David Schechter, M.D.
208 Anderson Street
Hackensack, New Jersey

Dear Dave

I will be in New York somewhere between 10-14 of December. Adrian Kantrowitz invited me to see their place. I don't know exactly what he has in mind; nevertheless I thought it would be worth - while to look at it, a combination of research - and clinical activity would be attractive.

I of course would want to spend a few hours with you. Let me know if evening of the 12th would suit you.

Sincerely

Karel B. Absolon, M.D.
