Dear Dr. Ehrenhaft

Some years ago you wrote to me about some letters by Billroth written to your father - I believe. I am writing a definitive biography of Billroth and I would appreciate it if I could read resp. reproduce the letters if interesting for the publication. I expect to include in a volume the translation of all his "Briefe" and other documentary material.

I would appreciate it very much. Many thanks!

Sincerely

Karel B. Absolon, M.D.
