Dear Karel:

How much do I owe you for that silly cab we took from the airport to the motel?

I have been afraid to write to you before this to ask. After that horrible examination I was sure I was going to have to repeat it. However, with the luck of Jews behind me, I passed the exam. I am sure ^{and} Aldo were also successful. You knew so much more than I did!

Write soon if you expect to get paid.

Please keep in touch. Corliss sends her love.

Director of Surgery
