Dear Karel:

Thank you for your letter and for the reprint.

We would be happy to have you visit in Kansas City.

Arrangements can be made to house you in the Student Dormitory, which has hotel facilities and is on the campus of the medical school.

I am sure that you can visit at your own convenience. The general library is open seven days a week, with extensive daylight and evening hours, even on Sunday. The library of the History of Medicine is only open from Monday through Friday.

I would hope that during your visit here you would have an opportunity to become acquainted with Dr. Ralph Major and other members of our present Department of the History of Medicine. I would be delighted to have you here and depending on the time and your own inclination, it would be nice to have you give a brief lecture on Billroth or some phase of his activity to one of our regular seminars or conferences.

With best personal regards, I remain

Sincerely,

*Leonard F. Peltier*  
Leonard F. Peltier, M.D.

LFP:BH

P. S. Just let me know when you would like to come and I will make the necessary arrangements for you.

L.F.P.
