Dear Dr. Kremen,

It was indeed a pleasure talking to you over the telephone last Monday night. Dr. K. Absolon has frequently mentioned your name and therefore when the need arose for a consultant, your name was immediately mentioned.

However, I regret to inform you that the patient that we had talked about has again changed her mind and she is remaining in New York where she is being evaluated.

It was indeed a pleasure having had a chance to meet you at least over the telephone.

Thank you again for your willingness to see this patient and again apologizing for having to cancel her appointment with you.

With warm personal regards,

Sincerely,

RRE1p
