

## Closing Of Schools Is Debated

By WILLIAM M. WELCH  
Associated Press Writer

RALEIGH, N.C. (AP) — North Carolina remained in a state of emergency today because of diminishing fuel supplies, but state officials and legislators were in disagreement over whether it was serious enough to close public schools.

Gov. Jim Hunt's declaration of an energy crisis because of a shortage of natural gas, kerosene, heating oil and propane was backed up Wednesday by the Legislative Committee on Crisis Management, which enacted his emergency conservation order.

Hunt and Supt. of Public Instruction Craig Phillips raised objections, to a bill introduced by Sen. Craig Lawing, D-Mecklenburg, which would close all

public schools for two weeks as a way to preserve fuel supplies. "We don't see any need to do it," Hunt said through a spokesman. "We understand from the school people that they have all the fuel they need."

In a meeting this morning, the Senate Education Committee decided that Lawing's bill apparently would not conserve energy. It recommended to the full Senate that the

measure be sent to committee rather than rushed into enactment as proposed by Lawing. Officials from the Department of Public Instruction told the committee today that savings on fuel would be minimal and that the use of fuel to heat homes, where children would have to stay all day, would be tripled.

The conservation measures went into effect immediately, and imposed strict orders on

state government operations while asking homes, businesses and schools to voluntarily cut down thermostats and follow energy-saving suggestions.

Under Hunt's plans, state workers will be given next Monday off, and will work 10-hour days the rest of the week. All buildings owned or leased by state government will have thermostats turned down to 62 degrees during operating hours and 55 degrees during other

times.

The conservation order asks all retail businesses to cut back their operations to 48 hours a week and to lower their thermostats to the same levels as state government. Schools and churches were asked to cancel or reschedule for afternoons all night activities.

Lawing's school bill was filed after representatives of North Carolina oil distributors gave an appraisal of state fuel supplies to a legislative committee for the second day in a row.

"They (oil representatives) said they did not have ample supply on hand to fulfill the contract for the schools," he said.

Sen. Wesley Webster, D-Rockingham, chairman of the

Public Utilities Committee, said he had a list of 10 counties where distributors have no more supplies of kerosene remaining.

"It's a very good possibility people in these ten counties would be cut out of oil by next week," Webster said.

Webster and oil company executives refused to release the list, saying it might cause undue alarm. But he said the counties were largely rural and spread across the state.

Don Ward, executive secretary of the North Carolina Oil Jobbers Association, said his group has not taken a position on closing schools. But Ward said he personally agreed with assessments offered to the com-

mittee by other association officers recommending that it consider closing schools for as long as four weeks.

"I feel practically all jobbers in eastern North Carolina and most across the rest of the state would agree with this assessment," he said.

The four-day work week for state employees will not effect all agencies, Hunt said courts will continue their regular schedule, but administrative court offices will be closed one day. Also exempted from the schedule change are hospitals, Highway Patrol offices, prison units, the State Bureau of Investigation and universities.

## Merchants Will Reduce Hours

By SUSAN QUINN  
Reflector Staff Writer

Approximately 150 Greenville area merchants voted Wednesday afternoon to support Governor Jim Hunt's recommendation for the voluntary reduction of retail business operation to 48 hours per week.

The merchants met with Merchants Committee chairmen Morris Brody and Fred Baumann of the Economic and Industrial Development Division of the Greenville Area Chamber of Commerce. Jerry Powell chairman of the division conducted the meeting.

Charles Horne, Director of the Greenville Utilities Commission, said that support of the Governor's recommendation is the best thing to do and that the energy situation is unpredictable at this time.

"I believe that the governor's action is probably the best thing, in that North Carolina may be able to hold on to the gas that we are now getting. We are in far better shape than many other states and it is possible that some of our fuel may be requested to be sent to other states. It seems that we can protect this position by a reduction of usage," Horne said.

"I wish that I could provide more factual information at this time about the gas situation. I do know that all customers except R customers, which are commercial users and residential users, have been cut off. I do not know if they will ask us to cut off the commercial customers. With the electric energy we have not received any notice from VEPCO since January 17 to cutback. We all know however that electricity is just one form of energy and when one form of energy suffers the others suffer also," Horne said.

Ed Walker, executive vice

president of the Chamber reported that several of the Chamber of Commerce and merchants associations across the state have been meeting to decide whether to support the reduction of hours. Walker stressed the importance of the compliance of the voluntary reduction.

"I talked with Thompson Greenwood, executive vice president of the N.C. Merchants Association who was in the Legislature when the action was passed this morning. He said that it was stressed that the program is now voluntary, but if this does not work, the Governor can make

it a mandatory 40 hour work week like Virginia. The purpose of this meeting today was to get together and decide what we are willing to do. We need a consensus of an opinion today," Walker said.

Bill Freelove owner of McDonalds said that his business has already begun partial reduction of work hours.

"Yesterday we began cutting back 10 per cent. We are not in a position to cut back to 48 hours from about 112 hours. A percentage reduction of hours in operation would be easier. I think that the percentage cutback would be a big help," Freelove said.

Baumann, chairman of the merchants committee, said that each business will have to decide how to best face the reduction for that particular business.

"We have many different businesses and each different business has particular problems. We do know that we as merchants of retail businesses should go to a 48 hour work week. One set of scheduling would be unrealistic for another business. Those operating six days a week now are very different from those businesses who are operating 50 hours a week. Perhaps if those persons here from common groups could get together and discuss the problem and decide when they will operate it would be a good way to work it," Baumann said.

Irving Ertis questioned the possibility of cutting back on hours on a percentage basis.

"What percentage are we looking to save? Is there any percentage of fuel that we are trying to save? In Kinston the Vernon Park Mall merchants and the downtown merchants met this morning and decided to cutback on a percentage basis and it seems to be a good approach," Ertis said.

Powell said that most of the people at the meeting seemed in favor of complying with the hour reduction and asked if anyone would like to make a motion of support. A motion was made and seconded and the group unanimously voted in support of the voluntary reduction of hours with a voice vote.

Following the meeting merchants of common businesses met and arranged future meetings to decide when to be open.

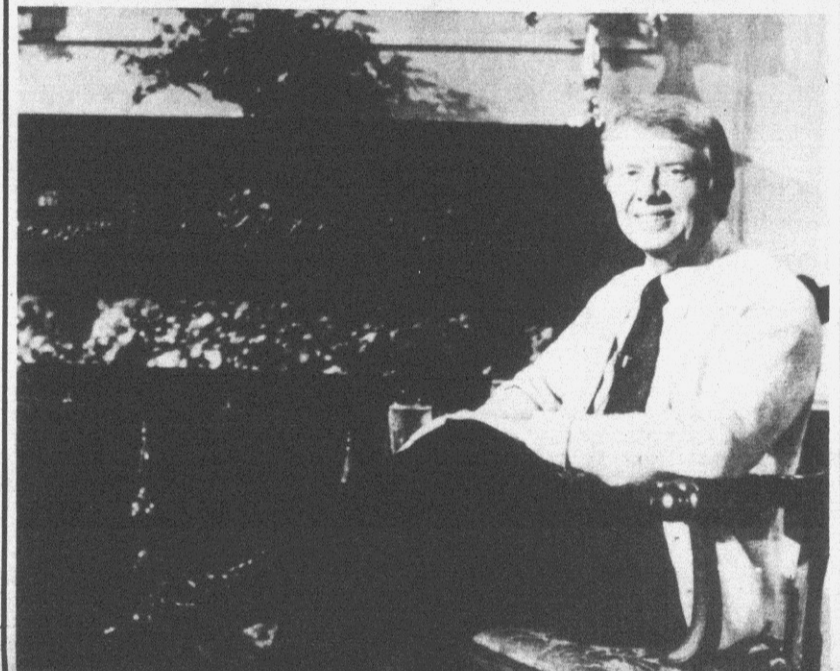

The Greenville merchants are trying to reduce their hours of operation by Friday.

DISCUSS LEGISLATION — Merchants Committee chairmen Fred Baumann, center, and Morris Brody, second from right; discuss reduction of business hours legislation with Vernon Wilkins of Kings

Department Store, left; George Martin of S.E. Nichols, second from left and Bill Freelove of McDonalds, right; following the merchants meeting Wednesday. (Reflector photo by Susan Quinn)

## Carter In Brief

FIRESIDE CHAT, CARTER STYLE — President Carter sits beside the fireplace in Library of the White House Living Quarters Wednesday night.

WASHINGTON (AP) — Here at a glance are some highlights of President Carter's fireside chat Wednesday night:

Energy — Carter termed development of a national energy policy "one of our most urgent projects," and praised Congress for passing the emergency natural gas bill that he had just signed into law. He said he will complete planning by April 20 on a long-term energy program with a stress on conservation, and he urged cooperation and some sacrifices.

Economy — He defended his economic recovery plan as a balanced one with tax benefits through rebates and some permanent tax cuts along with work projects. He called the \$31 billion package an "excellent investment in the future." He said he will present a comprehensive tax reform program to Congress before the end of the year.

Welfare — He said the welfare system needs a complete overhaul, and a review

already has started. He said his administration will work with Congress to develop proposals for a new system that would minimize abuse, strengthen the family and stress adequate support for those who cannot work and training and jobs for those who can work.

Public contact — He said he would conduct an open administration with frequent news conferences and reports to the people and meetings where the public can voice its views. He said he and his advisers are planning with some radio networks the possibility of call-in sessions during which he can take phone calls and answer questions.

Foreign policy — He said he is determined to have a strong fighting force. He said foreign policy should be based on close cooperation with allies and worldwide respect for human rights. He said he would strive to improve relations with the Soviet Union and China.

## Senate OKs Pay Increase

By JOHN CHADWICK  
Associated Press Writer

WASHINGTON (AP) — Automatic pay raises of nearly \$13,000 a year for members of Congress and other top government officials are a step closer to reality.

The Senate voted 56 to 42 Wednesday to kill an amendment by Sen. James B. Allen, D-Ala., to block the increases, which would boost the lawmakers' pay from \$44,600 to \$57,500.

The hikes for Congress, federal judges, Cabinet members and other top government officials were recommended by former President Gerald Ford

and supported by President Carter. They take effect automatically Feb. 20 unless the Senate or House intervenes.

Allen told reporters the issue now appears to be settled. He said he would renew his efforts to block the increases only if at least five senators tell him they have shifted position and will vote no. This might happen if they felt "enough heat from back home," he said.

Despite the loss, Allen said at least he succeeded in forcing a roll call vote that put senators on record on the pay hike.

ALPHA AVIATION ... general manager Dwayne Eisenhower and president Les Fuchs, with Aerostar twin-engine aircraft. Alpha moved its operation from Kinston to Greenville this week.

## Alford Avers No Talks Requested

Superintendent of Pitt County Schools, Ott Alford said Thursday morning in reply to comments made at a joint meeting of the Pitt County Board of Commissioners and the Greenville City School Board Tuesday

night, that no request of a joint meeting between the city and county school boards had been issued.

"My primary concern is with the comment by chairman Dunn in saying that the Pitt County

Board of Education had not been receptive to any consideration of the \$12 million bond issue and that the county board had chosen not to talk with the city board.

## Aviation Service Firm Moves To Greenville

Alpha Aviation — a firm offering charters, rentals, sales, flight instruction, aircraft management and maintenance — has moved its operation from Kinston to the Pitt-Greenville Airport.

Les Fuchs, president of Alpha Aviation, said the move was made because, "We feel Greenville has tremendous potential for general aviation," and "realized there was no similar facility at all in Greenville."

"We saw the opportunity to provide our service."

According to Fuchs, "we had to give up our hanger in Kinston," due to the terminal expansion program there. "We had to build somewhere and felt this was the place to build."

The new Alpha Aviation facility at Pitt-Greenville is a 10,000 square foot building constructed on land leased from the Airport Authority. It provides office space for the firm as well as maintenance facilities.

Fuchs said Alpha has "probably the largest charter operation in Eastern North Carolina," with its \$500,000 fleet of seven aircraft, including both single and twin engine planes.

The four-year-old firm has eight employees, including a full-time maintenance staff.

Alpha is one of eight dealers in the United States for twin-engine Aerostar planes, which range in price from \$165,000 to \$265,000.

The Aerostar, Fuchs said, is the world's fastest light twin airplane, setting a new world record of 312 miles per hour about 18 months ago and taking the title formerly held by the Russians.

In addition to the Aerostar, Alpha is a dealer for Gruman American aircraft.

In addition to its other services, Alpha also provides fuel sales — including jet fuel and 100 octaine aviation gas — and aerial photography.

Dwayne Eisenhower is general manager of the firm.

### REFLECTOR

## HOTLINE

752-1336

Hotline gets things done for you. Call 752-1336 and tell your problem or your sound-off or mail it to Hotline, The Daily Reflector, Box 1967, Greenville, N.C. 27834.

Because of the large numbers received, Hotline can answer and publish only those items considered most pertinent to our readers. Names must be given, but only initials will be used. Transcribing is done once a day.

### HOTLINE APPEALS

#### 18 LOST HOME

Eighteen persons lost their home when a house near Bethel burned early Tuesday morning. Everything in the house occupied by the Charlie Staton family was destroyed.

Persons at the Bethel Town Hall have taken the responsibility of accepting gifts for the family. Ages of the family members range from babies to adults, so clothes of almost any size probably could be used, and any not needed will be given to the Salvation Army or someone else in need. Household items are also needed, of course.

Anything anyone wishes to give may be taken to the Bethel Town Hall.

### HOTLINE FEEDBACK

#### GRATIFYING RESPONSE

Sister Helen Shondell of the ECU Campus Ministers Association reports that she took Tuesday to the Pitt County Social Services Department \$622.93, the amount donated especially for the fuel needs of Pitt County people who have had to apply to Social Services for emergency help during this cold weather. The money was donated by Hotline readers following an appeal published last Thursday.

"We are so grateful to those who gave," Sister Shondell said. She said most of the gifts were in the neighborhood of \$10 to \$20, though "a couple" were very large.

Gifts made through the Ministers Association are tax deductible, and Sister Shondell will take to Social Services any more that she receives, of course. Her address is 608 E. Ninth St., Greenville, N.C. 27834.

**TOTAL LOSS** — James Earl Carmon and his family were left homeless last night when a fire swept through their wood frame house near Winterville. The fire, according to officials, apparently started near a heater in the home. The house located on highway 903 about two miles

west of Winterville was engulfed in flames when firemen arrived. Members of the Winterville Fire Department fought the blaze for about two hours. Carmon, his wife and their four children escaped injury, officials reported. (Reflector Photo by Tommy Forrest)

## Ambassador Sees Long, Tedious Job

LONDON (AP) — Andrew Young, President Carter's black envoy to black Africa, says after meeting with British diplomats that negotiations to end white rule in Rhodesia will be "long and tedious."

Young, the new 44-year-old American ambassador to the United Nations, met Wednesday with Ivor Richard, the British chairman of the suspended Geneva talks on Rhodesia's future, and Foreign Secretary Anthony Crosland. He said his hopes for a quick settlement had "waned."

"Nobody's given up hope, but nobody expects any easy answers," he said. "I know negotiations on Rhodesia are going to be a long and tedious process."

Young left Wednesday night for Dar Es Salaam, the capital of Tanzania, where he will meet with black Rhodesian nationalist leaders and their chief backers, the presidents of the so-called "front line" states of Tanzania, Mozambique, Angola, Botswana and Zambia.

The presidents are gathering to celebrate the anniversary of the 1964 political union of Tanganyika and Zanzibar, which produced Tanzania.

From Tanzania, Young flies westward across Africa to Nigeria. Aides said the ambassador has not ruled out a visit to South Africa but has had no invitation from Prime Minister John Vorster.

Young told airport reporters that his 14-hour stay in London gave him "an insight into the attitude of Britain toward southern Africa."

Britain, backed by the United States, is trying to persuade Rhodesian Prime Minister Ian Smith and his white-minority government to negotiate a peaceful transition to majority rule in the country where the 6.4 million blacks outnumber the 270,000 whites nearly 30 to 1.

## Credit Women Present Award

Katharine Blackburn Murphy, junior student in the East Carolina University School of Business, is this year's recipient of an annual cash award given by the Greenville Credit Women-International.

This is the fourth year the Credit Women have given the \$100 award, which is intended to recognize an outstanding female student enrolled in the ECU School of Business.

Ms. Murphy is the daughter of Mr. and Mrs. Leonard Blackburn of Frankfort, Indiana, and expects to graduate in 1978. In addition to her classroom studies, she is also active in the ECU Poetry Forum.

Jerry Raynor

## GOSPELSING

The Spiritual Singers of Greenville will sing at the St. John F.W.B. Church of Stokes Sunday at 7 p.m.

## FUND CHAIRMAN

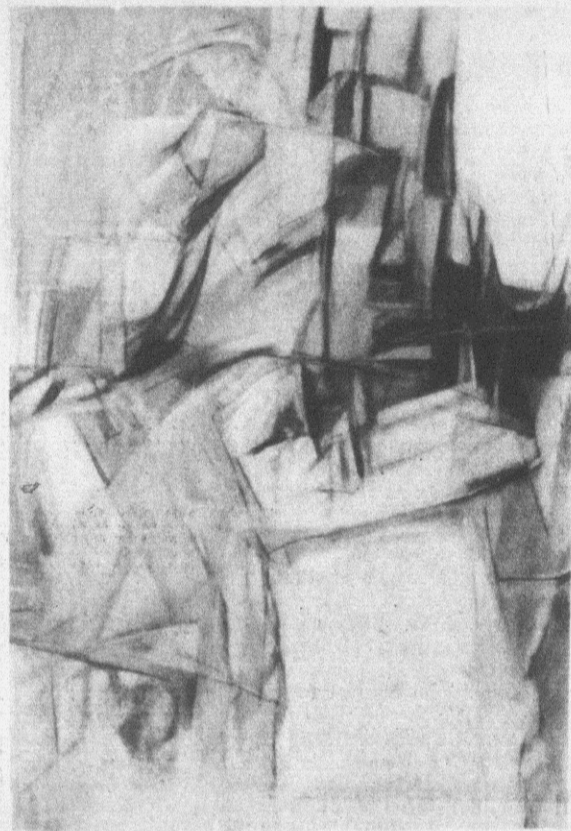

Dick Paul, president and chief operating officer of North Carolina Television Inc., WITN-TV Washington, has accepted chairmanship of the East Carolina University Stadium Fund Raising drive in Area 2, Beaufort and Hyde counties.

**BETHEL HOME BURNS** — Fire early this morning destroyed the home of Ms. Kathryn Herring, of 221 Main Street, in Bethel. Members of the Bethel Fire Department responded to the 4:40 alarm and found the two story structure in

flames. Damage estimates, according to the Pitt County Fire Marshal's office, were said to be \$45,000. Members of the Staton-House Fire Department also assisted Bethel. (Reflector Photo by Tommy Forrest)

## Art Student's Show Is In Kate Lewis Gallery

**SEATED NUDE IN INTERIOR** — a painting by ECU senior Phillips Harris, is one of about 18 works by the artist now on view (through next week) at the Kate Lewis Gallery in the Whichard Building on the ECU campus.

Art student Phillip Harris' show currently on view at the Kate Lewis Gallery (Whichard Building) on campus is a fine show of student work.

With the opening of the Wellington B. Gray Gallery in the new art building, the Kate Lewis Gallery has been freed for student shows. "It is a kind of privilege, a mark of recognition for the committee to permit a student to show in this gallery," Tran Gordley, chairman of the Painting Department of the School of Art said. "It also means the student has sufficient work to fill the gallery as well as competence in his work."

All these remarks are more than justified when applied to Harris' show. In a showing of about 18 works, Harris has three or four large oils, a couple of drawings, a couple of shaped mixed-media canvasses, oil, acrylic and encaustic paintings.

Three of the paintings — *Seated Nude in Interior*, *Suicide by Mistake*, and *Reclining Nude No. 1* show a high degree of skill for student work. These and a couple of others in a similar style are soft focus geometric designs painted in subtle rich colors that have a kinship to the sunnier paintings of Jacques Villon. In an entirely different style, his *Homage to Reep* (from which his outstanding poster is taken), is an effective handling of a mixed-media canvas.

With this larger gallery available for student work, it can be hoped that a series of shows of the caliber of this one will continue to be shown in the Kate Lewis Gallery. It can be seen during regular working hours that the Whichard Building is open.

## Fuel-Saving Steps At Air Force Base

SEYMOUR JOHNSON AFB — Officials at Seymour Johnson AFB, Goldsboro, have taken decisive action to curtail energy use on the base.

In line with President Carter's request that the public and the Federal Government take steps to offset current fuel shortages, a number of measures have gone into effect designed to save energy.

These include maintaining 65 degree temperatures in administrative areas during duty hours and 55 degrees during non-duty hours; keeping temperature levels in shops areas at 55 degrees and 40 degrees in supply storage areas; and not providing heat to hangar bay areas except when the outside temperature drops below 38 degrees.

In addition the use of private portable electric heaters in work

areas is not being allowed. Persons living in base housing quarters have been directed to follow a number of electric conservation measures including setting thermostats at 65 during waking hours and at 60 degrees at bedtime.

## Signs Contract

Dr. Clifford B. Knight, professor of biology at East Carolina University, has signed a publication contract to prepare a new textbook in ecology.

The contract, with the John Wiley firm of publishers, applies to Knight's proposed 350-page "Introduction to Ecology." The book is designed for use in undergraduate ecology courses and will cover basic information on the general environment.

## Goals Talked Golf And Country By Chapter Club Holds Meet

The Eastern North Carolina Chapter of the American Society for Training and Development met Thursday at the King and Queen Restaurant to discuss the objectives and organizational goals for 1977.

Brayom Anderson, president of ASTD presided. Steve Alexander, secretary, introduced the officers and presented an overview of the previous Executive Board meeting. The group was divided into three sections and various needs of the organization were discussed.

The ASTD meets six times each year and is geared toward individuals involved in training programs either educational agencies, small businesses, or industries. Anyone interested in meeting with ASTD should contact Anderson at 752-7484. The next meeting will be held March 24 in Greenville.

The annual membership meeting of the Greenville Golf and Country Club was held this week for the purpose of making reports for 1976 and electing officers and members of the board of governors.

Reports were given by various committee chairmen on progress made during the year. It was pointed out that the golf course has installed a new irrigation system for greens and tees and several other improvements were made to enhance play on the course.

The club has a new swimming pool and plans have been made

for the addition of two new tennis courts, it was reported. Plans are also underway for enlargement of the club house.

Golf Professional Gordon Fulp was cited by the membership for his "exceptional abilities in all elements of his position."

W. S. (Si) Moye was unanimously elected as an honorary member of the club during the meeting. Moye has been a member for the past 40 years.

Club president Roger L. Mann, who presided, and Charles T. Hudson, vice president, were reelected to their positions. Elected to the board of governors for three year terms were Boyd Lee, Bill Taft Jr., Larry Graham and Lawrence Perkins.

## Hadden Chosen For Internship

Robert Lee Hadden, graduate student in the East Carolina University Department of Library Science, has been selected to serve in a library internship at the N.C. Museum of Natural History.

Hadden will be working under the N.C. Dept. of Agriculture in cooperation with the Division of State Library, and his responsibilities will include the organization and inventory of manuscripts and archives in the state museum.

## Break-In At Oil Company

An estimated \$1.25 in charge was reported taken in a break-in at the Quality Oil Co. on Hooker Road, reported at 6:45 a.m. yesterday.

Chief Glenn Cannon said thieves forced open a rear door, then broke open a drink machine to gain access to the change.

Investigation of the theft is under way.

## Mission Study Slated Sunday

Mission study on the nations of South Africa will be held Sunday from 7 to 8 p. m. at St. James United Methodist Church.

The Rev. Paul Bunn, pastor of Haymount United Methodist Church of Fayetteville and a former missionary to the Congo will speak. He attended the World Council of Churches meeting in Nairobi in 1976 and is chairman of the N. C. Conference Division of Missions.

Sunday night, Feb. 13, the speaker will be Jan Peterson. She will tell about her trip to West Africa.

A nursery will be provided and the public is invited.

## BAN SMOKING

OLYMPIA, Wash. (AP) — State representatives of Washington approved an amendment to rules for the legislative session that bans smoking during committee meetings.

# There's An Art To Complaining Successfully

## If You're Satisfied Stand Your Ground

By Abigail Van Buren

**DEAR ABBY:** Last summer for my 16th birthday, my mother gave me a nose job. My nose is a lot smaller now but it's slightly lopsided. I mean one of my nostrils is higher than the other.

After I had my nose done, my mother had hers done by another doctor. Hers came out really perfect, and now she wants HER doctor to do my nose over.

I don't want to go through that whole thing again with the black and blue eyes and the swollen face, but my mother insists on it. Don't you think I should have something to say about it? After all, it's my nose.

My mother says that as a minor I have to do whatever she says.

Please help me.

HAD ENOUGH

**DEAR HAD:** If you're satisfied with your nose, hold your ground. Your mother can't force you into elective surgery. And knowing how you feel, no respectable plastic surgeon would take your case.

**DEAR ABBY:** My husband never fails to show me every item you put in your column about fat women.

Isn't it funny that a man never sees himself as he looks now? My husband had all his teeth pulled and won't wear his dentures. He's only 52, but he looks like 72. He goes around needing a shave, and I have to fight with him to get him to change his clothes.

Now for me: I was 27, slim and trim when he married me. Four years later, after I had my third baby, I was 50 pounds overweight.

My husband never wanted to go any place. He just wanted to stay home, drink beer and watch TV. I'm so fat now it's an effort for me to walk around, so of course my house is dirty. I'm in a terrible rut. If only I could lose this weight!

My husband won't lift a hand to help me, and the house is falling apart.

We have no friends and I'm so ashamed of the way we live, but I don't know how to change it. Am I hopeless?

NO FUTURE

**DEAR NO:** You're only hopeless if you think you are. Start with yourself. Look up **OVEREATER'S ANONYMOUS** and force yourself to attend one meeting. Or contact your local mental health society. The kind of help you need is available in both places. But they won't come to YOU—you must go to them. Take this advice as though your life depended upon it—because it does.

**DEAR ABBY:** First someone writes in and complains because it takes forever to get a check in a restaurant. In fact, one party was so burned up after waiting so long that she left without paying.

Then someone else writes in and complains because the waiter shoves the check under their noses before they even put their forks down, which is way of saying, "Goodbye, already. We need the table!"

So, Dear Abby, what do you suggest?

A WAITER CAN'T WIN

**DEAR WAITER:** The diner should request the check, whereupon the waiter should present it promptly.

By JEANNE LESEM  
UPI Family Editor

For consumers, the key to successful complaining about unsatisfactory goods and services is competent shopping in the first place.

That's the message from two experts, New York City's consumer affairs commissioner and the manager for consumer response for a major manufacturer of food products, toys, fashion merchandise, craft supplies and furniture.

"Make sure everything is written down when you order," said commissioner Elinor Guggenheimer in a telephone interview.

"If you're tiling the bathroom, make sure the order says what kind of tile, how far up on the walls it should go.

"Read the small print. Never put your name on anything you don't understand. If you don't understand something, tell (the salesperson) you don't and take (the material) to someone who can explain it to you.

Ms. Guggenheimer said it is especially important to understand warranties, to get a paper explaining your rights as a customer.

For example, find out how much you'll have to pay if you decide to return the article. In New York and some other states, merchants are required to post notices of their refund policy.

If the cost of upkeep is involved, as with a freezer or other energy-using appliance, ask for an estimate so you won't find yourself complaining about something you should have known, she said.

In another interview, Doris Pooton of General Mills's Consumer Center in Minneapolis agreed that specificity is vital.

"Quite a few women give only their names when their phones are listed under their husbands," Ms. Pooton said. This delays responses by phone. Some writers also cause delays because they omit the zip code for the addressee and themselves.

Her other suggestions: Save labels, tags, tickets, guarantees, warranties and sales receipts. Keep them with either the cancelled check you used for payment or the date, amount and cancellation information. Send photostats of these with your complaint, never the originals.

If an article proves unsatisfactory, follow instructions in the guarantee or warranty for getting in touch with the

MR. AND MRS. TYREE STOX

## Couple Honored On 50th Anniversary

Mr. and Mrs. Tyree Stox celebrated their 50th wedding anniversary Sunday at their home in Winterville.

Hosts and hostesses were their children and in-laws, Mr. and Mrs. Chester Stox of Ayden, Mr. and Mrs. Hugh Stox of Bell's Fork, Mr. and Mrs. Wilbur Cayton and Ms. Betsy Robinson of Greenville and Mr. and Mrs. Johnnie Stox of Austin, Tex., who were unable to attend.

Mrs. Stox wore a formal yellow knit dress trimmed by a

shoulder corsage of a yellow mum with gold ribbon. Approximately 150 guests attended the event.

## Edenton Pilgrimage Is Scheduled

EDENTON — The biennial pilgrimage of Colonial Edenton and countryside will be held April 15-17.

Block tickets will include all public buildings open year round, churches, private homes and gardens. Adult block tickets will be \$7 and students \$2. Single tickets for each home are \$1 for adults and 50 cents for students. Tour hours will be from 10 a.m. to 5 p.m. Friday and Saturday and from 1-5 p.m. Sunday.

Private homes on tour this year will include Beverly Hall, Charlton House, Coffield House, Houghton Point, the Homestead, Jubilee Farm, Mulberry Hill and also North Carolina's only

## SEMINARS PLANNED

WEST LAFAYETTE, Ind. (AP) — Three conferences dealing with economic areas of interest to women are scheduled at Purdue University this spring.

"Individual Decisions and Your Life" will focus on investments and budgets, wills and estates, and insurance, said Marianne Talafuse, associate director, Indiana Council on Economic Education and chairman of the conferences.

The other two seminars in the series will be "Institutional Forces Affecting your Opportunities" and "Directions for Your Future."

## At Wit's End

By Erma Bombeck

The loudest snore, according to the Guinness Book of World Records, was measured at 69 decibels at St. Mary's Hospital in London.

Until last night. The record was broken in the bed next to mine by my husband, who sustained life at a rousing 72 decibels. (Seventy-two decibels is the equivalent of having a cannon go off in the seat next to you in the Astrodome.)

You would expect the snorer to have some compassion for the snoree, but this is never the case. Angry retorts of, "How do YOU know I'm snoring?" have to be documented by lampshades blown off the base, pictures blasted off their hooks and restless farm animals as far as 50 miles away.

Frankly, I'm sick of all the therapist remedies that never seem to work, like self-hypnosis, earplugs and rolling the snorer off his back.

The following are the only methods of relief that have worked for me:

**Change beds:** Get the snorer out of his own bed and into a strange one . . . preferably in another state.

**The pillow-technique:** Get a large fluffy pillow. When the breathing becomes deafening, put it squarely over every opening in his face and hold there until some demands are met.

**Prolonging sleep:** This one works as well as any I've tried.

licensed winery, Wine Cellars, Inc.

Public building include the James Iredell House, the Cupola House, the Barker House, Saint Paul's Episcopal Church, the Chowan Court House, Yeopim Church and Saint Anne's Catholic Church.

Several exhibits and productions are being planned to coincide with the tour.

For further information contact Historic Edenton, Box 474, Edenton.

Tossed salads benefit from crisp dry greens; many cooks find that a spin-type lettuce dryer is a worthwhile investment.

Just as you are both climbing into bed, get every nerve in his body on alert by offhandedly mentioning, "The IRS called you today, but will call you back tomorrow," or, "You seemed so tired today. I hope you don't have the same thing the late Fred Withers had."

**Humiliation route:** Place a tape recorder by his bed and the next night when he is watching TV, play it and tell him someone is stealing his car.

Other experts believe you have to get to the root of a husband's reason for snoring. It has been suggested a person snores because he is troubled, his dentures don't fit properly, he indulges in excessive smoking or drinking, has swollen tonsils or suffers from old age.

My husband doesn't snore for any of those reasons. He snores for one thing alone . . . to annoy me. As I yelled to him the other morning at 3 a.m., "You'd do anything to keep from talking to me."

I thought I saw him smile.

## Grifton News

Hi. H. Adams, a patient in Pitt Memorial Hospital, was visited last week by Mr. and Mrs. Clyde Adams and son, Bud, of Edyville, Ky., Sgt. and Mrs. Pete Adams of Eglin AFB, Fla.

Mr. and Mrs. H. G. Oglesby left last week for Chapel Hill to visit their son, Patrick, enroute to Marathon, Fla., where they will join Mr. and Mrs. F. L. Cox for two weeks.

Mrs. John Glenn has returned from Fairhope, Ala., where she attended the funeral of her father. She was accompanied by her brother, W. O. Thompson of Charlotte.

Mrs. Salena Nelson and Mrs. Ray McGlohon visited during the weekend in Norfolk, Va., with Mr. and Mrs. Harry Sumrell.

Mrs. Frank Phelps of Hampton, Va., is visiting her brother, Tom Mewborn.

Mrs. Tom Gower returned Tuesday from Charlotte where she visited her daughter, Mrs. Walter Scholtz and family.

# Further Savings Are Possible

Gov. Hunt has done the right thing to declare an energy crisis for the state of North Carolina. Hopefully the declared crisis will give the governor and other public officials the power to take positive actions aimed at conserving energy.

Among the possibilities are the shorter hours for the state's public schools, lowered temperatures in public buildings and possibly a four day work week for state employees.

The action will also give the governor the opportunity to lead by example. By taking administrative action to lower fuel consumption, the governor will be signalling to the people of our state that they, too, must act to reduce their energy needs.

A survey of fuels available in the state this week showed the situation to be "bleak," the governor said Tuesday. He indicated that, while there was not yet evidence of massive layoffs, further reductions in natural gas supplies could be damaging to the state's economy. And there is no assurance that the state will continue to get even the fuels which have previously been allocated to the state, given the severity of weather conditions in the northern portion of the country. It is clear that a crisis situation exists for the nation and North Carolina. We must take whatever steps we can to alleviate the problem, and a declaration that an energy emergency exists will be helpful in finding solutions.

# Accountability In Setting Charges

The North Carolina Supreme Court has ordered three utility companies to rebate over \$35 million in fuel charges to their customers. The Supreme Court saw the charges, collected primarily in 1976, as "in excess of the (State Utilities) commission's authority and without justification either in law or in the name of fair play."

One utilities official said the ruling could result in customers paying more in the long run. That may be, but it also serves notice on the State Utilities Commission and the companies that North Carolina courts will expect full accountability in the setting of fuel charges for utilities customers.

THIS AFTERNOON

# Find 'Emotion, Not Fear'

By BILL NOBLITT  
RALEIGH — The Charlotte Chamber of Commerce has gone to some elaborate steps to put forth a myth-destroying report on "Alcohol Use and Regulations in the United States."

Obviously the study carried out by a special task force on liquor by the drink information is supposed to build a foundation of "new information" which would sway opinions and attitudes on that perennial subject. Members of the North Carolina General Assembly had been promised new, persuasive arguments which were designed to overturn opposition, and even show a tide running differently from that which in 1973 saw Tar Heels vote two-to-one against liquor by the drink.

No Emotion  
The purpose of the Chamber of Commerce study was "to provide the objective, informational background required for conducting meaningful dialogue on the issue of reforming North Carolina's alcohol regulatory statutes." Such a purpose reckons without the all-important emotional factors which go

into decisions about liquor by the drink by North Carolinians.

Efforts for liquor-by-the-drink legislation are going head-on against the attitude of Gov. James B. Hunt, Jr., who says he is opposed unless he can be shown there is a better way to control use of alcohol; and House Speaker Carl J. Stewart, Jr., who figures his colleagues have better things on which to risk their political reputations. Nonetheless, the push is on. Mecklenburg County is obviously leading the way; both in publication of the study on alcohol use, and through its delegation in the General Assembly.

Mecklenburg County leadership wishes it were not so; that some other sections of the state would take the lead so opponents could not label the movement a "Charlotte" one. That will be one purpose for a statewide strategy session shortly—to try to spread the support around.

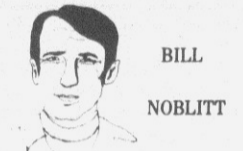

Strategy at this time calls for drawing up a proposal which could be passed into law by the General Assembly without another statewide referendum. Basically, the

proposal would call for local option elections inside any district (or county) in which legal Alcoholic Beverage Control sales are permitted. The election could be called for by a petition representing 15 per cent of the registered voters in that district. Thus, the measure would satisfy constitutional

whether sold by the drink, in private liquor stores, or in state-controlled stores.

—Per capita consumption trends in North Carolina, other states, and nationwide has not increased appreciably, and the method of sale has no bearing on drinking habits, crime rates, motor vehicle fatalities, etc.

"All available evidence strongly suggests that North Carolina has little to fear by adopting sales regulations for distilled spirits more in line with most of those now in effect throughout the rest of the nation," the report concludes.

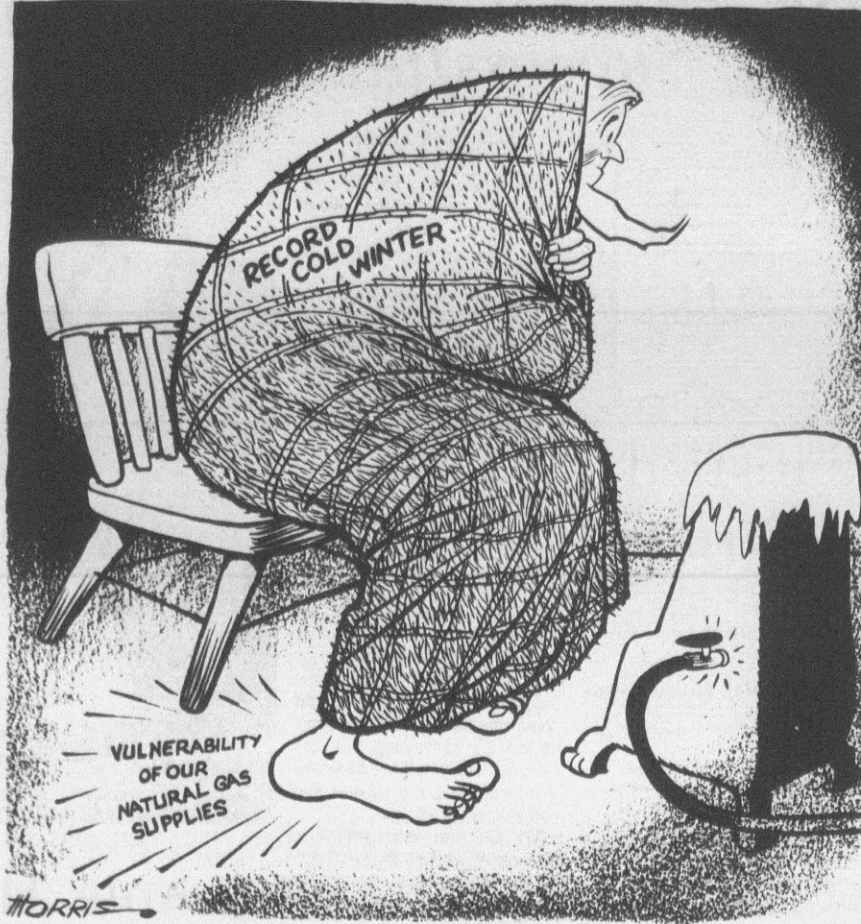

BILL NOBLITT

requirements that all sections of the state be treated equally; at the same time establishing local option machinery so that a drink system could be voted up or down by the people affected.

Alcohol Data  
The Charlotte Chamber of Commerce report (packed with charts, graphs, and survey data from numerous other states) purports to show, factually, that: —The rate of per capita consumption is not significantly affected by increasing availability

In a section of the book devoted to "myths and facts about alcohol in North Carolina," it is reported that contrary to popular belief, Eastern North Carolina is not the stronghold of the dry forces. To the contrary, Per capita consumption is higher; liquor is more readily available with only two counties having no legal sales; and the 1973 election returns show that eastern counties cast no votes of only 27 per cent while Piedmont counties went dry by 62 per cent.

# REVEALING AN ACHILLES HEEL!

By JAMES J. KILPATRICK

# Best Of Miranda Lives

We are hearing a good deal of yak-yak-yak from the usual liberal circles about the Supreme Court's opinion of January 25 in an Oregon case. The piteous cry is that the Court further undermined the famous principles of "Miranda," and that we are headed back toward the days of Torquemada, the Star Chamber, and the rack. But this is nonsense. Much of the howling seems to emanate from persons who have read neither the Miranda case nor the Oregon case. They are howling mainly because it seems fashionable to howl.

The landmark case of *Miranda v. Arizona*, 384 U.S. 436, was decided on June 13, 1966. Actually, there were four criminal cases bound into one decision. In each case the constitutional question involved the Fifth

Amendment provision that no person "shall be compelled in any criminal case to be a witness against himself."

Miranda's conviction (and those of the other defendants) was reversed. A majority of the Court held that once police have taken a suspect into custody, the suspect must be given certain reminders and warnings — of his right to remain silent, of his right to counsel, and so on. The decision was hailed by civil libertarians as a tremendous leap forward in terms of the rights of an accused. The decision was denounced by law enforcement officers as one more obstacle to convicting the guilty.

The Miranda opinion was Chief Justice Warren's particular pride and joy. Why, it is hard to say. As an example of the opinion-

writing art, it had few merits and a hundred faults; the opinion was long, diffuse, endlessly repetitious, plainly the product more of emotion than of reason. It split the Court wide-open. Clark wrote a strong dissent. Harlan wrote an even stronger dissent, joined by White and Stewart. Then White wrote a third dissent of his own, in which he roared his disapproval. Those who suppose that the "Miranda warnings" are engraved in stone should keep this 5-4 division in mind. Warren's great leap commanded a bare majority within the Court.

In the very first paragraph of his opinion, Warren defined the limits of his leap. The Miranda principles were to apply to statements "obtained from an individual who is subjected to custodial police interrogation." The limitation as to "custodial interrogation" was expressed not fewer than 25 times. The warnings would be required "after a person has been taken into custody or deprived of his freedom in any significant way."

Warren's purpose was to prevent "menacing police interrogation procedures." In an effort to soothe his dissenting brothers, he emphasized that "volunteered statements of any kind are not banned by the Fifth Amendment and their admissibility is not affected by our holding today."

Keeping all this in mind, what of the Oregon case last month? The defendant Carl Ray Mathiason was suspected of stealing a stereo set from a home in Pendleton. Mathiason was a parolee; he surely was not ignorant of law enforcement. An officer tried unavailingly to find him, and finally left his calling card at Mathiason's apartment asking the suspect to get in touch.

Mathiason telephoned the officer, voluntarily made a 5 o'clock appointment at headquarters two blocks from his home. Mathiason never was taken into custody; he was not arrested at the time. He went around and talked to the officer. They talked in a private room. The officer tried a ruse — he said the suspect's

(continued on page 5)

# Cold Delays Mail

By JEFFREY MILLS  
Associated Press Writer  
WASHINGTON (AP) — Neither rain nor snow nor anything else is supposed to keep the mail from getting through. But that's been a tall order this frigid winter.

The Postal Service has been called upon to deliver mail through Arctic temperatures, howling winds and blizzards this winter. And postal officials say the mail has gotten through in most areas, despite record low temperatures and heavy snowfalls.

But nature got the best of the Postal Service in western and northern New York State, where near-blizzard conditions have prevailed this week, and in other scattered areas.

Mail could not be delivered Saturday, Monday, and Tuesday in Buffalo, Watertown and Rochester, N.Y., and surrounding areas, Postal Service spokesman Bernard J. Roswig said.

Some mail service was restored Wednesday in the Buffalo and Rochester areas but not in the Watertown area, he said.

While the weather was bad, Roswig said it was not always weather alone that stopped mail deliveries in those areas. Traffic, including mail trucks, was prohibited from traveling some snowbound roads.

"The first truck since Jan. 29 got through today from Syracuse to Watertown," Roswig said Wednesday.

Delivery problems were reported in rural areas in the Eastern part of the nation. Roswig cited the situation in northern Maine, where letter carriers were slowed by the bad weather and mail could not be delivered every day.

In many areas problems have been encountered on snowbound highways, but Roswig said, "There may have been some

(Continued on page 5)

# 40 Years Ago Today

February 3, 1937  
A House Judiciary Committee recommended passage today of its substitute bill to allow any county to hold a referendum on creation of county-operated liquor stores, and the Senate enacted into law a tobacco measure.

The House this afternoon refused, 58 to 56, to adopt a minority report on the bill for a state-wide prohibition referendum and then recessed for an hour before taking up a substitute bill to allow any county to hold a referendum on the question of creation of county liquor stores. The substitute bill would give counties and cities all profits from stores but would create a state board to supervise the system. Stores now operating in 18 counties would not be affected except to be placed under the state board.

Greenville shivered from the coldest snap of the season today as the mercury hovered around the freezing point, despite the efforts of the sun to ease the frigid temperatures.

The Tar River today continued to rise and at 8 a.m. was standing at 18.7 feet. Official weather station sources have advised that the river probably will reach a maximum of 19 feet by late today or early tomorrow morning.

—Barbara Mathews

THE INSIDE REPORT

# Woes Of Cabinet Govm't

By ROWLANE EVANS and ROBERT NOVAK  
WASHINGTON — Privately expressing doubts about how long President Carter's notion of "cabinet government" can last, White House insiders are citing as the most horrible examples two of the toughest, shrewdest Washington hands in the cabinet: Joseph Califano and James Schlesinger.

Califano, Secretary of Health, Education and Welfare (HEW), is faulted not only for moving on his own in picking personnel and making policy but because of what Carterites consider his imperious style. Dr. Schlesinger, who as cabinet-level adviser on energy is the only Republican in a high administration post, is berated for moving too quickly without consulting either

Congress or the White House staff.

The intensity of this criticism inside the White House raises doubts about the survivability of Mr. Carter's edict barring his senior staffers from ordering cabinet members around, as in the Nixon era. In fact, there was frank talk over the telephone between Califano and Hamilton Jordan, Mr. Carter's top assistant, about HEW appointments.

Jordan complained that Califano had publicly announced two assistant secretaries of HEW without White House clearance. Califano replied he thought he had mentioned them during a previous telephone conversation with Jordan and apparently had omitted them in an oversight. But other presidential aides

feel the HEW appointments should have had closer attention at the White House than just a Jordan-Califano chat — particularly Under Secretary Hale Champion, who as a Harvard University vice president bitterly opposed Mr. Carter in the Massachusetts presidential primary.

Califano did mention Champion to Jordan, who did not recognize the name. Other Carterites who knew Champion all too well were mortified. "It's outrageous to name somebody who vilified Jimmy in the campaign," one insider told us. The complaint against Schlesinger is that he is "a very fast mover" (in the words of a senior Carter aide) who does not thoroughly clear his ideas with the White House staff. One Carter insider feels Schlesinger hurried the President too quickly into his 65-degree fuel-saving scheme.

Moreover, Carter aides were not pleased that Schlesinger, working with the Carter transition team on energy, cleared the emergency natural gas bill with only two members of Congress (Sen. Adlai Stevenson of Illinois and Rep. John Dingell

of Michigan) — and not many presidential aides either.

When the President told his Jan. 25 meeting with the congressional leadership that Democratic leaders (meaning Stevenson and Dingell) had been consulted, House Speaker Thomas P. O'Neill and Senate Majority Leader Robert Byrd replied to Mr. Carter: Mr. President we are the leaders, and we know nothing about any gas bill.

Goldwater's Subpoena  
Hunting evidence of anti-military attitudes by Secretary of the Army-designate Clifford Alexander, Sen. Barry Goldwater of Arizona is seeking a subpoena to get Alexander's old television programs — much to the consternation of some Republican politicians.

Those Republicans who are serious about making a new try for black votes are not enraptured by Goldwater harassing Alexander, a Washington lawyer nominated to the highest Pentagon post ever offered a black. Moreover, the Senate Armed Services Committee's senior Republican — Sen. Strom Thurmond of South Carolina — is inclined to go

(Continued on page 5)

# Other Editors Say Evil Days Upon Us

(Henderson Dispatch)  
Ever since the Arab oil embargo three years ago, there has been in varying degree recognition and some fear of a recurrence of similar conditions at some later time in the future. But once the emergency ended so also to a large extent did immediate concern.

Casual discussions continued, to be sure, but very little has been done beyond that. The country has procrastinated until the evil days are now upon us, and there is frantic searching for relief and a way out. The stable door is being locked after the horse is gone, as it were.

Because of the shortage of fuel, and hence energy, industry is faltering, schools in some localities are closing temporarily, the economy is lagging and people are shivering in their homes. All largely because the nation has procrastinated until the crisis has come.

Part of the existing condition is due to the record cold, to be sure. But the energy shortage already existed and now is only being intensified. If the energy could be had, many activities could move on.

A four-day week, as suggested by President Carter, might help a bit, but would it not be only a harbinger to permanency for such a system, and with payrolls just as high as for five days, and with proportionately less production. An abundance of fuel might result if there were not even four days, in fact none at all. That, of course, is preposterous, even as a four-day work week would be to that degree.

The nation today finds itself in a bind because it had delayed while there was yet time. The emergency is upon us, and will not be solved by a sleight-of-hand remedy. There is a saying that in time of peace prepare for war, which, fortunately, is not our situation as of now.

It is not unreasonable to assume that the country must grit its teeth and suffer until there is sharp improvement in the weather. When that comes, whether sooner or later, no time should be lost in searching, and finding, the answer, to the end that current conditions shall not recur.

# Dramatizing The Difficulties

Product, or total of goods and services, unimpaired. Again, the heating bills and the cost of lost manhours is only part of the story. Only crude attempts have been made to estimate the total of other effects, including crop damage, transportation delays and physical destruction.

Accustomed in this age of electronic computers to having government economists put a number on everything, much of the public probably finds it difficult to accept the fact that nobody knows what damage is being done. That leaves only very rough and tentative estimates by the operators of econometric models, who put a numerical value on all the components of the economy

and then cause them to interact with each other. Chase Econometrics Associates, allied with Chase Manhattan Bank, has dished out a possible loss of \$15 billion in heating bills and higher food prices if the cold weather continues through spring.

Economists are working with climatologists and meteorologists in an attempt to get a reading on the immediate future, but they are facing a problem there too, since it is axiomatic that the longer the range the poorer the forecast.

The official long-range forecast is for a continuation of cold air over the affected area through February, a forecast that will be either verified or disputed by the groundhog today.

While that might not fairly reimburse the individual workers whose jobs were interrupted, it would leave the annual Gross National

# Strength For Today

FOUNDATIONS  
Jesus was very much interested in foundations. In fact, the figure of a solid foundation under life so appealed to him that he ended his Sermon on the Mount with a description of a wise man who built his house upon a rock and a foolish man who built his house upon the sand. He was interested in foundations because he was always going down beneath the superficial religion of his day to see what kind of a base people's religion really rested upon. The people of Jesus' day were interested in

superstructures and paid little attention to foundations. If a man's religion looked well, they considered that to be enough. But Jesus would move behind a person's words to his motives; behind his acts to his impulses. It was not enough that people do certain things; they must do them from a sincere heart. It was not enough that people adhere to certain religious practices; these practices must express a devout loyalty to God. —by Elisha Douglass

# Two Separate Death Penalty Bills Are Proposed

RALEIGH (AP) — North Carolina lawmakers should be more inclined than ever to deal with death penalty legislation in two separate bills—one for murder and one for rape—after hearing from four law school professors.

Three professors told the legislators they doubted that the U.S. Supreme Court would uphold the death penalty for rape. This would make it desirable to consider the two issues in separate bills.

The professors also cautioned that any death penalty bill should be narrowly drawn so that it would cover only a limited number of crimes if approval of the Supreme Court is to be expected.

On other fronts, the lawmakers enacted emergency conservation measures. In speedy response to Gov. Jim Hunt's declaration of a state of emergency because of fuel shortages, the Legislative Committee on Energy Crisis Management enacted the governor's proposed voluntary con-

servations measures. The order, which took effect immediately, asks businesses to limit operations to 48 hours a week and cut back their thermostats; asks schools and churches to cancel night activities such as basketball games; and orders most state government employees to go on a four-day work week, with Mondays off, beginning next week.

## Quarterly Meet This Weekend

Quarterly meeting services will be held at Warren Chapel F.W.B. Church, located eight miles west of Greenville on Highway 264, this weekend.

Quarterly conference will begin Friday at 7:30 p.m. Holy Communion will be observed Saturday at 7 p.m.

At 11 a.m. Sunday, the pastor, the Gospel Chorus and the Ever Ready Ushers will be in charge of services.

Dinner will be served at 2 p.m. At 3 p.m. Dr. W. L. Jones and the Mount Calvary Church congregation will render services. The public is invited, according to the pastor, Elder A. L. Miller.

## Complaining...

(Continued from page 3)

manufacturer. If no instructions came with the merchandise, either return it in person to the store where you bought it, avoiding rush hours, lunch and closing times, or phone to ask what procedure to follow.

Keep calm. Keep notes of the name of each person you deal with, from your original complaint through any follow-ups.

If your gripe concerns a mail order, outline the problem in a letter to the company and say what you expect done about it. Ask if the product should be returned and, if so, how. If the service or product has a number or type description, include them; give your account or invoice number if one has been assigned.

Make sure your name, address and zip code are typed or printed on both your letter and envelope.

If two weeks elapse without a response, write again, preferably enclosing a photocopy of your original letter. Ask for a response within 10 days, adding that you will take other action if it does not arrive in that time.

"Probably the most effective method is to write to the president of a company," Ms.

Pooton said. The chief executive may not reply directly, but you can be sure of getting a quick and usually acceptable response from someone on his or her staff, she said.

If you're not satisfied with company responses, other sources of help include: consumer affairs departments of your city, state or federal government; state attorneys general, if the problem involves interstate commerce; and the local office of the Better Business Bureau.

In some situations, a phone call is more effective than a letter as a first step, said Ms. Guggenheimer.

"If you have a landlord problem, you may want to check first by phone to make sure you're dealing with the right agency. It's often hard to keep track of who's doing what."

Once you have located the proper agency or office, a letter accompanied by photocopies of relevant documents and correspondence should do the trick.

Patience helps, she added, because in some cases an inspector must be sent to verify a complaint before action can be started.

foe and recognized constitutional law expert, to speak on the measure.

**DEATH PENALTY**  
Four law school professors cautioned legislative committees that for a death penalty statute to be constitutional it should be narrowly drawn so that there would be only a few crimes punishable by death.

Three of the professors also told the House Judiciary II Committee and the Senate Judiciary I Committee they felt it is doubtful that the U.S. Supreme Court will uphold the death penalty for rape unless the victim is killed or mutilated.

"I think it can safely be said that the Supreme Court intends to uphold the death penalty only in a minimum number of

cases and a minimum type of cases," said Prof. C. Allen Watts of Campbell College.

"I have serious reservations that the death penalty will ever be upheld for rape," said Prof. Arnold Loewy of the University of North Carolina.

Prof. James Edward Bond of Wake Forest University said he had read the death penalty bills before the two committees to see if they conform to the requirements laid down by the U.S. Supreme Court.

He said he had concluded "they probably do."

**PRISONS**  
Corrections Secretary Amos

Reed told a legislative committee that the state must upgrade its prisons to avoid federal intervention. Reed said he would like to move misdemeanants and those convicted of lesser felonies to county jails or other facilities to ease overcrowding.

Reed also said he has found morale problems, the most serious ones in the probation and parole division.

**ABSENTEE BALLOTS**  
The Senate Election Laws Committee approved a bill that would restore county boards of election to the list of offices that could be voted for by absentee ballots. The office was omitted by mistake.

**ELECTRONIC VOTING**  
The House debated use of its \$121,000 electronic voting machinery, but postponed action after hearing a committee report that all public bills should

be voted and recorded electronically.

**CRIME**  
Gov. Jim Hunt's proposed Crime Commission was approved by the Senate State Government Committee. Quick floor action is expected. Hunt asked for speedy action so the commission can begin work before a mid-March deadline

after which the state could lose about \$10 million in federal funds.

**Mills Col...**  
(Continued from page 4)

delays in delivering the mail, but nothing inordinate."

In these matters, the Postal Service is bound by the words chisled into the General Post Office in New York:

"Neither snow nor rain nor heat nor gloom of night stays these carriers from the swift completion of their appointed rounds."

The famous quotation was adapted from the description by the Greek historian Herodotus of the Persian postal system of 500 B.C.

## Evans-Novak ...

(Continued from page 4)

along with the President's nominations, including Alexander.

Nevertheless, Goldwater has requested a subpoena to get tapes of "Black on White," an interview show over Washington's WMAL-TV hosted by Alexander for nearly three years ending in May 1974, to check alleged anti-military statements.

Even with a subpoena, however, the pickings would be slim. WMAL-TV has on file no transcripts at all and tapes from only five programs.

**Byrd's Amnesty Stretch**  
After the 16 somnolent years of the beloved but pro-saic Mike Mansfield, Sen. Robert Byrd of West Virginia's two-way stretch on the amnesty issue provided the first genuine wheeling and dealing by a Senate majority leader since the fabled days of Lyndon B. Johnson.

While declaring himself "100 per cent in disagreement" with the President's

pardoning of Vietnam draft evaders, Byrd voted on most procedural questions against the anti-amnesty resolution sponsored by Sen. James Allen of Alabama. Indeed, he was backstage lining up votes against Allen.

Moreover, Byrd cooperated with Senate Majority Whip Alan Cranston of California in slowing down action on the Allen resolution until after Mr. Carter's inauguration.

Simultaneously, Byrd quietly urged the new President not to waste any time after he was sworn in but immediately issue his pardon, thereby making the Allen resolution moot.

Byrd, therefore, ended up with a public position that pleased his West Virginia constituents and private activity helpful to his President. That performance belied the widespread impression of Bob Byrd as strictly a legislative mechanic with no flair for political manipulation.

## Lay Rally Is Reducing Hours... Set Monday

United Methodists in the Greenville district will hold their annual District Lay Rally at Jarvis Memorial Church here Monday from 7 to 9 p. m. A barbecue supper will be served from 5:15 to 6:45 p. m.

The speaker will be Dr. Bob Hayes, president of Wiley College in Marshall, Tex. He is known throughout the world as one of Methodism's outstanding preachers, according to Richard T. Commander, superintendent of the Greenville District.

Dr. Hayes has been a pastor, district superintendent and college president for 32 years. He holds degrees from Wiley College, Gammon Theological Seminary and Boston University School of Theology.

At the rally special music will be presented by Mrs. Rachel Sturz and the combined choirs of Jarvis Memorial, St. James, and Holy Trinity Churches, under the direction of Dr. David Foster. Frank Steinbeck, district lay leader, will be in charge of the program which will include the presentation of World Parish Citations and attendance awards.

*Continued From Page 1*

Different groups of businesses will be trying to work out a common schedule of hours, according to merchants at the meeting.

Thursday morning Colonial Stores Inc. reported that in an effort to comply with the voluntary reduction plan that their will stores will begin a reduction of hours this weekend.

According to Chamber of Commerce officials, the restaurant owners will meet Friday at 3 p. m. and some of the other businesses are meeting Thursday.

Ray Hinsley, president of the Pitt Plaza Business Council reported Thursday morning that the Pitt Plaza merchants and the managers of Nichols, Clarks and Kings Department Stores met Thursday morning and agreed to comply with the 48 hour work week.

"We have agreed to comply 100 per cent with Governor Hunt's request for the 48 hour business week and with the other recommendations of lowering the thermostats and wearing more clothing. We have agreed on the following operation hours: 11 a. m. to 6

p. m. Monday through Thursday and 11 a. m. to 9 p. m. Friday and Saturday. These hours will be implemented here by tomorrow in many stores and by Monday in all of the stores," Hinsley said.

East Carolina University has also decided to comply with the governor's sugges-

tion of cutting back the thermostats to 62 degrees.

Most of the buildings on the ECU campus have turned the thermostats back to 62 degrees during the operating hours and 55 degrees during the other times as directed by Cliff Moore Vice Chancellor of Business Affairs in compliance with Governor Hunt's request.

"Whenever possible athletic events will be shifted from evening hours to afternoon hours," Moore said.

A few exceptions will include buildings in which live animals and tissues might be

subject to destruction. The dorms, buildings, and offices are complying to the reduction of energy and the employees at ECU are dressing warmly, according to Moore.

Pitt County ABC Stores also announced Thursday morning that they will operate under the voluntary hour reduction plan. The hours of operation will be 11 a. m. to 7 p. m. Monday through Saturday with the exception of the Arlington B Boulevard Store, which will operate from 1 p. m. to 9 p. m. Monday through Saturday.

## Pay Increase....

*(Continued from page 1)*

The vote came on an amendment Allen offered to a Senate reorganization bill. The Senate tabled the amendment, effectively killing it.

An attempt may be made in the House to get an anti-pay raise resolution out of committee. But Speaker Thomas P. "Tip" O'Neill has predicted the House will not block the pay hikes.

The pay hikes affect 2,000 top federal officials directly, but also will allow 20,000 civil servants earning \$39,600 to get raises of up to \$7,900 a year. Their pay has been held back so they would not earn more than their superiors.

The increases could have gone into effect without any vote in either house under procedures established in a 1967 law.

Sen. Jake Garn, R-Utah, said he will soon introduce legislation to amend the law so that affirmative action will be required by members of Congress to raise their own pay.

Majority Leader Robert C. Byrd, D-W.Va., made the motion to table Allen's amendment, calling it "totally irrelevant to the pending bill." Byrd noted that, except for a 5 per

cent cost of living adjustment in 1975, members of Congress have had no pay raise since their salaries were increased in 1969 to \$42,500 from \$30,000 a year. In the meantime, the cost of living has gone up 61 per cent, he said.

"A major factor in the board's decision is the 20 per cent increase in the tax levy this year and in speaking of a \$12 million bond issue would increase the taxes another 10 to 15 per cent and the board did not feel that this was fair to the people at this time," Alford added.

## Alford...

*(Continued From Page 1)*

The county school board was not requested to talk with the city on the issue. Glenn Cox discussed the issue with me and I suggested that a \$12 million bond issue was out of the question. I then suggested that the city board prepare an estimate of their capital outlay needs and our staff would prepare a list of our needs to be presented," Alford said.

"I presented the city board's request to the county board and suggested that we go for an \$8 million bond issue rather than \$12 million. Personally I supported a \$6 million bond issue but it would not have met the needs of the city. Our board felt that we were moving well in our "pay as we go" approach. The board decided that now is not the time for a bond issue, but we did not rule out future consideration of a bond issue and the city board

has not approached us with a smaller figure," he said.

"A major factor in the board's decision is the 20 per cent increase in the tax levy this year and in speaking of a \$12 million bond issue would increase the taxes another 10 to 15 per cent and the board did not feel that this was fair to the people at this time," Alford added.

## Widow, 89, Shot Self To Death

MIAMI (AP) — The 89-year-old widow of World War I flying ace Eddie Rickenbacker shot herself to death Wednesday night, police report. Authorities said she had been depressed about her failing health.

Adelaide Frost Durant Rickenbacker died about two hours after a niece heard a shot in her bedroom at the Rickenbacker home on Key Biscayne.

She and Capt. Eddie Rickenbacker had married in 1922. Rickenbacker, who bought Eastern Airlines from General Motors in 1935 and ran it until 1963, died in July 1973.

They had two sons, David E. and William F., both of New York City.

## Sunday Service

A special service will be held at Cherry Lane F.W.B. Church Sunday at 11 a. m.

It will be conducted by the pastor, the Rev. C. C. Parker. Music will be rendered by the Cherry Lane Choir.

At 1:30 p. m. the Rev. Walston and his congregation from Sycamore Missionary Baptist Church on Rt. 5, Greenville will be in charge of the service. The public is invited.

# Strict Enforcement Of Immunization Laws Urged

By JACK STILLMAN  
Associated Press Writer  
ATLANTA (AP) — Stricter enforcement of state immunization laws and greater public awareness are needed to curb the rising incidence of measles, says the national Center for Disease Control.

Most states have immunization laws, but they are not being enforced, said Dr. Walter Orenstein, a medical epidemiologist at the CDC.

He said before a child is enrolled in school "you need documentary evidence that a child has been vaccinated—not just the word of the parent."

Last year 39,585 cases of measles were reported nationally. This was the largest number since 1971. The all-time low was 28,094 cases in 1974.

The increase in measles, first noted in 1975, was gradual at first, but in the first three weeks of this year the incidence was two and one-half times that of the same period last year.

The CDC said 2,562 cases have been reported for the three-week period, compared with 1,171 for the same period a year ago.

"We are speculating that several things are happening," Orenstein said Wednesday in an interview. "One is that many children not vaccinated in the 1960s would have gotten measles then, but there was so little virus around that they didn't."

"Now they are in an older age group and they get around more. They are among other children. We are seeing the increase in the 10-plus age group," he said.

The mortality rate for measles is about one in 1,000, but it also causes permanent brain damage.

The CDC has recommended that children be vaccinated after 15 months instead of 12 months because the vaccine gives better protection at that age.

"The basic problem that we have to deal with is that the disease is most infectious before anyone realizes that the child has measles," Orenstein said.

Here are the states that the CDC considers to have disturbing numbers of cases for the first three weeks of this year: Indiana (199), Wisconsin (100), Pennsylvania (83), California

(80), Iowa (75), Texas (41), (34). Kansas (39) and Minnesota

The actual number undoubtedly is higher in each state. Orenstein said, because not all cases are reported and many are even misdiagnosed.

He said all states except Idaho and Iowa have either laws or state health regulations requiring vaccination, although

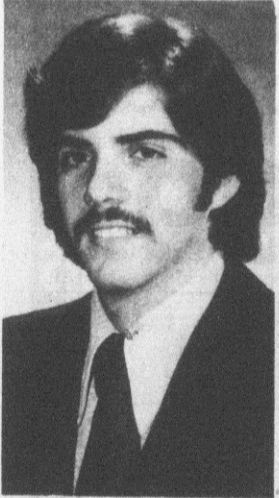

Vermont has a local option vaccination law.

### Joins Local Dental Office

DR. D.W. QUALLIOTINE

Dr. Danny Wayne Qualliotine has joined Dr. Robert Capps in the practice of Family Dentistry in Greenville.

Dr. Qualliotine received his B.S. degree in dentistry at UNC-Chapel Hill and his D.D.S. from UNC-Chapel Hill. The 24 year old native of Fayetteville is a member of Psi Omega Fraternity and while in school was a member of the American Dental Association and the N.C. Dental Society. He lists playing guitar, flying and gem cutting as favorite hobbies.

### Organizational Meeting Set

A 4-H organizational meeting will be held Monday, February 7 at 7 p.m. at the Worthington Farms near Ballards Crossroads.

All youths ages 9 to 19 in the Ballards Crossroads, Frog Level and Winterville area are invited to attend. Parents and interested adults are also urged to attend.

A 4-H organizational meeting is designed to acquaint community citizens, both youth and adult with the 4-H programs so they may be aware of opportunities available through 4-H.

For further information call the 4-H office in Greenville at 758-1196.

## New Date Is Announced

Mrs. Betty Speir, chairman of the Pitt Democratic Executive Committee, announced that she received a notice from Mrs. Betty McCain, State Democratic chairman, concerning changes in the dates of precinct meetings.

The memorandum from Mrs. McCain pointed out, "In keeping with Gov. Hunt's statement on the energy crisis and the possibility that most polling places might not be available, it has become necessary to change the dates of precinct meetings to 8 p.m. on Thursday, May 5, with makeup dates at 8 p.m. on Thursday, May 12.

Mrs. McCain announced that "County conventions will convene at 12 noon on Saturday, June 18 at a location to be determined by the county chairman."

According to Mrs. Speir, the county precinct meetings had been scheduled for Thursday, Feb. 10 while county conventions were set for March 19 prior to the announcement by Mrs. McCain.

## Role Of Heart Ass'n Featured

The Pitt County Heart Association will present the major part of the Hospitality House Show with Kay Currie Sunday at noon.

During the show the newest portable equipment for the radio transmission of EKG's and other coronary care equipment that can be used in the field by rescue and other medical and paramedical personnel will be shown.

February is Heart Month. The door-to-door solicitation of donations to the Heart will take place Sunday, Feb. 27.

## Mexico Offers Natural Gas

MEXICO CITY, Mexico (AP) — Mexico will help the United States fight the energy crisis by selling 40 million cubic feet of gas a day to its northern neighbor at current interstate prices, American Embassy sources said today.

Mexico will start the gas flowing to the United States Monday or Tuesday and will also provide 600,000 barrels of crude oil daily, the sources said.

## Obituaries

**Atkinson**  
Mr. Jackson Atkinson of Greenville died Wednesday in Beaufort County Hospital, Washington. Funeral arrangements are incomplete at Flanagan and Hardee Funeral Home.

**Bennett**  
TARBORO — Funeral services for Mr. Jerry Bennett will be conducted Saturday at 1 p.m. at St. Luke Church of Christ with Elder Warren Cooper officiating. Burial will follow in the community cemetery.

Surviving are four daughters, Mrs. Mamie White of Tarboro, Mrs. Gloria Jean Schafer of Brooklyn, N.Y., Mrs. Dora May Smith and Miss Rachel Fay Bennett of Portsmouth, Va.; one step-daughter, Mrs. Emma Powell of Elizabeth City; four sons, Jesse Bennett, Le Lemon Bennett and Bill Bennett of Tarboro and Dan Bennett of Raleigh; two step-sons Richard Jones and John H. Shepherd of Elizabeth City; and 12 grandchildren.

The body will be at Hemby-Willoughby Mortuary in Tarboro after 5 p.m. Friday until one hour prior to the funeral Saturday. Family visitation will be Friday from 8 to 9 p.m.

**Britt**  
FARMVILLE — Mrs. Katie Dixon Britt, 71, widow of K. B. Britt died Thursday morning in Pitt Memorial Hospital. Funeral arrangements are incomplete at the Farmville Funeral Home.

Surviving are two step-sons, Calvin Britt of Farmville and Arthur Britt of Yuma, Ariz.; two sisters, Mrs. Laverne Green of Greenville and Mrs. Rachel D. Cartwright of Elizabeth City; one brother, Harry Dixon of Farmville; two step grandchildren.

**Cox**  
AYDEN — Mrs. Mary Elizabeth (Mamie) Cox, 82, died at her home in Ayden Wednesday afternoon. She was a lifelong resident of Ayden and was a member of the Ayden United Methodist Church and was a member of the Sunshine Club.

Funeral services will be held Friday at 3 p.m. at Farmer Funeral Chapel with the Rev. Travis Owens and Rev. Stan Wingard officiating. Burial will follow in the Ayden Cemetery.

Surviving are three daughters, Mrs. Edna Loftin and Mrs. Marjorie Harrington of Ayden and Mrs. Virginia Parker of Farmville; a son, L.H. Cox of Ayden; two sisters, Mrs. W. J. Manning and Mrs. Carrie Lee Cox of Ayden; 22 grandchildren and 15 great grandchildren.

**Daniels**  
Nannie Mildred Clapp Daniels, 77, a native of Greenville and a resident of Miami, Fla. since 1942, died Tuesday afternoon at the Baptist Hospital in South Miami, Fla. following an extended illness.

Mrs. Daniels graduated from East Carolina Teachers College in 1918 and was an active Elder and Charter member of Coral Way Presbyterian Church of Miami.

Surviving are four sons, Col-

onel William F. Daniels, U.S. Army Reserve, Lieutenant Colonel Cecil E. Daniels, Jr., U.S. Army (Retired) Commander Stephen A. Daniels, and U.S. Coast Guard Reserve and Captain Edwin H. Daniels; one sister Edna Clapp Jenkins of Southern Pines; and 12 grandchildren.

Funeral services will be held at Pollock Funeral Home in New Bern at 2 p.m. Saturday. Burial will be in the National Cemetery in New Bern.

**Evans**  
Mr. Lewis H. Evans, 66, died Wednesday in Pitt Memorial Hospital. The funeral service will be conducted at 2 p.m. Saturday in the Wilkerson Funeral Chapel by the Rev. Irby B. Jackson, pastor of Immanuel Baptist Church, and the Rev. John C. Brown, pastor of Hollywood Presbyterian Church. Burial will be in Pinewood Memorial Park.

Mr. Evans, a master body mechanic, was a lifelong resident of Pitt County, and was employed for many years at Stafford Oldsmobile Co.

Surviving are his wife, Mrs. Nell Gray Evans; three sons, Lewis Carl Evans of Rt. 2, Greenville, Kenneth Ray Evans of the home, and Donald Wade Evans of Columbus, Ohio; two daughters, Mrs. Margaret E. Bunch and Mrs. Patricia E. Mills, both of Greenville; two brothers, Marshall Evans Jr. of Chicago, Ill., and William B. Evans of Rt. 2, Greenville; two sisters, Mrs. Betty Crandall and Mrs. Lena Edwards, both of Greenville; six grandchildren.

The family will receive friends at the funeral home from seven-nine o'clock Friday night.

**Jenkins**  
Mrs. Nellie H. Jenkins died Thursday morning in Pitt Memorial Hospital. She resided with her daughter Mrs. Josephine Murphy Pettaway of 503-A Darden Dr. Funeral arrangements are incomplete with Phillips Brothers Mortuary.

**Knight**  
TARBORO — Mr. Eddie Knight died in Edgecombe General Hospital Thursday morning. Funeral arrangements are incomplete at this time at the Hemby-Willoughby Mortuary in Tarboro.

**Hill**  
PINETOPS — Mr. Will Hill died Wednesday in Edgecombe General Hospital Wednesday. Funeral services will be conducted Saturday at 3 p.m. at Pine Chapel Baptist Church with the Rev. Powell officiating assisted by Rev. Charlie Bullock. Burial will follow in the Bullock Cemetery in Fountain.

Mr. Hill is an Edgecombe County native and lived there all of his life.

Surviving are his wife, Mrs. Carrie Hill of the home; six daughters, Mrs. Blanche Farmer, Mrs. Carrie Edge of Rocky Mount, Mrs. Letha Jenkins of Elm City, Mrs. Mary Manor of St. Paul, Mrs. Annie Rhodes and Mrs. Easter Randolph of Elm City; four sons, James L. Hill of Pinetops, Willie Hill of Rocky Mount, Wallace Hill of Wilson and Eliza Hill of Sharpsburg.

The body will be at the Hemby Willoughby Funeral Chapel in Fountain after 6 p.m. Friday until one hour prior to the funeral Saturday. Family visitation will be Friday from 8 to 9 p.m. at the funeral chapel.

**Pitt**  
Mrs. Mary Coward Pitt, 72, of 1611 West Third St. died Tuesday morning in Pitt Memorial Hospital following an extended illness. Funeral services will be conducted Sunday at 3 p.m. at Rock Spring F.W.B. Church with her pastor, Bishop W. L. Phillips. Burial will be in the Brown Hill Cemetery.

Mrs. Pitt was born in Greene County but lived most of her life in Pitt County in the Rock Spring Community. She was a member of Rock Spring F.W.B. Church and served on the Mothers Board.

Surviving are three daughters, Mrs. Lula May Graham of New Haven, Conn., Mrs. Annie Elizabeth Wade of Newark, N.J. and Mrs. Mary Liza Galt of Greenville; seven sons, Edward Pitt, James Pitt, and Carl Pitt of New Haven, Conn., Frank Pitt of Washington, D.C. and J.C. Pitt of Lexington, Ky. and Jack Pitt and Ray Pitt of Greenville; one sister, Mrs. Helen Jackson of Winterville; 19 grandchildren; and 16 great grandchildren.

Family visitation will be Saturday from 8 to 9 p.m. at Flanagan and Hardee Funeral Chapel.

**Whitford**  
VANCEBORO — Mr. Walter Whitford, 71, died in Oak Manor Nursing Home in Kinston this morning.

Funeral services will be held Friday at 2:30 p.m. at Macedonia F.W.B. Church by the Rev. Lester Jarrett, Pentecostal Holiness minister of New Bern and the Rev. Walter Sutton, pastor of Macedonia Church. Burial will be in the Sprull Family Cemetery. The body will

be taken from the Wilkerson Funeral Home to the church at 10 a.m. Friday.

Mr. Whitford, a lifelong resident of the Vanceboro community, was a retired carpenter. He was a member of Macedonia Church.

Surviving him are his wife, Mrs. Bessie C. Whitford; six sons, Joseph Whitford of Norfolk, Va., Ray and Linwood Whitford, both of the home; and Roy, Lanis and Robert Whitford, all of New Bern; three daughters, Mrs. Dan Lewis and Miss Eva Whitford, both of New Bern, and Mrs. George Stille of Askins; four brothers, Adolph, Victor and Marvin Whitford, all of Vanceboro, and Edward Whit-

ford of New Bern; two sisters, Mrs. Irene Gaskins of Vanceboro and Mrs. Mable Riggs of Newport; 13 grandchildren and five great grandchildren.

The family will receive friends at the Wilkerson Funeral Home tonight from 7 to 9 o'clock.

**MASONIC NOTICE**  
Crown Point Lodge No. 708 A.F. and A.M. will hold a stated communication Thursday at 7:30 p.m. Supper will be served at 6:30 p.m. All master masons are invited.

Cliff Everett, Jr. Master  
Mitchell Jones, Secretary

## Rampants Post First League Victory

GETTING AWAY — Rose High School's Anthony Bryant (44) goes up for a rebound that is captured by an unseen Northeastern opponent during last night's game. William Barnes (40) of the Rampants and Tyrone Perry (21) of Northeastern watch from the floor. Rose won the game, 66-57, to record its first league win. (Reflector Photo)

## Aycock Wins 1st In Loop

PIKEVILLE — C. B. Aycock won its first Eastern Carolina Conference game of the year last night, downing Greene Central, 65-47. The win and loss tied the two for possession of the league's basement with 1-9 records.

C. B. Aycock's girls held onto second place in the standings with a 41-12 romp past the Ewes.

In the boys' game, Aycock pushed into a 15-11 lead in the first quarter of the game, then outthrew the Rams, 20-13, in the second quarter. That left the Falcons with a 35-24 halftime edge.

The Rams of Greene Central cut one off that during the third period to trail, 47-37, going into the final quarter. Aycock came back with an 18-10 margin to wrap up the victory.

### Time Changes

Two time changes have been announced for games set for Friday.

Rose High School's game in Rocky Mount will begin at approximately 5:30 p.m. The junior varsity contest will open the action, at 4 p.m.

Also in Rocky Mount, E. B. Aycock's junior high school basketball game will begin at 4 p.m.

By WOODY PEELE  
Reflector Sports Editor

One might have thought that Rose High School and Elizabeth City Northeastern had taken the governor's energy conservation proposals to heart last night.

Both are accustomed to having a hot hand with the basketball, but both turned down the gas in their Division I encounter, neither hitting over 40 per cent of their shots from the floor.

The Rampants, however, were a little warmer overall, and pulled off their first conference victory of the year, 66-57, while sending Northeastern to its third loss in six conference starts. Rose is 1-4 in the league.

The win also boosted the Rose overall mark to 3-12, while Northeastern is now 10-5.

Rose shot only 39.1 per cent for the game, hitting 27 of 69 shots. Northeastern didn't do that well, however, getting just 24 of 72 through the hoop for 33.3 per cent.

Rose was also better at the line, hitting 13 of 24, as compared to just nine of 15 for the Eagles.

Neither team conserved the basketball however, when it came to give aways. Throughout the game, both teams played pressure defenses, and it showed on the loss of possession charts. Rose and Northeastern each recorded 31 losses of possessions.

Rebounding was not a big factor either, as Rose held only a 54-53 edge in that department.

What really did it for the Rampants was an opening streak of 10 points at the start of the final period that ran them from one point to an 11-point lead. Northeastern could come no closer than six after that, as the Rampants ran out the clock.

## Bryant Sets Sights On State Championship

By WOODY PEELE  
Reflector Sports Editor

Life for a 6-1 forward/center usually isn't a good one, but Rose High School's Anthony Bryant is hoping that he can turn it into a state championship.

Oh, not this year, most likely, but he has high hopes for the 1977-78 season, when he's a senior.

"I definitely feel that we can be state championship caliber," he said. "We only lose one senior, and the three top scorers are returning. A lot of the other schools in our conference are going to lose a lot of people. We just have to keep playing through the off-season—we have to keep working. That's what most of us plan to do. A lot of us are going to different basketball camps during the summer, too."

Bryant has been a key factor in the Rampant offense this year, averaging 16.4 points through last night's game with Northeastern. That game turned into Rose's third win of the year, and the team's second straight.

"Our problems have come from a lack of full cooperation on defense," he said. "Like when

we're in a zone, and one person lets down and doesn't do his job, putting pressure on the rest of us. We have a good offense, it's just a question of getting the defense together."

Despite the fact that Bryant is only 6-1 (he's hoping that he's still got some growth left in him), he can jump with the best of them. Last night, he slam dunked one shot, proving it.

"My rebounding wasn't satisfying earlier in the year, but it's been coming on. I got 16 against Havelock, and that's the best I've done."

Bryant feels he's capable of scoring more than his current average. "At the start of the season, I was a little hesitant to shoot. I guess I just didn't have the confidence I needed in my shots. But now I'm putting it up more. I don't want to be a selfish player though."

Bryant also enjoys football, but says that he didn't play this past season because of his fear of getting injured and hurting his basketball career. "I might give it a try next year, but I don't know. I've got a friend who plays basketball who got hurt in football and it hurt him in basket-

The game was tight all the way prior to that, although Rose did open up as much as a nine point lead on a couple of occasions.

Greg Guthrie put Rose up at the start after just four seconds, and William Barnes made it 4-0.

Northeastern scurried back, however, taking a 6-5 lead on a pair of free throws by Reggie Johnson. Rose regained the lead on two charity shots by Derek Brewington, but lost it to two more Eagle free throws, by Paul Sylvester.

Rose grabbed it back as Brewington hit two more at the line, and Guthrie followed 19 seconds later with a basket. Three more free throws ran the lead out to 14-8, but a late flurry by the Eagles cut it back to 16-14 at the end of the period.

Rose got two quick baskets to open the period, and after an Eagle free throw, a basket by James Hawkins ran the margin to 22-14. Northeastern cut it back to one on three straight shots, but Rose held them off and three in a row by the Rampants ran the lead back out again, this time to nine, 34-25 as Barnes hit two shots around a jumper by Guthrie.

Still, Rose could lead only by five at intermission, 34-29.

Northeastern's press bothered Rose in the third period's early minutes, and the Eagles cut the lead away, finally taking the lead on a go-ahead call on a shot by Dudley White, 41-40 with 3:11 left in the frame. But after falling back by 45-42, Rose came back on two Hawkins' baskets to regain the lead, 46-45 as the period ended.

Barnes hit a three-point play 14 seconds into the final quarter, and Anthony Bryant added a free throw. Barnes scored on another jumper from the lane, and Bryant stole the ball for a

slam dunk. Barnes finished off the streak with another from the lane, making it 56-45 with 6:09 left. Northeastern cut it back to six on two baskets and a field goal, but Rose never let them closer and pulled away again to an 11 point lead just before Northeastern's final basket.

Bryant led Rose with 19 points, while Barnes finished with 17, Guthrie had 12 and Hawkins had 10.

Sylvester had 17 for Northeastern, with Johnson adding 13 and Brien Armstrong, 10.

Rose also won the junior varsity game, 82-73, rallying in the third period. Northeastern ran out to a 23-16 lead in the first period, and took a 42-33 lead into halftime.

But Rose came streaking back with a 31-17 margin in the third period, taking a 64-59 lead. They outthrew the Eagles, 18-14, in the final period to end it.

Ronnie Chapman led Rose with 31 points, while

Durwin Clemons added 26. Rick Snowden had 19, Miles Brite, 12 and Ulysses Lamb, 11 for Northeastern.

Rose travels to Rocky Mount on Friday.

## Ayden-Grifton Stays Alive; Firebirds Fall

LITTLEFIELD — Ayden-Grifton kept its fading Eastern Carolina Conference title hopes alive with a 63-60 victory over Southern Nash last night.

Ayden-Grifton's girls also came away with a win, 60-31, as they routed the Lady Firebirds.

The Chargers are now 7-3 in the league and are the lone team with a chance to overhaul and pass the North Pitt Panthers. But any combination of two North Pitt wins or Ayden-Grifton losses would give it to the Panthers.

Ayden-Grifton rushed out to a 20-12 lead in the first period of its game. Southern Nash put on a rally in the second quarter, however, 16-8, and cut the lead away, tying it at 28-28 at the half.

Both teams hit 11 points in the third period, 39-39, as the two stayed neck-and-neck. But in the final period, Ayden-Grifton was able to outthrust the Firebirds,

# North Pitt Overcomes Farmville

By JIM KYLE  
Reflector Sports Writer  
FARMVILLE — North Pitt utilized a balanced scoring attack and strong shooting percentage to solidify its hold on the Eastern Carolina Conference lead, taking a 69-55 win over Farmville Central last night.

The Panthers hit 26 of 46 shots from the field for 56.5 per cent in raising their league record to 10-1 for the year. Farmville could manage but a 40.6 shooting percentage, connecting on 26 of 64. The difference in the game came at the free throw line where North Pitt held a 17-3 edge.

The game was actually closer than the final score indicates. It was tied late in the third quarter and Farmville cut into North Pitt's lead in the final quarter until hitting a scoring drought in the last 2:45.

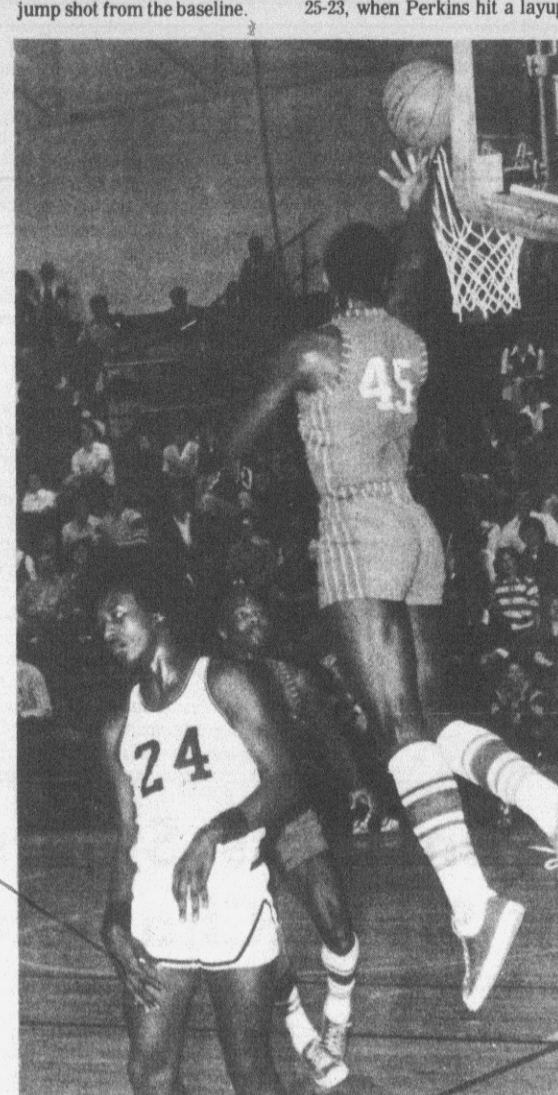

During those last minutes the Panthers were connecting of eight foul shots and a field goal while Farmville could manage but one shot from the field and one from the line.

North Pitt placed four men in double figures, with Perkins leading the way with 18. Larry Spencer scored 15 points, most on jumpers from the top of the key, while Virgil Pilgreen had 12 and Kenneth Roberson 10.

Timmy Ward paced the Farmville scoring with 11 points and Kenno Farrow, who was hampered by an ankle injury, scored 10.

Farmville held a 45-40 rebounding edge and had nine turnovers compared with 11 for the Panthers.

The game was extremely close for the first three quarters with North Pitt holding the edge several times only to see the Jaguars come back.

EASY DOES IT — North Pitt star Donnie Perkins goes up for a layup against Farmville Central's Terry Gorham during action in the two schools' game last night. North Pitt took the contest, 69-55, to move within striking distance of the league title. (Reflector Photo by Tom Baines)

Farmville was still ahead, 25-23, when Perkins hit a layup, North Pitt jumped back out by five in the second quarter by a 19-14 score when Jimmy Hardy hit a layup with 7:04 left in the half.

The Panthers were up 31-29 when Farrow tied it up again with a 40-footer at the buzzer to send the teams to the dressing room.

North Pitt scored the first two buckets of the second half to go up 35-31, but Farmville hit two to tie it again.

For most of the third quarter the teams traded baskets; but the Panthers scored six straight to take a six-point lead with 47 seconds left before the Jaguars hit the last basket of the period to make it 47-43 going into the final quarter.

North Pitt built a 52-43 lead before Farmville could score in the fourth period. But the Jaguars then made five points in 20 seconds to make it 52-48 with 5:08 left.

Farmville only trailed by five, 57-52, when the Jaguars went cold with 2:45 left. They missed three shots and committed two turnovers while the Panthers were scoring 10 points to take a commanding 67-52 lead with 33 seconds left and it was all over for Farmville.

Farmville picked up a win in the girls' game, however, which was closely contested all the way.

The score was knotted at 10 in the first quarter and at 20 at the half. North Pitt outscored the Lady Jaguars in the third quarter for a 35-33 lead.

The Lady Jaguars tied it up again in the fourth quarter and

went up 38-37 when Dianne Barrett hit the first of a one-and-one opportunity.

The Pant-HERS knotted the score again with 4:28 on Sue Grimes' free throw, but the Lady Jags then scored six straight for a 44-38 lead at the 2:42 mark.

North Pitt was able to cut it to one, 46-45, with 1:14 left as Cynthia Barnes hit two layups and a free throw, but that was as close as they could come.

The Lady Jaguars were led by Barrett's 15 points while Julia Moye had 14 and Jennifer Counterman 11. Barnes was the only North Pitt player in double figures with 18.

Both teams will play again Friday night. The Panthers will host C. B. Aycock while Farmville will entertain Ayden-Grifton.

## Rose Cagers Face Tougher Tests As Top Teams Host Road Contest

Fresh from two straight victories, including its first in Division I, Rose High School's Rampants set out during the coming week to try and put two more wins together, this time at the expense of two of the top teams in the league.

Tomorrow night, the Rampants travel to Rocky Mount to meet the Gryphons, while on Tuesday, they'll be at Bertie. A pair of wins there could definitely turn the season around for the Rampants, pulling them close to .500 in the league.

Perhaps the biggest battle the Rampants may have will be the reaction of the two school systems it is going into to play to the governor's recommendations for conserving energy. But Coach Jim Brewington doesn't feel that basketball should be stopped.

"I don't think it will get that cold in the gyms with the heat cut back. If you have a good crowd, there's a lot of heat generated, and the players will be warm anyway. I think they could get fired up in 40-degree weather."

"Oh, it might cut down on the crowds some," Brewington said, "but I don't think they should cancel the rest of the season. Even moving to afternoon games would be better than cancelling."

Rose's win over Havelock, ranked sixth in the east in 3-A circles, came as an upset. The Rams went into the game with a 13-3 record. "We played real good defense in the game, and we got some more good rebounding. We also got balanced scoring from (Anthony) Bryant, (James) Hawkins and (Greg) Guthrie, although Guthrie had his worst half of the year in the first of the game."

"Derek (Brewington) has played well the last two games too, and that's helped. Our shooting has been great for the past two games (at Rocky Mount and Northeastern)."

Brewington added that the Rampants just needed to cut down on their turnovers and their silly mistakes and fouls. "Fouls made the difference at Wilson. They beat us at the foul line."

Brewington said the plan for Rocky Mount will be much like it was in the first game against the Gryphons. "We've got to try and stop Charlie Williams. If we can keep him below 20, we might stand a chance. I just think we can stay with about anyone in this conference. Only Northern Nash got away from us in the first time around."

Against Bertie, Rose faces the task of stopping Arthur Gaskins. "When we got out of the zone and into man-to-man against Bertie, we did right well. Gaskins was hot and that beat our zone. Still, we'll probably try the zone again to see if he's hot again."

Brewington noted that the conference race is much like he expected it to be with Rocky Mount, Bertie and Northern Nash on top. "We could win three or four games yet. Of course, we'll shoot to win them all, but if we can win three or four we'll be all right."

The two conference basketball games are part of the Rose athletic slate for the coming week.

Wrestling has one match as the winning Rampants wind down to the conference tournament. Northeastern visits tonight, ending the regular season. The conference tournament is next weekend.

The Rampettes travel to Northeastern tonight, and host Rocky Mount on Monday in girls' basketball, with a home date against Conley on Saturday, which also includes a junior varsity boys' game.

Saturday, the swimming teams return to action, traveling to Durham to meet Jordan and Kinston in a tri-meet.

## North Lenoir Downs Vikings

WHEAT SWAMP — North Lenoir swept a pair of games from D. H. Conley last night. The defeat about finished off any hopes the Vikings may have had for an Eastern Carolina Conference title. North Lenoir took the boys' game, 74-67, while the Lady Hawks won their game, 52-47.

In the girls' contest, North Lenoir jumped away to a 16-7 lead after one period. Conley cut two off that in the second frame, but still trailed, 25-18. The Valkyries again trimmed part of the lead away in the third period, but were still down, 35-29. Conley again outthit the Hawks, 18-17, but fell short.

Denise Beacham led North Lenoir with 17 points. Annie Hardy led Conley with 13, while Vergenell Person and Annie Wooten each had 11 and Alice Costen had 10.

Conley's boys rolled up a 20-14 lead in the first period, but were unable to hold to it. North Lenoir came back with a 20-16 margin in the second quarter, cutting

the Vike lead back to 36-34 at the half.

Conley was outscored in the third period, 22-17, as the Hawks pushed into a 56-53 lead. The Hawks sewed it up with an 18-14 final quarter.

Mitchell Wiggins led North Lenoir with 30 points, while Amos Percill had 16, Orlandus May and Johnny Wiggins each had 10. Al Tyson led Conley with 26, while Bernard Hawkins added 10.

Conley hosts Southern Nash on Friday.

## Southern Nash Tops Panthers

BETHEL — Southern Nash edged past North Pitt in an Eastern Carolina Conference wrestling match last night, 36-23.

The Firebirds won eight of the 13 weight classes, taking two of them on forfeits. Southern won one match by a fall, while North Pitt took two.

Aubrey Wynne continued unbeaten for the Panthers, winning his 12th straight.

North Pitt travels to Farmville Central on Saturday.

Summary:  
100: Linwood Crumel (SN) d. Jimmy Smith (NP) 9-8.  
107: Jimmy Smith (SN) d. Clay Pilgreen, 16-1.  
114: Tim Andrews (NP) d. Terry Winstead, 8-2.  
121: Larry Emig (SN) d. Dennis Carroll, 6-1.

128: Daryl Emig (SN) won by forfeit.  
134: David Shelton (SN) won by forfeit.  
140: James Wilkerson (SN) d. Nicky Nichols, 11-2.  
148: Roy Bradley (NP) d. Clarence Barnes, 20-8.  
158: Aubrey Wynne (NP) d. Andy Delbridge.  
169: Daniel Harris (SN) d. Sam Mayo, 5-4.

197: Mike Manning (NP) pinned Mark Pope, 1-20.  
Heavyweight: Ricky Stokes (NP) d. Thomas Daniels, 6-2.

### Vikes End Unbeaten

HOLLYWOOD — D. H. Conley's ninth grade boys basketball team downed North Pitt, 70-61, yesterday.

Ben Daniels led Conley with 17 points, while David Brock had 16 and Carnell Burney and Victor Evans each had 13. North Pitt was led by T. Williams with 19, while G. Langley had 12 and C. Atkinson had 11.

Conley finished the season with a 10-0 record.

# Wake Forest Holds Off Duke To Claim 89-80 ACC Victory

What a difference two seconds make. But for two ticks of the clock N. C. State's Wolfpack would be right in the thick of things for the lead in the Atlantic Coast Conference and a first-round bye in the league's annual tournament.

The clock has been bad to Norman Sloan's team in its past two outings when one second has meant the difference between victory or tying and a defeat.

Against Maryland last Thursday, State watched the Terrapins come from 19 points down to tie the game at 73 before Steve Sheppard hit a 20-foot jump shot with two seconds left to give Maryland the lead.

Things looked hopeless for the 'Pack, but Kenny Carr took a court-length pass underneath the State basket, faked and fed it behind his back to Tony Warren for a layup. But, it was too late. The referee ruled time had run out and the Wolfpack was beaten by two.

Tuesday night State was at it again, this time at Clemson. The Wolfpack led most of the way only to see the Tigers with the edge in the final seconds, 60-59.

Clemson had the ball out of bounds under its own basket with three seconds left and again things looked bleak for State fans. But, the inbounds pass was tipped and Carr grabbed it just to the left of the foul line and put up a shot which was good.

That is, the shot went in the basket. The officials ruled it came after the buzzer and did not count.

If the Wolfpack could have won in overtime against Maryland and had beaten Clemson, they would now be 6-1 in the conference and tied with Wake Forest for the lead.

Because of those two seconds, which ticked off a little too soon for the 'Pack, State is in third place at 4-3.

North Pitt's win over Farmville Central last night puts the Panthers in the driver's seat of the conference race.

They are now in first place in the league with a 10-1 record. One more win will assure them of at least a tie for first place in the conference.

The Panthers have three league games remaining and all are against teams they have beaten before.

The regular-season championship doesn't assure them of anything, however. They must be one of the top four teams in the conference tournament to advance in post-season play.

By The Associated Press  
"Wake Forest is playing very loose and poised right now," observed Duke basketball

## ACC Roundup

Coach Bill Foster after the Deacons overcame a closing Blue Devil rally to post an 89-80 victory Wednesday night and lengthen their Atlantic Coast Conference lead.

Coach Carl Tacy's Deacons, 17-2 overall, currently are riding high atop the ACC standings at 6-1 with seven games remaining before the ACC Tournament, which begins March 3 in Greensboro.

Five of the Deacons' seven remaining contests are ACC games and they appear to have the hardest part of their schedule behind them.

Wake Forest has yet to play North Carolina State, but has played each of the other five ACC teams at least once and already has split in two conference clashes with North Carolina.

Besides home-and-away matches with N.C. State, the Deacons will entertain Clemson and Virginia Tech. They also travel to Virginia before meeting Davidson in Charlotte and

Maryland in Greensboro. Wake Forest also is riding near the top of the national rankings, holding the No. 5 spot in this week's Associated Press poll by virtue of last week's 67-66 comeback win at North Carolina. Tacy downplays the importance of polls, but concedes he and his players find vindication in them.

"We haven't talked about them all year, but we notice them," he said Wednesday night. "I think right now we're looking better than the sixth-place (ACC finish) predicted for us at the beginning of the season."

Maryland coasted to an 82-67 win over injury-riddled Virginia in the only other ACC game Wednesday night.

Jo Jo Hunter scored a career-high 20 points as the Terps, playing without star forward Steve Sheppard, boosted their overall mark to 14-5 while evening their ACC record at 3-3.

It was the eighth loss in the last 11 games for the Cavaliers, who now stand at 8-10 overall and continue winless in the ACC with an 0-7 mark.

"We tried to play more of a tempo game (without the fast break), but turnovers killed us," said Foster. The Blue Devils lost the ball 22 times, twice as many as the visitors, and were unable to work the ball inside as much as Foster would have liked.

Freshman center Mike Gminski, being counted on to help compensate for the loss of high-scoring guard Tate Armstrong, managed only eight floor shots, hit four and finished with 12 points.

Deacons forward Rod Griffin led all scorers with 28 points and drew praise from Tacy.

# Davidson Stays Out Of Southern Basement

By The Associated Press  
Davidson's Wildcats just managed to stay clear of the Southern Conference cellar as

## Southern Roundup

they edged The Citadel's Bulldogs 62-60 in the only league basketball game Wednesday night.

Davidson, 2-5 in the conference and 5-15 over-all, escaped the basement Monday night

## Jaguars In Sweep

WASHINGTON — E. B. Aycock Junior High School's wrestlers romped to a 58-0 victory over Washington yesterday.

The win was the fifth straight for the Jaguar matmen, who recorded six pins, one forfeit, one superior decision, and two major ones.

Aycock travels to Wilson on Wednesday.

- Summary:
- 91: David Purvis (A) pinned Mark Benston, 1:30.
  - 101: Kevin Richards (A) decided Jim Ennis, 10:2.
  - 110: Wayne Joyner (A) pinned Wayne Martin, 1:44.
  - 118: David Woods (A) pinned Greg Moore, 1:44.
  - 126: William Barrett (A) pinned Lon Williams, 1:42.
  - 133: Mark Shank (A) decided Donald Woolard, 1:30.
  - 141: Don McClon (A) decided Donald Ennis, 9:3.
  - 148: Ted King (A) decided Nat Rogers, 10:2.
  - 158: Alfred O'Neal (A) pinned Mike Jackson, 1:29.
  - 168: Charles Gunther (A) won by forfeit.
  - Heavyweight: Ron Butler (A) pinned Van Scales, 2:53.

with a 69-52 upset over William & Mary's Indians. This con-signed The Citadel to last place, and the Wildcats' victory Wednesday kept them there.

The Citadel, now 1-7 in the conference and 5-14 over-all, missed a chance to send the game into overtime when guard Robert Hoak tried a 15-foot jumper with one second left that bounced off the rim.

John Gerdy led the Wildcat attack with 28 points, hitting 12 of 18 from the floor and four free throws.

Two contenders for the conference title, Virginia Military and William & Mary, both won nonconference games Wednesday night.

Virginia Military's defending champion Keydets collected their 17th consecutive victory with a 94-78 victory over small college foe Hampden-Sydney in Lexington.

W&M annexed its 13th triumph with an 83-70 home-court conquest of George Washington.

Two other SC teams split in nonconference action, Tennessee-Chattanooga downing Livingstone 99-75 but Marshall falling 94-87 to Middle Tennessee.

Dave Montgomery scored 26 points and Ron Carter had 25 for VMI as the Keydets boosted their season record to 18-1 at the expense of Hampden-Sydney.

# New VYDATE two-shot tobacco plan stops both nematodes and flea beetles.

Now you can apply VYDATE preplant incorporated in your tobacco fields for nematodes, and later add VYDATE to your transplant water for flea beetles and nematodes.

This new VYDATE plan gives you proven, effective protection against your two worst pest problems. With both nematodes and flea beetles under control, you can look forward to vigorous early growth leading to uniform flowering, and larger, more uniform leaves at harvest. Here's the two-shot plan:

**Shot one:** Broadcast VYDATE preplant and incorporate to a depth of 4 to 6 inches; then form your beds from treated soil. No waiting period is required. The preplant treatment can be made right up to the time of transplanting. VYDATE kills rootknot and lesion nematodes on contact. Then VYDATE moves into tobacco roots for systemic kill of feeding nematodes.

**Shot two:** Add VYDATE to your transplant water when transplanting young plants. VYDATE

quickly moves into the plants to stop flea beetles as they feed.

And this second VYDATE treatment gives you "booster shot" protection against nematodes. VYDATE in the transplant water needs no rainfall to start it working, and the systemic protection won't wash off. Just one economical, liquid product does the whole job.

Check out this new VYDATE two-shot tobacco plan with your dealer now.

As VYDATE is a highly toxic chemical and protective equipment is recommended, read and follow labeling instructions and warnings carefully.

# Cincinnati Is Upset Victim, 65-64

By HANK LOWENKRON  
AP Sports Writer

Wake Forest Coach Carl Tacy is thankful that his team does not take basketball polls too seriously.

"We haven't talked about them (polls) all year," said Tacy Wednesday night after his fifth-rated Deacons defeated Duke 89-80 in an Atlantic Coast Conference basketball game.

"We notice the polls, though," he added. "And

## College Roundup

think we're looking better than the sixth-place (ACC) finish predicted for us at the beginning of the season."

Indeed, they are. The Deacons now are 17-2 over-all and lead the tough ACC with a 6-1 record.

Forward Rod Griffin sparked Wake Forest to its latest victory with 28 points.

In other games involving rated teams, Pittsburgh upset No. 12 Cincinnati 65-64 on a 22-foot jump shot by junior Larry Harris at the final buzzer; Ar-

kansas, No. 14, routed Southern Methodist 81-58 in a Southwest Conference game, and 20th-ranked Detroit beat Eastern Michigan 87-82.

"The bench told me to take the shot, even if I was double-teamed," said Harris, whose winning basket gave Pitt's leading scorer 31 points for the game.

"We've got to start to believe in ourselves," added Harris after the 4-14 Panthers upended Cincinnati, now 15-3.

SMU left Marvin Delph open for outside shots and he scored a career-high 30 points in the

Razorbacks' 10th straight victory.

Ron Brewer added 21 points for the 18-1 Razorbacks.

John Long scored 32 points and Terry Tyler 25 for 17-1 Detroit, which has won 16 straight games.

In other Wednesday night action, John Gerdy scored 28 points as Davidson nipped the Citadel 62-60 in a Southern Conference game; freshman Jo Jo Hunter scored a career-high 20 points, leading Maryland over Virginia 82-67 in the ACC; freshman Darryl Gladden hit two free throws with three sec-

onds left, giving La Salle a 71-70 upset over Villanova in the second half of a doubleheader at the Palestra in Philadelphia after St. Joseph's, Pa. downed American 77-70.

Nine consecutive points by Glenn Williams and a 28-point performance by George Johnson sparked St. John's over Georgetown 82-66, while Fordham snapped its 10-game losing streak with a 68-53 victory over CCNY.

Miami of Ohio snapped Northern Illinois' five-game winning streak and took over first place in the Mid-American

Conference with a 99-91 triumph as Archie Aldridge scored 28 points for the winners. Central Michigan outscored Toledo 88-81 in another MAC game.

Other results involving major schools included: Middle Tennessee State over Marshall 94-87; Kansas edging Oklahoma State 60-58 and Oklahoma taking over first place in the Big Eight Conference with a 66-63 victory over Missouri; Memphis State, 18-3, over Western Kentucky 97-75, and South Carolina routing Richmond 95-63.

#### ONLY TWO STEALS

NEW YORK (AP) — Just before Johnny Bench of the Cincinnati Reds received the Sport magazine car award for his home run heroics in the fourth and final World Series game against the Yankees, he corrected one admirer.

A man came up to him and said: "You have allowed only one stolen base in 23 World Series games. What happened?" Bench replied: "I've had two fellows steal on me in World Series play, Matty Alou of Oakland in 1972 and Mickey Rivers of the Yankees."

A double check of box scores showed that Bench knew the score. He has caught seven American Leaguers trying to steal second in his 23 Series games.

# Mary Richards Left An Impact

By JAY SHARBUTT  
AP Television Writer  
LOS ANGELES (AP) — This Friday, on a stage in nearby Studio City, Mary Richards will produce her last newscast for station WJM-TV in Minneapolis. People have been asking her how her show will end. "I don't think I'm supposed to say how it'll end, though God

knows TV Guide will print it and it won't come as a huge surprise," laughed Mary Tyler Moore, who plays Miss Richards.  
"Just in broad terms, though, it's a show about saying goodbye."  
It's the 168th and last episode of "The Mary Tyler Moore Show." After seven hit seasons

and a passie of Emmy awards, CBS' ground-breaking series about an unmarried career woman is filming its finale.  
Hailed as one of TV's best-written comedies, it laid to rest the myth that audiences wouldn't accept a sitcom involving a woman unless she was married and burned dinner at least one night a week.

Its success enabled it to do another unique thing — cause two spinoff series, each about a career woman, one named Phyllis, the other Rhoda, each of whom still get good ratings for CBS.  
Still Miss Moore, 39, born in Brooklyn and raised here, insists she never considered the show that started it all as even a low-key pioneer of what writers, usually boy writers, call Women's Lib on TV.  
"No, not at all," she said in a phone chat. "In fact, I've never thought of myself as a woman who caused too much impact in any area."  
She said it's only in the past few weeks, by reading articles about her show and its realistic depiction of a modern woman, "that I've really begun to have a sense of how important it's been."  
"And I say 'the show,' not me. I'm just part of it. But it really has affected a lot of people, all the good."  
For one thing, she said, "it's made people laugh at things that also made them think."  
"It's made an awful lot of single women who were ashamed of being alone and dateless on Saturday night suddenly very happy with themselves, content to be alone, if that's the

# Forestry People Look For A Year Of Fires

By DAVID TOMLIN  
Associated Press Writer  
RALEIGH, N.C. (AP) — A year that begins with as much ice as this one has is likely to end in fire, state Forest Resources Director Ralph C. Winkworth warns.  
Last year's drought began the ugly job of turning state forests into potential tinderboxes. Record winter freezes are finishing it, Winkworth said.  
"We've got more cured, dead fuel than usual, especially in the eastern part of the state," Winkworth said. "It's certainly cured now just about as good as it could be."  
What will decide whether Winkworth's small army of forest firefighters will spend the year in combat will be the amount of moisture that falls on the state and when it comes.  
"The thing that makes the

difference is the frequency of fronts as they come in," Winkworth said. "Last year we went for weeks without a break and we had very low relative humidity. That's very important."  
But even with conditions as good for fires as they seem to be developing, Winkworth said frequent rains would sharply diminish the chances of fire and give firefighters a chance to rest and keep their equipment ready.  
The worst year for forest fires in North Carolina was 1955, when nearly 500,000 acres were destroyed at a loss of \$70 million in timber alone.  
Computer analysis of weather conditions in the years since then show that last year was actually much more dangerous. Yet the forest service held the destruction to about 65,000 acres.  
The reason, Winkworth said, is "improved capability, more resources, more appropriations and better equipment and training."  
Winkworth has 500 men at his disposal to fight the flames, plus another 300 seasonal employees who come in when the danger becomes acute.  
On top of that all states have swapping arrangements for men and equipment in times of

need which have in the past called North Carolinians with expertise in such things as air drops or swamp fires as far away as Montana or Washington state.  
Winkworth said he was confident this year's damage could

be controlled but he said he wasn't complacent.  
"We've certainly got the potential for disastrous fires," he said. "Eastern North Carolina is the second worst area in the states, second only to southern California."

FORECAST FOR FRIDAY, FEB. 4, 1977

## Your Daily HOROSCOPE

from the CARROLL RICHTER INSTITUTE

GENERAL TENDENCIES: Your judgment is not up to par early in the day and you would be wise not to make any important commitments. Later you find that excellent influences are in effect and you have restored confidence.

**ARIES** (Mar. 21 to Apr. 19) Make sure business matters are well handled, then plan your recreations early so that they work out smoothly later in the day.

**TAURUS** (Apr. 20 to May 20) Don't jeopardize your security by spending more money than you can afford. Get rid of frustrations before weekend begins.

**GEMINI** (May 21 to June 21) Take particular care in motion today and avoid possible accident. Study new outlets that could bring more abundance.

**MOON CHILDREN** (June 22 to July 21) Be most careful where monetary matters are concerned early in the day. Plan needed repairs to property.

**LEO** (July 22 to Aug. 21) You may want to make some changes but this is not the right time. Show more concern for mate and family members.

**VIRGO** (Aug. 22 to Sept. 22) Make sure you carry through with whatever you have agreed with others. Don't spend more money than you can afford.

**LIBRA** (Sept. 23 to Oct. 22) Morning is not the right time for relying on friends for favors but the evening is fine. Avoid one who is jealous of you.

**SCORPIO** (Oct. 23 to Nov. 21) Take no risks where your good name is concerned today or there could be dire results following. Walk away from trouble.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Don't make any radical changes during the day or there could be trouble. Not a good time for taking any trips.

**CAPRICORN** (Dec. 22 to Jan. 20) Be sure to keep promises made to associates. Your mate is not cooperative during the day but is most gracious later.

**AQUARIUS** (Jan. 21 to Feb. 19) Discuss future with associates and come to a complete agreement. Show others that you are a person of wisdom.

**PISCES** (Feb. 20 to Mar. 20) It is wise to study a new system for handling regular routines. A co-worker could be annoying but pay no attention.

**IF YOUR CHILD IS BORN TODAY** . . . he or she will respond favorably to praise and should be taught early to make decisions so that life can become successful. There is much depth of thought here as well as ability to advance on a physical plane. Sports are a must here. "The Stars impel, they do not compel." What you make of your life is largely up to YOU!

Opening Lead: ?

The credentials of Benito Garozzo are impeccable. From the day he joined Italy's Blue Team in 1961 until the Italians lost the world team championships at Monte Carlo last year, he had never been on a losing team in a major international competition. Many regard him as the world's finest player, and his advice in the fourth tip of the new Bols Bridge Tips competition is as sound as his game.

Garozzo writes that "heroic measures are rarely needed when you are on lead against a game contract. The defenders can expect to regain the lead after the dummy has been exposed and the early play offers further clues to what they should do.

"Not so against slam. Unless two tricks can be cashed at once, the defense must strike a telling blow to develop the setting trick by the opening lead! Later may be too late.

"One factor that works in favor of the defense is that declarer is rarely willing to risk immediate defeat if an alternative seems attractive. And sometimes such an alternative can be created by the opening lead itself. Consider this hand:

Defensive prospects are bleak. From the auction and his strength, West can tell that his partner is broke. In addition, his holding in clubs suggests that, if necessary, declarer can easily bring in dummy's club suit. However, West's hand does contain one surprise for declarer — West has a trump trick.

Garozzo suggests that you lead the jack of clubs! Look at the full hand and see what that does to declarer. From his point of view, there is a danger that the jack of clubs is singleton and that West can score a ruff. It seems safe to rise with the ace, draw trumps and then set up clubs for all the discards he needs. But that will mean down one.

Garozzo's advice in a nutshell: "Games may be defended quietly, but slams must be attacked!"

way it's going to be.

"I don't mean to imply for a moment that Mary Richards could ever take the place of sex..." She gave the line a vocal twist upwards, the way Mary Richards would, for comic emphasis.

"But at least it stopped a source of guilt and tremendous worry for an awful lot of people on Saturday night."

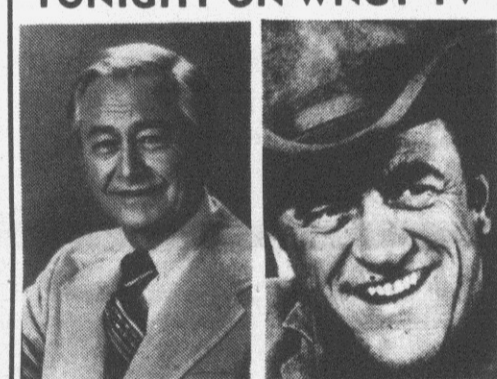

The studio audience for Friday's finale will contain neither the press nor the public, only about 300 "close friends of the show," as Miss Moore puts it.

After shooting ends, there'll be a party to celebrate and mourn the passing of a bit of television history. Then, everyone will go their own ways, Miss Moore heading eventually for a TV movie, two variety specials and a possible new series for CBS in the fall of 1978.

ESTIMATED SAVINGS

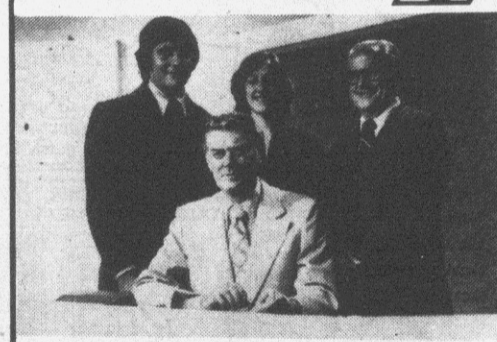

RALEIGH (AP) — A four-day state government work week would save an estimated 15,000 gallons of fuel oil on the fifth day and large but unspecified amounts of natural gas and electricity.

# Summing Up Pros And Cons Of Debate Over ERA

RALEIGH, N.C. (AP) — Much of the controversy over the proposed Equal Rights Amendment to the U.S. Constitution revolves around what effect it would have if ratified.

Proponents argue that ERA is a means of ending what they say is widespread discrimination on the basis of sex, particularly against women.

On the other hand, opponents warn that ERA is dangerous. Destruction of the family, repeal of laws designed to protect women and subjection of women to the draft and combat duty are among its threats, they say.

The following is a summary of the major points of dispute over the ERA and what each side believes it will do.

One of the more prominent ERA opponents is retired U.S. Sen. Sam J. Ervin Jr., who opposed ERA when it was before the U.S. Senate. He spoke at a public hearing in the legislature two years ago and last week mailed legislators an 18-page position paper on ERA.

Most of the opponents' views presented here are from Ervin's paper.

Among organizations supporting ERA are organized labor and the Business and Professional Womens clubs, both of which have compiled booklets and background information arguing in favor of ERA.

Most of the proponents' arguments presented here are from that material.

**THE ERA**

The proposed amendment says:

"Equality of rights under the law shall not be denied or abridged by the United States or by any state on account of sex."

"The Congress shall have power to enforce by appropriate legislation the provisions of this article."

"This amendment shall take effect two years after the date of ratification."

**MILITARY DRAFT**

CON: Women would be subject to the draft the same as men if it were reinstated. Furthermore by requiring that sex not be a factor in areas such as job classifications, women military personnel would be assigned to combat duty during wartime.

PRO: Congress now has the authority to draft women as well as men, though it has not chosen to do so. In addition under current law women in the military could be assigned to combat duty without ERA. Military job classifications consider physical standards which would generally preclude women serving in combat because of their biological differences, even with the ERA. Both men and women could be exempt from the draft because of family responsibilities.

**STATES RIGHTS**

CON: "If it is ratified, the Equal Rights Amendment will transfer from the states to the federal government vast governmental powers which have been reserved to the states throughout our history."

PRO: The section requiring Congress to pass laws implementing ERA is almost identical to the wording in seven other amendments. For example, the amendment giving 18-year-olds the vote did not ship additional power to Washington.

**SOCIAL SECURITY**

CON: Women would lose the special benefits they now enjoy in the Social Security system. If men were allowed the same benefits it could bankrupt the system.

PRO: "Passage of ERA will simply assure that widowers with dependent children will be able to provide for their families on the same basis as widows." Changes in Social Security have already begun to move in that direction, and the system is adjusting to accommodate the added burden.

**PRIVACY**

CON: Segregated restrooms would be barred and other additional areas of privacy would be abolished. "Men and women and boys and girls shall not enjoy the privacy now secured to them by law."

PRO: ERA would still allow separation of sexes in such places as public toilets, military barracks, college dormitories, prisons or mental institutions.

**RAPE LAWS**

CON: "...laws relating to rape and seduction and other sexual crimes will be annulled."

PRO: "The present trend is to change state laws pertaining to sexual assault so as to provide equal protection to men and women. Such changes are in accord with the intent of the ERA."

**PROPERTY**

CON: "Since the task of providing nurture ordinarily falls upon the housewife and mother, intelligent societies have imposed on the husband and father the primary responsibility for supporting his wife and children. Moreover, they have decreed that the woman who devotes her life to housekeeping and motherhood shall receive some provision from the estate of her husband when she becomes his widow. ...wives, mothers and widows will be robbed of these protections..."

PRO: "The property rights of married women would be guaranteed by the ERA in those states where such rights are now practically nil..."

**CHILD SUPPORT**

CON: Under ERA, "fathers shall be freed from primary responsibility for the support of their children."

PRO: ERA would not change current law which essentially allows men to escape supporting his family unless his wife is willing to use criminal laws placing responsibility on both parents.

**PROTECTION**

CON: Women in general shall not enjoy any legal protections or exemptions now granted to them from things like heavy lifting, long hours and the like.

PRO: Since the 1964 Civil Rights Act such laws have been struck down on the basis that they restricted opportunities for women.

**ERA UNNEEDED**

CON: "Recent acts of Congress, recent executive orders of the President, and recent regulations of federal departments and agencies prohibit discrimination on the ground of sex in education, employment, financing, housing, public accommodations..." Ervin called ERA "totally unnecessary."

PRO: The Supreme Court has been reluctant to extend 14th Amendment protections on the basis of sex. The amendment was primarily aimed at barring race discrimination in state laws. In considering the ERA, the U.S. Senate Judiciary Committee found "there is overwhelming evidence that persistent patterns of sex discrimination permeate our social, cultural and economic life."

## FARM FOR SALE

The Maud R. Hodges farm will be offered for sale at auction at eleven o'clock A.M. February 11, 1977, at the farm located at Old Ford, Washington Township, Beaufort County. 18 acres of cleared land; 55 acres woods land (some timber); 5700 pounds tobacco allotment.

Right to reject all bids reserved. Unless rejected highest bid to remain open for ten days for increase. If increased, resale in two weeks at auction. Successful bidder to make deposit of ten per cent of bid. Sold subject to 1977 taxes.

Sale by Minnie L. Hodges Brantley, Executrix of the will of Maud Roberson Hodges.

## How's The Weather?

**WEATHER FORECAST** — Cold weather is due today from the Dakotas to the mid-Atlantic region and the Northeast. Rain is expected for the southern half of the Atlantic coast and eastern Gulf. Snow is forecast from the mid-Atlantic to the Northeast. Great Lakes and the Dakotas. Warm weather is due in the West. (AP Wirephoto Map)

**By The Associated Press**

Cloudiness had begun to spread across North Carolina from the west this morning in advance of an approaching storm system that stretched from the Canadian border to the Gulf of Mexico.

Rain and snow were moving ahead of the storm system, but the precipitation was expected to be scattered rain upon reaching the North Carolina mountains this afternoon. Some sleet also was possible in the northwest mountains.

Temperatures were expected to be warming somewhat under the influence of southwest winds as rain reached the western Piedmont toward evening. The rain will move on toward the coast where it was expected after midnight.

The forecast called for temperatures to rise rapidly over the state today, reaching the 50s in the east and the 40s in the west.

**Simpson Office To Stay Open**

The Village of Simpson Office will remain open Saturday February 5 from 10 a.m. to 5 p.m. to sell Simpson license plates. All citizens of Simpson who own automobiles are required to have their plates displayed by February 15 or they will be cited to court. The license plates cost \$1 each.

**RUSH CHAIRMAN**

Miss Mary Charles Stevens, daughter of Dr. and Mrs. Charles B. Stevens of Greenville has been elected to the executive position of Rush Chairman of the Rho Zeta chapter of Chi Omega Sorority at ECU for 1977.

**Investigate 3 Accidents**

An estimated \$3,025 property damage resulted from three collisions investigated here yesterday by Greenville Police.

Officers reported heaviest damage resulted from a 5:12 p.m. mishap at the intersection of Dickinson and Pennsylvania Avenues involving cars driven by Mary Louise Roebuck of 1211 North Pitt St. and Heber Stepp of 112 South Sylvan Dr.

Police, who charged Mrs. Roebuck with failing to yield the right of way, estimated damage at \$600 to the Roebuck car and \$700 to the Stepp vehicle.

A 3:58 p.m. collision at the intersection of Dickinson Avenue and Pitt Street involved vehicles operated by Sadie Smith Williams of Route 2, Ayden and David Hassell Fleming of 1800 South Elm St., according to investigators.

Officers estimated damage at \$150 to the Williams car and \$825 to the Fleming vehicle and charged Fleming with failing to yield the right of way.

A car driven by Herbert Ray Barts Jr. of Route 2, Morehead City collided with a utility pole about 9:25 p.m. on Elizabeth St. 130 feet south of the Fourth Street intersection.

Police estimated damage at \$600 to the car and \$150 to the pole.

**FREE WOOD** — Robert B. Billips of Philadelphia cuts log for his fireplace at Fairmount Park in Philadelphia to supplement his home heating. The city dumps diseased and fallen trees are on a corner of the park and citizens have been invited to cut wood for home heating during the current natural gas shortage. (AP Wirephoto)

# CELEBRATION AT TOYOTA.

## BUY A TOYOTA...WE BUY YOU A GIFT.

**Free gift.** Buy a new Toyota car or truck from us during "Celebration '77" between now and February 28, 1977, and we buy you a gift. But what a gift! A gift worth \$100 or more from our collection. Choose from a *Minolta Camera*, *LeJour watch*, *Tasco zoom binoculars*, *Skill power tools*, or *Samsontite luggage*. It's our way of thanking you for making Toyota the Number 1 selling import. And your chance to splurge without splurging.

**Choose from 27 great new '77 Toyotas.** See us today for cars and trucks designed and engineered for quality and total economy. And right now we have one of our biggest selections ever. Corollas, Celicas, Coronas, tough Toyota trucks. Each model has a long list of standard equipment and features available at no extra cost. Check out a Wagon, Sedan, Coupe, Liftback or Hall-Ton Truck. Come celebrate with us now!

**YOU ASKED FOR IT. YOU GOT IT.**

# TOYOTA

## TARHEEL TOYOTA'S 100,000 MILE WARRANTY

For 100,000 miles or 3 years we guarantee the motor, transmission, and rear end of every new Toyota we sell. This warranty is in the form of a legal document and supplements the new car warranty of Toyota Motor Sales, USA. Commercial vehicles are excluded.

### USED CAR WARRANTY

# 12 MONTHS OR 12,000 MILES

This guarantee applies to cars selling for \$1000.00 and up. On a 50-50 basis. All work must be done in our shop. This warranty does not apply to any sport cars, high performance or air cooled engines or 4 speed transmissions (except economy cars). Most good used cars (even if they look like new) are only guaranteed for a month. Or for a thousand miles. No more. And some are not guaranteed at all. But at Tarheel when we say a used car is in excellent condition, we're willing to stand behind it. We're willing to do something a little extra for it. So we guarantee its motor, its rear end and its transmission for twelve months or twelve thousand miles. If you're in the market for a better used car, come out to Tarheel and look at ours. We'll show you some as good as new. Guaranteed. Asterisk denotes warranted car.
