Sister Thomasine Carter, Administratrix
St. Anthony's Hospital
P. O. Box 950
Amarillo, Texas 79105

Dear Sister Thomasine:

As of July, I expect to start my new appointment with Southwestern Medical School in Dallas. I am, thus, forced to resign my active staff membership at St. Anthony's Hospital.

I wish to say, that it was a true privilege to serve in the various capacities at St. Anthony's Hospital. I noted the remarkable and gratifying growth, during your tenure as administratrix. I shall follow it with continued interest. I am certain that it is just the beginning of the modern development of St. Anthony's Hospital.

Several members of the executive board of St. Anthony's Hospital have asked me, informally, to continue in a consultative capacity on the associate or courtesy staff of your hospital. If such should be yours and the Executive Board's decision, it would be a true privilege to accept such an association.

I hope to stay in touch with your hospital. I shall follow the future growth of St. Anthony's with interest and emotion.

Would you please channel this letter or relate its contents to the appropriate group or individuals.

With personal regards,

KBA:elg

Karel B. Absolon, MD.
