THORACIC SURGERY

Minneapolis, Minn.
September 21, 1967.

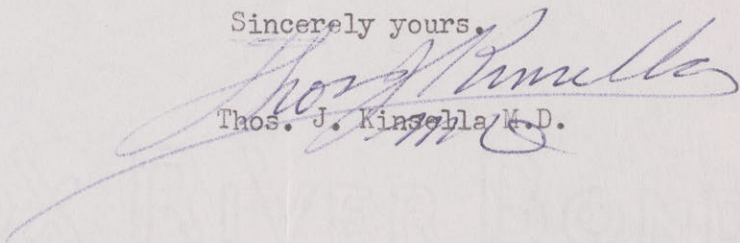

Dr. Karel B. Absolon.
Amarillo, Texas.

Dear Dr. Absolon:

For many years I have kept a clip file of chest tumors taken from a series of Surgical journals. I havent encountered a solitary Hepatoma metastasis nor do I recall any such report. tho I have not checked the file which is now deposited in the Hennepin County Medical Society Library.

I gave up all surgery two years ago but still see consultations and go to the Vetrans Hospital. How do you like Cow country? Havent seen Amarillo since 1924.

Sincerely yours,

Thos. J. Kinsella M.D.
