

Carter Getting Glimpse Of Future Home

JAMES GERSTENZANG
Associated Press Writer
WASHINGTON (AP) — President-elect Jimmy Carter, getting a look at his new home on his first post-election visit to Washington, met with a parade of high-level administration officials today before an afternoon session with President Ford at the White House.

James Lynn, who is Ford's director of the Office of Management and Budget, began the parade shortly before 9 a.m. EDT. He went to Blair House to meet with Carter, across Pennsylvania Avenue from the White House

and the Old Executive Office Building complex. As he left, Secretary of Defense Donald Rumsfeld walked in. Both men were preceded by the vice president-elect.

Asked what he and Carter talked about, Lynn said: "Believe it or not, we talked about budget and management, the name of my office being budget and management." He said Carter asked "good questions" but did not indicate the direction he is moving on budget matters. Lynn said Carter didn't ask

to have any influence on the budget Ford is preparing to submit.

"We talked about management matters, organization matters, techniques of putting budgets together," Lynn declared. "It covered a wide range of subjects. It was obvious to me the governor had given this a great deal of thought."

Lynn said any specifics about the conversation would have to come from Carter.

The president-elect arrived in Washington on Sunday night, flying from Albany, Ga., in a chartered jet. As has become his custom, Carter

carried his own suitcase as he walked off the plane. He planned to use Blair House, the government guest residence for visiting dignitaries, as his base of operations.

In addition to Lynn and Rumsfeld, the secretaries of Treasury and Health, Education and Welfare planned to visit him there. But Carter said he would cross the street to confer with Ford in the White House for his first visit with his defeated rival since the last of their three debates one month ago.

Asked how he felt arriving in Washington as president-elect, Carter said he felt "gratitude to the people of this country for giving me their confidence and a determination not to disappoint them."

"I feel a very deep and sober sense of responsibility about the future," he said.

On Sunday, Carter attended services at the Plains Baptist Church. Also attending was the Rev. Clennon King, a black non-denominational minister whose application for church membership led the

congregation to vote a week ago to allow blacks to worship at the church and seek membership.

Carter spent the rest of the day at home.

Carter's press secretary, Jody Powell, predicted that the meetings today would deal with "substantive" matters and would not just be courtesy calls.

New York City Mayor Abraham Beame said Sunday that Carter had assured him he would talk to Secretary of the Treasury William Simon about the city's latest fiscal crisis. Beame said Carter had pledged to do what he could to

help the city get past its current plight, caused by a court ruling that the moratorium on payments on city bonds was unconstitutional.

Carter plans a series of meetings Tuesday with House and Senate committee chairmen, Republican leaders, the House International Relations Committee and the Senate Foreign Relations Committee.

Carter planned to meet tonight with Sen. Walter F. Mondale, the Vice-President-elect, to begin preliminary attempts to narrow down his

list of potential cabinet members.

Hamilton Jordan, who is recruiting personnel for Carter, said Sunday that Cyrus Vance and Zbigniew Brzezinski are being seriously considered for positions in the administration.

Vance is a former deputy defense secretary and Brzezinski is a foreign affairs specialist and Columbia University professor who has advised Carter.

Jordan made his comments on the CBS program "Face the Nation."

Fifty-Five Hurt In Factory Blast

NEW YORK (AP) — Fifty-five workers were hurt, some seriously, when an explosion ripped through four floors of the American Chiclet gum factory, spewing steel, concrete and molten gum into the street.

One fireman on the scene said "It was a miracle" that none of the 150 people working the all-night shift was killed immediately by the blast early Sunday. Witnesses said the force of the explosion hurled some of the victims to the street.

About 25 persons were burned severely. Because of a shortage of burn facilities here, some had to be taken to hospitals in

neighboring states. A few of the critically injured had burns over 90 per cent of their bodies, and hospital officials said they feared some would not survive.

"It was really horrible. I saw men with their clothing and skin burned off," said Chris Boggio, 19, a helper at the plant. "The blast threw me clean across the room."

Teddy Orzechowska of Brooklyn suffered burns over 30 per cent of his body. "I was in the middle of the flames, I didn't know where to run," he said.

The aroma of spearmint filled the air, and hot gum stuck to the boots of firemen battling the blaze.

Fire marshals, sifting through the debris in the six-story brick structure in the Long Island City section of Queens, theorized that a stray spark may have ignited combustible dust, triggering the blast.

Witnesses described a nightmarish scene of victims stumbling from the building, their clothing burned away and flesh peeling from their bodies. In many cases the burns were compounded by molten gum stuck to the skin.

The company, a division of the Warner-Lambert Company, closed operations at the factory pending clearance from safety officials. A spokesman advised the plant's 1,600 employees to stay home until supervisors contact them.

But the company said the availability of its products — Chiclets, Dentyne, Trident, Freshen-Up and Dynamints — probably would not be affected.

Prisons Policies Rapped

RALEIGH (AP) — An aide to Democratic Gov.-elect Jim Hunt says the "great failing" of the administration of Republican Gov. Jim Holshouser has been in prison construction.

"They haven't done a thing in prison construction," said Gary Pearce, Hunt's news secretary, in commenting on figures which show that despite overcrowded prisons the Holshouser administration has under construction only \$10 million of \$23.35 million appropriated by the General Assembly for prison construction.

The administration's major project, a high-rise facility similar to one at Morganton is still not under contract and probably will not be completed before 1980.

With a prison population of 13,300 now packed into space intended for less than 10,000, the Correct Department is building 256 single cells at various field units at a cost of \$4.06 million and 144 single cell units at Odum and Caledonia prisons at a total cost of \$6 million.

Pearce said the neglect of the Republican administration coupled with its rigid policy in slowing down paroles will force Hunt to seek a \$2 million appropriation to relieve overcrowding with modular units and various additions at prison field units.

Correction Secretary David Jones rejected Pearce's criticism and said any delays are the fault of a niggardly Democratic-controlled legislature.

"Our basic planning is solid. The proofs in the pudding," he said.

A prison official noted, however, that the Correction Department received authorization for two high-rise prison units in July 1974 and plans to open bids on one of them next month.

Two Pitt Countians Killed As Car Struck Concrete Block Bldg.

TWO WERE KILLED... when this car went through the side of a concrete building near Farmville Sunday morning.

FARMVILLE — Two Rt. 1, Greenville men were killed late yesterday morning when their car struck a concrete block building near here.

The dead were identified as George Lawrence Gay, 51, and Ernest L. Barrett, 60. The only other passenger in the car, Ran-

dy Anderson, 19, also of Rt. 1, Greenville was taken to Pitt Memorial Hospital where he was still listed as a patient late this morning.

Trooper J. A. Brinkley, the investigating officer, said Gay was apparently the driver of the car. He said the car seemed to have

been headed toward Farmville on the Stantonburg Road (State Road 1200) about 11:45 a.m. when it ran off the right side of the road at a high rate of speed and crashed into a concrete block building owned by Douglas Baker. The building, located about three miles east of Farmville, was severely damaged.

Hunt Cites Influences In His Life

RALEIGH, N.C. (AP) — "Stick with me and help me for four years. This is North Carolina's administration. I want you to view it that way," says Gov.-elect Jim Hunt, who has re-

ceived hundreds of supporting letters from the people he will soon govern.

"This (the letters) has meant a lot to me," Hunt told The Associated Press in an interview.

Hunt said "there is a great myth" that he decided early in life to become governor, adding that three events occurred over the years had a bearing on his future plans.

Upon election as lieutenant governor four years ago, Hunt said he knew he would consider running for governor if he did a good job.

"Then I made my final decision after the 1975 General Assembly," he said.

Another event, which Hunt called a "most impressive thing," occurred in 1949 when Gov. W. Kerr Scott was fulfilling a promise to get rural people out of the mud by paving secondary roads. One such road ran in front of Hunt's home.

"That was when I first realized that politics and government play an important part and can affect your life," he said.

As a freshman at North Carolina State University, Hunt said he realized the importance of a good elementary and secondary education because he was having a tough time to make a B average.

"I had to just about kill myself to do it," he said, adding that his own early schooling had not been as good as that received by some other students.

Hunt said he then decided to try doing something in the future about what he called the "inequities in education."

One of his top priorities as governor, he stated, is getting children to read in the first three grades. He has proposed assigning special aides to the classrooms to handle this chore.

Advise Inspect Brakes

WASHINGTON (AP) — The National Highway Traffic Safety Administration warned today that brakes on older school buses, particularly those built before 1969, might fail because of corrosion and rusting of the hydraulic tubing.

It also said other pre-1969 buses, trucks and passenger vehicles might have similar problems.

The agency said the corrosion is not limited to any make or model but "may be present in any vehicle exposed over a period of four or more years to road splash containing heavy concentrations of salt, dirt, or chemicals used for snow and ice control on roadways."

The problem is more likely to occur in school buses made before 1969 because those built after that year have brake lines coated with a thicker layer of protective material, the agency said.

It urged school bus operators to inspect brake tubing thoroughly at least once a year, to replace corroded tubing and to wash exposed tubing periodically to remove corrosive materials splashed onto the vehicle during operation.

An agency spokesman said vehicle age rather than mileage and operating environment is the most significant factor.

Natural Health Center Gas Has A Price Was Dedicated

By The Associated Press
"It looks like you can get the gas if you can pay for it, but who can afford to pay through the nose?" says H.B. Foster of Statesville, one of many North Carolina manufacturers facing higher industrial fuel costs this winter.

Transcontinental Pipe Line Corp., (Transco), North Carolina's only gas pipeline, has announced that natural gas will be readily available for residential users and surpluses are adequate to supply high-priority businesses and large commercial customers.

But the issue for Foster, a brick manufacturer, and other industrial clients, is whether emergency gas supplies purchased by Transco in the South-west will cost an additional \$14 million.

Commercial users and gas distributors argue that all customers, including residential users, should help foot the bill.

The state Attorney General's office disagrees and says residential users should not have to pay for gas they don't need.

HOOKERTON — Dale Jones, a representative of the Regional Economic Development Administration of the U.S. Department of Commerce was the keynote speaker at the Hookerton Health Care Center Sunday afternoon.

Jones talked about how the economic development of a community depends on the area health systems.

Jim West, director of operations of HEW, of Atlanta, talked about how the community initiative relates to the development of accessible

health care for the community.

Dr. William Laupus, Dean of the ECU Medical School, talked about how ECU's Medical School can assist the rural areas.

Congressman Walter B. Jones, discussed how leadership in the community sponsored legislation to the reality of the health care center.

The Hookerton Health Care Center, one of three health care centers in Greene County will be open beginning today, Monday, Wednesday, Thursday, and Friday from 8 a.m. until 5 p.m. and Tuesday from 8 a.m. until 9 p.m.

Five 'Copters' For Thailand

BANGKOK, Thailand (AP) — The United States delivered five helicopters to the Thai government today to help police hunt down narcotics traffickers in the mountainous jungles of the Golden Triangle, where much of the world's illegal opium is grown.

CLOSED 2 DAYS

The Pitt County Schools will be closed Thursday, November 25 and Friday, November 26 in observance of Thanksgiving. The regular school schedule will be in effect Wednesday and classes will resume Monday, November 27. The Transportation and Maintenance departments and the Central Office will also be closed Thursday and Friday.

Community Service

The Community Thanksgiving Service, sponsored by the Greenville Ministerial Association, will be held Wednesday at 8 p.m. at the First Christian Church, 520 E. Greenville Blvd.

Dr. Will R. Wallace, special services chairman, extending an invitation on behalf of the association stated, "We want this truly to be a Thanksgiving worship at which everyone in our city will feel welcome."

Leaders participating in the service include clergy of the churches in the community Dr. Wallace reported. They are Dr. Wallace, host pastor, the Rev. B. B. Felder, litany of Thanksgiving, and the Rev. Ralph Messick, scripture lessons.

Also, the Rev. J. Paul Byron, sermon, and Miss Laura Soles, organist. An offering will be received, of which the Ministerial Association has voted that one-half will go to the Salvation Army for local relief, and one-half to Church World Service, a cooperative relief agency to aid the hungry abroad.

REFLECTOR

HOTLINE

752-1336

Hotline gets things done for you. Call 752-1336 and tell your problem or your sound-off or mail it to Hotline, The Daily Reflector, Box 1967, Greenville, N.C. 27834.

Because of the large numbers received, Hotline can answer and publish only those items considered most pertinent to our readers. Names must be given, but only initials will be used. Transcribing is done once a day.

STAMP MACHINES

What can be done about the stamp dispensing equipment at the main post office? In more instances than not, it is out of order, and sometimes fails to return money when an item is out of stock. J.R.

Lloyd Mills, postmaster for the city, suggests that you immediately notify any available post office employees if a stamp machine is not working properly. He said refunds for money lost in the machines can be obtained in the post office when it opens.

Mr. Mills added there have been problems recently with the machines, but they are now under control.

HOTLINE FEEDBACK

PLEASED WITH RESPONSE

Edward Eason, father of Ricky Eason who was killed in an Oct. 23 car-train accident here, tells Hotline he is quite pleased with the results of a recent Hotline appeal for witnesses to the accident. "Three different people called and told me of seeing the wreck," he said, "and I feel better for having talked to each of them. It goes to show that the stories you hear about people not wanting to get involved just are not always so. I'm thankful to each of them who cared enough to call."

See Potential In Soviet Microwave Research

By BARTON REPERT
Associated Press Writer

A Pentagon report says recent Soviet research suggests that microwaves could potentially be used as an interrogation tool and as a weapon to trigger heart attacks or alter the behavior in diplomats and military officials.

The U.S. analysis of experiments in the Soviet Union and Eastern Europe was released to The Associated Press by the Defense Intelligence Agency in response to a request under the Freedom of Information Act. The Pentagon said

parts were withheld for national security reasons.

The report concluded Soviet studies have "great potential for development into a system for disorienting or disrupting the behavior patterns of military or diplomatic personnel. It could be used equally as well as an interrogation tool."

No mention was made in the study made by the Army Medical Intelligence and Information Agency of the current microwave bombardment of the U.S. Embassy in Moscow, which the State Department has declared "an unhealthful post."

State Department officials claim the microwaves are beamed at the embassy in an attempt to disrupt electronic observation equipment in the building. The Soviets deny beaming any radiation at the embassy.

Microwaves are electromagnetic radiation used to transmit television signals, relay telephone calls and cook food quickly. But overexposure can cause headaches, dizziness, fatigue, irritability, insomnia, agitation, depression, anxiety, forgetfulness and menstrual disorders.

Soviet researchers have found that persons exposed to low-level radiation "experience more neurological, cardiovascular and hemodynamic (blood circulation) disturbances than do their unexposed counterparts," the analysis said.

"Soviet scientists are fully aware of the biological effects of low-level microwave radiation which might have offensive weapons application," according to the report compiled by Ronald L. Adams of the Army surgeon general's office and Dr. R.A. Williams of Battelle Laboratories in Columbus, Ohio.

LEANING SLOWER, BUT STILL LEANING — A verticle column with a vase contrast with the Leaning Tower of Pisa in this recent Photograph. Experts in Italy say the famous tower's rate of leaning was slower for the third consecutive year, just over nine-hundredths of an inch, or about half its traditional tip per year in recent decades. A Garden Grows In Area Of Dead Sea

By JOEL EPSTEIN
THE DEAD SEA, Israel (AP) — In the searing salt earth of a land cursed by God, Israelis are growing a garden of dates, mangoes and vegetables.

They are doing it with the help of an Israeli-developed system of trickle irrigation that conserves precious water supplies.

"When we came to settle the Dead Sea area 20 years ago, government officials didn't believe anyone could live here," says Dany Afik, secretary of Kibbutz Ein Gedi. "It was so desolate even the Bedouin desert nomads didn't pitch their tents here."

Today Ein Gedi is a thriving community of about 520 people living in two-story houses surrounded by grass and flowers. Most of them work in kibbutz-owned tourist industries, but 25 per cent of the kibbutz income comes from a 95-acre farm.

Beyond the borders of their cultivated enclave lies the forbidding wilderness of the Dead Sea, at 1,300 feet below sea level the lowest point on earth. Yellow cliffs, devoid of vegetation, drop to the salt-encrusted basin of the sea, whose water is so salty no fish can live in it. Nearby lie the ruins of an-

cient Sodom, the sin city which the Bible says God destroyed with a rain of fire in the time of Abraham.

Trickle irrigation, developed at the kibbutz over the past 15 years, keeps Ein Gedi's fields constantly moist with a steady drip of water. The system has become a leading method of watering arid areas around the world.

Thin plastic irrigation pipes drip about two quarts of water every hour through pinholes placed 20 inches apart. The drippers work day and night.

"Our system is fully automated," said Afik. "We deliver insecticides, fertilizer and water through the same pipe."

The kibbutz draws its water from nearby springs that feed rich desert oases in mountain clefts. When the kibbutz was founded the springs supplied more than enough water, but now increased settlement in the region has forced everyone to cut down.

"With an ordinary sprinkler irrigation system in this heat, we lost up to 6,400 gallons a day in evaporation on every acre of land," said Afik. "We also watered large areas between plants that don't need irrigating."

"With drip irrigation, we lose almost nothing to evaporation, and we water only the ground around the plant."

Afik claims trickle irrigation is also healthier for the plant. "Sprinklers wet the leaves, and make excellent cultures for fungi and disease," he said. "With our system, the leaves of the plant remain dry." The method has proved so effective that farmers in Israel's more fertile areas are beginning to use it as well.

Agronomists, working in temperatures ranging up to 108 degrees Fahrenheit, regularly

check soil moisture and adjust flow to maintain optimum dampness.

But water is not the only problem Ein Gedi's settlers face. "Our soil has two problems — rocks and salt," explained Afik. The high salt content in the Dead Sea earth made Israeli planners believe farming was virtually impossible there.

"But we found that every year, when we irrigated, the salt sank a few feet into the ground, and plants could flourish on the top level," said Afik.

The kibbutz hauled tons of earth from the fertile Sharon region 45 miles away to plant its mango grove five years ago. Each tree in the experimental orchard was planted in a bore in the yellow stony land filled with rich red Sharon soil.

Despite the difficulties, agriculture has proven lucrative for Ein Gedi. "We can grow peppers and other vegetables in winter, when it is too cold everywhere else in Israel," said Afik.

"Many farmers would consider our best fields inarable. But for us, farming has been a success."

Hung On For 23 Hours, Drowns In Cold Ocean

By NIKKI FINKE
Associated Press Writer
BOSTON (AP) — After hanging on to his overturned sailboat for 23 hours, Earl Dudman slipped into the freezing Atlantic and drowned as his son and best friend watched helplessly. Rescue came an hour later.

"We tried our hardest to keep him aboard the boat, but there was nothing we could do. He was like a dead weight in our arms," said Peter Dudman, 20, in a telephone interview from his hospital bed here Sunday night.

The three men balanced atop the hull for 23 hours, Peter said, after the 20-foot Easy Go

was swamped Saturday, 10 miles southeast of Gloucester.

The wife of the friend, Irwin "Whitey" Haynes, 35, of Topfield, reported them missing to the Coast Guard when they failed to return home Saturday night.

Young Dudman said the three had huddled together, trying to keep warm, as waves washed up around their legs.

"We knew he was in trouble when he told us his rain gear had split," Peter said of his 47-year-old father. "He started to get colder and colder, first his legs, then his hands and finally his head."

Peter and Haynes held on to

Dudman for hours, scanning the horizon for helicopters or rescue ships. Several ships passed by without noticing the capsized boat, Peter said.

"After a while, he got too heavy, and he just slipped into the water. I didn't want to let him go," Peter said.

He said they grabbed again for Dudman's rain slicker, almost landing in the water themselves, but the body disappeared beneath a wave.

"We cried, both me and Whitey, for a little bit. But we couldn't let it get us down. We had to keep our hopes up or we'd drown ourselves," the young man said.

A Coast Guard helicopter spotted the capsized boat Sunday afternoon, and the two survivors were taken to Massachusetts General Hospital where they were reported in good condition.

Eight Died In N.C. Traffic

By The Associated Press
Eight persons were killed in traffic accidents during the weekend in North Carolina, pushing the toll to 1,285 deaths thus far this year. In the comparable period last year, an additional 20 persons had been killed, according to the Highway Patrol.

A Pitt County wreck Sunday killed two men when their car ran off a rural road and ramed into a concrete building. They were identified as George L. Gay, 51, and Ernest L. Barrett, 61, both of Greenville.

A Sunday accident in Asheville took the life of 17-year-old Timothy Craig Tomlinson of Rt. 1, Fletcher. The patrol said Tomlinson lost control of his motorcycle, ran off the road and struck a pole about 2:15 a.m.

Julius Rosser, 64, of Rt. 1, Hollister, died of injuries suf-

fered when he was struck by a vehicle while walking along N.C. 561 at an intersection three miles south of Halifax County Friday night.

Two Wendell teenagers, Grady Charles Moffitt, 15, and Edward Luke Crowder, 18, died when their car went out of control and struck a tree at an intersection a half mile south of Zebulon in Wake County, troopers said.

Donald Franklin Brooks, 33, of Rt. 7, Kernersville, was killed when his car struck a tree two miles north of the Greensboro city limits at the intersection of U.S. 220 and a rural paved road.

Debbie Lail Adkins, 21, of Happy Valley, died when the car in which she was a passenger collided with two other cars on U.S. 321, two miles north of Lenoir.

Erosion Curbs On Pitt Roads

The second segment of cooperative roadside seedings for erosion control are underway in Pitt County, according to Robert G. Little, Chairman of Pitt Soil and Water Conservation District. Little is serving as Contracting Officer for establishment of ground cover on 592 acres of critically eroding roadsides in Pitt County over a five-year period.

The work is being performed by the North Carolina Division of Highways under the immediate supervision of Carl Boyd, Landscape Specialist. Lime, fertilizer, seed and mulching materials are being paid for with Resource Conservation and Development funds received through the Mid-East RC&D Area.

Sections of twelve unpaved rural roads will be planted to erosion control plants in the Swift Creek area, including Secondary Roads 1105, 1712, 1717, 1718, 1724, 1903, 1904, 1905, 1906, 1920, 1921, and 1922.

Twelve unpaved rural roads in the Chicod Creek Watershed

area of Pitt County were treated for erosion control during March, April, and May of this year. The RC&D Plan calls for seeding roadsides in the Clay Root Swamp and Indian Wells areas of Pitt County next year.

The Mid-East RC&D Area includes Beaufort, Bertie, Hertford, Martin and Pitt Counties. Reginald Coltrain of Williamston is Chairman of the Mid-East RC&D Council, the non-profit corporation which directs the RC&D activities within the Region. Council members from Pitt County are J. H. Mobley of the Pitt County Planning Board; Burney Tucker, County Commissioner; and Ralph C. Tucker, Soil and Water Conservation District Supervisor.

The U. S. Soil Conservation Service has headquartered Tom Wetmore, RC&D Coordinator, at Washington, N.C. to permit Mid-East RC&D conservation work to be closely coordinated with the activities of the Mid-East Regional Council which has headquarters at Washington.

'Smarts' Bred Out Of The Wily Turkey

SEQUIM, Wash. (AP) — It's not the turkey's fault he's dumb. Man has bred the "smarts" out of him while breeding good taste in.

Experts say the domestic toms that will grace Thanksgiving tables this week are a far gobbler from the wild, wily relatives that Benjamin Franklin unsuccessfully promoted as America's national bird.

Evidence abounds at the Olympic Game Farm here, where wild toms strut about in the midst of a variety of animals reared primarily for movie-making.

Trainer Marinho Correia eyed a puffed-up turkey strutting with tail feathers spread in a great fan.

"Maybe he's getting ready to fight," said Correia. "But basically he's just showing he's a male."

A relatively rugged existence has helped sustain the wild bird's "macho." His bed is in the closest tree, while the pampered, domestic birds snuggle down in temperature-controlled brooding houses. Consequently the tame tom is far more susceptible to disease and weather.

Farm-bred turkeys are so dumb they've been known to drown while looking up at the rain, Correia said.

Another problem for domesticated turkeys is their size. Big and fat is good for marketing, bad for reproducing. Mating is virtually impossible, and an estimated 90 per cent of the birds at the poultry counters were conceived in test tubes.

"About the maximum weight for a wild turkey gobbler is 20 pounds, 10 pounds for a hen," said Correia. Even after butchering, turkeys for eating can weigh up to 40 pounds.

Hope CB Will Mean Safety

By DREW VON BERGEN
WASHINGTON (UPI) — There will be 70 per cent more Citizens' Band radios on the roads this Thanksgiving weekend than last year, and the industry hopes that will help reduce holiday traffic deaths.

The Electronics Industries Association said one of every 11 passenger cars and three out of five long-haul trucks are now equipped with CB radios, a 70 per cent hike over 1975.

John Sodolski, vice president of the trade association's communications division, said CB highway safety networks have expanded during the past year, more CBers are using radios for safety purposes and more police departments are equipping patrol cars to communicate with motorists and trucks via CBs.

"CBers can help reverse the trend of highway deaths which is again on the rise and enable everyone to have a more enjoyable Thanksgiving," he said.

He gave five tips to CB motorists for the Thanksgiving weekend: — Limit conversations on trucker channels to getting and giving directions and reporting

emergencies and road hazards. — Use Channel 9 only for emergency purposes.

— Always use your call letters when reporting a problem and give the precise location. If the channel is in use, call for a "break."

— If there is an emergency in your area, don't add to the congestion by slowing down to look at it and trying to render assistance you aren't qualified to provide. However, if the accident or breakdown is in an isolated area and the need for assistance immediate, stop and see what help you can provide until professionals arrive.

— Report drunk and unsafe drivers or speeders, hazardous road conditions, accidents, the need for ambulance and other emergency vehicles, potentially dangerous obstructions on highways and stranded motorists.

Sodolski said the 23-channel CB units can also be used for maintaining contact with friends when "caravanning"; getting directions, or "talking your way home" when tired.

Sodolski said police in many states monitor two of the 23 channels — channel 9, the nationwide emergency channel; and 19, a trucker's channel.

EVERGLADES THREAT — A melaleuca tree rises above the sawgrass in Florida's Everglades, threatening to choke the life from the ground that gave it life. The melaleuca or punk tree has spread across South Florida and is considered by many scientists as a long-term threat to the Everglades. The tree was used to dry up swampy areas but now its users can't stop the spread of the trees. (AP Wirephoto)

Couple Exchanges Vows In Ceremony On Sunday

ROCKY MOUNT — Miss Sheila Esther Pitt and Louis Douglas Barnes Jr. were united in marriage Sunday at 3 p.m. at the Arlington Street Baptist Church here. The double-ring ceremony was performed by the Rev. Robert R. Boone Jr.

The bride is the daughter of Mr. and Mrs. Clayton Lewis Pitt of Rocky Mount. The bridegroom is the son of Mr. Louis Douglas Barnes and the late Mr. Barnes also of Rocky Mount.

A program of nuptial music was presented by Dave Kirk, organist, and Bill Grisham, vocalist. The wedding was directed by Mrs. Ben Allen.

The bride was given in marriage by her parents and escorted by her father, Mrs. Thomas Horne, sister of the bride, was matron of honor and Miss Diane Schuring, cousin of the bride, was maid of honor. Bridesmaids were Mrs. Robert Wooten, Miss Freda Smith, and Miss Caroline Johnson of Rocky Mount, Miss Wendy Spivey of Tabor City, Mrs. Arlynn Hines of Goldsboro, and Miss Susan Pittman of Raleigh.

Steven Barnes, brother of the bridegroom, served as the best man. Ushers were Lomer H. Whitehurst, brother-in-law of the bridegroom, of Greenville, Ronald Pitt, brother of the bride, of Louisville, Ky., Thomas Horne, brother-in-law of the bride of New Bern, Robbie Wooten and H. C. Shearin of Rocky Mount, Gary Barnes, cousin of the bridegroom of Raleigh, and Tom Ennis of Rockingham.

The bride is a graduate of Rocky Mount Senior High and East Carolina University where she received her B. S. in intermediate education. She now holds a position on the G. W. Carver Elementary School Faculty, Pinetops.

The bridegroom is a graduate of Rocky Mount Senior High and will graduate from East Carolina University in March with a B.A. degree in accounting.

After a wedding trip to Florida, the couple will reside in Rocky Mount.

Following the wedding ceremony, a reception was given by the bride's parents, at the church. Mr. and Mrs. Walter Cobb received guests and Miss Scotty Taylor presided at the guest register.

The wedding cake was served by Mrs. Esther Gibson, aunt of the bride, Mrs. Bill Ellis, cousin of the bride, of Hopewell, Va., and Mrs. Alvin McBride, cousin of the bride, of Suffolk, Va. Lunch was served by Mrs. Lomer H. Whitehurst, sister of the bridegroom, of Greenville, and Mrs. Jim Schuring, cousin of the bride, of Canton, Ohio.

Also assisting in serving were Mrs. Don Biggerstaff, Mrs. Hubert Abernathy, Mrs. Robert

MRS. LOUIS DOUGLAS BARNES JR.

Rawls, and Mrs. Herbert Smiley. Good-byes were said by Mr. and Mrs. Kenneth Pittman. On Saturday Miss Pitt was honored by Mrs. Kenneth Pittman and Miss Susan Pittman at a bridesmaids luncheon given at Mrs. Pittman's home.

Following the rehearsal Saturday evening, Mrs. Louis

Douglas Barnes, Mrs. J. M. Coggins, Mrs. Louis Douglas Barnes Sr., the Rev. and Mrs. Jack Rose, Chaplain and Mrs. Harold Coggins, and Mr. and Mrs. James Daniels entertained the wedding party and out-of-town guests at an after-rehearsal dinner, at the Carleton House.

Tyson-May Families To Hold 56th Reunion

FARMVILLE — Descendants of the Tysons and Mays, pioneer families in Pitt County, will meet Sunday for the 56th annual reunion of the two families.

The meeting will be held at 10:30 a.m. in the Major Benjamin May DAR Chapter House here.

The speaker for the reunion will be Judge J.W.H. Roberts, chief district judge, Third Judicial District.

The Tyson family reunion was organized in 1920 by the late Grigg Tyson, who was the first president of the union. In 1932, the Mays joined the Tysons, and the reunion became formally

known as the Tyson-May Reunion.

Cornelius Tyson was the Revolutionary War ancestor of the Tyson clan. Major Benjamin May married Mary Tyson, the daughter of Cornelius in 1765.

The program will include special music and a memorial service. Miss Tabitha M. DeVisconti, genealogical chairman, will give a report.

Officers will be elected during the business session.

A catered lunch will be served at noon in the banquet hall of the chapter house. Lunch will cost \$2.50 for an adult and \$1.50 for a child.

Officers of the reunion are Durwood T. Little of Farmville, president; Jerry Miller of Cary, vice president; Mrs. Cordelia Lewis Deans of Farmville, secretary; Mrs. Henry T. Smith of Fountain, Treasurer; and Miss DeVisconti, genealogist.

Committees working with the Executive Committee with the arrangements are: nominations; invitations; decorations; registration; and food. Serving on the committees are: Decorations — Mrs. Grigg Tyson Jr.; food — Mrs. Henry Smith and Mrs. George Hines; Nominations — Mrs. Robert May, Jack F. Tyson and E. Bruce Beasley III; registration — Miss Nancy Lewis; invitations — Miss DeVisconti.

Invitations to descendants of the families were not sent in Farmville or the immediate vicinity. The presidency of the reunion is alternated annually between the Tysons and the Mays.

Tell Husband That You Would Feel Like An Outsider

By Abigail Van Buren

© 1976 by Chicago Tribune-N.Y. News Synd. Inc.

DEAR ABBY: My husband and his first wife were divorced after 26 years of marriage. The divorce was her idea, and I was in no way involved. They have three grown children with whom I have a warm relationship.

My husband and I invited his children to our home for Thanksgiving dinner. All have accepted, which means his ex-wife will be all alone on Thanksgiving, so my husband asked me to please invite his ex-wife.

I have met her, and although I bear no ill feelings against her, I really don't see why she should be included. She divorced him because she wanted her freedom, so being alone on holidays is part of the price she has to pay.

Also, I'm afraid that if the entire family is together, I'll feel like an outsider. I really don't want her. What should I do?

NUMBER TWO

DEAR NUMBER TWO: Don't assume that she'll be alone if you don't include her. (She may have other friends.) Feeling as you do, tell your husband you'd feel awkward having her as your guest, and that should settle it.

DEAR ABBY: Please print this because we want to see if other parents of teenagers feel the same way.

Why can't we sit down for a family evening of TV without every other commercial being for bras, douches, tampons, Kotex or some other personal feminine product? Our teenagers have more than once gotten up to leave the room because they're uncomfortable.

When teenagers in this day and age are embarrassed, it must be pretty bad.

We aren't prudish, Abby, but we think there is a time and place for everything. Newspaper and magazine advertising seem more appropriate for such advertising, not television!

Let's get some pros and cons on this from your readers. Maybe we can influence the networks.

V.G., SHREVEPORT, LA.

DEAR V.G.: You have my vote, for what it's worth, but don't get your hopes up.

DEAR ABBY: I notice you sometimes print people's pet gripes. Would you please print mine?

To put it simply: My name is Patricia. It's not Pat, Patty or Tricia. It is PATRICIA, which is, I think a very beautiful name.

Why then do new acquaintances insist on calling me "Pat" or "Patty," especially after I have pointedly introduced myself as Patricia?

If someone introduces himself as Robert, I call him Robert. Unless someone gives me permission to call them by a nickname, I think it's bad manners to do so.

Further, if a yo-yo continues to call me by a short name after I've told him (or her) that my name is Patricia, I become extremely irritated. A person's name is a very personal thing, and goofing around with it is a direct insult.

PATRICIA

DEAR PATRICIA: Few people feel as strongly as you about having their names shortened. I don't regard it as an insult, but if you do, you can save yourself many insults and much irritation by emphatically stating each time you're introduced that you wish to be addressed ONLY as Patricia.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

Ayden News Miss Daugherty Gives Program

Mrs. Mary Mayo Tripp spent the weekend in Tarboro.

Mark Gaylor was a patient in Duke Hospital last week.

Mrs. Helen Jones is a patient in Pitt Memorial Hospital.

Mrs. James Hawley of Tulsa, Okla., is visiting Mrs. Fannie Gardner.

Mr. and Mrs. Carl Rouse spent the weekend in Durham. J. B. Henderson Jr. and son, Scott, of Richmond, Va., were local visitors last week.

William Rouse is a patient in Pitt Memorial Hospital.

Mr. and Mrs. Alton Gardner have returned from a visit with their daughter, Jeannette, and a tour of the New England states and Boston. While there they attended the show "South Pacific," in which their daughter is a cast member. The show took place at the Shasto Deville Theatre, Boston.

Alton Gardner received an honorary plaque as director emeritus at the Production Credit Association stock holders meeting held recently in Greenville.

Miss Mary C. Daugherty, claims representative at the local Social Security Office, was the guest speaker at the meeting of the Home Life Department at the Woman's Club Building Tuesday. Her topic was "The American Tax System." After her talk, there was a question and answer period.

Miss Alya Ray Taylor, chairman, presided. The club voted to change the date for the December meeting to Dec. 14 at 2:30 p.m. at the Woman's Club Building.

Refreshments were served by Mrs. Corrine Brown, Mrs. Arlene Best, Mrs. Fannie Piver and Mrs. Clevia Wallace.

FOR CERTIFIED CLOCK REPAIRS CALL 752-3426 After 6:00 P.M.

Members Hear Guest Speaker

Ira Baker, ECU journalism coordinator, was the speaker for the Bienvenue Book Club Wednesday afternoon. The meeting was held at the home of Ms. Judy Kopping with Ms. Dell Taylor as co-hostess.

Baker presented a short history of journalism, what journalism is in America today and what may be expected in the future of journalism.

President Nancy McConney conducted a business meeting and introduced Ms. Susan Wilcox, who presented Latin families in vocabulary-building associations at a workshop which was held at the president's home prior to the club meeting.

Ms. McConney announced the dates for the Greenville Tour of Homes and the Madical Theater Dinner. The club will attend the functions as a group.

Newcomers to Greenville who are interested in joining the club are asked to call Ms. Mary Jones, Welcome Wagon hostess, or Ms. Conney.

Program Given At Meeting

Members of Alpha Omega Chapter of Epsilon Sigma Alpha Sorority were urged to participate in Pitt County's Red Cross blood donor program presented by Nellie Taylor at the meeting held Thursday night.

The meeting was held at the home of Margaret Roberts. Louise Spain, president, conducted the meeting.

Final plans for ESA's State Council meeting to be held at the Candlewick Inn Dec. 4 were discussed. Alpha Omega Chapter will serve as hostesses for the meeting.

The group will aid a couple with food for Thanksgiving and they will also sponsor a needy child at Christmas.

Members were asked to save Betty Crocker coupons to aid ESA International's Disaster Fund, which is set up to provide aid to ESA members in catastrophic illnesses or accidents.

Plans for the group's Christmas party were finalized and was set for Dec. 9 at the Beef Barn.

Couple Honored On Wedding Anniversary

Mr. and Mrs. Hersel Lee Bowen Sr. of Winterville were honored on their 38th wedding anniversary at a reception held Sunday afternoon at the Reedy Branch Free Will Baptist Church parlor.

Hosts and hostesses were their children, Mr. and Mrs. J. C. Lynn Jr. of New Bern, Mr. and Mrs. J. C. Bowen, Mr. and Mrs. H. Lee Bowen and Thomas Bowen, all of Winterville. The couple has five grandchildren and one great great granddaughter.

Guests were greeted by Lee Bowen and Mr. and Mrs. Lynn.

The honorees wore a yellow and gold carnation corsage which complemented her formal length two-piece floral gown.

The refreshment table was covered with an ivory cutwork cloth and decorated with flowers in autumn shades flanked by lighted candles. The four tiered cake was served by Mrs. J. C. Bowen and punch was poured by Mrs. Lee Bowen. Others assisting throughout the afternoon were Mrs. Robert Briley, Miss Billie Ward, Miss Winnie Ward and Mrs. Hubert Edwards. Arrangements of fall flowers were used throughout the reception area.

Gifts were received by Miss Sandra Pilgreen and J. C. Bowen.

Good-byes were said to Thomas Bowen.

Bridge Winners Announced

Wednesday morning Club Championship winners at Planters Bank were:

Mrs. Harry Wilson and Mrs. Jenny Kilpatrick, first; tied for second were Mrs. John Richards and Mrs. W. Z. Morton Jr. with Mr. and Mrs. Wendell Smiley.

Wednesday afternoon Club Championship winners included:

Mrs. Clifton Toler and Mrs. William Parvin, first; Mrs. Cora Powell and Mrs. S. M. Woolfolk, second; Mr. and Mrs. George Martin, third; tied for fourth were Mrs. Joseph LeConte and Mrs. Fred Sorensen with Mrs. Effie Williams and Mrs. William McConnell; Mrs. Eli Bloom and Mrs. M. H. Bynum, sixth.

Winners in the Charity Championship, with donations for the benefit of the Arthritis Foundation, played Saturday at First Federal were:

Mr. and Mrs. Wade Dudley, first; Mrs. Elizabeth Roque and Dr. Charles Duffy, second; Mrs. Harold Forbes and Mrs. Gail McClelland, third; Steve Callihan and Neil Bellinger, fourth; tied for fifth were Mrs. F. C. Aldridge and Dave Proctor with Mrs. Clifton Toler and Mrs. William Parvin.

The Wednesday morning game will be resumed Dec. 1. A Club Championship will be held Nov. 27.

Richards-Tyson Vows Spoken

PARMELE — The Parmele United Methodist Church was the scene of the wedding of Mary Yvonne Tyson and Charles Eugene Richards Sunday, Nov. 14, at 3:00 p.m.

The Rev. Vick of Aulander performed the double ring ceremony. A program of wedding music was presented by Deborah Speight of Rt. 5, Greenville, organist, and Marilyn Vick of Aulander, vocalist.

The bride is the daughter of Mrs. Selma Tyson of Greenville, and Mr. Sam Tyson Sr. of

Farmville. The bridegroom is the son of Mr. and Mrs. Thomas Richards of Parmele.

Given in marriage by her father, the bride wore a formal length gown of white organza over white taffeta designed with a portrait neckline outlined in re-embroidered alencon lace and edged in scalloped chantilly lace with the lace extending in a bib fashion over the empire bodice. The full bishop sleeves were cuffed in chantilly lace. White satin ribbon encircled the waistline finished with a bow and streamers in back. The modified A-line skirt was accented with appliques of re-embroidered alencon lace and a design of scalloped chantilly lace. The deep ruffle flounce at the hemline and on the attached chapel length train was trimmed in the matching lace.

She carried a nosegay of daisies, roses, and blue baby's breath with white streamers. Her veil of alencon lace had a design of chantilly lace.

The honor attendant was Jane Fox of Rt. 6, Greenville. Dave Fox of Rt. 6, Greenville was the best man and the usher was Sammy Vick of Aulander.

The bride is a graduate of North Pitt High School. The bridegroom is serving in the U.S. Navy and is stationed in Norfolk, Va., on the USS Nashville LPD-13.

The bride's mother entertained at an after-rehearsal party following the rehearsal.

The wedding was directed by Karen Austin of Rt. 5, Greenville.

Mrs. Charles Eugene Richards

Personal

Mrs. Suzanne Smith, of 119 E. Barwick St., Ayden, is celebrating her 90th birthday today.

Insurance

Women View

Film At Meet

A film showing highlighted the meeting of the Pitt County Insurance Women held Wednesday night at the Ramada Inn.

Program Chairman George Hall showed the film "Make Way For The Past," which was put out by the Reliance Insurance Co. Filmed in Philadelphia, it showed the restoration of some of the old homes.

Mrs. Joyce Mills welcomed Mrs. Kay Cyrus, of the Ives Insurance Agency, Bethel, as a new member. Mrs. Mills conducted the business session and members decided to have a bake sale at Pitt Plaza.

Guests in attendance included Mrs. Susan Hillard of the Bill Clifton Agency, Mrs. Lou Ellen Wilson, Southeastern Adjustment Co., Mrs. Dallas Campbell, James C. Greene and Co., and Stuart Buchanan insurance consultant.

Not Since Jackson's Inaugural

The inauguration of Andrew Jackson may have been the most outlandish in the nation's history; yet Jimmy Carter's aides are looking at it as they plan next year's inauguration.

Andrew Jackson came from the people; he was a populous president. His backwoods supporters descended on the White House and made a shamble of things, which was a shock to the more refined easterners.

The Carter inauguration planners aren't interested in making a shambles of the White House, of course, but they do want to make the inauguration as open as possible.

An official said Carter's concern was to reach as many people as possible. "He wants an open

inauguration," Bardyl Tirana, one of those in charge of the inauguration said.

It was reported that 300,000 or more people who assisted in the Carter campaign will receive printed invitations to the inauguration.

Throughout the campaign Jimmy Carter made it clear that he was a candidate for president who was not a part of the Washington scene; in effect, that he rose from the people to capture the Democratic nomination and then the presidency.

Now it appears that this theme will be carried out at the inauguration with the rank and file people invited to see the new president, who was little known a year ago, take the highest office in the land.

Assembly's Organization Begins Early

The job of organizing the 1977 State Legislature began in earnest Friday with the summoning of caucuses to nominate officers.

Both House and Senate leaders called together the Democratic members to decide who next year's leaders will be. Since the Democrats are over-

whelmingly in control of the Legislature, what they do in the caucuses will be decisive.

There will be many problems facing the new Legislature when it convenes. The more rapidly the organizational process proceeds the better off the state will be.

THIS AFTERNOON

Education System's Flaws

By BILL NOBLITT
 RALEIGH — A team of experienced educators from across the state have taken a close look at the system in which they work, and find it lacking in some important areas.

Educational jargon which builds barriers to laymen, bureaucratic infighting which ignores needs of pupils, crash responses to real or imagined crisis, and dependence on test scores rather than individual needs are among the elements of public schools in North Carolina today roundly criticized by the discussion group.

In a scholarly and dry report (titled, deceptively, "Educational Policy Making") the representatives from public schools, universities, school boards, and Community Colleges sought to pinpoint the problem areas which they believe stand in the way of a successful school experience for many children.

Not Working
 The conclusion of that

report seeks to summarize the results of the two-day brainstorming session: "There is no system of checks and balances to keep policy from becoming irresponsible, costly, and ineffective."

... some of the results of policy-making in the absence of checks and balances—faulty learning systems built on unsound assumptions; faulty learning systems perpetuated by faulty means of evaluation; and superficial, short-sighted problem solutions developed without adequate planning or input from those who will be affected."

Tackling the subject of policy in education, the team chose to broaden the definition beyond simple rules and regulation—to view educational policy as decisions which make up the total philosophy, or ideal, in education.

Meeting at Quail Rose Conference Center in a series of talks sponsored by the Learning Institute of North Carolina and Citizens United

for the Improvement of Reading, participants came from a number of local school units, several colleges, local school boards, and the State Department of Public Instruction.

The nut of the situation, participants felt, was that even though local school boards are supposed to be the shapers of policy, there is no apparent way in which the "public intentions, ideals, opinions, and action of a variety of individuals and groups may impact present and future policy decisions on educational matters."

All People
 Thus, government bodies, political leaders, school boards, school personnel, parents, teachers, students, the media, and the general public have "no consistently effective process through which the voices of all ... come to be heard and ultimately affect the day-to-day operations of educational institutions."

Why is that? Those at the conference attempted to focus on reasons for failure by spelling out major concerns, with emphasis on reading, and setting forth recommendations for change.

"The educational system of North Carolina seeks to allow all citizens to exercise the right and opportunity to develop their reading abilities to the greatest extent possible."

"Yet many educational policies have become barriers to the attainment of this goal—and other important educational goals," participants stated in the summary of the meeting.

The group felt that change could take place—although not overnight. They expressed the hope that their "concerns, insights, and recommendations" would become an important beginning for more specific investigation and action in the future."

By ART BUCHWALD

"You All Spoken Here" Looking To 1980 Today?

WASHINGTON — I'm grateful to Roy Wilder Jr. and David Moffett of the "Gourd Hollow Press" in Raleigh, N.C., who sent me two little books titled "you All Spoken Here," devoted to how country people speak in the South.

Nobody knows how many people from the Deep South Jimmy Carter will bring with him, but the dictionaries will be invaluable to help us know what they're talking about.

For example, if the Carters are throwing a dinner party at the White House and there is a discussion of the guest list, one of Mr. Carter's aides might say, "He's too poor to paint, and too proud to whitewash." They would be discussing, of course, a member of the Southern aristocracy.

If a Southern member of the staff says to you, "Don't get cross-legged," he is telling you not to get angry, or your wires crossed, or your signals mixed, or upset without knowing the situation.

There will be occasions when someone in the Carter

entourage gets mad at a congressman or senator. He may then tell the press, "He's three pickles shy of a barrel." This means he doesn't have all his marbles or "he's three bricks shy of a load" or that "his traces ain't hooked up right."

If the same person says the congressman or senator is "Passin' gas faster'n he can cap it," it means the person in question is a windbag.

A Cabinet officer may be in trouble with the President. If someone says he "pulled through" it means his sins have been forgiven and "he's ready for deep dip baptism."

Despite a Carter Administration there will always be sex scandals in Washington. A man caught in one will be known as a person who is "wild as a boar in a peach orchard," which means he is unrestrained in his sexual passion.

If the President has not seen one of his appointees for a long time he might ask him, "Did you winter well?" which is what someone in the Deep South asks a person in the spring that he hasn't laid on eyes since Christmas.

Since Mr. Carter has never been to Washington he is not acquainted with too many members of the establishment. He might be asked, for example, if he knew Clark Clifford. The President could reply, "We've hounded but we ain't shook," which would mean that the President knows the name, but he was never introduced.

Some presidential appointments may get more power than others. In this case, the person in question will be referred to in the Administration as a "big dog in the meat house."

If you are invited to the White House for dinner you can tell your friends: "Last night I ate the President's salt." The worst thing is to "eat another man's salt" and then knock him in public. If word gets out that you did, it could make the President angry and his press secretary might say, "The President is as mad as a rooster in an empty henhouse."

If you apologized publicly, that "would put spit on the apple" and end the argument.

Suppose the secretary of state is confused about a diplomatic problem. The White House aides might leak the fact that the secretary is "like a rubber-nosed woodpecker in a petrified forest."

When someone comes back from a trip overseas and brags about it he will be known as "journey proud."

If he lies to the President they will say of him, "His mouth ain't no prayer book."

If he failed to give the President the information he wanted, a White House aide might say, "He never said pea turkey" or "We got what the bear grabbed at," which means they got nothing out of the conversation.

How will you know if Mr. Carter is angry? If he ever says "That takes the rag off the bush," Brezhnev better watch out, because the lowest thing someone can do in the Deep South is steal someone's washrag that he left on a bush to dry.

ART BUCHWALD

THE INSIDE REPORT

SOS From West Germany

By ROWLAND EVANS
 And ROBERT NOVAK
 BONN — West German Chancellor Helmut Schmidt, coalition victor in the October election here which was even closer than the U.S. presidential election, is sending an SOS to Jimmy Carter on behalf of the Western alliance: take the lead in finding the elusive "joint Western position" to stave off economic disaster and fortify the West's defense before it is too late.

In an exclusive talk with us—his first interview on the Nov. 2 American election—Schmidt praised defeated President Gerald Ford for having built up in Europe "the highest degree of confidence" in the U.S. in his brief presidential term.

Yet, he said, "the world recession now persists for three years" and there is not the slightest assurance that partial economic recoveries are any more than "upward bumps in a downhill road."

Schmidt wants a kind of permanent flating game of Western cooperation and consultation, an "intensive personal exchange of minds." The object: align the West and Japan in a new effort to stop the economic decay growing out of the "structural upheaval" in monetary and economic patterns, with particular attention on raw materials prices (including oil) and the balance of payments.

Behind Schmidt's insistent appeal for common economic and monetary policies is the rising fear in both his own Social Democratic party (SPD) and the Christian Democratic opposition party (CDU): that the West's military defenses are beginning to show gaping holes at the same time the Soviet military buildup is moving at what Schmidt told us was "enormous velocity."

Although Schmidt ignored the subject, lesser officials said that strong hints to

Moscow have been quietly dropped through diplomatic channels here, informing the Kremlin that the U.S. would not tolerate for long the Soviet naval buildup without launching a comparable naval rearming which would touch off a vast new arms race.

Schmidt, a hard-line realist compared to the powerful left wing of the SPD, said nothing of this, but expressed confidence that the Carter administration, when confronted with the full picture of Soviet vs. Western defense spending, will be far more inclined to raise rather than cut the defense budget.

What singularly worries Schmidt about the obvious weaknesses now showing in the West's defense is that they dramatize the far larger U.S. and West German contributions to NATO, tending to lift the Big Two to preeminence over other NATO members. Down that road, Schmidt thinks, lie the gravest perils for Germany, Europe and the West.

In the first place, the elevation of Bonn to favored status in Washington would damage the slow progress being made toward Western unity, raising nightmare fears about a resurgent

Public Forum

Letters to the editor must consist of 300 or fewer words. Please include a phone number or numbers for easier confirmation by our staff.

To the editor,
 I would like to comment on Mr. Peele's article concerning the ECU band, which appeared in his column on November 17. As an ECU student, I am proud of our band, and I feel that Mr. Peele's comments concerning them were totally uncalled for.

True, it would be nice to see the Marching Pirates on television on Thanksgiving evening, but they, like the majority of ECU students, are looking forward to spending some time at home with their families. As Mr. Peele said, I'm sure that the players and coaches would like to be home with their families, but let us remember that most of the players are receiving athletic scholarships, and it is definitely on their best interests to stay and play. Also, the coaches knew what they were getting when they took the job: The Marching Pirates, on the other hand, get no payment or special benefits for what they do. The only reward they get is a scant one hour of credit for eight hours of practice or more a week. Surely they deserve a vacation. As to Mr. Peele's somewhat pious comment that he would be in the press box on Thursday night, let us remember that that is a part of his job.

Mr. Peele stated if the Bucs had gotten a bowl bid, the Marching Pirates would not have bowed out due to inconvenience. Again, however, I must ask Mr. Peele to remember that the Christmas holidays are much longer than the time allotted for Thanksgiving. The Marching Pirates could go to the bowl game and still have time to spend with parents and friends.

In closing, I will have to agree with Mr. Peele that it may indeed be lonely in Ficklen Stadium next Thursday night, but as he said, "So the good must go with the bad."

Germany. For that reason alone, Schmidt feels the trend by many NATO members toward reducing their NATO contributions must be stopped and stopped fast, so that NATO doesn't become a cloak, or disguise, for a U.S.-German alliance.

But worse, Schmidt worries that any tendency which weakens the European motion—admittedly slow—toward real political unity would be the start of a death watch for West Berlin. The West's credibility in making Berlin the litmus test of its whole post-war policy of defending Western Europe from the Communist East would soften, and Moscow would move fast to make it collapse.

Accordingly, Schmidt and his advisers want NATO to continue trying a mutual reduction of Western and Communist forces (MBFR) from Central Europe. They see that as the only possible way to delay the weakening of NATO now going on by NATO members acting on their own and with no overall alliance strategy.

That Schmidt, a supreme realist, should have to put such faith in MBFR, stalled dead in the water in the

(Continued on page 5)

Strength For Today

LIVING WITH OURSELVES
 Life for many people is a continual game in which they try to get away from themselves.

Millions play it every day. Some seek forgetfulness in liquor, others in frantic social life, still others in seclusion and brooding. People with the money to do it travel over the face of the earth, hoping that in far countries they will never have to meet themselves face to face. About a hundred million persons the world over play the game once or twice a week by going to the movies.

But the trouble is that wherever we go we take ourselves with us.

Hereditary tendencies are built into our natures. Environment has put its imprimatur upon us. What we have done remains with us; what we have said echoes down the corridors of the years.

The only way to solve the problem is day by day to create the type of person we want to live with. Religion, morality, and common sense are some of the raw materials for this construction job.

—by Elisha Douglass

Bigger Share To Restaurants

LOUISE COOK
 Associated Press Writer
 Americans are spending more money at restaurants these days, even though menu prices are rising at a much faster rate than the cost of food at home.

And at least one culinary expert indicates that consumers may not always be getting their money's worth.

The sales forecast comes from the National Restaurant Association; the criticism comes from Franz K. Lemoine, director of a Providence, R.I., school that trains would-be chefs.

The restaurant association predicted recently that sales for the food service industry as a whole—including everything from school cafeterias to fancy restaurants—would total \$86.9 billion next year, up 10.6 per cent from 1976.

Today, for every \$100 that

an American family uses to purchase food, around \$34 is spent on food away from home—one out of every three food dollars," said the association president, Patrick L. O'Malley. "By 1980, we feel confident that Americans will be spending two out of five dollars in our industry."

The biggest growth, said O'Malley, will be in fast-food establishments, "a segment (of the industry) which literally did not exist 20 years ago." The fast-food establishments now account for almost one-third of eating place sales and will increase 14.1 per cent next year, O'Malley said.

Menu prices in 1977 will rise an average of 6.5 per cent, a little less than this year's increase, according to a trade association.

Figures from the Bureau of Labor Statistics' Consumer Price Index show that the cost of food away from home rose 6.9 per cent from September 1975 to September 1976. The cost of food at home rose only 1 per cent in the same period. (The figures are not seasonally adjusted.)

Is the food worth the price? Not always, says Lemoine, whose School of Culinary Arts at Johnson & Wales College claims to be the second largest culinary training institution in the nation.

Lemoine was critical of restaurants which offer frozen, pre-prepared and mass-marketed entrees at high prices. A file of sole dish that is essentially the same thing you can buy for a couple dollars in the frozen food department of the grocery store may wind up on a restaurant menu for \$8.50, he said.

The customer is as important as the kitchen staff in determining food quality, Lemoine said. "What makes food good is not trained chefs, but a discriminating public."

Lemoine said consumers can generally judge the quality of restaurant food before they taste a bite.

Among the things to look for: a well-lit dining room, no stale odor of food, tables arranged neatly with space between them, a menu that is in good condition without grease spots or ragged edges, an attractive table setting, friendly help and a clean rest room.

When it comes to the food itself, Lemoine said, hot food should be served hot on a hot plate; cold food should be cold. The plate should not be overcrowded; most restaurant food portions are "ridiculous," he said.

STUDIES COUPLES — Dr. Nancy Moore Clatworthy, above, assistant professor of sociology at Ohio State University, concludes in a 1975 study of 100 couples that living together prior to marriage does not give you a happier, more successful or secure marriage. "Practice does not make perfect", she says. (AP Wirephoto)

Now Offer Insurance Discount

WESTINGHOUSE LAUNDROMAT
Trade St.
Coin-Op Dry Cleaning **\$2.00**

HIGH POINT, N. C. (AP) — Apparently seeking to regain a large share of the medical malpractice insurance business in North Carolina, the company that supplied 90 per cent of that insurance a year ago is offering a sizable discount.

A physicians cooperative was formed last winter when St. Paul Fire and Casualty Insurance Co. threatened to cease doing business in the state in a dispute with the North Carolina Insurance Commission.

The heart of the dispute was Insurance Commissioner John Ingram's plan to create a malpractice fund to insure liability coverage, which would have required all firms selling insurance in the state to contribute to a form of assigned risk malpractice fund.

The state Supreme Court declared the plan unconstitutional after insurance companies filed suit. The cooperative was formed, however, because physicians feared losing essential malpractice coverage.

It has been so successful that physicians have cut costs between 19 and 27 per cent and have captured nearly 50 per cent of the market, according to Doug Phillips, director of the cooperative, the North Carolina Medical Mutual Insurance Corp.

Members of the cooperative expect further reductions in the form of end-of-the-year premium rebates.

Last week, St. Paul announced discounts of 20.2 per cent in its rates for malpractice coverage.

"It's amazing what a little competition will do," said deputy insurance commissioner Roy Rabond. The commission is pleased with the outcome, he said, and expects further decreases in malpractice rates.

However, Phillips de-emphasized the competitive factor. He cited a fewer than expected number of malpractice cases as a big reason for the lowered rates.

"But the competitive factor

certainly has had a bearing. The insurance industry frankly is afraid we're going to succeed," said Phillips.

"The competition has nothing whatsoever to do with (the rate

reductions)," said Jim Chambers, a St. Paul spokesman in Charlotte. "It's fine with us if they want to do it."

St. Paul's rates now are identical to those of the medical firm, but two years ago, the company asked for and received an 82 per cent rate hike, claiming it could not do business otherwise.

Rabond said an audit of the company showed only 19 per cent of revenues were paid in claims, and declared the hike unwarranted. It was granted, however, to avert a crisis.

Nearly half of North Carolina's 6,000 physicians now are covered by their cooperative plan, according to Phillips. Eleven other states have sim-

ilar plans and doctors in nine or 10 other states are considering the plan, Phillips said.

Women Prefer Business Role

NEW YORK (AP) — Young women today would rather have a career as a professional or executive rather than become a housewife, according to an Institute of Life Insurance survey.

Only 25 per cent of young women between 14 and 25 would choose the role of housewife, while 34 per cent would choose a professional or executive career, it says.

In 1970, housewife placed first among five possible lifestyles, with 42 per cent of the respondents reporting that preference.

Turkeys 'Safe' In Their Menu

WASHINGTON (UPI) — Announcing the turkey has nothing to fear from them, vegetarians have invited the public to meatless Thanksgiving dinners Thursday featuring such fare as garbanzo croquettes and "non-violent stuffing."

Spokesmen for The American Vegetarians, Inc., a nonprofit organization, said Saturday that vegetarians disgusted by the annual turkey slaughter plan to hold "unturkey" and "turkey liberation" dinners at almost 50 cities across the country on Thanksgiving Day.

Most of the dinners will be free "pot luck" affairs, spokesmen said, with guests contributing their own dishes. They said a few places, including Washington, D.C., will charge admission to prepared banquets and devote the proceeds to the vegetarian educational efforts.

"As the national festival of Thanksgiving draws near, millions of turkeys are being readied for slaughter," the vegetarian organization said in

a statement. "But there is one segment of the American public that these unfortunate creatures need not fear."

The vegetarians said their dinners would replace the turkey with such dishes as nut-and-grain roasts; "non-violent stuffing," made without meat; and garbanzo croquettes, made from garbanzo beans and rice.

Cities where unturkey dinners are planned include Boston, New York, Philadelphia, Atlanta, Chicago, Indianapolis, Denver, Tucson, San Francisco, Los Angeles and San Diego, the vegetarians said.

Nellie Shriver, an American Vegetarians official in Washington, said the custom of holding public vegetarian Thanksgiving dinners began when a man named Jeff Natural started them in New York City in 1970.

"The idea caught fire," she said. "But the first vegetarian Thanksgiving was observed in Philadelphia in 1850, so the idea is nothing new."

In material publicizing the dinners, the vegetarians stated some of their basic beliefs including arguments that "turkey meat contains a number of cancer-causing substances" and that grain fed to turkeys could save starving humans in Africa and Asia.

"We could summarize it all in one sentence," Ms. Shriver said. "Eating turkeys is killing us and the turkeys and the starving."

Denver Receives Awards Sunday

NASHVILLE, Tenn. (AP) — Singer John Denver received two Country Music Association awards here Sunday, more than one year after it was announced he won them.

Denver was voted awards in October 1975 as 'Entertainer of the Year' and for the song "Back Home Again," the CMA's 'Song of the Year.' But he was in Australia when the awards were announced.

His trip to Nashville Sunday for two concerts was his first visit to Music City since the award ceremonies.

Vienna talks with the Warsaw Pact, tells much about the level of optimism here. It tells much, too, about the reason behind Schmidt's SOS to President-elect Carter. Schmidt, now the senior head of government among NATO's Big Five, speaks for a wider Europe than West Germany and from a shrewd knowledge of the U.S. and its crazy-quilt politics.

Whatever pleasure Mr. Carter may take in publicly berating the Germans for their nuclear deal with Brazil, the President-elect had better not ignore Schmidt's SOS, for if the West Germans need the U.S., as Schmidt's words fairly shouted, Mr. Carter surely needs the Germans.

HOMES FOR AMERICANS

BRICK SIDING CONTRASTED WITH rough sawn cedar upstairs combine to give this two-story home a Western flavor. Inside, the foyer features an open stairway, a closet and leads to any room on the first floor. An archway opens to an oblong living-dining combination. The kitchen is easily accessible to the dining and family rooms, a bathroom, downstairs laundry, and patio. There are four bedrooms upstairs. Plan HA926G has 1,003 square feet on the first floor and 705 on the second. Carl Gaiser, 25600 Telegraph Rd., Southfield, Mich., 48075, designed this plan and anyone wishing more information may write the architect, enclosing a stamped, self-addressed envelope.

Socialism, Capitalism Are Pitted In Jamaica

By **EDITH M. LEDERER**
Associated Press Writer
KINGSTON, Jamaica (AP) — Prime Minister Michael Manley's socialism is pitted against opposition leader Edward Seaga's capitalism in an election campaign in which Jamaica's sagging economy and its relations with Cuba are the big issues.

Each party predicts victory, but independent observers rate the outcome a tossup. Seaga is a 46-year-old economist and former finance minister who was educated at Harvard. He has campaigned in 145 villages since March, hammering at Manley's ties to Fidel Castro and intimating Jamaica may be taken over by Cuban Communism if the PNP wins control of Parliament again. The JLP's campaign jingle uses the word "freedom" half a dozen times.

"The present government has caused the economic collapse of the country," Seaga said in an interview. "The government's political ideology is not acceptable to the rural people and the urban middle class."

Manley, 51-year-old son of the PNP's founder, denied in a television address Saturday that he made any "secret deals" with Cuba and said such opposition charges were a "big election lie." He said Jamaica wanted "amicable" relations with the United States but said "on the other hand, we are part of the Third World."

Took Dates On A Flight

PROVO, Utah (AP) — Twins Sandra and Linda Haines wanted to do something different for the school dance — so they took their dates on a surprise 200-mile plane trip for dinner.

When Steve Spencer and Kendall Taylor picked them up Saturday night, the sisters from Mapleton, Utah, told them to drive to the airport, but didn't say what for. A pilot was waiting with a six-passenger plane for the flight to Pocatello, Idaho.

"We just decided we wanted to do something really different that would be original and fun," said Sandra.

"They thought maybe we had packed a picnic-type lunch and hid it under the seat," said Linda. "They were really shocked."

After an hour's flight to Pocatello and a two-hour dinner, the foursome returned just as the dance was ending.

Since Manley's party ousted the JLP in 1972, it has put into effect a \$20 weekly minimum wage and programs of free education, low-cost housing, land reform and expansion of literacy.

His policy of "democratic socialism" has forced foreign firms to give the government much greater control over the bauxite and aluminum industries, the backbone of the economy.

But demand for bauxite is down, exports are slumping, tourism is down, and prices for the island's sugar also have fallen. A \$100-million deficit in foreign reserves is predicted by the end of the year. Foreign investment is at a standstill, and

the unemployment rate is 22 per cent.

The PNP concedes that its biggest disadvantage is the sagging economy. But the government maintains that the oil crisis, the worldwide recession and U.S. and other foreign efforts to "destabilize" the country are responsible for the economic downturn.

"The economic problems have been created by the political posture of the government," the JLP's general secretary, Bruce Golding, countered in an interview.

As this trough passed over the southeastern sections of the state, it triggered some thunderstorm activity. Hail was reported just northwest of Morehead City during the early evening. This low pressure trough moved out to sea by morning.

North Carolina began coming under the influence of high pressure located over the Continental Divide. Cold air flowing over the state produced some unstable air over the mountains along with snow flurries. It had

Most Of Lebanon Is At Peace

By **FAROUK NASSAR**
Associated Press Writer
BEIRUT, Lebanon (AP) — Most of Lebanon was at peace and under Syrian occupation today on the 33rd anniversary of independence from France. Moslem and Christian leaders pledged to cooperate with President Elias Sarkis in rebuilding the ruined nation.

"Peace, peace with ourselves, peace in our country," Sarkis proclaimed in a broadcast after Syrian armored forces on Sunday occupied Moslem-controlled Tripoli and Sidon, the nation's second- and third-largest cities, without opposition.

The Syrian takeover, which touched off joyous celebration by the residents of the two port cities, came after 19 months of civil war between right-wing Christians and an alliance of Moslem leftists and Palestinians that took more than 37,000 lives.

This extended Syrian control to all of the country except a strip along the Israeli border, an area disputed between Palestinian guerrillas who formerly raided Israel from there and right-wing Christian militiamen who moved in when the Palestinians went north to fight on the Moslem side of the civil war.

The Palestinians have been moving south again to reopen their guerrilla bases, and the Israeli military command reported guerrillas fired a salvo of rockets across the border Sunday into the Israeli border town of Nahariya, damaging a house. The command said Israeli forces returned the fire.

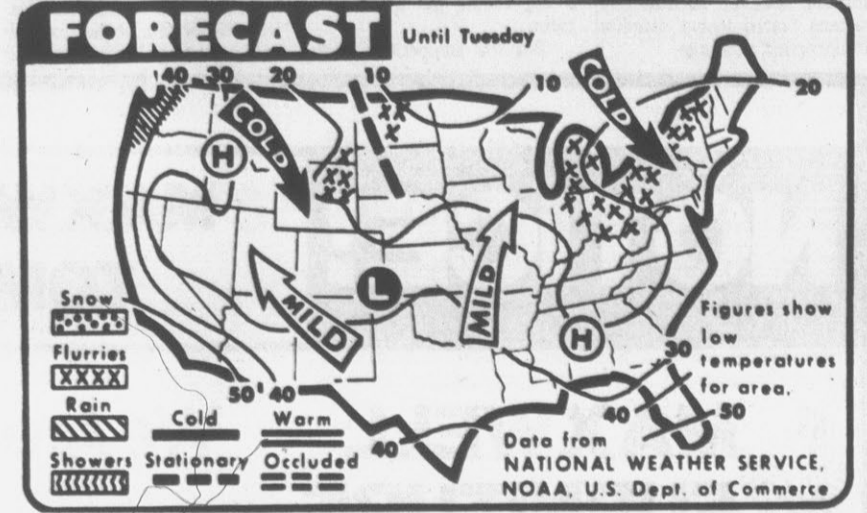

Israel has said it would not tolerate the return of the Palestinians to the border area and has been aiding the Lebanese Christians in their efforts to take over the region. Israeli Defense Minister Shimon Peres said Sunday that his government would also object to the presence of Syrian troops in the border area.

Jordan's King Hussein went to Damascus Sunday to see Syrian President Hafez Assad. Some observers in the Syrian capital speculated that they might have discussed a joint reaction to any confrontation with Israel over the Lebanese situation.

Sarkis in his independence day address said Syria's "fraternal intervention" in Lebanon would end when "we have recovered our strength, ability, security and the will to live together as a nation and share the same destiny."

He said banks would be ordered to extend long-term loans and the government would launch a series of reconstruction and industrial projects to avoid massive unemployment. He appealed to the Arab oil nations and the West for urgent financial aid.

How's The Weather?

WEATHER FORECAST — Cold weather is due today in the North and East. Mild weather is expected for the Southwest and Rockies. Snow flurries are forecast in the northern Plains and from the Great Lakes to New England. (AP Wirephoto)

Some snow flurries occurred in the mountains during early morning hours. Elsewhere across the state, it was sunny and cold. Sunday was near perfect weather to rake leaves. However, an upper level low pressure trough slipped over the state during the late afternoon, causing light rain to fall in some eastern sections and producing temporary cloudiness.

Mostly cloudy skies were expected in the mountains with some lingering snow flurries. Elsewhere, it was mostly sunny Monday. With winds strong and northwesterly, it was cold with highs in the 30s, ranging to 50s along the coast. Clear and cold across the state tonight with lows in the teens in the mountains, 20s in the Piedmont and

30s along the coast. Sunny Tuesday. Continued cold with highs in the 30s and 40s.

Not Influenced By Powell Call

SPOKANE, Wash. (AP) — When Jody Powell of Spokane asked Jody Powell of Vienna, Ga., what he does for a living, the press secretary to Jimmy Carter suggested she read "Boys on the Bus," an irreverent look at press coverage of the 1972 presidential campaign.

The 13-year-old girl wrote to Powell when his name became known during Carter's campaign. But she said she "couldn't believe it" when Powell called her about two weeks before the election.

Powell, 32, promised her an autograph from Carter and one of his own and said he would try to get her an autograph from President Ford.

The telephone call didn't influence Jody's choice for president.

"I was for Carter all along," the eighth grader said.

Old-Fashioned Bagel Is Rare

NEW YORK (AP) — "An old-fashioned bagel is hard to find," says Debra Burko, whose family still makes them. "The bagel-baking business isn't what it used to be."

The Burko family of Brooklyn is one of the few manufacturers in the city that claims to be the world's bagel capital that still roll their bagel dough by hand from unbleached, unenriched flour.

Most bagels now are made by machine. Bakers said a trained dough-roller can earn up to \$20,000 a year while turning out 50 dozen bagels an hour. A machine costs just \$15,000 and can turn out 150 dozen an hour.

HUNT IN WYOMING
OAK RIDGE, Tenn. (AP) — The Tennessee Valley Authority says it will begin a new search for uranium next month in central Wyoming.

Mind your own business

If you own your own business, you can mind it very well with a Nationwide group insurance plan. Because it gives you benefits you won't find all in one plan.

Benefits like Life Insurance, income protection, major medical coverage, hospital room and board payments, even accidental death and dismemberment protection.

Woody's Ramblin's

BY WOODY PEELE

This is probably the most important week in the season for the East Carolina Pirates, and that includes the weeks of the State and Carolina games.

This week, the Pirates are playing Appalachian State, a team that Pat Dye has yet to claim a win over, and it's not something he likes to think about. He'd like to break that string Thursday night.

Breaking it then would come at an especially good time. It would give the Pirates their fourth—and final—Southern Conference championship in football. It would also come before a regional television audience.

The game marks only the third time that a regular season game has been telecast by ABC for the Pirates. They won the first, against The Citadel, and lost the second, against State.

To win, the Pirates are going to have to approach this one a lot different than they did the last few. They could have wrapped it up a week ago, but that's in the past. They have the chance this week against an old enemy.

Now is the time to do it.

We are also happy to note that the Pirate band will be at the game. We are glad that there has been a change of heart. We know that there were some members who would have been glad to stay all along, and we are sure that director George Naff would have rather had the band there.

We applaud those who are willing to make the effort to stay, and those who will be on hand Thursday night.

The Marching Pirates are too good to have to miss a chance like this to be on display before a much larger audience than would normally see them.

After watching the Pirate basketball team go through its annual Purple-Gold game Saturday night, we again feel as we have done for some time: that the Pirates are only about one man away from being an outstanding team.

They have a good, young nucleus this year. What kind of season they will have depends a lot on how quickly their youngsters come along. The team is virtually all sophomore and freshmen, so Coach Dave Patton can look to a bright future.

If he and his staff can put together a winning season this year, and maybe even pull off a surprise as they did two years ago, then come up with a real blue-chipper, they could be on their way.

This year's team is going to make mistakes because it is so young. But there is a lot of promise there. What we saw was good, and we hope that the Pirate fans will be out to support this team come next Monday night—and throughout the rest of the season.

Vikings, Raiders Clinch Division Titles

By FRANK BROWN
AP Sports Writer

"We had a chance to fail and we didn't." Those were the words of Coach Bud Grant, whose Minnesota Vikings beat the Green Bay Packers 17-10 and won the championship of the National Football Conference Central Division for the eighth time in nine years.

"This is only the first step." Those were the words of Coach John Madden, whose Oakland Raiders clubbed the Philadelphia Eagles 26-7 and clinched their fifth consecutive American Conference West title and their ninth divisional crown in 10 years.

They were expressions of slight relief, ones used by men who realized divisional championships mean little should their teams fall short of a trip to Pasadena for the Jan. 17 Super Bowl game.

"We've still got hope and we've still got a chance," said Washington Redskins Coach

George Allen. "We've just got to keep it going and never let up."

"We win them or else we are out. We can't save anything," said Cleveland Browns Coach Forrest Gregg.

Those were the words of men who saw the chances slipping away for a chance to reach the playoffs.

Here is what is left of the divisional races, brought to you by the National Football League.

Allen's Redskins, who could have been eliminated by a loss, kept their playoff hopes alive in the National Conference East with a 16-10 triumph over the St. Louis Cardinals. The victory, combined with Atlanta's 17-10 upset of Dallas, kept Washington within two games of the first-place Cowboys and one game of the Cardinals.

Gregg's Browns helped themselves in the American Conference Central, lashing the winless Tampa Bay Buccaneers 24-7 Sunday and remaining hope-

ful of the wild card slot for a playoff trip.

In the other divisional races, New England's Patriots inched within one-half game of the AFC East-leading Baltimore Colts — who visit the Miami Dolphins tonight — with a 38-24 victory over the New York Jets. Pittsburgh's surging Steelers kept pace with Cleveland at two games behind AFC Central-leading Cincinnati, ripping the Houston Oilers 32-16 for their sixth straight triumph.

The NFC West-leading Los Angeles Rams put down second-place San Francisco 23-3 and opened a 1½-game margin over the 49ers, who lost their fourth in a row.

Meanwhile, the Bengals nipped the Kansas City Chiefs 27-24, the San Diego Chargers punted the Buffalo Bills 34-13, the Detroit Lions bested the Chicago Bears 14-10, the Denver Broncos clipped the New York Giants 14-13 and the New Orleans Saints blasted the

Seattle Seahawks 51-27.

Vikings 17, Packers 10
Fran Tarkenton completed 23 of 43 passes for 180 yards and two touchdowns as the Vikings, 9-1-1, nipped down the crown against Green Bay, 4-7. His 11-yard pass to Ahmad Rashad in the fourth period broke a 10-10 tie.

Raiders 27, Eagles 7
Clarence Davis and Mark van Eeghen combined for 206 rushing yards and two touchdowns, lifting the Raiders to their seventh straight triumph and their 10th in 11 games. Philadelphia, 3-8, got its score on Roman Garbriel's 200th career touchdown pass.

Redskins 16, Cardinals 10
The Redskins, 7-4, got their only touchdown from Mike Thomas, who rushed 31 times for a team-record 195 yards. The other points came on Mark Moseley field goals.

Patriots 38, Jets 24
New England, 8-3, intercepted seven passes and recovered three fumbles in blasting the Jets, 3-8. Prentice McCray picked off two of the passes and turned them into touchdowns of 63 and 55 yards. Steve Grogan threw three scoring passes for the Patriots.

Steelers 32, Oilers 16
Pittsburgh, 7-4, gave up a touchdown for the first time in six weeks — 22 quarters, when Houston's Ken Burroughs hauled in a 69-yard touchdown pass from Dan Pastorini. Pittsburgh used a pair of scores by Reggie Harrison to hand Houston its sixth straight loss.

Rams 23, 49ers 3
The Rams, 7-3-1, managed eight first downs and three pass completions. But Jim Youngblood picked off two Jim Plunkett passes, and Monte Jackson — the NFL's interception leader — returned his 10th of the season 41 yards for a touchdown to embarrass San Francisco, 6-5.

Bengals 27, Chiefs 24
"We're not afraid of Pittsburgh. We're absolutely going

to win," said the Bengals' Bob Trumpy of next week's clash with the Steelers. A triumph would clinch the division for Cincinnati, 9-2, which beat Kansas City on a one-yard Tony Davis plunge in the fourth quarter.

The Bengals lost five fumbles and an interception, and the Chiefs, 3-8, missed a chance to tie the game when a 46-yard Jan Stenerud field goal attempt went wide at 1:48 of the final period.

Chargers 34, Bills 13
San Diego, 5-6, snapped a four-game losing streak as Dan Fouts threw two touchdown passes and collected 198 yards on 19 completions against Buffalo, 2-9. The Bills' O.J. Simpson rushed for 118 yards on 25 carries and now has 856 yards for the season.

Lions 14, Bears 10
Greg Landry threw two touchdown passes 90 seconds apart in the second period and the Detroit defense held Chicago rushing star Walter Payton to 40 yards in beating the Bears. "They just have too much defense," Payton marveled after the game.

Both teams are 5-6.
Broncos 14, Giants 13
The Denver defense protected a lead built on two first-half touchdown passes by Steve Ramsey. The Giants, 1-10, broke a streak of 19 quarters without a touchdown when Jim Steinke picked up a blocked punt and ran one yard for the score. But the extra point try by Joe Danelo was blocked, making the difference in the game.

Saints 51, Seahawks 27
New Orleans, 4-7, intercepted three passes and recovered two Seattle fumbles in crushing the Seahawks, 2-9. Getting two touchdown runs from quarterback Bobby Douglass and one each from rookies Tony Galbreath and Chuck Muncie, the Saints tied a team record for point production.

TRIPPED UP — Washington Redskins running back Mike Thomas (22) takes a back flip as he is tripped up by St. Louis Cardinal Charlie Davis (76) during the first period Sunday afternoon at St. Louis. Moving in to assist is Cardinal Ken Reeves (36). Thomas managed to get back to the line of scrimmage before being hit. (AP Wirephoto)

Bowl Planned UNC Invitation Anyway

By CHARLES WOLFE
Associated Press Writer

The North Carolina Tar Heels didn't know it before their game Saturday with Duke, but Peach Bowl officials had opted to invite them to Atlanta for the holidays "win, lose or draw."

Peach Bowl representative Frank Spain was spared the embarrassment of extending the bid to a loser, however, as Coach Bill Dooley's team closed its season with a 39-38 heart stopper over Coach Mike McGee's Blue Devils.

North Carolina, 9-2, will face Kentucky, 7-4, in the Dec. 31 matchup, the seventh meeting of the two clubs. The Tar Heels own a 4-2 edge in the series. They last met in 1973, when North Carolina claimed a 16-10 victory in a downpour at Lexington, Ky.

Coach Fran Curci's Kentucky team scored its first triumph over Tennessee since 1964, downing the Volunteers 7-0 in Knoxville, Tenn., and earning its first bowl invitation since Bear Bryant's Wildcat crew thrashed Texas Christian 20-7 in the 1952 Cotton Bowl.

Coach Jerry Claiborne's Maryland Terrapins will spend New Year's at the Cotton Bowl in Dallas, but their opponent remains to be selected. High-scoring Houston is the odds-on favorite, needing only a win

Saturday over lowly Rice to clinch the Southwest Conference title.

"Until somebody beats us, I think we're the best football team in the country," Claiborne said Saturday, following the sixth-ranked Terps' 28-0 pasting of Virginia. Maryland ended regular season play with a perfect 11-0 mark, while the Cavaliers closed at 2-9.

In the only other game involving an Atlantic Coast Conference team, Clemson took out a season of frustration over favored South Carolina, 28-9, prompting Coach Red Parker to offer a succinct summary of the Tigers' 1976 fortunes.

"We've had to eat it all year," said Parker, whose team finished at 3-6-2, but avenged last year's 56-20 drubbing by the Gamecocks.

Mike Voight emerged from North Carolina's victory as the Tar Heels' all-time leading touchdown producer with 42 and the fifth leading rusher in NCAA history with 3,971 yards. Voight carried the Tar Heels with 261 yards and four touchdowns, barely overshadowing Duke quarterback Mike Dunn, who also scored four touchdowns and rushed for 130 yards.

The game hinged finally, not on a touchdown, but Voight's two-point conversion run. It came after quarterback Matt Kupec marched the Tar Heels from their own 21 with less than three minutes remaining and Duke leading 38-31. Kupec found Billy Johnson in the end zone and tossed a seven-yard scoring pass to bring North Carolina to within a single point.

VMI's Defending Champions Looking For New Court Leader

By WOODY PEELE
Reflector Sports Editor
(One of a series)

With a quick look at the roster, one would think that defending champion Virginia Military Institute would be the team to beat in the Southern Conference.

That may turn out to be the fact of life in the league this year, but unless one newcomer

can come through for the Keydets, the likelihood of their repeating is somewhat lessened.

Four of the five starters are back from the team that went to the finals of the Eastern Regionals last year. But it is that fifth position that could give the trouble.

The man missing is Curt Reppart, who averaged only 6.3

points a game for the Keydets. But Reppart was also the floor leader, the point guard. Unless new coach Charlie Schmaus can come up with a new leader, the Keydets might not be back in the regionals.

Kelly Lombard, a 5-10 sophomore who saw only two reserve action last season, is being looked to by Schmaus as the top replacement for Reppart. If he can do the job, the Keydets are in business again.

"Last year, we were the best team in the Southern Conference," Schmaus said. "Our statistics prove it. We led the league in everything but free throw percentage, and we were all third in that." VMI actually made more free throws than the two teams above it SHOT.

The four men back from last year's team include 6-3 guard John Krovic, a senior; 6-5 forward Will Bynum, a senior; 6-5 forward, a junior; and 6-7 Dave Montgomery, junior center.

Joining them are 6-7 forward, center George Borojevich, 6-8 center Harlan Niehaus and 6-5 forward Pat Kelley, all let-terms.

Carter is the leading returning scorer, with a 17.9 average last

year. Bynum hit 16.3 points a game, while Krovic hit 14.6. Montgomery was just out of double figures with a 9.4 average. He was also the leading rebounder with 8.3 per game.

All four of the returning starters have played together for two years in starting roles. Another plus for the Keydets is that transfer Jerry Salmond, a 6-4 forward with great talents, becomes eligible this year, giving the Keydets even more depth.

Also helping out is Malcolm Grimes, a 6-1 guard, who is a track athlete. Doug Conyers, 6-2, and Steve Wagner, 6-1, are the other guards—can replace Reppart. VMI may again be the team to beat in the Southern. If not, the Keydets may be back in the pack again.

Plenty Of Good Free Agents Left

By HAL BOCK
AP Sports Writer

A frantic week of signings has depleted baseball's free agent marketplace of some of its biggest stars, but there still are some good names available.

Nine free agents — outfielders Gary Matthews, Joe Rudi and Don Baylor, pitchers Wayne Garland and Don Gullett, catcher Gene Tenace and infielders Dave Cash, Bert Campaneris and Sal Bando — came to terms last week. All except Matthews and Bando were clients of agent Jerry Kapstein.

Kapstein still is negotiating contracts for infielder Bobby Grich and pitchers Rollie Fingers and Doyle Alexander.

Also still looking for new homes are slugger Reggie Jackson, who spent the weekend in Montreal, talking with Expos club officials, infielders Richie Hebner and Tito Fuentes, and pitcher Steve Stone, among others.

The California Angels, who signed Rudi and Baylor last week, were reported hot on Grich's trail with their main competition coming from the New York Yankees, who signed Gullett last week.

McDonald's Will Make Donation

The more the East Carolina football team can gain, the more the East Carolina Stadium Expansion Drive can gain.

McDonald's of Greenville will present the Stadium Expansion Drive with \$10.00 for each total offensive yard the Pirates gain in their game against Appalachian State on Thanksgiving Night.

Also, at halftime, Chancellor Dr. Leo W. Jenkins will run the football as far from one end of the field to the other as he can, and McDonald's will present an additional \$10.00 for each yard the Chancellor gains.

Based on the current total offensive output of the Pirate team, 350 yards average per game, plus the extra money from the Chancellor's run, McDonald's total contributions are likely to be around the \$5,000 mark.

Bill Freelove, owner and operator of the McDonald's stores in Greenville said, "We wanted to back the stadium drive completely, but we also wanted to involve our fine football team. The more they can get, the more we can give. This gets more involvement on

everyone's part. We are most happy to assist the Stadium Expansion Drive."

Said Chancellor Jenkins, "It's great to have this kind of participation from our local people. We are all getting involved in McDonald's way of giving. This is the type participation we must have from our friends to make our expansion drive a success."

The Pirates will be running for yardage for money in the Southern Conference championship game at 8:30 on regional TV Thanksgiving Night.

'Sonics Super When In Seattle

By The Associated Press
The Seattle SuperSonics are really the Seattle Supermen at home.

Merely human when they play basketball in arenas around the National Basketball Association, they rise to uncommon heights at the Seattle Center Coliseum.

The Sonics have a modest 10-7 record so far this season but after Sunday night's 115-106 beating of Milwaukee, have won 26 straight games at home over the past two years. The NBA record for consecutive home-court victories is 36.

Bill Russell's players fashioned their latest home-court victory behind Fred Brown's 25 points and a 16-rebound performance by Tom Burleson.

"This is the best ballgame we've had from Tommy," said Russell. "He's capable of a lot more than he showed tonight. It was a funny kind of game in that they were playing well enough to keep us from blowing them out."

The Sonics put the heat on the Bucks with a sizzling third-quarter performance that put them 23 points ahead at one time.

Elsewhere in the NBA, the Los Angeles Lakers downed the New York Nets 96-91; the Phoenix Suns trimmed the Chicago Bulls 101-96; the New Orleans Jazz whipped the Cleveland Cavaliers 97-92; the Kansas City Kings beat the Atlanta Hawks 106-83 and the Portland Trail Blazers blasted the Buffalo Braves 128-98.

Lakers 96, Nets 91
Kareem Abdul-Jabbar scored 33 points to lead Los Angeles past New York. Abdul-Jabbar, who made 14 of 16 shots from the field, also contributed 15 rebounds.

Suns 101, Bulls 96
Paul Westphal, with 15 second-half points and 26 overall, led Phoenix over Chicago. The teams were tied 21 at the end of the first quarter, then Westphal hit 10 points in the second quarter to help the Suns edge ahead 48-45 at the half. Phoenix held a 72-68 lead at the end of the third quarter.

Scott May, the top collegiate player last season for the NCAA champion Indiana Hoosiers, made his first NBA start after being sidelined with mononucleosis. He had 15 points, including 5-for-5 from the floor in the first half.

Jazz 97, Cavaliers 92
Pete Maravich ignored a sore ankle and scored 41 points, leading New Orleans past Cleveland. Maravich, who missed last Friday night's game against Philadelphia with an ankle sprain, had 18 points in the fourth period when a Cleveland rally fell short.

Kings 106, Hawks 83
Ron Boone scored 30 points, including 18 in the third period, leading Kansas City over slumping Atlanta. The victory snapped a four-game losing string for the Kings, who had won only one previous road game this season. The defeat was the Hawks' fifth straight.

Trail Blazers 128, Braves 98
Dave Twardzik led a balanced Portland attack with 19 points as the Trail Blazers ran away from Buffalo. Twardzik, who hit seven of nine field goal tries, was one of seven Blazers who scored in double figures. The victory was Portland's ninth straight at its home Memorial Coliseum this season and the 15th in a row over two seasons.

Conference Season Ends As It Began

By MARSHALL JOHNSON
AP Sports Writer

The Southern Conference football season will end Thursday night just as it began Sept. 11 — in the aftermath of a "spy" incident.

Several days before William and Mary's Indians, picked to finish in the basement, began their drive to a 7-4 over-all season and a 3-2 conference mark that could land them in second place, they were accused of "spying" by Virginia Military.

The incident blew over, but up popped another two weeks ago when Appalachian State Coach Jim Brakefield was among the spectators as East Carolina's Pirates blew their chance to wrap up the title by dropping a 17-10 decision to Furman's Paladins.

East Carolina Coach Pat Dye protested there had been an accord among the coaches they wouldn't scout each other unless they agreed to it in advance. Brakefield admitted his mistake, saying "I just plumb forgot" to notify Dye. He apologized.

At stake in the regionally televised game Thursday night, of course, is the conference

championship as the Pirates, 3-1 in the league and 8-2 over-all, play host to Brakefield's Mountaineers, 2-1-1 and 6-3-1, in a scrap originally scheduled last Saturday night.

The only other game left for a league team is Thursday afternoon when new member Tennessee-Chattanooga, 5-4-1 after a 49-29 romp Saturday night over Bowling Green, entertains East Tennessee State. UT-Chattanooga, like other new members, cannot win the title.

Three teams closed out Saturday with victories. VMI's Keydets, 5-5, made it four straight with a 26-24 decision over Indiana State; Furman, 6-4-1, closed as it began — with three in a row — by routing Wofford 46-14; and The Citadel's Bulldogs, 6-5, hung a 40-6 shellacking on title-eligible Davidson, 2-6-1.

The only loser among the title-eligible teams was William and Mary, beaten 21-10 for the Virginia state title by Richmond's 1975 league champion Spiders, 5-6. New member Marshall, 5-6, was routed by Southern Illinois 44-16.

Larry Robinson upped his conference career rushing total to 3,038 yards as he ran for 141 yards and three touchdowns in the Furman romp. David Whitehurst ran for one touchdown and passed for another as Furman overcame an early 14-6 deficit.

It was a strange year for Furman, which sandwiched four defeats and a tie between two three-game winning streaks.

School records fell in profusion as The Citadel routed Davidson in what Coach Bobby Ross called "a good way to end. It has been a tough year." The Bulldogs were crippled late in the season by injuries.

Andrew Johnson set school career marks of 22 touchdowns and 132 points and Doug Johnson caught two passes for a career-record 100. Johnson also finished with 590 carries and 2,792 yards, both records.

Season records were set by Paul Tanguay with two field goals for a total of 11 and by quarterback Marty Crosby, who hit seven of 10 passes for 110 completions for the year.

"It was the first time since 1961 we've had back-to-back

winning seasons, and I'm really happy about that," said Ross.

"When we were 1-5, with three games left on the road and only one at home, it took all the guts we had to come back like we did," said VMI Coach Bob Thalman. It was the first time a VMI team had won four in a row since 1967.

Freshman Craig Jones tied a league record with his 15th field goal and senior Kim Glidewell equaled two school career marks with 18 touchdowns and 108 points.

Glidewell had 79 yards on 21 carries, but junior Andre Gibson led the attack with 100 yards on 17 carries. With VMI ahead 10-7 in the third period, Gibson scored on a six-yard run, then hit Johnny Garnett on a 49-yard option pass to set up Glidewell's score.

"Well, we're the best in one of the 50 states," said Richmond Coach Jim Tait after his Spiders — no longer in the conference — built a 21-0 lead and held off William and Mary, which never has beaten all four major rivals in Virginia.

With Ed Krellis running 19 times for 122 yards and a school season record of 858, the Spiders staged scoring drives of 65 and 80 yards capped by one-yard runs by Demetri Konegay. A fumble recovery at the Indians' 26 set up Dave Taylor's two-yard pass to Rickey Brown.

The Spider defense, led by sophomore safety Jeff Nixon with 19 tackles and assists and two pass interceptions, then held off the Indians. Conference rushing leader Jim Krus was limited to 74 yards on 21 carries. Tom Rozantz hit 23 of 34 passes for 187 yards.

"For the third straight week, our defense gave a great effort," said Tait. "I never thought we were a bad team. I thought all the time we were pretty good and I still think we're pretty good."

William and Mary Coach Jim Root thought the game turned, besides his players' inability to cope with the artificial turf, on a pass interference call on Richmond's first drive and the fumble on a punt.

But Root, 17 of whose starters return, had a warning: "We turned a lot of heads this year and next season we're going to be even stronger — count on it."

Three ACC Teams, UNC-Charlotte Make Pre-Season Basketball Poll

By KEN RAPPOPORT
AP Sports Writer

All but four of the nation's Top Twenty college basketball teams start shooting this week. The Big Four Tournament at Greensboro, N.C., on Friday night, highlighted by a game between third-ranked North Carolina and No. 15 North Carolina State, precipitates a landslide of games involving the country's basketball royalty.

The college basketball season opened Sunday with a token number of unimportant games. By next Saturday, such teams as top-ranked Michigan, third-ranked North Carolina, fourth-ranked UCLA and fifth-ranked Indiana, the defending national champion, will see action.

Michigan entertains Western Kentucky Saturday. UCLA plays San Diego State Friday and No. 18 DePaul Saturday, and Indiana opens with a game against South Dakota Saturday.

In other games, of the weekend, No. 6 Kentucky entertains Wisconsin; No. 7 Nevada-Las Vegas plays Nevada-Reno; No. 8 Maryland meets No. 14 Notre Dame; 10th-ranked Ari-

zona faces Arizona State; No. 11 San Francisco visits UC-Santa Barbara; 13th-ranked Alabama opposes Purdue; 16th-rated Tennessee plays South Florida; No. 19 North Carolina-Charlotte meets Georgia College, and No. 20 Missouri takes on Southern Illinois.

Second-ranked Marquette, No. 9 Louisville, No. 12 Cincinnati and No. 17 Rutgers will not start their seasons until next week.

The Associated Press' pre-season rankings were announced Sunday.

A nationwide panel of sports writers and broadcasters judged Michigan best by a 588 to 531-point margin over Marquette. The Wolverines, who lost to Big 10 Conference rival Indiana in last year's NCAA final, have four returning starters, while Bobby Knight's Hoosiers have lost four of theirs.

Michigan collected 21 first-place votes, compared to Marquette's six. North Carolina drew nine votes for first and had a total of 449 points for third place.

UCLA placed No. 4 on the

strength of 425 points, nosing out Indiana, fifth with 422. The Bruins received two first-place votes, compared to Indiana's seven.

Kentucky, winner of last year's National Invitation Tournament and one of the hottest clubs in the nation at the end of the season, placed No. 6 in the voting. The Wildcats collected 298 points, with the help of two votes for first place.

Nevada-Las Vegas finished No. 7 in the voting with 279 points, Maryland was No. 8 with 235, Louisville No. 9 with 227, and Arizona No. 10 with 206.

Louisville and San Francisco, the No. 11 team, received the only other first-place votes, getting one each.

The AP Top Twenty
By The Associated Press

The Top Twenty teams in The Associated Press college basketball poll, with first-place votes in parentheses, last season's records and total points. Points based on 20-18-16-14-12-10-9-8-7-6-5-4-3-2-1.

2. Marquette (6)	27-2	531
3. N. Carolina (9)	25-4	449

WINS WITH A 65									
OLD WESTBURY, N.Y. (AP) — Jim Wright, a native of Enid, Okla., has won the Metropolitan PGA golf title for the third time in five years. A 36-year-old pro at Fenway in White Plains, N.Y., Wright turned in a record 65 in the final round for a 54-hole total of 211 at the tricky 6,963-yard Glen Oaks Club here. Wright won the crown in 1972 and 1974. Wright trailed Austin Straub, recent Vermont Open winner, by two shots after two rounds. But on the third and final day, Wright registered seven birdies and 11 pars for his 65. He beat host pro Texan Rex Baxter by nine strokes. Straub tied for third after a final round 78 in swirling winds.									

Cale Is NASCAR Champion; Pearson Says His Season Better

By JERRY GARRETT
AP Motorsports Writer

ONTARIO, Calif. (AP) — Cale Yarborough has earned the national championship in

NASCAR Grand National stock car racing, but David Pearson believes he's had the better season.

Pearson lists these accom-

Elon Hosts Playoff

BURLINGTON, N.C. (AP) — Undeclared Elon College, second ranked in the NAAI's Division I, will host No. 4 Central Arkansas in one of two playoff games that will be played Saturday, Dec. 4, for berths in the NAAI national football championship contest.

Elon officials were notified Sunday by NAAI officials in Kansas City.

The other playoff game will send Texas A&I against Western State Colorado in King-Steve, Tex.

Elon's head coach and athletic director, Red Wilson, said

Melvin Shreves, Elon's will serve as general chairman in charge of arrangements for the game, which will be played at Burlington Memorial Stadium, with a kickoff time of 2 p.m.

The Fighting Christians finished their regular season Saturday with a 49-25 victory over Carson-Newman, capturing the South Atlantic Conference (SAC-8) crown and closing with a perfect 11-0 record.

Central Arkansas posted an 8-2 record after losing Saturday to Harding, 16-13.

It will be the third appearance for Elon in NAAI playoffs.

Mueller Gets First Bowling

CHAPEL HILL — East Carolina University had one first place winner in the Carolina Invitational Wrestling Tournament held here this weekend.

Phil Mueller, the tournament's outstanding wrestler last year, defended his 167-pound championship.

Eight schools competed in the pre-season tournament. Although team scores were not kept, North Carolina had the most individual winners with three.

BROTHERLY TACKLE
RALEIGH, N.C. (AP) — Ronny Johnson, North Carolina's free safety, and his brother, Timmy, N.C. State fullback, were bound to meet when the two rival teams played. On the fifth play of the game, Timmy went for a first down on second-and-two. He made it but Ronny made a crashing tackle to stop his brother from longer yardage.

Says Southern Baptists Suddenly 'News', Thanks To Jimmy Carter

CHARLOTTE, N. C. (AP) — Dr. James Sullivan, president of the Southern Baptist Convention, says all of a sudden, thanks to Jimmy Carter, Southern Baptists are big news. Sullivan, 66, says it's keeping him busy trying to explain the 12.7 million members of the Southern Baptist convention to persons who have stereotyped them as "underprivileged, backwoods" people.

He says he has been interviewed by just about every major news magazine and newspaper since Southern Baptist Carter became a major contender for the presidency.

Sullivan, who makes his home in Nashville, Tenn., was in Charlotte Sunday to preach at a 75th anniversary service at the city's Pritchard Memorial Baptist Church. His observations on "Southern Baptists" came in an interview. He said he thinks Carter is "a very honorable and honest man and very brilliant intellectually. I think we can count on his honesty."

"Southern Baptists are grassroots people. He intends to be a commoner's president. He won't make his political decisions on a religious basis. I don't think a man ought to take his religion and superimpose it on a nation."

Because each of the Southern Baptist Convention's 35,000 churches is self-governing — without a system of bishops or other spiritual hierarchy — the churches are as diverse as Americans in general, said Sullivan.

He said he stayed out of the hornet's nest in Carter's home church in Plains, Ga., during the period in which it refused admission to a black. "I thought they might think I was trying to exert some pressure," said Sullivan.

He said he was "pleased" with the church's final action

rescinding its policy. Speaking of Carter's church and its confrontation, Sullivan said, "I think they showed tremendous maturity for a little church put in the national limelight. In the long run, I think it's going to help people understand Southern Baptists."

"Here was a local church that had to make up its own mind. In a sense, every Southern Baptist congregation right now is a little Plains church," being eyed by the world as part

of the president-elect's denomination.

In his early years, Sullivan was pastor of Kentucky, Tennessee, Mississippi and Texas churches and for 22 years he headed the Southern Baptist Sunday School Board.

He now also is vice president of the Baptist World Alliance, an international body of dozens of Baptist denominations.

Sullivan was elected in June as president of the Southern Baptist Convention.

Davidson Bid For Scholars

DAVIDSON, N. C. (AP) — Students who have "demonstrated exceptional leadership, character and academic achievement" will be recipients of a new scholarship program at Davidson College, President Samuel R. Spencer Jr. announced Saturday.

The Edward Crosland Stuart Memorial Scholarships will be named for a 1954 Davidson alumnus who was killed in the crash of a U.S. Navy plane in 1956.

"Our main objectives will be to bring to Davidson students of outstanding quality as characterized by Ed Stuart," Spencer said in a meeting of alumni chapter presidents.

"We will begin with 12 recipients in next fall's freshman class," he said. "The top two will be granted scholarships of \$3,000 per year and the other finalists will receive scholarships of \$500 per year. Additional funds will be available, depending on need, through normal college scholarship channels."

The scholarship program is Davidson's first for non-athletes to involve substantial awards based solely on merit.

The scholarship fund was started by Stuart's Davidson classmates and will be funded by the Edward C. Stuart Foundation.

The fund's board of directors will be headed by Seddon Goode Jr., senior vice president of Interstate Securities Corp., who was Stuart's roommate for four years at Davidson.

Dramatization Results In Suit

VENTURA, Calif. (AP) — The second wife of Dr. Sam Sheppard has filed a \$10 million lawsuit against the NBC television network for its dramatization of Sheppard's murder trials.

A similar suit was filed last week by Sheppard's sons.

Ariane Sheppard, who married Sheppard in 1964 when he was in prison for killing his first wife, charges that the television film "Guilty or Innocent: The Sam Sheppard Case" referred to her relationship with Sheppard as "one of fornication and convenience."

The Fort Lauderdale, Fla., woman claims the film suggested she was responsible for the divorce in 1969 and says it invaded her privacy, defamed her and intentionally inflicted emotional distress.

Dead City Of Tor di Nona Lives Now Only In Murals

BY SYLVANA FOA
ROME (UPI) — A burglar scrambles up the drainpipe of an old tenement in broad daylight but no one pays much attention.

In the open doorways on the street below, a butcher offering meat at "reduced prices" waits in vain for a customer. The baker makes a sale of steaming, fresh bread. The cobbler hammers away at a tattered shoe and an old woman scratches the belly of her fat purring cat.

Outside, a group of children play grotto, the Italian equivalent of ring-around-a-rosy, and a Peanutesque Lucia shouts "Io sono mia" (I am mine).

The bustling scenes of life one finds in the Tor di Nona district are probably the most colorful in Rome's ancient historical center.

Unfortunately, they exist only as murals, painted on more than a dozen boarded-up apartment buildings.

The Tor di Nona died nearly 40 years ago when Fascist dictator Benito Mussolini decided the crowded, working-class neighborhood was an eyesore.

Mussolini ordered the buildings condemned, the people evicted and then he expropriated the property, already valuable because of its choice and picturesque location on the banks of the Tiber river.

"Actually the buildings were sound, saying they were dangerous was just an excuse," said Giovanni Febbi, an antique dealer who grew up in Tor di Nona. "They look bad now because when a house has been uninhabited for so many years it begins to rot."

Febbi said the Tor di Nona was a "wonderful, noisy neighborhood where we all lived like one big family."

"Everyone knew everyone," he said. "It wasn't until we moved away that I realized the people I had called zio (uncle) and zia (aunt) were not real relatives."

"The houses were very crowded — more than 300 families lived here then — and we were all very poor but everyone left their doors open for their neighbors."

Febbi said the neighborhood also boasted several bands of petty thieves.

"They weren't big crooks," he said. "Just people who kept things going by selling contraband and committing small robberies."

Mussolini's project was stalled first by World War II and then by the dictator's fall but by 1950 the city of Rome had completed the evictions, promising to renovate the

buildings and restore the original tenants to their homes.

Blaming Italy's perpetual fiscal crisis, however, the government first postponed the renovations and then, as the plans faded, ordered the doors and windows of the old buildings sealed with concrete.

For years the people waited and eventually most wandered away into the high-rise conformity of Rome's sprawling lower income suburbs.

Finally, the few families that were left and their neighbors decided to take matters into their own hands. A street committee was organized and one night the concrete seal of one doorway was smashed.

While neighborhood carpenters, plasterers and painters worked on a primitive but presentable renovation of one model apartment, teenagers and small children tackled the building facades with buckets of oil paint.

With a delightful conglomeration of styles, the youngsters returned the vegetable stand, laundry shop, butcher, baker, cobbler and dozens of other neighborhood institutions to the spots where their parents remembered them to have been.

Overnight, lines of freshly washed overalls stretched beneath windows and pots of red geraniums blossomed on the sills.

"They brought life back to this sad street," said Angelino Ceramicola, who runs a small

restaurant nearby.

One optimistic artist painted three merry workmen repairing the "window" of one second story apartment.

According to the city office in charge of old Rome, plans are "moving forward" to restore the buildings into low income apartments for workers, the aged and students. Work, the authorities said, would begin "early next year."

But even with a Communist as Rome's new mayor, Ceramicola doesn't believe there is much room for optimism the plans will be carried out.

"There is a law that if the government doesn't repair expropriated property within 30 years, the property reverts to the original owners," he said. "Now it is more than 30 years and the old landlords want the buildings back."

If the landlords do get the buildings back it will be a real windfall.

Old Rome has become fashionable and prices have skyrocketed. Apartments which before the war sold for \$10,000 are today being fancied up with indoor plumbing and sold for as much as \$100,000 to movie stars, wealthy Italians and foreigners.

Actress Marisa Berenson Weds

BEVERLY HILLS, Calif. (AP) — Actress Marisa Schiaparelli Berenson, 28, married aircraft parts maker James Randall, 33, then left immediately for an unknown honeymoon location.

"Nobody's going to know where they will go on their honeymoon," a spokesman said after the ceremony Sunday. "Marisa doesn't even know. Jim has it all planned." He said they will be gone up to 10 days.

About 500 to 600 guests at Randall's home saw Miss Berenson married in a white dress created by designer Valentino.

The granddaughter of designer Elsa Schiaparelli and daughter of diplomat Robert Berenson has appeared in "Death in Venice," "Cabaret," "Casanova and Company" and "Barry Lyndon."

Sunday Saw 2 Collisions

Two collisions investigated by Greenville Police yesterday resulted in an estimated \$1,125 property damage.

Officers said heaviest damage resulted from a 5:50 p.m. mishap on Memorial Drive, 450 feet South of the Third Street intersection and involved cars driven by David Lee Cook of Route 1, Plymouth; Walter Jasper Taylor of Bethel and Marice Louise Modlin of Route 2, Elizabeth City.

Damage was estimated at \$300 to the Cook car, \$500 to the Taylor auto and \$50 to the Modlin car.

Vehicles operated by David Lee Dail of 511 Church St. and Charlie Clarence Powers of Route 3, Greenville, collided about 10:30 a.m. at the intersection of Tenth and Washington Streets.

Officers estimated damage from the mishap at \$175 to the Dail truck and \$100 to the Powers car.

No charges were reported in either mishap.

Your Daily HOROSCOPE

from the CARROLL RICHTER INSTITUTE

GENERAL TENDENCIES: A day which can be utilized to best advantage by making plans that can give you more abundance in the future. You are able to engage in interesting outlets later in the day.

ARIES (Mar. 21 to Apr. 19) You can easily gain more respect in your community now by taking part in civic affairs. The evening can be highly entertaining.

TAURUS (Apr. 20 to May 20) Obtain the data that will give you a clearer picture where you are headed in the future. Avoid a troublemaker.

GEMINI (May 21 to June 21) Find a new system by which to gain your aims more speedily and effectively in the future. Be more attentive to loved one.

MOON CHILDREN (June 22 to July 21) Study future plans with associates and come to a better working arrangement. Don't neglect correspondence.

LEO (July 22 to Aug. 21) Be sure to keep promises you have made to others. Sidestep those persons who are detrimental to your best interests.

VIRGO (Aug. 22 to Sept. 22) Make plans early for recreation you wish to engage in later in the day. Show more affection for your closest tie.

LIBRA (Sept. 23 to Oct. 22) Try to cooperate more with family members and have greater accord in the future. Take time to engage in new activity.

SCORPIO (Oct. 23 to Nov. 21) Obtain the information you need at the proper sources and you can improve your daily routines. Take a trip and contact one who can be of assistance to you.

SAGITTARIUS (Nov. 22 to Dec. 21) Make concrete plans that will give you greater income in the future. A business expert can give you valuable advice.

CAPRICORN (Dec. 22 to Jan. 20) Engage in social activities that will make you feel at peace with the world. Avoid one who is unreasonable.

AQUARIUS (Jan. 21 to Feb. 19) Put aside impractical ideas and engage in activities that will give you more abundance. Show others you have wisdom.

PISCES (Feb. 20 to Mar. 20) Although you like privacy, this is a good day to be sociable and enjoy good friends. Engage in group affairs.

IF YOUR CHILD IS BORN TODAY ... he or she will be one who is very practical by nature and would do well in whatever work that calls for attention to facts and figures. Your progeny should strive to be more expressive. Sports and religious training early in life is wise here.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Ardent Outdoorsmen Hacking A Hiking Trail Across Florida

By DAVID POWELL
Associated Press Writer

TALLAHASSEE, Fla. (AP) — From the sawgrass regions of the Everglades to the Blackwater State Park near Pensacola, 6,000 ardent outdoorsmen are hacking a hiking trail through the Florida wilderness.

For 10 years, the unpaid volunteers of the Florida Trail Association have gathered on weekends to swing their machetes through the undergrowth

and carve out more than 500 miles of trail.

But the 1,300-mile project is still far from complete, with massive gaps between the completed portions of the footpath.

"It may be another 10 years before we get finished," said Tom Harris, a director of the trailmakers' group.

"We just cut the trail through the wilderness," Harris said. "It's 2 1/2 feet wide and seven feet of clearance. It's a natural footpath with no gravel."

Envisioned in 1966 by Miami realtor James A. Kern, the trail crosses national forests and state parks. About 50 miles of it runs by the Suwannee River, beneath moss-draped trees.

Harris said most of the trail is across private property.

"We have to get permission from these landowners to do it," he said. "And one of the reasons for the gaps is that we've had trouble getting permission from some of the ma-

For ranchers in Central Florida."

Fearing cattle rustlers, the ranchers have balked at granting access to their lands, Harris said. The trailblazers are sidestepping that problem by rerouting parts of the trail farther west.

Under the association's agreement with private landowners, use of the trail is limited to members of the group, who pledge to keep gates

MAKING THE FLORIDA TRAIL — Tom Harris, left, hacks at the underbrush as he and his wife work on a planned 1300 mile trail for hiking across the state of Florida. (AP Wirephoto)

The Daily Reflector, Greenville, N.C. — Monday, November 22, 1976 — 11

closed, not carry firearms and respect property owners' rights.

Marked by an orange blaze mark, the trail winds its way through a variety of geographical areas, from the Big Cypress Swamp to the hardwood forests of North Florida.

Along the way are bear, raccoons, alligators, turkeys, a vast array of birds and increasing numbers of hikers.

"Certain parts of it are already getting crowded, such as in the Ocala National Forest," Harris said. "But in other areas, like Tallahassee, it's not very well known."

The association includes a variety of people, including a judge, several attorneys and business. Harris is a utility-company lineman. Harris is an assistant attorney general.

Harris said federal and state officials have improved portions of the trail that run through government-owned land. That includes the longest completed part, a 250-mile stretch running from the Ocala National Forest north and then west through the Osceola National Forest.

The trail is designed for hiking in every season except summer. Harris said one hiker died in the Ocala forest under the rigors of summer hiking.

GOREN BRIDGE

BY CHARLES H. GOREN AND OMAR SHARIF

Q.1—As South, vulnerable, you hold:

♠872 ♥93 ♦7542 ♣AQ83

The bidding has proceeded: South West North East

1 ♠ Pass 1 ♠ Pass

2 ♣ Pass 3 ♥ Pass

What action do you take?

A.—Bid four hearts. Normally, two trumps would not be considered adequate for a raise. However, partner has contracted for nine tricks at hearts opposite a possible bust, so he must have a strong hand and good suit. Since you have two potential tricks for him, there must be good play for game.

Q.2—Both vulnerable, as South you hold:

♠AQ1054 ♥7 ♦KQ832 ♣93

The bidding has proceeded: North East South West

1 ♥ Pass 1 ♠ Pass

2 ♣ Pass 2 ♥ Pass

What do you bid now?

A.—Pass. This hand has all the earmarks of a misfit, so get out while the going is good. We admit that you might miss a game by so doing, but the possibility that the opponents can start doubling at the three-level is a far greater risk.

Q.3—Neither vulnerable, as South you hold:

♠762 ♥AK7 ♦K10652 ♣AK

The bidding has proceeded: South West North East

1 NT Pass 3 ♣ Pass

What do you bid now?

A.—In this situation, you usually raise partner's jump bid when you hold three trumps. Here, however, all your strength is in the outside suits, so three no trump looks like a better shot. If partner's hand is highly unbalanced, there is nothing to prevent him from bidding on.

Q.4—Both vulnerable, as South you hold:

♠954 ♥KJ8643 ♦6 ♣Q85

The bidding has proceeded: West North East South

1 ♠ 2 ♣ Pass ?

What action do you take?

A.—Pass. You have a poor hand, and the way to show it is to stay out of the auction. If you bid two hearts, partner is entitled to play you for more than a broken six-card suit and a side queen. The

No Big Loss In NBC Agreement

By JAY SHARBUTT
AP Television Writer

LOS ANGELES (AP) — Back in 1972, the Justice Department filed suit here against the three networks, accusing them of creating a monopoly over entertainment programming on TV in prime time at night.

The networks denied all, and court battle commenced.

Last Week, NBC ceased fire.

It agreed to restrictions on the production and contract deals it makes for shows it airs in return for the government dropping its antitrust suit against NBC.

ABC, which denounced parts of the agreement as "anticompetitive," and CBS, which says the suit against CBS lacks merit, still are battling the government in U.S. District Court here.

The suits wanted CBS, NBC and ABC barred from airing entertainment shows they produced, the idea being to give outside program suppliers greater access to network airwaves.

The government contended that networks were increasingly using only entertainment shows in which they held an ownership interest, thus creating a monopoly.

In NBC's case, it said that in 1975, NBC had ownership rights to 35 per cent of the entertainment it aired, but that the figure had risen in 10 years to 68 per cent.

In last week's agreement with NBC — which a federal judge still must approve — the government didn't get the ban it sought against the airing of NBC-owned shows by NBC. But it did get a partial victory of sorts.

NBC agreed, for a 10-year period, to limit the number of broadcast hours each week of shows it makes or in which it has an ownership interest.

In prime time, the agreed limit is 2 1/2 hours a week. In daytime, it's eight hours a week. In the so-called "fringe hours" — late evening and early morning — the limit is 11 hours.

But there's an important qualifier in this provision: It won't take effect until CBS and ABC either are ordered to adopt similar limits (and run out of appeals) or agree to such limits.

In any event, NBC may not be losing all that much in the deal.

It says the only prime-time entertainment show it now

owns is "Little House on the Prairie," a one-hour Monday series.

NBC says it also owns the late-hour "Tonight," "Tomorrow" and "Saturday Night Live" entertainments, but has no ownership interest in the soap operas and game shows it now airs in the daytime.

In contrast, CBS says it owns "Love of Life," a daily half-hour soap, and two hour-long evening shows, "Hawaii Five-O" and "Spencer's Pilots," the last recently axed by CBS because of low ratings.

ABC says the entertainment shows it owns are "Good Morning, America," which appears 10 hours each week, and three soap operas — "One Life to Live," "All My Children" and "General Hospital" — which also fill 10 hours a week in ABC's daytime schedule.

The network said while it owns no prime-time TV series, it does occasionally share in ownership of the made-for-TV movies, it televises at night.

Find 'Tendency' To Oral Cancer

ATLANTA (AP) — Southerners, particularly southern women, have a greater tendency than most Americans to contract oral cancer, researchers have found.

Typical victims of oral cancer show heavy use of tobacco and alcohol, poor oral hygiene, cirrhosis of the liver and a history of syphilis, said Dr. Charles Waldon of the Emory University School of Dentistry. But he added that the latter is not the major factor it once was.

A high mortality rate in oral cancer is found in eastern Tennessee, large areas of Alabama, eastern North Carolina and virtually all of Georgia.

Some scientists suspect that heavy use of snuff and poor diet contribute to the incidence of oral cancer.

"There's no question that we do see a number of mouth cancers in women who've used snuff for years," said Dr. Charles Waldon of the Emory University School of Dentistry. "But we've also seen women

who've used snuff for years but whose mucous membranes are fine."

The pathologist said it is his "own personal hunch" that researchers eventually will find that snuff is a contributing factor in oral cancer "in the susceptible person."

The suspicion that poverty is a factor is suggested by the spartan diet of many Southerners, said Mrs. Murial Levin, a bacteriologist at the East Tennessee Cancer Research Center in Knoxville.

Insurance Discrimination Widespread

RALEIGH (AP) — Women are subject to widespread discrimination in the availability and price of insurance in North Carolina, a study for the state Department of Insurance has shown.

"Business as usual in the insurance industry means in most cases charging women policyholders more for inferior benefits," a report by the Task Force on Sex Discrimination in Insurance said. The task force was appointed by Insurance Commissioner John R. Ingram in 1974 and includes legislators, lawyers, doctors, women who work in the industry and others.

The report charges: —Women sometimes are charged nearly twice what men are charged for comparable insurance.

—Some coverage may not be available to a woman, particularly if she is single or head of a household.

—Health insurance is more prone to pay for problems peculiar to men than that it is to pay for health problems suffered by women only. Maternity coverage is limited and abortion

coverage is even harder to get. The discrimination is throughout the industry, though some companies have made attempts to limit the bias, said Gloria Jimenez, acting deputy insurance commissioner for administrative law.

In addition to ferreting out discrimination, the task force also compiled a list of recommendations to eliminate sex bias in insurance. The panel will recommend changes in law to the legislature that would: —Flatly ban insurance discrimination on the basis of sex or marital status.

—Prohibit health insurance companies from excluding from their coverage problems peculiar to women such as pregnancy-related problems.

—Update mortality tables for life insurance so that women would enjoy the benefits of their longer life expectancy.

Also recommended by the panel was that Ingram administratively prohibit sex and marital status discrimination in rates or availability of insurance. He will have a hearing on that proposal at 2 p.m. Here is a summary of the

major areas of discrimination found by the task force:

—In life insurance, women do not enjoy full benefit of that fact that, on the whole, they live five to seven years longer than men. State law allows companies to charge a woman the same rate it would charge a man three years younger.

—On the other hand, when selling annuities, the companies recognize the full life expectancy difference and they must pay premiums five to seven years longer than men to obtain the coverage.

—In many cases, women are not allowed to purchase as much life insurance as men be-

cause women are not considered by the companies to be the primary source of family income.

—In health insurance, group policies commonly allow greater maternity coverage for the wives of men with family policies than they do to women with individual policies.

"This is blatantly unfair to working women, violates...the Civil Rights Act and seems to lack any financial basis," the report said. Mrs. Jimenez said the federal government has not vigorously enforced the Civil Rights Act in the insurance industry.

—Group insurance rates were substantially higher for groups composed primarily of women. Maternity coverage for a group that was 90 per cent women was as much as 19 times higher than for a group that was 90 per cent men.

—Most companies deny coverage of operations concerning the female reproductive system for the first six months the policy is in effect.

—Disability insurance costs ran as much as 50 per cent higher for women than men even though they were no greater risk statistically.

"Many insurance companies still operate on outdated assumptions about women in the job market—that they are not permanent members in the job market, that a woman's place is in the home where she really prefers to be," the report said.

—Companies commonly allow women to buy substantially less disability insurance than men, regardless of income and the coverage is inferior for women. Typically, a man can collect benefits for 60 months while women are limited to 24 months when unable to perform the insured job.

The task force said discrimination against women in other lines of insurance such as homeowners, general liability and automobile collision are more subtle and are difficult to document.

Farm Scene

By Leroy James, Agricultural Extension Agent

On the average you can save \$15. per acre on soybeans. In North Carolina we leave about 13.9 percent of our soybean crop in the field. The major portion of this loss is due to gathering units losses. This means that the soybeans are lost before they enter the combine, and therefore, they never have a chance to be counted into the yield.

Putting a pencil to the economics of proper combine adjustments is very simple. A soybean producer running a combine in 30 bushels per acre loses 15 percent as harvest losses will be leaving 4.5 bushels of beans per acre in the field.

I soybean harvest losses can be cut to 8 percent with proper management and operation of the combine, yield reductions will only be 2.4 bushels per acre. This 2.1 bushels per acre savings can mean \$12 to \$15 per acre in increased profit. For each 100 acres of soybeans grown, this will mean \$1200 to 1500 clear profit.

One particular area that we need to continue to monitor as we harvest this year's bean crop is ground speed. There is a

direct relationship between the ground speed of the combine and the height the cutter-bar can be run.

Effective combine adjustments can be made only if we know the amount and source of our losses.

It is most important that we measure field losses during harvest no matter how experienced our combine operator might be. The fact that the combine may be new this year has no bearing on whether it is properly adjusted. Changes in both field conditions and the combine can go unnoticed by even most experienced operators and will cause excessive losses if we do not continually monitor efficiency. Losses are not readily noticeable from the cab.

The only way I know to insure that we are doing an efficient job with the combine is to stop the machine and make counts periodically. These counts will give us an idea of what our losses are and what machine adjustments should be made. The entire matter of measuring field losses may seem complicated at first but the process is very quick and easy once it has been done a few times.

Their Vision Discouraging

PHILADELPHIA (AP) — The contest rules were simple: "Think of what our cities might be like in the future and then dream up an animal that would be perfectly adapted to that environment."

For city dwellers, the results were not encouraging. The city as a trash heap and the city as a pollution center were what the contest entrants thought were most likely to be in store for the nation's urban areas.

About 40 per cent of the nearly 2,000 entries, "especially those of the children, reflect an image of the city as a trash heap," said Vi Dodge, editor of Philadelphia's Academy of Science's quarterly magazine which launched the contest.

"Drawing after drawing depicted animals that consumed or thrived on trash," she said. "Fewer than 2.5 per cent reflected a positive view of cities," she said, with most of those entries "from the more affluent schools and neighborhoods."

First prize went to Susan Smolinsky's "Molismena," a drawing of a face which resembled a tribal mask and came complete with horns "for protection against flying garbage."

"Molismena" is the Greek word for pollution. Miss Smolinsky, 14, of Lafayette Hill, gave her Molismena zip-shell eyes and ears and a fan imbedded in the forehead "to blow away dangerous particles."

Second prize was awarded to Tim Cheney's drawing of a futuristic subway rider equipped with a tortoise shell top for protection against muggers and a bellybutton which spits out exact change.

Cheney, 17, a Phoenixville high school senior, said Friday his drawing was based on what he reads, hears and sees.

Beside hard top and exact changer, Genus' environmental adaptations include shock absorbers for legs, built-in ear plugs and an extendable neck for reading over riders' shoulders.

Belated Thanks For Adoption

ST. PAUL (AP) — A judge in St. Paul has received belated thanks from an 8-year-old boy whose adoption he approved in 1969.

"Dear your honor," began the letter to Juvenile Court Judge Archie Gingold from a Maplewood boy. "I thank you for letting my Mom and Dad adopt me."

The letter goes on to tell how happy the boy is, that he has twin sisters, that the family goes camping and skiing and that he is learning to play the guitar.

The boy enclosed a photograph of himself and four pennies "because you deserve it." Judge Gingold said he wrote back, saying he was pleased to learn of the boy's happiness and that his donation would be used to help less fortunate children.

MANY BIRDS

WASHINGTON (UPI) — Bargains in turkeys and broiler-fryers are a good prospect for November, just in time for Thanksgiving. A greatly increased supply is responsible, says the U.S. Department of Agriculture. Beef and pork are also in large supply for the period.

01 PUBLIC NOTICES

NOTICE OF SALE
North Carolina
TAKE NOTICE that in accordance with Section 115-126 of the General Statutes of North Carolina, the Greenville City Board of Education having decided that the real property described herein is surplus and unnecessary for school purposes, will sell to the highest bidder for CASH at the Pitt County Courthouse in Greenville, North Carolina, at 11:00 o'clock A.M., on

FRIDAY, DECEMBER 17, 1976,
those certain lots or tracts of land located in (or near) the City of Greenville, North Carolina, as follows, to-wit:

All of lots or tracts 1, 2, 3 and 4, containing a total of 21 acres, as shown on that certain map entitled, "Lynndale School Site, Greenville, North Carolina," dated January 1, 1968, prepared by Rivers & Associates, Inc., Consulting Engineers and of record in Map Book of pages 9 and 91A of the Pitt County Registry, to which map reference is hereby made for a more particular description.

The above land will be sold for CASH, and the sale will remain open for ten (10) days to permit the making of an upset bid. A 10% cash deposit will be required of the highest bidder on the date of sale.

The Greenville City Board of Education reserves the right to reject any and all bids.

Additional information pertaining to the proposed sale may be obtained from the office of the Superintendent of the Greenville City Schools, Glen L. Cox, at 431 West Fifth Street, Greenville, North Carolina.

On the 16th day of November, 1976.

GREENVILLE CITY BOARD OF EDUCATION
By Chairman
Henry Dunn, Jr.
SPECIAL ATTORNEY
BREWSTER, ATTORNEYS
Nov. 22 and 30; Dec. 8 and 16

RESOLUTION NO. 317
A RESOLUTION DECLARING THE INTENT OF THE CITY OF GREENVILLE, NORTH CAROLINA, TO CLOSE A PORTION OF POLLARD STREET ABUTTING THE SEABOARD COAST LINE RAILROAD PROPERTY ON THE NORTH AND THE FRED WEBB, INC., PROPERTY ON THE SOUTH.

WHEREAS, application has been made by Fred Webb, Inc., Pollard for the closing of a dedicated portion of Pollard Street, north of the City of Greenville, North Carolina, as hereinafter described, and

WHEREAS, the Planning and Zoning Board of the City of Greenville considered the withdrawal from dedication and closing of said street at its regular October, 1976, meeting and at said meeting recommended that said street be withdrawn from dedication and closed; and

WHEREAS, it is the intention of this Council to conduct a hearing at the regularly scheduled December 2, 1976, meeting of the City Council in order to permit any person who may desire to be heard on the question of whether or not the closing would be detrimental to the public interest, or the property rights of any individual; and

WHEREAS, that portion of Pollard Street proposed to be closed is described as follows: Pollard Street abutting the J. C. Pollard property on the north and the Fred Webb, Inc. property on the south.

Location: Located at the east end of Pollard Street north of the Fred Webb School property and abutting the Seaboard Coast Line Railroad right-of-way.

BEGINNING at a point where the eastern right-of-way line of Julie Street intersects the southern right-of-way line of Pollard Street, running thence, easterly, along the southern right-of-way line of Pollard Street, a distance of 140 feet to a point; thence, southerly, along a line that parallel to the eastern right-of-way line of Pollard Street, approximately 550 feet to the western right-of-way line of the Seaboard Coast Line Railroad; thence, northerly, along the western right-of-way line of Pollard Street; thence, northerly, along the eastern right-of-way line of Julie Street were projected to the northern right-of-way line of Pollard Street; thence, southerly, crossing Pollard Street, approximately 30.5 feet to the southern right-of-way line of Pollard Street, the point of BEGINNING.

Containing approximately .4 of an acre.

This description prepared by C. A. Holliday, P. E., City Engineer, from a plan of Greenville, N.C., dated 1976.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF GREENVILLE, NORTH CAROLINA, that it is the intention of the City of Greenville, North Carolina, pursuant to the provisions of G.S. 160A-299 to permanently close the dedicated portion of Pollard Street from Julie Street easterly to the railroad as herein above described. That this resolution shall be published once a week for four successive weeks prior to the hearing in the Daily Reflector, that a copy of this Resolution shall be sent by registered or certified mail to all owners of property adjoining the street as shown on the County Tax record and a notice of this Resolution shall be prominently posted in at least two places along the street or highway. That further the Council will at the regular December 2, 1976, meeting of the City Council conduct a public hearing upon the proposed closing at which time any person may be heard on the question of whether or not the closing would be detrimental to the public interest, or the property rights of any individual.

RESOLVED this 4th day of November, 1976.

/s/ Percy R. Cox
MAYOR

/s/ Lois D. Worthington

Stock And Market Reports

RALEIGH (AP) (NCDA) — The trend on the North Carolina hog market was steady to 50 cents higher today. Wilson 34.00-35.00; High Falls 32.75-33.25; Rocky Mount 33.50-34.00; Kinston 33.50-34.50; Clinton, Fayetteville, Dunn, Pink Hill, Pine Level, Chadbourne, Ayden, Laurinburg and Benson 35.00; Tarboro and Bethel 33.50-34.00; Salisbury 32.00.

RALEIGH (AP) (NCDA) — Trading on the North Carolina f.o.b. dock broker market was active and the market was firm today with supplies adequate, demand good, weights lighter.

The North Carolina dock weighted average price is 34.33 cents per pound this week for small purchases of sized plant grade broilers picked up at processing plant. Estimated slaughter today 1,122,000.

NEW YORK (AP) — The stock market staged a gradual but steady advance today, getting a lift from evidence that the Federal Reserve had moved to stimulate the economy.

Trading was fairly active. The 11:30 a.m. Dow Jones average of 30 industrial stocks was up 3.74 at 952.54. Gainers outnumbered losers by about a 2-1 margin among New York Stock Exchange-listed issues.

After the NYSE close on Friday, the Fed announced approval of a reduction in its discount rate—the charge it makes on loans to its member commercial banks—from 5 1/2 to 5 1/4 per cent.

The move was seen as a step to include easier credit conditions and stepped-up business activity.

The First National Bank of Chicago followed through this morning by cutting its prime lending rate from 6 1/2 to 6 1/4 per cent, effective Tuesday.

A similar reduction in the basic rate on blue-chip loans was announced Friday by Morgan Guaranty Trust of New York.

With those developments going for it, the market seemed

unperturbed by a judge's ruling Friday evening against one part of a financial rescue plan developed last year for New York City.

Analysts noted an atmosphere of calm as officials sought an alternative way to keep the rescue plan in operation.

Of apparently greater concern to traders was the continued prospect of an oil price increase by members of the Organization of Petroleum Exporting Countries next month.

American Telephone & Telegraph topped the active list down 1/4 at 61 1/4.

WASHINGTON (AP) — Holiday motorists should find the prices of all grades of gasoline slightly lower than on Labor Day, the American Automobile Association reported today after a spot check of 3,700 retail fuel outlets across the country.

The association said regular gasoline averages 61.5 cents per gallon for the upcoming four-day weekend, down four-tenths of one cent from Labor Day, traditional end of the heavy-travel season. Premium gasoline averages 65.8 cents per gallon, down from 66 cents, and unleaded 63.8 cents, down from 63.9 cents, AAA said.

Diesel fuel is averaging 53.3 cents a gallon, the association said.

The association said its survey indicated that motorists should find adequate supplies of all grades over the long weekend.

Over 70 per cent of the stations surveyed said they planned to be open on the holiday itself, Thursday, Nov. 25; more than half indicated they would pump gas after 6 p.m. that day; all said normal operating hours would be observed on Friday and Saturday, and only 20 per cent said they would be closed on Sunday.

At least 15 per cent of the stations contacted said they would remain open around the clock throughout the four-day weekend.

The highest prices found in the survey were in Mammoth Lakes, Calif., where regular grade fuel was 75.9 cents per gallon, premium 79.9 and un-

Brezhnev In Romania To Tighten Ties

Gasoline Prices Won't Equal Labor Day Level

By ALEXANDER G. HIGGINS Associated Press Writer BUCHAREST, Romania (AP) — Soviet leader Leonid I. Brezhnev arrived in Bucharest today to tighten the Kremlin's ties with its maverick East European ally. But Romanian leader Nicolae Ceausescu appears certain to retain the independence he has established.

Even as Ceausescu welcomed Brezhnev at Otopeni Airport, U.S. Commerce Secretary Elliot Richardson was talking with officials a few miles away in downtown Bucharest about ways of expanding U.S.-Romanian trade.

Diplomatic observers said that although Romania may be showing willing to improve relations with the Soviet Union it hasn't changed its basic stance of being independent and developing ties with non-Communist countries.

Brezhnev's arrival today marks his first visit in 10 years. In the interim, both Presidents Nixon and Ford have visited Ceausescu and received warm welcomes.

Strained relations between Romania and the Soviet Union dating back to the mid-1950s have improved, at least outwardly, since the summit conference of European Communist parties in East Berlin last June.

Brezhnev at that meeting appeared to accept the right of each Communist party to chart its own course without directives from Moscow. And in a visit last week to the pioneer European rebel against Moscow's domination, President Tito, the Soviet Communist party chief renewed his acceptance of Yugoslavia's independent stand.

Observers believe Brezhnev's trips to Yugoslavia and Romania are part of a campaign to present a unified Communist front when the 35 signers of the 1975 Helsinki Agreement on East-West cooperation meet in Belgrade next summer.

Relations between the Soviet Union and Romania hit their lowest point in 1968. Romania was the only Warsaw Pact country that refused to contribute troops to the Soviet invasion of Czechoslovakia, and Ceausescu denounced the Brezhnev Doctrine that Moscow should take military action against Communist governments whose interpretation of Marxism varied too much from the Soviet line.

Unlike Yugoslavia, Romania is tied to its big northern neighbor as a member of both Comecon, the East European version of the Common Market, and the Warsaw Pact.

But Romania, like Yugoslavia, has made individual trade agreements with Western and nonaligned countries.

Mrs. MacBean, 37, served as social secretary to the Carters when Jimmy Carter was governor of Georgia, and was Mrs. Carter's staff director during the presidential campaign.

Mary Finch Hoyt, 52, who has served as press secretary to Mrs. Carter since the Democratic convention last July, has been selected as Mrs. Carter's press secretary, the sources said.

The appointments were scheduled to be announced today along with the names of other members of the Carter transition.

Mrs. MacBean is from the Startown Community in Catawba County near Newton. Her father, George Frye, still lives there.

Mrs. MacBean will be in charge of organizing Mrs. Carter's move to the White House.

She is married to Neville MacBean, an Atlanta architect, and worked as vice president of marketing for an Atlanta real estate firm before joining Gov. Carter's staff. During the mid-sixties she served as tourist representative for the state of Georgia.

Obituaries

Barrett Mr. Ernest Lee (Buddy Pat) Barrett died Sunday as a result of an automobile accident. He was the son of Mrs. Mary Barrett of Rt. 1 Greenville. Funeral arrangements are incomplete at the Hemby Funeral Home in Fountain.

Carraway Mrs. Anna Norris Carraway, 76, died at the Greenville Nursing Villa Sunday morning. Graveside services will be conducted at 11 o'clock Tuesday morning at Forrest Hills Cemetery, Farmville. The Rev. Robert E. Parvin, her pastor, and the Rev. Adrian Brown, Methodist minister of Greenville, will officiate. The body will be at the Wilkerson Funeral Home until the funeral hour.

Mrs. Carraway, a native of Ayden, spent her early years there, and lived in Farmville for a number of years. Since 1951 time she had made her home with her daughter, Mrs. R. Norris Merritt, 1728 Beaumont Rd., Greenville. She was a member of the Farmville Christian Church.

She is survived by two daughters, Mrs. R. Norris Merritt of Greenville, and Mrs. Frances C. Ramsburg of Arlington, Va.; a brother, Joseph R. Norris of New Brunswick, N.J., and four grandchildren.

The family will receive friends at the funeral home from seven to nine o'clock tonight.

Everette TARBORO — Samuel Oscar Everette died Sunday night in Edgemore General Hospital. He was the brother of Willie Everette of Tarboro. Funeral arrangements are incomplete at Hemby Wiloughby Mortuary in Tarboro.

Gay Mr. George Lawrence Gay, 51, of Rt. 1, Greenville died Sunday in an auto accident. He was the son of Mr. Robert Gay of near Bell Arthur. Funeral services

are incomplete at Phillips Brothers Mortuary.

Mills WASHINGTON, N.C. — Mr. Snodie Mills, 68, a retired merchant and farmer, died Sunday.

Funeral services will be held Tuesday at 3:30 p.m. at the Paul Funeral Home Chapel here. Burial will be in Pamlico Memorial Gardens.

Surviving him are his wife, Mrs. Minnie Ruth Ross Mills; two sons, Milton L. and William Earl Mills, both of Rt. 2, Washington; two daughters, Mrs. J. T. Jefferson of Rt. 2, Washington and Mrs. Margie Phelps of Asheboro; a brother, Collin Mills of Greenville; four sisters, Mrs. Lucille Woolard of Rt. 4, Washington, Mrs. Leatha Mae Phelps of Washington, Mrs. Estelle Smith of Chocowinity, and Mrs. Janie Cashion of Greenville; seven grandchildren; and a great grandchild.

She is survived by two daughters, Mrs. R. Norris Merritt of Greenville, and Mrs. Frances C. Ramsburg of Arlington, Va.; a brother, Joseph R. Norris of New Brunswick, N.J., and four grandchildren.

The family will receive friends at the funeral home from seven to nine o'clock tonight.

Arrested Two On Drug Counts The Pitt County Sheriff's Department arrested two men Friday night on drug violation counts, according to Sheriff Ralph Tyson.

He reported that deputies arrested Danny Ray Taylor, 18, of Rt. 8, Box 1300, Greenville, and J. Thomas Little, 17, of Lot 5, Box 52, Greenville, and charged them with possession of marijuana.

Sheriff Tyson said that the arrests took place around 10:45 p.m. Friday on Rural Road 1560 near Pactolus.

Officers confiscated a small quantity of marijuana at the time of arrest, he said. Hearings have been scheduled for Dec. 1 in District Court here.

Expect No Risks From N.C. Radiation Cloud

RALEIGH, N.C. (AP) — A radiation cloud from last week's Chinese nuclear test moved over North Carolina Sunday, but Environmental Protection Agency officials said they expected no serious problems.

Analyses of air samples taken in several North Carolina counties were expected to be available late Monday, said Dayne H. Brown, head of the state's Radiation Protection Branch of the state Department of Human Resources.

Samples of milk, one of the first substances to show radiation, were taken in 10 counties, said Brown, adding that farmers would be told to put their cows on feed rather than pasture land, should the samples show high levels of radiation.

"We don't anticipate any action would be necessary," Brown said.

The cloud moved over North Carolina Sunday morning and drifted out to sea by afternoon, said H. Richard Payne, chief of the EPA's environmental radiating program in Atlanta.

"Up until now, all we have been able to do is make some projections on directions and trajectory of the cloud," he said. "We have no concentration readings at all, no indication of the amount of deposition anywhere in the country."

Residual air contamination was expected "for at least a couple of days," Payne said. "The longer it goes, the more diluted it (the radiation) gets."

Mrs. MacBean, 37, served as social secretary to the Carters when Jimmy Carter was governor of Georgia, and was Mrs. Carter's staff director during the presidential campaign.

Mary Finch Hoyt, 52, who has served as press secretary to Mrs. Carter since the Democratic convention last July, has been selected as Mrs. Carter's press secretary, the sources said.

The appointments were scheduled to be announced today along with the names of other members of the Carter transition.

She is married to Neville MacBean, an Atlanta architect, and worked as vice president of marketing for an Atlanta real estate firm before joining Gov. Carter's staff. During the mid-sixties she served as tourist representative for the state of Georgia.

Washington (AP) — Madeline MacBean, a native of Newton, N.C., has been selected to serve as transition director for Rosalynn Carter, wife of the President-elect, sources close to the Carters said Sunday.

Mrs. MacBean, 37, served as social secretary to the Carters when Jimmy Carter was governor of Georgia, and was Mrs. Carter's staff director during the presidential campaign.

Harvester Pacts OK'd

CHICAGO (AP) — Some 40,000 hourly and salaried workers at International Harvester return to work today after overwhelmingly ratifying new three-year contracts.

Pat Greathouse, United Auto Workers vice president, said Sunday that production and maintenance workers approved the pacts reached last week by more than 95 per cent.

The agreements, which cover clerical and technical employees and union members covered under the parts depot agreement, while skilled tradesmen okayed the pact by more than 90 per cent, he added.

Voting on the four agreements — one covering manufacturing workers, another for parts depot and distribution center employees and two for clerical and technical workers — was conducted at 36 bargaining units Sunday after a three-day walkout.

The pacts follow a pattern similar to those reached earlier this month at Deere & Co., where workers were on strike for about five weeks.

Hourly wage increases averaging \$1.10 an hour over three years are provided under the new contracts, a union spokesman said.

Angry Mayor Says City Will Pay Debts

NEW YORK (AP) — Mayor Abraham Beame has "absolutely" ruled out new taxes and heavier layoffs in the face of the city's new fiscal crisis, caused by a court ruling that the city can't postpone paying off \$1 billion in bonds.

The mayor also said at a Sunday news conference — sandwiched between crisis meetings with city, state and federal officials — that nobody who lent money to the city would be "stuck."

"Nobody was ever 'stuck,'" the mayor added testily. "New York is going to pay all its debts. It always has."

Beame revealed that he had talked by telephone with President-elect Jimmy Carter Saturday and that Carter had promised to talk to Secretary of the Treasury William Simon about the city's latest problem, saying he "would do all he could" to help.

The latest crisis arose Friday when the Court of Appeals, the state's highest, held that an important part of the last year's fiscal package that saved the city from default — a moratorium on repayment of \$1.6 billion in short-term notes — was unconstitutional.

Correction A name was printed incorrectly in the Sunday Morning Notes column.

The newspaper clipping was furnished by J. B. Taylor of Rt. 8, Box 130, Greenville.

New Bridge Is Dedicated

SILOAM, N.C. (AP) — A crowd of some 500 persons, including survivors of the collapse of a one-lane bridge last year, watched quietly Saturday as a new \$1 million bridge spanning the Yadkin River was dedicated.

"This is a sad moment. I'm glad to see it all over," said Edwin Atkinson, whose parents, Hugh and Ola Atkinson of Siloam, died when their car plunged into the river on the foggy night of Feb. 23, 1975.

Four persons were killed and 16 injured when a car struck a key support and the bridge collapsed.

The new span, the Atkinson-Needham Memorial Bridge, is named for the Atkinsons and the two other victims, Mrs. Judy Needham of Pinnacle and her 3-year-old daughter, Andrea.

The new two-lane, 486-foot concrete structure stands downstream from the supports of the old bridge, still visible in the river.

The ribbon-cutting ceremony was attended by officials of the state Department of Transportation, Federal Highway Administration, U.S. Army Corps of Engineers and local officials.

Correction A Cub Scout Rally will be held in two locations in Greenville Monday at 7:30 p.m., rather than Tuesday night as reported in the Sunday edition of the Daily Reflector. The meetings will be held at Sadie Sauter School and Wahl-Coates School to allow boys between the ages of 8 to 10 to find out more about cub scouting.

The Meeting Place

- MONDAY
- 6:15 p.m.—Greenville Chamber, National Secretaries Association meets at Three Steers
- 6:30 p.m.—Rotary Club meets
- 6:30 p.m.—Pilot Club meets at Ramda Inn

IT'S NEW IT'S CALLED VIR BROADCAST CONTROLLED COLOR TV

Many TV programs are now transmitted with a special color reference signal called VIR. When the VIR signal is present, new sophisticated computer-type circuitry in selected General Electric color models, uses this signal to automatically adjust the color and tint of the television picture. This means you won't have to fiddle with those color control settings. Instead, this truly automatic VIR system makes the adjustments for you.

GE's Broadcast Controlled Color System consistently gives you color and tint automatically adjusted by the VIR signal from the broadcasters themselves.

Come in for a demonstration ask us to show you the extent to which VIR is available in this area.

25" Diagonal Color Console TV
19" Diagonal Color TV

THESE VIR COLOR TV'S FEATURE:

- VIR Broadcast Controlled Color TV
- Custom Picture Control
- 100% Solid State Chassis
- Modular Chassis Design
- GE's In-Line Picture Tube System
- Black Matrix Picture Tube
- Illuminated Digital Readout
- Cable-Ready Antenna Connector
- DC Restoration
- Sharpness Control

YOU'VE GOT TO SEE IT TO BELIEVE IT! COME IN FOR A DEMONSTRATION TODAY!

30 DAY MONEY BACK - VIR COLOR TV POLICY

By your General Electric 19" or 25" VIR Broadcast Controlled Color TV from a participating retail dealer and give it normal use. If you are not completely satisfied, bring your POLICY certificate to the retail dealer from whom you purchased the set within sixty days. He will take the set back and refund your money, in full. This offer applies to purchases made prior to December 31, 1976.

LET THERE BE LIGHT

Your telephone rings. It is your REALTOR saying that he is coming right over with a prospect. You hang up with a prospect. What's the next thing you do? Turn on every light in the house. Why? Because you want to give the prospect the best image you can of the comfort, beauty and livability you are offering. In other words, you want to sell a home not a house. And full illumination is the best way to give your home that "lived-in" look. Furniture and rugs and fixtures take on a warm glow from the proper lighting. Here are a few "bright" ideas:

- Turn on every lamp in the living room, bedrooms and family room. Be careful about turning on the overhead lights in these rooms for it could be harsh and make the room look uninviting. Turn on every light in a storage room or closet. Go all out in illuminating the kitchen—the cheerier the better. Brighten up the bathroom too—but carefully choose the right wattage for bulbs by the mirror, pick the most flattering one. Remember, it
