Assistant Professor of Surgery

Dear Doctor Absolon:

Thank you very for the reprints which you so kindly sent to me. I am enclosing the reprint on Chylothorax and Thoracic Duct Ligation which we discussed. This is probably out of date by now, but we do seem to have a subject which is interesting to both of us.

Congratulations to you on your Board Examination. I have no official word about this, but feel certain that you did very well and I did not notice your name in the list of rejects.

Yours sincerely,

Roy G. Klepser, M.D.
