Dr. Robert H. Mitchell  
703 Broadway  
Plainview, Texas

Dear Dr. Mitchell

I would like to introduce myself to you and if possible at an appropriate time meet you. I of course know that you are the dean of Panhandle cardiology and that we must have common interests. As a new member of this community I will appreciate all the advise I can get from you. I started a few months ago practicing Cardiavascular surgery here in Amarillo. Attached is my carriculum vitae.

Please do let me if it should be possible meet you at your convenience.

Sincerely

Karel B. Absolon, M.D
