Dear Doctor Absolon,

Many thanks for your letter of 31 August which I received after having returned from my holidays. We are very ready to support you in your writing a book about Billroth. I think, however, that this cannot be done without spending several months in Vienna.

In our Institute there are various Billroth-letters and of course all his printed works, but we have nothing as to his genealogy and the history of his family. As to that I would advise you to contact

Dr.med.Michael CONRAD-BILLROTH
Facharzt für Orthopädie
Nußwaldgasse 7
A-1190 Wien
Austria.

Literature about Billroth you will find in my book about the Viennese Medical School which illustrates the medical background (I enclose a prospectus).

Yours very sincerely

Professor Erna Lesky
