

Peace

Hi!

Have been missing you at the Conventions.

Hope you are coming to San Francisco this summer.

They made me General Chairman of the College of Chest
Physicians Convention June 13-17 and if you would
like to be on a committee just say the word

Best and kindest regards to
both of you

Holiday Season stay with you
all the coming year

Dear Angelo:

(Received)

7/4/21

Enclosed ~~is~~ ^{are} some of my more recent reprints and a summary of ~~my~~ ^{my} coronary surgery experience over here, which I may be of interest for your program. I would be glad to serve on one of the committees, but I don't think I am a member of the College of Chest Physicians, I never got to it.

(you suggest)

We are ~~far~~ doing rather well over here but also get some interesting offers academic. Also have now quite a unique collection of old manuscripts Sylvius, Vesalius etc. everything that

Billroth wrote including some of his hand-written manuscripts etc. In my "free" time I am preparing a Biography of Billroth and looking for a publisher.

Both my and I would love to get together with you; it is logical that it should be in San Francisco. With all your ills surely in the past history, you may come wandering to Texas or, New Mexico, just a big Texas spit away.
