Dear David:

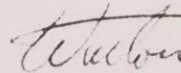

As I promised you the other day when we talked, I gave consideration to the possibility of appointing you to The New York Hospital Staff.

However, I have been informed by the Administration that no new appointments by me at this time will be considered. Obviously, I am in a lame duck position *at present.*

Nonetheless, I would like to continue our collaboration on various articles and projects and hopefully after July 1 I shall have more time to contribute to such endeavors.

With best regards, I remain

Since rely yours,

C. Walton Lillehei, M. D.  
Professor and Chairman
