Karel B. Absolon, M. D.
Department of Surgery
University of Minnesota Medical School
Minneapolis, Minnesota

Dear Doctor Absolon:

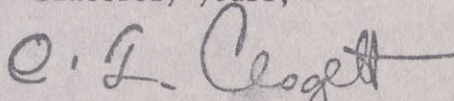

I take pleasure in advising you that you passed the examination in Part II held in Washington, D. C. on October 23 and 24.

The certificate of the Board of Thoracic Surgery will be forwarded to you as soon as it is engraved and signed by the officers of the Board. This necessitates some delay, and you will not receive the certificate for several months. It is important that you keep us advised of any change in your address so that the certificate reaches you safely.

The names of all Diplomates are sent to Marquis-Who's Who, Inc., 210 E. Ohio Street, Chicago, publishers of the Directory of Medical Specialists. Marquis-Who's Who, Inc. will forward a questionnaire to you which you should complete and return to them.

Congratulations on behalf of the Board upon your successful completion of the examination.

Sincerely yours,

O. T. Clagett, M. D.
Secretary
