Dear Dr. Steen

Mrs. Valerie Absolon from the Anthropological Institute in Brno, Czechoslovakia will be visiting Santa Fe on the 23rd and 24th of March, 1967. She expressed interest concerning your work on synthetics used for stabilizing ancient structures, that you presented at the Archeological Congress in Prague, Czechoslovakia.

I wonder if it would be possible for her to visit with you on one of the above dates. Please do let me know whether the dates are convenient.

Sincerely

Karel B. Absolon, M.D
