Dear Mr. Huber

I thank you for the book. I have Otto Gottlieb - Billroth's "Billroth in Briefwechsel mit Brahms" 1935. Actually two copies of it. As to the answer about the material, I need it as a background material writing a biography on Billroth. From the books that I still don't have: that I would like to get (1) Wer ist musikalisch? (2) Chirurgische Klinik Zurich 1860-1867. Do buy these, if they should become available.

I am also enclosing your nice summary of the literature; I struck out what I have. If I could get the other publications either in form of a copy or the original, I of course would be interested. I underlined those references which I would be most in need presently, if any of the others should become available I of course would be interested.

Please do send my greetings to Gordon Bendix and his good wife.

Sincerely

Karel B. Absolon, M.D.

interested to
receive in
original

very
interested

I will keep all the bills and receipts for the expenses I had and ask for reimbursement at a later date.

I would appreciate it if you could answer the above questions.

Looking forward to your reply,

Yours sincerely,
