### Agnew Fund Active

CHICAGO (AP) — The defense fund for Spiro T. Agnew, established by insurance tycoon W. Clement Stone, is still accepting contributions. A spokesman for Stone said Thursday that calls were still coming in from persons who wanted to give money. The former vice president reportedly asked on Wednesday that money be refunded to any contributors asking for it. The fund spokesman said that any money not returned, and the new donations, would be used to help defray Agnew's legal costs.

### Find Negative Rating

NEW YORK (AP) — Pollster Louis Harris says 65 per cent of a cross-section of 1,475 American households again gave President Nixon a negative over-all rating in late September, equalling the all-time low he registered the previous month. Thirty-two per cent responded positively. In addition, Harris said, Nixon's rating on "inspiring confidence personally in the White House" fell to 73 per cent negative, 18 per cent positive, the lowest since 1969.

### Labor Against Two

MIAMI BEACH, Fla. (AP) — Labor leaders promise "as strong a fight as we had against Clement Haynsworth" if President Nixon nominates John B. Connally or Ronald Reagan for vice president. ALF-CIO leaders here for their biennial convention said Thursday they can live with almost any of the others prominently mentioned in speculation—particularly New York Gov. Nelson A. Rockefeller and former Secretary of State William P. Rogers. Nixon's nomination of Judge Clement F. Haynsworth Jr. to the Supreme Court was strongly opposed by labor and rejected by the Congress.

### Egil Krogh Charged

WASHINGTON (AP) — Egil Krogh Jr., former boss of the White House plumbers, has been charged with giving false testimony to the original Watergate grand jury. A federal grand jury Thursday charged that Krogh lied under oath when asked about the activities of E. Howard Hunt and G. Gordon Liddy.

### Specifics Dropped

WASHINGTON (AP) — Senate-House conferees have dropped specific overseas troop reductions from the weapons authorization bill. But conferees retained a provision requiring reductions in U.S. forces in Europe by the percentages by which U.S. NATO allies fail to offset balance of payments trade deficits with the United States.

### Sees Trade Surplus

WASHINGTON (AP) — The head of the Export-Import Bank says the United States will roll up a large trade surplus next year and put the dollar on a sound footing. Henry Kearns, who leaves the bank this week, predicted a 1974 surplus of between \$3 billion and \$5 billion.

## Press Award To Wilson Editor

RECEIVES AWARD — Elizabeth G. Swindell, editor and publisher of the Wilson (N.C.) Daily Times, receives National Newspaper Association award. (AP Wirephoto)

HOT SPRINGS, Ark. (AP) — Elizabeth G. Swindell, board chairman and publisher of the Wilson, N.C., Daily Times, received the Emma C. McKinney Award here Thursday night.

The National Newspaper Association award is presented annually to the woman who shows outstanding dedication to journalism and to her community.

After receiving the award, Mrs. Swindell said, "I'll cherish this for the rest of my days, and I appreciate it more than I can express."

# Nixon Will Tell Vice President Nominee On Television Tonight

WASHINGTON (AP) — President Nixon decided today on his choice of a successor to resigned Vice President Spiro T. Agnew and will reveal his selection in a television address to the nation at 9 p.m. EDT, the White House announced.

Press Secretary Ronald L. Ziegler said Nixon reviewed potential candidates Thursday during an overnight stay at Camp David, Md., narrowed the list down to five, and made his final choice Friday morning.

The President will speak from the East Room of the White House before an audience of Congress members, the Cabinet, the Supreme Court, some agency heads and representatives of the diplomatic corps.

Ziegler said Nixon intended to notify the vice presidential nominee "shortly before his address to the nation."

Asked if Nixon's choice for the vice presidency would be present in the East Room, Zieg-

ler said, "I don't want to answer that."

Shortly after returning from an overnight stay at Camp David, Md., Nixon called Senate Republican Leader Hugh Scott of Pennsylvania and House GOP Leader Gerald Ford of Michigan to his office.

The White House said Nixon wanted to discuss the procedures to be followed by the Senate and House in handling the nomination, which requires majority approval by both bodies.

Nixon met separately with

the GOP leaders. Scott met with the chief executive at 10:30 a.m., followed a half hour later by Ford.

House leaders, meanwhile, insisted on acting separately on confirmation of Nixon's choice for vice president.

There are no precedents for putting into operation the untried machinery of the 25th Amendment for replacing a vice president. Senate leaders had been pressing for joint hearings.

Atty. Gen. Elliot L. Richard-

son also was a morning visitor to the White House, but a spokesman said he was not seeing Nixon.

Rejecting the notion he must name a "caretaker" vice president, Nixon was said by sources to have narrowed substantially the list of possible Agnew replacements.

The President secluded himself overnight at his mountain-top retreat to sift through the secret recommendations of Republican leaders, then returned on short notice to the White

House.

A spokesman who disclosed the President's helicopter return to the White House said Nixon had not conferred with anyone during his 14-hour stay at Camp David. And he said he had no information on the President's schedule at the White House today.

But reliable sources said Nixon was moving rapidly toward a final selection, and could make an announcement soon.

## Egyptians Digging In Along Suez

# Israeli Push Toward Damascus

By THE ASSOCIATED PRESS

Israel claimed its tank forces backed by warplanes smashed forward inside Syria today as Jewish civilians reoccupied all but one of their settlements in the war-pocked Golan Heights.

The Egyptian command reported its Soviet-supplied jets blasted two Israeli command posts and two radar stations in the Sinai while Egyptian naval forces in the Gulf of Suez destroyed an entire Israeli flotilla.

Neither side reported heavy tank action in the Sinai Desert but Israel said artillery duels resumed at dawn. Egypt claimed its forces were digging in to stay on the eastern bank of the Suez Canal.

Syrian communiques claimed fierce tank battles raged "along the entire front line" but did not pinpoint where the battles were taking place. Israel claimed Thursday night its forces had punched six miles

beyond the cease-fire lines, drawn when Israel seized the Golan Heights in the 1967 war, and were battling down the road to Damascus.

Damascus reported Israeli jets were strafing and bombing deep in Syria and claimed a dozen raiding warplanes were shot down in the Damascus area alone. Intelligence sources in Washington expressed belief that the Syrian kill claims were bloated.

The Israeli state radio reported that civilians returned to 26 of the 27 Golan settlements evacuated when hostilities erupted Saturday in the 1,250-square-mile area in Israel's northeast corner.

The tank forces were "continuing to smash their way forward," the broadcast said, without saying how far they had advanced.

Israel said nothing about the dawn position of its armored force, resistance by the Syrians or how far the Israelis planned to push toward the Syrian capital, which is 40 miles north of the 1967 cease-fire line.

Syrian communiques ignored the claims of Israeli advances, saying only that ground fighting resumed at the "front line" while its jet fighters and an-

tiaircraft batteries shot down six Israeli planes between 6:30 and 7:10 a.m.

Gen. Haim Herzog, the Israeli state radio's authoritative military commentator, said Thursday night that there remained between the Israelis and Damascus two Syrian defense lines and a "bristling" military complex around Qatana, 16 miles southeast of the city.

As the fourth Arab-Israeli war went into its seventh day, Israel claimed that its missile boats sank two Syrian boats in a battle at the approaches to Tartus, on the Syrian coast. The Israelis said all their boats returned safely.

Syria claimed that its boats sank three Israeli boats and its air defenses brought down an Israeli helicopter.

At the United Nations, the Security Council resumed its Middle East debate Thursday night after Secretary-General Kurt Waldheim urged the deadlocked body to do something to end the fighting. Another council session was scheduled this afternoon, but neither the United States, supporting Israel, nor the Arabs' Soviet and Chinese backers were expected to give ground.

## Flooding Followed Big Midwest Rain

By THE ASSOCIATED PRESS

Torrential rains which pounded the Midwest this week have left at least five persons dead, thousands temporarily homeless and caused property damage estimated at several million dollars.

Four of the five deaths were reported at Enid, Okla., where about 16 inches of rain fell Tuesday, Wednesday and Thursday. Flood waters were reported to have caused damage in portions of Oklahoma, Kansas, Nebraska, Missouri and Iowa.

Enid was the hardest hit. The Red Cross estimated damage to residential property at \$3.8 million and Gov. David Hall asked President Nixon to declare five northern Oklahoma counties disaster areas.

A reporter who flew over the flood-stricken Oklahoma area Thursday described the five counties as a "giant lake."

Farm fields were flooded by the churning waters, roads were washed out and livestock huddled on high ground. The same picture was repeated in the stricken areas of the other states.

The eastern two-thirds of Kansas was lashed by storms that produced rainfall of up to nine inches. At least eight inches fell in areas of northwest Missouri, and more than five inches was reported in southeast Nebraska and southwest Iowa.

In Enid, a city of 45,000 persons, the Red Cross said 28 homes and four mobile homes had been destroyed, 270 homes and four mobile homes suffered major damage and 258 homes suffered minor damage.

National Guardsmen, highway patrol troopers and Civil Defense teams moved into Enid Wednesday night and Thursday morning.

Water destroyed linens, food

and medical supplies at Enid's St. Mary's Hospital, and National Guardsmen moved in a field kitchen to prepare meals for patients and hospital personnel.

The rains generally ended over the five states Thursday, but Allen Pearson, a National Weather Service official in Kansas City, said it "could start all over again or even get worse."

At Enid, the dead were identified as 4-year-old Tywla Schwartzwood, whose body was found late Thursday in a mud-

dy field; E. V. Donnell, 45, whose body was recovered from Boggy Creek; retired Air Force Sgt. Jack Dunn, 64, pulled from a swollen stream near his home shortly after dawn Thursday; and Lucille Strangland, 58, Dixon, Ill., who was killed when she was hit by a car as she fled from the home of a sister.

Police said the body of an unidentified Douglas, Okla., area man had been recovered near Pioneer, about 20 miles southeast of Enid. Rescuers were searching for the man's wife.

Police said the couple's pickup truck apparently stalled in flood waters.

There were other reports of missing persons, but officials hoped most of them had simply abandoned their flooded homes and gone to stay with friends or relatives.

Peron Is Sworn In

BUENOS AIRES, Argentina (AP) — Juan D. Peron was sworn in today as president of Argentina, returning to the office from which his military colleagues drove him 18 years ago.

His third wife, Isabel, a former dancer he met in exile, was installed as vice president, the first woman in that office in the Western Hemisphere.

The inauguration took place at the National Congress.

Peron's widely diverse followers pledged to suspend their feuding for the occasion. In a last-minute shift in plans, the public was being allowed on the vast Plaza de Mayo in front of the presidential palace, the Casa Rosada.

Crowds began to converge on the plaza shortly after midnight. Jubilant Peronists packed hundreds of cars and trucks onto the inaugural parade route between the Casa Rosada — Pink House — and the National Congress, blaring horns and waving banners.

## N.C. Agriculture Commissioner Urges New Leaf Marketing Plan

RALEIGH (AP)—North Carolina Agriculture Commissioner Jim Graham has called for a revamping of the tobacco marketing system, with markets in all areas being phased in earlier to meet the needs of the growers.

Graham said Thursday the system should be revised to make sales opportunity and the length of the auction season more equitable.

He issued his statement after meeting with representatives of several farm organizations.

Graham called for elimina-

tion of a controversial formula now used to distribute sales opportunity on markets from Florida through Virginia.

"The method of allocation must be completely restructured and tied to criteria that are compatible with current day technology used by growers in production practices, mechanized harvesting, bulk curing and looseleaf sales," Graham said.

He added, "Tradition and history can no longer be considered a major criteria in establishing sales opportunity."

Graham said he was

### Carrier Might Join U.S. 6th Fleet Earlier

WASHINGTON (AP) — The Pentagon says the helicopter carrier Iwo Jima may be leaving the East Coast ahead of schedule to join the 6th fleet in the Mediterranean Sea.

A spokesman at Camp Lejeune, N.C., Marine Base, where the carrier was scheduled to participate in exercises, said the ship was removed to complete deployment preparations. This was confirmed by the Pentagon.

A Pentagon spokesman said the ship had been scheduled to leave next month, but that it may leave within a few days. The spokesman would not say why the plan was changed. A "no comment" was issued at Camp Lejeune.

suggesting his proposals only as guidelines. The details, he said, should be worked out by the industrywide Flue-Cured Tobacco Marketing Committee. Frank Bryant of Booneville, chairman of the committee, attended the meeting.

Graham said the sales opportunity in each state should be tied directly to the grower's production resulting from his planted flue cured quota. Opportunity is now distributed by a formula that considers history of sales in an auction belt, how much tobacco is resold on a belt and

how much tobacco is carried over from one year to the next.

Under Graham's proposals, each state should be allocated a pro rata share of the total sales opportunity and buyer coverage based on the percentage of the total crop produced in that state, with provision for adjustments where growers indicate a preference for selling in another state. Some market areas traditionally are not allotted enough sales time for all of its production. Growers in such areas must sell their leaf in other market areas.

## Holshouser Unveiling New Road Development Program Sunday Night

A new seven-year comprehensive highway program — a plan for development of rural and urban primary roads — will be presented to the people of North Carolina by Gov. Jim Holshouser in a state-wide television broadcast Sunday night.

"This is the people's road program," the Governor said, "and I want to present this new concept to them because they will be the beneficiaries of the statewide approach to road planning and construction."

The seven-year plan was developed over the past several months by members of the Division of Highways staff.

The television presentation will discuss the plan as finally adopted by the Board of Transportation which met in Raleigh this morning to take final action on the proposal.

"The phrase 'tell it like it is' may be overworked, but this is exactly what we are doing," Holshouser said. "There aren't any pie-in-the-sky promises in this concept. The plan...will follow the concept of giving the people a dollar's worth of political hay."

Almost every commercial television in the state, as well as the University of North Carolina

Educational Television network, will carry the broadcast. In addition, two South Carolina stations with strong signals in Western North Carolina, will air the half-hour program.

Most commercial stations plan to carry the broadcast at 10:30 p.m., but local listings should be consulted in each area.

The statewide educational network will broadcast the program at 5:30 p.m.

Greenville area stations scheduled to carry the program, in addition to educational channel WUNK, in Farmville include WNCN, Greenville, WITN, Washington, and WCTI, New Bern.

# Her Cleaning Woman Is Tops, Light-Fingered

Dear Abby

By Abigail Van Buren

© 1973 by Chicago Tribune-N. Y. News Synd., Inc.

DEAR ABBY: For the last year I have employed an excellent cleaning woman who has also done my laundry. She is immaculate, quiet, and hasn't missed a day's work. She is the sole support of several fatherless children, so I have been extremely generous in giving her leftover food and even collecting children's clothing from my friends for her youngsters.

From time to time I've missed a few items. Panties, hosiery, towels. Nothing very valuable.

Suddenly she shows up wearing a pair of silver hoop earrings which looked familiar. I went to my drawer, and sure enough, mine were missing!

I asked her where she got the earrings, and she said she couldn't remember. Abby, I know they are mine! Now I am wondering if I should ask her to give me my house key and tell her why I don't want her to work for me any more.

I feel so guilty considering such a thing because I know how much she needs the money. So what should I do?

WONDERING

DEAR WONDERING: The woman is apparently simple-minded or she never would have worn in your presence the earrings she stole from you. Tell her you know she has been stealing, but if she returns the stolen items and promises not to take anything else, you will give her another chance. If she accepts those terms, keep her. And if she steals again, send her on her way.

DEAR ABBY: My husband's sister lost a full-term baby. He was born dead. We sent a sympathy card addressed to her and her husband. They were offended.

My father in law told me you shouldn't send sympathy cards in a case like this. Tell me, Abby, were my husband and I right or wrong?

UNIONTOWN, PA.

DEAR UNIONTOWN: You were right.

DEAR ABBY: When our children misbehave, which isn't very often, my husband spansks them severely. And I mean he really lays a heavy hand to them.

Worse yet, for a long time afterwards he keeps threatening to give them the same treatment if they don't behave themselves. This causes the children to feel nervous and frightened most of the time, which makes them resent him. I've noticed the resentment growing lately.

Abby, how can I let him know that the spanking alone is sufficient punishment and his constant threats are neither wise nor necessary?

And how do you like this kind of behavior from a man who has two college degrees and a father who used to beat him up?

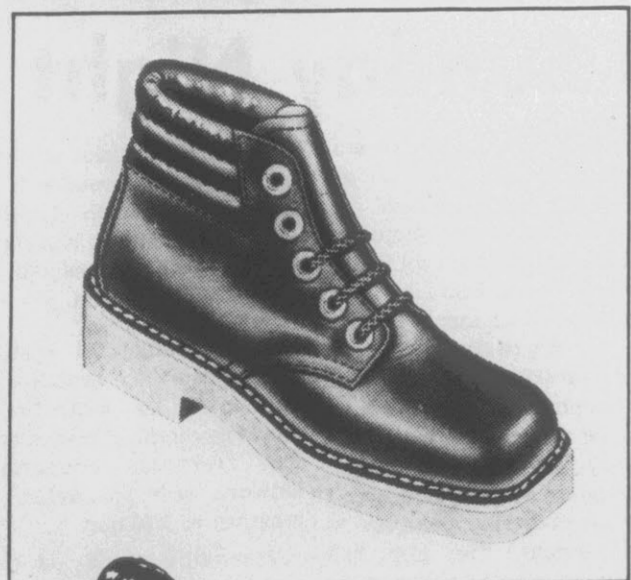

HISTORY REPEATING ITSELF

DEAR HISTORY: History need not repeat itself. Tell Father that his punishment is cruel and excessive and it's damaging the relationship between him and his children, so to cut it out. And it might not hurt to have your husband examined physically and mentally. Two college degrees don't give one immunity from illness.

CONFIDENTIAL TO OLD-TIMER IN PALM BEACH: Before you put down the youth of today, read this: "Our youth now love luxury. They have bad manners, contempt for authority; they show disrespect for their elders, and love chatter in places of exercise. They no longer rise when elders enter the room. They contradict their parents, chatter before company, gobble up their food, and tyrannize their teachers."

## Greenville City Manager Gives Talk

W.H. Carstarphen, Greenville city manager, was the keynote speaker at the meeting of the Lakewood Pines Garden Club Tuesday at the home of Mrs. W.C. Taylor.

Carstarphen discussed the Town Common area and what is being done to improve the area.

"The Town Common, located along the Tar River, was purchased by Urban Renewal several years ago and turned over to the city of Greenville," Carstarphen said. "Now preliminary grading has been completed and a small amphitheater has been carved out of the hillside."

Carstarphen explained the area will not be a park for children but an area that can be appreciated and enjoyed by everyone.

"It is hoped that a living Christmas tree will be planted at the end of Evans Street and maintained as a focal point for the holiday season," the city manager said.

Carstarphen said the plans will enable garden and civic clubs to participate in the beautification of the area.

"The city is experiencing a new trend of leaving holes in the sidewalks so that trees can be planted along the streets," Carstarphen explained.

A question and answer session followed the talk.

Mrs. Fred Baumann was co-hostess for the meeting.

Club president Mrs. Reuben Lowe presided over the business session. The members voted to send a contribution to the World Gardening Program through Care.

Mrs. Lowe announced the district meeting will be held Oct. 23 in Edenton.

## U.S. Studies Shipping Israel Planes, Tanks

By KENNETH J. FREED  
Associated Press Writer  
WASHINGTON (AP) — Israel's need for artillery shells and antitank ammunition will be met by the United States, but a decision was still being worked out today on sending planes and tanks.

The ammunition was being prepared for emergency transfer to Israel, according to Pentagon sources. Indications pointed to the shipments moving from remote bases in the United States, possibly on Israeli planes.

The situation involving new arms for Israel and other questions concerning the Middle East could be clarified today by Secretary of State Henry A. Kissinger. He scheduled his first news conference since the war started last Saturday.

Discussions continued this morning at the White House, State Department and the Pentagon on the issue of providing major American arms to replace Israel's losses.

By late Thursday night, it was learned, the only action taken had been the drafting of

contingency plans for transferring planes and tanks to Israel.

One such possibility involved moving U.S. Air Force F-4 Phantom jets to Israel from American bases in Europe. These would be replaced by planes being produced in the

### ECU Host To Teachers' Meet

The North Carolina Council of Teachers of Foreign Languages met at East Carolina University Saturday, in the Education-Psychology Building. The University's Department of Foreign Languages and Literatures was host to the meeting.

Mrs. June Wharton, Wayne Community College, Goldsboro, spoke to the general session of "Methodology" at 9:45.

In separate meeting of French and Spanish teachers, Dr. Nicole Aronson and Dr. Joseph A. Fernandez spoke on French and Spanish attitudes toward marriage, courtship and death. "Black literature" in the two languages was discussed by Obella Eko and Hortensia Sanchez-Boudy of Bennett College.

Games and activities for students of French and Spanish were demonstrated by Don Jarret and Don Arnold of High Point.

United States.

While these contingency plans awaited a final decision, preparations were made to send Israel tons of ammunition as a "quick fix" after it was determined the first six days of fighting had reduced stockpiles to serious but not extremely dangerous levels.

Some officials said sending the shells now also was a response to the continuing shipment of Russian equipment to Egypt and Syria.

It was hoped Moscow would realize that while Washington stands by the Jewish state, the limiting of supplies to ammunition indicated the Nixon administration did not want to open an arms race in the area.

The Soviets, Pentagon sources said, had flown at least 80 AN-12 Cub transport planes to Syria carrying anti-aircraft missiles, anti-tank rockets and other arms.

The shipments to Egypt were fewer, the sources say.

Several factors were weighed by American officials concerning the critical question of providing new planes and tanks to Israel.

It was learned that some State Department policy makers believe there is no need for any massive effort to replenish Israel.

These officials are said to believe that the military balance in the Middle East has not yet been upset.

## Grant Going To Research

Myree D. Hayes of the East Carolina University Department of Psychology has been awarded \$2,000 by the North Carolina Department of Mental Health to evaluate the degree of role consensus among mental health clinic directors in eastern North Carolina.

She will visit and interview the area's mental health directors regarding the role and responsibility of each principal party to the operation of mental health clinics.

Upon completion of direct interviews, she will analyze the data to determine the degree of consensus between area board members and clinic directors. Dr. Clinton Prewett of the ECU Psychology faculty will collaborate with her.

The final report will be submitted to Dr. Robert Radcliffe, eastern regional mental health commissioner, and to Dr. M. P. Zarzar, state mental health commissioner.

Mrs. Hayes is chairman of the Pitt County Area Mental Health Board.

## New President Of State Group

Alice Arledge of the East Carolina University School of Education faculty is the new president of the North Carolina Kindergarten Association.

She was installed in office at the Association's meeting in Greensboro last week. The new corresponding secretary is another ECU faculty member, Peggy Boyd.

More than 1400 members attended the meeting, representing university departments of early childhood education and kindergartens from public schools, federal programs, and private and church related preschool programs.

# Bitter Taste In Day's Events

Like most high government officials who were interviewed Wednesday following the astounding resignation of Vice President Spiro Agnew, we first felt a great sense of sadness for a tragedy which had befallen our nation.

Here, for the first time in our proud history the second highest official in our government had resigned under a cloud. And, as one official expressed it, our heads were spinning at the night's end following the extraordinary happenings of the day.

As the events unfolded we might have had a sense of compassion for the man who had reached

such honored heights in our government, as he stepped down to spare the nation and his family the agony of years of litigation.

We must say though, that our feelings of sadness and compassion gave way to some bitterness as we contemplated the day's events.

Agnew had been under investigation for extremely serious matters, as all of us had known for some time thanks to some digging newsmen. Even after he had resigned he denied involvement in taking payoffs during his days as a Maryland official. Each of us is free to accept or reject that and any future explanations. But we still have the fact that a vice president of the United States has resigned and been placed on probation for three years with a \$10,000 fine for income tax evasion, all in one day. It had to be a sorry day for American and, no doubt, one which most of us are still trying to absorb.

We do not like what has happened one bit, and we are not sure even that the law has been enforced as vigorously as it should. We do take some comfort in the fact that Agnew did take a course which led to his resignation. We at least avoid the possibility of his becoming president with these same problems hanging over his head.

The nation will survive all this. It has survived worse, but history will record Oct. 10, 1973 as a dark and bitter day for our country.

# Traded Pulpit For N.C. Desk

By BILL NOBLITT  
RALEIGH — A young Methodist minister from Asheboro has traded his pulpit for a desk in the State Insurance Department, but figures the opportunity will provide an even wider opportunity for ministry to people's needs.

Brown came to his new job following three years as associate pastor of Asheboro's Central Methodist Church. After a few days in Raleigh, he found that he is amazed at the "wide variety of problems facing consumers with insurance."

### Out Of Touch

"But the principal one which I've seen is the breakdown in communications between the insurance companies and the people."

"Top management of insurance firms make policy statements and set directions very much in keeping with the commissioner's views on serving the public," Brown said.

"But, in practice, that attitude doesn't get down to the level at which people are dealing with the companies—the girls who answer the phones, the agents who talk with clients, the man with a dented fender who tries to collect for it."

"We will welcome people calling on us for aid, and will guide and direct them and assist them in every way possible. Every effort will be made to see to it that the consumer gets what is due him by law."

### Company Won't Settle

One such problem is already active in Brown's file. A young widow from western North Carolina lost her husband and two children in last spring's floods. A mobile home was wiped out by the disaster six months ago.

"But the insurance company just won't settle her claim. They maintain the trailer was not a total loss... that they must determine the amount of loss," Brown said.

Meanwhile the woman must continue making payments on the trailer, pay living expenses elsewhere and work extra to keep up with her expenses. Seeking to settle the insurance problem, the woman wrote, she contacted the company regularly, and was just as regularly put off. Finally, she was told, in effect, don't call us, we'll call you.

"Here, it seems to me, is where the company should bend over backward to help ease the agony and suffering of this woman—settle that claim. Here she has seen her lovely family—her happy life—wiped out. Yet, everyday the human suffering is renewed as she seeks to recover a little part of that loss; and the company won't settle."

"Helping this woman is what I mean by continuing my ministry. If we can bring this woman a little peace of mind, ease her pain, even though it's a state agency doing it, it is still the ministry."

# Arabs Play A Suicidal Role

By ROWLAND EVANS and ROBERT NOVAK  
WASHINGTON — Failure of the mightiest Arab attack against Israel in the whole, tragic 25-year history of the Arab-Israeli war virtually assures the historical event it was supposed to make impossible: Israeli occupation for years, perhaps decades, of the Arab lands captured in the six-day 1967 war.

With the logic of proof supplied in the past five days, Israel now can argue—and surely will insist—that a border along the Suez Canal, against Egypt, and another on the heights of Golan, against Syria, are absolutely essential if Israel is to live in relative security.

As one student of the Middle East put it to us: "This solidifies as nothing else could the Israeli intention to hold the Arab territories seized in 1967." Attempting to unravel hard facts from the sticky ball of twine which traces events in the days just before the Egyptian-Syrian attack last Saturday is difficult, but one fact appears inescapable: the Israeli government of Golda Meir passed on voluminous private intelligence to the Nixon administration that Egypt and Syria were, in fact, building their attack forces to unprecedented size for the expected movement across the Suez Canal and on the Syrian Golan Heights.

Indeed, such intelligence must surely have been at hand here without any help from the Israelis. But the U. S. faced two unanswerable questions: first, could Egypt or Syria, particularly Egyptian President Anwar Sadat with his known pro-U. S. political posture, be blind enough to risk suicidal attack; and second, even if the White House had known for sure that such an attack was coming, what could President Nixon do to stop it?

In hindsight, the answer to the first is that the Western democracies have never been able to understand Arab psychology and the risk of suicide the Arabs are ready to accept when Arab honor is at stake.

As for the second, Mr. Nixon was helpless. Sadat played the American game in the crucial autumn of the 1972 presidential election campaign by dismissing thousands of Soviet advisers, and got absolutely nothing for it from the Nixon administration. Thus, despite the delicate beginnings several weeks ago of a fresh U. S. effort to solve the

Middle East crisis, U. S. influence in Cairo has been paper thin. In Syria, it is non-existent.

Consequently, the warnings from Tel Aviv accomplished nothing in Washington. The Israelis resolved their own internal debate by deciding not to repeat the success of 1967 and stage a massive preemptive attack. Result: grave Israeli casualties (but not approaching the eventual kill of Arabs) coupled with ironclad new evidence supporting the Israeli position that distant borders—the Suez Canal and the Golan Heights—are probably essential for her security. Neither Israel nor any other state can maintain perpetual mobilization.

Some close-in Mideast watchers believe that the Arab game was not what it seems to have been—a genuine, all-out military effort to recapture Sinai and the Golan. Rather, they perceive the real Arab goal was more Machiavellian: creating a volatile anti-Western fury throughout the Arab world in the aftermath of the Arab defeat. That fury, they predict, would be used to persuade pro-U. S. Saudi Arabia and some other big oil producing states to cut off oil and threaten a far graver Western energy crisis.

Perhaps the latest tragedy will run in that direction, but recent history points to a far less Machiavellian, far more emotional, rationale. On our last visit to the Middle East 10 months ago, some Egyptian officials were pushing for just such a military venture as has not occurred. We reported then the existence of secret studies indicating that "a crossing of the Suez Canal" would cost 10,000 Egyptians casualties, both military and civilian, but that price would be worth paying if Israel itself could be "damaged."

The price now promises to be far, far higher. Moscow, still hard in pursuit of detente with Washington, is now watching hundreds of millions of dollars worth of made-in-Moscow military hardware burn up in the desert. This time, replacement may be far in the future. The Soviets apparently had nothing to do with the Arab attack.

In short, the tragic role of the Arabs has now been to solve the border and territorial questions for the foreseeable future—in exactly the way Israel wanted.

# Strength For Today

### RESOLVING DOUBT

Robert Browning, the great English poet, once noted that just when we feel safest and think that everything in our lives is settled, numerous hopes and fears rise up, joins hands, and dance a grim and fantastic ring about an ancient idiom—"the Great God Perhaps."

Browning here presents with poetic insight something which so often twists the soul, namely, misgiving and doubt. We keep saying to ourselves that God could make everything right if He only would. Our faith in the goodness of God is shaken. But

Browning then concludes that all our fears and doubts can be laid to rest if we can only accept and cherish one statement of Christ: "I am the way, the truth, and the life."

In other words, if we draw our conclusions about the nature of God only from what is happening around us, we may well be shaken by doubt. But if we can remember that Christ is the world of God made flesh so that sinners might live, the grotesque idol Perhaps can be erased from our minds.

# How Japanese 'Strike'

WASHINGTON — If anyone is wondering why the Japanese are leading the world in productivity, I think I may have a clue.

A friend of mine was visiting a factory in Tokyo that makes television sets. As he was being taken on the tour, he noticed that the Japanese workers were wearing headbands painted a bright red.

"What is the significance of the red headband?" my friend asked the manager who was showing him around.

"The workers are on strike and that is their way of telling us."

"But if they are on strike, why are they working?"

The manager seemed amazed at the question. "If they didn't work they wouldn't get paid, and we would lose production. This would never do."

"So instead of going out they wear their red head-

bands?"

"Yes. That's to let us know they are unhappy. Naturally we are very disturbed that they are unhappy, so we try to negotiate the grievances."

"Is the red band the only way you know they're unhappy?"

The manager answered, "No, they show their discontent in many ways. For example, when they're on strike they come to work 15 minutes early and they stand in the courtyard and sing songs telling of their unhappiness with the management. It's very sad for management to hear these songs because it means we have not done the right thing for our workers. The songs hurt us more than the red headbands."

"Do they sabotage the TV sets they're assembling?"

The manager was aghast. "That would not be an honorable thing to do. As a

matter of fact, they work even harder and with more proficiency to show how unhappy they are. The better

they perform, the more unhappy we in management become and the more eager we are to reach a settlement.

"I know you Americans will never understand this, but it is a terrible thing to come to work in the morning and hear your entire labor force singing songs against you. It is also very sad to walk among the workers as we are doing now and know that although they are doing their jobs with fervor, their hearts are not in it."

"Will they speak to you while they're on strike?" my friend asked.

"Oh, yes, they will speak to me," the manager replied, "and no one will mention in the conversation that they are on strike. But I know and they know what the situation is and it's very uncomfortable for all of us.

When a strike takes place, the management has many soul-searching meetings to discover what we did wrong. It is a great loss of face in this country to have your workers on strike."

"Have you ever had a strike where the workers have refused to go to work?"

"Not in our plant. But American labor methods slowly are being brought to Japan by some radical leaders. Not long ago the subway workers went out on strike."

"That must have caused havoc," my friend said.

"Not exactly," the manager replied. "They went out at 3 a.m. on Sunday for a half-hour so they would inconvenience the least number of passengers."

"It would be marvelous if Japan would teach American labor leaders their methods," my friend said. "All it would cost the unions over here would be the price of red headbands. I can just see the United Auto Workers singing

# Statue Guards A Gate

Editors Note — Marcus Eliason, AP correspondent in Jerusalem and born in South Africa, traveled 2,000 miles around the Eastern half of America. Here is his impression of the Statue of Liberty.

By MARCUS ELIASON

NEW YORK (AP) — You don't have to be American to know the Statue of Liberty. No matter where in the world you live you've seen it countless times, in movies, comic books, school books and on television. Like the Eiffel Tower or the Coca-Cola sign, you forget its nationality and come to consider it your own, even if you're from such faraway places as Israel, or Rhodesia, like myself.

Voyaging to the island of the Statue of Liberty on a sunny Sunday, I found myself surrounded mainly by other foreigners. As we disembarked there was a babble of tongues, marvelling at the immensity of the 87-year-old lady.

I — and perhaps many of my fellow tourists — felt as though I was visiting a relative I had never before met.

On the grassy slopes of the island, Israelis mingled with Arabs, white South Africans with blacks, East Europeans with Westerners.

On a small outdoor stage, an Egyptian folksinger performed for the crowd. Among those who clapped delightedly to his rhythm was a Cairo-born Israeli.

An old Polish woman listened intently as her daughter excitedly told her Liberty was the world's biggest statue.

A Japanese father laboriously translated the barrage of statistics presented in Liberty's museum, while his children nodded in awe as he reeled off each figure.

Two orthodox Jews from Israel were arguing vehemently over whether the statue could collapse. "It's nearly a century old," protested one. "So the Walling Wall stood for 2,000 years," said the other.

A group of Kuwaiti Arabs sat on a park bench, gazing at Manhattan's skyscrapers. They chatted amiably, politely promised to visit each other's country.

George "Machine Gun" Kelly and his wife, Kathryn, were sentenced to life imprisonment this morning a few minutes after a federal jury had convicted them under the Lindbergh law of kidnapping Charles Urschel, an Oklahoma City oil millionaire.

The maximum sentences were pronounced by Judge Edward S. Vaughn, 11 days after the capture of the Kellys and other members of the kidnaping gang and only three days after they went to trial.

James H. Mathers, defense attorney, filed motion for a new trial. It was overruled.

Ten permanent employment offices in North Carolina through cooperation between federal government and state and local authorities have been assured, according to Commissioner of Labor, A.L. Fletcher.

The ten offices now assured are at Asheville, Charlotte, Gastonia, Salisbury, High Point, Durham, Goldsboro, Rocky Mount, and Wilson.

Gus Winkler, affluent power in gangland, was shot to death by underworld executioners as he was about to enter a beer distributing depot in Chicago recently.

# Israel Aware Of Arab Buildup

By BARRY SCHWEID  
Associated Press Writer  
WASHINGTON (AP) —

When Israeli Foreign Minister Abba Eban conferred with Secretary of State Henry A. Kissinger last Thursday about the troubled Middle East he referred to an Arab military buildup along the Suez Canal and the Golan Heights.

But Eban did not appear to be alarmed or even apprehensive as the two men talked in Kissinger's New York hotel suite. They agreed to meet again in November, after the Israeli elections, to search for a means toward a negotiated settlement with

the Arabs.

Over the preceding several days, in fact, the United States had asked the Israelis whether they were certain that the buildup was a defensive mobilization. The reply, in effect, was "yes."

Suddenly, late Friday, the Israeli assessment underwent a radical reversal. The tipoff was a withdrawal of Russian technicians and dependents from Cairo and Damascus. Jerusalem was then certain that Egypt and Syria were primed to attack.

State Department sources say there is good reason to believe that before the Russians pulled out they

attempted to persuade Cairo to hold back.

If there was any doubt that Israeli intelligence was caught off guard, analysts at the Pentagon point to two facts: the long time it took Israel to mobilize after the Arabs struck and the civilian losses in the settlements along the Golan Heights.

Had Israel been prepared the Army would have been ready to fight and the settlements made more secure, the analysts say.

The United States makes no bones about its being taken by surprise as well.

Less than 24 hours before the Arabs attacked,

Kissinger was moving through a series of meetings with foreign ministers from Southeast Asia, Latin America, Africa and the Middle East.

One of them was with Mohammed Hassan el-Zayyat of Egypt. Like Eban, he indicated that he would like to talk to Kissinger in November about the prospects for a negotiated settlement of Israel's dispute with the Arabs.

Senior U.S. officials are convinced that the Egyptian minister was not aware then of the attack to come so soon afterward.

## Judge To Decide Penn Central's Future Today

PHILADELPHIA (AP) — A federal judge is expected to decide today how long the bankrupt Penn Central can keep running trains without massive federal financial help.

Court-appointed trustees, trying unsuccessfully for nearly 3½ years to reorganize the ailing 19,000-mile system, say America's biggest railroad loses \$500,000 every day carrying passengers and freight.

They have asked U.S. District Judge John P. Fullam to approve a shutdown beginning Oct. 31 and halt all the 1,350 freight and 1,300 passenger trains by the end of this year in 16 states and two Canadian provinces.

This liquidation order is opposed by the Interstate Commerce Commission and the directors of the Penn Central Co., parent firm of the bankrupt railroad subsidiary.

"To liquidate the railroad immediately would be disastrous," said Attorney David Berger, representing the parent firm and its 160,000 stockholders. Penn Central Co. owns

all of the stock in the Penn Central Transportation Co. Berger has prepared a motion for Fullam's approval which would keep the Penn Central operating into 1974 "on condition the United States on or before Nov. 30, by congressional action or otherwise, requires that the system is needed."

Berger said Thursday that the railroad needs "about \$250 million annually in government subsidies to operate in the black."

The ICC, in a report to Fullam last week, asked the judge to reject the liquidation request and any plans by creditors to stop Penn Central trains.

The commission said it believed the railroad is financially capable of staying in business through March of next year and probably through all of 1974. It added that fresh cash for operating expenses could be obtained by borrowing or using escrowed funds derived from property sales.

The trustees dispute this. They claim that the railroad may run out of cash before the end of 1973, especially if income is cut by strikes or bad weather.

Penn Central reported a net loss of \$123.5 million for the first eight months of this year, more than \$15 million a month.

Berger said, however, his figures indicate the deficit is closer to \$20 million a month.

### No Charges In Auto Collision

No charges were reported following investigation of a 2:35 p.m. collision at the intersection of Tenth and Cotanche Streets Wednesday.

Police identified drivers of the two vehicles involved as William Carlton Cozart, 63, of 1718 Knollwood Dr., and Douglas Page Hill, 23 of North Wilksboro.

Damage was estimated at \$300 to the Cozart car and \$400 to the Hill vehicle.

No injuries were reported.

Pitt Democratic chairman Henry Oglesby reported that Georgia Governor Jimmy Carter will be the principal speaker at the Vance-Aycock Dinner scheduled for Oct. 19 and 20 in Asheville.

Oglesby, who indicated that he plans to attend the two-day affair at the Grove Park Inn, said that tickets are available if Democrats from this area would like to attend.

The chairman added that persons needing further information concerning the event or tickets should call him in Grifton or Charles McLawhorn on the Greenville exchange.

In issuing an invitation to Oglesby to attend the western function, dinner chairman Herbert L. Hyde noted, "Your personal presence will do much to make the Vance-Aycock a success. We are counting on you and your county to be '100 percenters.'"

The Vance-Aycock is the Western North Carolina equivalent to the "Down Easter" rally staged by Democrats at Atlantic Beach several months ago. Sen. Sam Ervin was the guest speaker at that function.

# ECU Grads' Employment Outlook Said Favorable

The future employment outlook for East Carolina University graduates is favorable, according to ECU Placement Service Director Furney James.

While the national economic situation in recent years has meant a high unemployment rate among the college-trained, all but a few ECU Placement Service registrants have been able to find jobs.

"We registered 1,123 seniors in the class of 1973 and 412 former graduates during the past year," said James. "Most of these found employment; as of September, only 100 were still job-hunting."

The production of consumer goods is an operation which always needs well-trained technology graduates. James noted that the older graduate has a considerable edge with the average employer.

Most of the employers who seek the help of the campus placement office are private businesses and industries, government agencies, and school systems from several states. Some ECU alumni return to campus to avail themselves of the Placement Service when they wish to change jobs or relocate.

ECU students who are preparing to teach are finding that teachers are no longer in the great demand of former years, but that teaching jobs are still available in certain fields.

"The South does not seem to be oversupplied with teachers, not yet anyway," said James. "We are still receiving a number of requests for graduates who can teach mathematics, science, special education, and the elementary grades."

Scheduled to recruit on campus during October are representatives from W. T. Grant Co., Sears and Roebuck, Corning Glass Works, the North Carolina Extension Services, Ortho Pharmaceuticals, Proctor and Gamble, and several large accounting firms.

A picnic lunch will be served on the grounds behind the church. Beginning about 1:15 p.m., a song service will be held. In addition to local church singers the following visiting groups will take part in the service: two quartets from the Winterville Baptist Church, a quartet from the Greenville Free Will Baptist Church, the King's Daughters of Aiden Free Will Baptist Church, and a group from the Winterville Kiwanis Chorus.

**Homecoming At Church Sunday**  
The Waters Family of Eden will be at the Evangelistic Tabernacle for homecoming day Sunday. The program will begin at 11 a.m. and the group will give another program Sunday afternoon at the church at 2:30. The group is led by Maynard Waters, who not only sings, but is also general manager of the group's affairs, his wife, Kay and daughters, Teresa and Pam, sons, David and Steven, and their pianist, Phyllis Ayders. The Waters Family TV Show is produced in the facilities of the Christian Broadcasting Network, Portsmouth, Va., and is carried on their network coast to coast. The public is invited to attend the local programs.

**Revival Begins On October 15**  
The Grimesland Pentecostal Holiness Church will be in revival October 15-20 with services beginning each night at 7:30 p.m. The Rev. Haywood Price from the Belfast Pentecostal Holiness Church in Goldsboro, will be the evangelist speaker. Singing will be presented each night by the Williams Trio and others in the church. The Rev. Paul C. Jackson, pastor, invites everyone to attend.

## Victor Wierwille Here On Sunday

An evening of teaching and entertainment is planned Sunday evening at 5:00 o'clock,

DR. WIERWILLE

## Meares Will Talk Sunday

JOHN MEARES

John Meares, coordinator of communications for the North Carolina Conference of The United Methodist Church, will speak at Jarvis Memorial United Methodist Church this Laity Sunday at the 9 and 11 a.m. worship services.

Meares is a well-known humorist and after-dinner speaker and has served as a lay speaker in churches throughout the Southeast. He will also lead a discussion on the Social Principles of The United Methodist Church Sunday evening, following a covered-dish supper at 6 p.m. in the fellowship hall at the church.

The Junior Choirs of Jarvis Memorial and First Presbyterian Church of Kinston will combine for a performance of "Joseph's Amazing Technicolor Dreamcoat," a work for children's choirs by the composers of "Jesus Christ Superstar." The public is invited to attend the worship services and the covered dish supper.

sponsored by The Way of North Carolina, headquartered at The Way Home, in Greenville.

The program, featuring an address by Dr. Victor Paul Wierwille (president and founder of The Way), will be given at the American Legion Hall in Greenville.

Entertainment is assured by the presence of contralto Claudette Royal, of Wichita and soprano Helen Parker of Greenville. Also appearing will be a group known as The Master's Hand, a professional combo of musicians from Ohio and New York.

Every member of the cast of "The Way Presents" is a student of The Way Corps, an advanced work-study program of The Way International. Dr. Wierwille's teachings from the Bible focus on the practical application of "Power for Abundant Living." The Way is headquartered on a 147-acre campus near New Knoxville, Ohio—visited often by its followers throughout North Carolina. Director of The Way of North Carolina is Doug Emerson.

"The Church That Loves People"

# Things aren't going TOO well

Adults see the intensity of a child's emotion—but seldom understand. Our natural tendency is to assume a child is small and his feelings are just "miniatures" of our own. To the contrary, many childhood emotions are more intense than anything we feel... stronger because the child hasn't yet learned to understand and curb his feelings. This is the ideal time to begin religious education. Then a child's understanding of himself grows with his perception of spiritual values. Sunday morning in church is the high point in thousands of "little lives." Things that aren't going too well have a way of straightening out when you're grasping the central truth of Christianity: JESUS LOVES ME! This I know!

# Sum Given Sheltered Workshop

RECEIVES CHECK. . . Harry Leslie, right, presents a check to Howard Dawkins which will be used to pay for a McEngleran Foundry furnace and other equipment purchased recently by the Eastern Carolina Sheltered

Workshop. Looking on are Bill Adams, left, superintendent of materials handling, at Burroughs-Wellcome, and Bill Bellesheim, second from left. (Reflector Staff Photo)

A check in the amount of \$1,239 has been given to Eastern Carolina Sheltered Workshop by the Burroughs-Wellcome Co., to be used to purchase equipment. According to Howard Dawkins, director of the facility, the check will be used to pay for a McEngleran Foundry Furnace and accessories and a homemade furnace to melt lead, tin and aluminum.

"With this type of equipment, we will be able to melt any type of lead, tin, aluminum, copper and brass," Dawkins said. "We will also be able to do sub-contract melting of these materials for any industry or individual in the community." "Through gifts like this one," Dawkins said, "we are able to have more meaningful sub-contract work for our clients and will also improve their income." Harry Leslie, plant manager of Burroughs-Wellcome, in presenting the check to Dawkins, said his company is very pleased that they were able to make the contribution and help the local program.

The Workshop is now serving approximately 130 individuals daily.

"This has come through the cooperation of industry, vocational rehabilitation, Pitt, Martin and Greenville school systems, the Department of Mental Health and other cooperative divisions of human resources," Dawkins stated. "Many of our goals are being met because we have the full cooperation of our local industry."

Dawkins said one of the highlights of the year which just ended was the training and placing of 51 persons on a job. "Our industrial committee has become a vital part of the program at the workshop. Since

the industrial committee was formed, our sub-contract work has improved 400 percent," Dawkins explained. "Through the leadership of this committee, more industries have become acquainted with the possibilities of job placement for our clients and potential of sub-contracts."

Bill Bellesheim, superintendent of the packaging division at Burroughs-Wellcome, serves as chairman of the industrial committee as well as being a member of the board of directors at the workshop.

"Another highlight of last year was the establishment of a program with the Pitt, Greenville and Martin schools systems where a student could be taught English and math in the high school for one-half day and work the remainder of the day in the work adjustment training program at the workshop," Dawkins explained. The school system gives credit for this training program which enables the student to receive a high school diploma as well as learn a skill.

About 70 students are involved in the program.

"For those of us involved in the program, we feel this is a forward step in helping the students in our community be better prepared for a job when they finish high school," Dawkins said.

## PHONES VS. PEOPLE

PIERRE, S.D. (UPI) — There were as many telephones in the city of Milwaukee, Wis., as there were people in the whole state of South Dakota in 1969. Both figures were slightly more than 665,000.

# Tom T. Hall Loves Life And All Its Good Things

By ALAN WILSON  
Associated Press Writer  
NASHVILLE, Tenn. (AP) — Tom T. Hall eased way back in his chair and raised his glass of bourbon and water as if he were toasting the world. Anyone could see he felt good, and alive.

"Life. God I love," he blurted out. "Everybody should love life because there's only one alternative."

Above him on his office wall was a large framed sign: "The Bastards Won't Let You Live." For a songwriter who "talks away" as many good lines as he pens, Hall was in exceptional style on this particular day. He had reason to be.

It was the first time the Kentucky native had really relaxed since being nominated in five categories for the annual country music awards. The awards will be given Monday night at the Opryhouse. Hall is rated a prime contender for Entertainer of the Year, the most coveted of the Nashville accolades. His mood was contemplative. Joyful. Convincing. And solemn.

Coyne, too, was at his fingertips. He wasn't about to reveal his true thoughts about the nominations. Was it high time he be honored in such fashion or was he just surprised?

Instead, Hall did what he does best. Observe life. Like he did when he wrote "Harpey Valley PTA" several years ago.

But, unlike many occasions, Tom T.—the Roanoke, Va., disc jockey turned musical journalist—also wanted to observe and account for his own life on this day.

"I'm happy to be doing what

I'm doing, but I know I'm not going to be around for a long time," he said, his face void of rueful expression.

"I can guarantee you I don't have a long life to live. I'm not a religious person. I'm one of those weird people. God sent me down here to do something and I did it and I'm just truckin' through life."

He grinned, convincingly. "I don't think I'm booked here for long."

"We always get to thinking that something somewhere is more important than what we're doing," said the moon-faced storyteller, whose life has been affected greatly by two men—novelist Ernest Hemingway and a tubercular guitarist named Clayton Delaney.

"What we're doing is always important," he insisted.

"I hate to be the old philosopher. In an estimation of what we're all about, you have to take into consideration the things you like and weigh them against the things you don't like. Every man, looking at that list, will see he loves more things than he dislikes."

"He (God) gives us 60-40 and I'm well aware of the percentages. It's a 60-40 world."

The mention of the "list" provoked Hall, 37, into a humorous mood. He rose from his chair to play a new song, "I Love."

"I wanted to write a song called 'I Love.' And being a selfish person, I wanted to write about all the things I love. Wouldn't it be nice if people made a list of all the things they love?"

He sang—about how he loves baby ducks and pickup trucks, sleep without dreams, tomatoes

on the vine and rain, kisses from a child and hay. The list was lengthy, and his sensitivity bubbled.

"My mother must have thought I was a fag," he laughed. "She always called me 'poor little Tom.' I gravitated toward poetry, flowers, the birds, and bees and squirrels."

"I guess you could call me an animal poet. Yea, that's what I am. An animal poet."

Somehow, the hundreds of other descriptions of this great country music writer were too cliché for him at that moment. He didn't talk about being the "realist," the "musical journalist," or the "poet of rough truth."

"I've been an old person since I was 19. I was 40 when I was 19. Now, what could I be?" he asked. His attention darted back to the "I Love" song on his next album.

"I think this is the most un-adult album I've done. Life is probably more realistic than this album. I've been too far on the edge before. I was into dying and not making it in my other (most recent) album. I was kind of sadistic in my other album. In this, I lean toward the preservation of hope, which I think is more of a fantasy than the reality of what there is."

"I'm writing about the one day when everything is right. I have not given up the belief that there are more houses in the wind than there are trees," he philosophized, alluding to the world of permanency versus non-permanency."

# Stock And Market Reports

**RALEIGH (AP) (NCDA)** — North Carolina egg markets unchanged Thursday. Supplies about adequate, demand good.

Weighted average prices for small lot sales of consumer grade eggs in cartons delivered nearby outlets: Grade A large whites 71.73, medium whites 67.29, small whites 52.43.

**RALEIGH (AP) (NCDA)** — The trend is steady to 50 cents higher. \$42.75 to \$43.75 at Kinston, Benson and Lumberton. \$41.00 to \$41.50 at Rocky Mount. \$39.50 to \$40.00 at Tarboro and Bethel. \$41.50 at Salisbury. Hens

**RALEIGH (AP) (NCDA)** — North Carolina f.o.b. dock supplies: Market steady, supplies fully adequate, weights desirable.

Hens: Markets steady with weak undertones noted for next week. Supplies of heavy type fully ample and the demand is only fair. Heavies at farm 22 cents.

**NEW YORK (AP)** — Stock market prices soared higher in very strong volume today in what one analyst described as part of a recent "explosive buying panic."

The Dow Jones average of 30 industrials at 11:30 a.m. was up 7.75 to 983.82. It had been up more than 10 points earlier.

The Dow blue chip indicator was up more than 13 points at the close Thursday and has risen about 100 points in about a month.

Dayton Hudson, down 1 1/2 at 13 1/2, was the Big Board volume leader, followed by Westinghouse Electric, up 3/4 at 34 3/4 after dropping Thursday as the volume leader with disappointing third-quarter earnings.

McCulloch Oil, up 1/2 at 6 1/4, was the American Stock Exchange volume leader.

## Hold Boy In Bank Holdup

**WAXHAW, N.C. (AP)**—A 15-year-old boy has been charged with robbing a branch of the American Bank and Trust Co. in Waxhaw Thursday and Union County authorities said they expected further arrests in the case today.

Union County Sheriff Frank Fowler and his deputies arrested the youth at 5:30 p.m. Thursday, about seven hours after the robbery. Fowler said the suspect's name is being withheld because he is a juvenile.

The sheriff said the arrest was made at the youth's home at Rt. 2, Waxhaw. He said most of the money was recovered.

The branch bank was robbed Thursday morning by a man carrying a small handgun. Fowler said a woman was seen at the wheel of the getaway car.

The hold-up was the 43rd bank robbery of the year in North Carolina. No one was injured.

## Trading Stamps And Cash Taken

An estimated \$100 in money and 15,000 trading stamps were taken in a break-in at Harris Super Market on Tenth Street during the night, according to Police Chief Glenn Cannon.

The police official said the break-in was reported about 8:30 a.m.

Thieves gained entrance to the store by forcing open a rear door, he said.

Investigation of the theft is continuing.

## Concern Over An Aging Fleet

**HOT SPRINGS, Ark. (AP)** — The chief of U.S. naval operations says he is concerned that a rapidly aging fleet might harm "the nation's ability to respond to any threat of possible military confrontation by a growing Soviet navy."

Adm. Elmo R. Zumwalt Jr. told the National Newspaper Association Thursday night that a reordering of national priorities and a reconstruction of the Navy are needed to respond to that threat.

The reconstruction program so far has consisted of a reduction in the number of agin ships and aircraft and of the construction of new ships, he said.

Zumwalt, a former commander of U.S. naval forces in Vietnam, said the American public is debating the question of defense spending because of "a psychological rejection of things military which comes after every war."

He said the public now is more "quick to question established institutions and more eager to turn to community social ills."

Despite this attitude, Zumwalt said, the Navy is making good progress in keeping the number of personnel necessary for the Navy to be a viable force.

Zumwalt, 44, told the newsmen that the military has responsibility to the public but the news media have "a responsibility to educate themselves on current defense issues."

## Submits Helms As VP Choice

**RALEIGH (AP)**—North Carolina Republican Chairman Frank Rouse has recommended that Sen. Jesse Helms, R-N.C., be named vice president to succeed Spiro Agnew.

Rouse said Thursday he sent a telegram to Republican National Chairman George Bush recommending Helms.

Rouse described Helms as "a man who has spoken for the aspirations of the silent majority in America for the past decade. Helms is truly an outstanding American who has led North Carolinians on a crusade for a spiritual rebirth in our country."

Gov. Jim Holshouser, at the request of Bush, submitted three names for the appointment.

## Surprising VMI Visiting East Carolina

Running Back Carlester Crumpler

### Rocky Mount Tops Cubs, 15-0

ROCKY MOUNT — The Rocky Mount Baby Gryphons handed Rose High School's Rampant Cubs their second straight defeat yesterday, shutting them out, 15-0.

It was only the second loss for the Cubs, who won their first three starts of the year.

After a scoreless first period, Ronald Martin hit William Williams for a two-yard scoring

pass in the second quarter. The two combined for the two-point PAT, making it 8-0.

Rose had its only chance early in the second half, when Rocky Mount fumbled the kickoff and Rose recovered on the 19, but was unable to score.

Rocky Mount put the clincher on in the final period, with Martin hitting Walter Ricks for 27 yards and the final score.

Rocky Mount is now 3-2-1 on the year.

Rose 0 0 0 0  
Rocky Mount 0 8 0 7-15

### Rose In Victory

The Rose High School cross-country team picked up its third straight victory here yesterday, downing South Lenoir, 20-39.

South Lenoir won the individual title, as R. Watten crossed the finish line first, in 10:40, while Rose High's Art Klose was second in 11:06.

The Cubs then sent over the next four finishers to wrap up the victory. Following Klose were Rampants James Davis, 11:20; A.J. Tyson, 11:25; Gary Gayton, 11:34; and Hugh Stokes, 11:42.

Hill of South Lenoir finished seventh in 11:46, followed by Gregory Teel of Rose in 11:53. Turner of South Lenoir, 11:58, and Wade of South Lenoir, 12:01, wrapped up the top 10.

### Greene Tops Pitt

BETHEL — Greene Central's junior varsity rolled to a 28-0 victory over North Pitt yesterday.

Melvin Briggs got the scoring going in the first period with a one-yard run. Randy Wade kicked the extra point. Then, in the second quarter, Anthony Corbett broke away on a 78-yard run to run the score to 14-0 after Wade kicked again.

Billy Waters scored from 34 yards out in the third period to up the score to 20-0, and in the final period, Floyd Adams scored from the 11 for the final touchdown, making it 28-0.

Greene Central then came up with a safety, tackling the North Pitt quarterback in the end zone for the final two points.

Greene Central is now 4-0 in the league and 4-1 overall.

When ECU tangles with VMI this weekend, and the SSS offense is moving things, USR hopes that everything will be SOP.

Now in case all those initials are a little bit confusing, it just means that East Carolina University is playing Virginia Military Institute Saturday night at 8 p.m. in Ficklen Stadium.

And the Bucs will be throwing their Triple-S offense, composed of quarterback Carl Summerell, one of the top offensive leaders in the Southern Conference; and running backs Don Schink and Kenny Strayhorn, the league's leading rusher, against the Keydets. USR is Ulmo Shannon Randle, the Pirate coach, who wants everything to be Standard Operating Procedure — that is, one more Pirate victory.

East Carolina comes into the game after its 45-0 romp over Davidson College, while VMI enters after winning also. They took a 23-6 upset win over The Citadel last Saturday, snapping their four-game losing streak for the year.

For the first time, against The Citadel, the Keydets were able to get their ground game going. In the four games prior to the contest, they had gained 86 yards on the ground. They have upped that to 309 now.

Kim Glidewell, their usual starting tailback, leads the rushers, running 50 times for 165 yards and a touchdown. But it was Bruce Torbett who led the charge that surprised the Bulldogs of The Citadel. With Glidewell sidelined with an injury, Torbett was switched from his slotback position to the tailback duties. He promptly ran 34 times for 115 yards against The Citadel, becoming the offensive hero of the affair.

Overall, he's run 37 times for 135 yards.

A third running back, Ronnie Norman, who was supposed to have been the starter this year, has 15 carries for 21 yards, seeing only limited action because of injuries.

This week, however, Norman is supposed to be healthy again, and this gives VMI Coach Bob Thalman three running backs to call on.

Through the air, the Keydets also have a strong attack behind quarterback Tom Schultze, who has hit 52 of 105 passes for 590 yards and two touchdowns. On the dim side, however, he's had 11 picked off.

His chief target has been split end Ronnie Moore, who has

caught 22 for 316 yards and two touchdowns. Allen Morgan, a tight end is next with 10 for 111 yards. Torbett has eight catches for 118 yards.

The Pirates, last week moving against a strictly passing team, moved Danny Kepley back from his linebacker slot to a secondary position and this cut off the Wildcat passing game. This week, the Pirates may do something similar.

"We'll start with our basic 4-4 and see what they do," Defensive coordinator Carl Reese said. "We understand that they want to establish a running game first. If they go to the air, we will go to move of a pass-conditioned defense. They have always started on the ground, running from a basic I. But circumstances have caught them, and they've gone to passes," Reese said.

Against The Citadel, they threw very few passes. Against Tulane, they passed a lot after falling behind early. Richmond pulled away from them in the second half, and only then did they really go to the air.

"Torbett also has helped their

ground game, switching to tailback. They pull in two tight ends and prepare for the rush. But with Norman healthy, they may move him back to the slot, and open it up a little more. We're really unsure what they're going to throw at us."

Reese also has a lot of respect for Schultze as a passer. "He is as good a quarterback as we'll see this year," he said. "More is also a fine receiver, and always is a deep threat."

Reese is also bothered by the fact that there are some injuries on the Pirate defense, causing some shifting around. "We are not commenting on this yet, but we do have some problems," he said.

The coach also had praise for the two freshmen who have come in to do the job in the secondary, Jim Bolding and Reggie Pinkney. "Reggie did a fine job at Davidson. He still is a little cautious, playing off the backs to avoid the bomb, but Bolding has already gained his confidence and Reggie should have him soon."

Reese feels that if the Pirates can score a couple of quick

touchdowns, it would put a great deal of pressure on the Keydets, and force them into playing the type of game the Bucs would like to get them in. "We have to force them to make mistakes, and play catch up, and we can't make mistakes of our own."

Offensively, the Pirate staff is somewhat worried about the VMI defense. Frank Novak, offensive coordinator, said that VMI is much stronger than Davidson — and probably as strong as Furman defensively.

"The fact that they've played good teams (Virginia, Navy, Richmond, Tulane) worries me," he said. "They are used to playing good teams. They hit and they are quite physical. Their record is not really indicative."

Novak noted that VMI gives several different looks on defense, so the Bucs are having their hands full in getting ready for them. "They are quite flexible, showing a lot of variety off a standard 4-4 alignment. The fact that they've played some good people and are 1-1 in the

conference is a problem for us. This is a big game for them, and of course, for us."

The key man in the VMI defense is their safety, "Mean" Gene Williams, who intercepted three passes against The Citadel last week, and was named Southern Conference Defensive Player of the Week. Another top start is defensive tackle Phil Upton, a fine lateral pursuer and a real hitter.

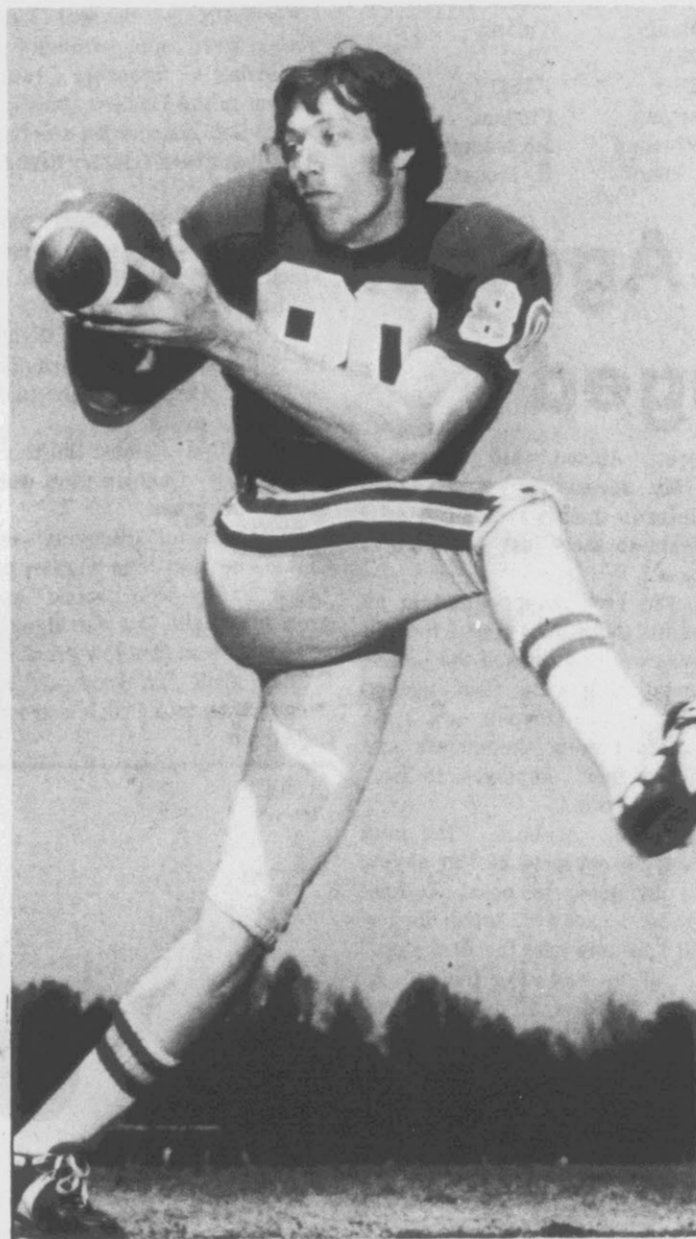

"We are a little banged up," Novak said. "(Carlester) Crumpler is still not right, and (Benny) Gibson is a little sore — just the usual bumps and bruises. We don't expect anyone to be out."

Strayhorn, who is averaging 103.8 yards a game, moved into the national statistics this week, ranking 23rd in the country in rushing. He also leads the

Southern Conference. Summerell is now averaging 115.2 yards a game in total offense.

Across the way, Moore of VMI has also broken into the national spotlight, in two categories, ranking 20th among pass receivers, with 4.4 catches a game. He is sixth in punt

### Youth Night

It's Youth Night Saturday at Ficklen Stadium when the Pirates of East Carolina play host to VMI.

All high school age youths and under will be admitted to the game for only \$1.

Several athletic celebrities will be at the Stadium from 7 until game time to sign autographs and talk their sport. They include NASCAR driver Benny Parsons, the current Grand National point leader, and California Angel catcher Charlie Sands, who caught one of Noland Ryan's no-hitters this year.

Rich Ward, a New York nightclub singer, will perform at halftime.

Radio Station WOOW will select a DJ For A Day, and give away several record albums. Several sets of tickets to the American 500 will also be given away at the game.

Sunday, Carl Summerell, Kenny Strayhorn and about 10 other Pirates will be at the Greenville Putt-Putt for "Super Sunday," to play golf and sign autographs.

# Vanderbilt Pays Off; Up A Notch

At last, at last! We were beginning to think it would never happen.

But thanks to good ol' Vanderbilt, we've snuck a little closer to the pack, and finally come out on top for one brief week.

Perhaps this week, we can come a little closer, we hope we hope.

Our 9-2 week picked up one on everyone else, who posted identical cards for an 8-3 session.

Jack Whichard, Tom Baines, John Trotman and Sandra Spivey still lead the pack with a 43-15 mark, with Geroge Holland one back at 42-16. And now we've climbed to 39-19 just four behind.

Slowly, but surely.

And the high school picks continue to click, too. So let's take a look at them for this weekend.

Ayden-Grifton plays host to Charles B. Aycock. The Chargers are on top and may be looking over this one; but they should be able to take the Facons in their sleep.

Farmville Central is at Southern Wayne tough conference game. The Jaguars have been up and down, but so has Southern Wayne. It looks like a tough contest, but we'll go with Southern to win here.

North Lenoir is at Conley, seeking to remain as close to the Chargers as they can. The Vikings just can't seem to get it all together against the top teams. We must pick North Lenoir.

Robersonville visits Elm City in a battle for first place in the Eastern Plains Conference. The Eagles are flying now, and Elm City will have to

console itself after this one.

Tarboro visits Williamston in a Northeastern Conference game. The Vikings haven't won a game so far; and Williamston is still in the conference race. Williamston is the choice.

North Pitt goes to Greene Central in the final pick of the week. The Rams are mowing them down now, and the Panthers just haven't got the manpower. Green Central a victory.

Now to the poll. First off, Rose High School is playing host to Rocky Mount this week in their first conference game. They surprised everyone last week by beating Goldsboro, and the question is can they do it again.

Well, we have to see it to believe it. Again, by a 6-0 ballot, Rocky Mount is the favored team.

Then, East Carolina is playing host to Virginia Military Institute. The Bucs have won four in a row so far, and would like to make it five. VMI comes in with upset on their minds, and a passing game that picks up a lot of yardage.

The Bucs pass defense must perform as it did last week against Davidson, or they could be in trouble. We all agree, however: East Carolina to win it by a 6-0 count.

# Oakland Stops Baltimore; Opens Series Saturday Against Mets

By JACK STEVENSON  
Associated Press Sports Writer  
OAKLAND (AP) — Hard throwing left-hander Ken Holtzman finds himself in the same position today as he was a year ago—scheduled to pitch the opening World Series game for the Oakland A's against the National League champions.

This time the New York Mets oppose him Saturday at the Oakland Coliseum and the former Chicago Cubs hurler says, "I pitched against them a lot of years and they gave me a lot of trouble. But I feel super about getting the chance to pitch against them again."

Holtzman beat Cincinnati 3-2 in last year's opener and in his latest outing, he went 11 innings to beat Baltimore 2-1 in the third game of the American League playoffs. The defending world champion A's wrapped up their second straight pennant Thursday as right-hander Jim Hunter blanked the Orioles 3-0 in the final of their best-of-five playoff series. "I was getting tired but no way I'm coming out of that ball game," declared the 27-year-old Hunter who posted a 21-5 regular season record and beat Baltimore

twice in the playoffs. "I was just trying to keep the ball low," he said of his five-hit shutout performance. "They didn't get a home run off me in two games, isn't that a switch?"

During the regular season, the Orioles slammed eight homers from Hunter offerings but still he was 3-0 against them. The A's, who blew a 4-0 lead on Wednesday and lost 5-4, took a 1-0 lead in the third inning of the decider. Ray Fosse was safe on an error by Brooks Robinson who slipped while fielding a grounder. Dick Green laid down a perfect sacrifice bunt and Joe Rudi singled the runner home. In the fourth with two out, Gene Tenace, the hero of the 1972 World Series, singled. Little Vic Davalillo tripled off the 375-foot sign in right center and Jesus Alou singled him home. That was plenty of insurance for Hunter as the A's won the series three games to two.

Doyle Alexander, the Orioles' 23-year-old right-hander, started the game, but left after

Alou's hit, and Jim Palmer made only his second relief appearance in four years. Palmer, the Baltimore ace who was blasted out in the second inning Wednesday, shut out the A's the rest of the way Thursday.

The A's go into the World Series with three 20-game pitching winners—Hunter, Holtzman, 21-13, and Vida Blue, 20-9. Williams said Blue would face the Mets on Sunday and Hunter would go on Tuesday when the clubs play game No. 3 in New York's Shea Stadium. As the champagne corks pop-

ped in the A's quarters, Hunter said that until the playoffs he didn't think this season was as good as 1972 when he was 21-7.

"But beating Baltimore twice in the playoffs was better than all of last year," commented the man who pitched two victories in the 1972 World Series.

The Mets left New York immediately at the conclusion of the game in Oakland and flew West. They had won the fifth game of their series against Cincinnati on Wednesday—a day earlier because Monday's AL game was postponed by rain.

# Allison Considering Suit Against NASCAR; 'Career Damaged'

CHARLOTTE, N.C. (AP) — Stock car driver Bobby Allison is considering a suit against the National Association for Stock Car Auto Racing (NASCAR).

Allison believes the sanctioning body has "done permanent damage to my career."

"I'm quite sure I have a good case. I have arranged legal counsel on the assumption of filing suit," the Hueytown, Ala., driver said. Allison was the top money winner last year on NASCAR's Grand National racing circuit with more than \$300,000.

Allison told The Charlotte Observer he planned to sit down today with his lawyers and decide if a lawsuit is the best method of redeeming the "injustice that has already been dealt to my career and integrity."

Allison said the amount of the suit would be "substantial."

The driver's feeling stems

from an dispute over the results of last Sunday's National 500 race at Charlotte. Allison finished third in a Chevrolet, but protested the Chevrolet of winner Cale Yarborough and Dodge of Richard Petty were illegal. NASCAR ruled against Allison, but he still maintains Yarborough and Petty "cheated."

Allison complained that the engines in the first and second place cars were larger than the limit allowed by NASCAR rules. He said some of the NASCAR inspectors admitted it to him. NASCAR inspected the

## Orange Gets Win

The Orange team won its first victory of the year yesterday, downing the Gold, 12-9, in the 7th and 8th grade Tackle Football League.

The game was scoreless until the third period when the Orange got a score on a 60-yard run by Doug Selby.

The Gold came back to tie it up in the fourth period when Ed Price scored from the four. Price then ran over the extra point to give the Gold a 7-6 lead.

The Orange came back on a 12-yard run by Mike Moye to regain the lead in the final frame, however, 12-7. Ronnie Ebron and Price tackles Selby in the end zone for a safety for the Gold, but they couldn't come back.

The Green leads the league with a 2-0 mark, while the Orange and Blue are now 1-1, and the Gold is 0-2. Tuesday, the Gold takes on the Blue.

## Aycock Is Beaten, 26-6

SPRING HOPE — Southern Nash Junior High School rolled to a 26-6 victory over the winless Phantoms of E. B. Aycock Junior High School yesterday.

Southern Nash jumped into the lead with a touchdown in the first period. Ray Lucas scored the first of three touchdowns, going in from 10 yards out for a 6-0 lead.

Jule White, the Phantom punter was then caught in the end zone for a safety to make it 8-0 as the period ended.

Aycock got on the board in the second period with a touchdown as Dave Short cracked over from a yard away. That cut it to 8-6 at halftime.

In the third quarter, Southern extended its lead to 14-6, as Walter Williams ran back the opening kickoff 74 yards for the score.

Lucas then picked up two fourth quarter touchdowns to finish it off. He scored on a six-yard run, then intercepted a pass and returned it 65 yards for the final score.

Aycock is now 0-4 on the season.

cars after the race and the next day said the results of the race would stand.

"The first two were cheating and that's a fact," Allison said after the race. An official told me that."

"If you use the standards utilized by NASCAR, we ought to give Spiro Agnew back his job," Allison said Thursday. "My accusations were called false in their statement. And I want to show just how right I was."

I'm very disappointed in an outfit (NASCAR) that I thought was working toward the betterment of racing. But instead they had to stoop so low as to lie to protect themselves and force their employees to lie," said Allison.

"And," he said, "the best way to prove what I'm saying is by going to court. I don't think I can wait much longer. It's time to take the first step."

Allison said after the race he was thinking of quitting NASCAR.

Yarborough won \$42,000 for his win in the Sunday race.

## Golfing Winners

KINSTON — Several local women were among winners in yesterday's monthly tournament in the Eastern Carolina Ladies Golf Association meeting at Falling Creek Country Club in Kinston.

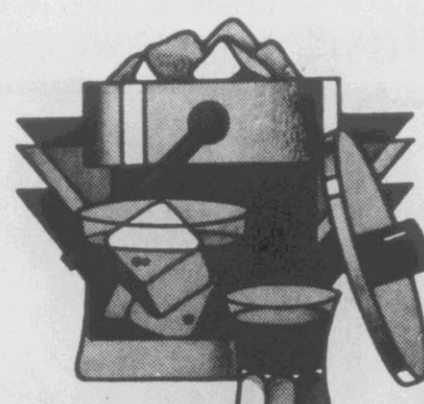

A total of 93 women participated in the tournament, which next month will be held in Goldsboro.

In the championship flight, Harriette White of Greenville Golf and Country Club took second low gross.

In A Flight, Sandra Smith of Brook Valley Country Club won second low gross.

Joan Hooper of Greenville won first low net and Jane Worsley of Brook Valley won second low gross in B flight. Dot Aldridge of Greenville won first low gross in C flight, while Jan Woodward of Brook Valley took first low gross in D flight.

returns, averaging 17.0 yards a return, giving the Pirates pause in this respect too. This will test the Bucs, who have allowed only an average of 3.9 yards a return.

"VMI is a surprising team," Coach Randle said. "Everyone looks at their record and chalks up another win for East Carolina. Well, VMI has played an awfully tough schedule. They have a very young, aggressive team, both offensively and defensively. They won their first game last week and there is nothing that improves a team both physically and mentally like a victory, especially after the schedule they've been playing. I'm sure they would like nothing better than to knock us off."

Elsewhere in the Southern Conference this week, one other league game is on top, with Davidson visiting Furman. In non-conference games, Appalachian is at East Tennessee, The Citadel hosts Chattanooga, Richmond entertains Southern Mississippi and William & Mary hosts Villanova.

# Jenkins Urges Language Skills

LUMBERTON — Secondary school educators were urged today to emphasize language skills — reading and writing — as the basis of any well-rounded education or career.

"Failure to be well-rounded in reading and writing handicaps

the student in all disciplines," Dr. Leo W. Jenkins, Chancellor of East Carolina University, told a joint luncheon meeting of principals, supervisors and superintendents of District 10, N. C. Association of Educators (NCAE).

The most important subject in the public school curriculum, Jenkins said, is English. Failures in other disciplines, obviously, grow from a weakness in English, he said.

"We can be of great service to the youth of America by in-

sisting that our schools recognize that the use of the Mother tongue is not something for the English period alone, but for the entire school day," Jenkins said.

"Too few students realize that no matter what their careers

may be, English is one subject that will either help or hurt them," he said.

He said the child who cannot read well, who does not enjoy reading "is cut off from much of the world's beauty and most of its knowledge." Referring to the importance of classroom teaching, he said the teacher must direct students to read and whet their appetite for it.

## Price Averages Increased With Quality Leaf

FARMVILLE—Offerings of more quality leaf tobacco on the Farmville Tobacco Market yesterday accounted for the highest average this week.

The Daily Reflector, Greenville, N.C.—Friday, October 12, 1973—11

Top price paid for quality leaf was \$1.20 per pound. Better grades of cutters and lugs sold for approximately \$1-\$2 higher than on Wednesday. Other grade prices remained steady.

Less nondescript grades were on the warehouse floors yesterday than any previous day this season.

The volume of sales consisted mostly of leaf and smoking leaf.

The market sold 527,920 pounds for \$482,777, for an average per hundred pounds of \$91.44.

To date, the Farmville market has sold 15,258,745 pounds of leaf for an average of \$90.29 per hundred pounds for the season.

Stabilization receipts totaled 2,158 pounds of gross sales.

### Claims Modern Goldfish Mark

TORONTO (AP) — Tom Groves claimed a world record in 1973 after swallowing 227 live goldfish in nine and a half hours, exceeding by two the mark set in 1970 by a San Antonio student.

Groves washed them down with six beers and a strawberry milkshake, and also consumed a cheeseburger and two chocolate bars.

## The 'Worry Clinic' Beauty Shop A Psychiatry Lab

Sally is quite right in saying her shop is a modern psychiatric laboratory. Many psychiatrists use the various Rating Scales and Sex Booklets offered via this newspaper to help stabilize maladjusted couples. Place them on your magazine table for patrons' use.

By GEORGE W. CRANE Ph.D., M.D.

CASE Y-541: Sally B., aged 34, runs a beauty shop. "Dr. Crane," she began, "I think beauty shops must be the best laboratory for psychiatrists nowadays."

"For we get all the gossip of the community and learn of the secret sexual problems that even the clergymen aren't told. "As an example, one of my clients is an attractive wife of a leading business executive in our town.

"But she ran off to a southern state, accompanied by her husband's two cousins.

"The boys were only 13 and 15. She had previously told me that she was in love with them and they were being intimate with

her. "After a week, the 15-year-old returned home, but she and the 13-year-old are still down South somewhere.

"She claims this younger boy is really her lover and she never will leave him.

"Dr. Crane, I suppose sex problems have been with mankind ever since Adam and Eve, but aren't they becoming more common today?"

**Sexcapades** Yes, in the last decade there has been a very marked increase in such sexcapades as Sally describes, plus "wife swapping," promiscuity, abortion and teen-age venereal disease.

Although sexual misconduct has always been present in human society, it was at least officially disapproved by law, by the churches and even by the communication media until recently.

Many factors explain this rapid modern swing of the pendulum in the direction of Sodom and Gomorrah such as:

(1) The advent of TV, which has been a "two-edged sword."

Although TV now keeps more families at home, the moving picture theaters were so hard hit that thousands of them closed their doors.

To try to pull patrons away from their comfortable home TV room, the remaining movie theaters then began to grow more and more pornographic, lewd and vulgar.

Since the more conservative TV censorship kept home television more in tune with our former social codes of morality, the uncensored commercial movie theaters went hog wild in trying to outbid TV with salacious movies and vulgar language.

(2) Dr. Spoo's permissive ideas! They caused society in general to remain tongue-tied when sexuality became commonplace in the theaters, magazines and even the school classrooms.

In the past generations, society sternly rebuked such violations of age-old moral codes. But due to this modern permissive attitude, society kept quiet.

Jesus once stated that "He that is not against us is on our side."

So the smut purveyors used that yardstick in reverse, by intimating: "If society doesn't speak out against us, then it is for us!" That gave free rein to those

so three trumps are adequate support. With heart support and a potential ruffing value in diamonds, it would serve no useful purpose first to introduce the club suit. Once North had shown the values for a positive bid, South simply checked on aces and kings before settling in a small slam.

With dummy's queen of diamonds a wasted value, declarer was faced with considerable problems. The best play for the contract was to take two finesses in spades, yet unless the trumps divided evenly—a 40 percent chance—there was only one entry to dummy and declarer needed two. After some study, he arrived at a solution.

Declarer won the opening lead in his hand and tried two rounds of trumps. That East showed out was a minor, though not unexpected, disappointment—four missing cards will divide 3-1 about half the time. Declarer drew the remaining trump and then led a low club, finessing the nine!

East was rather surprised to be offered a club trick. However, he realized that there was little point to winning the trick with the queen—if he did so, declarer could use the rest of the club suit for discards. Even if West had the king of clubs, declarer could take a second finesse and still get as many discards as he needed. Accordingly, East allowed dummy's nine to win.

This play deprived declarer of discards on the club suit, but declarer had another string to his bow. East's refusal to win the club had given declarer a second entry to the dummy. The jack of spades was led and run to the queen. West returned a diamond, won in the closed hand, and dummy was entered by overtaking the king of clubs with the ace. The ten of spades was led for a second finesse, and since East held the king the slam was made.

North's raise of his partner's opening two-bid is eminently correct. A demand bid is almost always made on a five-card or longer suit,

Just as the old adage assures us that there is more than one way to skin a cat, so there are many bridge hands where declarer or a defender has an alternative resource available. Sterling defense by a defender on today's hand caused declarer to change his plan of action to bring home a difficult slam.
