Area Tobacco Crop Outlook Is Good, Some Black Shank Seen

By TOM BAINES
Reflector Staff Writer

The area tobacco crop, with few exceptions, appears to have weathered another roller coaster growing season and first primings will be taken from many fields this week.

Agricultural Extension chairman, said that "generally, things look good" for this year's leaf crop and "hopefully there will be no substantial problems" involved in the upcoming season.

"We should make a good crop of tobacco in Pitt

County," Yancey noted.

The chairman explained that some growers have had problems with Black Shank, the traditional disease of the golden leaf, and "some few individuals have had as much as 30 to 50 per cent of their tobacco hit" with the disease. Most cases have been spotty.

The instances of Black Shank, he said, have involved a strain identified as stem Black Shank that affects the area of the plant above the root system rather than the root network itself as is the case normally.

The end result of Black Shank is the same regardless of whether it enters the plant above the root system or involves the roots themselves, Yancey explained. In both cases, the plant usually wilts and dies and only after the stalk is pulled out of the ground is any damage to roots evident.

"Everything has been right for the disease, he said, noting that damp, hot weather offers ideal conditions for the spread of Black Shank. Fortunately, the chairman pointed out, the percentage of the county's overall tobacco crop that has been hit with the disease is small.

Yancey said that a few farmers have already begun curing tobacco in the county and there have been some problems in the amount of water in the leaves so far. Many will begin harvesting

Stiff Export Controls Slapped On Scrap Iron And Steel By Govm't

WASHINGTON (AP) — The United States has slapped stiff export controls on iron and steel scrap metals after domestic prices reached a 16-year high. Curbs on corn exports

may also be under consideration.

At the same time, Commerce Secretary Frederick B. Dent announced late Monday he had eased a five-day total embargo on the exports of soybeans and cottonseed—major animal feeds at home but vital foodstuffs for human consumption abroad.

When soybean controls went into effect June 27 Dent warned that, if any substantial increase in export demand for corn developed as a result, limits on the flow of corn overseas would be necessary.

State and commerce Department officials said they are continuing to watch for this possibility.

But a second look at U.S. domestic requirements for soybeans convinced the Commerce Department that it could release 33 million bushels of produce for export. The amount represents about one-half of unfilled contracts for delivery in the remainder of the 1973 crop year.

Dent also announced that 750,000 short tons (2,000 pounds compared with 2,240 pounds for a long ton) of soybean-oil, cake and meal can be exported by Aug. 31. This amounts to 40 per cent of the unshipped contracts. The Commerce Department announced when controls first were placed on soybeans and cottonseed that it would announce on July 2 the quantities that would be available for export and the methods to be used in the allocation of the available supply.

The amount made available was larger than expected after

sharp reactions in Japan and the European Economic Community developed last week when the controls were announced.

The Japanese government, which has been depending upon the United States for foodstuffs, hinted that it would turn to the Peoples Republic of China for soybean supplies. But China itself was short on soybeans and had to buy 600,000 tons from the United States.

The freeze on metal exports affects orders of more than 500 tons placed after July 1.

All Invited

One and all are invited to the second annual Greenville Independence Day celebration tomorrow from 1 p.m. to 9 p.m.

The celebration area will cover the four cleared blocks on Reade Street between First and Fifth Streets, and many family activities are planned by the sponsoring Jaycees. Live music will be provided all afternoon and evening.

Fireworks will end the event.

OFFSHORE BIDS

SAIGON (AP)—South Vietnamese officials today opened sealed bids from international oil companies seeking to obtain government contracts for offshore exploration.

Charges Dropped

WASHINGTON (AP) — The secretaries of the Army and Navy have decided to drop aiding-the-enemy and other misconduct charges against seven Army and Marine enlisted men who were war prisoners in North Vietnam.

Pentagon sources said today that Army Secretary Howard Callaay and navy Secretary John Warner found there was insufficient evidence on which to try the former POWs before courts-martial.

An eighth enlisted former POW, Sgt. Abel L. Kavanaugh, 24, Denver, Colo., also was charged, but he killed himself last week. Pentagon sources said the charges against him were null and void when he died, but that his record would be formally cleared.

The actions by the two top civilian officials of the Army and the Navy leave charges pending against two officers, Navy Capt. Walter E. Wilber, 43, of Columbia Crossroads, Pa., and Marine Lt. Col. Edison Wainwright Miller, 41, of Tusin, Calif.

Compulsory Program Of Fuel Rationing Said Ready

DALLAS (AP) — A detailed national program for compulsory rationing of all motor fuels lacks only White House approval, a government official was quoted as saying today.

The Dallas News reported that Duke Ligon, director of the Office of Oil and Gas of the Interior Department, said the plan calls for mandatory allocation of crude oil to refineries and of finished products—including gasoline—down to the consumer level.

"I'm talking about everything from crude oil on—you name it," the News quoted Ligon as saying. "Everybody would be on it."

"We're on the brink. We've got the whole program ready. We would have announced it five

days ago except that we wanted to get Gov. Love's approval."

Colorado Gov. John A. Love was named Friday as President Nixon's new assistant on energy matters.

In Washington a spokesman for the division of oil and gas denied rationing was imminent. "There's no rationing program being discussed at all right now," the spokesman said.

Ligon could not be reached immediately for comment.

The spokesman noted that a voluntary allocation program currently is in effect and that hearings were held recently on allocation of

petroleum. Working papers stemming from those hearings currently are being circulated for comments, the spokesman said.

William Simon, deputy secretary of the Treasury and chairman of the administration's Oil Policy Committee, planned to discuss the program with Love at dinner Monday night, the News quoted Ligon as saying.

In a recent interview, Love seemed to oppose mandatory allocations.

Ligon reportedly said the new White House energy chief opposed direct consumer rationing and favored voluntary allocations "but at that point he had not talked to Simon" and was unaware of the mandatory plan and the reasons

Nixon To Speak Out On Watergate Case

By BRIAN B. KING
Associated Press Writer

WASHINGTON (AP) — President Nixon will speak on Watergate "in an appropriate forum" after the Senate Watergate committee concludes the current phase of its three-pronged investigation, the White House says.

The announcement by presidential Press Secretary Ronald L. Ziegler came Monday from Nixon's San Clemente complex.

In Washington, meanwhile, the committee's chief counsel announced that the panel would conduct hearings every week-day from next Tuesday through Aug. 3.

The committee, chaired by Sen. Sam J. Ervin Jr., D-N.C., has estimated it will complete by August its work on the phase involving the break-in into Democratic National Committee headquarters at the Watergate office-apartment complex and the subsequent cover-up.

Counsel Samuel Dash also listed Monday the names of 20 witnesses the committee plans to call after resuming its hearings next week. Congress is in recess this week for the Fourth of July holiday.

In San Clemente, Ziegler ruled out a Nixon news conference before the conclusion of the committee's first phase. Nixon has not held a news conference since March 15 and last spoke publicly on the Watergate scandal May 22.

The presidential spokesman said he could not be specific about when Nixon planned to speak out or in what manner.

But it was the first time the White House has said flatly that the President would respond to testimony given to the committee. Ziegler also said Nixon would not appear before the committee or before a federal grand jury probing the Watergate scandal.

Ervin, Sen. Howard H. Baker Jr., the ranking GOP member, and Sen. Lowell P. Weicker Jr., R-Conn., late last week said they felt Nixon should testify voluntarily in some manner before the committee.

None of the committee members could be reached Monday night for comment on Ziegler's statements.

Former White House counsel John W. Dean III testified for five days last week, telling the senators and a national television audience that he believes Nixon knew of the cover-up as early as last September, three months after the break-in.

Nixon has denied having such knowledge before this spring. He fired Dean April 30, when his top aides, H.R. Haldeman and John D. Ehrlichman, resigned.

Gov. Proclaims 'Del Reeves Day'

SPARTA, N.C. (AP)—Gov. Jim Holshouser has proclaimed Friday, July 6th, as Del Reeves day in North Carolina, in honor of the singing star of the Grand Ole Opry.

Reeves will return to his mountain hometown of Sparta that night to give a performance for the Lions Club, which is trying to raise money for a recreation park.

Newtown Project About On Schedule

By TOM BAINES
Reflector Staff Writer

Construction on the Newtown housing project is proceeding just about on schedule although a little time has been lost due to a shortage of manpower, project inspector Ralph Hall reported Monday night.

Hall told Housing Authority commissioners that the project had been running ahead of schedule but the manpower shortage and difficulty in getting building materials on time has cut progress back to where construction is about on schedule.

The inspector reported that brick work on one section of units began Monday and nine buildings are ready for framing although the lack of manpower prohibits workmen from getting to them until they are finished with other units.

The average employee force on the Newtown site has been about 32 men per day, he said, noting that the force should number around 50-60 workmen.

Mrs. Sallye C. Streeter, director of tenant affairs, told commissioners that all 453 housing units were occupied during June. The N. C. 22-1 (Meadowbrook) housing area had all 65 units in occupancy and rent there averaged \$35.52.

In N.C. 22-2 (Kearney Park), all 160 units were occupied and rent averaged \$38.30. Residents in N.C. 22-3 (Moyewood) paid an average of \$38.28 in rent, (188 units) and N.C. 22-4 (Moyewood) residents paid \$33.24 in rent during June (40 units).

Joe Laney, executive director,

reported that one of the main benefits of the Southeastern Regional Council of the National Association of Housing and Redevelopment Officials meeting (SERC NAHRO) June 10-13 in Louisville, Ky. was a rundown on the status of housing legislation in Congress.

Laney said that efforts are being made by the Department of Housing and Urban Development to eliminate or modify the Brooke III Amendment which serves as a guideline for the amount of rent charged to housing residents who qualify under their income bracket. He noted that a bill has been introduced in Congress that would eliminate the amendment and

establish a minimum rent schedule for all housing authorities.

A more realistic look is being taken at income as it relates to rent Laney asserted.

Assistant director J. C. Lamm said that HUD asked the Authority to get proposals from three different independent auditing firms for a 39-month audit of the local books. In the past HUD has conducted the audit.

Commissioners voted to accept a law proposal price submitted by John C. Proctor & Co. of Greenville for the auditing work, subject to approval by HUD.

(Continued on page 6)

Award Contracts

Pitt County Commissioners yesterday awarded contracts to two low bidders for two pieces of heavy equipment for use at the county landfill site.

North Carolina Equipment Co. was awarded a contract to supply a tracked front-end loader at a low bid of \$34,875.80 while R.W. Moore Equipment Co. was awarded a contract to supply the county with a wheel-type compactor for \$35,828.55.

The new equipment will be used to replace equipment currently being rented by the county for use at the Littlefield sanitary landfill which currently costs the county between \$300 and \$400 per week.

In addition to hearing reports from the various county departments and agencies, Commissioners yesterday approved the use of county maintenance personnel to service heating and air conditioning units for the Pitt ABC Board facilities in Greenville.

The ABC Board requested the county service due to the high cost of commercial service for its stores and offices.

Actress Betty Grable Is Dead Of Lung Cancer

SANTA MONICA, Calif. (AP) — Lung cancer has taken the life of actress Betty Grable, the World War II pin-up girl with the beautiful legs.

Miss Grable died here Monday night at St. John's Hospital. She was 56.

She was treated at the hospital last May and was readmitted last Friday. She also had been hospitalized in May 1972, forcing cancellation of her appearance in "No, No, Nanette" in Melbourne, Australia.

Miss Grable had posed in a white bathing suit, glancing over her shoulder with a coy smile, early in World War II. Almost three million copies of the pin-up picture which showed her shapely legs to their best advantage were distributed, mostly to GIs who displayed them in their barracks or carried them in sea bags or footlockers with their personal belongings.

The photograph was made by 20th Century-Fox studio while she was under contract there.

Through the years, the blonde singing and dancing star maintained her trim measurements: 37-24-35.

Her 42 movies during the 1930s and 1940s grossed more than \$100 million. She set a record of 12 consecutive years in the top 10 of boxoffice stars.

The Treasury Department in 1946-47 listed her as the highest-salaried American woman. She earned more than \$3 million during her career.

Her movies included "Million Dollar Legs," "How to Succeed in Business Without Really Trying," "Follow the Fleet," "In 1956, she made her last film, "How to Succeed in Business Without Really Trying." Later, she toured with different acts and starred in a Las Vegas nightclub production.

Born Dec. 18, 1916, in St. Louis, Mo., she was the daughter of Conn and Lillian Grable. Her father was a stockbroker.

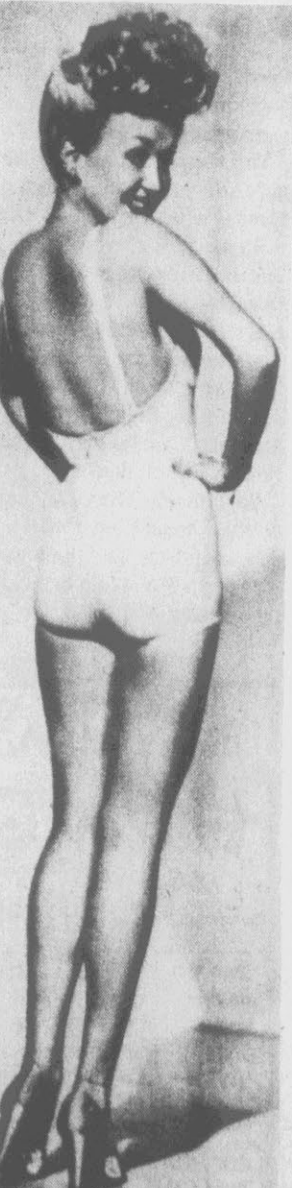

In 1937, she was married to actor Jackie Coogan. She divorced him two years later.

She married band leader Harry James in 1943 after ap-

pearing with him in the movie "Springtime in the Rockies." They had two daughters, Vicki and Jessica. James and Miss Grable were divorced in 1965.

FAMED PHOTO — Nearly three million prints of this famous photo of Betty Grable were distributed. (AP Wirephoto)

Two Receive Grant For Impact Study Of Urbanization

Two East Carolina University faculty members in the Department of English have been awarded a \$2,000 grant by the North Carolina Committee for Continuing Education in the Humanities for a study on the impact of urbanization of North Carolina communities.

Dr. Erwin Hester, chairman of the ECU English Department, and Douglas J. McMillan, a professor in the same department, received the grant from the committee, a private, nonprofit organization headquartered at the University of North Carolina at Greensboro.

The title of their joint project, "Cultural Changes and Cultural Stability Reflected in Folkways Collected from Eastern North Carolinians as they affect the Family, the Political Decision-Making Process, and Land Use," is an intriguing title. The subject of their research offers the possibility of some interesting and colorful findings; and could probably constitute new ways in which a region's folkways can be utilized.

In the brief for their project, the two faculty members outline folkways—or folk literature, as "traditional tales, songs, proverbs, and beliefs, plus traditional customs, arts and crafts."

These, the two indicated, are "already collected by students at East Carolina University from their parents, other relatives, and friends living in eastern North Carolina," and add that this collection "will provide the 'raw material' for an exploration of cultural change and cultural ability as they affect the family, the political decision-making process, and land use."

Among objectives listed is that of "conveying humanistic scholarly insights to the impact of urbanization on North Carolina communities."

To discuss their findings, three lectures on the subject are scheduled on campus at ECU in January and February, 1974.

A final general discussion session will be held for "examining folk material as a repository of cultural traditions," and for "exploring the role of the ECU Folklife Archive and the East Carolina Manuscript Collection as agencies encouraging the preservation and the study of the culture of eastern North Carolina." This session is scheduled for February 1974.

Also included in the brief of Dr. Hester and Dr. McMillan are plans for video-taped and

printed verions of the lectures and final session with "with widest geographical distribution".

Participants from East Carolina University, in addition to Dr. Hester and Dr. McMillan, are Miss Janice Hardison, assistant professor of English; Dr. Paul Dowell, assistant professor of English and Director of the ECU Folklife Archive; and Donald R. Lennon, assistant professor of History and Director of the East Carolina Manuscript Collection.

Public participation in the program will be by members of Greenville area book clubs; patrons of the public library; and the general adult public of eastern North Carolin.

Planning for the project gets underway this month and is expected to be concluded by February 1974.

The ECU folklife project is one of the 18 projects relating to the impact of urbanization on North Carolina communities being funded by the committee.

The 18 were selected from a total of 42 proposals submitted to the committee—several that are statewide in scope, but with most regionally-oriented or directed at a single community.

Dr. George Bair, director of UNC Television and chairman of the committee, said "The overall quality" of all the proposals submitted was quite high and this made the selection process very difficult. The projects which were funded, therefore, are of extremely high quality and we look forward to seeing them put into operation."

The largest of the initial grants is \$40,000 awarded to the Appalachian Consortium Inc., an alliance of six colleges, four economic development and land use-oriented governmental agencies, and an historical association. This award continues a program begun last year with a \$25,000 grant from the committee.

Another large grant is one for \$14,000 awarded for a program titled "Goals for Raleigh."

Some other projects, in brief summary, include: \$10,000 to the N.C. Readers Theater in Chapel Hill to present dramatic programs across the state; —\$8,000 to UNC-CH Department of City and Regional Planning to make a documentary film on the effects of urbanization on an Orange County farm family.

—Four grants to four Winston-Salem agencies for various projects; in the amounts of \$7,750, \$5,000, \$2,500 and \$3,000 respectively;

—\$4,450 for a one-hour theatrical production focusing on the distinct problems of small towns in North Carolina, to N.C. State University and Raleigh's "Stage '73".

—\$3,988 to N.C. Council of Women's Organizations and three divisions at NCSU for a series of workshops on the theme "Family Roles in Transition;"

—UNC-Charlotte \$4,250 to develop a slide presentation and to conduct panel discussions to educate the public on a "broadened concept of historical preservation."

—\$3,435 to St. Luke's United Methodist Church for a series of discussion sessions on the contributions of blacks to the community's value system; and

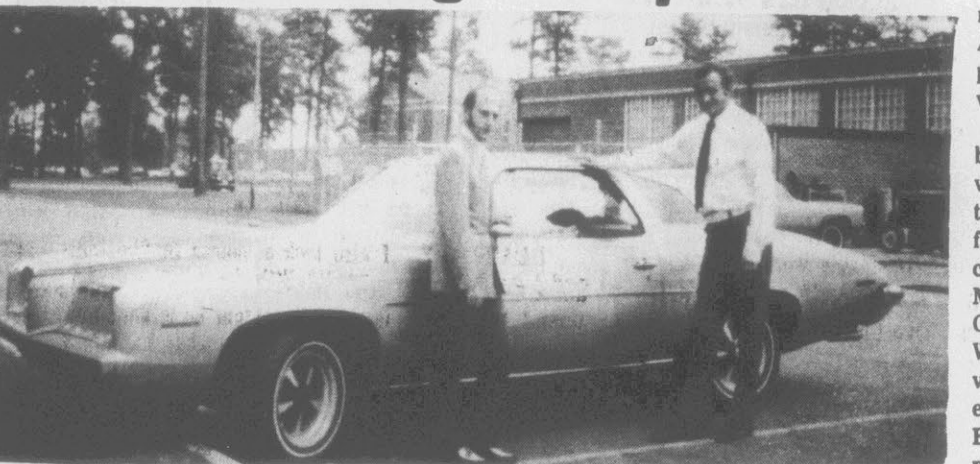

—\$1,965 to Wilson County Technical Institute and Wilson Community improvement Association to conduct a series of public programs on the individuals's access to the political decision-making process.

All except two of the 18 projects, amounting to a total of \$117,000, were awarded to Piedmont and the near-mountain area North Carolina; Eastern North Carolina's two approved projects—at Greenville and Wilson, are receiving combining total of \$3,965 of the \$117,000 grant funds.

New Car Is Given PTI For Training Purposes

NEW CAR. . .PTI Administrative Tech by General Motors last week. W.E. Fulford examine car given to Pitt (PTI Photo)

Pitt Technical Institute last week was the recipient of a 1973 Grand Am, presented by the Pontiac Division of General Motors.

The automobile is to be used for instructional and demonstration purposes.

Pitt Tech President, Dr. William E. Fulford, Jr. said "we are extremely pleased with this acquisition. This automobile

Disaster Loans In Nine Counties

WASHINGTON (AP) — Low-interest disaster loans will be available in nine North Carolina counties, the Small Business Administration announced Monday.

The counties are Ashe, Buncombe, Clay, Haywood, Iredell, Jackson, Macon, McDowell and Watauga.

President Nixon earlier had declared North Carolina, Tennessee and Texas as major disaster areas because of severe storms and flooding in May.

SBA's long-term loans may be obtained to repair or replace damaged homes, personal property, farm residences, businesses, churches and charitable institutions.

represents a valuable, up-to-date addition to our automotive training apparatus. It will provide us with another means of providing practical and realistic training experiences for our students.

"We are grateful that General Motors recognizes the importance of this type of instruction and is willing to give us such a fine piece of equipment."

Roland Smith, head of the Automotive Mechanics curriculum at PTI, explained the use of the auto. "Our plans are to remove the engine and power train, to use the parts for training purposes. The body and accessories will be used in other areas of training. In accordance

Driver Killed In Bus Collision

PRINCETON, N. C. (AP) — A continental Trailways bus driver was fatally injured Monday when the empty bus collided with the rear of a dump truck, the Highway Patrol said. He was identified as Jerry Ray Sherron, 39, of Raleigh.

Authorities said no charges would be filed in the accident which occurred on U. S. 70 in Johnston County.

to our agreement with General Motors, the remainder of the automobile will have to be destroyed."

General Motors factory representative Fred Seng made the presentation to Pitt Tech representatives in Elizabeth City.

Driver Charged In Truck Wreck

Kenneth Harris of Brunswick was charged with failing to reduce his speed at an intersection and driving without chauffeurs' license following a 12:05 p.m. mishap on Greenville Boulevard 464 feet East of the Memorial Drive intersection here yesterday.

Officers reported the truck driven by Harris overturned, causing an estimated \$5,000 damage to the vehicle.

A passenger in the vehicle was reported injured in the mishap.

Postal Service Surplus Sales Offered Bargains

By **RICHARD PYLE**
Associated Press Writer
WASHINGTON (AP) — Postal employees are carting away at bargain prices furniture and office equipment declared surplus by the U.S. Postal Service and put up for sale to its employees.

Among the bargains are used electric typewriters worth up to \$400 new selling for \$45. Postal officials said the sale

was arranged because the service is moving from its huge, ornate office building on Pennsylvania Avenue to a new \$30-million headquarters purchased in the L'Enfant Plaza complex across from the Mall.

"By selling to the employees we may not only possibly give employees a bargain but we are saving the expense of having the equipment moved," a postal spokesman said. "The arti-

cles are not of sufficient quantity or condition to warrant formal competitive disposition by GSA (General Services Administration)," he said.

The Postal Service is not bound by regulations that require most government agencies to turn disposable property over to GSA. That agency then makes the items available to other government organizations, or sells or donates them to state or local governments or approved non-government organizations.

Last Thursday morning, postal workers spilled onto the Pennsylvania Avenue sidewalk for the first two-day sale, which featured several hundred wooden and metal desks, many of them executive size, for \$25 to \$35; leatherette couches for \$50 and matching chairs for \$35; 300 to 400 wooden office chairs at \$8 apiece, and 40-odd electric typewriters and office machines—some worth upwards of \$400 new—for as little as \$45.

By Friday afternoon, most of the items had been sold on an "as is" basis. This meant that the Postal Service took no responsibility for the condition of the items and the purchasers had to carry them away at their own expense.

In one office of the Pennsylvania Avenue building—an office formerly occupied by a senior Postal Service official—was a forgotten cardboard poster bearing a photo of Postmaster General E. T. Klassen and a neatly lettered quote: "Service is the only thing we have to sell."

Housewife Questions The Whys Of No Disability Insurance

By PAT BORDEN
Charlotte Observer Staff Writer

WAXHAW, N.C. (AP) — Willa Brown, housewife and mother of two growing boys, has posed a question that has set half a dozen major insurance companies thinking. She hopes.

It's a simple enough question, logical and, so far, unanswerable: why shouldn't housewives be allowed disability insurance?

"I know that if I were to be disabled for several years, it could bankrupt us to hire someone to do the work for me," Mrs. Brown said.

Recently her husband Reggie applied for disability insurance with the family's company and Mrs. Brown asked then if she, too, could be covered.

"They said, no, not unless I were gainfully employed," she said. "I started thinking about what a drain on our finances it would be if I were to be stricken with a long-term illness like cancer and we had to hire a maid and a nurse."

"Major medical insurance will cover you for only so long a time. When I had an operation about five years ago and was sent home to recuperate for six weeks, we hired a maid. But I felt rushed to get out of bed probably sooner than I should have because we just couldn't afford that extra \$50 a week."

Not content with only one company's response to her question, Mrs. Brown called five other large insurance companies.

"Really and truly," she said, "I couldn't find anyone that I could just walk into and say I was a housewife and wanted to be insured. There was one that said I could, but only through my husband, as a rider on his policy. And then it would only be major medical and life insurance."

The recurring question the companies asked was, "How would we know you were sick?"

"I told them I was not talking about times when a housewife just didn't feel like getting out of bed that day and doing her chores," Mrs. Brown said, with some exasperation.

"I am talking about coverage for long-term, disabling illnesses or accidents. And I guess we could do the same as a man would, by getting a doctor's signature."

She was also told that insurance companies have no way of "determining the value of a housewife's work." She reminded them of a study by Cornell

University that shed light on this very question but was told it was "too new to be of any help at this point."

"I also called the insurance commissioner's office in Raleigh," Mrs. Brown said. "There, I was told, 'Surely some company must cover it,' but he didn't know of one off-hand. He suggested I go through the yellow pages and check out each one. There must be 400 insurance companies in this state. I'd be on the phone forever."

Her question did serve to fire the imagination of at least one company's agent. "One man said, 'wouldn't it be wonderful for North Carolina to be first in something like this?'" Mrs. Brown said. "He also told me that he didn't know what in the world he would do if something happened to his wife. He said he couldn't begin to pay someone to do her work."

Although Mrs. Brown is quite serious about the matter, her two sons, Rhett, 9, and Gregg, 13, view her quest with amusement.

Tregg's reaction was "Mom, you don't need that. What's to happen to you? Are you going to trip over a vacuum cleaner cord?"

"Just like a man," Mrs. Brown sighed.

Nevertheless, she said, housewives are not immune to serious illnesses that can cost a family thousands of dollars above and beyond hospital care.

"I'm just concerned that we don't have it," she said. "And apparently we have no way of getting it until some insurance company comes out with it."

Anniversary Is Hairy Problem

By Abigail Van Buren

© 1973 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: Like so many others I can't believe I am actually writing a Dear Abby letter. My inlaws' anniversary is coming up so I called my mother in law and told her that John [my husband] and I wanted to take her and Dad out for a small dinner celebration on their anniversary.

She said she'd ask Dad and would let me know. She called me back the next day and said (and I quote), "Dad said he was not going anywhere with John until he gets his hair cut."

I couldn't believe my ears! John is over 21 and nobody has to tell him when to cut his hair. He wears it longer than he used to, but it's clean and well-groomed and not really long by today's standards.

When I told John about it he said, "Well, I guess we won't be with them on their anniversary."

As things stand now, we aren't speaking to his parents until we get an apology. Don't you think we deserve one? DAUGHTER IN LAW

DEAR DAUGHTER IN LAW: I happen to believe that John has the right to wear his hair the way he wishes, and his parents also have the right to absent themselves from his company if they so desire, but I wouldn't hold out for an apology. Start talking. But be careful what you say.

DEAR ABBY: It's Little League baseball time again and I need your help. The father of one of these boys piles all these boys in the back of his pickup truck—some with their feet hanging over the side, and you know how boys are—they don't sit still, and some of them like to show off.

I have been driving behind them in my car and my heart has been in my mouth many times. The driver of the truck can't keep his eye on the boys in the back, and sometimes he's watching scenery instead of the road ahead of him.

I have heard this man's wife say they both read your column, Abby, so maybe if you print this it will do some good.

I don't want him to think I don't appreciate his hauling those Little Leaguers around, because I think he's great, but I worry.

NO NAME, PLEASE

DEAR NO NAME: Here's your letter . . . right over home plate.

DEAR ABBY: I would like to inform R. L. C. and others who have also lost items in restaurant checkrooms, that she has a very good chance of recovering her loss from the restaurant management under bailment laws, regardless of the signs proclaiming "Not responsible for loss of personal property."

I would like to add that a practical business law course is a valuable investment for anyone.

DAWN IN FLORIDA

DEAR DAWN: I also took a course in "business law" and I would like to add, "A little learning is a dangerous thing." When one has a legal problem he is ahead to hire a competent lawyer and pay him for what he knows.

CONFIDENTIAL TO SENIOR CITIZENS: Some of my most fascinating and informative mail comes from Senior Citizens. Will you please send me a postcard telling me what YOUR biggest problem is? Money? Failing health? Loneliness? Boredom? And if you have no serious problems, send a postcard telling me how you manage to stay happy. A million thanks!

Before buying a garbage disposer make sure there is not a city ordinance forbidding the use of same. Also: find out if your sewage system is capable of handling the disposer residue.

Couple Weds In Recent Ceremony

GRIFTON — Miss Mary Kay Manning of Rt. 1, Grifton, became the bride of Joseph Melvin Fordham Jr. of Kinston on Saturday, June 23, at three o'clock at St. John's Episcopal Church.

The Rev. Milton Wright officiated at the double ring ceremony. Whit McLawhorn presented a program of organ music.

Given in marriage by her father, the bride is the daughter of Mr. and Mrs. Millard Manning. The bridegroom's parents are Mr. and Mrs. Joseph Melvin Fordham Sr.

The bride wore a white silk organza gown over taffeta with a stand-up lace collar edged in lace with short see through puffed sleeves. The A-line skirt had a front panel of applique with a lace applique hemline.

Her cap-let of lace was attached to a chapel length train which was applied in chantilly lace. Her bouquet was of white roses and stephanotis.

Honor attendant was Miss Attiane Jackson of Grifton. Bridesmaids were Miss Fay Smith of Ayden, and Mrs. Jimmy Griffith of Kinston.

Mr. Fordham served as his son's best man and ushers were Bill Woolard and Jimmy Griffith of Kinston, and James Ray Joyner of Grifton.

The bride is a graduate of Ayden Grifton school and plans to attend LCC in the fall. Her husband has attended LCC and is now employed by WFTC

Broadcasting Co., Kinston.

After a wedding trip to Williamsburg, Va., the couple will reside in Kinston.

Rehearsal Party

A rehearsal party was given by the bridegroom's parents at their home in Kinston Friday night. Guests were greeted by Mrs. Melvin Fordham.

The refreshment table was overlaid with a white cutwork cloth centered with a five branch candelabra with an arrangement of white snapdragons, daisies and baby's breath.

After the bride and bridegroom cut the first slice, Mrs. Walter Kleihovich, aunt of the bridegroom, served the four tiered cake. Mrs. James Vause, aunt of the bridegroom, poured punch.

A table in the family room was overlaid with a white cutwork cloth and centered with an arrangement of gladioli flanked by candelabra with burning tapers.

Mr. and Mrs. Dorsey Tyndall said good-byes to the approximate 85 guests.

The bride-elect was honored at a shower at the home of Mrs. Carl Hartsfield at her home in Kinston Thursday night.

Miss Griffin Entertained

Miss Gayle Griffin, who will marry Ken Windley of Beaufort on Aug. 19 was honored at an informal party Saturday morning at the home of Mrs. Walter Carson.

Hostesses were Mrs. David Jones, Mrs. John Pollock and Mrs. Carson, cousins and aunt of the bridegroom-elect.

The refreshment table was covered with a cutwork linen cloth over blue with a centerpiece of blue and pink summer flowers. Tropicana roses and baby's breath and mixed summer flowers were used in the living room and orange lilies were used in the den.

The honoree was presented a corsage of white snapdragons. Mrs. Griffin and Mrs. Windley were given corsages or tropicana roses and baby's breath.

Miss Griffin was presented gifts from the hostesses.

THE CHAMP

NEW YORK (UPI) — "The Fantasticks" musical at off-Broadway's Sullivan Street Playhouse began the 14th year of its run on May 3. It was the occasion of its 5,411th performance there. It claims the title of world's longest running musical. During the years there have been more than 3,000 other productions in all 50 states, 54 foreign countries, Puerto Rico, the Virgin Islands and the District of Columbia.

Guest Editorialist

There are many uncertainties in our journey through life. Man over the centuries has shown the

Behaviorism In The Classroom

By WILSON DAVIS
UNC-G News
Bureau Director

GREENSBORO — Systematic application of "behavior modification principles" may hold the key to solving many of the classroom management problems now facing public school teachers.

That is the view of Dr. Gary Sapp, an educational psychologist and an assistant professor in the School of Education at the University of North Carolina at Greensboro. However, he cautioned that effective use of this approach requires both training and a commitment by the teachers involved.

Dr. Sapp advocates a classroom management system based, in part, on some earlier findings by Dr. David Premack, an eminent psychologist from the University of California at Santa Barbara.

"He found that if you observe the behavior of a student over a period of time, you could determine his most frequent mode of conduct — or high-probability behavior," noted Prof. Sapp. "He then indicated in his research that if you choose another behavior that occurs less frequently, the student could be led to engage in the less frequent behavior just for the opportunity to engage in the high-probability behavior."

Several Approaches

Dr. Sapp said a number of classroom management approaches are related to the research findings of Dr. Premack and those of other psychologists. One involves activity reinforcers, whereby a student or a class is permitted to engage in "a fun activity" late — providing he or they first participate in certain academic work. Another involves a point system in, for example, a language arts class. If a student earns a certain number of points for appropriate behavior, he is rewarded with the opportunity to play a game or some other word game.

"Our approach involves rewarding the student for appropriate behavior and ignoring and punishing him for inappropriate behavior. That doesn't sound much different than anything teachers have done before, except that we say you have to be pretty systematic and consistent about it. This is where the training comes in. Anybody knows that when things get a little tough, it's very difficult to control your own behavior. We try to help them do that through some techniques we teach."

Workshops For Teachers

Dr. Sapp conducts a summer workshop at UNC-G for public school teachers who want to learn more about the use of behavior modification principles in their classrooms.

He said some of the teachers have told him that classroom behavior problems "are really tough now. They say, 'I've tried a lot of things and not much seems to work with these kids. The things that worked six to 10 years ago don't seem to have much effect now.'"

In Dr. Sapp's view, several factors account for such classroom behavioral difficulties. The changes resulting from integrated schools are part of it, he noted, but only a part. All students are different than they used to be, he added. "We have to realize that we've got a different kind of student now. He's been watching TV may be four hours a day since the time he was a year old, and nothing much impresses him anymore. There doesn't seem to be any tricks, games or gimmicks that can really excite him."

New Student Mix

Dr. Sapp added, "I think may be another reason is that we have some teachers who essentially learned to deal with only one segment of the population — the highly motivated, middle-class kid who had been taught to sit still and read his books, and who prized educational endeavors fairly highly." But now, he noted, in integrated school systems they are encountering a different cross-section of students.

Another change, generally, lies in the tendency of some school administrators toward more reluctance to suspend unruly students, he added. One result of all of this seems to be some increased problems of classroom behavior, said Dr. Sapp.

Taking such factors into account, Sapp suggests that public school teachers opt for a more positive method of classroom management, applying the principles of behavior modification.

"We tell a teacher to examine the assets inside her classroom that she has in dealing with her students. We tell her to look at what the student is getting for what he is doing," he explained.

When dealing with disadvantaged students, Dr. Sapp said he has found that it is important for them to have some type of position reaction in their school environment. "And it's extremely important for them to be successful, and to be successful on a daily basis. ... We believe that one of the best ways of changing a student's self-concept is to insure that if he's willing to make an initial effort, that he can undergo a success experience daily. This is the heart of the program."

Effective use of the principles of behavior modification is not easy, but Dr. Sapp is convinced the approach can pay dividends. "It does require a commitment by teachers, and it requires careful planning," he stated.

ability to adapt to the many changes. The health care system we know today has made many changes and many more are on the way.

In the year just passed we have seen the change in the philosophy of providing grants to help construct new hospitals. Hospitals of the future will pay interest on loans and have to borrow commercially to expand. Our new hospital project has been affected as a result of this change, and we have experienced some delays as a result of it. Nevertheless, a need still exists for expanding to meet the demands placed upon us, and we shall work to adopt to new methods of financing which should include some plans for regional support.

Patients do not stay in hospitals today as long as in years past. Changes are being made in your local hospital so that patients can go to surgery or so that medical tests and procedures can be performed without the patient's staying overnight. Savings are possible from 20-30 percent less than when admissions to expensive hospital beds are made necessary. This represents adjustment on behalf of the patient, the doctor, the insurance industry, and the hospital.

Education of hospital personnel both before they begin to work in the hospital setting and on the job training are very important. The former nurses home here has been remodeled and designated as an education center where students from east Carolina University and Pitt Technical Institute along with employees and members of the medical staff are provided classroom and conference area for continuing education. Fewer and fewer hospitals are now being built with a nurses residence as part of the facility. Here again, your hospital is adjusting to this change.

The future holds the promise of a new facility and a growing service area of responsibility for Pitt County Memorial Hospital. A regional rehabilitation center here will provide for services throughout eastern North Carolina. The many medical specialties represented by the growing medical staff will provide a wider range of service to all of this area. As our community develops and grows, plans have been made to provide for the health needs of the community by the foresight and vision of responsible citizens.

So, the future will hold for us uncertainties and more challenges to change, but it is comforting to know that here in Pitt County people are making plans to be ready for the adjustments.

Senator Scott Fleeing Ship?

By ROWLAND EVANS
and ROBERT NOVAK

WASHINGTON — The paid deterioration of relations between the White House and the Senate Republican leader, Sen. Hugh Scott of Pennsylvania, radically accelerated by the Watergate scandal, hit a new low last Tuesday when Scott spoiled administration efforts to delay passage of a gutted military foreign aid bill.

In the poisonously anti-Nixon, isolationist mood prevailing in the Senate, the bill was cut to shreds. Aid to South Vietnam was severely restricted, reflecting the view of prominent Democratic Senators that President Thieu's regime should be abandoned. No help was coming from President Nixon across the continent ("sulking on the beach at San Clemente," in the disillusioned phrase of one supporter).

Given this situation, administration strategists figured the only possible course was to postpone the vote beyond June 30. That would provide a higher level of military aid temporarily and also buy time to improve aid to Vietnam. Accordingly, a meeting was scheduled for 2 p.m. Tuesday in the back room of Scott's minority leader's office just off the Senate floor to be attended by key pro-administration Senators and presidential aides. The subject: how best to achieve the delay.

While administration officials waited in Scott's outer office, 2 p.m. came and went. What they did not know was that Scott was holding his own unscheduled meeting at that moment in the Senate Republican cloakroom, a sacrosanct area barred to non-Senators. Scott told pro-

administration Senators there was no point in delay. Without administration officials around to object, key Nixon backers agreed to go ahead.

The incident buttresses the widespread feeling, both in the Senate and the White House, that Scott is preparing to abandon the Nixon ship in the wreck of Watergate. Scott, a wily old political fox who can scent the trends, is moving toward charting his own course, developing his own legislative strategy and vastly enhancing his own power as White House power declines.

Although the White House depends on loyal Senators to manage specific legislation, they cannot interpose a pro-Nixon Senator between the White House and Scott as de facto Republican leader.

Early during the Nixon administration, Sen. Robert J. Dole of Kansas played that informal role as Nixon advocate, often in opposition to Scott. No more. Embittered by his humiliating experience as Republican national chairman, Dole tells fellow Senators that Mr. Nixon today commands only 19 to 25 sure votes in the 100-member Senate—the principal reason why Scott is charting his own course.

A footnote: Conservative Republican congressmen—especially firebrand first-termers—are plotting to purge Rep. John Anderson of Illinois as GOP caucus chairman because he opposes Mr. Nixon's Indochina policy. Mentioned as successors are Reps. John Rhodes of Arizona, chairman of the House Republican Policy Committee, and Jack Edwards of Alabama. House

Strength For Today

NO COMPLETE LIBERTY

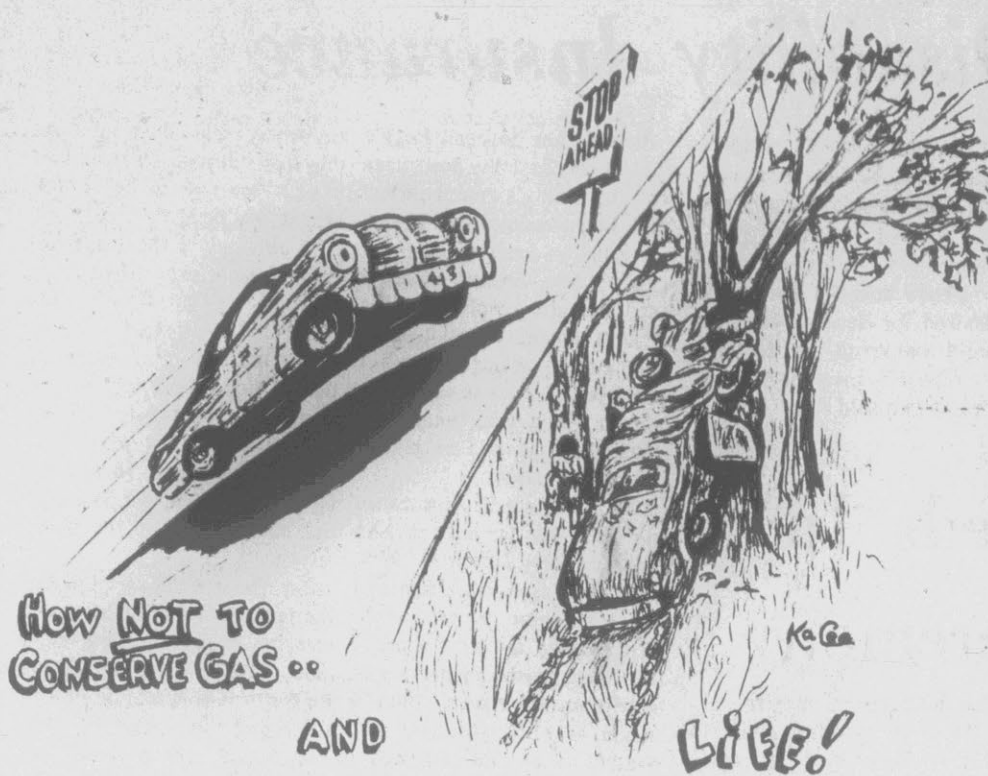

When a father once reproved his young son for some kind of misbehavior the youngster asked bitterly, "Dad, when will I be old enough to do just what I want to do?" To this the father made the wise reply, "I don't know. Nobody has ever lived long enough to find out."

Talk as we may about liberty, there is no complete liberty in the world for any human being, nor should there be. Federal and state laws, and city ordinances prevent us from doing countless thousands of things,

and no society would be worth living in if these prohibitions did not exist. The rules of etiquette prevent our doing many other things. Every business has its customs of the trade which no one can violate and still remain in good standing with his associates.

The only person who could possibly have complete liberty would be a savage living by himself in a desert. But when a second savage puts in his appearance, the liberty of the first is at an end.

by Earl Douglass

By J.J. KILPATRICK

Those Bicentennial Blues

By JAMES J. KILPATRICK

If you want something else to brood about these days, you might brood a while on this: If you had been born, say, in 1724, and had been 52 at the time of the Declaration of Independence, would you have joined the American Revolution?

In my own case, candor compels a sad acknowledgement: Now, at 52, I probably would have sat the war out with the Tories. I suppose I would have been so imbued with loyalty, law, and order, that I would have suffered the abuses of the Crown rather than take arms against them. At 52, I might have viewed old Benjamin Franklin as a kind of Benjamin Spock; and I might have regarded 40-year-old

Patrick Henry as today's Virginia Tories regard their radical-lib Lieutenant Governor, Henry Howell. It is raining tonight, and my back aches.

But suppose, to be supposing, that you had been born like Alexander Hamilton in 1757, or like John Marshall in 1755, and you had come to the Revolution at 19 or at 21? It probably would have been a different thing. The boldness and the audacity of the Revolution would have warmed the blood, and the visions of Tom Jefferson would have fired the mind. The "long train of abuses" would have seemed intolerable then.

Then rainy-day musings lead to the observation that today's young radicals quite

probably are right, in their bitter accusation that the nation's official celebration of the approaching bicentennial has been taken over by the Tories. The American Revolutionary Bicentennial Commission (ARBC) belatedly added a few young faces to its governing board some months ago, but this was mostly window-dressing. Sad to say, we are missing the bicentennial boat.

Therefore, while it may seem sorely out of character, let me put in a small plug for the Peoples Bicentennial Commission, headed by Jeremy Rifkin, at 1346 Connecticut Avenue here in Washington. This is an aggregation of contemporary revolutionaries — populists, socialists, New Leftists, hippies, yuppies, bra-less girls and bearded men—but to judge from the literature they are sending out, they are a lot closer to the true Spirit of '76 than the promoters, politicians, and P.R. men in charge of the ARBC.

The ARBC — the official commission — still if floundering badly. Lydon Johnson put some good people on the first commission, notably Carl Humelsine of Colonial Williamsburg, but Nixon lopped them off in favor of political appointees. A period of chaotic mismanagement followed. Executives came and went. Three years before the great day itself, the ARBC today has yet to get a handle on the meaning and the opportunity of a bicentennial observance.

If the observance is to rekindle old principles, as even the Peoples Bicentennial Commission understands, there must be some elements of show biz. The PBC already has a professional theatre company on the road. But of greater importance are the efforts that must be made to achieve a new comprehension of what the Revolution was all about, and to apply this comprehension to problems of our own time.

The Revolution was mostly about power: Where power lies, how it is exercised, how it is abused, how it must be restrained. But the Revolution also embraced radical ideas of the rights of man and the duties of government. These great torches ought to be raised again. We must see how far we have wandered from the

(Continued On Page 5)

Boyle Views Life

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions:

Some reformers believe that high taxes are a good way to curb sin. But since confirmed sinners are pretty determined people, it is likely that high taxes only make them more ingenious or, at times, a little more uncomfortable. But sin is kind of like education: it isn't what you paid for it that counts — it's what you get out of it.

Cats and women are getting away with more today than dogs and men did a generation ago. The world is getting more feline and female.

HAL BOYLE

Some people say they don't feel the inflation so much anymore. That's because they are like a fellow dunked in the middle of the icy Atlantic ocean in February. He becomes numb before he drowns.

Only a man in love with a woman can be married to her 50 years and still find her a mystery. But that doesn't make him the dumbest man in his neighborhood. It makes him the richest.

If you think you neighbors call too often and stay too long, why not try a simple solution? Just serve lemonade.

For every person who is afraid of dying, there are three who are afraid of living.

Now that July is here, we can all recall what we were trying to remember last April — better get the living room air conditioner repaired right away.

Throwing away or giving away an old sport coat is one of the greatest sacrifices a man has to make in his life. A well-worn jacket, a pair of cracked and wrinkled but comfortable shoes, even a tie he thought he looked dashing in back in 1946 — these are mementoes of his yesterdays he clings to, even though they have been in the closet unworn for months or even years. When he puts them

Fly More Sorties In Cambodia

PHNOM PENH, Cambodia (AP) — U.S. B52 heavy bombers struck within 10 to 25 miles of Phnom Penh Monday night and early today as the Cambodian military command reported a rash of enemy activity on nearly all fronts.

A military source said the number of raids by the big eight-jet planes increased slightly in June and probably would be stepped up even more before Aug. 15, the deadline set by the U. S. Congress for an end to all other American military activity in Indochina.

The informant said the B52s struck at suspected insurgent positions around the railway town of Batt Dong, 15 miles northwest of Phnom Penh; Trapeang Thnot, another rail town 9½ miles due west; the district town of Baren, 15 miles to the southeast; the district town of Prek Tamak, 13 miles northwest on the east bank of the Mekong River; and in the Srang mountain region, an in-

surgent stronghold 25 miles southwest of the capital.

In Washington, Defense Department spokesman William Beecher said the number of sorties flown in Cambodia by U. S. F4 and A7 fighter-bombers increased more than 30 per cent last week, from about 150 a day to "in the low 200s." He

New Club Is Gaining Boys

FARMVILLE — The newly established Boys' Club of Farmville is showing increases in its membership and is pleased with the support of the townspeople here.

Some activities the boys have enjoyed lately include a fishing trip to a nearby pond, weekly trips to the Greenville Boys' Club, a softball game against the Rocky Mount Boys' Club, making two large signs and touring the town, and safety instruction for camping.

An overnight campout at Surf City is planned for this coming weekend, with all boys who have their parents' consent participating.

A building for the permanent location of the Farmville Boys' Club has not yet been found. Anyone who knows of a building that might be available should contact Graham Gutting at the Greenville Boys' Club.

Don Bowers, Kirk Doll, and Ronald Konrad are the Farmville Club leaders.

on and his wife or children laugh at him, he feels it is a sacrilege. To him they are not mocking his garb; they are mocking the man he once was and still feels himself to be. If they are thrown away, he feels, he is expendable, too. That hurts. A man likes to think that all things about his life will last forever.

There is a conjecture among scientists and philosophers that in time the human race will be reduced to a single gender. Well, that doesn't seem too awful. Most of us have spent our lives enjoying one gender — usually the other one.

Cunniff Col. . . .

(Continued from page 4)

regulatory changes made since 1970 that most government and industry officials believe hold the potential for greater investor protection.

In January of this year Congress adopted Rule 15c3-3 under the Securities Act of 1934 that spells out the limitations on use of cash and securities left in customer accounts.

Fully paid customer securities or cash that are left with the broker must, for example, always be under his control or actually in his custody.

Fully paid customer securities or cash cannot be used by the broker in any way at all. Securities cannot be hypothecated, that is, pledged for loans. The cash cannot be used in the broker's own business, as sometimes occurred in the past.

Exchanges have tightened their own regulations, although a New York Stock Exchange spokesman conceded that its own surveillance is only as good as the records provided to it by members. Fraud is still possible.

A computerized securities depository, in which changes of ownership are made through bookkeeping entries while the certificates remain immobilized, is cutting down on theft, loss and errors of identification.

Mice—Rats ROACHES?

COMPLETE PEST CONTROL SERVICE
752-5175
Ivey Coward Co.

said some days close to 300 sorties were flown. A sortie is one strike by one plane.

Beecher said a break in Cambodia's monsoon weather and military thrusts by the insurgents led to the stepup, which was ordered as the White House negotiated with congressional leaders the compromise date of Aug. 15 for the cutoff in U. S. military operations.

The Cambodian military spokesman, Col. Am Rong, said bombing near a hamlet on Highway 3 about 12 miles south of Phnom Penh killed 20 insurgents.

In Saigon, the Viet Cong declared it is not responsible for two Canadian officers who dis-

appeared Thursday near Xuan Loc, 45 miles northeast of the South Vietnamese capital.

Field reports and South Vietnamese and Canadian authorities said the officers, Capt. Ian Patten of Etobicoke, Ont., and Capt. Fletcher Thomson of Ottawa, are being detained by the Viet Cong.

The International Commission of Control and Supervision agreed to send a letter to the South Vietnamese-Viet Cong Joint Military Commission asking it to cooperate in starting a search for the men.

The South Vietnamese military command claimed 74 more Communist truce violations during the 30 hours ending at

noon. It said in one attack, a civilian and a government soldier were killed and 11 other civilians and a soldier were wounded by a rocket fired into a populated area 25 miles south of Da Nang.

A delayed report said one child was killed and 23 persons were wounded Sunday by a grenade thrown into a theater near Quang Ngai, 75 miles south of Da Nang.

Center To Close

The Meadowbrook Day Care Center will be closed Wednesday, July 4. The center will open on Thursday at the usual time.

Attended Sessions Of Land Bank Ass'n

Officials of the Federal Land Bank of Washington have returned from Bal Harbour, Florida, where they attended the annual conference for directors and presidents of Federal Land Bank Associations in the Carolinas, Florida, and Georgia. The FLBAs and PCAs are currently serving over 100,000 farmers, growers, ranchers, and rural homeowners throughout the four state area with over \$2.0 billion in outstanding loans.

The conference was sponsored by the Federal Land Bank of Columbia, South Carolina, and the Federal Intermediate Credit Bank of Columbia South Carolina.

The Land Bank makes loans through Land Bank Associations

and the Credit Bank provides leadership, supervision and agricultural loan funds for the PCA's in the Carolinas, Florida, and Georgia. The FLBAs and PCAs are currently serving over 100,000 farmers, growers, ranchers, and rural homeowners throughout the four state area with over \$2.0 billion in outstanding loans.

The Federal Land Bank Association of Washington is currently serving 1,050 farmers with loans totaling \$25,000,000 in Pitt, Beaufort, Tyrell, Washington, Hyde, and Martin counties.

Other officials of the Land Bank Association attending the

conference in addition to Griffin included R. G. Coburn of Jamesville, chairman of the board; Douglas W. Davenport of Crestwell, vice chairman of the board; B.G. Carowan of Pantego, director; Sam Winchester of Greenville, director; and Menton Beech, Jr., of Oak City, director.

Charles A. Lindbergh made the first nonstop trans-Atlantic flight, New York to Paris, May 20, 1927.

old paths.

This is not meant to endorse everything the PBC is putting out. Some of their stuff makes sense, as when they inveigh against the excessive power of the great corporations, but much of their material is sophomoric twaddle. Rifkin falls into gross error when he speaks of an American ideal of "Life, Liberty and Happiness." It was the pursuit of happiness that Jefferson placed among the rights of man. Their notions of an educational system in which teachers and pupils are equals are, at best, childish.

Even so, the PBC's publications breathe with fire and purpose and sincerity. They are contemptuous of T-shirts, tie pins, and superficial pageants. They are concerned, metaphorically if not literally, with a new American revolution. Most of their ideas strike me as half-baked, misguided, and irresponsible, but at least they have a sense of purpose. That's more than can be said for the Tories now officially in charge of producing the Grand and Glorious Fizzle of 1976.

Evans-Novak . . .

(Continued From Page 4)

Republican leaders (including Rhodes, while deploring Anderson's apostasy, are not inclined to support a divisive purge of him.

GOP SHUNS WATERGATE Although Watergate dominated backroom conversation during last Tuesday's meeting of the executive committee of the Republican National Committee, the subject was regarded as so inflammatory that national chairman George Bush ordered it kept off the agenda.

Keeping it off the agenda, indeed, was the confidential advice from several members of the executive committee—including Clarke Reed, the astute Mississippi state chairman. Reed's perceptive though indirect criticism of President Nixon last month over Watergate got him in trouble with true-blue Nixon loyalists. He feared Tuesday that the executive committee could never agree on a Watergate position, resulting in embarrassing publicity.

A footnote: Former White House political aide Harry Dent, now general counsel of the National Committee, strongly urged conservative backing for liberal Rep. William Steiger of Wisconsin, chairman of the party's new committee on reforming party rules and regulations. Steiger has been subjected to continuing hostility from Dent's Southern allies, particularly Reed. So Dent informed the executive committee that Steiger "has gone out of his way" to accommodate conservative criticism of his reform operations.

Stock And Market Reports

RALEIGH (AP)—(NCDA)—North Carolina hog prices are steady to 50 cents higher today. 39.00-39.50 Rocky Mount; 38.25-39.25 Siler City and Denton; 38.50-39.00 Tarboro and Bethel; 37.00-38.50 Wilson and High Falls; 37.25-38.25 Kinston, New Bern, Benson and Lumberton; 41.00 Clinton, Fayetteville, Dunn, Elizabethtown, Pink Hill, Pine Level, Chadbourn, Ayden and Laurinburg; 40.00 Mt. Olive; 38.00 Salisbury.

RALEIGH (AP)—(NCDA)—North Carolina f.o.b. dock brokers: Market steady, supplies barely adequate to short, demand good and weights desirable.

North Carolina hens: Limited with too few sources reporting to release prices.

The Market News Service office in Raleigh will be closed tomorrow for the Fourth of July holiday.

NEW YORK (AP)—Stock market prices nosed lower today in sluggish trading that saw investors generally yawning on the sidelines.

The Dow Jones average of 30 industrials at 11:30 a.m. was down 5.49 to 875.08.

Declines led advances on the New York Stock Exchange by 3 to 2.

The boost in the prime rate by several major banks plus continuing uncertainties over Watergate and Phase 4 were also market depressants.

Many traders were off on the sidelines, and trading remained dull.

"There is some evidence that the terminal stages of the market decline are beginning to take place," said Alan R. Shaw, analyst with Harris, Upham & Co. He cited the declines of the high quality stocks as being the final phase traditionally of a long bear market.

Big Board prices included IBM, down 8 to 297 1/4 following a recent unfavorable mention by a technical analyst; Natomas, up 2 1/4 to 31 1/4 after losing more than 10 points Monday; Avon Products, down 3 1/2 to 113 1/2 following a recent negative mention in a magazine article; and Benguet, off 1/2 to 4 1/2.

Following are selected 11 a.m. stock market quotations:

Obituaries

Easter

Funeral services for Mr. Leonard Easter were held today at 3 p.m. at Phillips Brothers Mortuary. Burial followed in Brown Hill Cemetery.

Born in North Hampton County, Mr. Easter moved to Greenville 10 years ago. He was employed by the Pepsi Bottling Company.

He is survived by his wife, Mrs. Goldie Easter, and a brother, Leroy Easter, both of Roanoke Rapids.

Gaskins

Mr. Furney V. Gaskins, 58, died in Duke Hospital Monday morning following several weeks of illness. Funeral services will be conducted at 3:00 p.m. Wednesday in the Black Jack Free Will Baptist Church by Rev. Bobby Bazen, pastor. Burial will be in Greenwood Cemetery, where Masonic Rites will be accorded by members of the Grimesland Masonic Lodge. The body will be taken from the Wilkerson Funeral Home to the Church one hour prior to the time of services.

Mr. Gaskins was a native and lifetime resident of the Black Jack Free Will Baptist Church, the Men's Bible Class and was a deacon.

He was also a member of Shawnee Tribe No. 62, Improved Order of Red Men of Grimesland, The Grimesland Masonic Lodge No. 475, the Greenville York Rite Bodies, the New Bern Consistory of the Scottish Rite, the Sudan Temple, the Provost Guard, and the Eastern Star at Grimesland. He was a former member of the Pitt County Draft Board and a member of the Greenville Moose Lodge.

Surviving are his wife, Mrs. Cora Belle Harper Gaskins; a daughter, Miss Sandra Gaskins of the home; a son, Charles H. Gaskins of the home; two grandchildren; a brother, A. G. Gaskins of Black Jack; four sisters, Miss Ruth Gaskins of the home, Mrs. John Henry Singleton of Washington, Mrs. Fred Mills of Bells Fork, and Mrs. J. W. Riggs of Rocky Mount.

Joyner

FARMVILLE—Mrs. Emma Lou Gorham Joyner, wife of Mr. Raymond Joyner, died last night at her home here.

Funeral arrangements are incomplete.

Mayo

COLUMBIA, S. C. — Mr. Frank Elmo Mayo, 50, of here died Monday in Richland Memorial Hospital from injuries received in automobile accident.

Funeral services were held in Columbia at 4:30 p.m. Tuesday and graveside services will be held Wednesday afternoon at two o'clock in Greenwood Cemetery. They body will be brought to the S. G. Wilkerson & Sons Funeral Home Wednesday morning.

Snake-Handler Operated Upon

CHATTANOOGA, Tenn. (AP)—Muri Bass, who tested his faith by handling a rattlesnake during a hill country religious service Sunday, was reported resting comfortably today after an operation to drain poison from his arm.

Hospital officials said they had been instructed by Bass' surgeon, Dr. William Dwyer, that he did not want any information released about him other than his condition. Dwyer said Bass was in satisfactory condition.

However, The Associated Press learned that the operation was to drain poison from the arm and reduce swelling in an effort to save the limb.

Bass handled the western diamondback rattler during a day-long prayer service at the little mountainside Holiness Church of God in Jesus' Name.

He had been nicked by a smaller snake the night before, but the fangs did not pierce the skin.

Observers said Bass was in a near trance as he danced and prayed with the serpent twining about him. The snake struck leaving a bloody streak on his right arm just above the wrist. Nonetheless, Bass continued to sing, clap his hands and pray for several minutes before becoming ill and being led away to the home of the pastor of the church, the Rev. David Liston Pack.

"In Jesus' name. Oh my God please help him," prayed his fellow worshippers who surrounded the bitten man.

Later in the day Bass, 35, an employee of the Signal Mountain, Tenn., water department, returned to his home near Chattanooga, 160 miles southeast of the church.

He was reported in good spirits and feeling well at his home. However, Monday morning Bass was rushed to Erlanger hospital where he was kept in the emergency room under treatment for several hours before surgery.

Several hundred of the faithful from eight states converged on the little cabin-converted church for the all-day worship service in which they went through rituals of snake handling and testing themselves with fire.

Although at times more than six snakes and once a cobra were passed among the preachers, Bass was the only one bitten. One man burned his hand in a flame and insisted he was in no pain.

In April at the same church, two persons took strychnine poison and died. The wife of one of the victims was at the Sunday service this week and said, "It was Gods will."

Plan Art Purchase Awards In Belhaven

BELHAVEN—Last minute information received on the annual July Fourth celebration in Belhaven indicate that a number of purchase awards for art are now definite and others may materialize by Wednesday.

Purchase sponsors listed for the Open-Air Art Show to date are: Seaboard Savings and Loan, \$50, for the best landscape or seascape of the Seaboard area by a local artist; East Carolina Bank, \$50 for the best landscape or harbor scene in black or white (ink or water color); Texas Gulf, \$50 for the best local scene by an artist resident of Beaufort County or from the Texas Gulf family.

Mrs. Effie Raye Bateman, in announcing the awards above, said other purchase awards are being negotiated and may be available in time for the one day Fourth of July show.

Regular awards to be given include best in show; best professional; amateur, college student; and youth; and also in categories—for best in sculpture, best in painting, photography and best in special education.

Registration for the July Fourth show are being accepted today until 5:00 p.m. and also on the fourth from 8:30 to 10:30 a.m. No entries will be accepted after 10:30 a.m. A fee of \$3.00 for each exhibiting artist is required.

SECOND GABBIEST

TOKYO (UPI)—Japan is the second largest country in the world in terms of its number of telephones. Japan had 29,830,000 phones in 1972; the U.S. had 125,140,000.

At Planters, we've eliminated the one thing that stands between you and saving money.

You.

At Planters we have Sav-o-matic. It's the easiest way to save money because we save it for you. All you have to do is tell us how much you want to save and when, and we'll transfer that amount from your Planters checking account to your savings account, automatically.

We can deposit it in your Regular Savings where your money earns daily interest from deposit to

withdrawal. Or, we can deposit it in your Golden Savings where your money earns an even bigger return.

Either way, your savings will earn the highest legal interest rate. With or without you.

Stranded Bucs Fall To Wilmington, 4-2

BABE RUTH LEAGUE CHAMPIONS—North Carolina National Bank won the Babe Ruth League championship this year. Members of the team are, kneeling, left to right: Jerome Ross, Jay Holt, Taylor Pace, Jesse Baker, Doug Selby, and Dave Middleton; standing, Coach Bobby Hall, Kelly Heath, Joey

Cherry, Joel Clark, Jeff Smith, Robert Bellesheim, Jimmy Radford, Bryant Morton, Coach Pete Carraway, and Babe Ruth League Queen Donna Goodson. Not pictured is David Phillips. (Reflector Photo)

North Carolina National Bank Captures Babe Ruth Championship

North Carolina National Bank gained a 7-2 victory over Planters Bank last night to clinch the 1973 Babe Ruth League championship.

NCNB finished the league season with a 13-2 record, just ahead of Pepsi-Cola, 12-3.

In the other game, Home Builders romped to a 17-5 win over Carolina Dairy.

Planters threatened an upset, taking the lead in the opener, 2-0, in the first inning. Richard Nunn walked and stole second. Eddie Connolly singled and stole second. A wild pitch scored Nunn and put Connolly on third. Max Nunn walked, as did Mel Boyd, loading the bases. Steve Manning also walked, forcing in Connolly.

In the fourth inning, NCNB pushed over its first run. Joey Cherry was hit by a pitch and moved up on a single by Dave Middleton and a walk to Doug

Selby. Jeff Smith hit a sacrifice fly to score him.

In the fifth, NCNB pushed over two more to take a 3-2 lead. Kelly Heath singled as did Joel Clark. A walk to Cherry loaded the bases, and another to Middleton brought in Heath. Clark scored when Selby walked.

In the sixth, NCNB added another. Jimmy Radford singled and moved up on an wild pitch. He scored when Clark reached on a two-based error.

The final three came in the seventh. Cherry, Middleton and Selby walked to load the bases. Jeff Smith doubled in two runs and Radford reached on an error to score the final run.

In the second game, Home Builders took the lead in the first with a run. Mike Belton walked and stole second. He came around on a hit by Jim

Wilkerson.

Carolina Dairy came back with two in the bottom of the first. Chris Garrett walked, as did John Coffman. Two passed balls scored Garrett and a wild pitch let Coffman in for the 2-1 lead.

It stayed that way until the fourth, when five more Home Builders players scored. Bill Glidewell walked and moved up on a wild pitch. Gary Allen also walked, as did John Cleetwood. Belton walked to force over Glidewell, and Godette reached on an error, scoring Allen and Cleetwood. Wilkerson walked and Carlton Walls reached on an error, scoring Belton and Godette for a 6-2 lead.

In the sixth, Home Builders put it away, scoring 11 runs.

Wilkerson walked and Walls singled. Mark Conway walked to load them up. Wetherington reached on a fielder's choice, scoring Wilkerson, and Walls came in on Adams' walk. Belton singled in Conway, and Godette walked to score Wetherington. Adams scored on a hit by Wright Hooks and Wilkerson double in Belton and Godette. An error on the play let Hooks score. Walls reached on an error, scoring Wilkerson and Conway singled in Walls. Glidewell reached on an error, scoring Conway with the final run.

Carolina Dairy rallied for three in the seventh. Coffman walked and Sid Ashby doubled. Mike Baker singled in Coffman, but was out when Wayne Miller grounded to third. Clayton Brock singled, and an error let Baker score. Larry Boyette reached on an error, scoring Miller with the last Carolina Dairy run.

Field Day Scheduled Kinston

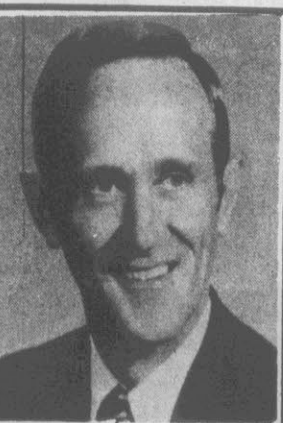

The 18th annual Moose Field Day for the Greenville Little Leagues will be held Wednesday, starting at 1:45 p.m. The opening ceremonies will be held at that time, with field day events getting underway at 2 p.m.

Two field event classifications will be held this year, for ages 9-10, and ages 11-12. Each age group will have seven contests: base running, infielder's throw for accuracy, outfielder's throw for accuracy, catcher's throw for accuracy, pitcher's throw for accuracy, home run hitting and throwing for distance.

Each team may enter one boy in each event and in each age group. Trophies will be awarded to the winner in each event.

At approximately 4 p.m., the annual Pop's All-Star game will get underway between fathers in the two leagues. A picnic supper will be held starting at 6 p.m. for all Little Leaguers, their families and guests.

The entire day's activities are sponsored by the Greenville Moose Lodge.

WILMINGTON—What could have been a double play turned into a two-run error for the East Carolina Pirates, and a follow-up two run homer led them to their third straight loss last night as the Wilmington Seahawks took a 4-2 victory over the Bucs.

It was a nightmare for the Pirates, who left an amazing total of 17 men stranded during the game, nearly two an inning. Twice they left the bases full, and four times they left two on base as they failed to get the rally going they needed to push ahead.

Overall they pounded out 10 hits as compared to just five for Wilmington.

Starting hurler Dave LaRussa limited them to just four hits in six innings, but one of them was the homer that meant the difference. Russ Smith, in two innings of relief, allowed only one hit.

The Pirates had a threat in the first when Carl Summerell

reached on an error and stole second. John Narron walked with two away, but they died there.

Wilmington then came back to push over their four runs and get all they were to need. Howie Edgerton led off with a single and both Bob Ivey and Bobby Schupp both walked, loading the bases. Greg Dalton grounded back to third, and Edgerton was easily cut down at home. They relay to first, however, to complete the double play was overthrown, and both Ivey and Schupp came around to score, giving the Seahawks a 2-0 lead. Bruce Cavanaugh then finished it up hitting a two-run homer for the 4-0 advantage.

Wilmington didn't score again the rest of the evening, but their defensive play at the right time made sure they didn't need to.

Only twice more in the game did Wilmington get a man as far as second. In the fifth, Duke Sanderson singled and Edgerton reached on error. A double play,

however, got the Bucs out of trouble.

In the sixth, Dalton walked and Cavanaugh singled, but again the Bucs came up with the plays to halt them.

In the second, the Pirates tried again. Ron Leggett singled and Jack Elkins walked, but again, they got no help.

In the third, Summerell singled, but went down in a fielder's choice, hit by Bobby Harrison. He also was out on one by Narron. Easton walked, however and Leggett singled to load them up, but a popup ended the threat.

Finally in the fourth, the Bucs got a run. Elkins singled and Jimmy Paige walked. Summerell reached on a fielder's choice, getting Paige but advancing Elkins. Harrison then singled in Elkins, but the rally was halted there.

In the sixth, the second Pirate run scored. Elkins reached on an error and LaRussa walked. Paige singled to drive in Elkins and make it 4-2. Harrison was hit

by a pitch, loading the bases, but a double play got Wilmington out again.

Two hits, by Eason and Elkins put a runner in scoring position in the seventh, while a walk to Eason and a single by Leggett did the same in the ninth, but the Bucs couldn't bring them around.

The loss dropped the Bucs to a 5-9 record for the year.

They return home tonight to entertain Wilmington at 7:30 p.m. at Harrington Field.

American Takes All-Star Game

The American Division romped to a 24-11 win over the National Division in the annual Church Softball League's All-

Star game Sunday night.

The American pushed into the lead scoring three runs in the first inning. They put it away in the second frame, scoring 11 more runs to up the lead to 14.

B. Marshburn led off the second with a single. N. Cheely singled and B. Beddingfield doubled. S. Eure doubled and B. Hall got a hit. J. Clark doubled and D. Singleton slapped a home run. B. Colorado got a hit and Marshburn doubled. Cheely and Beddingfield both doubled and scored when Eure reached on an error and B. Lee singled.

The American team picked up six more runs in the third to lead 20-0 before the National finally pushed over three runs in the bottom of the third. The American added two more in the fifth, one in the sixth and one in the seventh for their 24-run total.

The National added three in the eighth and five in the ninth to complete their scoring.

UCLA has won the NCAA's National Collegiate Basketball Championship nine of the last 10 years, posting 36 consecutive tournament victories.

Chicod In Second Loss

CHICOD—The Winterville Giants handed Chicod its second loss of the year in the Southern Pitt Little League yesterday, 10-8.

Doug Branch was the winning pitcher while Mike Edens took the loss.

May, Sam Allen and Evans each had two hits for the Giants, while Spencer and Dixon each had two for Chicod.

Chicod is now 9-2 in the league. It was incorrectly reported last week that Rogers Furniture of Grifton was 5-5 in the league. The team had a 6-4 record.

FIVE VETERAN COACHES

WEST POINT, N.Y. (AP)—Five members of Army's coaching fraternity have been on the job for more than 15 years. They are Joe Palone in soccer (25), Jack Riley in hockey (23), Charleton Crowell in track and cross country (23), LeRoy Alitz in wrestling (19) and Eric Tipton in baseball and 150-pound football (16).

Bucs Host Seahawks

East Carolina University's Pirates will play host to the University of North Carolina at Wilmington at 7:30 p.m. at Harrington Field.

The game is sponsored by Pepsi-Cola, and free tickets are available from the Pepsi plant and from any route man.

Pepsi Captures First Victory

Tar Heel Little League champ Pepsi-Cola romped to a 13-3 victory over North State playoff winner Coca-Cola yesterday in the first of the best-of-three series for the City League championship.

The second game of the series will be played today at 6 p.m., with the third, if needed, on Thursday.

Pepsi pushed ahead with a pair of runs in the first. Macdonald Avery reached on a fielder's choice and Perry Worthington made it 2-0 with a home run.

In the second Pepsi added another run. Scott Dupree reached on a fielder's choice and Fred Matney walked. Mark Shank was safe on a fielder's

choice and Jeff Wilson walked to force in Dupree.

Coke got its first run in the bottom of the second. Rusty Lilly homered to provide it.

Pepsi added four more runs in the third. Danny Carmon doubled and David McClanahan walked. Dupree reached on an error, scoring Carmon, and John Richards was safe on another miscue, allowing Richards to score. Dupree was cut down, however. Matney walked and Shank reached on a fielder's choice. Wilson singled to score Richards and a hit by Avery scored Matney to make it 7-1.

The fourth saw four more Pepsi runs come in. Dupree walked and moved up on a wild pitch. Richards singled him in and stole second. Matney reached on an error, allowing Richards to score. Shank and Mickey McGrath both walked and a double by Avery scored both Matney and Shank.

The final two came in the fifth for Pepsi. Carmon led off with a home run and McClanahan doubled. He took third on a passed ball and scored on a fielder's choice.

Coke came up with its last two in the sixth. Marshall Crumpler singled and Lee Hardee was hit by a pitch. Mark Jones singled in Crumpler and a hit by David Lowe scored Hardee.

Greenville Mows Down Fuquay By 6-1

By TOM FOREMAN, JR.
Reflector Staff Writer
Greenville's American Legion
ball club took a 1-0 lead in their

best of three series by taking a 6-1 win over their opponents from Fuquay last night at Harrington Field.

Randy Potter picked up the win for Greenville, though he didn't get to finish the contest. In the seventh inning, he walked two Fuquay batters, and was replaced by Vic Corey. Corey gave up another hit to load the bases, but slammed the door shut on any other chances for the visitors to score in the game. Corey also struck out three of the last five batters he faced.

Greenville got its quota in the first inning, scoring three runs. Griff Garner led the inning off

with a single to center. He went to second when a pickoff attempt from losing pitcher Carl Carlile sailed away from his first baseman. After Robert Brinkley singled to the infield, Stanley Cobb hit a grounder which the first baseman couldn't handle, allowing Garner to score. When the first baseman finally found the grip, he threw wide of second base to send Brinkley to third. Brinkley scored on a pitcher's error, and Cobb went to third on an infield out and a passed ball.

Cobb came home on William Woolard's single to center, one of Woolard's three RBI's for the game.

Fuquay struck for its single run in the top of the third. David Greene walked, and was sacrificed to second by Mike Paige. A single by Eric Handelman sent Paige to the plate. Handelman reached second on an error, but could advance no further.

Greenville got the run back in the bottom half of the inning.

Brinkley singled to center, and reached second on a walk to Cobb. Bill Lee's infield out moved the runners over, and Woolard's rap into a fielders' choice scored Brinkley.

The fifth inning netted Greenville its final two runs, with Brinkley scoring his third, and Woolard getting his third ribby. After a walk to Brinkley and gne out, Lee bludgeoned a double to the power alley in left to score Brinkley. After a walk to Barwick, Woolard singled to left to bring in Lee.

Greenville got Jerry Griffin to

third on a walk, error and infield out in the sixth, but Griffin was picked off third by the catcher. Fuquay loaded the bases on walks to Greene and Paige, and a single by Linwood Hamilton with one out. Reliever Corey bore down, however and retired the side on an infield fly and strike out.

Woolard's two hits along with Brinkley's two hits led the home attack. No one gained more than a hit for Fuquay.

Game two will be played in Fuquay tonight, with a third game, if necessary, back at

Harrington Field Wednesday night at 8 p.m.

Blister Sends Clyde To Bench

By HERSCHEL NISSENSEN
Associated Press Sports Writer
Texas Manager Whitey Herzog told David Clyde to smile but the Rangers' bullpen made him weep.

Texans' troubles began before Monday night's game against Chicago when relief pitcher Steve Foucault collided with coach Jackie Moore while chasing a fly ball during batting practice and suffered a broken left collarbone.

Clyde, the 18-year-old whiz who was the first choice in baseball's free agent draft last month, then went to the mound for his second major league appearance. He beat Minnesota last week, allowing one hit and two runs while walking seven and striking out eight in five innings.

This time, he went six innings before a blister forced him to the sidelines. The White Sox managed three runs—two of them unearned thanks to Clyde's own throwing error—on four hits while Clyde walked two and fanned six.

Clyde turned a 4-3 lead over to the bullpen but Bill Melton greeted Don Stanhouse, the fourth Texas pitcher, with a game-tying single in the eighth inning and Ed Herrmann doubled home the winner in the ninth.

Elsewhere in the American League, the Minnesota Twins moved into first place in the West Division by four points over Oakland with a 5-2 triumph over the Kansas City

Royals while the A's were losing to the California Angels 4-2, the Boston Red Sox nipped the New York Yankees 1-0, the Milwaukee Brewers shaded the Baltimore Orioles 5-3 and the Detroit Tigers edged the Cleveland Indians 4-3.

Consecutive doubles by Steve Braun and Larry Hisle touched off a three-run fourth inning that helped the twins beat the Royals.

Boston's John Curtis cooled off the Yankees on eight singles and Dwight Evans drilled an opposite-field home run in the fifth inning to give the Red Sox their victory.

The Yankees maintained their four-game lead over Baltimore in the East Division but had their 13-game home winning streak snapped.

George Scott blasted a tie-breaking two-run homer off reliever Grant Jackson with two out in the eighth inning, powering the Brewers past the Orioles.

Pedro Garcia and Darrell Porter hit solo homers for Milwaukee.

Mickey Stanley hit a two-run homer but a passed ball charged to Cleveland catcher John Ellis let in the run that enabled the Tigers to beat the Indians.

Ken Berry's three-run homer off Vida Blue in the second inning and run-scoring single in the eighth sparked the Angels over the A's. Berry's homer followed walks to Bob Oliver and Richie Scheinblum. Deron Johnson homered for the A's.

Big Red Machine Back In Action

By ALEX SACHARE
Associated Press Sports Writer
Manager Sparky Anderson and slugger Tony Perez agreed on one big point following Monday night's nationally televised, 4-2 victory over the Los Angeles Dodgers:

The Big Red Machine is back.

Perez belted a two-run homer in the ninth inning off Jim Brewer, Dodgers' relief ace, to give the defending National League champion Reds their dramatic victory, one which Anderson and Perez both feel might be the spark the club needs.

Perez' 14th homer of the year came off a Brewer screwball and gave Don Gullett, 8-7, his 11th victory in 14 career decisions against the Dodgers. Gullett pitched three strong innings in relief of Jim McGlothlin.

"We're back in the league," said a happy Anderson, whose club registered three victories in the four-game series against Los Angeles and climbed within eight games of the first-place Dodgers in the National League West.

In other National League games, the Montreal Expos edged the New York Mets 2-1 in 10 innings, the St. Louis Cardinals topped the Philadelphia Phils 7-4, the San Francisco Giants outscored the Atlanta Braves 9-5 and the San Diego

Padres beat the Houston Astros 8-5.

The Chicago Cubs and Pittsburgh Pirates were not scheduled.

Boots Day's pinch-homer in the 10th inning—which just cleared the right field fence and Mets outfielder Rusty Staub—gave the Expos and Steve Renko, 7-5, the victory over the Mets.

Ted Simmons belted a three-run homer and drove in five runs—his second five-RBI game in five days—for the Cards. Simmons, who hit .304 and .303 the last two seasons, had been as low as .194 earlier this season, but is now up to .285 with a club-leading 41 runs batted in.

Cards starter Reggie Cleveland, 9-5, had a four-hitter and a 7-0 lead going into the ninth, when the Phils got all their runs and Orlando Pena had to come in and bail Cleveland out.

The victory lifted St. Louis to the .500 mark for the third time. That's the highest the Cards have been, following a .520 start.

Little Sluggers Ice Tie For Purple Crown

The Little Sluggers clinched at least a tie for the Purple Division title in the City Softball League with a 14-4 victory over Hardee's last night.

The win left the Sluggers with a 13-1 record with five games to play. Hardee's is the only team that can catch them and they stand 9-6 with four to go. A single Slugger win or a Hardee loss would wrap it up.

The victory came in the opening game on field one. Hardee's scored once in the first, but the Sluggers came back with seven in the bottom of the first to end it. D. Page singled and L. Hardee got a double. P. Fleming doubled and M. Parrell singled. L. Hardee tripled and D. Taylor got a hit. W. Briley tripled and scored on S. Peel's hit.

The Sluggers added two in the fourth, two in the fifth and three more in the sixth. Hardee's scored two in the second and one in the fourth.

In the second game, Proctor's took a 9-7 win over Burger King. Proctor's scored three in the first, then came back with three more in the third. Burger King got one in the fourth, while Proctor's made it 7-1 with one in the fifth. What proved to be the winning run came in the sixth. Barefoot doubled and came around on a hit by Sanders for a 8-1 edge.

Burger King put on a rally, scoring six in the sixth, but one more by Proctor's in the seventh made it 9-7 finally.

The last game saw the Jaycees take their second win of the year, 13-7, over Greenville Utilities. The Jaycees got one in the first, then added another in the second. GUCo got on the board with a homer by D. Rouse in the bottom of the second. The Jaycees pushed over seven in the third to put the game out of reach, 9-1. J. Smith singled and J. Deloach doubled. M. Joyner doubled and J. Stallings reached on an error. I. Deloach doubled. M. Joyner doubled and J.

Chris Speier, Bobby Bonds and Gary Matthews homers for the Giants, Hank Aaron and Dave Johnson for the Braves.

Speier's two-run shot in the eighth inning gave San Francisco a 6-5 lead, and the Giants wrapped it up with three more runs in the ninth.

CARROLL RIGHTER'S HOROSCOPE

from the Carroll Righter Institute

GENERAL TENDENCIES: A good day and evening to maintain poise and steadfastness and to show you value your country and the good things you have from being a citizen of it. Get everything arranged so you will be able to do a better job of whatever your work is in the future. Take time out to build up your health, too.

ARIES (Mar. 21 to Apr. 19) Any work of any kind should be done well if you are to get the benefits from it that you desire. You have good ideas so don't permit a fellow worker to change them. Show you know what you are doing.

TAURUS (Apr. 20 to May 20) Although you want to have fun, be sure you do not sacrifice fine plans you have made, but follow through wisely. Take the treatments that will make you look more charming. Stay within your budget.

GEMINI (May 21 to June 21) Don't jeopardize something important you have to do at home just to get out to what is exciting for a few hours. Get rid of whatever is causing trouble at home. A stranger has no business trying to disrupt the harmony of your house.

MOON CHILDREN (June 22 to July 21) Quietly stop one who is trying to pull the wool over your eyes. General routines are best to stick with now. Not a good day for getting into new and untried ways of living. Show loyalty to mate, also.

LEO (July 22 to Aug. 21) There are some important matters for you to attend to so don't frivol your time away, or spend money unwisely. Listen to what a wise businessman has to suggest. Avoid that smart aleck who could only get you into trouble.

VIRGO (Aug. 22 to Sept. 22) Get out of that slough of despondency by looking at your problems objectively and then doing whatever is constructive about them. Attend social affair but don't criticize others. Show courtesy instead.

LIBRA (Sept. 23 to Oct. 22) This is a good day to talk over with bigwigs informally how you can become more secure and then get rid of whatever is a deterrent to this aim. Try to please those you love more instead of being contrary.

SCORPIO (Oct. 23 to Nov. 21) You have fine ideas that should be followed instead of going along with a friend who is

most enthusiastic but hardly practical. Look into periodicals that can be most enlightening. Avoid friction at home.

SAGITTARIUS (Nov. 22 to Dec. 21) You want to get busy collecting bills and making out checks, so do just that and get your financial affairs in order. If you are less talkative and kinder with mate, you get good results now.

CAPRICORN (Dec. 22 to Jan. 20) If you study you can do much to improve your mind and character as well. Look to that clever person you know if you want to solve that personal matter well. Make sure you drive with utmost care.

AQUARIUS (Jan. 21 to Feb. 19) Fine day for getting all that work ahead of you done constructively and efficiently, even though you feel like going out for fun. Take more modern treatments and improve your health and charm.

PISCES (Feb. 20 to Mar. 20) You can get into entertainments that have been found attractive in the past and get more pleasure from them now. You have a special talent that can be put to work with good results. Avoid one who is belligerent.

IF YOUR CHILD IS BORN TODAY... he or she will be one of those delightful young people full of talents of all kinds who can work on various interests and tasks in a most steadfast manner, provided some person does not come long and try to spoil it all by interesting him or her in some crackpot scheme. So teach early to have will power and not go along with whatever is not desired. Give as fine an ethical training as you can and don't neglect the important spiritual side of life.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

The 'Worry Clinic' Complaints As To Husbands

Lou Kepler is a superb Women's Editor who cites some of the irate criticisms of the wives who read this "Worry Clinic" daily. They think I never pick on men but always attack women. So act as the jury in this red-hot debate!

By GEROGE W. CRANE
Ph.D., M.D.

CASE X-549: Lou Kepler is the Women's Editor of the Journal at Lorain, Ohio.

"Dr. Crane," she said, "maybe you can make the Lorain women happy by telling the men what their wives would like."

"For I devoted a recent Sunday column to their protests. And here are some of their 'beefs' about husbands:"

HUSBAND, BEWARE!

(1) "Dr. Crane says I'm to get myself all dolled up in a see-through nightie. For what?"

"To go to bed with a hairy ape and have my cheeks rubbed raw by a face with a 2-day old stubble!"

(2) "Tell husbands to use breath mints!"

"It's bad enough to inhale a secondhand hangover, without having it mixed up with bad teeth and stale cigar smoke!"

(3) "Why don't husbands get the hint about their B.O., for I counted during a recent TV ball game, and there were 10 commercials about deodorants?"

"But he didn't take the hint at all!"

♣ Void

The bidding:
South West North East
1♥ Pass 1♠ 2♠
3♥ Pass 3NT Pass
4♥ Pass Pass Pass

Opening lead: Jack of ♣

South's hand is a whisker short of forcing two-bid in hearts, so his choice of opening bid meets with our approval. North dredged up a shaded one spade response and, after East entered the auction, South showed his power with a cue-bid of the opponents' suit. This game-force presented North with an awkward rebidding problem; he rejected three hearts for fear of encouraging his partner. South then judged well when he corrected three no trump to four hearts.

Declarer ruffed the club opening and saw several reasonable chances to bring in his contract. He crossed to the ace of diamonds and led a low spade, finessing

the ten. West won the queen and led a second club for declarer to ruff.

South embarked on a new avenue. He cashed the king of diamonds and ruffed a diamond in dummy. Unfortunately, East overruffed and returned a high club, and declarer had to lose two more trump tricks for down one. "Everything was wrong, partner," he moaned.

While this department sympathizes with declarer's bad luck, the main reason that the contract failed was that declarer did not count his tricks. If we assume that trumps are going to divide 3-2 and that, therefore, declarer has no more than two trump losers, he has ten tricks available without a finesse or a diamond ruff.

Declarer should plan to limit his losses to two hearts and a spade. Accordingly, after ruffing the first trick, declarer should immediately play ace of hearts and another. Assume East wins and forces declarer to ruff a club. Declarer simply continues with the ace, king, and ten of spades. One of the defenders will be forced to win with the queen, and dummy's jack of spades will be established for a diamond discard while the ace of diamonds remains in dummy for entry purposes.

Note that, to employ this line, declarer should win a diamond shift in his own hand if East switches his attack after winning the jack of hearts.

West Coast Awaits Fallout From China

WASHINGTON (AP) — Radioactive particles from the recent Chinese nuclear test are expected to begin entering the atmosphere over the West Coast shortly, according to government scientists.

Officials of the Atomic Energy Commission said they expect the fallout to appear over Northern California and Oregon Tuesday night or early Wednesday, and then be carried eastward.

An AEC spokesman said sci-

entists have no advance estimate of the fallout intensity from the Chinese blast June 27. The atmospheric explosion was rated at between two and three million tons of T.N.T.

"It's not necessarily the size of the blast that determines the long-range fallout. It depends on such things as how high up the detonation was, and what kind of weapon was used," the spokesman said.

He said weak fallout was noted over the United States from a Chinese blast in March, having a power of 20,000 to 200,000 tons of T.N.T.

Radiation some 2,000 times above normal has been noted in rain water in Japan following the most recent Chinese test, but officials in Tokyo said the contamination will not cause any immediate harm to humans.

RUNWAY REINFORCEMENT
LONDON (UPI) — Two million pounds (\$5 million) is being spent to strengthen London Airport's No. 1 runway to stand up to jumbo jets.

There are more than 725 amusement parks in the United States, says National Geographic.

Suspect Mice Are From Asia

NEW YORK (AP) — Scientists believe the house mouse originated in Asia and spread

from there to Europe. "Mouse" comes from an old Sanskrit word meaning "thief." Ships probably brought the house mice to America over 200 years ago.

Study Sprays After A Vaporizer Death

By G. DAVID WALLACE
Associated Press Writer
WASHINGTON (AP) — The Food and Drug Administration is checking out 22 aerosol products designed to be sprayed into the mouth or lungs following its recall of Pertussin Medicated Vaporizer.

The FDA said Monday's recall was prompted by the death April 18 of a 5-year-old Cleveland girl whose room had been sprayed with the product.

The agency urged consumers to destroy or return any cans of the spray, which the manufacturer said has been on the market 14 years.

The agency suspects the ingredient trichloroethane may be a factor in the death. It attributes 17 other deaths to the Pertussin vaporizer but blames them on abuse.

A spokesman said FDA investigators will be checking the other products to see if they contain trichloroethane—a chemical that works as a solvent for the medicines in the vaporizer and also serves to reduce the pressure of the propellant gases.

The other products include breath fresheners, as well as nasal-congestion remedies.

The FDA has formed a special team of scientists and inspectors to investigate the other

er aerosol products. Since they are nonprescription drugs, their formulas are not registered with the agency.

The company noted the recall "in no way affects the Pertussin line of cough remedies—Pertussin 8-hour Cough Formula, Wild Berry Cough Syrup and Pertussin-plus Nighttime Cold Medicine."

Optimism At Opening Of 35-Nation European Talk

By HEIKKI AARNIO
Associated Press Writer
HELSINKI, Finland (AP) —
The 35-nation Conference on
European Security and Cooper-
ation, the largest postwar effort

'Shaken Up' By Takeover

CHARLOTTE, N. C. (AP) —
Worshippers at the First Bap-
tist Church were shocked Sun-
day evening when — in the
midst of singing "America the
Beautiful" — four armed men
wearing Army fatigues
marched in and ordered the
services halted.

The intruders overturned the
Bible and the flag on the alter
table and ordered the 750 per-
sons in the congregation to
"Shut up!" and "Sit down!"

The congregation was told
the church was surrounded by
other soldiers. The four men
then grabbed the minister of
music and marched him out.

It was a mock takeover to
emphasize in the congregation
how fragile the American
freoms are, how little most
citizens think about the rights
of property, free speech, reli-
gion and open elections, accord-
ing to C. C. Hope Jr., a mem-
ber of the church who helped
arrange it at the minister's re-
quest.

Hope said the demonstration
was timed to punctuate this
week's July 4th celebrations.

Dr. Carl E. Bates, minister,
never got a chance to deliver
his sermon "Will Ye Also Go
Away?" He decided the congre-
gation had seen enough for one
Sunday and dismissed them.

Carteret County Branch Given Board's Okay

Home Federal Savings and
Loan Association of Kinston, has
received from the Federal Home
Loan Bank Board, Washington,
D.C., permission to establish a
branch office in Cape Carteret,
Route 1, Swansboro, in the
immediate vicinity of Highway
NC 24 and Highway NC 58, to
serve Swansboro, Cedar Point,
Cape Carteret, Emerald Isle and
other residents of Carteret
County.

"We are very pleased with the
Board's action in giving Home
Federal an opportunity to offer
local services to our present
customers in this area, as well
as many others who are not now
availing themselves of savings
and loan services," Brittle
stated.

The West Carteret Office will
provide a full range of savings
and loan services to residents of
this area and will be an asset to
the growing coastal com-
munities, according to Brittle. He
stated plans are for an early
September opening.

Hunt Body Of Raleigh Woman At Yellowstone

YELLOWSTONE NATIONAL
PARK, Wyo. (AP) — Searches
will continue on a intermittent
basis for the bodies of a North
Carolina woman and a Florida
man who apparently drowned
in separate incidents last week-
end in Yellowstone National
Park, rangers said.

Missing are Mrs. Jean-Claude
Chabanis, 30, of Raleigh, N.C.,
and Victor Songer, 18, of Nap-
les, Fla.

Mrs. Chabanis fell into the
river Saturday above Upper
Yellowstone Falls. Witnesses
reported seeing her swept over
both the upper and Lower
Falls, the later with a drop of
140 feet. Mrs. Chabanis is a
resident of France whose hus-
band was working in Raleigh.

Songer plunged 350 feet down
a cliff into the river Friday
after he climbed over a retain-
ing wall and leaned over the
canyon to take a photograph of
Tower Falls, authorities said.

to ease tensions on the con-
tinent, opened today in Finlandia
Hall with optimistic expressions
from all sides.

"Our cooperation is not di-
rected against any state or con-
tinent and should constitute an
important contribution to world
peace and security," said Ahti
Karjalainen, the Finnish fore-
ign minister, as the foreign
ministers and other representa-
tives of the United States, Can-
ada and all the European na-
tions except Albania took their
seats.

Karjalainen, speaking for the
neutral host country, related
the conference to other efforts

toward East-West detente and
said the over-all objective is
"stability and enduring peace."

Five of the leading Western
ministers—U.S. Secretary of
State William P. Rogers, Sir
Alec Douglas-Home of Britain,
Walter Scheel of West Germa-
ny, Italy's Giuseppe Medici and
Canada's Mitchell Sharp—ar-
rived together shortly before
the conference opened. They
came from a party in London
Monday celebrating Sir Alec's
70th birthday.

Rogers said the meeting was
"one of the most important in-
ternational conferences since
World War II." He said he be-

lieved it would turn out "to be
of real significance."

In Moscow, the Soviet De-
fense Ministry newspaper, Red
Star, said the Soviet Union "re-
gards the conference not as a
propaganda forum or as a cere-
monial gathering for the empty
exchange of words, but as a
practical action for relaxation
of tensions in Europe and an
opening toward many-sided co-
operation."

For the United States and its
allies, one of the major issues
was how far the Soviet bloc
would go in easing its restric-
tions on contacts between its

people and those in the West.

The issue caused the biggest
controversy during the six
months of preliminary negotia-
tion to set up the conference,
and the Western ministers were
expected to make much of it in
their opening statements this
week.

The Soviet Union has long
pushed for an agreement be-
tween its Warsaw Pact organ-
ization and the North Atlantic
Treaty Organization that would
in effect recognize the postwar
division of Europe into Commu-
nist and non-Communist group-
ings.

The United States and its al-

lies for some years opposed
such a conference but had to
join in after the Russians
agreed to their demand for ne-
gotiations on reduction of both
Communist and NATO forces in
Central Europe. These talks
are now under way in Vienna.

The foreign ministers will
meet here for a week, trying to
agree on declarations for the
guidance of committees that
will go to work in Geneva in
September. The committees
will seek to work out a detailed
agreement for endorsement by
another high-level conference.
The Soviet Union hopes this
will be a summit meeting, but

the Western nations have not
committed themselves to this.

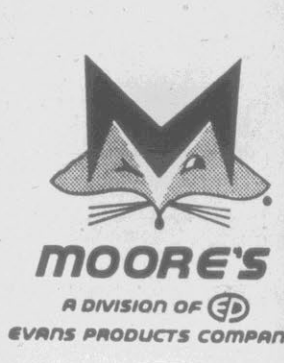

The ministers from the
United States, Canada and all
European countries except Al-
bania have before them an
agenda of topics agreed on un-
der three main headings during
the preliminary negotiations
that ended June 8.

The first topic covers the
general "confidence building"
aspects of European security
and cooperation, as well as 10
guiding principles borrowed
mainly from the United Nations
charter. It includes a proposal
for advance notification of mili-
tary movements and exchange

of observers in military maneu-
vers.

The second topic concentrates
on economic, scientific, tech-
nological and environmental co-
operation between the different
economic and political systems
in Europe.

The third topic covers the
area of cultural, educational
and human contacts. It includes
Western demands dealing with
reunification of families, mar-
riages between nationals of dif-
ferent countries, a greater flow
of information between East
and West and improved work-
ing conditions for foreign jour-
nalists.
