

Dear Karl,

Thank you for your letter
and let me be congratulated for your
wonderful position, good luck to you!
You sure, that you will be happy and
that all people are going to appreciate you
and that everybody will like you. I'm wishing
good luck to you once again.

A few my brother is concerned; his full
name is: Herbert Kama, M.D., Ph.D.

2 West Mill Drive, Great Neck, L. I.
New York 11021.

I have been in Weirton General Hospital
as Hemophysson, what is not my goal to be, indeed,
but for the time being it's OK. They pay me
\$1,000, part of my housing and utilities. I'm
designated for surgical service. According to
information from Washington D.C. my hospital
is able to ask for me to change my vice status
and this hospital is ready to do it. I do not

know, how long it's going to take it,
but I have been assured, that they are not
going to desert me or my family.

I hope, you have got the picture of your
father in the book, it isn't the best one,
but they did mention him at least; it
was printed 1966.

My wife is starting to get along, the children
they like it here and they are looking forward
for vacations.

First of I would like to meet your kind
wife, boys children, I would like to visit
them very good time in their new place
and you the very best success, with I am
sure that you'll get.

Very sincerely yours

Richard.
