

## Decision To Close U.S. Jets Down 7 MIGs North Viet Ports Sets Off Reaction

By JAMES H. PHILLIPS  
Associated Press Writer  
WASHINGTON (AP) — President Nixon's decision to seal off North Vietnamese harbors with mines has touched off civil disturbances, raised a blast of Democratic criticism and brought White House reassurances for "a new era in East-West relations."

But the impact of scattering the undersea explosives to keep ships laden with military cargo from entering North Vietnamese ports probably won't be felt on the battlefield for at least three weeks, White House adviser Henry A. Kissinger said. Perhaps the strongest denunciation of the President's latest war decision came from Senate Democrats, who Tuesday voted disapproval of the action, and a House antiwar member who talked of initiating impeachment proceedings against the commander in chief. Kissinger, the White House foreign affairs adviser, told re-

porters that Nixon was still hopeful of meeting with Kremlin leaders later this month during the planned Moscow summit talks. "I am not able to predict Soviet reaction," Kissinger said. But he said the decision to mine the harbors would pose "short-term difficulties" for Soviet leaders. Whether Moscow would scrub the talks, however, remained uncertain. Kremlin reaction was muted. Jacob A. Malik, Soviet ambassador to the United States, told newsmen in New York that "I agree with many American congressmen who condemn the new act of aggression." It was the first comment from a high Soviet official. The official Soviet news agency Tass called the decision "naked aggression."

Porters that Nixon was still said Nixon "has taken the gravest step in the escalation of the war to date, hurling an insolent challenge to the Vietnamese people." And a statement from Hanoi declared "the North Vietnamese people will never accept Mr. Nixon's ultimatum." U.N. Secretary-General Kurt Waldheim conferred with Soviet, British, French and U.S. delegates in a round of sessions on Vietnam and declared "the time has now come when the full machinery of the United Nations should be used" to bring a halt to the fighting. Britain and several other allies expressed hope the act would hasten the war's end, while France and the Scandinavian countries were critical. South Vietnamese President Nguyen Van Thieu described Nixon's move as "a strong decision to show the determination of the United States to help the South Vietnamese people fight communism."

SAIGON (AP) — U.S. warplanes shot down seven enemy MIGs today while carrying out the deepest and heaviest air strikes inside North Vietnam in more than four years, the U.S. Command announced. The downing of seven MIGs in one day is a record for the Vietnam war. The U.S. aircraft attacked both Hanoi and Haiphong, while hitting at widespread areas of North Vietnam, the command said. It made no mention of any U.S. air losses. The aircraft streaked to within 60 miles of the Chinese border to attack North Vietnam's northwest rail link to China. Radio Hanoi said 14 U.S. planes were shot down and "many pilots were captured alive." U.S. disclosures of aircraft losses often are delayed if search and rescue operations are under way. A 7th Fleet destroyer force also bombarded the Haiphong area. The U.S. Command in Saigon said an armada of Air Force planes from bases in Thailand and Navy aircraft from three carriers in the Gulf of Tonkin attacked rail lines, bridges, repair shops, fuel depots, trucks, boats and supply distribution centers on orders from President Nixon. The command said that "among the targets struck were rail and fuel storage sites in the vicinity of Hanoi and Haiphong."

ported. The announcement hinted that strikes would be kept up in the Hanoi and Haiphong areas. "It is anticipated that air strikes and naval gunfire will continue to be used against military targets in North Vietnam to deny the enemy the weapons and supplies it needs to continue the attack." This referred to the 42-day North Vietnamese offensive in South Vietnam. The U.S. Command did announce the loss of four more aircraft since Sunday, including the crash 20 miles northeast of Saigon today of a big U.S. Army helicopter in which 32 Americans were killed. The command said the cause of that crash was not known but the helicopter was on an administrative noncombat mission. A total of 36 American helicopters and 34 planes have been lost since the start of the North Vietnamese offensive March 30, the command said, with 64 Americans killed in the crashes, 62 missing and 18 wounded. This includes non-combat as well as combat losses. Radio Hanoi claimed that nine American planes were shot down in the Hanoi area today, three in the Haiphong area, and two in Yen Bai, the province northwest of the capital through which the railway to China passes. The broadcast charged that the raiders did great damage to hospitals, schools and residential areas in Hanoi and caused many casualties.

## Humphrey Wins W. Va.; McGovern Takes Neb.

By CARL P. LEUBSDORF  
AP Political Writer  
Sen. George McGovern has defeated Sen. Hubert H. Humphrey in their Nebraska primary and Humphrey walloped Gov. George C. Wallace to score what he termed "a truly magnificent and great victory" in West Virginia. "I have a strong and growing hunch this will be a big victory for us," McGovern told his Nebraska supporters in Omaha by telephone from Washington shortly before returns from Lincoln and rural areas gave him victory in the clearest test between the two Democratic presidential hopefuls before their June 6 California contest. The South Dakota senator seemed likely to emerge as Humphrey's chief rival for West Virginia's 35 delegates to the Democratic National Convention. They are being chosen separately from the nonbinding preference contest in which McGovern wasn't entered. Both primaries Tuesday fea-

tured nonbinding presidential preference contests and separate delegate races, with long lists of candidates likely to delay the final results until later in the week. In Nebraska, McGovern took the lead as the count neared the halfway mark after he trailed in earlier returns weighted heavily with votes from Omaha, where Humphrey had strong union backing. Humphrey had staged a strong last-week drive to overcome the South Dakota senator's nine-month organizing campaign in the conservative, predominantly Republican rural state. McGovern said in Washington that Humphrey's inroads into his support during the last week were the result of what he called "scare tactics" revolving around his views on legalization of marijuana, abortion and amnesty. Wallace, who didn't campaign in Nebraska, ran a respectable third while eight oth-

ers trailed far behind. A tally at dawn today showed that of the Nebraska Democratic delegate candidates then leading, 12 were committed to McGovern and 10 to Humphrey. The national committeeman and national committeewoman, who round out the delegation, are uncommitted by party rule. On the GOP ticket, all delegates then leading were committed to Nixon. In West Virginia, Humphrey won a 2-1 victory over Wallace, his only rival in the nonbinding preference race and said the result was especially meaningful because "the rest of the candidates ran out" of a clash with Wallace. The Alabama governor had virtually conceded the race last Friday when he canceled his only scheduled appearance in West Virginia to concentrate on North Carolina, Michigan and Maryland. In West Virginia, the preference vote was never in doubt as Humphrey jumped into an early lead, both in Charleston and rural areas, and held it as the slow count of mostly paper ballots mounted. Wallace came close only in a handful of small rural counties. There was no Republican preference vote in West Virginia.

## Suggests Prizes For Trade Ideas

WINSTON-SALEM (AP) — A contest with six prizes totaling \$24,000 was suggested Tuesday as a means of promoting international trade in North Carolina. The proposal was made by Dr. Leo Jenkins, president of East Carolina University. He said the prizes could be given to individuals, communities, firms and groups who best show "how North Carolina could enhance its position on the international scene." Jenkins heads the North Carolina Commission on International Cooperation, established by the last General Assembly. He spoke Tuesday to the organization's advisory

commission. The committee took no action on his suggestion, but Jenkins said the full commission would study it. The ECU president said two \$5,000 prizes could be given to communities who best describe how they might become involved in international affairs. He suggested \$2,000 prizes be given to two schools who best describe ways for the entire state to become more efficiently involved in overseas affairs. And he said \$5,000 could go to an individual or firm and another \$5,000 to the best plan for getting military personnel in the state to help North Carolina carry out an international role.

## Martial Law In South Vietnam

SAIGON (AP) — President Nguyen Van Thieu proclaimed martial law throughout South Vietnam effective at midnight, the government radio and television network announced. Since 1963, South Vietnam has been under varied forms of national emergency decrees, and it was not immediately known how the new order would affect existing rules. A brief announcement said only that martial law was being instituted.

## Bulletin

WASHINGTON (AP) — Secretary of Defense Melvin R. Laird said today the U.S. troop withdrawal program will go on at the same time President Nixon has taken new military action in Vietnam.

## Shotgun Victim

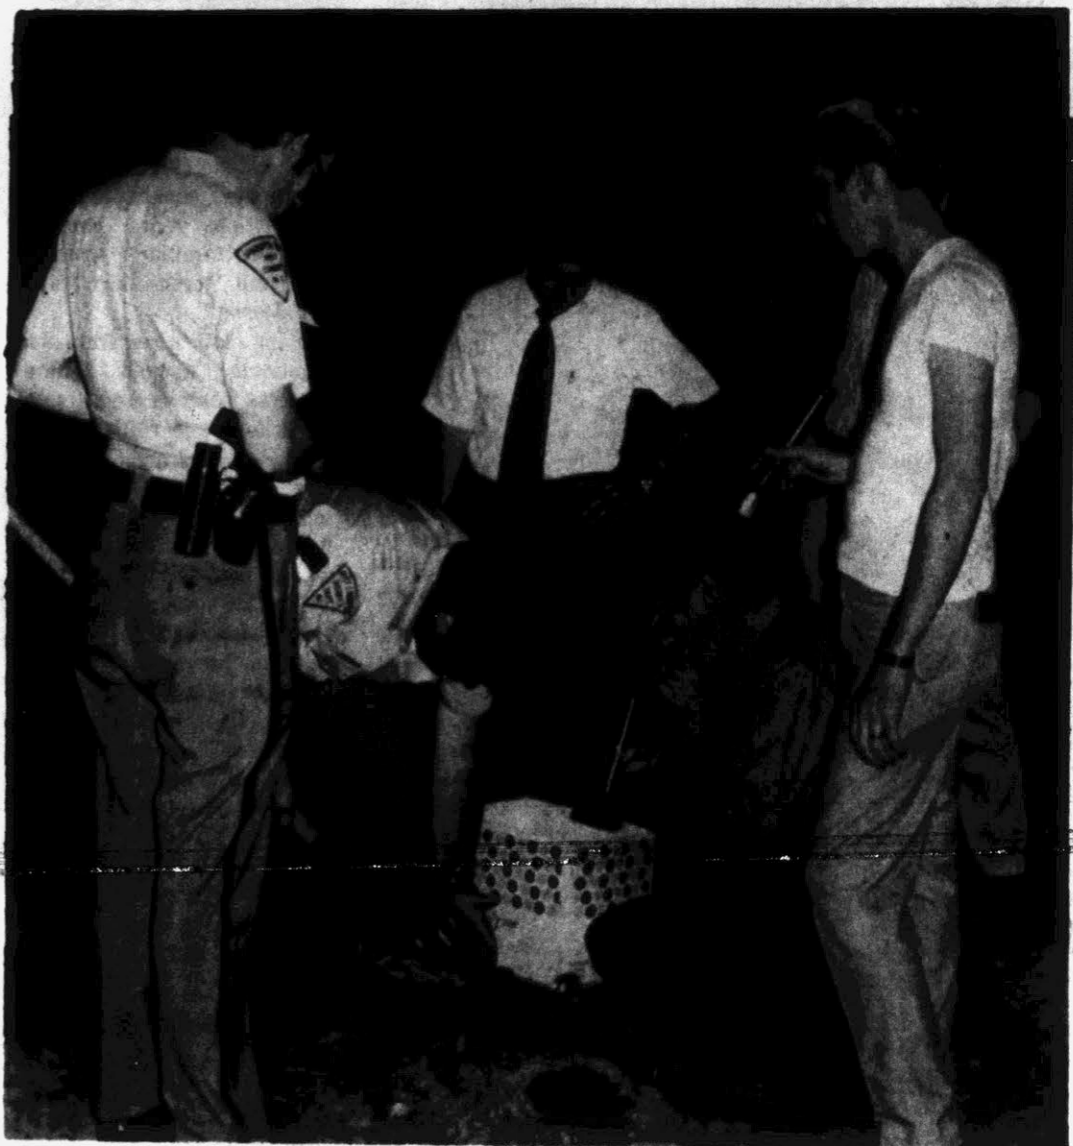

A 17-year-old Greenville youth was accidentally shot to death at his West Fourth Street home here last night. John G. Allen III of 1001 West Fourth St. died instantly, according to Pitt County Coroner and Medical Examiner E. W. Harvey, from a .410 gauge shotgun blast that struck the youth in the left upper chest. According to investigators, Allen had been cleaning his second floor room when a friend, Jack Pittman Jr., 16 of Vance St. came by. Allen and Pittman played basketball in the Allen yard for a time then Allen asked Pittman to help him move some furniture in his room. After the furniture had been arranged Allen asked Pittman to hand him several guns which were lying on a bed. As Pittman picked up two of the weapons, an antique musket and a .410 gauge shotgun, the shotgun discharged, investigators said. The fatal mishap occurred shortly before 8 p.m. and was ruled accidental by Coroner Harvey.

## Dollar Slumps

LONDON (AP) — The U.S. dollar, hit by a wave of selling, slumped on European foreign exchanges today in continuing uncertainty over developments in the Vietnam crisis. Investors and speculators rushed to unload dollars for stronger currencies in what Zurich dealers described as hectic trading. Pressure eased, however, in Europe's free bullion markets after a steady two-week rise that took the price up \$4 to a record \$54 a fine ounce. The price was fixed at \$52.50 in London, unchanged from Tuesday's night's close, but 50 cents down from the fixing Tuesday morning. Uncertainty hit the London stock market also. The Financial Times index of 30 industrials, which dropped 9.3 points Tuesday, was down 6.1 points more to 529.8 at the opening today.

## More Violence In North Ireland

BELFAST (AP) — Terrorists and street crowds hit Northern Ireland during the night with a new wave of bombing, shooting and stoning of British troops. Four soldiers and one militiaman were wounded and buildings were damaged in several towns. Across the border, the Irish republic was voting today in a national referendum deciding whether the country should join the European Common Market at the end of the year.

## Pitt Lawmen 'Harvest' Marijuana In A Garden

Pitt County law enforcement officers and members of the Greenville Police Department went gardening late last night after raiding a Route 1, Winterville home. They picked about 30 marijuana plants to transplant and use as evidence in court. The officers after raiding a white frame dwelling on the old Tar Road near Winterville charged Glen Ramsy Carroll, 22; Chloe Crawford Carroll, 22 and Jeffery Sidney Crawford, 20 with felony possession of marijuana and growing the illegal weed. In addition to the plants found growing in a garden behind the house, officers found a quantity of marijuana seed inside the dwelling. Bond for the trio was set at \$3,000. A hearing in the case was set for May 22 in District Court in Greenville.

The increase, effective May 1, is (Continued on page 6)

## Studies Approved For Proposed New Sewers

Utilities commissioners Tuesday night approved engineering studies for several new sewer projects. The projects preliminary estimated cost would be \$708,500 and the surveys will be made in anticipation of applying for federal and state grants to help carry them out. Members of the Commission also expressed a desire to approach the county commissioners for assistance on the line leading to the new hospital site. Included were a project known as the Fieldcrest line in the vicinity of the Dickinson Avenue Fieldcrest plant, whose cost was estimated at \$98,500; the Fornes and Reedy Branch line, \$72,000; a line to the new hospital site and the Alcoholic Rehabilitation Center, \$208,000 and a line from Hastings Ford to Hardees Creek costing \$162,000 and then to the southwest at an additional cost of \$168,000. Director Charles Horne explained that a portable sewage disposal plant at the ARC must be replaced within three years. Commissioners approved

## No Injunction Against Ayden

RALEIGH (AP) — U.S. District Judge John D. Larkins Jr. has dismissed a request by black activists for an injunction against Ayden's parade ordinance. Larkins filed an order in U.S. Eastern District Court in Raleigh Monday saying the federal courts have no jurisdiction in the matter. The injunction was sought by Golden Frinks, state field secretary for the Southern Christian Leadership Conference, along with the Pitt County United Effort Coalition and other activists. They contended the ordinance "was instituted to harass, mal-

ign and intimidate the black citizens of the city of Ayden, and that it is unconstitutional on its face." The ordinance required applications for parade permits to be in 24 hours before the march occurred. Larkins noted that a case against Frinks and others is pending in state courts and cited a U.S. Supreme Court decision which held that federal courts should not interfere when state court proceedings have been brought which "will provide the plaintiffs ample opportunity to test the constitutionality of the ordinance or statute involved."

## Some Revisions Made In Official Canvass Of Pitt Balloting

By TOM BAINES  
Reflector Staff Writer  
The Pitt County Board of Elections' official canvass of Saturday's primary ballots resulted in a revision of published unofficial figures in several races, especially involving the Ayden precinct tabulations on the county Board of Education results. According to official totals compiled by the board Tuesday, in the contest for the Bethel-Belvoir seat on the Board of Education, Mrs. Willie Mae Carney received 3,066 while William Earl House totaled 8,696. The new figures gave Douglas R. Jones a total of 7,600 votes in

defeating Edward C. Carter, who tallied 4,207. Jones won a seat on the board from the Greenville district. The Grimesland-Chicod-Swift Creek seat was won by Robert D. Stokes with 7,717 votes while William Tom Edwards polled 3,222. Kenneth Dews also won reelection to his seat from the Winterville district, defeating William Carmon 8,420 to 2,576, both revised totals. The canvass also turned up discrepancies in the Water Bond tabulations and the new totals are: for, 9,633; against, 4,498. Neither figure had any effect on the final outcome. Other changes in the tabulations included a total of 802 votes for gubernatorial candidate Wilbur Hobby rather than the

posted 802; 119 votes for Gene Leggett rather than 390 in the governor's race; 640 rather than 846 for lieutenant gubernatorial candidate Allen Barbee; 988 instead of 1,072 for Reginald Frazier in the lieutenant governor contest; and 6,216 rather than 6,126 for Jim Hunt in the same race. Secretary of State candidate Louis M. Wade received 3,083 instead of 3,012 votes as published. In the race for Superintendent of Public Instruction, the revised figures gave Craig Phillips a total of 6,522 instead of 6,906 but he easily topped his opponent, John O'Connell, who received 4,212. Other minor changes involved Labor Commissioner where

Billy Creel totaled 4,919 instead of 4,924; U.S. Senator where Dr. Eugene Grace had 441 instead of 440 votes; District Judge where Robert D. Wheeler received 6,877 instead of 6,874, and 2,910 instead of 2,907 for William Whitehurst; and Republican congressional changes for Jordan Bonner (611) and Mack Howard (822). Republican gubernatorial candidate Jim Holshouser received 460 instead of 457 while State House candidate I. Bruce Koonce totaled 3,075 instead of 3,085; Horton Rountree, in the same contest, tallied 6,435 rather than 6,434. Incumbent Register of Deeds, Mrs. Elvira T. Allred had 9,306 instead of 9,305 in defeating the Rev. O. James Rooks who had 2,962.

# Beene Boutique Collection Designed For Women With A Conservative Budget

By ANN HENCKEN  
Associated Press Writer  
NEW YORK (AP) — Do women with conservative budgets want more conservative clothes than the couture customer?  
A good many of them do,

says Geoffrey Beene. He's aiming his Beene Boutique collection, priced \$110 to \$295 at a quieter crowd. He's saving a healthy dose of new ideas for his more expensive couture line for fall to be shown later this month.

The boutique clothes seem to be designed for the neat, attractive suburban matron who wants to be well-dressed without being aggressively fashionable.  
She is given tried-and-true ideas: Beene's white collars and black bows, lots of knee-length day dresses and matching coats, quiet colors and very few pants outfits.  
"Most of the pants combinations are in the couture, where they sell best. It's the reverse of what it used to be," says Beene.  
He's also kept for his couture line most of the new topper coats, the new bright colors and wider armholes.  
The boutique clothes generally carry over successful ideas from previous years. Dresses have the familiar princess waists, full gored skirts and set-in sleeves.  
Evening clothes run from the all-American striped taffeta shirt dress to halter styles with pleated lace, and ruffles. Evening floral prints are clear and pretty, not peculiar, high style or startling.  
Beene does sneak a few new ideas in, however. Several evening dresses sported the drooping dolman sleeve. The armholes on an orange evening coat were slightly looser, a gentle version of those very wide-sleeved coats of fall.  
For the women in this price range who do want some new ideas, there's a bright blue topper at Elliott Bass, Inc., for about \$100. They also offer camel smoking jackets and shirt jackets, with pants.

# A 'Bridge' Of Paternalism In Danger Of Collapse

By Abigail Van Buren

(© 1972 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: We, as a group, would appreciate your viewpoint on the following:

I belong to the establishment group, agewise, [I am 65.] A judge in Los Angeles recently addressed our group and stated that if we would communicate with the longhaired young people, and compliment them when they had it coming, it would help to bridge the generation gap.

Last week I did just that. We were dining out, and at the table next to ours sat three young men with long hair. They were well-scrubbed, quiet and courteous, yet their attire was typically mod.

On leaving I stopped at their table and complimented them on their neat, scrubbed appearance and said I hoped that they were furthering their education to become useful citizens in the world. They smiled and thanked me and I left.

Question: Was I wrong? On relating the incident to other young people, I was criticized for my actions. I would appreciate your opinion. LEISURE WORLDER

DEAR WORLDER: You can bridge the gap better with unprejudiced, common sense evaluation of other people than by impulsive, contrived compliments. I'm sure you meant well, but the kids may have thought you were bending too far backwards.

DEAR ABBY: Is my husband crazy, or am I? He has worn glasses for years, and says when he takes his glasses off, he can't HEAR? Do you think he should have his head examined? ABE'S WIFE

DEAR WIFE: Not necessarily. But it wouldn't hurt to have his EARS examined.

DEAR ABBY: In reference to "Stay-At-Home Wife" whose husband had been seeing a widow he had known 40 years before: At that time the woman turned him down because he was going to have his foot amputated and she "couldn't bear the thought of marrying a man who couldn't dance."

In 1948 I married a man who had lost a leg in World War II. Altho he is a fine dancer [Widow has a lot to learn about amputees], there were days when he couldn't dance. Since one dream of my life was a good husband, not merely a dancing partner, I didn't think this disqualified him.

Six years later an accident ended MY dancing days, and left me permanently operating from a wheelchair. Since one dream of my husband's life had been a good wife, not merely a dancing partner, we coped with this, too, tho it was surely an unpredictable "worse" of the "better or worse" of our wedding vows.

With dancing partners separating all around us, we are still happily together. "He who refuses understanding burns the bridge over which he may some day need to pass."

I would like to ask Widow where she thinks I would be today if, 17 years ago my husband "couldn't bear the thought of being married to a woman who couldn't dance."

## Their Apartment Was Breach Of Promise

MAHON, Spain (WNS)—According to the travel folder, the Minorca apartment that Celia Johnson and Ruth Sully rented would be "top quality" with French windows and a sun terrace overlooking the sea. What they got on arrival was a garage with no electricity and mattresses to sleep on. "The alternative was to share a flat with a married man," said Miss Sully, who won \$250 from the travel agency for false promises.

# First Place Award Presented Pilot Club At State Convention

A first place award was won by the Pilot Club of Greenville at the N. C. State Convention of Pilot International held Friday through Sunday at the Grove Park Inn, Asheville.

Mrs. Juanita McCarthy, chairman of the Education and International Relations Committee, was honored with the award in District VI for her outstanding work and that of her committee in the area of international friendship.

Mrs. McCarthy shares this honor with her co-chairman, Mrs. Betty Casey, and other Pilots who worked to accomplish the goals of friendship and service.

The local delegates to the convention were Mrs. Ruby Fields, Mrs. Sue Howell and Mrs. Nan Noble. Other Greenville Pilots attending the convention were Miss Annie

Moore, Mrs. Janie Gold Starling, Mrs. Katherine Tripp and Mrs. Sue Smith, who serves as state

Mrs. Juanita McCarthy

chairman of the Pilot Safety Program in North Carolina.

The local club was among those receiving certificates of service for their contributions to CARE and Meals For Millions. The club was first runner-up for the state award for the most successful fund-raising projects for community service.

Activities of the local club's Education and International Relations Committee include the PIF project, contributions to local Pilot Club Scholarship Fund, Pilot International Scholarship, CARE, Meals for Millions, S. S. Hope and the Pitt County Literacy Program.

The committee also gave a cash award to an outstanding student at Pitt Technical Institute, presented an International Friendship Award to a family from Iran and kept members informed about drugs by distributing literature on abusive drugs monthly on a follow-up basis.

MUSHROOM BARLEY  
We've streamlined one of our favorite go-alongs for meat.  
2 tablespoons butter  
¼ cup finely chopped onion (1 small or ½ medium onion)  
1 can (3 ounces) broiled chopped mushrooms  
½ cup medium pearled barley  
1 can (10½ ounces) condensed chicken broth, undiluted

Put the butter and onion in a round 1-quart glass casserole (6½ by 2½ inches) or similar utensil. Drain mushrooms, saving juice, and add mushrooms to casserole. Place Casserole in a 350-degree oven until butter melts. Remove from oven. Add barley. Combine saved mushroom liquid, chicken broth and add enough water to make 2 cups; add to casserole. Stir well. Bake, uncovered, in the preheated 350-degree oven for 1 hour; cover tightly and continue to bake 30 minutes. Liquid should be absorbed but barley should be moist. Makes 4 to 5 servings.

# Nixon Taking Calculated Risk

President Nixon has ordered major steps to thwart the military supplies moving to North Vietnam, and at this stage it is impossible to judge the move as right or wrong.

The president ordered the mining of North Vietnam's ports and the "interdiction" of supplies being delivered to North Vietnam. He said rail and other communications will be cut off to the maximum extent and air and naval air strikes against military targets in North Vietnam will continue.

The presidential order allows three days for ships in the harbors to leave safely. At the end of that time the mines which are now being placed will be armed.

There is the strong possibility, of course, that a Russian or Chinese ship attempting to enter a North

Vietnam port can be sunk. No one knows exactly what action U.S. war ships will take in intercepting ships bound for North Vietnam, but hardly anyone doubts that the president means what he says.

Make no mistake about it; there is the danger of a major confrontation between world super powers in this latest move. It is an obvious gamble by the president, but it could turn out to be a good gamble.

One of the things the announcement is calculated to do is boost the morale of the South Vietnamese forces. There have been reports recently that there is a feeling in South Vietnam of being abandoned by the United States. This announcement is certain to give that country new hope. In our own nation the move may ease some of the frustrations of fighting an endless, winless war. There is a feeling here now that a climax is near in the Vietnam war. The president's strategy should bring the matter to a head.

Finally the move gives our nation the initiative in the long stalled peace talks. We have for too long wondered what the Communists would do. Now we are doing what we think is needed and the president has told the Communists that the actions will cease when American prisoners are returned and there is an internationally supervised cease fire throughout Indochina.

The actions have obviously created a grave situation insofar as world diplomacy is concerned. As we have said, arguing the rightness or wrongness of the moves is pointless now. That can only be judged by the final results. It is well to remember, however, that Nixon has always been a man to carefully calculate the risks of any given move. Politically he is now putting his career on the line. If what he has done turns out badly, it could mean his defeat in November.

Like all the world we can only watch and wait in the days ahead.

# An Alienation Of Electorate

By BRYAN HAISLIP  
RALEIGH — North Carolina's primary election results signaled an alienation of the electorate of disturbing proportions.

Voters seemed to be saying they are fed up to here with politics as usual, disenfranchised with establishment politicians, and frustrated in the search for leadership.

Gov. George Wallace of Alabama, with a single recognized Tar Heel political figure in his train, won

lowered to 18, and the return after 30 years to the use of absentee ballots in a primary election were factors which had been counted on for a heavy vote.

Many Stayed Home  
That is failed to materialize the degree anticipated seemed a clear indication of widespread disillusion with the political process. Large numbers didn't vote, in spite of extensive and expensive campaigns, because they didn't think it made enough difference to bother.

Whether that apathy can be aroused is a key to decisions on second primary races which would be held on June 3.

Democratic run offs are possible for governor, U.S. Senate, lieutenant governor, labor commissioner and insurance commissioner.

Taylor and Jordan indicated in post primary comments that they would call for a second primary, but stopped short of a firm commitment.

GOP Run-Off Set  
The Republican contest for governor already is headed for another lap. Jim Gardner of Rocky Mount and Jim Holshouser, of Boone, finished almost in a stand off. Holshouser, trailing by less than 1,500 votes in the unofficial tally, voted to take the battle to a second round.

Jim Hunt of Wilson, a fresh face among office seekers, finished first in a field of five for the Democratic nomination for lieutenant governor. The outcome squared with pre primary predictions, and reflected Hunt's diligent efforts in building a statewide organization.

Bob Scott, came in second with the right to call for a run off. Those eliminated included Mrs. Margaret Harper of Southport, repeating her 1968 try for the state's second office.

While the big Wallace vote spoke of discontent with national Democratic politics, there was little evidence of a protest vote in state races.

Dr. Reginald Hawkins of Charlotte, a black dentist, didn't do as well as four years ago in trying for governorship. Wilbur Hobby, state AFL CIO chief, geared a campaign, to populist appeal with a slogan of "Keep the Big Boys Honest." He placed fourth.

Together, the Hawkins Hobby vote amounted to just over 123,000 — under the 129,000 which Hawkins got on his own in 1968.

BRYAN HAISLIP

decisively in the Democratic presidential preferential primary. He got a vote larger than any other candidate on the ballot.

The Wallace uprising, whether based on protest or personal appeal, swamped the alliance for Terry Sanford. Duke University president and former governor. Despite the urgings of a phalanx of the state's top Democrats, the people turned in the other direction.

A tide favoring the "outs" against the "ins" ran in the state races for Democratic nomination for governor and U.S. Senator.

Hargrove (Skipper) Bowles underscored his disassociation with the present administration and finished well ahead of Lt. Gov. Pat Taylor. Congressman Nick Galifianakis emphasized youth versus age and led B. Everett Jordan, the incumbent.

Front runners Overtaken  
Bowles and Galifianakis overturned predictions with their strong showings. Taylor and Jordan had been regarded as the front runners for many months.

The message of dissatisfaction with the way things are delivered by voters who went to the polls was echoed resoundingly by citizens who stayed home.

Voter registration over the past two years has risen more than 250,000 yet the turnout last Saturday exceeded the 1968 primary only by some 100,000.

The optimistic forecast that 1,300,000 would cast ballots was wide of the mark. It appeared the total would be only a little more than 965,000.

The first presidential primary, the voting age

# Michigan No HHH-State

By ROWLAND EVANS and ROBERT NOVAK

DETROIT — Even with his current string of major primary victories, Sen. Hubert Humphrey's indispensable blue-collar support is still eroding—casting doubts on his chances to win the Michigan primary May 16 and, beyond that, the Democratic Presidential nomination.

That conclusion is buttressed by answers from voters in a typical Democratic precinct on Detroit's west side given us to a questionnaire prepared by pollster Oliver Quayle. Obsessed by school busing, bitter that the government has done too much for black people and outraged over high taxes, the voter here is turning from past Humphrey loyalties. His substitutes: Gov. George Wallace, bases on issues, and Sen. George McGovern, bases on personality and faulty perceptions.

Superficially, our interviews (conducted with Mrs. Mina Cuker, Quayle's expert Michigan supervisor) are favorable to Humphrey. Out of 52 registered voters who will vote in the Democratic primary, the results are: Humphrey, 15; Wallace, 12; McGovern, 11; Sen. Edmund Muskie, 9; Rep. Shirley Chisholm, 1; undecided, 3.

The numbers are misleading. Precinct 11 of District 18, selected for us by elections analyst Richard Scammon, has a long record of Democratic regularity. A white, lower-middle income neighborhood of young couples and retired persons living in immaculate homes with carefully tended yards, it is saturated with auto workers and Polish-Americans (accounting for Muskie's residual strength).

In 1968, Humphrey carried the precinct with 455 votes to

125 for Wallace and 102 for Richard M. Nixon. In short, this ought to be Humphrey Country.

Consequently, the interviews in Precinct 11 are bad news for Humphrey. He must do much better in such ethnic areas inside Detroit to compensate for McGovern's constituency in the white-collar suburbs. Wallace's new supporters in the blue-collar suburbs (where anti-busing sentiment is stronger) and a big outstate Republican crossover for Wallace.

Moreover, the voters in Precinct 11 backing Humphrey—concentrated among older voters—seemed less than militant and perhaps subject to change. "Humphrey knows more about us older people," said a retired crane operator. But most Humphrey voters could talk only vaguely about his experience as Vice President as a reason for backing him.

On the other hand, in this slice of Humphrey Country a substantial majority thinks he talks too much and changes his mind too often—judgments shared by some Humphrey supporters.

Wallace's partisans are markedly more fervent, firmly tied to issues. A young working wife who is a supermarket cashier had no difficulty explaining why she voted for Humphrey in 1968 but now likes Wallace: "I don't want my kids bused. That's all that counts." A retired auto worker put it this way: "Wallace is against high taxes and busing, and so am I. He's for the lower classes."

Far less explicable is McGovern's rising support. Here again, the McGovern Phenomenon is operative: blue-collar workers supporting McGovern, though their views contradict his.

Typical is one middle-aged woman whose husband is an

# What Presidents Know

WASHINGTON — I guess it would be an understatement to say that things are not going as well in Indochina as the President planned. Most Americans are quite confused about it and are wondering why.

I was, too, until I spoke to my friend Kaminsky in a bar the other night.

Kaminsky raised a frightening thought when he said, "The Americans have always assumed that the President of the United States has information at his disposal that the rest of us don't."

"Of course," I said. "Everyone knows that."

"Well, suppose he doesn't? Suppose the President doesn't know any more about what is going on than we do?"

"That's impossible, Kaminsky," I said. "The

President knows secrets that none of us would dream of."

"We like to think that," he replied. "But suppose what he knows he is wrong?"

"It can't be wrong. The President has every source of information in this country available to him, from the CIA to the Pentagon, to the embassy in Saigon. Their reports don't lie."

"Well, how do you explain the President's assurances for the past three-and-a-half years that Vietnamization was working?"

"It was working when he said it was working. It just isn't working too well now. You can't expect Vietnamization to work ALL the time."

"But suppose the reports the President read were overly optimistic to make the people in the field look good?"

How would the President know the truth?"

"No one would do that," I protested. "They know the President relies on that information to make far-reaching decisions."

"True, but have you ever heard of a president getting a PESSIMISTIC report from Indochina?"

"Not until recently," I

admitted. Kaminsky, you are making me very nervous."

"I am not being critical of the President," Kaminsky said. "I don't think President Kennedy or President Johnson received any more honest reports than President Nixon. Maybe that's why we've been in Vietnam for 10 years. Anyone ever stationed in Vietnam has always assured the President in office that things were going well. The only people who didn't believe the reports were those who read the newspapers and watched the war on television."

"The problem with our Presidents is that they refused to believe what they read in the newspapers because the secret reports they received said the exact opposite."

"Then what you're saying, Kaminsky, is that the people who read the newspapers knew more about what was going on in Indochina than the Presidents of the United States?"

"Of course. You must remember that when you're President you trust people who agree with you more than people who disagree with you. Why would a President believe a news story that makes his policy look bad?"

"He wouldn't," I admitted.

# Home Sanity Quiz

By HAL BOYLE  
NEW YORK (AP) — In times as stern as these, it is important that we keep our heads—even though many around us are losing theirs.

It becomes a personal problem to everyone—"Am I losing my mind, too?"

What about you? Are you still normal? Or are the marbles in your brain getting dispersed by circumstances over which you feel you have no real control?

Well, today we have prepared a little home test you can take

HAL BOYLE

and measure your own normality quotient, as compared to that of your neighbors.

Simply answer the following questions yes or no.

Do you feel that most experts know what they're talking about, no matter what they are talking about?

Looking back over your own life, do you believe that you have ever really intelligently solved any major problem in it, including puberty?

But you are certain, aren't you, that at least you have retained the simple good sense you were born with?

One of the big reasons that poor people stay poor is because they have more character than rich people. Right? You have stayed younger looking than three out of five of the other surviving members of your graduating class, haven't you?

As a man of liberal views, you'd like for your own wife to take a more active role in the women's liberation movement, wouldn't you?

If you had the chance to start life all over again right now, you'd jump at the chance, wouldn't you?

A majority of the people in your office who got promoted ahead of you did so because they had all the luck or spent more time currying favor with the boss, didn't they?

It would please you more if your son won a scholastic scholarship to Harvard than a football scholarship to the University of Alabama, wouldn't it?

# 40 Years Ago Today

By GWEN COGHILL  
May 10, 1932

Greenville joined the remainder of the South today in paying tribute to the men who fought with Lee and Jackson in the War Between the States. The exercises were just as inspirational as any of the past years but there was a touch of sadness about the celebration due to the fact that only two members of J. Bryan Grimes Camp were in attendance. They were James M. Turnage of Winterville and David Roberson of Martin County.

Fire of undetermined origin did estimated damage of \$8,000 in the heart of the Greenville business district early Sunday morning. Originating in the rear of the building occupied by Charlie Saieed, dry goods merchant, the flames severely damaged the stock and building and did considerable smoke damage to the Perkins Company next door.

# Strength For Today

THE ORCHID  
A few days ago at a lovely inn I ran into a group of old friends. And I mean old. They were holding their fifty fifth college reunion. Practically every man was past seventy five years of age.

They were accompanied by their wives, and I noticed that one woman was wearing an orchid. I have known her and her husband for many years. As she sat there, now past seventy five years of age, it was quite evident that fifty years ago she was a woman of conspicuous beauty. Some of the beauty still remained in regularity of feature and in firm lines which showed the maturing of character. And she was wearing an orchid. Her husband, practically an invalid, had evidently ordered the orchid for her that morning. To him she was still

the most beautiful woman in the world. Friends who see them together frequently realize that the passing years have made no difference in the romance of which the wedding ceremony, held more than fifty years ago, was just one incident.

It is beautiful to see this sort of continuing love and respect in a day when the number of divorces each year is fast approaching the number of marriages. Here were two people who had in their souls the stuff which makes marriage successful. Romantic love and mutual respect were evident more than fifty years after they had been married.

I think anyone who had looked upon the scene would have been impressed by the woman who wore an orchid.

# Time Of Indecisive Primaries

By WALTER R. MEARS  
AP Political Writer

NEW YORK (AP) — For the campaigning Democrats who want to be president, the race for nomination has become a grueling marathon, with trial heats almost every Tuesday but no decisive test in sight before California votes on June 6.

Sen. Hubert H. Humphrey of Minnesota and Sen. George McGovern of South Dakota are the principals in that primary election competition with Alabama Gov. George C. Wallace picking his spots to challenge them.

But for all the investment of energy, money and time, the prospect now is for a month of indecisive primaries, offering portents

but little drama, clues but no clear cut decisions on who will emerge as the top man in a divided convention at Miami Beach next July.

Tuesday was typical. McGovern defeated Humphrey in the Nebraska presidential primary, thus maintaining the momentum he gained with victories in Wisconsin and Massachusetts and a narrow loss to the former vice president in Ohio.

Humphrey said he didn't regard Nebraska as critical either way, because it was so close. He said he had run surprisingly well with little time to campaign.

Humphrey trounced Wallace in West Virginia and said it was a win he had

earned by confronting the Alabamian while other candidates ran out.

McGovern sought to play down its national significance, saying he would have voted for Humphrey himself given Wallace as the alternative.

Both of Tuesday's contests were waged for psychological stakes. Delegates were elected separately, and it will be several days before it is clear who won them.

It added up to an indecisive round, foretelling another in a week. Michigan and Maryland vote then; Wallace looks formidable in both states.

The early primaries winnowed the Democratic field to Humphrey, McGovern and

Wallace all virtually certain to get the route. It is almost as certain that none will prove much in the next month.

But that will change when California becomes the track. Humphrey and McGovern will collide head on; Wallace has said he might stage a write-in campaign there. The primary winner will take away 271 votes for the Democratic nomination.

Two weeks later, in New York, 278 convention delegates will be elected in the final primary.

Long before he announced candidacy, Humphrey said the late primaries in the two biggest states loomed as the decisive tests.

It appears that he was right.

Any man in his right mind would rather run a small business of his own than become a well-paid cog in a big organization, wouldn't he?

Don't you secretly think your face shows more character than it did 20 years ago?

It is all right with you, isn't it, if your daughter decides she prefers a business or professional career to marriage?

Your neighbor must fudge on his income tax more than you do or he wouldn't have so much money to spend on himself. Isn't that so?

Those are the questions. Now to your score. No single question is decisive. But if you answered yes to most of the questions, you are a normally abnormal liar.

If you answered no to most of them, keep it to yourself. An abnormally honest man is a misfit in any civilization.

Why then McGovern? A middle-aged tool die maker, anti-busing and pro-bombing, likes McGovern because he "isn't influenced or obligated to the party bosses. I'm tired of the same old politicians."

A young bus driver, sharing the same conservative views while backing McGovern, has a one-word explanation: "honesty."

But the potential trap for McGovern is obvious. Only 7 of 52 voters support busing in any degree (though this neighborhood is not directly affected by busing). Whereas McGovern actually is staunchly pro-busing and has not followed Humphrey in hedging on the question, the voters in Precinct 11 are incorrectly perceiving McGovern and Humphrey as both anti-busing moderates. These voters back McGovern not in spite of his position but

in ignorance of it.

Most of the McGovern voters listed Humphrey, not Wallace, as their second choice. So, ruling out the possibility of a significant surge in Humphrey enthusiasm, Humphrey must rely on the voters somehow becoming aware of McGovern's pro-busing posture. Only then may Precinct 11 be redeemed as Humphrey Country in time to help him enough May 16 in Michigan.

## Ayden Board Sets Hearing

**AYDEN** — The Ayden Board of Commissioners set June 12 as the date for a public hearing to discuss rezoning a portion of property located south of Ayden on the old N.C. 11 highway.

The property, now zoned I-2, will be rezoned RA-10 if no objections are voiced.

The board will also hear at the hearing a recommendation that service charges be repealed on sewer hook up and the water tap charge be reduced.

The board passed an ordinance to rezone the Strawberry Banks No. 2 property from RA-8 residential to RA-8-MH.

Board members also approved an ordinance to repeal the subdivision regulations requiring reimbursements by the Town of Ayden.

A resolution was passed to ask the Pitt County Board of Health to inspect on-site water and sewer disposal prior to the electrical inspector issuing a permit for construction of a new home.

The municipal election results of Tuesday, May 2, were accepted by the board.

**Hassell**  
 Funeral services for Jackie Ray Hassell, 17, were conducted at two o'clock Wednesday afternoon at the Wilkerson Funeral Chapel by the Rev. T. R. Bradshaw and the Rev. William Tyson. Burial was in Pinewood Memorial Park. Full military honors were accorded at the grave.

Surviving are his parents, Mr. and Mrs. James Franklin Hassell; two half brothers, George Franklin and James Thomas Hassell, both of Chester, Calif.; a half sister, Mrs. Danny Dalton of Chester, Calif.; his paternal grandparents; Mr. and Mrs. James H. Hassell of near Greenville; and his maternal grandparents, Mr. and Mrs. W. A. Pittman of Greenville.

**Polard**

**Mr. Frank P. Polard, 73, died in Pitt Memorial Hospital Tuesday morning at 9:15. He had been in failing health for several years. Funeral services will be conducted Thursday at 11:00 a.m. at St. Gabriel's Catholic Church by Father Charles Mulholland. Burial will be in Pinewood Memorial Park.**

A rosary will be said on Wednesday night at 7:30 at the Wilkerson Funeral Home.

Mr. Polard was born in Italy and came to the United States in 1899 and lived in New York for many years. In 1959, he moved to Pleasantville, N.Y.; and in 1968 came to Greenville to live. He was a member of St. Gabriel Catholic Church and Fourth Degree member of Knights of Columbus, Thornwood, N.Y.

Surviving are his wife, Mrs. Emma Gilda Polard; a daughter, Mrs. Donald L. Lawler of Greenville; four grandchildren; a brother, Rudy Polard of Middletown, N.Y.; and a sister, Mrs. Maria Mione, of Mt. Vernon, N.Y.

**Allen**

**John G. Allen III, 17, died at his home, 1001 W. Fourth St. Tuesday night at 8:30 after having been accidentally shot.**

Funeral services will be conducted at four o'clock Thursday afternoon at the Wilkerson Funeral Chapel by the Rev. Richard R. Gammon, his pastor. Burial will be in Pinewood Memorial Park.

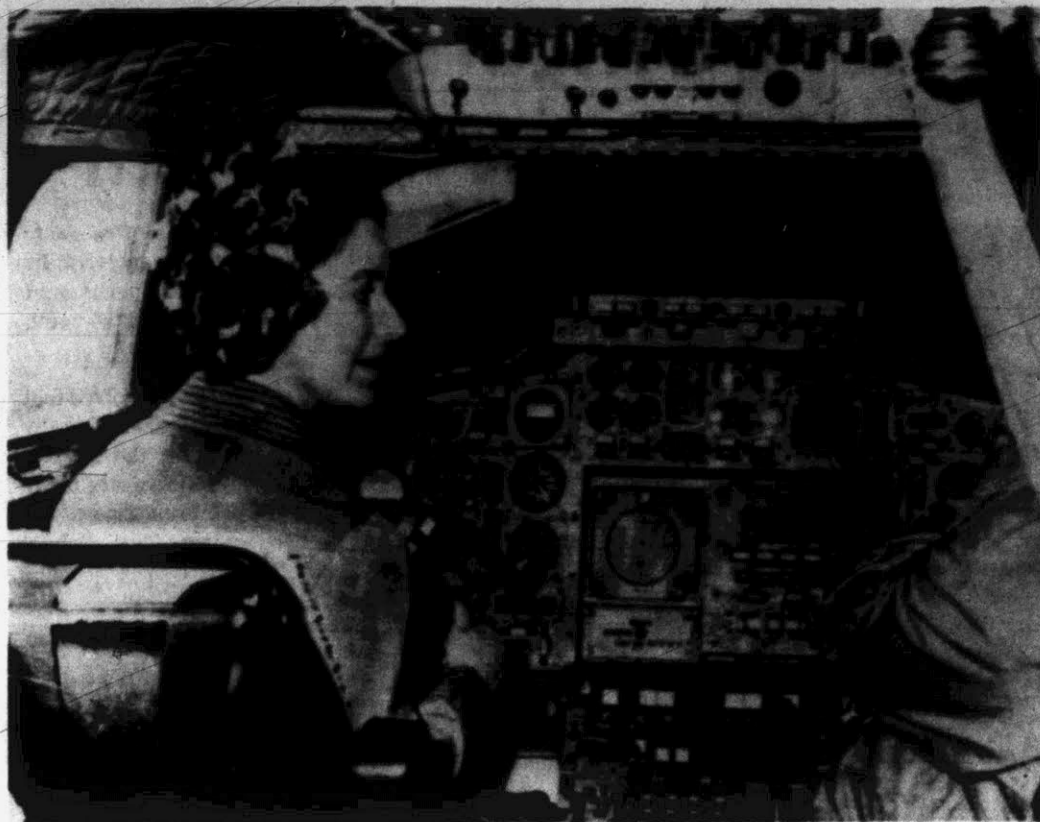

Allen, a native of Fort Lauderdale, had lived in Greenville since 1955 and was in the 10th grade at Rose High School. He was a member of the First Presbyterian Church in Greenville.

Surviving are his parents, Mr. and Mrs. John G. Allen Jr.; two brothers, Michael K. and Timothy S. Allen, both of the home; and a sister, Mrs. Diana A. Kauffman of Lewisburg, Pa.

**AYDEN** — Mr. Thad Linwood Little, 38, died Tuesday in the Greenville Nursing and Convalescent Home after several years of declining health.

Funeral services will be held Thursday at 3 p.m. at Farmer Funeral Chapel. Officiating will be the Rev. L. T. Wilson and the Rev. Willis Wilson. Burial will follow in the Ayden Cemetery.

Mr. Little was born and reared in the Ayden Community where he spent most of his life. He was a disabled American veteran of the Korean War. He was a member of Elm Grove FWB Church.

Surviving are his wife, Mrs. Betty Little; one daughter, Becky Diana of the home; two sons, Stanley and Gregory, both of the home; his mother, Mrs. Nina Little of Ayden; one sister, Mrs. Dorothy Taylor of Grifton; two brothers, Edwin A. Little and Aubrey Lee Little, both of Ayden.

## Quietly Arrest Six Protestors

**ASHEVILLE (AP)** — Police quietly arrested six University of North Carolina-Asheville students Tuesday on charges of parading without a permit. The youths said they were protesting the latest United States actions in the Vietnam war.

Officers said they ordered a group of about 20 protesters to leave a downtown park.

**RALEIGH (AP)** — Lt. Gov. Pat Taylor says Gov. Bob Scott and the Raleigh News and Observer "just about killed me" during the campaign for Saturday's primary and they are not going to tell him what to do now.

Taylor angrily told a news conference Tuesday that Scott had telephoned him and suggested that he not call for a runoff with Skipper Bowles for the Democratic gubernatorial nomination.

Bowles led in the primary but did not capture a majority of the votes. Taylor still has not announced whether he will call a runoff with Bowles.

"Neither Gov. Scott nor the News and Observer is telling me what to do," he said in a prepared statement. He declined to answer questions about the governor's call and said he would talk about it when he announces his decision on a runoff.

He said neither Scott nor the newspaper had helped him in the campaign, although Bowles, charged frequently that Scott aides were working for Taylor's election.

Minutes before Taylor's news conference, Bowles held one in the same room at the Sir Walter Hotel. Bowles made public a poll taken Monday night in which 553 persons were interviewed and 51.9 per cent said they would vote for Bowles if a second primary is held June 3. Only 22.6 per cent said they would vote for Taylor.

Dr. Walter De Vries of the University of Michigan, a professional poll taker, appeared with Bowles at the news conference. When asked what the poll showed, De Vries said it showed that "Bowles would clobber Taylor."

Before the Bowles and Taylor news conferences, labor leader Wilbur Hobby also held one in

approximately one percent, Horne reported.

Commissioners approved retaining CPA John C. Proctor to do the annual audit of Utilities records at a price of \$1,675.

Developers of the River Bluff Apartments on East Tenth Street near the new bypass proposed construction of a sewer outfall to the property with the developers paying 60 percent of the cost and the commission 40 percent. The developers requested a refund for a portion of the property not owned by them when that property develops. The commission turned down this portion of the request.

The commissioners made their annual tour of Utilities facilities yesterday afternoon. Included on the tour was an inspection of the new data processing equipment, and trips to the meter department and water plant and an inspection of work at the waste treatment plant.

# Phi Sigma Pi Honors ECU's Top Scholars

Maria Castillo, a political science major from Washington, D. C., and Joseph N. LeConte Jr., of Greenville, have been named the outstanding seniors of 1972 at East Carolina University by the ECU chapter of Phi Sigma Pi, national honors fraternity.

The awards were presented at the annual Founder's Day Banquet last weekend.

In addition to the outstanding senior awards, 10 students were presented certificates naming them to the rolls of "Who's Who in American Colleges and Universities."

Dr. Leo Jenkins, ECU President and the banquet speaker, was awarded honorary membership in Phi Sigma Pi in a special, surprise presentation. All awards were based on scholastic achievement and the recipient's record of campus activities and leadership.

LeConte attained a 3.6 scholastic average. His ac-

tivities on campus have included chairmanship of the Student Consumer Protection committee; Lecture Committee, Family Life Conference, SGA Traffic Committee, Psi Chi Scholarship Award, Richardson Foundation Award, Social chairman of Phi Sigma Pi, Dean's List and Who's Who.

Miss Castillo attained a 3.3 overall average scholastically at ECU. Her activities included president of Umstead Dormitory; Newman Club, co-founder of the Spanish Club, student counselor of Umstead, vice president of Alpha Phi; secretary-treasurer of Phi Sigma Iota; member of the university curriculum committee, member of the university Self-Evaluation committee, N. C. Student Legislature; Alpha Phi Scholarship and Leadership Award, and "Who's Who in American Colleges and Universities."

Tau Chapter of Phi Sigma Pi was founded at East Carolina in 1936 and is the oldest fraternal organization on campus.

## Revival Series Begins Sunday

ROBERSONVILLE — The Pentecostal Holiness Church in Robersonville will hold its revival services beginning Sunday, May 14 and continuing through May 21. The church will hold its homecoming on May 21.

Evangelist Don Wright of Florida will be the guest speaker at the services and the youth of the church will participate.

The services will be for all ages, but with a special emphasis on the youth and their involvement.

The pastor, Rev. William Donovan, welcomes all who attend the services and especially the homecoming May 21.

The Holland Family of Raleigh will supply special music with local groups including the "Circuit Riders" Dinner will be served at 1 p.m.

## Children's Film Showings Set

Three films for children will be on view this week at both the Sheppard and the East Branch libraries.

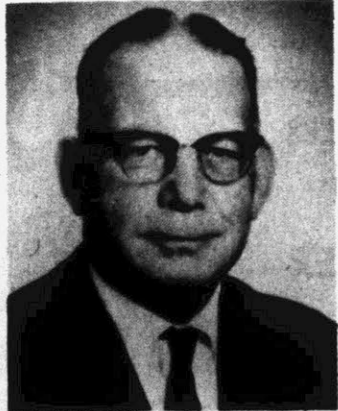

At 7:30 p.m. Wednesday night, a showing will be held at Sheppard Memorial Library for the trio of films of youngsters — "Alexander and the Car With a Missing Headlight," "The Noisy Underwater World of the Weddell Seal," and "Clay."

The second showing will take place at 4:00 p.m. Friday at the East Branch Library.

All young children are invited to attend one of the two showings, which are free and open to children of any age. The films are designed for special appeal to rather young children.

QUEEN AND MAIDS — Maria Baro (center) served as queen in the annual Mary Crowning procession at St. Peter's Church Sunday evening. She is flanked by escorts Linda McCollom and Patty Adams. The annual event was conducted by the pupils of St. Raphael's School, and attended by parents and friends.

I sincerely appreciate the splendid vote given me on May 6th. for the House of Representatives.

It strengthens my resolve to represent the people in Pitt County to the best of my ability on a full time basis.

Thank You So Much

## Alumni To Hold Banquet, Dance

The Alumni Association of the Vanceboro Farm Life High School will hold its 52nd annual banquet and dance Friday.

The banquet will be held in the school cafeteria at 7 p.m. and the dance in the gymnasium at 9 p.m. Classes of 1922, 1932, 1942, 1952 and 1962 will be reunion classes for this event and will have special tables at the banquet during the observance.

No cards of invitation are being sent to alumni, but all who have graduated from Farm Life School are invited to attend, according to Mrs. Jimmie L. Mooris, secretary of the Association.

## 'Old-Fashioned' Program Is Set

An old-fashioned community program will be presented by D. H. Conley High School students Thursday at 8 p.m. in the school gymnasium.

Under the direction of Carol Ann Tucker, 185 students will present a series of skits dealing with physical education. Miss Tucker is girls' physical education teacher.

"We're Just Us" is the theme of Thursday's performance.

All parents, teachers and persons in the community are invited to attend. Admission is free.

# Kentucky Teenager Is Junior Miss

MOBILE, Ala. (AP) — A petite, brown-eyed brunette from Lexington, Ky., was crowned America's Junior Miss for 1972 here Tuesday night in the 15th annual pageant.

Lydia Anne Hodson, 17, daughter of an elementary school principal in Lexington, received a \$10,000 college scholarship for winning the crown in addition to \$2,000 in scholarships she won in preliminary competition.

ica's Junior Miss for 1971. "I am only a representative of the 50 girls who were on the stage tonight and who easily could do what I will do as America's Junior Miss," the 5-foot-2½ Kentuckian said.

Miss Hodson had been the only double winner in three preliminary rounds, placing first in the Poise and Appearance category and in Scholastic Achievement.

She said she plans to attend

Transylvania College in Kentucky to study sociology.

Miss Utah, Cyndy Strike, 17, of Salt Lake City, was runnerup and received a \$6,000 scholarship.

The second runnerup was Miss Michigan, Catherine Sue Dey, 17, of St. Joseph. Miss Illinois, Barbara Gorgol, 18, of DesPlaines, was third runnerup, and Miss Idaho, Anne Hagerman, 18, of Wendell, was fourth runnerup.

ceived a \$1,000 scholarship.

The other semifinalists included: Miss Oklahoma, Karla Reinmuth, 17, of Bartersville; Miss New York, Terry Lodge, of Horseheads; Miss Pennsylvania, Carl Ann Williams, of Allentown; Miss Florida, Melissa Flinzing, of Merritt Island; and Miss West Virginia, Teresa Lynn Lucas of Alloy.

The judges' interview counted 35 per cent, with talent presentation, poise and appearance, youth fitness and scholastic achievement counting 15 per cent each.

Miss Hodson was asked how

the news media affected the morale of the nation, and replied: "We can look at all sides of an issue and make our own decision." She said without the news media, the "country would not be where it is today."

The preliminary rounds started last Friday night and each winner was awarded a \$1,000 scholarship. The winners, other than Miss Hodson, were:

Kodiak, Alaska.

Second round—youth fitness, Terry Lodge, Horseheads, N. Y.; poise and appearance, Diane Jole, Brown Deer, Wis.; scholastic achievement, Barbara Gogal, DesPlaines, Ill.; performing arts, Eileen Blackman, Silverspring, Md.

Third round—youth fitness, Teresa Lucas, Alloy, W. Va.; scholastic achievement, Lois Fearey, Astoria, Ore.; performing arts, Kathy Skatula, Sheridan, Wyo.

## Antique Car Show Slated

The Third Annual Antique Car Show of the Coastal Plains Chapter of the Antique Automobile Club of America is scheduled for Greenville on Saturday.

Mrs. Betsy Elks, news correspondent for the chapter, announced that registration for the show begins at 10:00 a.m. and will end at 1:00 p.m. The show is again scheduled for Pitt Plaza Shopping Center.

In addition to the display of old cars, a number of persons are scheduled to be on hand dressed in costumes of past years.

Mrs. Elks points out that many of the cars that will be entered are ones that the owners have restored themselves. "It only takes a little money, a lot of experience and know-how, and most of all a lot of patience in restoring these old cars back to good health," she notes.

Admission to the show is free to the public which is invited to attend, the children as well as older people.

Entries in the annual show are limited to cars vintage of 1942 or older. Judging begins at 1:00 p.m. with the presentation of awards to be made at 3:30 p.m.

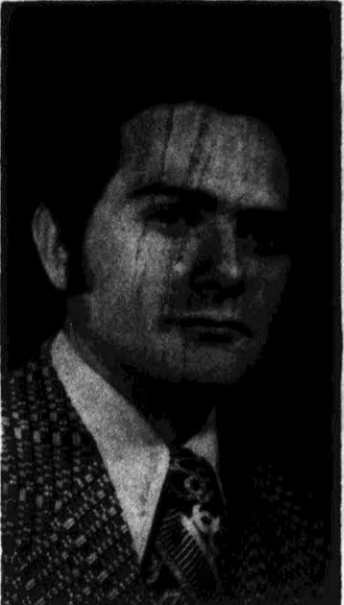

A total of 22 trophies representing different classes will be made to the best costume worn for the occasion.

**MONEY BAG STOLEN**  
HICKORY, N.C. (AP) — A bank deposit bag with more than \$9,000 in checks, bank drafts and cash was grabbed from a credit firm employe on a downtown Hickory Street Tuesday afternoon.

## Guest Here For Revival

Revival services began Monday night at the Evangelistic Tabernacle, located three miles west of Pitt Plaza on 264 By-pass.

The Rev. Gene Kennett is the guest minister for the services, which will continue through Sunday beginning at 7:30 a.m.

Rev. GENE KENNETT

A native of West Virginia, the Rev. Kennett is now pastor of a Pentecostal Church in Erie, Pa. He has recorded several albums including "Thank God I'm Free."

He is active in radio and TV ministries. He helped organize the Gospel Business Men's Fellowship, Erie, Pa.

The public is invited to attend the services. Rev. T. L. Byrd is pastor of the church.

# War Protests Swell In Streets And On Campuses

**By THE ASSOCIATED PRESS**  
Growing protests swirled on city streets and college campuses as antiwar demonstrators by the thousands denounced President Nixon's decision to mine North Vietnamese harbors.

It was the most turbulent outburst since the 1970 protests over the U.S. invasion of Cambodia. Most of the demonstrations started peacefully Tuesday or early today but a number ended with violence and vandalism.

Police in Berkeley, Calif., fired putty bullets from squad cars in a running battle with window-smashing demonstrators near the University of California campus. Protesters on the University of California campus at Santa Barbara tried unsuccessfully to re-fire a bank burned down in the 1970 violence.

Two persons were wounded by buckshot when police broke up a demonstration in Albuquerque, N.M. There were 150 arrests in Gainesville, Fla., where the mayor requested the National Guard be alerted, and 50 arrested in Boulder, Colo.

In Albuquerque, Carolyn Babb Coburn, 22, a University of New Mexico law student, was hit in the abdomen while covering the demonstration for the student newspaper and was reported in serious condition today. The other victim was treated and released.

About 500 demonstrators had blocked Interstate 25 near downtown when police cleared the area with tear gas. The shootings followed but police said there was doubt as to whether police fired the shot.

In the political arena, critics termed the President's action

"reckless," "a high crime" and brinkmanship while supporters praised "a bold move," "a courageous move," "a measured response."

Vice President Spiro T. Agnew told a Republican fundraising dinner Tuesday night at the Ohio Fairgrounds in Columbus that he was "particularly proud of Richard Nixon" for the harbor mining decision.

A crowd of about 350 demonstrators who marched from Ohio State University threw rocks and potatoes at the vice president's limousine as he arrived. The rear window was cracked but Agnew was unhurt.

In Berkeley more than 3,000 demonstrators broke up a City Council meeting where a peace resolution that included aid to a North Vietnamese hospital was narrowly defeated.

The council meeting came after a day of marching in which windows were broken in banks, parking meters damaged and trash fires set in many streets.

After the meeting the crowd surged back down Telegraph Avenue and police began using tear gas and putty bullets, which sting and bruise, to quell the window smashing.

By 2 a.m. police had made 30

arrests and dispersed the crowd.

On the campus at Santa Barbara there were peaceful protests by up to 3,000 demonstrators during the day. At one point they blockaded the runway of a nearby airport forcing officials to divert one flight.

In the evening an angry crowd of 300 tried three times to storm the ROTC building but were driven back by police using tear gas.

Later the demonstrators shoved a flaming metal trash container against the front door of the Bank of America branch that was burned down down

during the 1970 violence and later rebuilt.

The door held, the outdoor sprinkler system came on and firemen finished off the blaze. Five persons were arrested.

On the university's campus at Davis police arrested 61 persons who blocked the Southern Pacific Railroad track on the ground that trains carry war materials.

In Gainesville, the arrests came as riot-equipped police using dogs tried to disperse some 1,000 University of Florida students who had blocked streets during a 10-hour antiwar demonstration around the

campus. "We have requested that the National Guard be alerted," said Gainesville Mayor Richard T. Jones, "but we have not made an official request for troops to be sent out."

Dist. Atty. Stan Johnson in Boulder said the arrests there came when demonstrators blocked the Denver-Boulder Turnpike.

A curfew was declared in Champaign, Ill., after a crowd of students smashed windows in the armory and broke into ROTC classrooms. Nine stores were looted in the campus area.

The crowd formed after a

peaceful rally attended by about 2,500 students. Seven persons were arrested on charges of theft, disorderly conduct or curfew violation.

Approximately 7,000 persons rallied peacefully on the state Capitol lawn in Madison, Wis., marking the University of Wisconsin's biggest antiwar turnout since the 1970 demonstrations.

Many carried candles as clergymen and student leaders called for an all-night vigil. The protesters marched from the 34,000-student campus to the lawn past shop windows boarded up by wary merchants.

At Kent State University,

where four students were shot to death by the National Guard during 1970 protests, a crowd of 3,000 rallied during the evening to protest the President's new move.

Kent police said a splinter group broke from the main rally, hurled rocks and bottles at officers and injured one. They were dispersed by police firing two rounds of wooden pellets in the air.

About 150 demonstrators burned President Nixon in effigy from the flagpole of the Salt Lake City federal building after police used dogs to clear demonstrators from the street in front of the structure.

## To Speak At Friday Meet

Conrad Jenson, former Deputy Inspector of the New York City Police Department, will be the featured speaker Friday, at 7 p.m. at Parkers Barbecue Restaurant to the Christians Business Mens committee, invited policemen, and other invited guests, according to F. L. Little, Jr., Chairman of the organization.

Jenson served over 20 years on the New York City Police Department, rising to the post of Deputy Inspector before retirement. His book, twenty-six years on the losing side, is an account of his years of service as an officer of the law.

A short article he wrote a few years ago "What is a Cop?" has been reprinted and circulated in almost every English speaking country in the world and has been broadcast and televised.

Inspector Jenson has a more solid basis for his hope—the Bible. The Word of God was his chief weapon all the years on the police force, although he is an outstanding marksman with the pistol, and at one time the champ of the Department. "The Work is mightier than the gun," says Jenson, "and the Bible is a moral force, more powerful in its ability to change men than a whole roomful of night sticks."

This meeting is open to the public and anyone desiring to attend may do so by calling 752-2878 by noon May 12.

## 'Programmed' To Be Heavy

ANN ARBOR, Mich. (AP) — Just as some people are destined to be tall or bald certain individuals are "biologically programmed" to be fat, a psychologist at the University of Michigan suggests.

These people, suggests Prof. R. E. Nisbett, have a higher baseline of adipose tissue, or fat cells, than others.

"In other words, obesity represents their normal, or ideal, body composition," Nisbett said recently.

# Vietnam's River Of Sorrow Is At Flood Tide Again

By HUGH A. MULLIGAN  
AP Special Correspondent  
DA NANG, Vietnam (AP) —  
Vietnam's great river of sorrow is at flood tide again as hundreds of thousands of refugees stream out of their homes and villages, away from the enemy, away from the bombings and the artillery barrages.

lovely old French port at the bottom of the 3,000-foot-high Hai Van Pass, the Pass of the Clouds.  
Some never get there at all. The carcasses of two army trucks and a bus that once ran from Dong Ha to Hue to Da Nang lie in deep ravines among a rubble of shattered crates and suitcases, mute testimony to the treacherous curves on the winding, climbing road through the pass.  
A few days ago a wooden and straw junk, loaded with 110 refugees, capsized and sank in a storm along the coast.  
American civilians working

with Vietnamese welfare officials estimate 250,000 persons are trapped in the northern villages between the new front line above Hue and the demilitarized zone.  
Camp Books, which the U.S. 1st Marine Division vacated two years ago, is a ghost town come back to life. Families from Dong Ha and Cam Lo, which the Marines once secured and pacified, hang their washing and cook their noon-day rice in the screened-in barracks still bearing the signs: "Gunnery Sergeant's Hooch," "Exchange Laundry Shop," "Personnel Decon Station," "A

Company Mess Hall."  
For some, from the country, the living is easier than they have ever known: electricity, fresh water, plumbing, housing with tin roofs, wooden floors and screens. Vietnamese public health officers visit the eight military camps reclaimed from the past, lecturing the people on how to use the toilets.  
The best organized refugee center is Camp Land, a former U.S. prison stockade still ringed with watchtowers and 12-foot-high concertinas of triple mesh barbed wire. The camp's self-government committee, meeting in what once was the war-

den's office, has organized bus service into town, schooling for the children and a project of straw-hat-making to raise some community funds.  
On the road into Da Nang, by the old French fort at the top of the Pass of the Clouds, little girls in conical hats sell slices of watermelon and loaves of French bread to the homeless hordes.  
The few personal possessions that the refugees carry on their backs or sling across the radiators show a bizarre and pathetic range of priorities: A large fishing net. An electric fan. Two sewing machines. A bar-

ber chair. A large wooden bed, almost hiding the Jeep beneath it. Two love birds in a cage. A favorite cooking pot. And lashed to the tops and the tailboards of almost every truck winding up through the pass, a tangle of motorbikes and bicycles.  
Everywhere, children of all sizes, the big ones carrying the little ones, mothers breast feeding the infants on the backboards of 2½-ton trucks.  
Da Nang, its population almost doubled by the influx of refugees, has become a vast open central market, where food is plentiful and, for the

moment, money, too. Fresh spring vegetables reached the city just in time to miss being swallowed up by the enemy offensive. There is plenty of rice, thanks to stockpiling after last year's typhoon and floods. All nine bakeries have gone on overtime shifts to supply bread to the refugees under an emergency government program.  
On a temporary basis, Da Nang, its population almost doubled by the influx of refugees, has become a vast open central market, where food is plentiful and, for the

an economic recession, and there are no industries of any kind.  
"The big job will be finding something for the people to do," said a U.S. social worker. "When the money they brought with them runs out, the curbside markets will vanish and everyone will be dependent on government handouts of rice and cooking oil."

# DO YOU HAVE A DOUBT ABOUT THE QUALITY OF OUR "PRIVATE" BRANDS?

We know that some people do.  
They still think that if the price is low,  
the quality must be low.

And they can't understand how  
A&P can sell an A&P Brand for less than the  
top quality national brand... without sacrificing quality.

They overlook three eye-openers:

1. Aside from being the world's largest food retailer,  
A&P is also one of the largest food processors.
2. Even with products we don't process ourselves, we  
buy directly from the producer and eliminate  
many middlemen costs.
3. Every item which bears the A&P name is as good as...  
or better than... comparable national brands.

That last point is rigid policy from which we never deviate  
and is easy for you to prove without risking a nickel.

Just try a shopping-cart full of A&P Brands, now,  
while the big sale is on.

If you're not satisfied,  
we'll give you back every last nickel.

## Rose Rallies To Defeat New Bern, 4-2

By WOODY PEELE  
Reflector Sports Editor

NEW BERN — Rose High School just barely managed to push New Bern into an extra inning yesterday, but when they

did they exploded for three runs and pulled out a 4-2 victory.

The game closed out the road season for the Rampants, who have one game remaining on the schedule. That will be Friday at Guy Smith Stadium in Green-

ville.

New Bern broke a scoreless tie in the fifth inning, but Rose came up with one in the sixth. Then, the Rampants broke it open with their three in the eighth when eight batters went to the plate and even those who

made outs hit the ball hard.

Rose missed out on its first opportunity to score in the first inning. With two away, Randy McKinney singled to center and moved on to second when the ball went through. But he died there.

In the second, the Rampants missed another chance. Bill Lee broke his hitting slump with a cheap double to short right that fell between the rightfielder and the second baseman, each of whom waited for the other to make the catch. Lee moved to third on the first out, but then hesitated to move when Derek Dunn hit a chopper to second, and was then thrown out at home when he did make the break.

The Rampants had their best non-scoring threat in the third. Harding Sugg and Jim McDermott led off with singles to open the third. The next two popped up, however, and then after McKinney reached on an error, a line-drive to the pitcher ended the inning.

Rose again threatened in the fifth. McDermott reached on a fielder's choice and John Barwick singled. But after each advanced on an out, the inning came to an end.

Meanwhile, New Bern had been trying also. In the second, David Land walked and after two were out, Jerry Jones singled to right, moving Land to third. That turned out to be their only threat except in the innings they did score in.

That happened first in the fifth. Van Smith reached on a fielder's choice. He was sacrificed to second and then Gene Austin singled to left, scoring Smith. Austin stole second, but got no further.

Rose came back with a run in the sixth to tie it up. Stanely Cobb led off with a walk and Lee reached on an error. Then, with two out, Sugg singled to left, and Cobb raced home scoring just before the throw from the outfield got Lee sliding into third, making it a 1-1 deadlock.

## Tidrow Begins Warmups Earlier; Then Sticks Around Much Longer

By HERSCHEL NISSENSON  
Associated Press Sports Writer

The baseball strike has been over less than a month but here comes Cleveland's Dick Tidrow starting work earlier so he can stick around longer.

kees 4-2, Oakland swept a twin- nigher from Milwaukee 10-2 and 3-0 and Boston edged California 4-3. Texas and Baltimore were rained out.

Tidrow, a 6-foot-4, 210-pounder who will be 24 on Sunday, began warming up 10 minutes earlier than usual Tuesday night.

Tidrow couldn't have pitched much better. He had a two-hit shutout with two out in the ninth when Lou Piniella homered for Kansas City. After a walk and a single, Steve Minger came on to get the last out.

Tidrow also delivered a two-out single in the eighth inning and Del Unser followed with a homer for the Cleveland runs. Piniella's home run ended a string of 34 scoreless innings by the Cleveland pitching staff.

on a bunt by winning pitcher Ken Holtzman and an ensuing wild throw from right fielder Billy Conigliaro enabling two baserunners and Holtzman to circle the bases.

DUDLEY — Southern Wayne High School pushed over a lone run in the first inning then held on to down Ayden-Grifton's Charger, 1-0, yesterday.

Ayden-Grifton threatened only twice in the game. In the second, their best chance came when Dale Manning tripled. But he failed to make it home.

Then, in the seventh, the Chargers got another man in scoring position. Tom Craft doubled and Donnie Moore followed with a single, but to no avail.

The loss left the Chargers with an 11-6 record in the Eastern Carolina Conference. They are 11-8 overall.

AG 000 000 0-0 4 1  
S. Wayne 100 000 x-1 5 0  
Nelson and Tripp; Hudgins and Smith.

Neither team offered a threat in the seventh, and the game moved to extra innings, and that seemed to bring the Rampants to life.

McKinney opened the frame with a single to left. Cobb followed with a double to right, and McKinney slide home knocking away the ball from the Bear catcher to put Rose on top, 2-1.

Lee, unhappy with his first hit, decided he'd like something better, so he cracked out a two-run homer to close out the scoring, bringing in Cobb ahead of himself. Dunn later followed with a single to center, and McDermott singled to left, but they died there.

Both Larry Dixon, who backed up the centerfielder against the fence, and Harding Sugg, who slammed a long ball to left, hit the ball well in going down, and Barwick, who made the last out,

That may violate the basic rules of unionism but Tidrow won't complain if his prescribed earlier warm-ups enable him to pitch better ... and longer. Tuesday night, the rookie right-hander came with in one out of his first complete game in the major leagues as the Indians shaded the Kansas City Royals 2-1.

Elsewhere in the American League, Detroit downed the Chicago White Sox 5-2, Minnesota beat the New York Yan-

Ed Brinkman's run-scoring single and pitcher Joe Coleman's suicide squeeze bunt gave the Tigers a 2-0 lead in the seventh inning. They added a run in the eighth on Norm Cash's RBI single and two in the ninth on a single by Aurelio Rodriguez and Bill Freehan's infield out.

Minnesota's Jim Kaat, the American league's winningest active pitcher, posted his 171st career triumph with help from Wayne Granger in the ninth as the Twins downed the Yankees despite New York homers by Felipe Alou and Thurman Munson.

Winless Fritz Peterson was saddled with his fifth straight loss as the Twins scored three times in the second inning on a walk, Bobby Darwin's double, an infield out, singles by Phil Roof and Kaat and Cesar Tovar's double.

The A's exploded for the biggest inning in their five-year history in Oakland—10 runs in the fourth—and crushed the Brewers in their opener.

The game was a hurling contest between the two opposing pitchers. Greg Nelson of Ayden-Grifton allowed five hits, struck out 13 and walked two. G. Hudgins, the winner, gave up four hits, also struck out third, and walked one.

The lone run came in the first frame. DeGreche singled and stole second. He moved to third on an out and then scored on Smith's single.

Grif Garner doubled in the sixth, but in each case, none got further.

The winning run finally came over in the seventh. Lucas reached on an error and stole second. He scored when Jimmy Davis was also safe on an error.

## Former Matman Still Battling

TULSA, Okla. (AP) — Ray Murphy can't forget April 11, 1970.

with a respirator machine. But even that's progress.

"That started from nothing" Ray Murphy Sr., his father, noted.

Minnesota's Jim Kaat, the American league's winningest active pitcher, posted his 171st career triumph with help from Wayne Granger in the ninth as the Twins downed the Yankees despite New York homers by Felipe Alou and Thurman Munson.

Winless Fritz Peterson was saddled with his fifth straight loss as the Twins scored three times in the second inning on a walk, Bobby Darwin's double, an infield out, singles by Phil Roof and Kaat and Cesar Tovar's double.

The lone run came in the first frame. DeGreche singled and stole second. He moved to third on an out and then scored on Smith's single.

Grif Garner doubled in the sixth, but in each case, none got further.

The winning run finally came over in the seventh. Lucas reached on an error and stole second. He scored when Jimmy Davis was also safe on an error.

The former Oklahoma State wrestling star, then a graduate student, was competing in an independent wrestling tournament.

"I got picked up and put down on the side of my head," Murphy recalls.

He has spent the last two years in bed—paralyzed from the neck down—because of the accident.

Somewhere in the neighborhood of \$50,000 has been raised to defray Ray's medical expenses—thought to be around \$100,000 so far.

"We don't know how much money has been raised. We have no personal involvement in that," his father says.

Williamston's "B" team gained a 4-0 victory over Bear Grass yesterday as Roy Lilly hurled a one-hitter at the Bears.

Lilly, who had relief from Al Griffin in the seventh, allowed the lone hit, struck out five and walked three. Griffin came in during the seventh to retire the final batter.

The win boosted Griffin's record to 6-0 for the season.

The Tiger Cubs got all of their runs in the sixth inning, when they got two of their four hits off Charles Mobley. Johnny Dickens walked and stole second. Keith Biggs singled, scoring him. Mike Bryant reached on an error and Griffin was hit by a pitch, loading the bases. Danny Whitehurst then doubled, driving in all three runners for the 4-0 score.

## Eastern Wayne Downs Jaguars

FARMVILLE — Eastern Wayne came up with four runs in the seventh innings and gained a 7-3 victory over Farmville Central yesterday.

Eastern Wayne led all the way, gaining the lead in the first inning. Gary Davis singled and scored when Price tripled.

Farmville tried to rally in the bottom of the inning, but could only come up with two runs. Chuck Finklea singled and Wed Wells got a hit. Barry Johnson, Haywood Joyner and Phil Lewis each got walks, forcing in Finklea and Wells, but the rally died there.

Wilson led the Farmville hitting with two.

FARMVILLE — Eastern Wayne came up with four runs in the seventh innings and gained a 7-3 victory over Farmville Central yesterday.

Eastern Wayne led all the way, gaining the lead in the first inning. Gary Davis singled and scored when Price tripled.

Farmville tried to rally in the bottom of the inning, but could only come up with two runs. Chuck Finklea singled and Wed Wells got a hit. Barry Johnson, Haywood Joyner and Phil Lewis each got walks, forcing in Finklea and Wells, but the rally died there.

Wilson led the Farmville hitting with two.

Williamston is now 7-3 on the year.

The Tiger Cubs got all of their runs in the sixth inning, when they got two of their four hits off Charles Mobley. Johnny Dickens walked and stole second. Keith Biggs singled, scoring him. Mike Bryant reached on an error and Griffin was hit by a pitch, loading the bases. Danny Whitehurst then doubled, driving in all three runners for the 4-0 score.

Men's high game and series, Harold Greene, 211, 537; women's high games, Liz Jerome, 188; women's high series, Faye Ewell, 513.

The Horton Davenport duo eventually went on to gain the finals of the tournament before bowing to Lucy Rose and Joan Johnson of Goldsboro, who won the title.

The other Rose entry, Susie Pittman, lost out in her first round play to Jean Barnes of Grimsley, who also gained the finals, but lost to East Mecklenburg's Nina Cloaninger.

# Marichal Drops Fifth Straight Game As Montreal Romps By 7-1

By BERT ROSENTHAL  
Associated Press Sports Writer

Juan Marichal never has had a losing season since joining the San Francisco Giants in 1960. Starting this season, he had the best winning percentage among active National League pitchers with more than one year of service, compiling a .670 mark on 221 victories and 109 losses.

He had pitched 50 shutouts, tops among all active pitchers. He had the third best earned run average in major league history, a 2.94 mark, behind Walter Johnson's 2.37 and Grover Alexander's 2.56.

Now, Marichal is headed for his first losing season. After shutting out Houston 5-0 in the Giants' opening game, he has

lost five in a row, including a 7-1 decision to Montreal Tuesday night.

Elsewhere in the National League, Chicago trounced Cincinnati 7-1, Pittsburgh trimmed Atlanta 5-2, St. Louis edged Houston 2-1, and Los Angeles at New York and San Diego at Philadelphia were rained out.

A complete collapse by the Giants' defense in the sixth inning helped saddle Marichal with his fifth consecutive setback.

The Expos had nicked Marichal for a run in the third on John Boccabella's triple and Tim Foli's sacrifice fly and another in the fourth on Boots Day's RBI single, before scoring four times in the sixth with the help of four San Francisco errors.

Bob Bailey opened the sixth with a single and went to third when Marichal fielded Mike Jorgensen's bunt and threw the ball into center field. Ron Fairly then lofted a fly ball to center field. Bailey held third, but Jorgensen went to second when Dave Kingman bobbled Ken Henderson's relay throw.

After Ken Singleton was purposely passed, Day hit a grounder to second baseman Tito Fuentes. Fuentes booted the ball into right field, allowing all three runners to score. Day then came home on an error by shortstop Chris Speier.

Meanwhile, Mike Torrez checked the Giants on nine scattered hits for his second victory in two decisions, lowering his ERA to 1.40 in 25 2-3

innings. Chicago's Ferguson Jenkins, winner of at least 30 games in each of the past five seasons, hiked his record to 3-2, stopping Cincinnati on five hits. He lost his shutout on Johnny Bench's run-scoring single with two out in the ninth.

Earlier, Glenn Beckert and Jim Hickman drove in two runs apiece for the Cubs and Rick Monday collected four hits, including a homer.

Dock Ellis, making his first appearance since being sprayed with mace in Cincinnati last Friday night during an incident involving a stadium guard, worked seven innings and combined with Bruce Kison for a six-hitter in Pittsburgh's victory over Atlanta.

They got support from homers by Willie Stargell and Dave Cash.

Former Astro Scipio Spinks pitched a six-hitter for St. Louis in stopping his ex-Houston teammates.

The Cardinals scored both their runs in the first inning off Don Wilson.

# Nets Nip Pacers To Tie Series

By MIKE HARRIS  
Associated Press Sports Writer

INDIANAPOLIS, Ind. (AP)—The home court advantage doesn't seem to mean much to the New York Nets and the Indiana Pacers.

Both teams won upset victories on their opponent's courts to move into the American Basketball Association championship playoff, now tied at one game apiece.

The Nets tied it here Tuesday night with a 117-115 victory over the Pacers. The victory came despite a scorching rally in which Indiana scored 16 straight points.

Now the series moves to New York for the third game Friday night and the fourth Monday night. However, neither coach feels the home court advantage will be any more for New York that it was for Indiana.

Pacer coach Bob Leonard said, "We're going to have to go out there and win a ball game or two. It's a five-game series."

He added, "Somebody's going to have to win three out of five."

Lou Carnesecca, Nets coach, said, "It's all even now, and I

don't see where going home is going to be any big advantage to us. When you play Indiana and you get this far, it's just how you play the game, each game."

Both coaches said the key to Tuesday night's New York victory was the play of the Nets' guards, particularly Bill Melchioni.

Melchioni, who missed more than a month of the regular season with a broken bone in his leg, hit 10 of 18 shots from the field and six of eight from the free throw line to total 26 points. He scored 17 in the second half.

Rookie John Roche hit eight of 15 field goal attempts, including a three-pointer and wound up with 18 points.

Rick Barry was the game's high scorer with 29 points, including 10 in the final period. His basket with 25 seconds remaining won the game. He added a free throw with three seconds left.

Center Bill Paultz chipped in 18 points and 15 rebounds for the winners.

The Pacers were led by Roger Brown and George McGinnis with 22 each and Freddie Lewis with 21.

# Mays To Stay; Price Too High

NEW YORK (AP) — Willie Mays apparently won't be coming to New York after all—at least not in a New York Mets uniform.

The Mets said Tuesday that the San Francisco Giants' asking price was simply too high.

"They want players, not money," said M. Donald Grant, the Mets' board chairman. "I told them it was improbable the Mets could provide the personnel they need."

Thus the rumored prospective deal for one of baseball's superstars was cooled in a day.

The Giants reportedly asked for infielder Ted Martinez and one of two pitchers, either John Matlack or Jim McAndrew. The Mets wanted to give the Giants money instead of players.

Grant, however, did not completely close the door on a possible trade.

"I asked Giant owner Horace Stoneham to set up a meeting with Mays, himself, and our people," Grant said. "He promised to do so. He said he will

call me as soon as he reaches Mays. So, I won't know anything until Wednesday."

Grant said that he "wanted to make sure that Mays wants to come here. The most important thing to be developed before any further talks are Willie's reaction to coming to the Mets and the conditions attached to such a move."

Mays said he wouldn't mind closing out his playing career in New York, but was annoyed at the way the situation has been handled.

"I don't want to embarrass the Giants," the 41-year-old center fielder said in Montreal, where he was with the team for a game. "But it seems that they feel differently about it. I think I deserve a lot more respect from them than someone else."

# Rangers Rally To Stall Boston's Rush To Title

By DAVE O'HARA  
Associated Press Sports Writer

BOSTON (AP) — The stage was set for a big celebration. The champagne was well chilled, the Stanley Cup presentation ceremonies were outlined, and cameramen were warned to photograph "only appropriately dressed" players in the Boston dressing room.

Then the New York Rangers, playing a role of gate crashers, ruined the Bruins' party, at least postponing it for another 48 hours.

The Bruins were within just 20 minutes, one period, of whooping it up and either sipping the traditional bubbly or dousing each other with it. However, the Rangers rallied and edged the Bruins 3-2 on a pair of third period goals by Bobby Rousseau Tuesday night, sending the National Hockey League's championship playoffs back to New York for a sixth game Thursday.

Down 3-1 in the best-of-seven series and virtually written off by virtually everyone except themselves, the Rangers stunned the Bruins, although out-shot by Boston by a 38-26 margin.

Asked if the Rangers, who defeated Boston only once in six regular season games, could win three in a row for

their first Stanley Cup in 32 years, New York Coach Emile Francis smiled and said:

"There's still no tomorrow for us. We have to win every game. As for beating Boston three in a row, see me Sunday afternoon and I'll let you know."

Both Francis and Boston Coach Tom Johnson agreed the key came in the second period, when the Rangers managed to halt the Bruins despite a two-man disadvantage while trailing 2-1.

The Bruins enjoyed a 5-3 advantage in skaters for one minute and 29 seconds but were unable to add to their lead because of the defensive play of Dale Rolfe, Brad Park and Bruce MacGregor and the goaltending of Gilles Villeneuve.

Rousseau, held scoreless for 22 consecutive games against Boston and kept on the bench, except for power plays, for two periods, was unleashed by Francis in the finale.

The little winger tied the score when his routine shot broke off Boston goalie Eddie Johnston's left arm and trickled into the net at 2:56 of the third period. Then he scored the game winner at 12:45, taking a pass from Ted Irvine and beating Johnston on a deflected shot.

# Most Pro Cage Teams Profitable

WASHINGTON (AP) — Two economists said Tuesday it was impossible to determine how much profit a professional basketball team is making without more detailed information on the club owner.

"Because of the differences in practice among teams in how the owners take their profits, and because of the difficulties with the data, the stated book profit figures are virtually meaningless," Roger Noll and Benjamin Okner told the Senate antitrust and monopoly subcommittee.

Appearing briefly to answer questions on testimony given last week, the economists, on leave from the Brookings Institution, said an owner's sala-

ry and the use of an automobile, if provided by the club, should be looked on as part of a team's profits.

They said most of the teams in the American Basketball Association and the National Basketball Association are making money, and only "a handful of teams" in the ABA are in danger of going under. But these teams, they said, couldn't make money if the players played for free because of a lack of attendance combined with high overhead.

Sen. Sam Ervin, D-N.C., chairman of the subcommittee holding hearings on a bill that would allow the two leagues to merge, said the subcommittee would adjourn subject to recall by the chairman.

# Young Duvalier Defies Predictions; Retains Power

By ALAN RIDING  
 London Financial Times-UPI  
 PORT-AU-PRINCE, Haiti—Defying all predictions, Haiti's young President, Jean-Claude Duvalier, is still in power one year after the death of his dictator father, Dr. Francois "Papa Doc" Duvalier.  
 At first it was presumed that the 21-year-old president-for-life would soon be swept away by the forces that had been suppressed for so long under Papa Doc; then there was talk that he wanted to abdicate in order to enjoy the family's fortune; and now, on the first anniversary of his taking office, the signs are that "Baby Doc" Duvalier is beginning to enjoy power and its privileges.  
 The year of stability that has followed Papa Doc's death on April 21, 1971 was in fact largely due to the Old Man himself. It is even said that he prepared his son's cabinet list, removing some of the dead wood and

carefully balancing the power groups that might eventually threaten Jean Claude.  
 Sister Only Challenge  
 The formula seems to have worked. The young president's only serious direct challenge has come from his own sister, Marie-Denise, who was Papa Doc's favorite child and had expected to become the real power in the regime. But when Marie-Denise began to complain last summer about the increasing political influence of Luckner Cambronne, the minister of national defense and interior, Jean-Claude and his widowed mother, Simone, agreed that Marie-Denise and her ambitious husband, Max Dominique, would have to go.  
 At the same time, this incident served to strengthen the hand of Cambronne, who has emerged during the past year as perhaps the most powerful person in Haiti. Cambronne, still in his thirties, is a skillful operator

who has managed to set up a massive business empire while climbing steadily within the government.  
 Ruling Triumvirate  
 Today he is the key element in a triumvirate—with Jean Claude and Madame Simone Duvalier—that effectively rules this tiny overcrowded black republic. He has many enemies, but his power is immense.  
 Under Papa Doc, Cambronne was one of the faithful leaders of the feared "Ton Ton Macoute" (TTM) militia, but after the Old Man's death, he was the first to recognize the need to reduce the power of the regional TTM chieftains. Orders therefore went out to the army to begin dismantling the band of thugs about the same time as a new army battalion called "The Leopards" was formed. And by coincidence, The Leopards are being trained and armed by a Miami-based private company of American veterans which has

been employed by Cambronne. Cambronne has therefore succeeded in eliminating the "Ton Ton Macoute" and has replaced it with a military force that is loyal to him. The minister's business interests stretch into almost every money-making activity in Haiti.  
 The present institutional structure of power, with the president still formally issuing all decrees and making all decisions, is cumbersome and it has been suggested that the post of prime minister be created. At present only Cambronne could occupy that position, but it may well be that even his power and reputation are still inadequate for such a move.  
 The other main force in the cabinet revolves around the Raymond brothers: Adrien, who is foreign minister, and Claude, who is army chief of staff. They both have better reputations than Cambronne,

but their political positions are weaker. They—and Fritz Cineas, the 33-year-old minister for information and coordination—could be seen perhaps as the "new generation" of Haitian leaders. At the same time, of course, they are by definition committed Duvalierists.  
 Opposition Weak  
 Ironically, none of the Haitian exiles—neither those who returned to Port-au-Prince after Papa Doc's death nor those who remained abroad "to continue the struggle"—have had any impact on political events during the past year. The anti-Duvalierists in the United States and Europe were sparked into forming a single committee last year, but this has done little more than maintain the daily "creole" radio broadcasts into Haiti from the nearby Bahamas. Similar broadcasts also come from Moscow and Havana.

The most important changes for Haiti have come internally and, in some cases, they have even taken place despite the new regime. There is unquestionably an improved political atmosphere and there is no longer a reign of terror. The economy is improving, foreign aid is returning and tourism is once again on the rise.  
 However, much of this has been a simple reaction to the 14 years of horror under Papa Doc. People are certainly less afraid to discuss politics today, but there is no freedom of the press or of public expression, and political prisoners still languish in jail.  
 In other words, the Duvaliers and their cronies remain in power and if they are not as authoritarian as in the past it is partly because they do not enjoy the absolute power of Papa Doc and partly because blood-spilling is bad for business.

Economy A Disaster  
 The economy remains a disaster and Haiti's five million inhabitants are still by far the poorest in the Western Hemisphere with a per capita income of only about \$70 per year. The agricultural sector, on which most of the population depends for survival, was driven to collapse by atrocious government under Papa Doc and the peasants are more illiterate, more hungry and more diseaseridden today than they were 15 years ago.  
 But in the tiny money economy, centered around Port-au-Prince, there have been signs of life. Light industry has been coming to Haiti in the past three years to take advantage of cheap labor. Exports of such items as baseballs, computer parts, and textiles were worth about \$15 million last year. In 1971, tourism also returned to its 1955 peak of about 90,000

visitors and the recent winter season was probably the best ever, although enormous investment is needed to revive the industry after years of neglect.  
 Given the grimness of the past, the first year of the second Duvalierist era was a time of relief and there even appeared some genuine popular affection for the fat young student who is president. But the future remains confused. If Jean-Claude is to remain in power, as seems likely now, there must be a restructuring of the institutions of government.

# Highly Sophisticated Mining Devices Off N. Viet Harbors

By ROBERT A. DOBKIN  
AP Military Writer  
WASHINGTON (AP) — The hundreds and possibly thousands of underwater mines dropped by U.S. Navy planes to seal North Vietnam's ports are highly sophisticated devices unlike the old iron contact mines familiar to World War II sailors.

The new mines can be triggered by a variety of means and are equipped with timing devices much like an alarm that both automatically arm and deactivate them.

The timing is determined before the mines are air dropped into the sea.

With President Nixon allowing a three-day grace period for foreign vessels to safely leave North Vietnam's ports, the mines were set to become

armed after 6 a.m. EDT Thursday.

The U.S. Navy formally notified all shipping of the mines Tuesday afternoon, saying any ships sailing the affected waters "must do so at their own risk."

Once dropped into place, military officials believe the North Vietnamese will have a difficult time clearing the mines from their waters. The mines are hard to detect and difficult to disarm. Hanoi has but four mine-sweeping naval vessels, far too few to have any significant effect, the officials say.

However, the Soviet navy has over 300 minesweepers. But it was not known whether Moscow will send them to Hanoi's aid. If the ships are sent it's expected that the United States would simply lay more mines.

The mines weigh about 1,000 pounds each and can be dropped from virtually any Air Force or Navy bomber-type aircraft.

Mines used by the United States during World War II were relatively simple devices—spiked iron balls which exploded on contact with a ship. Since they floated on or just below the water's surface, they were often easily detected.

The mines now being seeded in North Vietnamese waters either lay on the muddy bottom or are suspended by cable at various depths, waiting for passing ships to trigger their powerful explosive charge.

The three principal types of mines in the U.S. arsenal are:

- Acoustic mines that explode when the noise of a ship's propeller comes within range.
- Magnetic mines, normally used in shallow water, that detonate when a ship passes overhead interrupting its magnetic field.
- Pressure mines, also used in shallow water, that explode when the mine senses a change in water pressure created by a passing ship.

### After Today, It Goes To Family

WASHINGTON (AP) — The pay earned by Americans this far this year goes to the federal government. After today, though, it's all in the family.

The Chamber of Commerce reported today that the average American wage-earner will pay the equivalent of his salary through May 10 in federal taxes.

# Points To Financial Savings In Preventive Dental Hygiene

MYRTLE BEACH, S.C. — The average dental patient can save a good deal in dental costs throughout the years if he practices a good home program of preventive dental hygiene, Dr. M. W. Aldridge of Greenville told members of the South Carolina Dental Association.

Dr. Aldridge pointed out, "The dental patient has the primary responsibility in preventing dental disease. The dentist can repair damage caused by previous disease and teach methods of preventing recurrence, but the patient and only the patient is able to actually control the disease process." He further explained that this is true because "only the patient has the opportunity for daily mouth care."

He said that periodontal diseases — diseases that affect the gums and other soft tissues

in the mouth — are the greatest cause of tooth loss in adults.

He explained that "dental plaque, an invisible substance that harbors bacteria and clings to the teeth, is the major culprit in both periodontal disease and tooth decay. The important part of home oral hygiene is to disrupt plaque formation once a day, so it does not establish a foothold in the mouth."

The chief tools in preventive home care are a toothbrush, dental floss, and disclosing tablets," he said. "Dental floss should be used to clean the spaces between the teeth which the toothbrush can't reach. Its use must be taught under supervision on consecutive days for best results."

He added that "up and down brushing as has been taught in the past is inadequate to remove the plaque at the crevice, or

little trench, running all around each tooth. The bristles of a soft brush must be inserted into this crevice and gently 'jiggled' back and forth to disrupt the bacterial accumulation.

"Disclosing tablets are used to identify plaque in the mouth," he explained. "These tablets are made of a harmless vegetable substance that stains plaque red. After chewing the tablet, the patient can examine his teeth to determine where they still need brushing and flossing to completely remove plaque. These may be used once a day for a while to learn just how to keep the mouth plaque-free. Afterwards he may want to check on his technique periodically by using the tablets. "Even the most preventive-oriented patient needs professional help periodically," he added.

### Suggests Love A Passing Fad

PENANG, Malaysia (UPI) — Dr. Ooi Kee Wan, past president of the Panang Rotary Club, suggested at a recent club luncheon meeting that marriage bureaus be set up throughout Malaysia because "romantic love may be just a passing fad."

He believes the age-old method of matchmaking is more suitable for Asians because both parties can weigh the pros and cons before entering into marriage. Marriage bureaus, he said, could provide a wide choice of candidates for pairing.

In 1971 there were 590 Sunday newspapers in the United States.

# Advisory Board Shows Interest

At a two and one half hour meeting by 21 of the 36 members of the Citizens Advisory Committee, a resolution was passed to send to the Greenville City School Board thanking them for their recent action in adopting a 1972-73 budget in which previously deleted items had been reinstated.

mented.

Greenville City School Superintendent Dr. Cleet C. Cleetwood, at the invitation of the committee, was on hand to answer questions about the needs and specific requirements of the proposed new middle-junior high school.

Vice-chairman Virgil Clark reporting on the meeting, said that a copy of the resolution had also been sent to the Pitt County Commissioners, with an indication of the committee's support. Clark said committee members have expressed to the commissioners their wholehearted support of a budget that will help fill the need of quality education.

Another action taken by the committee was that of authorizing a letter to be sent to the City Council on the subject of the appointment of a new school board member to replace Mrs. Robert Kittrell, who has announced her intention to resign in June.

"We realize the City Council is taking due consideration of the person to be appointed," Clark said. "Our letter is simply an expression of our interest in the appointment, showing that we are looking forward to the appointment of someone dedicated and with the ability to perform the task."

Noting that a number of citizens elected to the committee are not taking an interest in attending, Clark said that by laws and rules are being considered relative to attendance. "We feel there is a need to have positive rules and a need for positive action for members who do not attend," Clark com-

## Senior Citizens Month In N.C.

May is Senior Citizens Month in North Carolina, according to a proclamation by Gov. Robert W. Scott, and May 21-27 is Senior Citizens Week in Pitt County, County Commissioners chairman Charles P. Gaskins has declared.

Gaskins said, "There are 5,236 senior citizens in Pitt County who have contributed greatly to the development and progress of this county. They should be given the continuing opportunity to achieve their maximum potential for useful and effective participation in the mainstream of community life."

## Allocate Funds For Road Work

RALEIGH — Pitt County has been allocated more than \$21,500 for a secondary road construction project, it was announced this week.

The project includes .5 of a mile of grading, draining and pavement on secondary road 1266 from highway 1200 to dead end and on highway 1272 from secondary road 1266 to pavement.

# Friction Marks Demo Precinct Conventions

CHARLOTTE, N.C. (AP) — The Democratic party's internal reform, combined with the determination of supporters of Sen. George McGovern to use it to back their presidential candidate, wreaked havoc on Charlotte's precinct caucuses Tuesday night.

At least one fight was reported as the McGovern supporters, mostly young and liberal, turned out to elect themselves delegates to the Mecklenburg County convention May 27.

McGovern's Charlotte coordinator, attorney Ken Essex, 29, said reports coming to him indicated McGovern sympathizers had taken at least 40 per cent of the seats to the county convention.

Ed Graham, McGovern's coordinator for the Southeastern states, said similar efforts were highly successful in other urban areas of North Carolina.

Official tallies were not expected until Wednesday or Thursday. The selection of delegates to the Democratic national convention begins with delegates selected in the precinct caucuses, who go on to county and then congressional district conventions.

Essex said McGovern supporters had little trouble in dominating many of the precinct conventions, which are usually attended by only a handful of party regulars. In Precinct 2 it was another story, however.

Precinct chairman Grady Cole, 64, had his regular supporters—mostly gray-haired and conservatively dressed—ready to conduct a normal meeting. But a coalition of blacks, who supported Shirley Chisholm, and long-haired youths favoring McGovern showed up to contest Cole's plan.

They quickly elected 29-year-old UNC-Charlotte teacher Patricia Rea chairman, ending Cole's eight years in that post.

Conflicts quickly arose over whether Miss Rea would then take over the meeting, and how many blacks were required to be on the precinct committee under the Democrats' new proportional representation rules.

As tempers neared the boiling point, Cole chomped on his cigar and announced the meeting was adjourned and another would be called for next Tuesday night. Shouting and cursing erupted.

Cole and his 25 supporters began to walk out, trying to take the precinct lists with them. A group of the opposition suddenly jumped up and tried to seize the lists.

Chaotic fighting ensued. Witnesses said Cole grabbed one man around the neck and his son Edward emerged nursing a bleeding hand he said was torn by someone biting him. Police were called but no arrests were made.

Eventually, Cole and his followers made their way outside, denouncing the "militant takeover," and Miss Rea continued the meeting inside, electing a coalition of Chisholm and McGovern supporters.

AIRPORT GRANT — WASHINGTON (AP) — A \$9,000 grant to develop a master plan for a proposed Harnett County airport at Erwin, N.C., was approved Tuesday by the Federal Aviation Administration.

# Utilities Customers To Get A New Type Of Bill

The customers of Greenville Utilities Commission will begin receiving a new type bill this month, due to a recent change-over of customer's billing from manual billing machines to data processing.

The customer consumption data will be typed into a local terminal and sent via telephone to a large scale computer based in Charlotte. There the bills will be calculated and printed, then returned to Greenville by courier for mailing.

"The Commission decided to computerize the billing

department," said Charles Horne, Director of Utilities, "because our present equipment had become too outdated to handle the 20,000 accounts we must bill each month. The IBM computer will be shared with other North Carolina cities; however, all the cities will be able to use the computer at the same time. We are using this type "on line" system because it will give us the same advantage as having an in-house computer, without the high costs normally associated with owning and operating your own computers."

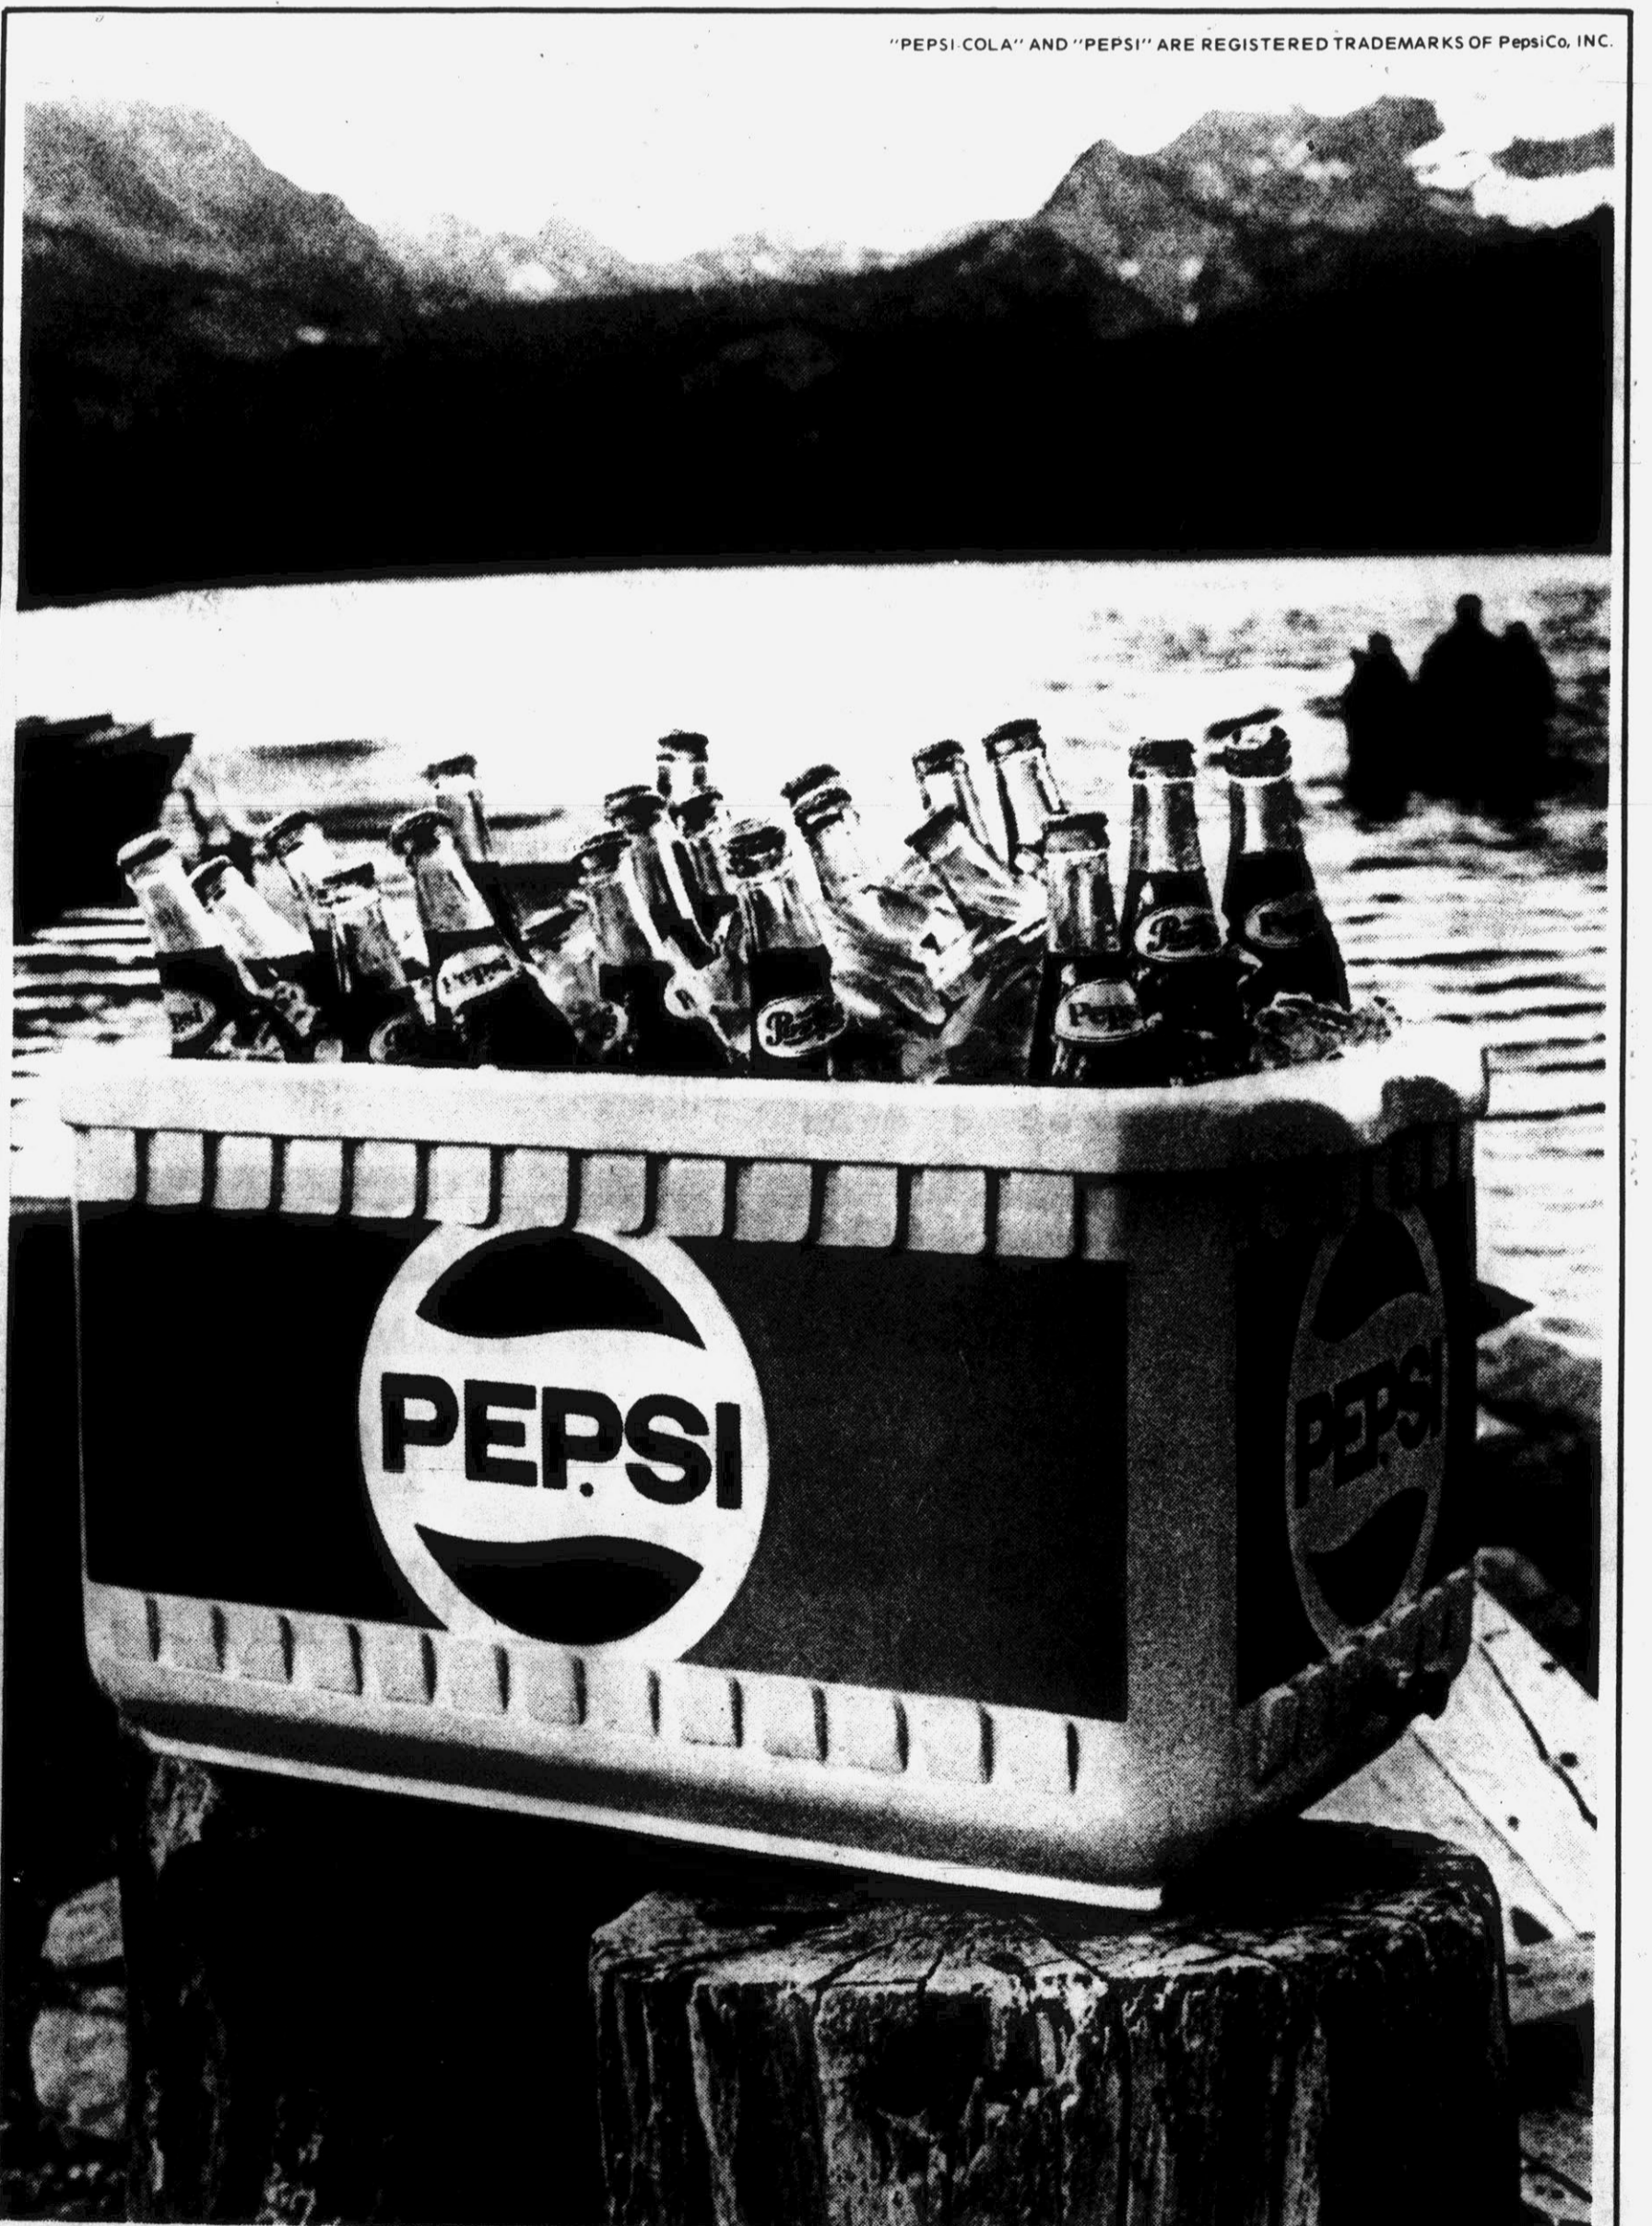

In addition to billing, the computer will be used to post payments, to store customer history, and to quickly supply our personnel with information necessary to answer customer inquiries.

During the month of April, the computer ran "parallel" to the billing department's manual operation in order to "get the bugs out." All computer functions have been corrected and occasional human errors in posting of data to the 20,000 accounts each month have been greatly reduced.

The bidding:  
South West North East  
1 Pass 1 NT Pass  
4 Dble. Pass Pass  
Pass

Opening lead: King of ♣.  
South was a shade short of the requirements for a demand bid, however when North kept his one heart call open by responding with one no trump, he placed no further pressure on partner and jumped directly to four hearts. West's double, although somewhat resourceful, should have netted him a profit on the deal.

West opened the king of clubs and the ace was played from dummy. In the absence of the double, the hand would have appeared purely routine, for with a normal division in hearts—South has 10 top tricks, six hearts, three diamonds, and one club. If diamonds divide according to normal expectations—once trumps are drawn—declarer can overtake the jack of diamonds with North's queen on the third round of that suit and discard two spades on the long diamonds to score two overtricks on the deal.

West's double strongly suggested that the latter held a trump trick, however, and his failure to lead the king of spades originally indicated that he did not have both of the top honors in that suit. Declarer observed that his spade holding presented a potential hazard, for if West shifts to that suit when he gets in with the ten of hearts and East holds either the ace-jack or king-jack of spades, the defense will be able to cash three tricks to set the contract.

In order to put his opponent to an early guess, South led a small heart from the dummy at trick two and simply covered East's four with

the eight—permitting West to win a cheap trick with the nine. Being somewhat suspicious of declarer's apparent generosity, West was not certain how best to proceed. He cashed the ace of spades first to observe his partner's reaction. North followed with the four, East the three, and South with the five.

Altho the deuce of spades was missing it was by no means certain that East held that card because declarer could have been false carding from the K-5-2. After considerable soul searching, West decided to play his partner for the ace of diamonds and in an attempt to obtain a ruff in that suit, he shifted to the five of diamonds. South was in with the king and proceeded to draw four rounds of trumps, discarding dummy's clubs and one diamond. The ace of diamonds was cashed and when West showed out, this was the position:

**NORTH**  
♠ Q 10  
♥ Void  
♦ Q 8  
♣ Void

**WEST**      **EAST**  
♠ 9 6      ♠ K J

♦ Void      ♦ 10 9  
♣ Q 10      ♣ Void

**SOUTH**  
♠ 8 7  
♥ 6  
♦ J  
♣ Void

South led the six of hearts and discarded the ten of spades from dummy. East could not afford to part with a diamond, for that would enable declarer to overtake the jack with the queen and cash North's eight for his 10th trick. East reluctantly gave up the jack of spades, but now South played the jack of diamonds and then exited with a spade. East covered dummy's queen with the king but was obliged to surrender the last trick to the queen of diamonds.

Had West not released the ace of spades and exited instead with a trump when he is in at trick two, South cannot develop a profitable end position. East retains a small spade to discard as the last trump is led and then West can put up the ace when South exits with a spade cash the queen of clubs on which East sluffs the ten of diamonds. The king of spades scores the setting trick.

## Selected For School

Miss Kimberly Simpson, daughter of Mr. and Mrs. Everett C. Simpson, has been selected to attend the Summer Leadership School at Mars Hill College this summer.

The Rose High student, originally from New Bern, will attend the Mars Hill special summer school from June 11 through July 21.

Kimberly, a member of Immanuel Baptist Church, notes her major hobby is playing the piano, which she has been studying for five years.

She is also a flute player in the Rose High School Band, and is a member of the French Club, a marshall, a Girl's State nominee, and participates in a Pitt Technical Institute Research program.

The 16 year old student is, in addition, a member of the National Honor Society, and is active in the Youth Group of her church, as well as being a member of the Council for Christ.

# HOMES FOR AMERICANS

**RANCH ON A SLAB:** This three-bedroom home, with 1,330 square feet of habitable area, would fit well almost anywhere. A concrete slab floor and brick veneer exterior eliminate the usual painting worries. The kitchen and dinette separates the family room and dining room. Storage space is provided in the garage. Plan HA72ZY was designed by architect Herman H. York, 99-04 161st Street, Jamaica, N. Y., 11432. Information on blueprints may be obtained by writing the architect.

FORECAST FOR THURSDAY, MAY 11, 1972

## CARROLL RICHTER'S HOROSCOPE

from the Carroll Richter Institute

**GENERAL TENDENCIES:** The morning finds you able, with care and thought, to put in motion some new arrangement that does have elements of risk or danger connected with it. However, the evening becomes very good for down-to-earth and practical matters that require a new and more expansive approach.

**ARIES (Mar. 21 to Apr. 19)** Morning is the best time to handle any personal affairs that are important, since you have to spend the p.m. seeing that important higher-up. Get busy with practical matters in the afternoon. Pay bills.

**TAURUS (Apr. 20 to May 20)** If you plan early what you will do all day and p.m., you get excellent results and fine benefits. Put that new plan to work where entertainment is concerned. Originality is the keynote.

**GEMINI (May 21 to June 21)** Morning is ideal for talking over new and old ideas with good friends and getting right slant on them. Know just how to get information you want. The afternoon is fine for working on new project.

**MOON CHILDREN (June 22 to July 21)** Handle that new project carefully during the day. Later you can join with good friends for social activities. Bigwigs now appreciate your finest talents. They go out of their way to help you advance.

**LEO (July 22 to Aug. 21)** Unobtrusively go after that good pal who has influence and gain the backing you want for some personal desire that is yours. Consult with an adviser and get the ideas and information you need, also. Forget pretentiousness.

**VIRGO (Aug. 22 to Sept. 22)** Get that obligation behind you as fast as you can so you free time for a new project or plan of real importance to you. Show you are broad-minded and get right results with it. Avoid gossip.

**LIBRA (Sept. 23 to Oct. 22)** Cement better relations with a partner in a.m., so you can carry through together efficiently with jobs ahead. Find the right way to get more affection from mate. Show you are thoughtful.

**SCORPIO (Oct. 23 to Nov. 21)** Morning is excellent for catching up on work ahead of you, but evening is fine for making better plans with associates. Buy that new suit or dress you like and need. Show you are style conscious.

**SAGITTARIUS (Nov. 22 to Dec. 21)** You want an end to worry and some entertainment, but await the evening for the latter. Get some talent working to your benefit in the afternoon. Lift your spirits before you step out tonight.

**CAPRICORN (Dec. 22 to Jan. 20)** Don't take any chances where some family matter is important, or you will regret it later. Do some entertaining at home in p.m. You can investigate that new outlet during the day and start on the road to success.

**AQUARIUS (Jan. 21 to Feb. 19)** You have excellent plans for becoming more efficient and therefore more successful. Make appointments for calling your finest talents to the attention of the right people. Gain the support you want.

**PISCES (Feb. 20 to Mar. 20)** Show you understand finances very well and do whatever will add to your present income now. Some expert in business gives good ideas, advice. Listen carefully and make notes so you do not forget salient points thereof.

**IF YOUR CHILD IS BORN TODAY**... he or she will be one of those interesting young people who is full of impatience and it is important for you to teach early to complete whatever has been started so the work habit is formed while young. There is much ability in this chart, but it requires guidance and organization to bring it to the fore. Corporal punishment should be avoided at all cost, or you ruin the fine potential here. Kindness does the trick here admirably.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

## May is 'Clean Sweep Month' For Greenville

The month of May has been declared "Clean Sweep Month" in the City of Greenville by Mayor S. Eugene West.

In the proclamation, the mayor pointed out that the people of Greenville "live in an area endowed with natural beauty." He also notes that "the people of Greenville recognize litter, junk, and deteriorating buildings detract from this natural beauty" and that because of this, he feels all citizens are "interested in improving the community for the health, happiness and prosperity

of our citizens and visitors." In proclaiming May as "Clean Sweep Month" Mayor West "encourages all civic minded individuals and groups to join together in projects and activities that will make Greenville a cleaner, more enjoyable place to live."

## Gospel-Singing Set Saturday

**BELL ARTHUR** — A gospel singing will be held at the Arthur Christian Church Saturday, May 13, at 7:30 p.m.

The program will feature the Chordsman Quartet from Clayton. The public is invited to attend.

# Stock And Market Reports

**RALEIGH (AP) — (NCDA)** North Carolina egg markets steady. Supplies fully adequate. Demand fair to good. Prices paid producers and handlers for consumer grade eggs in cartons delivered near by outlets:

Grade A large whites: 37-38  
Medium, whites: 36-32  
Small, whites: 26-29

**RALEIGH (NCDA)**—North Carolina hog markets today are 25 to 75 cents higher. Tops of 24.50 to 25.00 at Rocky Mount; 23.25 to 24.25 at Kinston, New Bern, Benson and Lumberton; 23.00 to 24.00 at Tarboro, Siler City and Denton; 23.25 to 23.75 at Bethel; 23.50 at Salisbury.

**RALEIGH NCDA**—The North Carolina hen market today is generally steady. Supplies fully adequate and demand fair. Heavies at-farm 13 cents per pound to 14 cents, mostly 13. F-o-b plants mostly 16. Light type at-farm 4 1/4.

**NEW YORK (AP)** — Investors sought out bargain-priced stocks today, pushing the stock market higher along a broad front. Trading was slow, however.

The 11:30 a.m. Dow Jones average of 30 industrial stocks was up 4.74 at 929.86.

Advances led declines by nearly 2 to 1 among issues traded on the New York Stock Exchange.

## Study Asked Of Big Bail

**RALEIGH (AP)** — North Carolina Sen. Sam Ervin and the U.S. Commission on Civil Rights have been asked to look into the \$50,000 bail set for black activist James Earl Grant, convicted last month on a conspiracy charge.

The request for a study of the "deeply disturbing" bail figure came from the Rev. W. W. Finaior of Raleigh, chairman of the North Carolina Advisory Committee to the commission.

Finaior said Tuesday the bail "raises serious questions in light of the constitutional protection against excessive bail."

Grant and another activist, Ben Chavis, were tried in U.S. Eastern District Court last month. Grant was convicted and Chavis acquitted. Grant is appealing his conviction and 10-year sentence.

He is being held in Wake County jail under \$50,000 bond. District Judge John Larkins set the bail and ruled that Grant would have to pay all of it instead of the usual 10 per cent.

Finaior said the high bail would only help confirm minority group suspicions that "political structures often operate not in the administration of justice but for the purpose of controlling and impeding those who seek for greater justice and opportunity within the social order."

## New Offers For Recruits

The Greenville Army Recruiting Office has announced a new enlistment program, with SSG George Washington and David Huges to head up the information phase for the Greenville area. In this program, Army veterans who want to return to duty with the Regular Army can now do so with a change in enlistment rules just announced by the Department of the Army. Army recruiters have further details on the revised standards including those which apply to former officers and warrant officers.

A new Delayed Entry Program (DEP) is available to Women's Army Corps enlistees. The DEP enables a woman to delay her active duty service for up to 180 days after her enlistment. This means, for example, that a June high school graduate may secure her future by enlisting in the Women's Army Corps, then take a summer vacation before going on active duty.

High school graduates between the ages of 18 and 35 are eligible for the program, and may enlist for a training option of choice.

## Busy Month For Firemen

During the month of April a total of 20 fires involving 25 alarms have been reported for Pitt County by the county's fire marshal, Bobby Joyner.

House fires led the list, with seven in number. Buildings other than houses accounted for four of the fires; there were three each automobile fires and grass or woods fires, one commercial firm fire, two in the miscellaneous category, and five mutual aid fires.

Mutual aid fires are those in which one or more of the county's 18 fire departments go to the aid of another department in fighting a fire.

The value of loss due to fire during the month of April has been estimated at \$97,900. Total property involved or immediately adjacent to the 20 fires amounts to \$213,375.

Three of the county's fire departments — Farmville, Falkland and Winterville each responded to four fires during the month.

## Jail Man In Holdup Case

**BETHEL** — A 20-year-old Tarboro man was taken into custody by law enforcement officers here about 4 p.m. yesterday and charged in connection with a 1:45 p.m. armed robbery at Hyman's Esso Station about five miles West of Bethel on U.S. 64.

Alvin Lee Jenkins was placed in jail under a \$2,500 bond and a hearing in the case was set for May 30, according to Sheriff Ralph Tyson.

Jenkins, the Sheriff said, allegedly entered the store and with a coat over his hand took about \$25 from the store. Mrs. Jody Hammond Bryant, Tyson noted, was working in the store at the time of the robbery. Twenty-seven dollars in cash was recovered.

In addition to Pitt County sheriff's deputies and Bethel Police officers Pitt ABC enforcers and officers from Edgecombe and Martin Counties participated in the search for the suspect.

## Alligator Was Too Friendly

**COCOA, Fla. (AP)** — A banana-loving alligator named Alley has become a bit too chummy with the pupils at Saturn Elementary School.

So school officials, figuring there might be a slip twist the banana and the toothy gator's lip, have decided to fence in Alley and keep him away from the youngsters.

Alley lives in a canal a short distance from the school along with another gator. Gordon Crouch, an assistant school superintendent, said children go to the canal and call, "Here, Alley. Here, Alley. They slap the water to get him, then feed him their bananas and lunch sandwiches."

One first-grader recently fell into the canal while attempting to catch an alligator and had to be rescued by a school employe, Crouch said.

# The Worry Clinic Efficiency In 'Horse Sense'

Marvin has the "horse sense" outlook of Boy Scout leaders everywhere. And his suggestion about a high school course on "Applied Medicine" would be a great boon to our already overtaxed taxpayers. Note the inefficiency under federal health insurance!

By GEORGE W. CRANE, Ph.D., M.D.  
Case T-574: Marvin C., aged 42, is a Boy Scout leader.

"Dr. Crane," he began, "I

remember you once wrote a column on the need to teach practical medicine in high school.

"You said such a course was not intended to make doctors out of the pupils.

"But it was merely to give them more 'horse sense' regarding many aches and pains that now send them running to physicians.

"Maybe such a course would also eliminate the need for the

costly federal health insurance plan that Senator Kennedy urges.

"For I understand his plan would tap us taxpayers for \$77 BILLION the very first year! "And when foreign countries made their estimates for the first year of such a program, the costs actually turned out to be double.

"So how can we avoid complete bankruptcy for Uncle Sam unless we can eliminate the need for these expensive vote-buying gimmicks of our politicians?"

Practical Medicine  
Marvin is correct in saying the actual costs of federal health insurance become almost double the estimates.

If Senator Kennedy thus suggests a first year estimate of

\$77 billion, then we might be saddled with \$154 BILLION of new taxes in 12 months!

Where do you already oppressed taxpayers think you could scrape up that extra money for Uncle Sam at income tax time?

To show the wanton waste under national health insurance, just look to normally efficient Germany.

There the average hospital stay for a simple tonsillectomy is from 21 to 24 days.

Here in America a child may come to the hospital the night before; then have this tonsils out next morning, and possibly remain overnight.

Thus our present efficient system is almost 10 times as good as that under federal health

insurance. In England, after a tonsillectomy is suggested for your 8-year-old (since that is called "elective" or voluntary surgery), the waiting time is 10 years before available space at the hospital is ready.

So the 8-year-old then gets his diseased tonsils removed when he is 18! Some efficiency? Since 85 percent of medical patients will get well, IN SPITE OF WHAT WE PHYSICIANS DO FOR THEM, then it is high time to include a course on "Practical Medicine" at the high school level.

At present, the Boy Scouts are almost the sole source of medical "horse sense" for laymen.

High Schoolers, like Medical

Corpsman in the Military Services, can often exceed physicians in their skill at handling ailments.

In fact, some dental specialists now urge that girls, not only clean teeth, but also prepare the cavities for the D.D.S. to fill!

Teen-agers can thus learn that fever under 105 degrees is an aid to recovery and thus should NOT be banished with aspirin, despite modern TV commercials!

Heart patients can also use the oxygen in the air to better advantage those first few minutes than to wait for an ambulance, for the air is 20 per cent oxygen and that is the main lifesaver in coronary attacks.

Symptoms of common ailments can easily be memorized by high schoolers. Dr. Benjamin Rush, signer of our Declaration of Independence

## Lawn Event At Library

A special program focusing on Folklore Around The World is scheduled for a lawn event at Sheppard Memorial Library on Thursday.

Miss Helen Parker, Children's Librarian, has announced that this event, to begin at 4:00 p.m. and to continue until approximately 5:00 p.m., is geared primarily to upper elementary and junior high school students. The program will be under the direction of Miss Jane Cunningham, a teaching fellow. Assisting her will be students of Library Science Class 206 of East Carolina University.

The program will center on story telling with emphasis on folklore of Alaska, Nigeria, Japan, Ireland, and the Sioux Indians of America. Records will also be used.

The dozen students taking part in presenting the program are Patricia Smith, Grace Teedin, Judy Dowd, David Atkinson, Dianne Sellers, Cam Budd, Allen Hall, John Simpson, Rebecca Taff, Dwan Hardister, Brenda McCoy, and Lamonde Walters.

## Officers Named For FHA Club

Debra Daniels has been named president of the Future Homemakers Club for the 1972-73 school year at D. H. Conley High School.

Other officers named include: Edith Smith, vice president; Debra Taft, secretary; Gwen Suggs, historian; Daphne Simpson, reporter; Jackie Costin, parliamentarian; Debbie Manning, photographer; and Carolyn Stocks, song leader.

The FHA motto is "Toward New Horizons" and the Conley Chapter has used this motto in all the activities of the chapter this year.

The members plan to attend a workshop at East Carolina University July 24-29 for FHA members.
