New appointments to the Staff will be assigned a floor most appropriate to their practice.

St. Anthony's Hospital

Conducted by Sisters of Charity of the Incarnate Word

Amarillo, Texas

January 9, 1968

Dear Doctor:

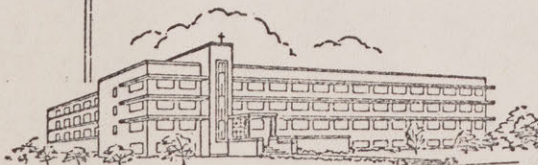

You have been appointed to serve on Unit "B" of the Utilization Committee of St. Anthony's Hospital from January 1 to April 1, 1968. In order to overcome reluctance of various members to serve on this committee and in order to avoid certain willing people having to serve repeatedly, assignments will henceforth be made alphabetically.

The Utilization Committee meets on the third Tuesday of each month at 12:15 p.m. in the Galaxy Room of St. Anthony's Hospital. Doctors serving on the committee may go through the cafeteria line as guests of the hospital. The next meeting will be Tuesday, January 16th at 12:15 p.m. Attendance at the Utilization Committee meeting is not necessary for Unit "B" as long as a dictated report as outlined below is submitted.

Members of Unit "B" will be expected to visit the chart station to which they have been assigned at least weekly. For each monthly meeting a report should be made encompassing the following:

- I. The total number of Medicare patients on the floor during the preceding month.
- II. A work sheet should be filled out for each case falling in the following categories:
 1. All Medicare patients (medical or surgical) in residence over 14 days.
 2. All medical cases in residence over 14 days, except coronaries and psychiatric cases.
 3. All coronary and psychiatry cases in residence over 20 days.
 4. All surgical cases in residence over 14 days, except orthopedic, neurological and urological cases.
 5. All orthopedic, urological and neurological cases in residence over 20 days.
 6. All O.B. cases and full-term babies in residence over 7 days.

(continued)

St. Anthony's Hospital School of Nursing

Unit "B" of Utilization Committee

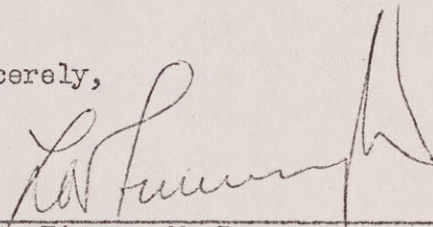

Page 2

January 9, 1968

7. All premature babies who have attained a weight of 5 lbs. or over.

Mr. Beckett of the Credit office will assist in the determination of cases falling under the above categories and requiring a recommendation from Unit "B". He will make available weekly a list of patients in category II. Please note that reports are to encompass the customary and accepted methods of practice in this community. Work sheets and other reports should be put in an envelope and placed at the telephone operator's desk, or in the box marked "Utilization Committee" in the PBX room.

Sincerely,

L. A. Finney, M. D.,
Chairman, Utilization Committee
