Dr. Karel B. Absolon
1523 Crockett Street
Amarillo, Texas

Dear Doctor Absolon:

Further to our telephone conversation, Dr. Kantrowitz is looking forward to seeing you on Monday, December 11. I would suggest that you come straight to Dr. Kantrowitz Office and we will arrange for you to spend some time with Dr. Kantrowitz and also to show you over the Department of Surgical Research.

I have reserved a single room in your name, at the Statler Hilton Hotel for the nights of the 10th, 11th and 12th December. The Hotel is situated at 7th Avenue and 33rd Street in Manhattan. Probably it will be most convenient for you to take a taxi straight to the hospital, but in case this proves difficult, there is a subway station at 6th Avenue and 34th Street. You can either take the "B" train to Fort Hamilton Parkway, and walk a few blocks to the hospital, or the "N" train to 36th Street in Brooklyn and then a short taxi ride to the hospital.

Needless to say, we will reimburse you for all expenses associated with this interview.

We look forward to seeing you.

Sincerely,

Patricia Woolcott
