Dr. Milos Bartusek
Chemistry Department
Texas A. & M. University
College Station, Texas 77840

Dear Dr. Bartusek:

Many thanks for your nice letter and the news about Brno. As you can well imagine, the Czech tragedy affected me deeply.

Would you like to come and visit us in Amarillo for a few days? I will be in San Antonio lecturing sometimes next year, and we may meet there. Would you let me know, please, if I could make your stay in the United States more agreeable and profitable in any fashion.

Sincerely,

KBA:elg

Karel B. Absolon, MD.
