Dr. C. Walton Lillehei
Professor and Chairman
Department of Surgery
Cornell University Med. Center
New York, N.Y.

Dear Walt

A. Kantrowitz invited me to visit his place on Monday, December 11. I saw no reason not to look at the situation. If you should have time I certainly would like to visit with you for a few minutes between Sunday, December 10 and Wednesday, December 13 a.m. I will be staying at the Stattler-Hilton. Would you have your secretary drop me a note if there should be an inconvenient time, so I could arrange my rather pressed schedule.

I know that you must be terribly busy - thus do not hesitate to have your secretary send me a line that you are too busy.

I am sure you are finding your situation to your liking. I am busy surgically, mainly heart work and I am, thanks to you, getting pretty good at it, at least the patients are doing rather well. I of course miss investigation.

Sincerely

Karel B. Absolon, M.D.
