Dear Jaromir:

Enclosed is the material on Mendel that I talked about. I could not find the Folia. If I do I shall send them to you. It certainly was nice meeting you in Washington. Do you think that we should contemplate something about Prof. Absolon for the next year's meeting? I could provide you with some material on his activities.

When you are through with the Mendel books return them to me. Please do visit with us if you should come to this part of the country.

Sincerely,

Karel B. Absolon
