

Mission To Salvage Skylab Is On Way

CAPE KENNEDY, Fla. (AP) — Three American astronauts rocketed into orbit today on an unprecedented mission to salvage the crippled Skylab space station and make it their orbital home for a record 28 days.

Riding with the all-Navy crew of Charles Conrad Jr., Dr. Joseph P. Kerwin and Paul J.

Weitz were hopes they can repair this nation's first orbiting station and save the \$2.6-billion project.

A Saturn 1B rocket blasted off its launch pedestal at 9 a.m. EDT to start the astronauts on what could be a marathon journey.

Ten minutes later Mission

Control reported they were safely in orbit more than 100 miles high.

The 85-ton space station had passed over the Cape Kennedy area minutes before launch and when the astronauts achieved orbit it was some 2,500 miles northeast of them.

With mission commander Conrad at the controls, the Apollo ferry ship was to execute a series of maneuvers over 7½ hours to track down the target at more than 17,100 miles an hour.

Once there, they will examine damage caused when a heat shield was ripped away during

the launch of the laboratory 11 days ago, exposing the lab to the extreme heat of the sun.

They'll determine how best to erect a sunshade to cool the overheated lab and decide if they can free a jammed solar panel to produce more electrical power.

If they succeed, their mission could signal a new era in which the United States shifts emphasis from space exploration to space exploitation, intended to benefit mankind in many ways.

Conrad, 42, Kerwin, 40, and Weitz, 41, were up early for their big day, rising at 3:45 a.m. for the traditional astro-

nauts' launch day breakfast of steak and eggs.

After a brief physical examination, Dr. Royce Hawkins, a space agency physician, reported "the crew slept well and they look good."

Technicians helped them into their white spacesuits with bubble helmets and the Ameri-

can flag emblazoned on the sleeves.

As they left the crew quarters, they smiled and waved at a group of newsmen and space workers. They boarded an air-conditioned van for the short drive to the launch pad and rode elevators to the spacecraft level.

Assembly Gave Itself A 'Tomorrow' To Do Things

By ROBERT B. CULLEN Associated Press Writer RALEIGH (AP) — Benjamin Franklin had an appropriate adage for the 1973 North Carolina General Assembly: "Never put off until tomorrow what you can do today."

The 1973 legislature's most historical accomplishment, its decision to move to annual sessions, was also a cause of its many failures as a productive body. The

decision to have a 1974 session gave the legislators a "tomorrow" to put things off until.

In its 97 days, the legislature enacted a total of 943 bills. But only a handful of them will have a significant impact on the state.

The most important changes will come from the budget. It includes money to begin establishment of a statewide kindergarten program to be complete in

1978.

There is more money than ever before for parks, mental health, prisons, and teachers. There is also \$7.5 million set aside as a "reserve fund" and a not-too-subtle hint to the University of North Carolina Board of Governors that the legislature wants a medical school at East Carolina University.

Aside from that, the legislature passed only a few bills that will affect the life of

the average North Carolinian.

The reinsurance facility replaces the assigned risk plan, into which 30 per cent of the state's drivers fall. Though it removes the "stigma" of assigned risk it will not result in any significant savings for the motorist.

Liquor by the drink could become a reality if the voters approve it in a referendum this November that was authorized by the legislature

after the anti-liquor Christian Action League gave it the go-ahead.

They did pass a bill which could be of great importance to farmers, allowing them to pay property taxes on the value of their land for farming, rather than its potential commercial or residential value. The bill could brake the trend of growing cities to gobble up green land on their perimeters.

A bill that could have a significant impact on politicians and bureaucrats, the highway department reorganization bill, was passed. It will replace the Highway Commission with a smaller Board of Transportation, assisted by a

Secondary Roads Council.

It will also give the legislators a more direct input into the road-building process and establish a formula for allocating secondary roads funds, which serve as political plums that the Democrats were unwilling to

give to Gov. Jim Holshouser without a fight.

It remains to be seen, of course, whether the reshuffling will make the state's roads any better.

More important to the average man, however, is

Burglars Just Followed Orders

By LAWRENCE L. KNUTSON Associated Press Writer WASHINGTON (AP)—A member of a prominent Republican family and a zealous foe of Cuban communism say they involved themselves without question in the Watergate affair because they were trained to "follow orders."

The ultimate origin of those orders remains a major unanswered question of the Watergate scandal.

But the directives led Cuban-born Bernard L. Barker on a midnight search through Democratic party headquarters in the Watergate, and former FBI agent Albert C. Baldwin III to a lookout and wiretap listening

post across the street.

Both were members of a team described ruefully by Barker Thursday as having become "the best-known burglars in the world."

Barker told the Senate Watergate investigating committee he was looking for proof that the government of Fidel Castro, a government he fought at the Bay of Pigs, was funding Democratic campaigns. He did not find it, he said.

Baldwin, a member of a prominent Connecticut family, said he was looking only for a good, steady job. He did not find it.

It was the fifth day of hearings in the crowded Senate

Caucus Room and five spectators were forcibly ejected by police, one after shouting that he was a candidate for president.

After that, security increased and six uniformed policemen, backed by an unknown number of plainclothes detectives, were stationed around the marble-walled room at all times. Scores of other policemen stood by outside.

There were predictions security would be tightened even further when the seven-member committee reconvenes on June 5.

There were emotional moments throughout the long day of testimony from the three

men who sat at the brown-felt-covered witness table under banks of hot television lights.

—Gerald Aich, the lawyer who represented convicted Watergate wiretapper James W. McCord at his trial, offered to take a lie-detector test as proof of his truthfulness in claiming McCord lied to the committee and slandered him personally.

—Baldwin, who was a government witness at that trial, said his family has been disgraced as a result of the duties he performed for the Committee for the Re-election of the President, a job he said included keeping the log of a wiretap on high Democratic officials.

—And Barker, a veteran of the disastrous CIA-organized invasion at Cuba's Bay of Pigs 12 years ago, denied he was ever offered executive clemency or influenced to plead guilty. He said he and those he recruited acted only in the interests of American national security and of obtaining help for the liberation of Cuba from Castro.

"I personally was convinced at the time, and I am today too, that what I did was correct," Barker said.

In denying any offer of executive clemency, Barker's testimony was in contrast to that of James W. McCord Jr., another Watergate burglar, who said he had discussed such promises with Barker.

DEATH SCENE. . . The driver of the motorcycle, wedged between the front and rear wheels of this farm tractor, was killed when the two vehicles

A 21-year-old motorcycle rider was killed yesterday when the vehicle he was driving collided with a farm tractor eight-tenths of a mile West of Greenville on N. C. 43.

Pitt County Coroner and Medical Examiner E. W. Harvey said Robert Edmond Hill of 1025 Evans St. died instantly of head injuries as a result of the crash.

Highway Patrolman S. F. Padgett said Hill was traveling toward Greenville-road testing a motorcycle for a dealer for whom he worked—and was attempting to pass a farm tractor driven by William Junior Rodgers, 53, of Route 1, Greenville, when the tractor made a left turn into a driveway.

The motorcycle crashed into the tractor, lodging between the

front and rear wheels.

Trooper Padgett, who noted a solid yellow line—indicating no passing—was in the East-bound lane of the highway at the site of the crash, said investigation of the 4:35 p.m. collision is continuing.

The Highway Patrolman listed the motorcycle as a total loss and set damage to the tractor at \$200.

Poppy Day Observance Scheduled For Saturday

POPPY DAY IS HERE AGAIN . . . and Miss Margaret Register, chairman of the 1973 Poppy drive, displays the familiar red crepe paper poppies against Mayor S.

Eugene West's lapel. The poster in the background is one of two winners in a children's Poppy Day poster contest. (Reflector Staff Photo)

May 26, 1973, to be Poppy Day in the City of Greenville. I strongly urge that all citizens observe this day by wearing a memorial poppy," mayor West said.

Margaret Register, Poppy Day chairman for the auxiliary, said this patriotic observance has been held in Greenville for many years. Since the American Legion and Auxiliary originated the idea of Poppy Day after World War I, the program has had two basic objectives: to serve as a memorial for the nation's war dead and as a tribute to all disabled veterans.

According to the auxiliary, the familiar red crepe paper poppies have been made by disabled veterans in hospitals throughout the country this year. All

donations received will go directly to either veterans or members of their families.

To help tell the story of memorial tribute and of aid to some one who needs a helping hand of understanding, Post No. 39 of the American Legion Auxiliary in Greenville held a Poppy Poster Contest during the month of April.

Winners of the two cash awards were Brenda Brown and Robert Green. Both seventh grade students in Mrs. Ilmar Nobles' room at Stokes-Pactolus Junior High School. These posters will be used in a window display in a downtown store for Poppy Day by Miss Register and her committee.

It said the rationing is necessary because of a six-day delay in returning its huge Lima refinery to service. The plant was shut down April 27 for scheduled maintenance and Sohio said workers "will need at least a week more to bring the plant back into full operation."

Sohio controls about 25 per cent of the state's gasoline market.

Baccalaureate

The Rose High School Baccalaureate service will be held Sunday afternoon at 2 p.m. in the school gym.

Principal Robert Allgood said Father Charles Mulholland will be the principal speaker at the baccalaureate program, while other local ministers will have scripture reading and the opening and closing prayers.

Graduation exercises for the 400-plus seniors who will receive degrees this year will be held June 1 at 8 p.m. at Ficklen Stadium, or in case of rain, at Minges Coliseum.

Requests Granted

All four public hearings held by the Greenville Board of Adjustments last night resulted in the requests being granted, with no objections on any of them.

The hearings were as follows: a request for a variance by the Greenville Development Company. The petitioner desired to obtain a variance from Section 32-80 of the City Code in order to construct a house on Lot 5R in the Higgs Subdivision. The property is zoned for R-6 usage.

N. G. Raynor requested to use the structure located on the southeast corner of Fourteenth Street and Greenville Boulevard as a kindergarten. The property is zoned for R-9 usage.

Mrs. Jean S. Morgan asked to use a portion of the structure located at 2815 Jefferson Drive for a beauty shop. The property is zoned for R-9 usage.

Moore-King-Sullivan Oil Company Inc. wanted a special use permit to place additional storage tanks on the property located at 2121 Myrtle Avenue. The property is zoned for highway commercial usage.

Standard Oil To Ration Gas

CLEVELAND, Ohio (AP) — The Standard Oil Co. (Ohio) has announced that because of an extended refinery shutdown it will ration gasoline to all customers, effective immediately and continuing through June.

The announcement Thursday said retail sales will be limited to 10 gallons per purchase for all classes of vehicles at company-operated service stations. Wholesale purchases will be limited to 75 per cent of the amount purchased at this time last year, the company said.

Sohio controls about 25 per cent of the state's gasoline market.

It said the rationing is necessary because of a six-day delay in returning its huge Lima refinery to service. The plant was shut down April 27 for scheduled maintenance and Sohio said workers "will need at least a week more to bring the plant back into full operation."

Ask Your Fireman

The Greenville Fire Department received an unusual call—in fact the first call of its kind—yesterday.

The young female voice on the other end of line wanted to know how to empty her water bed.

"Punch a hole in it..." was the first thought of the answering fireman, but he knew a better solution could be found. The young East Carolina University co-ed said she had been unable to get the bed to drain by sucking on the end of a garden hose.

Fire Department officers finally helped with the solution to the problem.

They went to the Lewis Street address. . . found the distressed girl attempting to drain the bed with a 25-foot long hose.

Firemen filled the hose with water first, then put one end of the line out the window and the 400 gallons of water drained away.

Power System Damaged During Electric Storm

Thursday night's severe electrical storm caused several problems within the Greenville Utilities power system, according to director Charles Horne.

greater than normal. Power was out in the area about 30 minutes, he said.

The director said that there were a number of minor

problems throughout the system, mostly involving blown fuses. He noted that considering the severity of the storm, the system "faired pretty well."

Legion Memorial Services Sunday

Sunday has been designated as Memorial Day for American Legion Post 39 of Greenville.

The Memorial Day service will be held at 4 p.m. Sunday at the American Legion Home on St. Andrews Street. The Rev. Alvin Davis, pastor of Trinity F.W.B. Church, will bring a special message for the occasion.

Sammy Pittman will bring special music from the Trinity F.W.B. Church Choir. A flag ceremony will conclude the program.

Legionnaires and auxiliary members will carry out a grave decoration program, placing American flags on the graves of veterans buried in Greenville and Pitt County.

Norman W. Wilkerson, program chairman, announced the program will be held outside on the lawn of the post home. In

Marine Needs Help: He Wants To Wed Cousin

By Abigail Van Buren

© 1973 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: I am nearly 21 and am presently serving in the Marine Corps. I have read your column in the Stars and Stripes all over the world and think you might be able to help me. I have heard that first cousins aren't allowed to marry because if they do their children will not be right. Is this true?

For the last two years my first cousin and I have been seeing each other. I am not going to say that nothing serious has happened between us because that would be a lie. I am sure she loves me as much as I love her, but I guess we are both afraid. We just don't know what to do.

I would appreciate any information you can give me on the subject of cousins marrying, because we really are in love with each other.

Please don't mention the state we are from because we don't want our families to know about this yet.

YOUR FRIEND IN THE U. S. M. C.

DEAR FRIEND: First cousins MAY marry in some states, but I think you and your cousin should see a doctor, let him evaluate your family medical histories (on both sides) and get his opinion on the advisability of such a marriage should you want children.

DEAR ABBY: An unusually attractive and sophisticated-looking woman, probably in her late 50s, lives in my apartment building. She wears no wedding ring and does not seem to work. We sometimes pass each other on the way out of the building, in the elevator, or coming in.

It's such a large building that I don't know where she lives. Any ideas about how to find out her name?

INTERESTED BACHELOR

DEAR INTERESTED: Introduce yourself, ask her name, and suggest coffee or something. If she's interested in you, you won't need a road map. If she's not, you aren't out anything.

DEAR ABBY: My daughter was married several months ago. Because of the circumstances, there was no wedding or reception. She and her fiance just went away and got married. [They jumped the gun and had to get married before they had planned to.]

I didn't make up any lies. I just accepted things as they were. She married the young man she had been going with for two years and they are very, very happy.

Am I right in thinking that friends and relatives should send her some kind of gift? I send wedding presents to brides whether they had a wedding or not. Some of my relatives say she doesn't "deserve" a gift. Why? Because she didn't have a big wedding?

Please give me your opinion. DISAPPOINTED MOM

DEAR MOM: A gift should not be a "repayment" for a wedding and or a reception. It should carry with it the message, "Enjoy this—it is sent with love and best wishes."

CONFIDENTIAL TO "VIRGO" IN YAKIMA, WASHINGTON: Even tho he claims he doesn't have a "real" marriage, he will have to get a real divorce before he is free to marry you. Talk is cheap, but time is precious, and it's my view that you have already wasted too much time on him.

Problems? You'll feel better if you get it off your chest. For a personal reply, write to ABBY: Box No. 69700, L. A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Hate to write letters? Send \$1 to Abby, Box 69700, Los Angeles, Cal. 90069, for Abby's booklet, "How to Write Letters for All Occasions."

Kids Improve On Classics In Piano Study

By VIVIAN BROWN
AP Newsfeatures Writer

Seven-year-olds improving on Mozart? Genius at the piano? Perhaps — eventually.

Meanwhile the exposure of youngsters to composers is part of the highly successful concept of piano teaching devised by Dr. Robert Pace, a professor of music education at Teacher's College, Columbia University.

"Children learn best creating their own musical idea," he explained. "Instead of saying 'you ought to like Mozart,' I am trying to say 'what does the sound of Mozart mean to you?' He may do it in 20th-century fashion by adding some dissonance. Meanwhile he is getting the fundamentals of music but he is using his technique to express himself rather than to please someone ..."

Pleasing the piano teacher is what has been wrong with piano instruction all along, in the opinion of Pace, who believes group instruction and the child's improvisations are the keys to keeping little ones interested. Individual instruction is not only hard on teachers with its tedious repetition, it is a lonely existence for the pupil. Boring, too.

"Usually a little child is creative until he gets close to the teacher. The more we teach, the more they become interested in satisfying us. They will express themselves when they understand that technique is the means of helping to express oneself better."

A child will learn to enjoy the piano as he notices his progress rather than practicing piano because of threats or promises of reward. And he will understand what the difficult piece of music he has been asked to play is all about.

Fingerwork is the most wasteful kind of instruction, in the opinion of Pace, who is in charge of keyboard instruction at Teacher's College, and is also director of the National Pi-

ano Foundation which trains teachers for music workshops.

"Jazz, rock, folk music have shown that young people can be innovators in music," he remarked. "Folk songs have inspired many great composers — Beethoven, Bartok ... The guitar has been a good instrument because kids could make simple chords, but creativity could be even more meaningful with the piano because you can do more with it."

The Pace method used in hundreds of schools teaches fundamentals in groups of eight to 12. Youngsters are paired to reinforce each other—each child teaches himself and his peer. And he learns that growth motivation succeeds with honest criticism given constructively. For example, a youngster tells his partner that his tempo should be faster. He does not tell him he is dragging.

In three years youngsters know their four types of triads which are not normally taught

until college. They learn basic harmony, ear training, sight reading and how to write a melody by ear. They learn all major chords. And they learn to play without looking at the keys—like touch typing, Pace explains—because "The eyes cannot focus in motion and the child is likely to get three notes behind if he must look at the keys."

"Children have a fantastic number of tries for each success. They stumble, fall and rise again," he said.

Piano can be learned at any age but if you wait until college to learn theory it might become a mental block, explained Pace, whose program is also given in colleges.

A graduate of Juilliard School of Music — he was a scholarship pupil of Josef and Rosina Lhevinne — Pace is on sabbatical from Teacher's College where he has been teaching for 20 years. He pilots his own plane to keep up with his busy schedule of concert pianist, composer, lecturer and teacher training programs.

Good Sign in Employment Data

A bright spot in the local economy is indicated by the fact that unemployment reached a low for Pitt County during the month of April.

Jim Hannan, manager of the Greenville Employment Security Commission officer reported that Pitt County new claims dropped from 359 to 263 for the month of April.

The greatest improvement came in the construction trades where unemployment claims dropped by 50 percent.

Hannan reported construction unemployment

was running at only 1.3 percent for the month. This he said, was probably due to improved weather conditions.

Highest unemployment was in tobacco at 11.9 percent, which is not surprising for this time of the year.

In other categories unemployment was running from .5 percent to 4 percent.

Hannan also reported that for each month of 1973 fewer workers have been unemployed in Pitt County than for the corresponding month of 1972.

All-in-all the report indicates that things are improving so far as employment of our work force is concerned in Pitt County. These are hopeful statistics, for when employment is higher everybody benefits—including all citizens of our area and the businesses which serve them.

N.C. Manpower Scene Changes

By BRYAN HAISLIP

RALEIGH — More white collar jobs and fewer farm workers are in the manpower picture for North Carolina in 1980.

More than one million new job opportunities will be created in the decade of the '70s, over one-half of them to fill replacement needs due to death or retirement, and the remainder to meet demands of economic expansion.

Employment projections indicate an annual average increase of 2.3 per cent for the state, greater than the expected national rate of 1.9 per cent.

These are among highlights from a study of Tar Heel manpower needs recently completed by the Employment Security Commission of North Carolina. Based on current and past trends, it projects industry and occupational employment requirements for the future to the year 1980.

A projection is not the same thing as a prediction, reminded Donald A. Brande, director of the ESC Bureau of Employment Security Research which produced the study.

Tool For Planners

What the study shows is the direction in which the state is moving, not necessarily where it wants to go, he cautioned. Its purpose is to serve as a tool for planners and educators, he explained, in their efforts to set goals and shape the course of the future.

"This report is not a policy document," said Brande. "A projection is similar to a forecast in that it indicates likely occurrences; however, unlike a forecast, it is not a prediction."

Manpower projections constitute part of a continuing process aimed at aligning job demand and supply, Brande said. As a resource for the community college system, for example, it can be used to develop training programs and direct students to fields of opportunity.

Increasing sophistication in manpower research will provide data which is current, detailed and sensitive to trends, said Brande. Just this month, he reported, the Occupational Employment Statistics program is being implemented to survey 6,000 non-manufacturing firms on

their job status.

N. C. A Leader

North Carolina is one of 21 states involved in the OES program, a federal-state cooperative venture.

The state has stayed in the forefront in efforts to analyze and estimate employment patterns, Brande said. This spring, his department produce a study on manpower projections to 1980 for the Charlotte Standard Metropolitan Statistical Area, composed of Mecklenburg and Union counties.

The North Carolina manpower projections to 1980 is based on the 1960 census. A revision, incorporating 1970 census findings, is in process but will take a year to 18 months for completion.

By 1980, according to the study, North Carolina will have civilian work force of 2,835,000, compared to 2,269,800 in 1970. The unemployment rate is expected to drop from 3.8 to 3.5 per cent, resulting in an employment level of 2,735,800 at the start of the next decade.

Agriculture alone among the major industry groups will not show job growth over the period, the report said. A drop of nearly 36 per cent in farm workers is expected.

Textiles Still Tops

The textile industry will remain dominant as a Tar Heel manufacturing employer, and by 1980 over one-third of the nation's textile workers will be employed in North Carolina.

The projection of 316,500 textile jobs at the end of the decade is based on an annual growth rate of 1.2 per cent.

The apparel manufacturing industry, the state's second largest, had a projected 5 per cent annual increase, rising to 122,345 by 1980, compared to 74,910 in 1970.

The study looked for increases in other major manufacturing industries, with the exception of tobacco. By 1980, it is expected to need fewer workers than in 1970.

By broad occupational categories, the report said white collar workers will rise from 36.5 per cent to 39 percent of total employment; blue collar workers from 45.8 per cent to 46 per cent; and service workers from 11.8 per cent to 21.1 per cent. In contrast, farm workers will decline from 5.9 per cent to 2.9 per cent.

Brande said the study is based on the assumption that the North Carolina economy will follow the national economic trend of moderate growth, that the state's pattern of growth will not vary greatly from the past 12 years, and the technology will require more sophisticated and better trained workers.

Deserving Honor For Service To Greenville

William W. Speight was named "Citizen of the Year" by the Chamber of Commerce and Merchant's Association at the organizations annual meeting Wednesday night.

The honor is most deserving. Speight has put service to his community above all else in the 20 years that he has been a part of Greenville and Pitt County. Our area is a better one because of his efforts.

To The Editor:

The North Carolina Medical Association endorsed a policy at the State Medical Society Meeting at Pinehurst on Tuesday, May 22, 1973, opposing the construction of a four-year medical school at the East Carolina University in Greenville, North Carolina.

Dr. Lennox Baker, orthopedic surgeon, and Dr. Edgar Beddingfield, past president of the Medical Society and leader in the ECU forces, along with other supporters, failed in their attempts for approval. This does not mean the case is hopeless. It is voiced opinions of dissenting members. The medical associations have no competition; therefore, the matter lies in the business and political arenas of North Carolina.

The Brody Brothers of Kinston and Greenville, North Carolina, along with their brothers in South Carolina have given \$100,000 to this venture. These men are among the most successful business men in the entire South. They also have a brother who is a medical doctor and they have the background, know how and the inside information on the validity of this subject. It is this information and business acumen that is now sorely needed to get this school.

The Duke Medical School, The Bowman Gray Medical School and the Medical School at the University of North Carolina, at Chapel Hill were not the fruits of the professional leaders. They are the fulfillment of North Carolina's great business leaders who made these profits in our tobacco crops, the only commodity that now carries the disapproval stamp of The Surgeon General.

This medical school is sorely needed by the public and this profession. The arguments against just don't hold water. America's love for its own, with the help of its business leaders will see this venture successfully concluded, and on that you can depend.

To The Editor:

We recently moved to Knoxville from Greenville. While there, we lived in Cherry Oaks subdivision and our daughter attended first grade at W. H. Robinson Primary School.

I just wanted to write and tell you what a very fine school I think it is and especially what an exceptional teacher Mrs. Judith Budacz is. I have never seen a more dedicated and competent teacher. She spent many, many hours of her own time preparing stimulating and eye-catching bulletin boards and very attractive charts for the children. She encouraged the parents to call her at home if we wanted to discuss our children and she always gave us all the time we wanted when we did call.

I'll always be grateful to her for the excellent beginning she gave my little girl. She really is an outstanding teacher and human being, as I observed many of the teachers there to be.

I'd like to add that I think Mr. Blanie Moye and Mr. Glenn Strickland are very capable. There's a certain atmosphere of friendliness and cooperation in that school that I've never noticed in any other. I think the people of Pitt County should be proud of that staff, as I'm sure they are.

TRUE WORTH

On one of his musical tours, John Sebastian Bach wrote some of his finest pieces dedicated to the Margrave of Brandenburg, a nobleman who collected original music as some people collect art of coins. But the Margrave so little appreciated the genius of Bach that when he came to catalog his music collection he not only omitted any mention of Bach's dedication but did not even acknowledge Bach's authorship of the pieces. Had it not been however, that these compositions by Bach, later known as the Brandenburg Set, became tremendously

famous, the name of the Margrave would have faded into insignificance. The only significant thing he ever did in his life was his sponsorship of Bach.

Vain, empty-headed people generally do not appreciate the value of the things they have. But at the long last, the world appreciates quality. The Margrave of Brandenburg looked very imposing 225 years ago and Bach looked very insignificant. Time has reversed their positions, and it will continue to perform this function.

USE SOME OF YOUR OWN ENERGY---WALK!

By ART BUCHWALD

A Guard's Lonely Job

WASHINGTON—I was walking by the White House the other night when I heard an anguished cry from inside. "Alger Hiss. Where were you when I needed you?"

I thought nothing of it and walked a few more steps. Then I heard the same voice again. "Where were those college bums when I needed them?"

A guard standing by the gate asked, "Can I help you, sir?"

"Theat voice coming from inside. It's so eerie."

"Aye," he said, "it's been going on for weeks now. It does give you the willies."

"Who's in there?" I asked.

"Nobody. The house is empty."

"Empty?"

"Aye, they all moved out. There's nobody there."

"But the voice. I heard a voice."

"That you did. They say the place is haunted, and full of ghosts."

I heard the voice again. "Ehrlichman, Haldeman, Kleindienst, Gesundheit."

"Do you believe in ghosts?" I asked the man.

"After what's been happening around here for the last two months, I don't know what to believe any more. I reported the voice to my superiors, and they told me to

forget it. They said if anyone asked me, I heard nothing."

"You mean it's another coverup?" I asked.

"I just follow orders. They say it's a matter of executive privilege, and I can't talk about anything I've heard here, even if it's a ghost who has done the talking."

"It must be lonely work."

"Aye, that it is. Sometimes when the fog rolls in the Rose Garden, I think I heard the U.S. Marine Band playing 'Hail to the Chief.' Once I saw the White House guards marching in their old uniforms."

The voice came out loud and clear again. "Martha, Martha, why have you deserted me?"

"The voice sounds so familiar," I told the guard.

"That it does. It's somebody I know, but I can't make out who."

"I'm sure it isn't Lincoln."

"And it isn't F.D.R.," the guard said.

"Lyndon Baines Johnson had more of a twang in his voice."

The guard scratched his head. "It beats me."

"When did they board up the house?"

"About three weeks ago. It seems after all the trouble, they couldn't get anyone to work here. The secretaries were frightened, and after the big shots left no one would take their place. So they closed it down and moved to Camp David."

The voice again: "In our lives let each of us ask—not just what government will do for me, but what can I do for myself?"

"You don't have any grass on you?" the guard asked.

"No, I'm sorry I don't. Why do you ask?"

"I don't know. You hang around here for a little while, and pot kind of makes you forget what's going on. Tell you the truth, mister, I really

The Pitt County Board of Education will meet in the office of Donald Conley, director of public instruction, this afternoon to consider the eight months' school law passed by the last General Assembly. The new legislation calls for reorganization of every school system in the state as well as redistricting of all schools.

Greenville men returning from a visit over the vast area of fertile lands of this part of the state declared farmers are growing more actual food crops than any other period of history.

Thirty students graduated from the Ayden High School Tuesday night in the final program of the school commencement.

 what the legislators did not do. They did not pass the Equal Rights Amendment to the U.S. Constitution, contributing to a national wave of resistance to the women's liberation measure.
 They did not bow to lobbyists and Gov. Jim Holshouser and repeal the soft drink tax. Nor did they reach any decision on whether to restructure the state's tax system, pulling more revenue from income taxes and less from sales taxes.
 They did not reach any decision on a wide range of bills which were held over until next year, including no-fault insurance, coastal land management, criminal code revision, a state parks cor-

poration and bond issue, and reorganization of several state departments.
 Almost all of the legislators believe this was a hard working session and would not blame the postponements on dalliance. "I don't want to take anything away from the leadership," said one legislator, "but we really suffered from lack of a Democratic governor."
 The legislator, who did not want to be identified, was himself a Republican. He was saying that Gov. Jim Holshouser, the first GOP governor in modern times, simply could not pull the legislature's Democratic majority behind too many innovative programs.
 Holshouser did manage to win enactment of large portions of his program, particularly in appropriations

for education. He did it by the expedient of having Democrats introduce and sponsor his bills, most of which were not too different from programs that many Democrats have long advocated.
 He also managed to avoid being crippled by a raft of bills which were designed to take away his patronage powers and vest them in the legislature.
 But on the most divisive bills, like no-fault and coastal zoning, there was no strong gubernatorial hand available to cajole and browbeat enough legislators to form a majority.
 Thus, when the interest groups pushing legislation stalemated, as the insurance companies and lawyers did on no-fault, or the dairy farmers and milk processors

did on the milk commission, the result was legislation postponed, legislation weakened, or legislation killed.
DollarUp, Gold Price Sees Drop
 LONDON (AP) — Improved U.S. foreign trade returns sent the dollar up in European foreign exchanges today, and the price of gold fell.
 Washington on Thursday announced America's first foreign trade surplus in 18 months in April. That sent the dollar up almost a penny at the opening in Frankfurt, up more than three centimes in Paris and up nearly three Swiss centimes in Zurich.
 In London, the pound sterling dropped more than a cent to \$2.5335.

Elliot Richardson Will Be Sworn Into New Job

By MIKE SHANAHAN
 Associated Press Writer
 WASHINGTON (AP)—Elliot L. Richardson, to be sworn in today to his fourth important post in the Nixon administration, says as attorney general he will seek to reverse a trend toward "sleaziness" in American government.
 In becoming the nation's top law enforcement officer, Richardson said, he wants a return to a time when individual rights took precedence over the methods of police work. He said wiretapping was one example.
 Richardson met with newsmen Thursday on his last day as defense secretary. A kind of utility man for President Nixon, Richardson has served as undersecretary in the State Department and secretary of health, education and welfare.
 As the third attorney general in little more than a year, Richardson succeeds one man indicted on federal charges and another who quit because of close ties with some of those implicated in the Watergate scandal.
 One of Richardson's first decisions will be selection of a successor to former acting FBI director L. Patrick Gray, also driven out by Watergate disclosures. The current FBI head is William D. Ruckelshaus, former administrator of the Envi-

ronmental Protection Agency, who intends to serve only temporarily.
 Richardson, 52, already has chosen Archibald Cox, once his teacher at Harvard Law School, as special Watergate prosecutor to investigate the case.
 But beyond Watergate, Richardson said Thursday he thinks that by greater emphasis on individual rights he will be able to restore confidence in "the law enforcement process" and thus in government generally.

Anesthetized By Acupuncture

WASHINGTON (AP)—A 30-year-old woman was anesthetized by acupuncture when she gave birth to a healthy baby boy through cesarean section, her doctors say.
 The operation Thursday was believed to be the first time the Chinese practice was substituted for chemical anesthetics for such an operation in this country.
 "In terms of my own physical reaction, it's just beautiful," said Mrs. Barbara Goldstein of Potomac.
 After two previous cesareans using anesthetics, Mrs. Goldstein said she had felt uncomfortable and doped up for days. "I feel 100 percent more comfortable than I did the other two times," she said.

GENERAL TENDENCIES: Not a Saturday to take any chances, since possible depression, delays and many obstacles are in the path of your desires. Try to be philosophical and casual in what you do, expecting some hindering conditions so you will not get upset when it takes a while for things to work out as you wish. Keep cool, poised.

ARIES (Mar. 21 to Apr. 19) You have much to do that could bring in benefits so don't feel sorry for yourself and complain, but get busy. See that utilities, etc., are in fine working order. Duties done today can save much time later.

TAURUS (Apr. 20 to May 20) Avoid that friend today who is acting in an obtrusive way, and go after your aims with vim and vigor. Take a rain check on that invitation, since the social is not for you now. Make notations of good ideas.

GEMINI (May 21 to June 21) Make sure you do not jeopardize your position with bigwigs by doing something thoughtless, either in career or home affairs. Pay that bill instead of worrying about it. Show that you are conscientious in all that you do.

MOON CHILDREN (June 22 to July 21) Read through those periodicals that will give you the information you need, but use a new slant for best results. Better avoid one who wants to charm you out of your belongings. Use tact.

LEO (July 22 to Aug. 21) You had better keep the promises you made to others instead of going out for fun, which is better relegated to another day. Use diplomacy with mate if you want more cooperation. An angry word could lead to trouble, real trouble.

VIRGO (Aug. 22 to Sept. 22) Cut your conversations short with a partner or serious arguments could result. That civic work you have to do should be done in a clever fashion. Don't permit others to put one over on you.

LIBRA (Sept. 23 to Oct. 22) Patiently get at that work that is boring but which has to be done so you have more harmony around you. Beautify surroundings for greater happiness. The evening is good for going out to the theater.

SCORPIO (Oct. 23 to Nov. 21) That plan for greater prosperity is not working out as yet, so get into light pleasure you like instead of fretting about it. Take the time to dress fastidiously. Avoid one who gets on your nerves.

SAGITTARIUS (Nov. 22 to Dec. 21) Learn to keep calm in the face of noise and other disturbances at home, otherwise you could become a bundle of nerves. Make improvements at home that could include insulated rooms. Be practical.

Award Honor To Five Teachers

Five Greenville City Schools teachers have been named the Year Award Trophy. Five Outstanding Elementary Teachers of America for 1973. Nominated by their principals earlier this year, the teachers were selected for this honor on the basis of their professional and civic achievements.

Those named include: Betsy West and Richard Wilkerson of Elmhurst Elementary School; Vivian W. Johnson, Karen L. Ciampa and Marilyn W. Love, teachers at Wahl-Coates Elementary School.

Outstanding Elementary Teachers of America is an annual awards program honoring distinguished men and women for their exceptional services, achievements and leadership in the field of elementary education.

These educators are now eligible to receive the Out-

standing Elementary Teacher of the Year Award Trophy. Five \$500 unrestricted grants will also be awarded to the schools represented by America's five outstanding elementary teachers.

Guidelines for selection include an educator's talents in the classroom, contributions to research, administrative abilities, civic service, and professional recognition.

Stock And Market Reports

RALEIGH (AP)—(NCDA) — Gold issues, weak Thursday North Carolina egg markets were steady to stronger Thursday.

Supplies adequate, demand generally good. Weighted average prices for small lot sales of consumer grade eggs in cartons delivered nearby outlets: Grade A large whites: 58.65; medium whites: 54.72; small whites: 48.13.

RALEIGH (NCDA)—North Carolina hog market today mostly steady to .50 higher. 37.00-37.50 Rocky mount. 36.25-37.25. Kinston, Newbern, Benson, Lumberton. 35.50-36.00 Tarboro, Bethel. 36.00 Salisbury. --

RALEIGH (NCDA)—North Carolina Poultry Market is weak, with supplies ample for slow to fair demand. Two few sales reported to release prices.

NEW YORK (AP) — The stock market settled into a mixed pattern today after the strong upsurge that began on Thursday apparently played itself out.

The 11:30 a.m. Dow Jones average of 30 industrial stocks was down 2.33 at 922.11 in the wake of its massive 29.42 rise on Thursday.

Advancing issues, however, maintained a broad 869-to-389 edge on those declining in relatively brisk trading on the New York Stock Exchange.

Analysts said the market's uncertainty might have stemmed at least partly from reports that the Nixon administration had decided, at least for now, against easing its controls on corporate dividend increases.

Browning-Ferris Industries, unchanged at 17 1/4, was the Big Board's most-active stock.

W. T. Grant skidded 2 1/4 to 17 1/4 after a delayed opening. The company reported a \$5.74 million loss Thursday for its first fiscal quarter.

Mouse Victim In Space Program

CLEVELAND, Ohio (AP) — Fifteen-year-old Jeffrey P. Hazel's space program has suffered its first casualty, a month-old white mouse named Lucifer.

Lucifer blazed up from a perfect launch Thursday to about 1,000 feet and was ejected on schedule from the two-foot rocket Jeffrey built as a school science project in suburban Lakewood.

However, Lucifer's tiny parachute snagged in the top of a 70-foot tree. By the time the Lakewood Fire Department could pluck the mouse from the tree, he had died.

Students Want Nixon Library

WHITTIER, Calif. (AP) — Students at Whittier College are asking that the Richard M. Nixon Library be built in Whittier despite the Watergate scandal.

Richard Jacobs, student president, told a news conference Thursday that more than 1,000 of the school's 1,600 students have signed petitions asking that the City of Whittier be designated as the site of the proposed library.

Jacobs said the petitions stated that Nixon's service "as a major leader of his country and especially as its President has been beneficial." Nixon is a graduate of Whittier.

The Great Memorial Day Weekend Special!

Tom Swift and his gasoline-powered lot-spotting machine

... WILL BE AT LAKE SAGAMORE MAY 27TH AND 28TH FROM 1 P.M. to 6 P.M.

This complicated flying machine, the invention of Helmsmore Freeby, an early aeronaut, is shown as it flew over the site of what is now Lake Sagamore, in the early years of the century. The machine reportedly flew at an unprecedented height of 22 feet, and at an air speed estimated to be in excess of 14 MPH. You will not find this machine in the Smithsonian Institution.

Here we have a later model of the early "whirly bird", piloted by that dauntless fellow, Henry Smeltness, the Wright Brothers' barber. In this rare picture, we see Smeltness as he flew over what is now called Bonadelle Private Campsites, a beautiful section of Lake Sagamore 'specially chosen for campers only. We see Smeltness with a devil-may-care grin on his lips, just prior to his successful forced landing, near Hagen's barn.

Bring This Ad With You. It's Valuable!

We are an equal opportunity employer and persons of all races are welcome as purchasers. Lake Sagamore is registered with the Office of Interstate Land Sales Registration, H.U.D., Washington, D.C.

Leopold (Speedy) Brumlough was the daring pilot of this Gizmo 220. He flew over the site of Lake Sagamore in the forties, while on the first leg of his daring round the world flight. He got as far as Pittsburg.

And, here is Tom Swift and his gasoline-powered lot-spotting machine today. Tom, or one of his dashing cohorts, will be on hand Sunday and Monday,

May 27th and 28th, to show you Lake Sagamore by air. After a property presentation, you and your wife may have a free 'copter ride over the lake. There are many choice lakefront and wooded lake-view properties available at Lake Sagamore, and here's your chance to view your future homesite or campsite from the air. Come on out and see the lake, now under construction, from all views, including birds-eye ... and we promise you won't end up in Pittsburg! Thumbs up!

Currently available to all members: Recreation Center • Country store • Nature trails • Greenways. Now under construction: 345 acre lake (Under Construction) • 2 beaches • Recreation and picnic areas • Marina • Tennis and shuffleboard courts • Bridle paths. Playground • Central water system • Hard surface roads • Camper Comfort stations.

Robersonville Wins To Gain State Finals

By CHIP LAMBETH
Reflector Sports Writer

Robersonville's Golden Eagles sloshed their way to the Eastern 1-A championship last night as they splashed past Saratoga Cougars out and one on first.

After threatening from before the game even began, the rain first made its presence felt in the fifth inning with the Eagles at bat. The few drops that fell then spurred them to push over the two runs they needed to get enough to win.

It continued to drizzle for the next inning and a half with the Eagles praying for a cloudburst and the Cougars were praying

for a dry spell. It seemed the Eagles won in that respect, also.

Matt Wilson started out on the mound for Robersonville but ran into trouble in the second when Saratoga Central scored its only run. He fanned two but walked three. Doyle Farmer, who slammed Louisburg with a no-hitter Tuesday, came in and won the game, striking out five and walking three. He gave up two hits.

Jimmy Bryant absorbed the loss. He only managed to strike out three.

Both teams went down in order in the first inning. Saratoga slipped into the lead in

the second but with the clouds starting to rumble, Robersonville tied it up in the fourth with an earned run. They added the clincher in the next inning.

Mike Carter started the Cougars off in the second with the first hit of the game. Jeff Bryant sacrificed him up and two outs later, Wilson walked John McKeel and Donnie Rodgers to load the bases. Tony Langston also walked to force in Carter with the only run.

The Eagles went down in order just as they had in the first. Saratoga Central picked up in the third where they left off in the second as they put two on.

Jimmy Bryant drew a one out walk from Farmer and Jeff Bryant reached on an error sending Jimmy to third. The next batter struck out to end the inning.

Rodgers walked for the Cougars in the fourth but he was forced at second by Langston. Langston was left stranded.

The Eagles were now back at the top of their lineup and lead-off man Loyall Corey banged out the first hit off Jimmy Bryant and Ricky Brown followed that with a hit off Bryant's glove. Both moved up on a bunt by Doug Warren and Wilson flew out to center to score Corey with

the tying run.

Saratoga Central's Ricky Vick walked in the fifth but was caught at second as Bryant reached on a fielder's choice. A pair of pop-ups kept Bryant from advancing.

The Eagles struck back in the bottom of the frame with the runs that eventually won it for them. Jeff Warren reached when the ball slipped away from the Cougar third baseman. Kim Knox moved him up with a bunt and Mike Matthews got to first on another error that let Warren come around to score. Matthews moved down to second on the play and on the relay to home, he went to third. Farmer blasted a double into the crease between left and center to drive in Matthews. Corey walked but a

double play ended the rally. Andie Evans singled in the top of the sixth but was forced at second. Wilson moved into scoring position for the Eagles in the Robersonville half on a three

base error but could not score. Then in the top of the seventh, the rain started to come down. Farmer got Monty Deratt to fly out and the next batter grounded out. Jimmy Bryant walked and

that was the last dry man to come out on the field. After five minutes of the deluge, the game was called giving the Eagles the championship and the right to meet either Cullowee or Red Springs in a best of three series for the state title.

No one had more than one hit as both teams had three apiece

Williams Named ECU Baseball Coach; Little Take Summer Post

By WOODY PEELE
Reflector Sports Editor

George Williams, for six years assistant baseball coach at East Carolina University, was named this morning as the new head coach in that sport.

Williams will take over in the fall, to head the team for the 1974 spring season.

Monte Little, who served as assistant to intern coach Jim Mallory during this past spring, will head up the East Carolina team in the N. C. Summer Collegiate League, scheduled to start play in a little over a week.

While not officially confirmed, college officials were hopeful that a spot could be found for Little on the ECU faculty that would allow him to serve as Williams' assistant in the future.

The announcement of the two men was made this morning at a press conference by Athletic Director Clarence Stasavich.

Williams has been connected with East Carolina for more than just his coaching years. He entered East Carolina in 1956 as a freshman and lettered in baseball. In 1958, however, following his sophomore year, he

signed a professional contract with the San Francisco organization.

He played with the Giants system for three years, then returned to East Carolina in 1961 to resume his studies. He then taught and coached for two years in Charlotte junior high schools.

In 1965, he returned to East Carolina to continue his graduate work, receiving his masters degree and joining the East Carolina Health and Physical Education Department as an instructor in 1967, when he also became assistant baseball coach. He held that position until this past fall, when he resigned when Earl Smith quit as head baseball coach.

Williams is married to the former Alice Chaffin of South Mills and they are the parents of two boys, Mike, 12, and Roger, 9.

"I'm really excited about this," he said. "I'm looking forward to it with a lot of enthusiasm. I missed not being with the team this year, although I followed them closely. I feel we can have a good club next year, and we have a lot of people coming back. Our

number one objective next year, of course, will be to return the Southern Conference championship back to East Carolina. Three years without it long enough."

Pepsi Gets Sixth Win

Pepsi-Cola won its sixth straight game in the Tar Heel Little League yesterday, downing the Exchange, 5-2.

The win left Pepsi with a 6-0 mark, while the Exchange is now 2-4.

Pepsi scored first, pushing over a run in the second. That came on a solo homer by Danny Carmon.

In the bottom of the third, however, the Exchange came up with a pair of runs to gain the lead. Gordon Douglas reached on an error, as did Pep Cox. Cliff Fearington singled and John Williams doubled to drive in both Douglas and Cox for a 2-1 lead.

It didn't last long, however, as Pepsi came right back to score three runs and take a 4-2 lead in the fourth. Jeff Wilson reached on a two-base error. Perry Worthington singled and Carmon walked to load the bases. David McClanahan reached on a fielder's choice, scoring Wilson, and John Richards singled, driving in both Worthington and Carmon.

They added another run in the sixth inning. Worthington led off with a double and was wild pitched to third. He came on in when the ball was errored on the attempt to get him.

Little, a Greenville native, spent most of his life in Ayden, where he lettered in three sports in high school. While a member of the Ayden High School football team, he quarterbacked the team to two Class A State championships, and was named All-East and All-State. In baseball, as a pitcher and infielder, he was named to the All-State and All-American teams, and led the team to the state finals. In the now-defunct East-West All-Star Baseball Game, he was named the Most Valuable Player.

Following his high school career, Little signed with the St. Louis Cardinals' organization, playing with them for two years. He played one year each with the Houston and Detroit organizations, advancing as high as triple-A ball.

He graduated from East Carolina in 1972, and will complete work on his masters this summer.

Legion To Open Year

Greenville's American Legion baseball team will open the 1973 season Saturday on the road. They'll be facing North Raleigh in a 3 p.m. game at N.C. State.

Sunday, the locals will play their first game, scheduled for 3 p.m. at Harrington Field. They'll be hosting Oxford. They will also be home on Monday and Tuesday, hosting North Raleigh at 8 p.m., and Brunswick County at 7:30 p.m., those two days.

Regular season play, including conference games with Ahsoskie, Roccoy Mount, Wilson, Tarboro and Snow Hill, will continue through June 30, with the Area I playoffs getting underway on July 5.

Kiwanis Nip Jaycees By 5-4

The Kiwanis slipped past the Jaycees, 5-4, yesterday to pull within a half game of the leader in the Tar Heel Little League.

The Kiwanis are now 4-2 in the league, while the Jaycees feel off to 1-5.

The Kiwanis pushed over the first runs of the game in the bottom of the first inning. Skip Hill singled and moved up on a hit by Brad Brown. Ben Miller

reached on a fielder's choice, as an error on the play let Hill score.

In the top of the second, the Jaycees pushed ahead, scoring a pair of runs. John Winstead reached on an error and moved up on another. A passed ball put him on third and he scored when James Crisp was safe on another miscue. Crisp was wild pitched to third, scoring from there on a passed ball for a 2-1 lead.

In the bottom of the third, however, the Kiwanis rallied for four runs to take the lead for good. Brown reached on an error and Ben Miller was safe on a fielder's choice. An error let both runners move up a base. Stuart Motsinger singled in Brown, and Michael Clemmons got a hit to score Miller. Steve Smart reached on another error, allowing Motsinger to come around, and another error let Clemmons score for a 5-2 lead.

In the fifth, the Jaycees scored again. Winstead doubled and Joey Matheis reached on an error. Winstead then stole home to cut it to 5-3.

They tried once more to rally, pushing over another run in the sixth. With two down, Teddy Gartman doubled and scored when Kenny Barnes singled. He moved to third on an error, representing the tying run, but the Kiwanis got the third out to end the game.

Wilbur Wood Captures Morris Rallies Four Claim Wins As His 11th Victory, 4-1 To Gain Win, 6-5 Rain Shortens Slate

By KEN RAPPOPORT
Associated Press Sports Writer
"He's just Wilbur Wonderful!" says Chuck Tanner.

He's really Wilbur Wood, but you can pardon the Chicago White Sox manager for speaking in superlatives.

Chicago's star pitcher had just won his 11th game—tops in the majors—with a 4-1 decision over the California Angels Thursday.

Wood earned the decision over Nolan Ryan, the Angels' hard-throwing right-hander. Ryan struck out 13 batters to raise his major league-leading total to 107.

Because of his fabulous start, an 11-3 record and 10 victories in the last 11 games, Wood was naturally asked about a possible 30-victory year. Or even 40, for that matter.

"No comment," he said. "My goal now is the next game—No. 12."

Show Set On Sunday

The next Coastal Plains Horse Show will be at Farmville on Sunday, at 1 p.m. at the Farmville Athletic Field. This show is sponsored by the Farmville Band Boosters for the benefit of the Elementary, Junior High and Senior High band programs.

Over \$1,000 cash awards and trophies will be awarded at this show. Of special interest are the three special trophies to be awarded. The Dr. John M. Memborn Trophy will be awarded to the winner of the 5-gaited stake. The Walter B. Jones Challenge Trophy will be awarded to the winner of the Walking Horse Stake, and the Dr. Paul E. Jones Challenge Trophy will be awarded to the winner of the Pleasure Pony Stake. The judge nor three & five-gaited, walking, roadster, Arabian, English, Pleasure and hunter classes will be W. O. Buie of Smithfield. Gene Howell of Greenville, will be the western judge. W.P. Minnette of Farmville, is general chairman.

In the other American League games, the Boston Red Sox walloped the Milwaukee Brewers 10-1; the Detroit Tigers blanked the New York Yankees 4-0 and the Minnesota Twins trimmed the Kansas City Royals 2-0. Rain postponed a doubleheader between the Baltimore Orioles and Cleveland Indians.

In the National League, the Atlanta Braves turned back telt Francisco Giants 2-1 and the New York Mets stopped the Los Angeles Dodgers 7-3 in 19 innings.

Rico Petrocelli collected four hits, including a home run, and drove in three runs to pace Boston over Milwaukee. The Red Sox backed Bill Lee's five-hit pitching with 16 hits.

Boston second baseman Doug Griffin was hit on the left hand by a pitch in the first inning and suffered a broken bone. It was estimated that he will be sidelined for four to six weeks.

Dick McAuliffe slugged a three-run homer and Mickey Lolich fired a six-hitter to pace Detroit over the New York

Yankees. McAuliffe's first homer of the year landed in the upper right field seats at Tiger Stadium following singles by Gates Brown and Duke Sims.

Bert Blyleven pitched a one-hitter—Ed Kirkpatrick's bunt single in the fifth inning—to lead Minnesota past Kansas City. George Mitterwald and Danny Thompson knocked in Minnesota's runs with singles.

Carl Morton fired a five-hitter and batted in the winning run in Atlanta's victory over San Francisco. The Braves won the game by scoring both their runs in the second inning, one on Dave Johnson's home run and the other on Morton's RBI double.

Rusty Staub doubled home the go-ahead run in the 19th inning as the New York Mets struck for four runs to beat Los Angeles and end the longest game in Dodger history since the club has moved to California. The marathon affair took five hours and 42 minutes to play and featured a total of 40 hits, six by the Dodgers' Willie Davis.

Morris Body Shop beat Taff Office Equipment in the only Senior Babe Ruth League game played to a conclusion last night, 6-5. It was the second win for Morris, while Taff has yet to win in two starts.

Moore-King-Sullivan, playing Kinston in Granger Stadium, was forced to halt its game because of rain in the eighth inning at a 3-3 deadlock. The game between Little Mint and Fire Fighters was unable to begin.

In the game played in Greenville, Taff pushed over a run in the first to take the lead. David Clifton walked and so did Donald Cannon. Jim Wilson singled to load the bases and a wild pitch brought in Clifton for a 1-0 lead.

Morris tied it up in the second, as Guy Hammack hit a bases-empty home run.

Taff came right back to score three in the bottom of the second. Gene Forrest walked and Howard Leggett singled. Clifton reached on a fielder's choice that resulted in an error, scoring Forrest. Leggett came in when Cannon was safe on another error. Clifton then stole home for a 4-1 lead.

Morris got another in the third. Clay Jordan singled and stole second. Darrell Jenkins singled him to third and Jerry Gathercole hit a sacrifice fly to bring Jordan across.

Then, in the fifth, Morris rallied for four runs to take a 6-4 lead. Jordan led off the inning

with a home run. Darrell Jenkins then reached on an error and stole second. Gathercole also was safe on an error, scoring Jenkins. Gathercole stole second and Wade Lamb singled him in. Lamb stole second and took third on a passed ball. A wild pitch scored him with what proved to be the winning run.

Taff came back with a run in the sixth. Forrest singled and scored on Clifton's double.

Meanwhile, in Kinston, Moore-King-Sullivan had pushed over a run in the first inning to take the lead. Steve Fuchs singled and Bobby Bryant reached on an error. Roy Hudson then singled in Fuchs for the 1-0 lead.

Kinston came back in the second to score two runs. Jeff Head got a hit and Cliff Sullivan walked. Hardison then singled, driving in both runners.

In the fifth, Moore-King-Sullivan tied it up with a run. Fuchs reached on an error and Bryant singled. Hudson grounded out to advance them, and Fuchs then stole home.

In the sixth, M-K-S scored gain to take a 3-2 lead. Herb Wilkerson walked, as did Mike Wallace. Fuchs then singled in Wilkerson.

But Kinston came back with one in the seventh to tie it up. Sullivan reached on two-base error and scored when Hardison's pop-up fell in behind third base.

The game was called in the bottom of the eighth by the rains with one out and the winning run on third base.

The contest is scheduled to be completed when the two teams meet again.

Rain washed out one-third of the Church Softball League's action last night, but not before victories had been recorded by Immanuel Baptist, Grace Free Will Baptist, University-Mt. Pleasant, and First Christian.

The opener at Field Two turned out to be an upset as Christian downed Black Jack, 9-0, on a five-hitter by J. Pinner. Christian got all they needed in the first inning, scoring three runs. Pinner singled and D. Kaylor got a hit. J. Clark finished it off with a home run.

They added four in the fourth and two in the sixth to complete the scoring.

In the second game, University-Mt. Pleasant beat Trinity, 10-7, in a game shortened to five innings. Trinity scored first, with a run in the first, but U-MP came back with three in the second on a homer by Abe Corey. They added three more in the third, then got what proved to be the winning runs in the fourth. Huel Stencil singled and Doug Parker reached on a fielder's choice. Alton Jones was safe on an error and Poe Worthington doubled. He scored on singles by Harris and Corey to

finish off the scoring. Trinity rallied with six runs in the fifth, but fell short.

In the first game on Field One, Grace took a 9-4 win over St. Gabriel. Grace scored four in the first, then came back with two in the second to wrap it up. R. T. Harry singled and B. Peede tripled. He scored on R. Jones hit for a 6-0 lead. Grace added two in the third and one in the sixth for its total. St. Gabriel got one in the fourth and three in the sixth.

Immanuel took a 13-6 win over Presbyterian in the other game. Immanuel scored two in the

first, after spotting Presbyterian a run in the top of the frame. Presbyterian came back with three more in the top of the second, but Immanuel scored five to have all they needed in the bottom of the second.

G. Overton doubled as did D. Rumbley. W. Dean singled and C. McNeil reached on a fielder's choice. J. Grimsley doubled and later scored the fifth run for a 7-4 lead. Immanuel added one in the third and five more in the fourth. Presbyterian got one each in the fourth and fifth to close out the scoring.

State To Meet Vandy Tonight

STARKVILLE, Miss. (AP)—Southeastern Conference champion Vanderbilt will play North Carolina State in the second round of the NCAA District 3 baseball championships here tonight.

Vandy downed Georgia Southern 6-2 here Thursday, North Carolina defeated Appalachian State 5-1, and Miami of Florida trimmed pretournament favorite South Alabama 5-3 in the opening game.

In consolation action this afternoon, South Alabama and Appalachian State will meet, eliminating the loser from the tournament, and Miami will later be pitted against Georgia Southern.

Vanderbilt's six runs in a wild fifth-inning uprising

knocked off nationally-sixth-ranked Georgia Southern 6-2.

Georgia took a one-run lead in the third inning on catcher John Tamargo's single which drove in Steve Pietsch. Tamargo also scored in the sixth inning on Steve Daniel's single.

But in the wild fifth inning, the ninth-ranked Commodores sent 10 men to the plate, scoring six runs on six hits with two men out including catcher Greg Collins' two-run triple.

Vandy's Jeff Peebles gave up just six hits in notching his eleventh win of the year against two losses, and giving the Commodores 35 victories against 14 losses. Georgia Southern is now 39-10 on the season.

In an earlier game, freshman lefthander Tom Hayes hurled a six-hitter, leading Atlantic Coast Conference Champion North Carolina State to its 5-1 victory over Appalachian State.

The Wolfpack took a two-run lead in the fourth inning on rightfielder Dan Moore's triple. Moore also scored on Bill Glad's double.

North Carolina picked up one run in the fifth inning and two more in the ninth on Wayne Currin's solo homer and Ron Evan's left field single.

Southern Conference Champion Appalachian State's only run came on third baseman Butch Dziadul's seventh inning homer.

Two Wins In Ladies

Piggly Wiggly and Little Mint chalked up victories in the rain-shortened evening in the Women's Softball League last night. Piggly-Wiggly topped Azalea, 8-7, while Little Mint took a 36-3 victory over Greenville Nursing.

In the opener, Piggly-Wiggly struck for seven runs in the first, but got what proved to be the winning run in the third. Carolyn Haddock reached on a fielder's choice and came around on singles by Sherry Francis and Marie Mayo. Azalea came back to score six in the third and one in the sixth but fell one short.

The Little Mint pushed over three in the first, then came back with five in the second to win it. Winki Phillips walked and Robbie Jones and Connie Pearce both singled. J.J. Wainwright tripled and Linda Tripp finished it up with a homer. Little Mint added 17 in the third with Wainwright and Tripp homering, then picked up four more in the fifth and seven in the sixth as Tripp got her third homer. Greenville Nursing scored all three of its runs in the second inning.

The third game, between Dixie Sales and Beltone was rained out.

Toro's Key-Start and Vacuum Systems save hours of labor

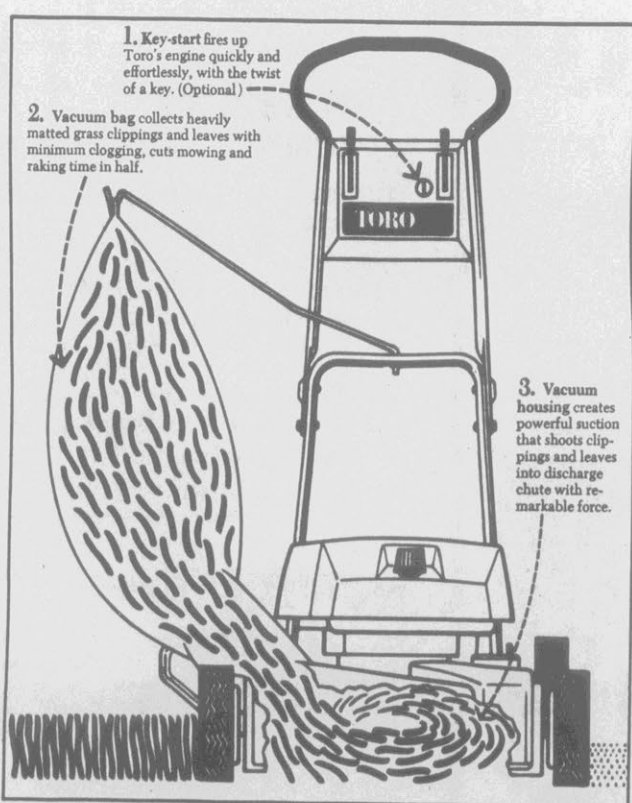

"Anyone with a wrench can slap some hardware together and call it a mower," says Toro's Chief Engineer. Toro aims for more. Every Toro® mower is precision-engineered to save you time, labor and bother.

Easy to start. Toro's optional "Key-Lectric"® starter works with the twist of a key.

"Rakes" as you mow. Toro's vacuum action cuts mowing and raking time in half. It creates a powerful suction that shoots grass clippings into Toro's vacuum bag with remarkable force.

Engineered for safety. Toro pioneered the rear toe guard and side stone deflector on all Toro mowers.

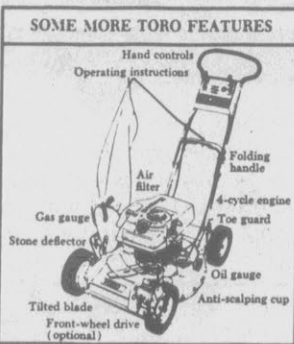

Makes lawns look beautiful. Toro's blade is engineered to cut clean. It is tilted for maximum cutting

power, stiffened against "flutter." Durable, easy to maintain. Simple design is the key to Toro's famed durability. The less complex a machine, the less there is to go wrong. Easy to handle. Toro's aluminum housing is light. Optional front-

wheel drive is easier to back up, maneuver than rear-wheel drive.

American Classic Saturday At ECU Track

American Classic officials today announced the schedule of events for the Second Annual American Classic Championship Finals at East Carolina University Saturday.

The program begins at 12:50 p.m. with the Parade of Champions, when nearly 400 local champions representing 15 eastern North Carolina cities march onto the ECU varsity track. Music for the ceremony will be provided by the Rose Senior High School Band, Greenville. Each champion will carry an American flag, in keeping with the theme of the overall program — "God and Country."

Opening ceremonies include the reading of a joint proclamation issued by the Mayor of Greenville and the Chairman of the Pitt County Board of County Commissioners declaring American Classic Day. Brief remarks will be made by officials of the event's two sponsors — Belk Tyler and Buster Brown Textiles.

Competition begins at 2 p.m. with the long jump and high jump events, and 50 yard dash for 6-7 year old girls.

Winners will be presented medals following conclusion of each scheduled event — gold, silver and bronze for first, second and third place finishes. First place winners will be awarded trophies at the Awards Banquet which takes place that night at Minges Coliseum. The Belk Tyler store manager for the winning city will award the team trophy at that time. The Coach's Trophy, presented by WNCT-TV, Channel 9, Greenville to the coach of the champion team, will also be awarded.

WNCT-TV cameramen will film the day's highlights for a half-hour color special, to be telecast at 7:30 p.m., Monday, May 28 on Channel 9.

The meet will be held at the ECU outdoor track, located on Charles St (NC43), between 264 by-pass and Fourteenth St. Programs and refreshments will be available. Admission is free.

Two Seniors Selected To Attend Girls' State

Greenville Unit No. 39 of the American Legion Auxiliary has chosen two rising Rose High School seniors, Miss Sharon Hodge and Miss Jane Ellen Gray to attend the 34th annual American Legion Auxiliary Tar Heel Girls' State June 17 through 23 at the University of North Carolina at Greensboro.

The daughter of Dr. and Mrs. James Hodge, Miss Hodge is a member of the French Club, the

National Honor Society, the Council for Christ, Quill and Scroll, the Woodwind Quartet, and the Concert and Marching Bands. She belongs to the Oakmont Baptist Youth Group, is a First Class Senior Girl Scout, and serves as secretary of a troop and as a delegate to the Girl Scout Senior Planning Board. She is also a member of the C. C. U. Youth Orchestra, the N. C. All-State Band, and the

Beau Belle Club. During her senior year, she will be a marshal and editor of the school newspaper. She attended Governor's School last summer.

SHARON HODGE

Miss Gray, daughter of Mr. and Mrs. Reginald Gray, is a member of the Rose High Student Government Association, the Human Relations Committee, the Humanities Week Committee, and was a dancer in "Oklahoma." She is president of her church youth group, and is a conference member of the Youth Council on Ministries and a local member of the Adult Council on Ministries. She is also a member of her church's Adult Administrative Board and serves on the Church's Youth Executive Council.

Police Chief Is Chairman

John Worsham, chief of police of New Bern, has been named chairman of the Advisory Committee of the Pitt Technical Institute Police Science Curriculum.

The committee functions as advisors on all matters necessary to keep the science program in tune with the needs and desires of prospective employers in the field of law enforcement.

Following a general discussion centered around various aspects of the curriculum, including a current status report, the committee discussed evaluation of the current police science course content.

Members of the PTI advisory committee, in addition to Worsham, are: Glenn Cannon, Greenville chief of police; Ralph Tyson, Pitt County sheriff; Thomas D. Burney, Ayden chief of police; Clyde Pentress, assistant director of SBI, Washington; Robert D. Rouse Jr., superior court judge; Walter M. Thomas, assistant chief of police in Kinston; Captain R. F. Williamson, State Highway Patrol, Greenville; Guy Langston, area consultant in law enforcement, Greenville.

Urge Turning In Project Funds

The Eastern Carolina Diabetes Association reminded everyone who rode in the Bike-A-Thon May 19 to turn money in as soon as is possible.

Money may be mailed to 707 E. Mumford Road or may be turned in at Harmony House South.

Miss Mary Bryan Matney, Bike-A-Thon chairman, expressed appreciation to all the riders and sponsors and others who helped out in the project. She said prize winners will be announced when the money has been turned in.

Seniors Meet At Moyewood

The Senior Citizens' Club of West Greenville will meet Tuesday at 2 p.m. at Moyewood Social Services Center.

Mrs. J. B. Spillman will be present at the meeting. The Aycock Junior High School Band under the direction of Johnny Wooten will give a concert.

Any person 50 years of age and older is invited to attend the meeting. All senior citizens who need transportation may call the center at 758-5010 and ask for Mrs. Brenda Teel or Thomas Chavis.

Barbecue, Cake Sale Saturday

Barbecue and home-baked cakes will be featured at a barbecue dinner at Black Jack Free Will Baptist Church Saturday from 10 a.m. till the food is sold out.

The dinner is sponsored by the Church Ladies' Auxiliary. Plates will be \$1.25 apiece.

Homecoming At Church Sunday

Homecoming will be held at Carson Memorial Pentecostal Holiness Church Sunday followed by a singing program.

The guest singers will be the Assembly Quartet of Windsor and the Gateway Church of God.

Dinner will be served at 1 p.m. followed by the program which will start at 2:30 p.m.

Assign Hardee To Serve Dare

David C. Hardee, local Soil Conservation technician, has been named to head a new SCS office in Dare County, effective July 9.

The new SCS office will be located in Manteo.

In his new position, Hardee will assist the Pamlico Soil and Water Conservation District and cooperating land users in Dare County. He will assist in conservation problems associated with sand dune stabilization, septic filterfields, marshlands, muck and peat soils, drainage, and land use planning.

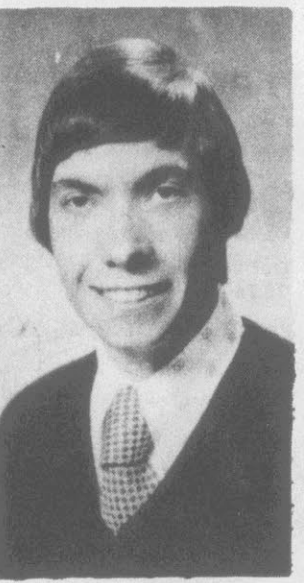

Hardee has had 14 years of experience in Pitt County where he has worked as a soil conservation technician assisting farmers and other land users in

planning and applying conservation programs.

DAVID C. HARDEE

Student Named To Togo Trip

W. M. VINCENT

William Murray (Bill) Vincent has been awarded a scholarship for summer study with an anthropological expedition to the Tchitchan-Yade district of the Republic of Togo, West Africa.

The exploration scholarship is under the sponsorship of the Explorer's Club International and the United States Department of Education. Students are chosen on the basis of accomplishments and potential as future leaders in one or more of the natural science disciplines.

The students will accompany some of the nation's leading scientists in the fields of archaeology, anthropology, marine biology, and ecology and geology. Vincent's party will fly to Accra, Ghana on June 14 and proceed overland into Togo.

Vincent has previously studied at the University of Clermont-Ferrand, Vichy, France. He attended the Governor's School of North Carolina, was 1971 Valedictorian at Eastern Alamance High School, and was named Outstanding Teenager of North Carolina in 1971.

He is presently a student at Duke University majoring in anthropology and zoology. He was named to the freshman and sophomore class honors list, and is a member of Phi Eta Sigma, scholastic honor fraternity.

Vincent is the son of Mr. and Mrs. William Vincent of Rt. 3, Mebane.

Homecoming At Church Sunday

There will be a homecoming at the Shelmerdine Pentecostal Holiness Church Sunday afternoon.

The Rev. Doner Lee, conference superintendent of Falcon, will be the guest speaker. There will be singing featuring the Choraleers Quartet, along with the Shelmerdine Trio and the Shelmerdine Youth Quartet. Lunch will be served at 12:30 p.m. and the singing will be at 2:00 p.m.

The pastor, Rev. Roy O. Williams, invites the public to attend.

Homecoming At Church Sunday

Homecoming will be held at Carson Memorial Pentecostal Holiness Church Sunday followed by a singing program.

The guest singers will be the Assembly Quartet of Windsor and the Gateway Church of God. Dinner will be served at 1 p.m. followed by the program which will start at 2:30 p.m.

No Light Show In Energy Crisis

GRAND COULEE DAM, Wash. (AP) — The energy crisis is so bad that the annual light show at Grand Coulee Dam, one of the world's largest hydroelectric units, won't start on Memorial Day, officials say.

The spillway light program has been a tourist attraction on Memorial Day since 1941. But steam flows this year in the power-poor Pacific Northwest are so low the program will have to be eliminated, a dam spokesman said.

PECAN REPORT

The cap . . . the diploma . . . symbols of achievement. They mark the end of one way of life and imply the beginning of another.

But ten years from now, where will this diploma be and what will it mean? Will it be packed away in an attic/trunk . . . framed on the wall of a room or office? Will it have been thrown out by accident or cast into a seldom-noticed corner? And what of the hopes and dreams that go with it? What will have happened to them?

Who knows? There is no set answer to life, no single solution to all its problems. Nor can anyone live life alone. Whether your diploma is still crisp or has gotten dusty—whether your dreams are still bright or have become slightly tarnished—forget about personal ambition as the sole answer to everything. Think of your own immortal soul. Go to church, and talk to God about it, through prayer.

The 'Worry Clinic' Success Rests On Psychology

Ed is like thousands of business and professional leaders who relish the intensely PRACTICAL psychology in this daily column.

For half the colleges of America haven't yet scheduled "Applied Psychology," yet such courses account for 50 percent of all

success!

CASE X-571: Ed V., aged 32 is an Employment Manager.
"Dr. Crane," he began after I had addressed his state association, "I have been looking for some practical tests to pick out logical thinkers."
"And one of the best I have found thus far is your newspaper booklet containing that 60-minute 'Test of Horse Sense.'"
"For it weeds out the academic 'braintrusters' from those who have had wide practical experience."

"And that 'Tom, Dick and Harry' problem is a dandy."

Tom, Dick & Harry
This problem to which Ed refers is taken from Page 791 of my college textbook, "Psychology Applied."
Here it is, so consider all these statements, since they are vital and relevant to a solution:
"A conductor, a brakeman and a porter were employed on a Pullman train running between Chicago and New York."
"Their names were Tom, Dick and Harry, but not necessarily in that order."
"Meanwhile, on that same train were 3 passengers of the same names—Tom, Dick and Harry."
"To distinguish the passengers from the trainmen of the same names, we'll use the prefix 'Mr.' in front of passengers' names."
"(a) Mr. Tom lives in New

York City.
"(b) The brakeman lives halfway between New York and Chicago.
"(c) Mr. Harry earns exactly \$4,700 per year.
"(d) Dick beat the porter in a pool game.
"(e) The brakeman's nearest neighbor, who is one of the 3 passengers mentioned above, earns exactly 3 times as much as the brakeman.
"(f) The passenger living in Chicago has the same name as the brakeman.
"(g) So what is the name of the conductor?"

So be able to show exactly how you derived the name of the conductor!

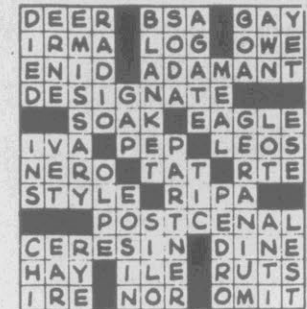

Send for my booklet "Vocational Guidance Tests," enclosing a long stamped, return envelope, plus 25 cents.

For it contains a quick, practical "Introvert-Extrovert Test," plus many other helpful suggestions for landing a better job.
And this "Tom-Dick & Harry" is just one problem among 116 test items to determine if you have practical judgment based

Preemptive opening bids are two-edged weapons. While they frequently serve to interrupt the easy flow of information between opponents and subject them to high-level guesses during the auction, they sometimes backfire against their users by providing valuable information concerning the distribution that might enable a perceptive declarer to make an unnatural play.
Observe South's performance in this hand, where he found himself the declarer at four spades after East had opened the bidding with three diamonds.
West opened the eight of diamonds, East played the jack and then cashed the

CONGRATULATIONS . . . are extended Rose High Junior Edgar L. Cox, right by F. T. Motsinger, plant manager of the Greenville Union

Carbide Battery Plant. Cox will attend a summer Congressional seminar in Washington, D. C., sponsored by the firm. (Reflector Staff Photo)

Student Is Chosen For Congressional Seminar

Edgar L. Cox, a junior at Rose High School, has been selected to attend a week-long Congressional Seminar in Washington, D. C. during the summer. Cox was chosen for the honor by Rose High faculty. He is the son of Mr. and Mrs. Edgar L. Cox of Greenville.

Expenses and tuition for the trip and seminar are a gift of the Union Carbide Battery Products plant in Greenville.

On Thursday, the young student was a guest of the local Union Carbide plant. He met the plant manager, F. T. Motsinger.

other members of the plant's staff, and was given a tour of the plant followed by a luncheon at which he was guest of honor.

Throughout the nation, Union Carbide Corporation sponsors approximately 30 students to the Congressional Seminar. These represent students from the states and Puerto Rico in which the corporation's plants are located.

While in Washington, the young people visit with Congressional and Senatorial leaders, Cabinet members, military and educational leaders, and other notables in

national government.

At the seminars in 1972, the students met and talked with most of the leading presidential candidates, attended ceremonies at the White House, were guests at embassy briefings, and also visited outstanding institutions such as the Kennedy Center for the Performing Arts.

During the seminar, top staff aides of Congress lead a series of classes on topics ranging from committee system, communication and lobbying, to the seniority system and congressional reform.

Yancey Will Be Speaker

Edwin L. Yancey, Pitt County Extension chairman of the N. C. Agriculture Extension Service, will be the guest speaker for the observance of Rural Life Sunday at the Holy Trinity United Methodist Church.

The services will be held in the library of the E. B. Aycock Junior High School, on Red Banks Road, at 11 a.m. The public is invited to attend.

Rural Life Sunday signals the beginning of Soil Stewardship Week, May 27 to June 3, and is under the annual sponsorship of the North Carolina Association of Soil and Water Conservation. The observance has been held each year since 1953.

Yancey is a graduate of North Carolina State University, Raleigh, and holds the B. S. Degree in agriculture and animal science. He has his Masters in adult education. He moved to Greenville from Smith field in 1969 where he held a similar position as chairman of the Johnston County Agriculture Extension Service.

Yancey is married to the former Elizabeth Williford of Lumberton. They have three children, Betty, Elaine, and Edwin Jr., and reside at 107 Aqueen Anne's Rd.

RECOGNITION

For the second consecutive year, Sadie Saulter School P. T. A. has increased its membership by ten per cent or better and has been awarded a certificate of recognition by the State P. T. A. Congress.

Kayak And Canoe Club Plans An Outing

ROBERSONVILLE — Several Robersonville people, members of the Robersonville Kayak and Canoe Club, will be joining about 35 canoeing enthusiasts this week-end on the New River in western North Carolina.

For the three day trip, the group will embark near Boone on Saturday morning and canoe down the New River to the Methodist Campground, where they expect to arrive Monday afternoon.

The scenic New River runs through the Blue Ridge Mountains of western North Carolina and has small and some moderate size rapids that are negotiable to the average paddler. It winds past the towns of Todd, Fleetwood, Idlewild, Obids and Index.

He is the author of three books on the subject.

Owners of canoes or kayaks are invited to join the Robersonville group for the trip. Interested persons should contact Oscar Roberson, telephone 796-4778 (home) or 795-4554 (office) for additional information.

In 1909, when William Howard Taft was inaugurated, 6,000 workmen labored 12 hours to clear the snow.

Yard Sale At Church Saturday

A yard sale will be held by the Meadowbrook Pentecostal Holiness Church Saturday beginning at 10 a.m.

A bake sale will be held featuring homemade cakes and pies.

The sale will be held at the church located on Mumford Road and will continue until 4 p.m.

Selling Bonnie And Clyde's Car

ATLANTA, Ga. (AP) — The 1934 deluxe Ford in which outlaws Bonnie Parker and Clyde Barrow were killed is to be sold at auction.

Owner Ted Toddy of Atlanta estimates that the car, which cost possibly \$1,000 new, has earned about \$10 million in fees at exhibits since Bonnie and Clyde were killed by a police ambush near Arcadia, La., May 23, 1934.

It will be auctioned at the Bay State Antique Automobile Exposition in Princeton, Mass., July 28.

Toddy, a former film producer, said he bought the car in 1952 for a movie and "found out I had a car that was worth more than the picture."

Despite several hundred bullet holes, the car is in virtually mint condition, Toddy said.
