and then stole the ball for another basket, cutting the lead to eight. A free throw by Ronnie Briley

made it 49-42, but Rose pulled away again. Using the foul line, they got six straight points to run it out to a 13-point edge again, 55-42. Williams hit on a jumper than made two free throws. Tyson hit on a pair and it looked like the Rampants would move away again.

But the sticky North Pitt defense began to pay off. Briley hit a jumper and Wayne Brown followed with two straight buckets to trim the lead to seven again. Briley connected on the fast break with 1:29 left to cut it to five.

A pair of free throws with just over a minute to go by Shiver cut it to three, and then, with seven seconds left, Briley hit from underneath and was fouled. He earned the bonus shot, tying up, and seemingly set up an over-time period.

But just as the horn went off, the foul against the Panthers was called, and Carraway went to the line for his fateful shot.

Tyson led the Rampant scoring with 17 points, while Kear finished with 14.

North Pitt was paced by Shiver, who pushed through 21, with Briley getting 10.

Pitt Tech In Opening Victory

BELVOIR — Pitt Technical Institute gained a 96-83 victory over Roanoke-Chowan Technical Institute here Monday night. It was the opening game of the year for Pitt.

Behind the scoring of Eddie Stokes, Pitt rolled up a big first half lead that eventually meant the difference. Stokes poured in 22 points during the half, in leading Pitt to a 53-29 edge at intermission.

Roanoke-Chowan, however, came back strong in the second half of play and nearly pulled it out. After trailing far behind at the half, they pulled to within 10 points with about six minutes left to go in the game, but were unable to close after that.

H. Wynn led the secondhalf charge, pushing through 20 points in the period.

Stokes finished the game with 37 points for Pitt, while Leslie Saunders had 15, Earl Arrington had 14, and Johnny Barber had 13.

Wynn was high for Roanoke-Chowan with 34, while A. Archer had 21 and T. Doughte had 14.

Pitt plays host to Nash Tech on Thursday night.

Ayden Edges Past Farmville By 56-55

Conley Five Falls To C. B. Aycock, 50-46

PIKEVILLE — Charles B. Aycock High School handed the Conley High School Vikings their first loss last night, taking a 50-46 win over the visitors. The Conley girls, however, got revenge with a 34-23 win.

In the first game, Aycock slipped out in an 8-7 lead over Conley, which was hampered by having only six girls present for the first half of the game due to bus trouble. In the second period, Aycock inched out by one more point, 4-3, and held a 12-10 lead at halftime.

In the third period, Conley started to come back, as it gained full strength, and outthit Aycock, 8-7, to cut the lead to 19-

18. Then, in the final frame, Conley burned the nets for 16 points, and held Aycock to four to take the lead and win it all. Pat Hamilton led Conley with 12 points.

In the boys game, it was close all the way. Both teams pushed through eight points in the first period, but Aycock pulled away in the second. The Falcons outscored Conley, 18-11, to advance a 26-19 halftime lead.

In the third period, Aycock again outthit Conley, 10-8, and boosted its lead to 36-27. Conley tried to rally in the final frame, outscoring Aycock, 19-14, but it wasn't quite enough.

William Roundtree led Conley

with 13 points, while William McLawhorn had 12. For Aycock, Edward Cox had 12 and Robert Wooten had 14.

Conley travels to Greenville Rose on Friday.

FARMVILLE — The Ayden Tornadoes swept a pair of games from the Farmville Red Devils last night with the ladies easing past the Farmville girls 22-18. Ayden's boys pulled out a victory in a very close game with the Farmville varsity, 56-55.

In the girls game the Ayden girls jumped out to a two point lead at the end of the first period. Ayden came on the floor in the second quarter fired up and held the Farmville ladies scoreless while they hit the nets with eight points to give the Tornadoes a ten point lead at the end of the first half.

The Farmville girls nearly turned the tables on Ayden in the third quarter in holding the Ayden girls to only two points. Farmville added seven points to their total to cut the lead down to only five points at the end of the third quarter, making the score 16-11.

Farmville's momentum couldn't seem to last from the third quarter into the fourth period. The best Farmville could do was match points with the Ayden team. When the horn sounded to end the game the score was 22-18 Ayden's favor.

The leading scorer for Farmville was Jean Johnson with 12 points. No one for Ayden scored in double figures with the scoring well distributed.

The Ayden boys jumped off to a 18-9 first quarter lead and held the lead until the closing moments of the third quarter when they fell behind two points. However, Farmville couldn't hold on to the lead and Ayden went on to win the game with a tight 56-55 score.

In the second quarter Farmville rallied to cut the lead to only six points at the end of the first half. Farmville started the second period off by scoring seven points before they allowed the Ayden team to get on the scoreboard in that period. Willie Stewart broke the ice for Ayden by getting a three point play to make the score 22-18. The two teams exchanged points and then Ayden pulled away again

by scoring six consecutive points. Robert Tripp hit a hook in the last seconds of the half to make the score 28-22.

Farmville outscored the Tornadoes 19 to 11 in the third quarter to give the Red Devils their first lead of the ball game at 41-39. Farmville used a full court press and a sticky man to man defense to pull ahead of the Tornadoes.

Ayden didn't fold under pressure in the tight fourth period and fought back to secure the lead with 5:47 remaining in the game. Stewart started the scoring off for the Ayden team in the last period by hitting two free throws to tie the game at 41-41. Ayden pulled away to a 50-46 lead but baskets by Connie Tripp and Robert Tripp tied the game again with only 2:15 remaining. The score remained knotted until Pat Finnigan hit a free throw and then seconds later gave the Ayden team two

more points by hitting a jumper from the free throw line. Farmville came right back with a three point play by McRoy Williams cut the margin down to only two, at 55-53. Ayden added one more point to give then a three point lead. Mitchell

Carmon hit two free throws with one second remaining to make the score 56-55 but time ran out giving Ayden the victory.

Robert Tripp hit 16 for Farmville with Connie Tripp close behind with 15. Ayden's high scorers were Willie Stewart with 25 and Pat Finnigan hitting for

Sugg Captures Another Victory

FARMVILLE — H. B. Sugg High School won its second straight game Tuesday night, dumping Pinetops Carver, 101-69.

Sugg set the pace of the game in the first period of play as it more than doubled the Carver output, 23-11. After that, it appeared merely to be a question of setting the final score.

In the second frame, Carver did managed to pace Sugg, as both teams pushed through 20 points. That left the score at 43-31 at the half.

Carver almost kept pace with Sugg again, in the third period of play. The Lions ran up 25 points in that period, and Carver hit 23. But by the end of the frame, the scoreboards showed Sugg well in command, 68-54.

In the final period, Sugg really poured it on, burning the nets for 33 points, while Carver ran out of steam and could managed only 15 points.

Rodrick Forbes led the Sugg effort with 17 points, while Earl Moore had 15, Willie Horne and Luther Hunter each had 14 and Steve Joyner added 10.

Johnny Johnson of Carver took high scoring honors with 30 points, while Bruce Lancaster dumped in 23.

In the junior varsity game, Sugg also rolled, taking a 48-37 win.

Sugg hosts South Ayden next Tuesday.

Creswell Downs Bear Grass Five

BEAR GRASS — Creswell High School picked up a pair of victories last night over Bear Grass. The Creswell girls took a 43-40 win, while the boys had it easier, winning, 59-40.

In the girls game, Bear Grass shot away to a 13-7 lead in the first period of play, but were unable to outscore Creswell in any of the remaining periods. Creswell nipped them, 8-7 in the second frame and cut the lead to 20-15.

In the third period, Creswell cut another point off the lead, 13-12, and trailed 32-28 as the final period began. The Bears were then outscored 15-8, as Creswell moved ahead late in the game to take the win.

McDowell led Creswell with 21 points, while Davenport had 15. Beverly Briley had 19 and Eva Knox had 15 for Bear Grass.

In the boys game, it was a different story. Creswell gained a lead in the first period, and never let it go. They shot away to a 14-6 lead in the first period, then held off a 15-13 Bear Grass rally in the second frame to lead 29-19.

In the third frame, Creswell continued to move away, outthitting the Bears, 18-10. That made it 47-29 as the final period got underway. Creswell outscored Bear Grass, 12-11, going down to the wire to wrap it up.

Davenport led Creswell with 24 points, while Lewis had 17. Vann Rogerson and Charles Mobley each had 12 points for Bear Grass.

Both the boys and girls teams from Bear Grass now post 1-4 records. They host Chocowinity on Friday.

Grifton Falls To South Lenoir

DEEP RUN — South Lenoir High School picked up two wins over Grifton High School last night. The South Lenoir girls won, 30-26, while the boys came out on top of a 61-39 decision.

It was the first loss in three starts for the Grifton lassies. South Lenoir moved out into a 6-5 lead in the first period of play, then outthit Grifton by three more in the second frame, 10-7. That made it 16-12 at the half.

South Lenoir continued to hold the edge in the third frame, outscoring Grifton, 8-7, to build the lead to 24-19 as the final period got underway. Grifton outthit South Lenoir in the final period, 7-6, but it wasn't enough to get a rally going.

Donna Smith led South Lenoir with 15 points, while Sue Carter had 10 for Grifton.

In the boys game, South Lenoir dominated play all the way. They charged out into a 16-5 lead in the first period, then coasted through the second period. The Bulldogs outthit them in the frame, 11-8, and cut the lead back to 24-16 at halftime.

Both teams pushed through 14 points in the third period of play as the score climbed to 38-30. Then, in the final period of play, South Lenoir went wild again, pushing through 23 while holding Grifton to just nine points.

Mike Tyndall led the Grifton effort with 11 points, while Clark had 14 and Patterson had 12 for South Lenoir.

The Grifton boys are still

looking for their first win after three defeats.

Grifton hosts North Lenoir tonight.

More Sports On Page 18

Syracuse has added Northwestern (Sept. 25, 1971) as an 11th football rival on next season's schedule.

Duke Frosh Pop Baby Pirates

GREENSBORO — Duke University's freshmen downed the East Carolina University Baby Bucs last night in the opening game of the season for both teams, 73-52.

The Blue Imps used a tight defense to keep the ball away from the Pirate big men, and forced the outside shots, which the Bucs couldn't seem to hit.

The Bucs grabbed an early lead at 7-3, but Duke came back to tie it at 7-7, and moved ahead to never trail again.

The Pirates went over five minutes at one point in the first half without a score, and several times had two and three minute periods without scoring. Duke, meanwhile, moved the ball inside for easy shots most of the time, seldom having to take an outside shot.

By the end of the half, Duke had worked up a 41-23 lead.

Both teams pressed at times during the second half, but the Bucs continued to have their

troubles, failing to get the ball inside and having too many turnovers. Overall, the Bucs shot a poor 31 per cent from the floor, while Duke hit 41.1 per cent. The Pirates also did poorly from the line, getting just 57.1 per cent.

Greenville's Ray Peszko led the East Carolina scoring with 17 points and was the only Buc in double figures. He also led the rebounding with 12.

For Duke, Ron Righter had 19, Dave Elmer had 16, and Chris Redding and Jeff Burdette each had 11. Redding led in rebounding with 18, while Elmer had 10.

The Bucs open their home slate against Chowan at 5:45 Friday as a preliminary to the East Carolina-George Washington varsity game.

East Carolina: Peszko 17, Na. White 8, Ni. White 8, Pasko 3, Steinberg 3, Cinnard, Laphis 8, Viqueira 5, Close
Duke: Redding 19, Righter 19, Elmer 16, Burdette 11, May 4, Flish 6, Edwards 4, Mauerhan 2, Poff, Hockenjos.
East Carolina 23 29-52

JAMESVILLE — Chocowinity nipped Jamesville, 52-49, here last night in a basketball game between the two schools. The Jamesville girls got some measure of revenge with a 36-33 win.

In the girls game, Jamesville pushed out into an 8-2 lead in the first period. Chocowinity came back to outhit them, 10-9, in the second period, but still trailed, 17-12 at the half.

Jamesville again was outscored by its guests, 13-12, in the third period, but held to a 29-25 lead. Chocowinity outhit Jamesville once more, 8-7, in the final period, but couldn't pull it out.

Freida Perry led Jamesville with 12 points, while S. Smith had 11 and Downing had 10 for Chocowinity.

In the boys game, Chocowinity pushed away to a 15-11 lead at the end of the first period. Both teams scored 11 points in the second frame, and Chocowinity

held its four-point edge at halftime, 26-22.

In the third period, Chocowinity again outhit Jamesville, 12-9, and boosted the lead to 38-31. Jamesville tried to rally in the final period, outscoring Chocowinity, 18-14, but it was not enough.

James Small led Chocowinity with 20 points, while Jimmy Smith had 12. For Jamesville, Tommy Mizelle had 19 points.

OAK CITY — Oak City's girls rolled along last night with a 43-32 victory over Northern Nash's Knights.

The Trojans rolled up a 12-6 lead in the first period of play, and were never in trouble after that. In the second period, they continued to completely dominate play, outscoring Northern Nash, 12-4. That made it 24-10 at the half.

In the third period, both teams played even ball, with each scoring nine points. That ran the lead out to 33-19 as the final frame got under way. Northern Nash managed to outhit Oak

City, 13-10, in the period, but it didn't make any difference.

Kathryn Edmundson led Oak City with 11 points, while Sylvia Jones had 10. Sandra Moore had 11 points to pace Northern Nash. The Oak City girls are now 7-0 for the year.

The girls game was the only one played.

New Emphasis To Lessons On N.C. History

By H. G. Jones, Director
N.C. Dept. of Archives and His-
tory

Written for the AP
RALEIGH (AP) — A widely held and often repeated mis-
understanding in our state is the
current notion that the study of
North Carolina history in our
public schools is to be de-em-
phasized.

The misconception has been
fanned and spread by nu-
merous reports suggesting that
all study of North Carolina his-
tory is to be lowered to the
fourth-grade level. Jesse Vun-
cannon, director of Social
Studies in the State department
of Public Instruction, says this
is definitely not the case.

To the contrary, his depart-
ment's plan for giving new em-
phasis to the study of state his-
tory has been on record for
some time.

According to Vuncannon, a
new curriculum to be intro-
duced in the public schools in
the 1972-73 school year will give
the study of North Carolina his-
tory a stronger position than it
has enjoyed before.

One point that has resulted in
much confusion is that under
the new curriculum students in
the fourth grade will be intro-
duced to the concept of "what
North Carolina is." It is not
accurate to describe this as
even an introductory course in
"history," but simply as an in-
troduction to the state. Further
confusing is the fact that the
traditional course in North
Carolina history will indeed be
dropped from the seventh
grade.

What has been generally
overlooked, however, is that in
grades eight and nine a new
two-year sequence of study em-

phasizing North Carolina and
United States "heritage" will
be added. The new course of
study will embrace not only
history as such, but will in-
corporate economics and
political science as well. The
combining of subject matter is
being done in the belief that a
basic knowledge of economics
and government is necessary
events and development. The
Department of Public Instruc-
tion also has in mind that since
North Carolina history occurred
within the context of national
history, it should be so studied.

At a recent meeting of the
North Carolina American Revolu-
tion Bicentennial Commis-
sion, which has declared one of
its major projects to be coope-
ration with the Department of
Public Instruction in the devel-
opment of the new curriculum,
Vuncannon said that the study
of local history also will be
given added emphasis because
the teaching techniques will
seek to make maximum use of
local historical resources to im-
plement the "inquiry and dis-
covery" method of learning.

At the heart of the new cur-
riculum is the concept that stu-
dents should discover for them-
selves rather than having
knowledge spoonfed to them. It
was pointed out that through
this teaching technique the stu-
dents should become familiar
not only with facts of history,
but with the meaning of the
facts.

COSTLY SURPLUS

BRUSSELS (UPI) —The Eu-
ropean Common Market will
spend \$906 million in 1970 to get
rid of surplus dairy products,
according to estimates of the
market's executive commission.

The bidding:
West North East South
Pass 1 ♠ 1 ♠ 2 ♠
Pass 3 ♣ Pass 3 ♣
Pass 3 ♥ Pass 6 ♥
Pass Pass Pass

Opening lead: Jack of ♠
Altho South's hand is worth
19 points, lack of a fit induced
him to proceed cautiously
until North showed a prefer-
ence for the first bid suit by
bidding three hearts. In the
expectation that he could
develop either dummy's clubs
or his own diamonds, he
proceeded without further
ado to six hearts.
West opened the jack of
spades and South was in with
the king. A brief examination
of the combined holdings
revealed that South did not
have the transportation re-
quired to ruff out his losing
diamonds. He decided there-
fore to develop North's club
suit.
A club was led to the ace
and the return was ruffed
with the ten of hearts as the
king and queen appeared
from the opponents' hands.
North's clubs were now es-
tablished, and there appeared

to be nothing further required
but the drawing of trump.
The normal procedure is to
cash the king and queen of
hearts and then cross over to
the ace. If the suit divides
three-two—as is the normal
expectation—North's honor
will draw the last trump and
the clubs can be run. If the
hearts are four-one, however,
it appears that the declarer
must go down to defeat,
inasmuch as one defender
has more trumps than the
dummy.
South observed that there
was a way to cope with an
unfavorable heart division
provided that West has the
long trumps. After the king of
hearts was cashed, declarer
led a small heart and when
West followed with the five,
the nine was played from
dummy. If East had the jack
of hearts, it would be the only
trick for his side, for South
can win either a diamond or
spade return and then cross
over to the ace of hearts
drawing the last trump. The
dummy is now high.
When East showed out on
the second round of trumps,
declarer began to run the
clubs. West was welcome to
ruff in whenever he chose,
however he must surrender
the lead on the return—after
which the ace of hearts
draws his last trump and
North claims the balance.
It may be observed that a
diamond lead originally by
West into the declarer's sec-
ond bid suit—would have
assured South's defeat, for
the defense is in position to
force dummy in diamonds
subsequently before the
trumps can be drawn. We are
not inclined however to point
the finger of scorn at West
for his actual choice.

District Court

Judge Herbert O. Phillips disposed of the following cases at the November 16-20 term of District Court in Pitt County.

Iliff Leroy Alford, driving under the influence, six months jail suspended on payment of \$100 and costs and not operate a motor vehicle for 12 months.

Iliff Leroy Alford, illegal possession of whiskey and possession of deadly weapon, not pros.

R. F. Bunn, Jr., worthless check (two counts) pay costs and check in each case.

R. F. Bunn Jr., worthless check, six months jail suspended on payment of costs and check.

Roman F. Bunn Jr., larceny of auto, no probable cause found.

McDonald Carr, fail to see safe move, not guilty.

Michael Jay Carter, speeding, pay \$25 and costs.

Mrs. Barbara Hales Cates, worthless check, 30 days jail suspended on payment of costs and check.

Jimmy Lee Dixon, assault on a female, six months jail suspended on payment of costs.

Myra Joyce Drake, careless and reckless driving, not guilty.

Robert Lee Dunn, careless and reckless driving, not pros.

Henry Bryan Blount, speeding, pay \$15 and costs.

Donald Clayton Francis, fail to yield right of way, not pros with leave.

Robert Earl Fuller, fail to see safe move, not guilty.

Harold Gladley, resisting arrest, pled guilty to disorderly conduct, 30 days jail suspended on payment of \$20 and costs.

Harold Gladley, public drunk, not guilty.

Robert Alan Harrington, speeding, pay \$15 and costs.

Paul Jacobs Jr., driving while license suspended, not pros.

Raymond Earl Jones, following too closely, pay \$10 and costs.

Carroll W. Jordan Jr., assault, 30 days jail suspended on payment of \$25 and costs, and gun to be confiscated and not have in his possession any type of firearm.

Bonnie Joyner, fail to yield right of way, pay \$10 and costs.

Eva Roberson Spain, fail to yield right of way, pay costs.

J. L. Stokes, assault on a female, not pros with leave.

Sarah Barnes Sugg, speeding, pay \$15 and costs.

Enoch Spencer Reid, fail to yield right of way, pay \$10 and costs.

Larry Greg Rogers, assault on a public officer, six months jail suspended on payment of \$25 and costs.

Raymond Thaddeus Rogerson, fail to see safe move, not guilty.

Lee Taft, assault on a female, not pros.

Robbie Tripp, worthless check, 30 days jail suspended on payment of costs and check.

Alex Waller, assault on a female, six months jail suspended on payment of costs and \$600 for Department of Social Services for services rendered his children, probation for three years.

Roy Lee Wilks, public drunk, 20 days jail suspended on payment of costs.

James Williams, fail to see safe move, not guilty.

Linwood D. Williams, assault on a child, six months jail suspended on payment of costs and \$100 for Janice Faye Jones.

William Teen Whitehurst, fail to produce registration, pay costs.

William Robert Pittman, speeding, pay costs.

Ray Jones, worthless check, 30 days jail suspended on payment of costs and check.

Ray Jones, public drunk, 20 days jail.

Anne D. Britt, speeding, pay costs.

Carol Susan McReynolds, speeding, pay \$15 and costs.

Robert Thomas Grimes, assault on a female, not pros.

James Grimes, worthless check, not guilty.

Willie Mac Ackin, public drunk, 20 days jail.

Richard Edward Adams, public drunk, 20 days jail.

Eugene Oakley, worthless check, pay costs and check.

Levy Spencer Harris Jr., leaving scene of accident, pay \$50 and costs.

Charles Larry Knowles, driving under the influence, six months jail suspended on payment of \$100 and costs and not operate a motor vehicle for 12 months.

Charles Larry Knowles, possession of brass knuckles, six months jail suspended on payment of \$10 and costs.

Charles Larry Knowles, no operators license, not guilty.

Clarence Ray Battle, fail to keep proper lookout while backing, pay \$10 and costs.

Elijah Bynum, fail to stop for stop sign, pay costs.

L. E. Brewer, public drunk, not pros with leave.

L. E. Brewer, receiving weapon without permit, not pros with leave.

Carolyn Woodell Clifton, fail to reduce speed enough to avoid an accident, pay costs.

Gray Clayton Robertson, disorderly conduct, six months jail.

Joe Louis Frizzell, careless and reckless driving, pay \$50 and costs.

Terry Thomas Ferguson, following too closely, pay \$10 and costs.

George Robert Graham, speeding, driving under the influence, pled guilty to exceeding stated speed pay \$10 and costs.

Joe Barrow, disorderly conduct, pay \$20 and costs.

Rudolph Moore, assault and battery, 30 days jail.

Rufus Earl Manning, improper passing, driving under the influence, six months jail suspended on payment of \$100 and costs and \$100 to Sylvester Wilson and not operate a motor vehicle for 12 months.

Converting Coal To Clean-Flame Synthetic Gas

CHICAGO (AP) — Coal, a heavy contributor to air pollution, is to be converted into clean-burning synthetic gas, equivalent in quality to natural gas.

The Institute of Gas Technology, an affiliate of the Illinois Institute of Technology, has devised a system it calls HYGAS in which hydrogen plays a major role in the chemical conversion process.

Present plans call for the IGT's pilot plant to be in full operation by the early spring of 1971. A commercial unit is expected to be in operation by 1977.

The project is cosponsored by the U.S. Department of the Interior's Office of Coal Research and the American Gas Association at a cost of some \$7 million.

Language Needs Are Number One

CHICAGO (AP) — Dr. Robert W. Cannaday Jr., foreign language program specialist for Hawaiian schools, says more than 300 languages and native dialects are spoken in the islands.

"We may be the 50th state in the Union," he said, "but we're No. 1 in language instruction because no other state has equipped its entire high school system with the sophisticated language laboratories."

He said a system known as Versa-lab has been installed in 37 schools on six of Hawaii's seven islands.

Cannaday said the system enables instruction in modern languages such as French, and Spanish, as well as the infinite variety of Asian languages and dialects spoken.

California's citrus industry dates back to 1793.

Worry Clinic They Wouldn't Test Carcalon

Marilyn is one of the 1,000 who still die every day from cancer, despite surgery, X-ray and cobalt! Yet the FDA and AMA deny doctors the right to employ Carcalon, which is the most logical treatment for cancer! Yet the FDA also admits Carcalon does no damage! So why not let Marilyn try it, for her Kansas City doctors have pronounced her a hopeless case?

By GEORGE W. CRANE
Ph.D., M.D.

CASE P-501: Marilyn G., aged 38, is dying.

"Dr. Crane," her husband phoned me from Kansas City, "what do you know about Dr. Ivy's Carcalon substance for treating cancer?"

"My wife has submitted to surgery, plus X-ray and cobalt, yet her cancer is growing. The doctors sent her home

last week and told me she was a terminal case.

"But I love my wife and don't want to let her die from cancer!"

Dr. Andrew C. Ivy, a famous physiologist, has insisted that in our youth, most of us have a natural substance which checks the development of cancer.

But in later life, our production of that substance seems to decline, much as is also true of diabetics whose inner production of insulin likewise falls off by the age of 50.

In the teens, for example, you may produce about 100 units of insulin daily, which is adequate for vigorous, athletic life.

At the age of 50, however, maybe you are making only 50 units, so we medics prescribe insulin from an outside animal. If you then inject 50 units, your

level comes back up to that 100-mark.

A similar situation exists, says Dr. Ivy, re cancer.

So every week he injects about 6 units of Carcalon (from horse's blood) into the muscle of a hopeless cancer victim.

This brings the patient's resistance back up toward the normal healthy level, so the tumor begins to shrink or disappear.

The Carcalon is extracted by various solvents from the blood of healthy horses.

It works as a hormone to supplement the reduced resistance in the cancer patient.

But the Food and Drug Administration developed a bias against this treatment of cancer and pronounced it utterly worthless.

Yet the FDA admits it never has even tested Carcalon on a single mouse, rat, or human being with cancer!

That is the acme of unscientific behavior!

For the five major cancer research laboratories in America have accepted Dr. Ivy's theory about our having a natural substance in our bodies to restrain cancer cells.

And the FDA also admits that Carcalon causes no adverse medical symptoms, for it doesn't make you sick or nauseated, nor does it cause fever or pain or damage to any vital organs.

Yet the FDA blithely claims Carcalon is worthless! And lets 1,000 die every day from cancer! Alas, most medics are even intimidated against its use because the AMA also claims it is worthless and has caused doctors to be dropped from hospital staffs if they use Carcalon (formerly called Krebiozen).

The FDA even sued Dr. Ivy and some other Chicago scientists but after a 9-months' inquisition, Dr. Ivy and his colleagues were completely exonerated and acquitted!

But the FDA still refuses to let Carcalon be sent to doctors outside of Illinois!

I have personally seen hopeless, terminal cancer patients freed from pain which narcotics couldn't even banish and in just 48 to 72 hours after their first shot of Carcalon.

And they have been back on the job for as long as 15 years, apparently healthy and tumor-free!

But they require weekly shots

WCTU Will Meet Thursday

The Woman's Christian Temperance Union will meet Thursday at 7:30 p.m. with Mrs. Viola Brown.

The devotional theme will be "Give God First Place" and the program theme is "Ahead—And God's Law First."

of Carcalon to stay that way!

Some of our cigarette companies should back Dr. Ivy's request for an impartial test of Carcalon, for you are already the whipping boys of the AMA so you haven't much more to lose!

If my wife had cancer, I'd use Carcalon immediately, for I consider it the most logical treatment of cancer.

receive the highest Scout award, that of Eagle Scout.

In ceremonies at Memorial Baptist Church, Al, the son of Dr. and Mrs. Wilkins B. Winn, was awarded the Eagle Scout by Greenville Scout leader Robert Moseley.

ALBERT WINN

has earned 22 merit badges, and has attained the Order of the Arrow. His father, a faculty member at East Carolina University, and his brother, Bowdre Winn, are holders of the Eagle Scout Award.

A native of Birmingham, Alabama, Al has been living in Greenville for the past five years. His favorite sports are tennis and swimming.

Al is a member of Troop 205. His scoutmaster is Dr. Harry Billica. Since becoming a member of the Boy Scouts, Al

has earned 22 merit badges, and has attained the Order of the Arrow. His father, a faculty member at East Carolina University, and his brother, Bowdre Winn, are holders of the Eagle Scout Award.

A native of Birmingham, Alabama, Al has been living in Greenville for the past five years. His favorite sports are tennis and swimming.

A native of Birmingham, Alabama, Al has been living in Greenville for the past five years. His favorite sports are tennis and swimming.

Greenville Trio Given Awards At Ass'n Banquet

Three Greenville people were among those receiving awards at the 1970 banquet of the Coastal Plains Horse Show Association held Saturday at the Goldsboro Motor Hotel at Goldsboro.

Miss Josie Forbes received the championship award in the five-gaited class, while Mrs. Martha Leighty won the reserve championship in the same class.

Mrs. Leighty's horse, Marshall Dillon, also won the championship in the halter class. Both horses were trained by William H. James of Farmville.

WATCHDOG SUCCUMBS OTTAWA (UPI) — The 40,000-member Canadian Consumers Association, a watchdog against inflationary price increases, couldn't hold out any longer. It increased its membership fee from \$3 to \$4 a year.

A spokesman said the association had tried for five years to hold the price line but was forced to raise fees because of "a steady ride in office rent, salaries, publishing costs and supplies."

Widespread Shellings Across Vietnam

By ROBERT TUCKMAN
Associated Press Writer
SAIGON (AP) — Communist
gunners unleashed a series of

Club Sponsoring Second Auction

PACTOLUS — The Pactolus
Ruritan Club will sponsor its
second annual auction sale
Saturday, beginning at 10 a.m.

The sale will be held in Pacto-
lus, across from the Pactolus
Fire Department.

Items on sale will include farm
machinery and equipment,
furniture and antiques and other
miscellaneous articles.

Homecooked barbecue din-
ners will also be sold. Plates will
be \$1.25 each.

shelling attacks up and down
South Vietnam Tuesday night,
firing rockets and mortars into
three air bases, three provincial
capitals and two district towns.
It was one of the biggest
nights for the enemy gunners in
two months. Allied military
spokesmen said over-all casual-
ties and damage were light. But
an unspecified number of Amer-
icans was killed at the big Cam
Ranh Bay air base 193 miles
northeast of Saigon, and more
Americans were wounded at the
Phu Cat air base 100 miles up
the coast from Cam Ranh Bay.
Enemy rockets also hit Holo-
way air field in the central high-
lands, where both U.S. and
South Vietnamese personnel are
stationed; the provincial capi-
tals of Pleiku City and Ban Me
Thuot in the central highlands
and Quang Ngai on the central
coast, and two district towns in

the Mekong Delta.
A South Vietnamese spokes-
man said there were no casual-
ties or damage at Holloway
field, but two Vietnamese civil-
ians were killed and 16 were
wounded in the attacks on the
cities and towns.
Nearly 100 enemy rocket and
mortar attacks have been re-
ported in the past four days, the
heaviest such assaults since
early October. A U.S. spokes-
man said the North Vietnamese
and Viet Cong apparently were
taking advantage of the current
moonless nights.
A U.S. spokesman reported
that a U.S. Air Force F4 Phant-
om jet fighter-bomber crashed
today in the lower Laotian pan-
handle; presumably it was
bombing the Ho Chi Minh sup-
ply trail. The spokesman said
both crewmen were rescued in
good condition but the cause of

the crash was not known.
The U.S. Command also an-
nounced the crash of an Army
helicopter 29 miles northeast of
Pleiku, with four Americans
killed. The cause of that crash
also was not known.
South Vietnamese infantry-
men advanced through man-
grove swamps and bamboo
thickets on the edge of the U
Minh forest today in a new
sweep into the Viet Cong's long-
time lair in Vietnam's deep
south.
In an initial clash Tuesday,
troops of the 21st South Viet-
namese Division claimed 28 Viet

Cong killed with help from heli-
copter gunships. One govern-
ment infantry man was reported
wounded.
U.S. B52 bombers pounded the
dense woods with two raids
about 15 miles from the ground
operation. The strikes were the
first by the big bombers in the
delta area in nearly two
months.
In Phnom Penh, the Cambo-
dian government said its troops
had stemmed the three-week-old
offensive by North Vietnamese
and Viet Cong north of the capi-
tal and had begun counter

drives.
A spokesman also reported
fighting near Cambodia's deep-
water port of Kompong Som, 114
miles southwest of Phnom
Penh.
The Cambodian command re-
ported also that government
troops were consolidating their
positions on the recaptured east
bank of the Tonle Sap river at
the Prek Khdam ferry 20 miles
north of Phnom Penh. The com-
mand said, however, that gov-
ernment patrols moving out
from the ferry crossing area
had run into resistance.

NOTICE
In The General Court of Justice
District Court Division
State of North Carolina
County of Pitt
S. E. CANNON, Plaintiff
VS.
PAUL H. DALE, Defendant
Under and by virtue of an execution
directed to the undersigned sheriff
from the Superior Court of Pitt
County, in File No. 70 Cvd 1001, I will
on the 9th day of December, 1970, at
twelve o'clock, noon, at the door of
the Pitt County courthouse in
Greenville, North Carolina, offer for
sale to the highest bidder for cash, to
satisfy said execution, all right, title
and interest which the defendant now
has or at any time at or after the
docketing of the judgment in said
action had in and to the following
described real estate, lying and being
in Ayden Township, Pitt County,
North Carolina.
That certain lot or parcel of land
situate, lying and being in the Town
of Ayden, Pitt County, North
Carolina, and beginning at a point on
the north side of West Second Street
25 feet in a westerly direction from E.
J. Gardner's northerly course and
parallel with said E. J. Gardner's line
140 feet to a stake, thence an easterly
course parallel with Second Street 45
feet to a stake; thence a southerly
course parallel with E. J. Gardner's
line 140 feet to the beginning, being
the same lot decided to Maggie
Jackson by W. I. Jenkins, as recorded
in Book W-15 at page 453 of the Pitt
County Public Registry; being also
the same property decided to Frank
Hart by Clara B. Smith and husband,
Kirby H. Smith, by that deed which is
recorded in Book M-22, at page 493 of
the Pitt County Public Registry;
being the identical lot conveyed by
Frank Hart and wife, Mary J. Hart,
to Jimmy Lang Bryan and wife,
Juanita M. Bryan, by deed dated
January 19, 1962, and recorded in
Book X-32 at page 179 of said
Registry; and being the same
property as conveyed by that deed
dated 28th April, 1965 by J. L. Bryan
and wife, Juanita Bryan to Mary
Bryan Dale and recorded in Book G-
35, at page 276, Pitt County Registry.
This the 10th day of November,
1970.
Ralph L. Tyson
Sheriff of Pitt County
Nov. 11, 18, 25 and Dec. 2, 1970

CARD OF THANKS
A VERY SPECIAL THANK YOU is
extended to all our friends and neigh-
bors who sent flowers, food and
prayers to us during the loss of our
loved one, James Pete Pollard. God
bless you all. The family of James
Pete Pollard.

FRAUD. THEFT, DIVERSION, REPRODUCTION, SALE OR PURCHASE OF THIS FORM IS PRO-
HIBITED.

Men's Day At Church Sunday

The annual Men's Day service
of Grace FWB Church here will
be held Sunday.
A 40-voice male choir will sing
under the direction of Doug
Randlett, the church's minister
of music. Testimonies will be
given by a salesman, a
mailman, a chemist, a
businessman, a mechanic, a
student, a policeman, and a
farmer. The public, especially
men, are invited to this service,
according to the pastor, the Rev.
Chester Phillips.

Three Collisions In Greenville Tuesday

An estimated \$2,475 property
damage resulted from three
collisions investigated here
yesterday.
Heaviest damage resulted
from a three-car mishap at 11:35
a.m. near the Charles Street and
Sanford Drive intersection.
Police reported cars driven by
Etta Feldman Bloom of 305
Harding St., and Larry Eugene
Sanger, 24, of Cary collided. A
parked car owned by Lee J.
Miller of Asheville was also
damaged.
Officers, who charged Sanger
with failing to see his intended
movement could be made in
safety placed damage to the
Bloom car at \$800, damage to the
Sanger vehicle at \$1,000 and
damage to the Miller auto at \$25.
One person was injured when
cars driven by Edwin Forrest
Martin Jr., 33, of 119 North Elm
St. and Richard Eldon Paddock
Jr., 20, of Allison Park, Pa.,
collided about 8:05 a.m. at the
intersection of Greenville
Boulevard and Hooker Road.
Officers, who placed damage

to the Martin auto at \$100 and
damage to the Paddock vehicle
at \$250, reported a passenger in
the Paddock vehicle was in-
jured. No charges were
reported.
Both drivers involved in a 2:26
p.m. collision at the intersection
of Third and Evans Streets were
charged with failing to stop for a
stop light.
Drivers involved in the mishap
were identified as Debra Ann
Buck, 18, of Route 3, Greenville
and William Royast Wright, 27,
of Route 5, New Bern.

An Early Visit By Santa Claus

Santa Claus came early this
year to visit the children of Oak-
mont Square. Approximately 75
residents, children and adults of
the area, welcomed Santa on the
last night in November as he
came to talk to the children.
Santa reported to the Oakmont
Community Building, which was
decorated in a Christmas motif
greenery and stockings in the
fireplace. Mr. and Mrs. Albert
Smith hosted the visit. Mrs.
Kathy Pierce, Mrs. Carol
Owens, Mrs. Betsy Rhotabaugh
and Mrs. Margo Mangum
assisted in preparations for
Santa's visit.

Named Regional Fund Chairman

Bermey Stevens of
Williamston has been appointed
chairman of the current ECU
Loyalty Fund Personal-Appeal
Campaign in Martin, Bertie, and
Hertford Counties. Bermey
received his BS degree from
ECU in 1957 and is associated
with Mobley Insurance Agency
in Williamston.
Stevens announced that the
goal for the three-county area is
\$8,220 and the funds will be
deposited with the Alumni
Loyalty Fund primarily for use
in enriching the academic
programs of ECU.

Photos Featured On Directory

On March 7, 1970, one of
Nature's most spectacular
phenomena occurred over East
Carolina University and along
the eastern seaboard of the
United States—the total eclipse
of the sun.
Five photographs taken by
ECU faculty members during
the event are featured on the
cover of the 1970-71 Student,
Faculty, Staff Directory, a
campus publication of the East
Carolina University Union.

Fireworks Sale Is Against Law

The Greenville Police
Department has received
reports that some local mer-
chants are selling fireworks,
according to Chief T. E. Glad-
son.
The police official explained
that selling or possessing
fireworks is a violation of the
state law and the Greenville City
code and persons violating the
law will be prosecuted.
One merchant was charged
with possessing fireworks last
month, Gladson said.
Persons purchasing fireworks
out-of-state and transporting
them back to North Carolina are
also in violation of the law, the
chief said, in that they are in
possession of fireworks.

Ecologist Loses Fight To Block New Hope Dam

RALEIGH (AP) — A move by an ecologist to get work on the controversial New Hope Dam halted was rejected Tuesday by the Governor's Advisory Committee on Economics and Environment.

The committee instead urged that the state of North Carolina provide additional money to help local governments in the watershed above the proposed dam to clean up their pollution.

The group also passed a motion advising the governor that the state Board of Water and Air Resources should require that pollution problems upstream be corrected before any water is impounded in the proposed reservoir.

Conservationists have long been protesting that the \$40 million project near Moncure will become a "10,000-acre cesspool" because of polluted water flowing into the reservoir from the New Hope and Haw Rivers.

There are 34 points of municipal and industrial waste discharges on the Haw and 25 such discharge points on the New Hope watershed above the reservoir site.

The controversy flared anew last week when a letter from the Federal Water Quality Administration to the Army Corps of Engineers was made public. The letter warned that a study to be completed in January will say the water will be of such low quality as to cause "serious impairment to recreation uses, including fishing."

At the advisory committee meeting a subcommittee motion was made calling for suspension of construction on the project until the Army Corps of Engineers files a detailed report on the pollution problems associated with the dam.

This motion was made by Dr. Robert F. Soots Jr., professor of ecology at Campbell College and a member of the subcommittee on land use and agriculture.

Soots said his motion was made at the urging of conservation groups.

A number of conservation organizations in the state, led by Professor James C. Wallace of Chapel Hill, are trying to get the corps to prepare an "environmental impact" statement as required under the 1969 Federal Environmental Protection Act.

The corps has contended that the act does not apply since the project was begun before it was passed.

Col George Pickett, director of the Department of Water and Air Resources, told the advisory committee that environmental studies have been made on the project for some time, only in a different format from the "environmental impact" statements.

Pickett passed out a statement by Vernon Stevens Jr., chairman of the Board of Water and Air Resources, saying that the pollution expected to exist in the reservoir can be corrected by lots of work and money.

Stevens said the board and the department "have never taken the position that all areas of the lake will initially be acceptable for water-body contact recreation."

"On the other hand," he added, "we are satisfied that the pollution control efforts which have been completed and the additional measures that can be taken should provide water quality at a suitable level for use as a source of public water supply and general recreation, including boating, fishing and hunting."

He said correcting the pollution will be no easy task and will require large expenditures on the part of the major municipalities and industries involved. But he said he feels certain these industries and municipalities will cooperate.

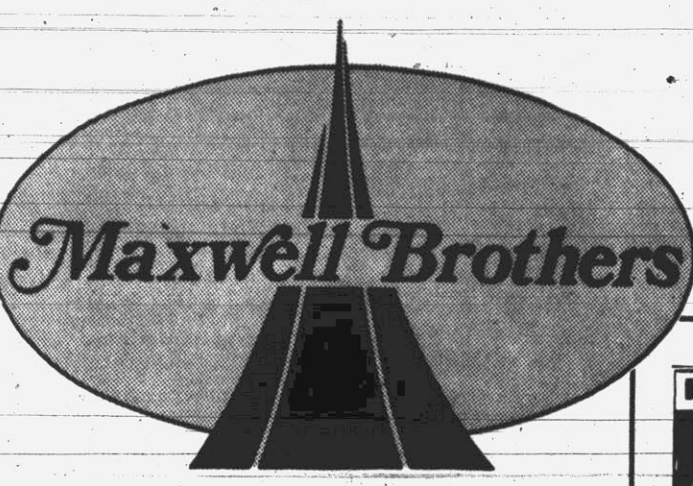

Stevens gave no indication how much the "large expenditures" would amount to, but Pickett estimated the state would have to provide about \$20 million.
