THE LISK CASE TRIED

Jury Acquits L. A. Parkhurst of Larceny Charge.
Trial Held at Canandaigua.

The Lisk case at Canandaigua began on Monday morning of last week the final juror of the twelve men selected being obtained on Tuesday afternoon. The jury consisted of Harry Van Voorhen, farmer, Gorham; Benjamin Tischer, farmer, Victor; Chas. Freshour, farmer, Hopewell; Albert Adams, laborer, Phelps; George C. Johnson, farmer, South Bristol; John Costello, farmer, Canadice; George P. Fowler, merchant, Victor; Charles R. Brundage, farmer, Hopewell; Andrew Brennan, foreman, Geneva City; Thos. Paddington, farmer, East Bloomfield; Daniel H. Bennett, farmer, Geneva town; John F. Erdle, farmer, South Bristol.

The indictment tried was rendered by the Grand Jury against L. A. Parkhurst of Canandaigua, charged as a former treasurer of the Lisk Company with the larceny of \$1,799.08 belonging to the Company. The prosecution was in charge of District Attorney Myron D. Short, assisted by Attorney Stephen J. Warren of Rochester. The attorneys for the defendant were Moses Shire, and Judge Kenebeck of Buffalo, and Judge Thompson of Canandaigua.

The opening address was made by Mr. Warren.

Mr. Warren said that the defendant, Leonard A. Parkhurst, was charged, in connection with the McLaughlins, with grand larceny. There are various ways of committing crime, said Mr. Warren. There are the crimes of stealing chickens, stealing a pocket-book, and of making false pretenses. Then there is another kind of larceny, and to his mind it is the most serious, the taking of moneys which have been placed in the hands of a man or men with which to do certain things.

The defendant and his associates were entrusted with funds by the Lisk Co. of which they were officers. The neighbors of these men placed confidence in these men and also their money. It is too much to follow the actions of these men, said Mr. Warren, from 1901, in an opening address, but it would all be shown by evidence.

The present charge is that the accused men used moneys of the Lisk Co. to buy materials for the Mammoth Mining and Power Co., which was not a paying proposition, the indictment charging that on June 10, 1907, they used \$1,799.08 for that purpose.

Ethel N. Parmele, stenographer, testified of letters dictated to her by L. A. Parkhurst and sent to the Cleveland Machinery firm of which machinery was purchased for the Mammoth Mining and Power Co..

William Sturges, cashier of the Cleveland Co., testified of letters and of receiving check of the Lisk Company for payment of the machinery shipped to the Mammoth Mining Co.

Edward G. Hayes, President of a Canandaigua Bank, testified of the payment of the checks from the Lisk Company funds.

Albert O. Reed, testified of the management of the Mammoth Company with which he was associated as treasurer.

The defense on Thursday offered the evidence of Harry Llewellyn, a former cashier of the Lisk Company, that a note was given to repay the Lisk Company, which note was placed as an asset of the company and so remains.

Judge James R. Robson testified as to the good reputation of the defendant, L. A. Parkhurst. Similar testimony was given by Rev. James T. Dougherty, Hon. W. H. Knapp, Hon. Frank Hamlin, H. C. Beaman and John O. Leary.

Following this testimony the attorneys made their summing up speeches, Attorney Shires speaking for the defense.

The contention made by Mr. Shires in his address to the jury was to the effect that the intention was to secure copper for use in the manufacture of the Lisk products and that loans were made to a company with a mine actually producing copper, a company with a capital stock of \$1,000,000 and of liabilities of only \$45,000 or \$50,000.

Attorney Warren in his address for the prosecution attacked the statements made by counsel for the defense. He said that Attorney Shires had tried to make it appear that to commit a larceny it was necessary to conceal the stolen property. He declared that half of the larceny cases are those of persons who intended returning the money when they took it and that shrewd men like the defendant could deplete the treasury of a corporation, of which he was an officer, without destroying evidence.

He dwelt at some length upon the use of trust money for other purposes than those for which they were intended and attacked Attorney Shires with sarcasm for attempting to lead the jury to believe that all that was necessary to account for the taking of a sum of money was to place a piece of paper in place of it.

He laughed at the assertion that it was the project of the men to operate the mine for the purpose of securing a copper supply for the Lisk Company, and asked if this were true why in the several months that the mine was operated, none of the metal was sent to the local plant.

The case was given to the jury at 5 o'clock Thursday afternoon, who rendered a verdict of not guilty, as no criminal intent had been shown. WARREN'S STATEMENT.

In opening his address to the jury Tuesday afternoon Attorney Warren of counsel for District Attorney Short, expressed satisfaction with and confidence in the American jury system, after which he outlined the various forms of larceny, the crime with which Mr. Parkhurst is charged. Continuing he said:

Now, there is another kind of larceny, gentlemen. It is a larceny which to my mind, and I think you will agree with me, is the most serious larceny that can be committed and the most dangerous, and that is the larceny that is committed by a man who has in his control or in his custody trust moneys, moneys belonging to other people. Men who are lawfully in control of the property; men who have been chosen by you and others to take care of their property and their money; men in whom you have placed the utmost confidence, who are employed by you to take care of your money and to spend that money according to the directions that have been given them, if a corporation, in the charter and under the by-laws of that corporation and under such other instructions as may have been given them and by the law of the land.

You have a man who is taking care of your estate or perhaps an executor of some relative; he has these moneys in his hands as a trustee, so to speak. He is in a position of trust. In such capacity he has some mining scheme or some scheme of his own. He happens to be short of money at the time and he reaches into that fund and takes a certain part of it and spends it; pays it out into this scheme or enterprise and which in no way benefits you. That kind of larceny, gentlemen, is the most serious kind, because it is not only larceny but it is a gross breach of trust.

I apprehend that in this case there may be something said as to intent, but when a man, gentlemen of the jury, of ordinary intelligence, who knows what he is doing, who knows the usual, ordinary consequences of his act, reaches into the till and takes the property that has been entrusted to him and expends it for his own personal affairs or own personal matters, such a man, we say, gentlemen of the jury, intends to do what he did do to convert to his own use or to the use of another the money that did not belong to him. I do not believe that when jurors find that condition they will linger long as to what was the intent.

Is this the kind of larceny that we have to deal with here. The main charge in this indictment, there are several counts, but the main charge is that this defendant and his associates were entrusted with funds belonging to the Lisk Mfg. Co., of which they were officers.

The defendant here, the treasurer of the corporation, had the right to sign checks of that corporation and had the custody, care and control of the moneys of this company.

It is unnecessary for me to go into the details of the organization of this Lisk Mfg. Co. It flourished here in this community. Apparently it was doing a great business. It was prosperous and your friends and neighbors believed in the men who were behind it, believed in their honesty and integrity and their business ability and put their money into the enterprise. Why, gentlemen, it would be a long story for me to tell here, to go back even to the year 1901 and follow the acts of these directors and follow their conduct along down to the time when this concern went into bankruptcy on the 26th day of December, 1907; and at this time, gentlemen of the jury, I am not going into these details but I believe that before we finish with this case you will have all of it, and I hope the whole scheme (Continued on Page 2)

MAY DAY FESTIVAL

Twenty-fifth Anniversary Occurs May 6. How Observance Began in Newark.

25th Anniversary of May Day. Twenty-five years ago when Sherman Opera House was new, Mrs. D. A. Sherman, who was a prominent worker in the church, offered the Opera House to the ladies for an entertainment. There was no Ladies' Aid at the time, so the offer was made to the Bloho Society, a young ladies' organization, of which Miss Carrie Loveland was president.

The ladies discussed different things, finally Mrs. S. B. Vanduser suggested a May Festival. This met the approval of the ladies and the pastor, Rev. J. C. Nichols. Mrs. S. B. Vanduser, Mrs. E. E. Burleigh and Mrs. E. B. Rew worked hard and made the occasion a great success. Miss Emma Nicholas, now Mrs. E. B. Elliott, Jr., was chosen May Queen, but being too timid to act, Miss Susie Briggs was chosen Queen and crowned with a wreath of wild flowers.

The attendance was large this first afternoon and the older ones as well as the little ones were delighted with the winding of the May Pole. Supper was served on the stage, home made candies were sold in fancy May baskets, made by the ladies, and "Rebecca at the Well," furnished lemonade.

Ice-cream, fancy articles, aprons and the famous Methodist sun-bonnets were disposed of. An orchestra was in attendance, and in the evening a program consisting of drills, tableaux, etc., was given. Admission for both afternoon and evening was 10c, one hundred dollars being cleared for the society.

Afterward Rev. Nichols called the ladies together and organized a Ladies' Aid Society which has managed May Day to the present time.

This year, besides the winding of the pole, the choosing of May Queen etc., will be given a children's play, entitled, "Miss Matilda's School."

In the evening we celebrate by opening with an "Anniversary Pageant," followed by a fine local talent play in three acts entitled, "The Teaser," with cast of characters as follows:

Alice Flemming.....Meline Vary
Arnold Hay, a young Journalist,
Frederick Brown.
Mrs. Marion Flemming, a widow,
Mrs. Geo. Feller.
Dr. Thorpe.....Mr. Geo. Feller
Drusilla Todd (Uraliah's best girl)
Genevieve Howard
Uraliah Higgins, mail carrier,
Henry Vary.
Dorothy Carl.....Ruth Brown
Ebenezer Randall.....Everett Baxter

A bake sale will be held in the A. P. DuBois store where there will be plenty of cakes, pies, cookies, fried cakes, etc.

Bay View Banquet.

The annual banquet of the Bay View Club, following their year's study of the Chinese Empire was held at the home of Mr. and Mrs. C. W. Winspear on West Maple Avenue on Tuesday evening of last week. The home was handsomely decorated in Chinese style for the event in which were prominent a profusion of Chinese lanterns, yellow bunting and the Imperial dragon of China. At the door the guests were received by an envoy in the person of Merritt Bloomer, who appeared in Chinese costume, and later the guests were served by Chinese maidens in the persons of the Misses Ethel and Harriett Winspear.

Besides the ladies of the Club there were present the husbands, thirty-six places being occupied at the tables, which were also decorated in the Chinese colors and where a repast was enjoyed, complete in all of its courses. The toasts of the evening were in charge of Miss Anna Miller as toastmistress, who wittily prefaced the remarks of the speakers responding to the following toasts:

What Our Club Represents, Mrs. C. W. Winspear.
The Ladies, C. W. Winspear.
Accessories, W. T. Peirson.
Solo, G. W. Croucher.
A Chinese Song, Mrs. G. D. York.
Reciprocity, Chas. R. Clark.
Poem, W. M. Filkins.
Music, E. D. Croucher.

The entire proceeds from "Ye Village Skewl of Long Ago," will be given to swell the piano fund of the Presbyterian church.

Get There

and get there early Saturday morning for E. B. Elliott & Sons are going to sell about 50 Boys' and Childrens' knee and long pants for \$1.50 each that were formerly \$2.50 to \$3.50. Talk about bargains. Just see these.

The Time to have your picture taken is now. The Place is Russell's Studio at Lyons. 39tf.

THE POST OFFICE PROJECT

No Immediate Prospect of Getting a New Building.
A Smoothly Written Letter Excuses Delay.

In answer to the protests which are heard in regard to the inefficiency of the Government in carrying out the act of Congress of May 30, 1908, authorizing the erection of a post office building in Newark, Hon. Seno E. Payne has made public a letter signed by R. O. Bailey, assistant secretary of the treasury, who says that the Treasury Department has been too busy in providing for the erection of 205 other buildings to take up the Newark proposition, and that no action has been taken by the Treasury Department thus far, but that the expectation of his office is to begin the making of plans in June. The wording of the letter is a little different from the above, but the sense is the same.

This little post-office building that we are to have in Newark some day has been a great education to residents of this town as to Government efficiency, or rather Government inefficiency. We suppose that some sort of a civil service guard is duly drawn around the members of the Treasury Department to prevent their being superceded by executives who could "do things." In the meantime we wonder who has the custody of that \$50,000 that was appropriated for the building. We suspect that it is the nigger in the woodpile. The interest on \$50,000 at 6 per cent. is \$3,000 per year.

Mr. Bailey's letter is as follows:
April 7, 1911.
Hon. Seno E. Payne, M. C.
House of Representatives,
Washington, D. C.

Sir:
Referring to your personal inquiry regarding the delay in getting out the drawings for the proposed new Post Office building at Newark, New York, I regret to inform you that the drawings for this building have not yet been started.

It will be recognized that, with the great number of buildings that have been authorized in all parts of the country, some system must be adopted by the Department in taking up the architectural work in order to in-

sure absolutely fair treatment to every project.

The Department is prohibited by a law from making any expenditure toward providing Federal Buildings until the title for the site on which the proposed building is to be placed has been vested in the Government; therefore, if any one particular building were the only piece of work that was before the Department, not a line could be drawn on it until the title had been approved and the property paid for. Therefore the order of taking up the drawings for the various buildings is established by listing them in the order in which sites are vested in the Government.

This is stated fully to indicate the fairness of the system adopted by the Department, which is to give each piece of work authorized its number at the first moment it is possible to do any work on the drawings. Of course where so many authorizations are made, as in the case at present, some numbers come well down on the list, but this position is governed by the time the Attorney-General reports title to be good and sufficient.

In the case of the Newark building, while the Public Buildings bill of May 30, 1908, authorized the acquisition of a site and the erection thereon of a public building, the site was not formally vested under the control of the government until June 30, 1910, a period of over two years after the passage of the Act. Meanwhile sites for 205 other buildings provided for in the Act of 1908 had been acquired, and under the procedure above stated, took precedence over the Newark building.

The work of the Supervising Architect's office is being pushed as rapidly as possible with the force of draftsmen and clerks at its command, and it is the expectation to have the preliminary sketches for the Newark building taken up in the regular order of business some time in June.

Respectfully,
R. O. BAILEY,
Assistant Secretary.

"Ye Village Skewl"

The Poster class of the Presbyterian church assisted by members of the Nevins class will give a play entitled, "Ye Village Skewl of Long Ago" on Wednesday evening, May 3 in the Sunday School room of the Presbyterian church. Admission 25c. Proceeds for the benefit of the piano fund.

If You Have

a boy, don't wait a minute but go to the Elliott Store and buy a few that they are selling tetaHoteR a pairs of those boys knee pants that they are selling for 25c a pair. Now don't take our word for it, but GO. They are worth from 50c to \$1.50 a pair.

Lame shoulder is nearly always due to rheumatism of the muscles, and quickly yields to the free application of Chamberlain's Liniment. For sale by Kelly's Drug Store.

BANK IN NEW QUARTERS

First National Finely Located in Its Block Newly Fitted for Its Occupancy

The First National Bank moved on Saturday to its new quarters at the corner of Main and Union streets, where their accommodations are admirable for their needs. Their new location at the intersection of Newark's principal business thoroughfares, with the canal at the north, gives them light on three sides of their block, which can not be cut off by other buildings. It is by all means the best location in town for a bank and they have fitted it up to fully meet their needs as a banking institution. The style of their fittings is weathered oak with square brass guard rods in dull finish designed by E. A. P. Krobenschmidt, who was the architect of the job. The floor is tile. In the interior arrangement the teller's window is adjacent to the entrance, with book-keepers' and the President's windows to the side. To the east from the door is reached a private office adjacent to the President's desk. To the north from the teller's window is a room for the accommodation of safety-deposit-box customers, while adjacent to this is the director's room. Other smaller rooms are stock and toilet rooms.

The exterior of the building remains much the same as when it was occupied by the Newark State Bank but new windows have furnished more light and ventilation adding to the bright cheerfulness of the place and to the comfort of the officials and customers.

There is also in process of erection a square clock tower which will extend 16 feet above the roof with a time piece with four dials facing each direction that will be sightly and convenient. This will be illuminated at night.

The new bank is to be congratulated on the good judgment that has marked all its arrangements, a good judgment that also extends through its banking business. Mr. Vary, the President of the Institution, has an enviable reputation for his able management of the three banking institutions of which he has been the head, all of which have been successful. Mr. S. Ray Peirson the cashier is also known as a banker who has no superior. Back of these officials is a strong board of directors, and banking resources of \$1,000,000, all of which makes the institution one of the strongest of the State.

Objects to His Politics

The Newark Union-Gazette speaks of the suggestion of Dr. McDonald's name for school trustee, as a representative of the Democratic party, but in mentioning the candidacy of Mr. Clark for the job without mentioning his party allegiance as Republican, regards him as a capital man.

A talk with Mr. McDonald this week on this subject brings out the fact that the mentioning of his name for trustee has been without any suggestion on his part. He is in no way a seeker for the office nor has he been at any time a candidate. On the contrary he would not accept the nomination and enter a contest for the election even to please his friends.

Operators Come to Newark.

A meeting of the Chief Operators employed by the Wayne Telephone Company at each of its exchanges, was held at the Gardiner Hotel last week Thursday and Friday.

This meeting was held for the purpose of discussing the new operating rules that have been adopted for handling toll calls.

The Company is doing everything within its power to increase the speed of its toll service, and it is thought that the new operating rules adopted will greatly facilitate the handling of this branch of the business.

Subscribers of the Telephone Company can greatly assist in obtaining the results that the Telephone Company is working for by always giving the telephone number of the party desired when placing calls for subscribers in other villages and cities.

If you want a good laugh don't miss seeing "Ye Village Skewl of Long Ago." May 3, at Presbyterian Church parlors. Only 25 cents.

Why go to Rochester for photos when Russell's Studio, Lyons, makes the same work at half the price. 39tf

The School Trusteeship.

On next Tuesday will occur the annual school meeting of the Newark village districts. This meeting will be held at the High School Building, at 7.30 o'clock, p. m. Although this meeting is but a few days away there has apparently developed but little interest in the district as to who shall be trustee or what action shall be taken on the several important questions that will be submitted to a vote. It is nobody's business in particular to hunt up a candidate and no one seems anxious to assume the job. Some names have been mentioned about town in conversation between citizens in discussing the subject, but there has been no crystallization of sentiment on the trusteeship. It is apathy more than anything else on the part of the citizens who seem disposed to take no great interest on the subject until school meeting night. It has always been thus in our school matters. Of the names most frequently mentioned are those of Dr. N. L. McDonald, Charles L. Clark and C. W. Winspear, but all of them we think have been suggested without authority of these gentlemen. Should there be other names it is time to bring them forward to admit of their consideration.

The matter of an appropriation for a High School ventilating system and a new school building at East Newark has been submitted to the voters by the school board. Both of these are extremely necessary. There has been discussion in the Board the amount that should be appropriated for each of these objects with a majority decision fixing the amount for the ventilating system at \$8,000, and for the East Newark building at \$18,000. It is probable that the sentiment in the district will sustain the Board in these estimates.

Subjects such as these emphasize the importance of having a good Board, who will carefully investigate the important matters that are monthly coming before it and who will administer the school affairs without fear or favor, and whose judgment will ultimately be found sustained by the facts of the case.

New School Commissioner Districts.

Well, the county has been made into four school districts, instead of two, and soon we will have four school commissioners instead of two school commissioners. Arcadia, Lyons, Galen and Savannah will have one all to themselves. Ontario, Williamson and Sodus will have another; Marion, Palmyra, Macedon and Walworth will have the third commissioner, while Wolcott, Butler, Huron and Rose will have the fourth.

We never understood very well, what a school commissioner had to do, but he must have been one of the busiest men of the State inasmuch as the Legislature stepped in and cut his work in two in the middle by reducing the size of his district one half. We rather think now that a school commissioner had ought to be able to take care of a district all right, and we apprehend that there will be no particular difficulty in securing candidates for the job. He won't have to look after the Newark village schools, which are no longer under the jurisdiction of a commissioner, but are solely in charge of our local authorities.

Recent Opinions by Attorney General.

During the past week a large number of opinions have been rendered by Attorney General Carmody, among which are the following:

All voters qualified to vote at district meetings have the right to vote in selecting a site for school purposes.

Volunteer fire companies in villages are limited to a membership of 60. Such a company may own its apparatus and buildings. If incorporated it is exempt from taxation upon its real property used and occupied by it to the amount of \$15,000. Such incorporated company can purchase land and erect a building thereon for the purpose of its incorporation. It may mortgage its property with leave of the court.

The provisions of sections 200, 205 of the general municipal law, in relation to exempt firemen and certificates to be issued for their service, are controlling upon the subject and section 209 of the village law is statutory force.

Some hundreds of Newark people have had their picture taken at Russell's Studio, Lyons. Why don't you?

POLITICAL CLIPPINGS

What Our Exchanges Say About Political Subjects

Utica Press. (Rep.)

If Mr. Taft is to be renominated it should go without saying that the Vice President should be accorded the same distinction and that the ticket should be in 1912 the same as in 1908. Undoubtedly the President stands better in general estimation today than he did a year ago to day, but Vice-President Sherman has stood well all the time and never better than now. He has filled and is filling all the requirements of his office, to the entire satisfaction of the senators and the public. He is a splendid parliamentarian, has an agreeable personality, a wide acquaintance and has made a signal success of his service as vice president. If one, then both should be renominated and at the present outlook that is what will probably happen.

Palmyra Courier. (Rep.)

By the districting of the county into four school districts by the Board of Supervisors on Tuesday, Palmyra is placed in a district with Macedon, Walworth and Marion. This makes a very compact district and will allow the Superintendent to keep the school matters under his personal supervision. School Commissioner McMurray who is now at the head of the western school commissioner district of the county, will undoubtedly be a candidate for the office of Superintendent under the new law. Mr. McMurray is well versed in school matters and is eligible for the office under the provisions of the new law. The appointment will be made by the school directors of the four towns that were elected last fall.

Lyons Republican (Rep.)

The vote stood 15 to 2 in favor of the following school district division which was adopted:

First district—Arcadia, Lyons, Galen, Savannah, a total of 64 schools.

Second district—Ontario, Williamson, Sodus, a total of 50 schools.

Third district—Marion, Palmyra, Walworth, Macedon, a total of 55 schools.

Fourth district—Wolcott, Butler, Huron, Rose, a total of 49 schools. Supervisors Burleigh of Arcadia and Valentine of Rose cast the dissenting votes, their objection to the division being that the districts in which their towns were located were not as compact as they might be.

Annual School District Meeting.

The annual meeting of the inhabitants of Union Free School District No. 8, of the Town of Arcadia, qualified to vote at school meetings in said district, will be held at the High School building in said district on Tuesday, May 2nd, 1911 at 7:30 o'clock p. m. for the transaction of such business as is authorized by the Education Law of 1910, and the acts amendatory thereof.

At that meeting the following questions will be submitted:

First—Whether or not the district shall authorize the installation of a new heating and ventilating system in the central high school building of said district and raise therefor by tax on the taxable property of the district, the sum of eight thousand dollars (\$8,000.00) to be collected in annual installments as provided by section 467 of the Education Law of the State of New York.

Second—Whether or not the district shall authorize the erection of a new school house in the east ward of the village of Newark in the said school district and raise therefor by tax upon the taxable property of the district the sum of eighteen thousand dollars (\$18,000.00) to be collected in annual installments as provided by section 467 of the Education Law of the State of New York.

Third—Whether or not the Board of Education of said district shall designate as provided by section 458 of the Education Law of the State of New York, a new site for a school house in said district and raise for the purchase thereof the sum of three thousand five hundred (\$3,500.00) dollars by tax upon the taxable property of the district, to be collected in annual installments as provided by section 467 of the Education Law of the State of New York.

Dated April 4th, 1911.

Canandaigua Times (Rep.)

The announcement that Charles E. Sunderlin of Rochester may get a position on the New State Fair Commission soon to be appointed by Governor Dix, is disappointing to State Committee Rigney, whose candidacy for the office has the endorsement of the Democratic organization of Ontario County and other influential party agencies in this part of the State. The fact is that notwithstanding the execution which the Democratic administration has done in the ranks of Republican office holders, local workers for "reform and trenchment," as exemplified by Governor Dix, are becoming a bit discouraged.

PHELPS CITIZEN. (Ind.)

The Board of Supervisors on Tuesday adopted a resolution providing for four supervisory school districts. The first district comprises the towns of Phelps, Manchester and Farmington; second district, Canandaigua, Victor, East Bloomfield, West Bloomfield; third district, Geneva, Seneca, Gorham and Hopewell; fourth district, Bristol, South Bristol, Richmond, Naples and Canadice. In the first district there are 45 school districts; in the second 47 school districts; in the third 43 and in the fourth 55. The salaries of the new district superintendents will be \$1200 a year, each, and certain expenses will also be allowed. The salaries will be paid by the State, while the expenses will be taken care of by the Board of Supervisors as County charges.

Indianapolis News (Dem.)

So accustomed has the country grown to independent political action that it now takes a good deal in the way of revolt to surprise it. In the reciprocity debate in the house last week the Taft policy—and Mr. Taft, be it remembered, is a Republican President!—was strongly supported by Mr. Kitchin of North Carolina, and strongly opposed by Mr. Hinds of Maine. Mr. Kitchin is, of course, a Democrat, while Mr. Hinds is a Republican, former parliamentary clerk of the House. This Taft policy was sustained in the late house by a majority of the Democrats, and opposed by a majority of the Republicans. And it is now adopted by the Democrats as their own through favorable action of their caucus.

THE LISK CASE

(Continued from Page 1)

before we finish will be spread out before you and you may gather the intent with which these acts were committed.

For many years there was no change in the directorship of that corporation, these men had absolute control, directors and majority stockholders. During those years these same men became interested in other schemes, the number I shall not even mention because I do not know. Some of them have been called to my attention.

One particular enterprise in which they were interested and involves this larceny with which they are charged here in this enterprise was the Mammoth Mining & Power Co., situated in Montana. Seemingly it was not a paying proposition and it required much money to keep it going, so to speak. They had large investments in there and undoubtedly they wanted to save those investments and in order to do so it was necessary to have the money.

They not only got their money from the Lisk till to buy the stock which they owned in that concern but when the concern was seemingly going to the dogs they reached in and took the money of the Lisk Mfg. Co. to pay expenses and pay for machinery and to pay for what not in connection with that corporation. That is the charge.

The charge is taking the funds of the Lisk Mfg. Co., which they had no right to take and putting those moneys into this Mammoth Mining & Power Co.

We are considering here one charge a single charge, and that is the charge of June 10, 1907, when this defendant Parkhurst signed a check for \$1799.08, the last payment for a mill known as a Chilian mill purchased from the Wellman, Seaver, Morgan Co., of Cleveland which was sent to the Mammoth Mining & Power Co., and used for the purpose of that company and not for the purpose of the Lisk Co. The Lisk Co. received no benefit whatever from the use of it. That is the charge here, gentlemen.

So to hold down this one charge: First, did this defendant draw the check or sign the check that went to pay for the Chilian mill purchased of Wellman, Seaver, Morgan Co.; was the check with knowledge for what purpose it was sent, sent to the Wellman, Seaver, Morgan Co., in partial payment of that mill? Was that machine used by the Mammoth Mining & Power Co., an entirely separate and distinct corporation from the Lisk Mfg. Co.? Did Parkhurst have knowledge of all these facts? If he did, and if he knew that the check was used, and returned to the bank upon which it was drawn and deducted

from the funds of the Lisk Mfg. Co., in that bank, then we say, gentlemen of the jury, the larceny is established. The defendant is an astute, shrewd man, and he knew that when he was doing that he was doing wrong. But that, gentlemen, is for you to determine upon all evidence.

I am not going to occupy your attention longer, gentlemen, in the discussion of the evidence that we shall produce. It is all virtually in documentary form. The signature of Parkhurst to the check we will show, the circuit of this particular check, it was the second one sent. It was the last one that was sent and paid for the Chilian mill in full together with the freight. We will show you that they were signed by Parkhurst and they were sent to the Wellman, Seaver, Morgan Co., for the purpose of purchasing the Chilian mill. We will bring all these facts before you, gentlemen, and when the case is finally submitted to you we are confident you will give all these facts careful, conscientious and honest consideration and render your verdict according to the evidence and according to the law as it shall be given to you by the court.

The Plea of the Defense.

In the plea of attorney Shire for his client he requested that the defendant had given he check to the Wellman, Seaver, Morgan Company of Cleveland in payment for the Chilian mill, to be used at the Mammoth mine, but he declared that the note given by the mining company to the Lisk Company evidenced there was no attempt to defraud.

He stated that gring the bankruptcy proceedings of the Lisk Company in 1907 the three men charged with larceny in the indictment, remained here and assisted in straightening out the tangle in the affairs of the company and that when the company was reorganized they were ousted.

He asked why the district attorney had not presented the matter to the grand jury at that time and criticised the prosecuting officers severely for refusing to make known the complainant. He did not name the two men, whom it is believed secured the evidence which resulted in the indictment of the men, but he assailed them, declaring that after three years had elapsed and when the three former officers had left town and had gone away to other places in an effort to carve out new names for themselves, they had been persecuted and brought back to stand trial on charges, practically without foundation.

He declared that if the men intended committing a crime there were numerous methods by which they could have secured the Lisk money. He asked if it were reasonable to expect that the men would rob a corporation in which they owned the majority of the stock and place the stolen money in another corporation that had fully 500 stockholders.

All of the correspondence relating to the affairs of the mine connected with the Lisk Company or its officers had been placed in the files of the company, where it could have been examined by any stockholder.

Mining Corporation Affairs.

Attorney Shire then went into the affairs of the mining corporation. The company was incorporated in 1905 and was a million dollar concern. It was controlled principally by the three men under indictment. It was situated within forty miles of Butte and in one of the richest mining centers on earth. Fully \$100,000 was spent in equipping the property, and when the mine was closed, as the result of the refusal of smelters to accept copper ore, the price of which had dropped more than one-half during the panic of 1907, the company had liabilities of only about \$45,000.

He stated that it had been shown in the evidence that the men were operating the mine principally for the purpose of obtaining a sufficient copper supply for use at the Lisk plant.

In closing he asked the jurors to carefully consider the evidence and to determine if it were probable that the men would rob themselves for another corporation. He dwelt at some length upon the excellent reputation of the witness and asked the jury to also consider this fact.

Try This Test in a "Wear-Ever" Utensil

Four one pint of milk into a saucepan. Place over a low fire and without stirring let the milk boil down to one-quarter pint. The milk will not be scorched.

THAT'S because aluminum is a better distributor and retainer of heat than other materials of which cooking utensils are made.

You can cook quicker and you therefore save fuel.

"Wear-Ever" utensils are made without joints, seams or soldered parts, from thick, hard sheet aluminum. They have no coating to peel, crack or blister. They cannot rust, cannot form poisonous compounds with acid fruits or foods, and they last a generation.

Let us supply you with the one-quart sample saucepan advertised in magazines—and show you other utensils bearing the "Wear-Ever" trademark.

"Wear-Ever" ware makes heavy house-keeping light.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, and all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."—Mrs. SALLIE STEVENS, R. F. D., No. 8, Box 31, Waurika, Okla.

Another Grateful Woman. Huntington, Mass.—"I was in a nervous run down condition and for three years could find no help. 'I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life.' 'My doctor knows what helped me and does not say one word against it.'—Mrs. MARY JANETTE BATES, Box 184, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without trying Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

BREACH OF PROMISE CASE.

Hix—Letter writing never amounts to anything. Dix—Oh, I don't know. Ten letters cost me \$1,000 once.

Open-Air Schools Increasing. Since January, 1907, sixty-five open air schools for children afflicted with or predisposed to tuberculosis have been established in twenty-eight cities, according to an announcement made by the National Association for the Study and Prevention of Tuberculosis. The first open air school in the United States was established on January 1, 1907, by the board of education of Providence, R. I., at the instance of Dr. Ellen A. Stone. The next school was established in May of the same year at Pittsburg, and the third at Boston in July, 1908. According to the reports received by the National Association, the result of the open air class-work has been to restore most of the children to normal health and efficiency. One of these open air schools or classes should be established for each 25,000 population, especially in cities.

Absent-Minded Bridegroom. John Adams has always been absent minded, says the Kansas City Journal. Yesterday he went with Ida Lee, of Kansas City, Mo., to Kansas City, Kan., to be married by Paul Huff, acting probate judge. When Judge Huff asked him if he would "take this woman to be your lawfully wedded wife," he was looking out of the window and didn't answer. "If you've any doubts about it we will stop right here," the bride said defiantly. Adams protested that he had not hesitated at all, but had merely been thinking about something else. The ceremony was completed without further hitch.

DAME NATURE HINTS When the Food is Not Sulted.

When Nature gives her signal that something is wrong it is generally with the food; the old Dame is always faithful and one should act at once. To put off the change is to risk that which may be irreparable. An Arizona man says: "For years I could not safely eat any breakfast. I tried all kinds of breakfast foods, but they were all soft, starchy messes, which gave me distressing headaches. I drank strong coffee, too, which appeared to benefit me at the time, but added to the headaches afterwards. Toast and coffee were no better, for I found the toast very constipating. "A friend persuaded me to quit coffee and the starchy breakfast foods, and use Postum and Grape-Nuts instead. I shall never regret taking his advice. "The change they have worked in me is wonderful. I now have no more of the distressing sensations in my stomach after eating, and I never have any headaches. I have gained 12 pounds in weight and feel better in every way. Grape-Nuts make a delicious as well as a nutritious dish, and I find that Postum is easily digested and never produces dyspepsia symptoms."

Name given by Postum Co., Battle Creek, Mich. Get the little book, "The Road to Wellville," in pkgs. "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

NEW YORK CULLINGS

Albany.—Governor Dix learned with surprise that a man appointed to a commission by him has been dead for nearly two years. The man is William I. Buchanan, formerly of Buffalo, who was named by the governor as a delegate to the National Peace conference to be held in Baltimore in May. Mr. Buchanan, who was director general of the Pan American Exposition and a former minister to Paraguay, died in London nearly two years ago.

New York.—Miss G. R. Buettel of Brooklyn, with the tender disposition which won the love of Mrs. L. Shaw of Philadelphia, has \$10,000 waiting for her if she can prove up. Miss Augusta V. Buettel of Brooklyn, is wishing that she could lay claim to the comfortable roll. She has had two letters from Mrs. Shaw, asking her if she was the right person. But she replied that she did not know the writer. Mrs. Shaw wrote again asking help in locating the right one, saying that she wanted to share her wealth with her erstwhile nurse.

Troy.—Five boys, the oldest 13 years, and the youngest, 10, confessed to Magistrate Valentine that they attempted to burn the Fairview House, an orphan asylum at Colonie, of which they were inmates. They said they had hoped to get away from the institution. The fire destroyed part of the building and imperiled the lives of 200 children.

Saratoga.—Richard A. Canfield's famous clubhouse and park has been bought by the village of Saratoga Springs for \$150,000 and will be added to the state mineral springs reserve. The Canfield place was famous as the American Monte Carlo. Mr. Canfield paid \$500,000 for it and spent \$250,000 in improvements. The clubhouse and other buildings will be used as a free casino and reading rooms.

Ottawa.—The city council of Ottawa has decided against compulsory vaccination, although forty-seven cases of smallpox have been reported recently.

Saratoga.—New York state officials have practically completed the situation of \$600,000 worth of property here for a state park, which will include most of the well-known Saratoga mineral springs, heretofore to be owned and managed by the state.

Dunkirk.—A former watchmaker in the blacksmith shop of the Brooks plant of the American Locomotive Co. has resigned his position because he thinks he saw the ghost of a former workman. According to his story, while making his rounds at a late hour of the night, he saw what he supposed was a man standing beside a machine. When he found he could see through the form he became terrified and started on a run. He was stopped by some workmen in another shop, who thought he was insane. He, however, adhered to his first statement and lost no time in resigning his position.

Rochester.—Angered because his wife did not come home from her parents to see him when he asked her, Addison Phillips, a farmer of North Oakfield, broke into his father-in-law's house and shot his mother-in-law, Mrs. George Addison, through the head. She died a few hours later. Phillips was captured after he had been twice wounded by neighbors.

Niagara Falls.—James Challis, the aged keeper of the quarantine hospital, whose resignation has been asked by the board of health, is accused of gross neglect leading to the death of a seven-year-old girl. It is said the child's mother had to go to the pest house to care for her daughter.

New York.—Victor Palmer, a young inventor, was killed in his home by the latest device he had evolved. In testing an appliance to keep water in a bathtub at an even temperature, one of the gas tubes he used became disconnected and an hour or two after the inventor entered the bathroom to make the test he was found dead in the bathtub, almost covered by water. A physician said that Palmer had been killed by a combination of gas poisoning and immersion.

Albany.—Commutation of the sentence of Captain Peter C. Haines, Jr., now serving a sentence in Sing Sing for the murder of William Annis at the Bay Side (Long Island), Yacht Club, in August, 1908, was asked of Governor Dix by General Peter C. Haines, retired, who appeared with his attorney to seek executive clemency. The governor promised to give the matter careful consideration.

Middletown.—Trees broken and uprooted, wires of all kinds down, fire alarm systems out of commission and great damage to fruit trees is the result of one of the heaviest snow storms that ever visited this section in April. Snow commenced falling about 10 o'clock at night and continued until 8 o'clock next morning, when there were eight inches on the ground.

Albany.—Governor Dix has accepted an invitation to preside at a meeting of the National Civic League in Albany on May 23, when William J. Bryan is to speak. Mr. Bryan, while in Albany, will be the guest of the governor at the executive mansion.

Dunkirk.—Judge Nugent of the municipal court is putting into practice the plan of having men brought before him for intoxication, sign a pledge for six months, instead of for an indefinite period, and so far it has been found to work with good success. One man who signed off for six months kept the pledge for 22 months.

New York.—Edwin F. Croker, chief of the New York City fire department, tendered his resignation to take effect on May 5. Deputy Chief John Kenyon was at once designated by Fire Commissioner Waldo to be acting chief of the department.

Buffalo.—Charles W. Goodyear, prominent as a lawyer, lumberman and coal operator, and a builder of railroad lines, lies dead at his home. He had been ill several months. Mr. Goodyear was born in Cortland, N. Y., in 1846. Since 1902 the Goodyears have been developing the yellow pine lands of Mississippi and Louisiana.

ASSEMBLY AT CAPITAL OF THE EMPIRE STATE

Senate for Direct Vote. The resolution approving the election of United States senators by direct vote passed the senate by a vote of 28 to 15.

Up for Final in Senate.

The Loomis bill, appropriating \$65,000 for the Gratwick Cancer Laboratory in Buffalo, went to third reading in the senate and undoubtedly will be passed some time this week. The assembly bill introduced by assemblyman Lareau is pending on the calendar. When the bill becomes a law the laboratory will be taken over by the state, which will acquire \$85,000 in property already donated by individuals.

Canal Terminal Bill.

A bill providing for the submission to the people at the next general election, of the proposition of issuing \$19,100,000 in bonds for the construction of large canal terminals in various cities of the state is expected to be introduced in the legislature this week. A committee after discussing the measure estimated the total cost for these improvements would be \$18,000,000, but certain changes have increased this estimate.

\$10,000,000 Bond Issue.

A \$10,000,000 bond issue to pay the cost of constructing the state educational building, the new state prison at Wingdale, needed charitable institutions and other state buildings, including a hall of records and for the repairs of the burned section of the capitol and the restoration of the state library, is favored by Governor Dix. It is understood the governor's suggestions will be considered by the legislature.

To Investigate Hospitals.

An investigation by a commission of two senators, two assemblymen and two citizens, to be appointed by the governor, into the business methods, operation, management, supervision and control of the Matteawan and Dannemora state hospitals for the criminal insane is provided for in a resolution introduced by Senator Roosevelt. To the end that such remedial legislation may be enacted or changed or change of method in the operation of such hospitals may be adopted as will prevent the recurrence of any abuses or evils disclosed.

The committee is directed to report to the legislature not later than January 15 next and is given an appropriation of \$5,000.

Normal School Bill.

Senator Loomis, of Buffalo, introduced a bill, appropriating \$100,000 of the \$400,000 to be expended in the construction of the new state Normal school, to be erected on the present site in Buffalo. The plans for the new building are about completed and it is expected that work will be commenced soon. The bill was sent to the committee on finance.

Bills of Interest.

After a long debate, the senate passed the Wagner resolution ratifying the federal income tax amendment to the federal constitution by a vote of 34 to 16.

The senate codes committee reported Senator Stillwell's bill prohibiting "short sales" and sales of stocks and bonds for speculation on margins. A bill making it a misdemeanor to exclude persons wearing a United States uniform from the enjoyment of any privilege furnished by inn keepers, common carriers, theaters or other places of amusement, was introduced by Assemblyman W. R. Herrick.

Assemblyman A. E. Smith has introduced appropriation bills authorizing the trustees of public buildings to let contracts to the amount of \$75,000 for furnishing the state education building and to spend \$250,000 more on the capitol power house, for which \$500,000 has been appropriated.

Want Law Repealed.

The repeal of the law enacted last year making directors of racing associations liable for gambling carried on at race tracks is recommended by the state racing commission in its annual report to the legislature. The commission declares this necessary "if racing is to survive in any form whatever in this state."

The commission expresses regret at the enactment of the amendments to the racing law of 1895.

Playground Bill Introduced.

Assemblyman Monczynski, of Buffalo, introduced a bill to issue bonds for playgrounds amounting to \$100,000. It was introduced at the request of Corporation Counsel Hammond and in obedience to a resolution of the Common Council.

Auto Law Amended.

Important amendments to the Caljan automobile law are proposed in a bill introduced by Senator White, chairman of the senate committee on internal affairs. The new measure is endorsed by Secretary of State Lazansky, who is entrusted with the enforcement of the law. No registration fee is required for cars operated for state, county or city purposes. Motor trucks are defined, there having been a dispute as to the status of machines used for commercial purposes.

Change in Election Ripper Bill.

Still another change was made in the bureau of election ripper bill when Assemblyman Jackson introduced an amendment eliminating that portion whereby the clerks of the proposed new board could not be removed from office except upon charges.

Senator Loomis said that he would insist upon the other amendment which he stood for last week, one vesting the power of appointment with representatives of the two political organizations, instead of with the sheriff.

God Uttered His Voice; the Earth Melted

By PASTOR RUSSELL of Brooklyn Tabernacle

TEXT.—We will not fear though the mountains be carried into the midst of the sea.—Psalm 124.

Have cheerfulness of my text a sea topic, a symbolical prophecy which, I believe, is rapidly nearing fulfillment. All Bible students recognize the fact that many of the Psalms are Messianic; that is to say, they apply to the time of the inauguration of Messiah's Millennial Kingdom. Some of them detail the peace and joy and blessings which will then prevail among men, when the great leveling processes of that time will melt the worthy poor and degraded and will humble all the established society under such new conditions that the new order of things is symbolically styled in the scriptures "a new heavens and a new earth, wherein dwelleth righteousness" (II Peter III, 13). Others of the Psalms describe in highly figurative terms the work of the Millennial Age. For instance, we read:

"Therefore will not we fear, though the earth be removed, and though the mountains be carried into the midst of the sea." Fear is the great torment of the majority of our race. It is the lash which the adversary frequently uses to drive away from God those who need his sympathy and love and succor. To such the Lord speaks tenderly saying, "Come unto me, all ye that labor and are heavy laden, and I will give you rest. And again, God declares his name to be Love and says, "Their fear toward me is taught by the precepts of men"—not by his word (Isaiah xlii, 13). He would have us trust him as a great, loving, generous father, saying, "Like as a father pitieth his children, so the Lord compassioneth those who reverence him" (Psalm ciii, 13). As love, more love, perfect love, comes into our hearts it more and more casts out the fear which the adversary uses to enslave and which has burned into men's minds and consciences the "doctrines of devils," to which the apostle refers (I Timothy iv, 1).

The fact that the scriptures prophetically describe the overthrowing of the social order and the great governments of the earth must not be understood to signify that the Bible counsels revolution or anarchy. On the contrary, the scriptures teach that the overthrow of all governments, so far as possible, they are counseled not to use carnal weapons, not to take to the sword for the settlement of disputes, but rather to suffer injury. They are counseled that God is the great Over-Lord, and that although he is not now ruling directly amongst men he is fully the master of the situation in that he could at any time overthrow all opponents. He does not acknowledge that he will be now done in the world, but tells us that it will be done by and by and encourages us to pray and to hope and to wait for it. He tells us that Satan is now the "Prince of this world" by virtue of the fact that he deceives the minds and hearts of the majority. God would have his people understand something of his great program, but he would keep this hidden from all others, hence the impossibility of explaining spiritual things to a carnal mind (I Corinthians ii, 14). "None of the wicked shall understand." (Daniel xii, 10).

The great creator has contented himself with such a supervision of human affairs as leaves much responsibility in human hands. He merely interferes to raise up or to cast down on occasions when the interest of his cause and program may demand. For instance, the case of the Pharaoh, raised to the throne of Egypt, in Moses' day. God there raised to the throne a man of great determination, and hindered from reaching the throne other men not so favorable to the carrying out of the divine purposes. Thus, without interfering with the free moral agency of the king, God used the wrath of man to praise him and the remainder of his estate. Similarly, God previously raised Joseph to the governorship of Egypt for his own purposes.

We are not of those who would harass the minds of our fellows with fear. Rather we would point them to the fact that behind this cloud of trouble there is a glorious silver lining of millennial joy and blessing for all the families of the earth. Rather we would encourage all who have the hearing ear to zeal and faithfulness in their conversion, and that they may "make their calling and their election sure" to a share in the kingdom glories and "escape those things coming upon the earth" (Luke xxi, 36). In a word, the gospel of Christ is not a message of damnation and fear and torture, but, as the angels declared, "Good things of great joy which shall be unto all people" (Luke ii, 10).

Beginning with the sixth verse the Prophet gives a brief synoptical picture of universal peace. "The heathen (Gentile peoples) raged!" These words describe the tumult which will prevail amongst humanity in the great time of trouble before the climax is reached. "Raging," angry voices arise from public meetings, and in the more private meetings of the lodges of labor and capital, and through the columns of the press to the extent permitted. In Germany the "raging" press for some time has been muzzled.

Common Labors.

Humble services are not inconsistent with self-respect. To call another humble is to praise him. Common labors are holy if they are well done.—Rev. Staton, Presbyterian, Coeur d'Alene, Idaho.

Let your spiritual life be formed by your duties and by the actions which are called forth by circumstances. Do not take over-much thought for the morrow. Be altogether at rest in loving, holy confidence.—Francis de Sales.

WILL LOOK TO CANADA FOR WHEAT

ONE REASON WHY AMERICANS GO TO CANADA.

In the Chicago Inter-Ocean of a few days since reference was made to the fact that in 1909 the United States raised 737,189,000 bushels of wheat, and last year grew only 695,443,000, a decrease of 41,746,000 bushels. The article went on to say: "True we raised last year more than enough wheat for our own needs, but it is apparent that if production continues to decrease in that ratio we will soon be obliged to look to other countries for wheat to supply our rapidly increasing population."

The purpose of the article was to show that reciprocity was to be desired. This is a question that I do not propose to deal with, preferring to leave it to others who have made a greater study of that economic question than I have. The point to be considered is, with the high price of lands in the United States, and with the much lower priced lands of Canada, and their ability to produce probably more abundantly, is it not well for the United States farmer to take advantage of the opportunity Canada affords with its lower-priced lands and take a part in supplying the needs of the United States, which it is quite apparent must come sooner or later? It is probable there are now about 300,000 American farmers in Western Canada, cultivating large farms, and becoming rich, in the growing of 25- and 30-bushel-to-the-acre wheat, in producing large yields of oats and barley, and in raising horses and cattle cheaply on the wild prairie grasses that are there, both succulent and abundant. All these find a ready market at good prices. Amongst the Americans who have made their homes in Canada are to be found colonies of Scandinavians, and all are doing well. I have before me a letter from an American Scandinavian, now a Canadian, an extract from which is interesting. Writing from Turtle Lake, Saskatchewan, he says:

"I came up here from Fergus Falls, Minn., October 24th, 1910, and thought I would let you know how I have been getting along. We had a very mild winter up to New Year's, but since then it has been quite cold and lots of snow, but not worse than that we could be out every day working, even though we had 65 below zero a few times, but we do not feel the cold here the same as we did in Minnesota, as it is very still and the air is high and dry. This is a splendid place for cattle raising and mixed farming. There is some willow brush and small poplars on part of the land, which is rolling and covered with splendid grass in the summer. Not far from here there is timber for building material. There are only 8 Norwegians here, 6 Scotchmen, 2 Germans. The lake is 20 miles long and full of very fine fish.

"There is a lot of land yet that has not been taken and room for many settlers, and we wish you would come settling up here, as there are fine prospects for them, especially for those who have a little money to start with. Send them here to Turtle Lake, and we will show them the land, if they have secured patents, showing the vacant lands, at the Dominion Lands office in Battleford. Send us up some good Scandinavian spring."

The Canadian government agents will try to meet his wishes.

Blodless Battles.

"What we want," said the peace promoter, "is a system that will permit candid discussion to take the place of actual conflict."

"Don't you think," inquired the man who was reading the sporting page, "that our professional pugilists have come pretty near solving the problem?"

ED GEERS, "The grand old man," he is called for his honest handling of horses in races. He says: "I have used SPOHN'S DISTEMPER CURE for 12 years, always with best success. It is the only remedy I know to cure all forms of distemper and prevent horses in same state having the disease. 50c and \$1 a bottle. All druggists or mail orders. Spohn Medical Co., Chemists, Goshen, Ind.

What We Are Coming To.

Jack—I thought your landlord didn't allow children. Henry—Sh! We call it Fido.—Harper's Bazar.

SHAKE INTO YOUR SHOES Allen's Foot-Powder, the Antiseptic powder for Tired, itching, swollen, nervous feet. Gives rest and comfort. Makes walking a delight. Sold everywhere. Don't accept any substitute. For FREE sample, address Allen S. Olmsted, Le Roy, N. Y.

It's a waste of the other fellow's time when you talk foolishly.

To enjoy good health, take Garfield Tea; it cures indigestion and regulates the liver and kidneys.

The ship in which many fond hopes go down is courthship.

Mrs. Winslow's Soothing Syrup for Children, teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c a bottle.

Some women are like some old hens—set in their ways.

Garfield Tea, invaluable in the treatment of liver and kidney diseases!

It is not necessarily true that the worst is yet to come.

W. N. U., CLEVELAND, NO. 17-1911.

WELCOME WORDS TO WOMEN

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them. Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of the worst cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

Willing to Make an Effort.

On a large estate in the Scottish highlands it was the custom for a piper to play in front of the house every week day morning to awaken the residents. After an overconvivial Saturday night, however, the piper forgot the day and began his reveille (and it be played on the pipes!) on Sunday morning. The angry master shouted to him from the bedroom window: "Here, do you not know the fourth commandment?" And the piper sturdily replied: "Nae, sir, but ye'll hie—whistle it I'll hie—try it, sir."

A Jar of Resinol Ointment is a Handy Remedy to Have in the House All the Time.

In twenty years' experience as a nurse I have never found as good a remedy for Skin Troubles, Eczema, etc., as Resinol Ointment. Its cooling, healing effect on sore nipples is truly wonderful. Mrs. T. B. Henderson, Albany, N. Y. You can get Resinol Ointment at the drug store.

First Set Own House in Order.

How unconscious we all are of our own faults and failings! As we see others, so others see ours. It is our own faults we have to correct first before we tell others where to get off.

Your Druggist Will Tell You

Murine Eye Remedy Relieves Sore Eyes, Strengthens Weak Eyes, Doesn't Smart, Soothes Eye Pain, Try it in Baby's Eyes for Scaly Eyelids and Granulation.

One of the loudest of the many strange cries which fill the air today is the cry for universal independence.

—Mrs. H. R. Hawels.

To keep the blood pure and the skin clear, drink Garfield Tea before retiring.

No man becomes a jailbird just for a lark.

EATS WHAT HE LIKES

AFTER TAKING FREE SAMPLE

It will be welcome news to dyspeptics to learn of a remedy that in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin. We all know the value of pure pepsin in indigestion, and admit its some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worthy of Forsythe, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasper of Moline, Ill., was in the same predicament with his stomach, took Syrup

Pepsin and is now cured. Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headaches, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, bread and butter, and other temporary reliefs. Syrup Pepsin will cure you permanently.

For the free sample address Dr. W. B. Caldwell, 201 Caldwell Building, Monticello, Ill.

Why rent? Own your own farm.

Nothing down—9 years to pay

Don't give up the best of your crops to a landlord.

Haven't the money to buy? You don't need money. Here is a wonderful opportunity. The Panhandle of Texas needs settlers. It is the country along the Santa Fe, in the northwestern part of Texas. The land is level prairie. It is the richest soil in the world, from all and fertile. For years it furnished the finest pasture. Now it is too valuable for range purposes. The owners are selling it for general farming.

I want to tell you about the opportunities for settlers on these Panhandle lands. (The Santa Fe has no land to sell.)

I know one owner who will sell you a farm for only \$20 an acre. You don't have to pay a cent for two years. After that you pay one-seventh each year, with interest at 6 per cent from date of purchase.

But you must live on and cultivate the soil.

Have you ever heard of a proposition like that?

Another proposition, at the same price, requires \$2 an acre down, the balance in ten payments, with interest at only 6 per cent.

These are but two of the many opportunities open to real homeseekers in the Panhandle.

Owners of these lands will not sell to speculators. The land must go to actual settlers. They want to see the settlers built up. They want the crops coming into their towns and the trade of prosperous farmers who are owners of the land they farm.

The Santa Fe, too, is anxious to see the country developed. It wants to raise the people and their goods and products.

The country is in splendid condition this spring. Nearly 3 inches of rain in February. Everything ready for you.

Let me send you our folder, "The Panhandle and South Plains." It tells all about this country—its soil, climate, rainfall, water supply and crops.

Let me put you in touch with the men who own the land. Let me tell you about the opportunity the Santa Fe affords twice a month to go to see this land at reduced rates.

Don't wait. Make the break.

Write me to-night, if only a postal. You will be glad.

C. L. SEAGRAVES, Gen. Colonization Agt., A. T. & P. O. Box 224, Railway Exchange, Chicago.

GET A HARNESS THAT'S WORTH WHILE

One that will stand hard usage and need little care—get a

Gemco Harness

"The Kind That's Guaranteed"

The leather in GEMCO harness is made from packer steer hides, taken off the steers by experienced men whose knives don't slip. There is none better tanned. GEMCO harness are put up by skilled mechanics and are intended for service. Every set is carefully inspected before it is sent out, and a protection certificate signed by your dealer and us is attached to every harness. Look for the trade-mark "GEMCO" on the box loops. GEMCO harness are for sale by your local dealer at advertised prices. If you want detailed descriptions of several desirable styles, write to us for free booklet No. 611, mentioning your dealer's name. A postal will send you a building material.

CHURCH ITEMS

Presbyterian.

The Sunday evening service will be in part as follows:
Organ recital—Selections from Beethoven by Mrs. R. W. Jessup.

1. Andante from First Symphony.
2. Adagio Pathétique.
3. In Questa Tomba.
4. Hallelujah from "Mount of Olives."

Sketch—"When Beethoven Played Last."
Anthem—"Beneath the Cross of Jesus."

Solo—"A Ruler Once Came to Jesus by Night."
Sermon—"In Heavenly Places."

The offertory at the morning service, Ambrose's "One Sweetly Solemn Thought," will be sung by Mrs. Gordon Harris. The children's talk will be "Singing by Sharing," and the sermon, "The Enduring City."

Tomorrow the monthly sewing meeting of the Missionary Society will be held at the home of Mr. and Mrs. Charles Crothers.

Next Tuesday evening the Annual Banquet of the Philomathean Class will be held in the church parlors. The State Secretary of Organized Adult Classes will make the principal address. The pastor will act as toastmaster, and there will be several toasts.

The always popular play, "Ye District Skule," will be given by Mrs. Foster's Bible class in the Sunday School room next Wednesday evening. They will be assisted by some of the young men from Dr. Nevins' Class. The admission fee will be 25c, and the proceeds will go toward the new piano.

Methodist.

On Sunday morning Dr. Mosher preached on Home Missions. He spoke of the danger of making our Christian Sabbath a continental Sabbath, with Sunday base ball, Sunday theatres, and the open saloon. The masses that are coming to our land must be christianized, and that is the work of the Home Missions. A mighty work has been done but there is still a mighty work to do.

The Brotherhood will meet at the church Friday evening. All men are invited.

Sunday evening Dr. Mosher's topic was "What the Bible says about the Angels." Next Sunday evening his topic will be "The Fallen Angels."

Universalist.

Rev. F. P. Buckner, Minister.

Services 10:45. Y. P. C. U., 6:30.

The morning service will be devoted to a study of our own peculiar work in the village. It is to be hoped that every family in the parish will be in attendance or have some representative. All friends, whose ever of the liberal cause are extended a special and cordial invitation to be present.

Baptist.

The pastor's morning subject will be "The Conclusion." In the evening the Newark Lodge, I. O. O. F. will attend the service in recognition of the anniversary of the founding of the order. The pastor's address will be of general interest, but of special value to the Odd Fellows.

German Lutheran.

There will be regular services next Sunday at the German Lutheran church to be held at the East Newark School House April 30 at 3 p. m. with sermon by Rev. Grauba of Lyons.

Episcopal.

The Women's Auxiliary of St. Mark's will meet with Mrs. Sherman Bloomer this afternoon at the usual hour. The box will be packed this afternoon and a large attendance is desired.

Episcopal Church.

Rev. Dr. Sykes of Lyons, will preach at St. Mark's Church at 4 o'clock Sunday afternoon.

SUPREME COURT OF THE STATE OF NEW YORK, County of Wayne. In the matter of the application of the Aspengren & Gaylord Co. for authority to change its name to the Aspengren Fruit Co.

NOTICE IS HEREBY GIVEN that the Aspengren & Gaylord Co., a domestic corporation, having its principal business office at Sodas, in the County of Wayne and State of New York, will apply to the Supreme Court of the State of New York at a special term thereof, to be held at the Court house in the City of Rochester, Monroe County, New York, on the 22nd day of May 1911, at ten o'clock in the forenoon of that day, or as soon thereafter as counsel can be heard, for an order authorizing said corporation to change its corporate name to THE ASPENGRIN FRUIT CO.

Dated, New York, April 24th, 1911.
The Aspengren & Gaylord Co.,
By Adolf Aspengren, President.
Benno Lewinson,
Attorney for Petitioner,
119 Nassau St., New York City.

"Ye Village Skewl of Long Ago," at the Presbyterian church parlors on Wednesday evening, May 3 at 8 p. m.

OBITUARY NOTES

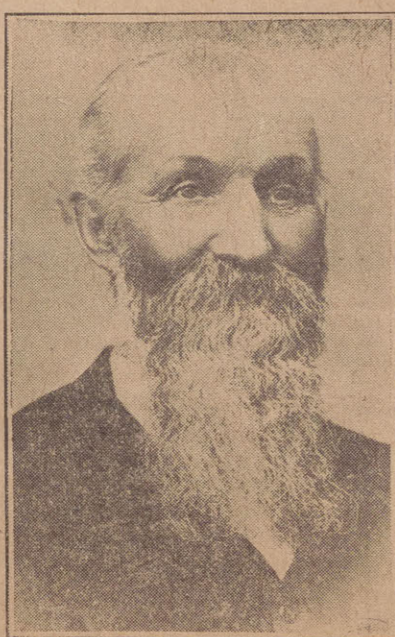

Edward Fisk.

Edward Fisk, after an illness lasting from the latter part of November, 1910, to April 20, 1911, passed away very peacefully at 5:00 o'clock p. m., Thursday at his home, 80 South Main street, where he had resided for forty-two years.

He was born in 1821 in Arcadia and had been a life long resident of the township and county, with the exception of two years spent in Ontario County. He was twice married, his first wife being Elmina Dolph whom he married in 1845, a most estimable Christian woman, a devoted wife and mother by whom eight children were born, five sons and three daughters, all of whom are living, with the exception of three sons. The two older enlisted in the Civil war and died in the service, and one died in infancy. The mother died in 1863.

He then married for his second wife, Mrs. Callista Kellogg Parker, a Civil War widow, who died six years ago, having been a woman of sterling qualities and a faithful wife and mother, and was never so happy as when she was getting ready to entertain the children at Holiday time. By this union two children were born, Frederick L. Fisk of Syracuse and the late Mrs. Anna Standing of New York City.

Of the first family there is still living to mourn his loss, Mrs. F. A. Fuller, who has been most devoted to her father for the last six years, and cared for his every want; C. E. Fisk of Canandaigua, Miss Emma Fisk of the home, O. H. Fisk of 1 Burnham street and Mrs. Lucy Tibbitts of Rochester, N. Y., besides nine grandchildren and eleven great-grand children and one niece, Miss Hattie Prescott.

Edward Fisk.

This passes away at the age of 90 years—his birthday occurred on the 17th inst.—another one of the old residents of Wayne County, one who had seen all the progress from the building of the Erie Canal, the big four-track Central, the West Shore, Northern Central and Rochester, Syracuse & Eastern, and Newark's development, from its former name, Miller's basin. At the age of twenty-four he had a very bright religious experience, and united with the Baptist church at East Newark, to which faith he adhered all his life. His early life was devoted to farming until 1869 when he moved to this village where he was a teamster for a number of years.

He is the last one of the generation of Fisks, a man who was very hospitable and whose latch string was always out, a kind and loving father, a man who never used any profanity, or tobacco and was temperate in every sense. In politics he was a Republican. As a record he had kept diaries of daily events for fifty years, in which he took great pride, and the sons and daughters hold them as a very dear heritage. He was a most devoted husband, and home was the dearest spot on earth to him. Being naturally of a genial, kindly nature, he attracted both old and young, as he has proven by so many remembrances of flowers and Easter and birthday cards, which he always appreciated.

The funeral was held at 1:30 p. m. on Saturday at the house, conducted by Rev. J. C. Brookins of the Baptist church. The bearers were four grandsons of the deceased, E. C. Fisk of Mayville, Harry Fisk of Rochester, Adelbert Fisk and Emmett Fisk of Canandaigua. Interment was made in the family lot at Marion, N. Y.

Gold M. Lawrence, a life-long resident of the town of Shortsville died at his home, four miles north of that village Friday morning from heart trouble.

He was the son of the late Semon and Eleanor Lawrence, and was born seventy-one years ago within sight of his present home. He was a highly educated man, having prepared himself for the ministry in his youth at the Rochester Theological Seminary. On account of ill health he was obliged to abandon this work, and finally took up agricultural pursuits.

The deceased leaves his wife, Mrs. Mary Lawrence, of the town of Manchester; one son, Charles Lawrence, two daughters, Miss Grace Lawrence of Manchester and Miss Edith Lawrence of Rochester and three sisters, Mrs. Cynthia Candee, of Baldwinsville, N. Y.; Mrs. Henrietta Johnson of Michigan, and Mrs. John Q. Adams of the town of Manchester.

Charles I. Wakeman.

The remains of Charles I. Wakeman were brought to Newark on Saturday from Watertown for funeral and burial. His death occurred in that city on Thursday morning of spinal meningitis, at the age of 39 years. He was the son of Michael and Ann A. Wakeman and was born in this town on Sept. 23, 1872. Starting an iron and metal business here he was successful in the enterprise and ten years ago moved to Watertown where he resided and successfully pursued the same avocation till last January when he removed to Syracuse. He was a member of the Methodist church, a young man of much ability and of good character and habits. His death is sincerely regretted.

The funeral services were held on Saturday at 3 p. m. at the home of Mrs. Mary Robinson at No. 12 Prospect street, Rev. Ward Mosher officiating. Interment was at Willow Avenue cemetery.

Mrs. Eliza Billingham.

Mrs. Eliza Billingham, wife of the late Chauncey Billingham, died at her home No. 113 West Union St., on Thursday noon, April 20, following an invalidism of several years. Mrs. Billingham's age was 77 years. With her husband she removed to Newark from Williamstown, Mass., soon after their marriage in 1850 and this town has continued to be her home. A woman of kind disposition in her own days of activity always thoughtful of others and reared of their welfare, a faithful wife and mother, her death is keenly felt by those most dear to her.

Two sons survive, John R. Billingham of Hudson, and Ava Billingham of Newark, besides a granddaughter, Olive Billingham, who tenderly cared for her in her illness.

The funeral was held on Saturday afternoon at 4 o'clock at the house conducted by Rev. Charles Palmatier.

Interment was at Willow Avenue cemetery.

William M. Tinney.

William M. Tinney was born in the town of Arcadia, October 2nd, 1843, and died at his home April 22nd, 1911, being 68 years of age. Mr. Tinney resided on the same farm for 68 years, his entire life. He has been in failing health for some years. Heart failure was the immediate cause of his death. The death of his wife preceded his demise, 24 years, and a daughter, Alma, 22 years. He leaves one daughter Emma, to whom he was fondly attached. About 23 years ago Mr. Tinney united with the M. E. Church in East Palmyra, remaining a member up to the time of his death. The very large number at the funeral Tuesday evidenced the high esteem in which Mr. Tinney was held. He was always the same quiet unassuming and honest farmer that won the respect of all.

The funeral service was conducted by his pastor, Rev. Dr. W. Herbert Moore, who at the request of the family did the singing. Mr. Moore preached an appropriate sermon from Job 14:10. The remains were laid to rest in the East Palmyra Cemetery.

It is important that you arrange for your telephone service at once. By doing so you make sure of getting your name and listing in the
WAYNE TELEPHONE DIRECTORY
Which Goes to Press on
MAY 10th.

The Wayne Telephone Directory is a valuable book of information. Your name in this book is seen by hundreds of people every day. It is through this book that the public can know you and reach you.

If you are going to move or desire any changes or corrections in your old listing you should notify the manager at once.

REMEMBER—Our directories are now open for a limited amount of space to advertisers.

Wayne Telephone Company

Remember Two Things

When You Paint:

1. The paint is a small part of the cost. It's the painting that counts.
2. It costs less to put on good paint than cheap, because it's made better.

If you use **LOWE BROTHERS "HIGH STANDARD" PAINT** you get the best results at least cost. You will remember the high quality long after you have forgotten the cost. Get color cards and pamphlets at once.

For interior finish, we have a full line of Varnishes, Chi-Namel, Muresco, Alabastine, Lead and Oil. Colors, gloss glue white wash lime, wall paper cleaner, etc. Let us help solve your "brightening up" problem. Perhaps you enquire for the "Nineteen Hundred" washing machine. We have just added them to our line.

J. SIMON, Prop.

24-26 Union St., East. Newark, N. Y.

Local Brevities

May Festival at Sherman Opera House, Saturday, May 6.

George Sleight was home from Cazenovia Seminary last week.

J. D. Proseus is recovering from a serious attack of typhoid fever.

Frank Barrell has rented the Waring house on East Union street.

Born Saturday, April 15th to Mr. and Mrs. I. Fischette, a daughter.

Mr. and Mrs. A. F. Frech were the guests of Syracuse relatives Sunday.

Freeman Rowe who is employed at the Fairville store is ill at his home.

Mrs. Cornelia E. Reed will move to Fairport where she has bought a house.

Raymond Westbrook of Batavia, has been a guest of Mr. and Mrs. C. L. Kelly.

Miss Sybil Warren of Fairport spent Saturday and Sunday with Miss Julia Simon.

Mr. and Mrs. Harlan H. VanDusen, and daughter of Rochester, have been guests at B. P. Foster's.

W. T. Hamer was taken to Utica on Wednesday of last week for treatment of his rheumatism.

The annual convention of the postmasters of the State will be held in Syracuse May 10th and 11th.

Remus Evans of Newark will have a moving picture machine and dancing pavilion at Sodus Point this summer.

Governor Dix has accepted an invitation to be present at the Shriner's Convention during the week of July 10 at Rochester.

This evening the Excelsior Hook & Ladder Company celebrates its twenty-fifth anniversary with a banquet at the Gardener.

Prescott & Burling will move this week into their new quarters across the street, formerly owned by the First National Bank.

Tickets for the Masonic Minstrels are now on sale which may be later exchanged for reserved seats at no additional charge.

Albert Proseus and O. C. Robinson will add new porches to their homes this summer from plans prepared by Architect C. W. Van Buren.

Harry Hinkley has an American penny of 1808 coined 103 years ago, another one dated 1817. He has a Spanish silver piece of 1779.

Mrs. Perry G. Price, Mrs. Ellinwood, Mrs. Prof. Fort and Mrs. Sarah Clifford entertained at Mrs. Ellinwood's on Tuesday afternoon.

Mrs. Peter Decker was in Newark last week from Rochester and sold her house to some Newark gentlemen who will later sell it to the barge canal.

Elmer VerCrouse, John Dehond and Christopher Cook are building new houses on the Byron Thomas lot at the corner of Mason and Jefferson streets.

The steamer Sunbeam at Sodus Bay will be fitted with a bar this year, to conform with the wishes of a portion of Sodus Point's summer population.

Chas. VanBuren is staking out a new house for A. N. Christy, Jr. on East Avenue, which will be one of the most attractive of the new houses to be built in Newark this year.

The Lyons lodge of Elks has let the contract for the building of a new lodge and banquet hall adjoining their home on Church street. The addition is to cost about \$10,000.

Mrs. C. W. Scovel, Miss Grace Emerson and Miss Meda Peiron are in attendance at Buffalo of a Presbyterian Foreign Missionary Convention, which is in session Tuesday, Wednesday and Thursday of this week.

The Rochester Easter League baseball team, (The Hustlers,) opened the season at Jersey City on Thursday of last week. The first game in Rochester will be Monday, May 8th, with Jersey City as the opposing team.

The Knights of Maccabees of the fifth district, comprising Ontario, Seneca, Wayne, Schuyler and Yates Counties, will hold a convention at Geneva on May 11th to elect delegates to the State convention in June.

Buffalo Wholesale merchants will visit Newark to day by special train on the West Shore arriving at 10:30 a. m., on the West Shore and leaving at 12:24. One hundred Buffalo merchants will visit Newark on this train and spend two hours in town.

Any automobilist thinking of joining the so-called International Automobile League of Buffalo, whose circulars are from time to time coming to them would do well to carefully investigate the matter with Newark Members who have had experience.

The Masonic Minstrels will afford a fine evening's entertainment. Music will be exceedingly good, the jokes will be funny and the personalities pointed enough to be appreciated. The proceeds go to a charity fund available for any worthy cause. There is every reason why a citizen should buy a ticket for this show and none why he should stay at home. The price of tickets is 50 cents which may be exchanged for reserved seats at no extra charge.

Masonic Minstrels at Sherman Opera House, May 9 and 10.

Miss Meda Becker of Syracuse has been visiting at P. R. Sleight's.

Miss Margaret Mary Wade spent Easter vacation with relatives in Buffalo.

Burt Rowe, of Scranton, Pa., has been installing in Newark some vending machines.

Mrs. Thomas Cosgrove and Mrs. William Graham were recent guests of Clinton Springs friends.

W. M. Gould has purchased the Mora touring car formerly owned by C. W. Campbell.

Mr. and Mrs. Wm. Mumford of Ontario were recent guests of John and Spencer Newton on Grant street.

The ninety-fifth birthday of O. H. Allerton occurred on Monday, April 17th.

Mr. and Mrs. M. H. Comstock are expected home this week from Leesburgh, Florida, where they spent the winter.

The monthly meeting of the Industrial Aid Association will be held at the Library Friday, April 28, at four o'clock p. m.

Mr. and Mrs. Fred G. Rogers of Java will be week-end guests of Mrs. V. D. Eddy and Miss Della Olmstead of Silver Hill.

Mrs. H. G. Dillenbach and daughter Alice of Wanakena, N. Y., spent the past week with her sister, Mrs. Ford Durfee.

The Saturday Club entertained their young friends at City Hall last week at a reception at which about one hundred were present.

John Watson attended at Rochester last week the banquet of the Jefferson Club at the Powers Hotel. The principal speakers were Prof. Dropper of Williams College and Prof. Mosher of Rochester University. The toastmaster was Judge John D. Lynn.

The Newark Board of Trade will meet on Tuesday evening of next week at the Newark Whist Club rooms to receive the report of a special committee to whom was referred the matter of the recently advanced telephone rates. All members are requested to be present.

The new model 1912 Mora has been demonstrated the past week. It is a very handsome car with straight side lines, high doors, and torpedo body. The levers are inside the box. The car has a power and speed that makes some of the high priced cars look like second raters.

Among those who are candidates for the position of chaplain of Auburn prison are Rev. K. E. Sanderson, formerly stationed at Bluff Point and Branchport and now at Savannah, and Rev. Arthur Copeland, now pastor of the Methodist church at Canandaigua.

Rev. Herrick, who has been chaplain for many years, has resigned.

A number of locomotives of the oil burning type were placed in service April 1, on the Adirondack branches of the New York Central. This is in accordance with a ruling made last year by the Public Service Commission, and it is thought that the result of the order will reduce the liability of forest fires in the Adirondacks.

Miss Grace Woodside a Missionary teacher in India, and a speaker this week at the Missionary convention in Buffalo has placed her membership in the Presbyterian church of this village and will be received at next Sunday morning's service. Miss Woodside is supported by the Women's Missionary Society of this Presbyterian.

A public meeting in the campaign for the prevention of insanity will be held at City Hall, Newark, May 3, at 8 o'clock on Wednesday evening that will be addressed by Dr. Ethan A. Nevin of the Newark Custodial Asylum and Everett S. Elwood, assistant Secretary of the Charities Aid Association. Dr. Nevin's topic will be the "Causes of Insanity," and Mr. Elwood's topic will be, "Prevention of Insanity." Dr. Nevin will discuss the extent causes and increase of insanity from his practical observation as a physician in New York State Hospitals, while Mr. Elwood will describe the plan of campaign being conducted by his association to spread knowledge and secure earlier treatment of nervous and mental diseases. The meeting will be free and should be largely attended by citizens interested in the betterment of the public health. The meeting is secured for this village through the efforts of Health Officer, Dr. A. A. Young.

When the train that the Buffalo Wholesale Merchants Association is using in making their annual excursion stops at the Station in this place at 10:39 this morning, a telephone which is installed in one of the Pullman cars will immediately be connected to the local exchange of the Wayne Telephone Company. This will place the men who are making this trip in communication with their places of business and their residences in Buffalo. This same arrangement has been made by the Wayne Telephone Company at Palmyra, Lyons and Clyde. The men on this train will only be without telephone service during the intervals that their train is making the run between stations.

LISK COMPANY STATEMENT

Manager Pritchard Reports Financial Condition of the Company Covering the Year 1910

According to the report for the year ending Dec. 31 last, made to the stockholders of the Lisk Manufacturing Co., by the treasurer and general manager of the company, A. R. Pritchard, and issued on Saturday, there was on deposit with the trustee for redemption of bonds, on Jan. 1, the sum of \$3,500. The inventory showed raw material on hand, supplies, work in progress and finished product amounting to \$329,332.56. The accounts receivable (less reserve) aggregated \$129,077.02; current accounts, \$18,925.98; deposited with trustee of bonds to meet interest, \$12,003; making total current assets of \$439,338.56. In addition the Reed plant investment was put in for \$592,356.61; the Reed current accounts were \$3,410.89, and the deferred charges to operation (unexpired insurance and prepaid interest) amounted to \$1,977.47.

The real estate, buildings, plants, etc., of the company is valued at \$590,405.38, good will, patents, excess reserve, etc., at \$606,704.49, making the total assets of the company on Jan. 1, \$2,287,693.40.

The total liabilities and reserves amount to \$2,296,719.83, divided as follows: Capital stock issued, \$1,239,200; preferred 7 per cent. cumulative stock, \$399,300; first mortgage 6 per cent. gold bonds \$400,000; notes payable, \$119,000; accounts payable, \$31,273.89; bond interest due, \$12,003; taxes accrued, \$1,101.01; reserved for depreciation and accrued renewals, \$94,841.83.

The deficit on Dec. 31, 1909, amounted to \$7,542.13, and the loss for the year 1910 amounted to \$1,484.30, making total deficit for the two years of \$9,026.43.

Statement by Mr. Pritchard.

In the introductory statement Mr. Pritchard says:

"The presentation of this, your Treasurer's Second Annual Report showing the result of your Company's operations during the year 1910, may at first seem somewhat disappointing from the viewpoint of profit earning but when all things that have been accomplished are fully explained and considered, it will be seen how a better showing could scarcely have been made under all the circumstances. It takes years of patience and unceasing toil to build up a profitable manufacturing business in any line of industry with all of its equipment new and under most favorable conditions.

"It is, however, a much more difficult task to revive one which has passed through periods of success, failure and practical ruin. However, the present management now feels that there is a rift in the clouds which betoken hope for the future and if the present year is normally good, he confidently believes that at the end of the period there will be something to divide with the stockholders as a dividend and their preferred holdings at least, as now practically all of the losses due to freeing the inventories of unsalable stock and material, casting out bad debts, etc., have been accomplished and the Lisk Company's assets are shown by the balance sheet are clean, true and not over-estimated.

Physical Condition.

"The property of your Company during the past year has been considerably improved without spending a great deal of money for repairs or betterments, so that everything, both at the Lisk and Reed factories and in and about their premises, is in good repair and in trim and orderly condition.

The fountain at the park was turned on yesterday.

Mrs. C. H. Brown is the guest of Mrs. Park Reeves.

Miss Jessie Thirkell of Macedon is visiting Mrs. Peter DePoint.

Mrs. David Stewart has been entertaining Miss Gladys Wilcox.

Mr. Dudley of Macedon is clerking in the S. D. Klippel grocery store.

George Van Gorder is building an addition to his residence on Blackmar street.

Harry Allerton brought his new Ford auto to town yesterday from Rochester.

Mrs. W. G. Keckison and son Earl of Joy spent Thursday with relatives here.

Miss J. B. Loomis of Cazenovia is the guest of Mr. and Mrs. T. R. Loomis.

Mrs. Charles Parker is entertaining her sister, Mrs. O. W. Eaton of East Syracuse.

The ordinance against bicycle riding on the side-walk will be enforced after May 1st.

Mrs. Geo. Robinson of West Maple avenue has been entertained by Canandaigua friends.

Nicholas Schills has moved from East Union street to the Hawkins house on Madison avenue.

Mrs. Barrett of East Union street was stricken with apoplexy Sunday and is in a critical condition.

Judson N. Snyder has purchased the Theron Whitbeck property on E. Union street and will occupy it.

Both factories have been placed on the same standard system of operation, and is factory efficiency means increased output, decreased costs, more profit due from a maximum of economy in manipulation of labor and equipment in the appearance of our Loss and Gain Account for the year 1911, resulting from steps taken during 1910 for the better conditions which now prevail.

Chemical Laboratory.

"In line with the aim of the management to make the Lisk the best enamel ware in the world, it was deemed advisable to establish a small Chemical Laboratory at a cost of about \$1500.00, which, in charge of an expert chemist who has already had long experience in the ceramic art makes it possible for this company to receive only the purest and most perfect of chemicals and to know that they are applied in the most skillful and up-to-date manner known to the enamel ware industry."

"There is now no guessing or experimenting along untried lines of operation, as the application of scientific knowledge and methods to manufacturing problems has met with most remarkable results and probably in no other field is there a more favorable opportunity to establish intricate processes on a really scientific and exact basis than in the Enamel Industry in America.

"The Chemical Laboratory also makes it possible for the Lisk Manufacturing Company, Limited, to keep abreast of the times in its own line of work; to test the ware of other manufacturers and compare them with its own; to test its own wares throughout their different operations in the factory and, in short, to determine scientifically the exact proportions of all formulae without attempting guess work.

"The exclusion from our formulae of all chemicals which are poisonous or deleterious to human health, will be most gratefully received by the American public, as enamel ware frequently contain some of these harmful ingredients, gray ware often containing lead in some form and white ware being loaded with antimony and arsenic or both, any of which poisons when freed by the process of cooking and taken into the human system even in small quantities, are most harmful to the health. It will, therefore be seen that the Lisk ware will easily lead from a sanitary and hygienic point of view, as well as in excellent appearance and durability.

"We have practically abandoned all riveting operations, replacing same by means of the electric welding process, so that, with the enamel more smoothly adherent, the ware is more durable and commands a higher price in the market at a somewhat lower cost of production. This feature has

(Continued on last page.)

This picture will give you an idea of what's what in Clothes. But we want you to see the Real things—the Clothes themselves. And mark you we have a splendid assortment, especially in the new Plain and Fancy Blue Serges and Gray and Tan Effects. And they are not stacked like hay on tables (in the old fashioned way) where they get full of wrinkles and all out of shape. Every Suit is hung on new form Retaining Racks that Retain its original shape and Stylish lines. And they cost no more than the wrinkled up—out of shape kinds.

Plain and Fancy Blue Serge Suits \$12 to \$22, Gray and Tan Suits \$10 to \$20.

Pointed Paragraphs from Nearby Villages

Joy

Miss Bertha Butts has returned home after spending a fortnight with her sister, Miss Enid L. Butts of Port Chester, N. J.

Our junior base ball team played their first game of the season last Friday afternoon with the boys of Whitbeck district. The score being 13 to 3 in favor of our boys.

Miss Winifred Granger of Cleveland, Ohio, is spending some time with Mr. and Mrs. F. L. Butts on Maple Hill Farm.

The wedding bells were set sweetly ringing in our little hamlet last Wednesday evening, April 19, when Ethel May, oldest daughter of Mr. and Mrs. George Himes, became the bride of Leo George Fisher, eldest son of Mr. and Mrs. Geo. Fisher of Geneva. The marriage ceremony was solemnized at the Presbyterian parsonage at Sodus, Rev. D. B. McMurdy officiating. The bride was gowned in smoke silk with hat to match. The bride and groom are both very popular young people of this place. We all join in wishing them a long life of happiness.

Misses Bertha and Eannette Waters and Mabel Himes spent Thursday in Sodus.

Several from here attended the home talent show, "Fun in a Theatrical Agency," at Sodus Monday night of the past week. All say it was splendid.

Edward Stevens spent Thursday in Rochester.

Miss Esther Watkins continues to be quite ill.

Mrs. Geo. Himes spent Tuesday of last week in Marion.

A large number of our young people attended the after Easter supper at Fairville Presbyterian church on Tuesday evening of the past week. All report a most enjoyable evening.

Mr. and Mrs. John Hoot have both been ill the past week.

Mrs. Frank Messenger and little son George of Sodus Centre spent Friday at the home of George Esplenmiller.

Mrs. V. G. Dorn spent Wednesday in Newark.

Mrs. Jacob Burckoff and Mrs. Peter VerDine are still on the sick list, although they are gaining nicely.

Mrs. Edward Steigler is still seriously ill.

We had a large congregation at church Sunday. The choir repeated some of the Easter singing which was greatly enjoyed. The usual services are to be held next Sunday at the usual hour of service 2.30 p. m.

Marvin Curtiss has purchased a fine new horse.

George Waters spent Saturday in Charlotte.

Butts Brothers are doing considerable ditching on their muck land this spring.

Two of our most popular young ladies started in giving "embroidery" lessons last Saturday.

Cornelius Dorn, who has been visiting his son, Vincent Dorn, has returned to Newark.

Miss Prue Alling has been visiting at F. L. Butts'.

Miss Carrie Burckoff, Olen Burckoff and Sanford Farnsworth called in town Sunday.

Mr. and Mrs. Louis Knittle of Wayne Centre spent Sunday with Mr. and Mrs. E. Steigler.

James Fisher of East Palmyra is in town assisting A. Malcolm in sawing lumber.

Miss Elsie Forester and brother Conway of Minstead called on Mr. and Mrs. T. L. Farnsworth Sunday.

Mr. and Mrs. John DeMey of Centenary spent Sunday with Mrs. DeAppelman.

Charles Larkin of East Williamson is in town.

Minstead

There have been but few changes of residents in Minstead this Spring which is ample proof of the contentment of our citizens.

Peter Corcoran has a substantial addition to his barn well under way.

R. B. Skinner is improving very nicely from a recent hip fracture.

Miss Mary DeVost has been entertaining a girl friend from Rochester for the past fortnight.

Jacob Burckoff submitted to a very difficult operation at the Myers Hospital on the 13 inst. He is reported as doing nicely, which is gratifying to his many friends.

Mrs. Hutchinson visited Mrs. John L. Crosby Saturday and Sunday.

Born to Mr. and Mrs. Isaac Fisher April 16, a son.

E. H. Sentell of Sodus Point was a Sunday guest of A. Hollenbrandt.

The Misses Mabel and Anna Smith of Marion visited Miss Bess Rogers Sunday.

Mr. and Mrs. John Lanse Sr., of Newark have been guests of their children, the past week.

Mr. and Mrs. Azrah Howard and baby of Walworth visited Minstead relatives Sunday.

Fairville

Jacob Shears of Dispatch was home over Sunday.

Mr. and Mrs. Eugene Catlin and son Harold of Zurich were guests of Mrs. Frank Hoffman Sunday.

Mrs. Gertrude Thorn, son Thomas and daughter Ruth are spending the week with friends at Newark.

The Easter supper held in the Presbyterian church last Saturday evening notwithstanding the rain, drew together a fine company and netted the ladies \$11.00.

Mrs. James Vanderbilt and daughter Alegra spent Thursday and Friday last with relatives in Lyons.

The Village school opened Monday after having closed two weeks owing to diphtheria.

Mrs. Grennell of Victor is visiting her sister Mrs. Philip Bartholome.

John Roberts, who purchased Geo. Stacey's store has removed it on a lot south of the Presbyterian manse.

Freeman Rowe and Burt Gravelle are on the sick list.

Services at the Presbyterian church at 10.30 a. m. and 7.30 p. m. Sunday April 30. Morning subject, "Christ the Healer." Evening topic, "Looking Heavenward."

The Bible school will meet at the close of the morning service.

The C. E.'s will convene at 7 p. m. Topic, "A Missionary Journey around the World." Missions in Hawaii and the Philippines. Isa. 60, 1-12. Leader, Miss Maud Sucher.

Lisk Company Statement

(Continued from page 1.)
been most warmly welcomed by the trade and places our goods as to their appearance on a par with the very foremost of imported enamel ware lines.

Operating and Cost System.

"In order to avoid the hit and miss methods of getting at costs by deducting a certain arbitrary discount from the selling list price of manufactured goods, and in order to keep the inventories of raw materials and manufactured product within reasonable bounds, a simple, yet up-to-date factory system has been installed which is quite complete and satisfactory. The cost of installing this system in both factories and its upkeep are trifling as compared with the amount it saves in the handling of your business. Furthermore, this installation cost will never have to be incurred again and this sum may be directly added to the profits of the present year.

Increased Sales.

"While your Company's sales increased approximately eight per cent, this has not meant increased profits as the past year has been one of such sharp competition that your management has deemed it best to meet the adverse conditions of lower prices, extra freight allowances and other unpleasant conditions wherever it has found them in order not to lose ground just at this time. During the present year and years to come, it is felt that with the better and more complete organization of your Company, and its increased corps of satisfied salesmen, that it will be much easier for it to maintain and control trade than at any time during the past two years."

"The note of your General Manager against the Company which was originally \$50,000 was cancelled at the close of the Company's litigation and he now holds the bonds and stock of your company as an investment the same as any other stockholder, and has perfect faith in their increasing value.

"Through the diligent efforts of the Company's attorneys, Messrs. Taylor and Goodwin, a dividend of \$79,807.12 was collected from the Receivers of the estates of the former directors in December last. These funds enable the management very materially to reduce the Company's indebtedness as well as to eliminate from the balance sheet these old items."

"During the past year an agreement was consummated with a majority of the Bond Holders whereby the payment of the bonds was extended to cover a ten year period, conditional upon paying \$40,000.00 a year upon the bond principal, resuming these principal payments December 31st, 1911. As this annual payment of \$40,000.00 is a very substantial reduction from that of \$15,000.00, as at first required by the Bond Agreement, it will enable your management to finance the Company with greater ease and without the danger of being obliged at any time to borrow an unusually large sum of money for the purpose of conducting your business."

"We fully expect during the present year to reduce the inventories of both Companies by a sum sufficient to make our bond payment next December, and by exercising every known economy we hope to be able to make a substantial dividend payment on preferred holdings of stock at the same time."

NEW YORK DEMOCRATS PRACTICING ECONOMY

Legislative Leaders Demonstrate Efficiency—Appropriation Bills Show Reduction in State Expenses In Spite of New Avenues of Expenditure Created by Last Republican Legislature.

Albany, N. Y., April 24.—With the reassembling of the senate and assembly last week, after a two weeks forced recess on account of the capitol fire, the legislature entered upon the final stages of the session. The appropriation bills were introduced Monday night and attracted immediate attention.

There has been some criticism of the delay in the preparation of the appropriation bills, and several Republican critics both on the floor of the assembly and in the columns of Republican newspapers have charged that the delay was due to the inefficiency of the majority members of the ways and means committee and other Democrats who are charged with the preparation of the bills.

The appropriation bills as presented are a complete refutation of the charge of inefficiency. No appropriation bills introduced in the last decade have shown indications of such careful consideration and such a comprehensive understanding of the finances of the state and the financial needs of state government as the bills which Majority Leader Smith presented Monday night.

Moreover, the appropriation bills as presented show the determination of the Democratic majority in the legislature to adhere strictly to the policy of retrenchment which was promised during the campaign and which Governor Dix has consistently advocated in his messages to the public utterances.

The problem which confronted the Democratic leaders and the ways and means committee was almost insurmountable. For sixteen years Republican legislatures have been making annual increases in the appropriation bills, and every year new legislation has created new avenues for state expenditures. Many of these expenditures are constant and cannot be avoided without constructive legislation which must be carefully considered.

In some instances the public utterances of the Democratic majority have been interpreted to increase the sums necessary for the different items of the appropriation bill. The increased population of the school districts of the state, for example, made necessary an increase of \$283,000 in the school budget. The new school law passed last year made necessary an increase of about \$150,000 for the salaries of the district superintendents. The new Great Meadow prison called for an increase of \$120,000 in the item for prison maintenance; the new Mahanias insane asylum added \$35,000 to the item for the maintenance of insane asylums; changes in the agricultural law passed by the last Republican legislature necessitated an increase of \$150,000 in the agricultural items.

These newly created expenditures called for an increase in the appropriation bill, provided other items were carried the same as last year, of \$587,000. But the appropriation bill as presented calls for a total increase over last year of only \$128,000, which means that the Democrats applied the pruning knife to the appropriations as made up by the Republicans last year to the tune of about \$459,000. But this does not cover all the saving to the taxpayers. Several items heretofore carried in the supply bill under Republican legislatures have been put into the appropriation bill, where they legitimately belong. The addition of these items to the savings mentioned above make a total saving to the taxpayers in the appropriation bills of substantially \$600,000.

Accounts Systematized.
One of the important changes in the appropriation bills is the systematization of accounts. Under the extravagant reign of Republican legislatures the custom grew up of dividing the appropriation for a single purpose into several appropriations under different headings, so that it was practically impossible for any one not perfectly familiar with affairs to ascertain exactly what the cost of a given department really was. This year's appropriation bills classify all items so that a single glance shows exactly what each department of the state government is costing. This classification is in accordance with the reform methods of keeping accounts introduced by the Democratic comptroller, which not only simplifies the methods of the comptroller's office, but makes practically impossible the "covering up" process by means of which so many petty grafts have heretofore escaped detection.

Ten Per Cent Reduction.
The estimated budget for 1911 which was presented to Governor Hughes by Comptroller Clark Williams at the close of the fiscal year 1910 indicated increases all along the line and a total appropriation for 1911 larger than the 1910 appropriations which the Democrats charged were extravagant. In public utterances immediately after his inauguration Governor Dix said that after an examination of the estimate presented by Comptroller Williams he believed that a reduction of 10 per cent could be made without in the slightest degree interfering with the efficiency of any department. The result of the work of the assembly ways and means committee, working with the governor, Speaker Frisbie and Leader Wagner and Senator Frawley, chairman of the senate finance committee, completely justifies the judgment of the governor and indicates that when the supply bill is presented, which will complete the appropriations for all departments of state affairs, the aggregate will show the reduction of 10 per cent promised by Governor Dix.

The total appropriations made by the Republican legislature last year were about \$42,000,000, of which Governor Hughes vetoed about \$5,000,000, leaving the total cost of the state government \$37,000,000. Comptroller Williams' estimate for 1911 was about \$39,000,000. Indications are that the total appropriations of the Democratic legislature will be about \$34,000,000, a saving of \$3,000,000 from the last year of Republican rule and a saving of \$5,000,000 from the Republican estimate for this year.

Income Tax Amendment.

The income tax amendment came up for final action in the senate last Wednesday and was adopted following a debate which lasted practically all day. Old legislators say that Leader Wagner's speech in support of the resolution was his strongest effort of the session. Answering the argument of the Republicans that the form of the amendment might permit a tax on income from state and municipal bonds, Senator Wagner cited numerous decisions denying to congress the right to levy a tax on state and municipal bonds and boldly declared the Democratic doctrine that the fundamental principle of fair and equitable taxation is that the individual shall contribute to the support of government in proportion to the protection which he enjoys; that the income tax is a logical tax under that principle; that it has been successfully tested by other governments and has served this government in time of need.

The vote on the resolution disclosed the first break in the Republican majority, six Republican senators refusing to follow the lead of Senator Thompson, who was in charge of the opposition, and voting with the Democrats. The final vote was 35 yeas to 13 nays.

The resolution now goes to the assembly, where it will be reported out of committee this week. It will receive the support of the Democrats and will be passed by a substantial majority, thus adding New York to the increasing number of states which have approved the proposition. In following this course the Democratic legislature has stood squarely behind Governor Dix in fulfillment of the pledge of the Rochester platform of last fall.

Direct Election of Senators.

In the senate on Thursday the resolution urging an amendment to the federal constitution providing for the election of United States senators by direct vote of the people was called up and adopted by a strict party vote. The Republicans did not openly declare against the proposition, but took shelter behind the very thin excuse that it was not a matter in which the state legislature ought to offer advice to congress. This resolution and the income tax resolution will be brought up in the assembly this week.

Departments Are Busy.

Any one possessed with the idea that under a Democratic administration the heads of departments have a secure would be very quickly disabused of the thought if they were compelled to follow them up. Commissioner of Public Works Tremain, for example, has been on the jump continually. Just now his department is engaged in clearing up the canal where work on the barge canal has interfered with the old line. It is proposed to open navigation on the old canal May 15, and there are numerous places where banks weakened by barge canal construction must be strengthened before that date. Last week he divided his time between work on the new contracts between Rochester and Montezuma and at Fulton, where a break in the wall of a hydraulic power canal demanded immediate attention. This is a private canal, but is located on land which has been condemned for the barge canal and purchased by the state.

Port Gibson

Mrs. Lucy Aldrich and daughter of Canandaigua visited her father, Cullen Cobb, last week.

Mr. and Mrs. Elmer Bird of Palmyra spent Sunday with Mrs. Kelly.

H. L. Schutt of Buffalo visited his father, John Schutt, Monday.

Mrs. H. E. Throop and Miss Mary Edwards visited Mrs. Benj. Throop in Palmyra recently.

Max Howard visited his parents in Syracuse last week.

Mrs. Eugene Sibbett entertained her nephews from Palmyra Sunday. Electric lights have been put in, extending one mile along the barge canal.

Fred Floodman has commenced to build his new home.

Edward Babcock died at his home Monday afternoon at 4:30 after a brief illness.

Josiah Catoot of Newark spent Sunday with his sister, Mrs. Peter VanMale.

Mr. and Mrs. John Engels and Miss Grace Engels were the guests of Mr. and Mrs. Peter VanMale Sunday.

Mr. and Mrs. Frank Wismer and Jeanette spent Sunday with relatives in Phelps.

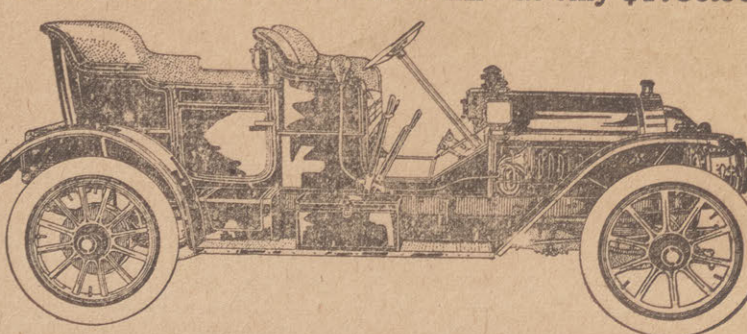

Miss Alice Grover and Miss Beulah Romlin visited Miss Nellie VanMale Sunday.

When a medicine must be given to young children it should be pleasant to take. Chamberlain's Cough Remedy is made from loaf sugar, and the roots used in its preparation give it a flavor similar to maple syrup, making it pleasant to take. It has no superior for colds, croup and whooping cough. For sale by Kelly's Drug Store.

Gould, Lee & Webster of Rochester, N. Y.,

Are showing
some very attractive up-to-date Men's and Women's Tan Oxfords for only \$3 the Pair.

THIS IS THE MORA

To Gas Users

An Important Notice

Beginning June 1st the Central New York Gas & Electric Company have decided to reduce the price of gas from \$1.80 per 1000 to \$1.60 per 1000, with the following net prices if paid five days from date card is dated:

FIRST 2000 FEET, \$1.45 NET.
NEXT 3000 FEET, \$1.35 NET.
NEXT 10000 FEET, \$1.25 NET.
ABOVE 15000 FEET, \$1.20 NET.

This reduction is made in order to give every one the chance to use gas for both cooking and lighting which is cheaper than coal or wood.

The minimum charge for services will be 50 cents per month, and all bills must be paid by the 10th of the month or meter will be removed. No discount will be allowed after five days on either Gas or Electricity.

OUR TIME IS YOURS.

We want to co-operate with you in making estimates of your requirements in gas or electric wiring. All work will be done at cost.
