Dr. Denton A. Cooley  
Professor of Surgery  
Baylor Medical College  
Houston, Texas 78753

Dear Dr. Cooley;

I thank you and also Dr. Latson very much for the nice reception during your exciting day of your heart graft. Good luck!

I am glad to see that you are of the same philosophy as I once have outlined. I wish I could have continued the transplantation effort, but the climate clearly was not ripe then.

Many thanks!

Sincerely,

Karel B. Absolon, M.D.
