AUDIT SHOWS COUNTY TO BE IN GOOD SHAPE

Statement Sets Forth Affairs Are Ably Administered

AUDIT MADE BY D. R. HOLLOWELL

Preparation Declared To Have Revealed Improvements in Many Essentials

The financial affairs of Pitt county, in all major particulars, were ably administered during the year ended June 30, 1938, according to a statement accompanying the balance sheet and comments on the condition and operation of the government, just completed by D. R. Hollowell and company, certified public accountants.

Comments on the budget follow:

To the Honorable, the Board of Commissioners, of Pitt County, North Carolina.

Gentlemen: We have prepared from our detailed report of audit of the accounts and records of Pitt County, North Carolina, for the year ended June 30, 1938, the attached Consolidated Balance Sheet which gives as at June 30, 1938, a statement of the assets and liabilities of all County funds.

The Balance Sheet shows that as at the close of the year, June 30, 1938, the County had a net surplus of \$1,000,100.31.

The operations of the County during the year ended on June 30, 1938, were financed wholly from funds in hand at the beginning of the year and from funds made available through realizations from revenue and other sources within the confines of the various County funds without resort to borrowing, temporary or otherwise.

The cash position of the operating funds was materially improved during the year. The revenue collected for operating purposes—including only the revenue applicable to the year ended June 30, 1938—exceeded the disbursements for operating expenses by \$10,269.87.

The Debt Service Fund was financed from tax collections and from funds transferred from the Sinking Fund to meet an issue of sinking fund bonds. The bonds and bond interest coupons which matured during the year were promptly paid in amounts of \$136,900 and \$108,292.50 respectively.

The above remarks deal only with the cash transactions and show conclusively that the cash provided was more than adequate to meet the requirements for the year. The net increase in the cash transactions of all funds during the year was \$21,755.67.

Revenue and Expenses

In the above paragraphs and statements we have referred to the available and unavailable surplus of the County and to the relation of cash income to cash disbursements during the year was \$21,755.67.

The revenue levied in the form of taxes and the revenue for the year from other sources, realized and unrealized, are combined and compared with the total expenses in the operating funds.

The net difference of \$13,269.88 (Continued on page six)

Defer Commissioning Of Boy Scout Vessel

The Scout Sea ship, William Pitt will not be commissioned tomorrow as had been scheduled, Charles Wheelbee, first mate, revealed this afternoon.

A date for the exercises will be announced later, declared Mr. Wheelbee.

Band and Fires

A regular practice of the Greenville Firemen's band was brought to an abrupt interruption last night by a fire alarm which turned out to be false.

In the midst of the practice the alarm started its blasts and firemen dropped their instruments and made for the brass rail. Not enough musicians were left to continue the practice. The firemen were gone only a short while, however, as the alarm, coming from box 45 at the corner of Ford and Fourth streets was false.

Another false alarm came in from the box at Reade and Fourth streets later in the evening, but the firemen had completed their band practice.

OFFICERS GET STILL AND MAN

White Man Run Down at Plant in Fountain Township

A 50-gallon capacity copper liquor still was destroyed and one white man was arrested early this morning in Fountain township, the second still found in that area since the two special ABC law enforcement officers, J. M. Taylor and J. L. Ward, have been in service.

Aiding the ABC officers were Deputies Sheriff R. W. King and R. W. Tison and City Officer E. G. McMullan.

Ward and Taylor "spotted" the still yesterday afternoon, but it was not in operation and no one was at the plant. The officers returned about 1:30 o'clock this morning and found the still in operation with about 10 gallons already having been run.

The man taken in custody was Hilton Felton, 23, originally of Edgecombe county. He is being held in the county jail, no bond having been provided.

Several dogs at the site of the still began barking when the officers approached, but the operators remained at the still, looking around for a few moments. The officers decided to "rush" the men, ABC Officer Ward, an unusually fleet-footed officer ran down Felton, but the other man got away.

About 100 gallons of beer, ready to run, was destroyed, as was the entire still.

Although officers have been continuing their search for stills recently, they have met with little success, leading to the belief that most of the illicit distilleries in Pitt county have been destroyed since the intensive drive has been under way.

Schools Of County Advised Of Roll Call

Programs are being held throughout New York, because of the hot government teachers and students of the Pitt County Red Cross Roll Call to be conducted November 14. Much of the work of the campaign is being carried on through the schools, with the co-operation of the various principals.

W. J. Bundy, Roll Call chairman, was scheduled to speak today in Belvoir and at Falkland.

Monarch Tells Parliament He is "Happy to Accept" Invitation of Pres. Roosevelt as an "Expression" of Anglo-American Good Feeling

London, Nov. 8.—(AP)—King George, VI, told parliament today he had "been happy to accept" as an "expression" of Anglo-American good feeling President Roosevelt's invitation to visit the United States during the royal Canadian tour next Spring.

The announcement was made by the gorgeously apparelled monarch from the throne in the House of Lords in an address opening the fourth session of the current parliament and the second of his reign.

The soft light of the dim chambers gleamed on thousands of multicolored jewel decorations as the King declared:

"I have been happy to accept the invitation extended to the Queen and myself by the President to visit the United States of America before the conclusion of my Canadian tour.

"I welcome this practical expression of the good feeling that prevails between our countries. King George did not disclose how the North American trip would be made. There has been speculation on the possibility that the Hood, called the world's largest battle cruiser, might take him and the queen. It will be the first time a British sovereign ever set foot in a former colony.

An invitation to President Lebrun of France to come to London next spring to repay a royal visit to Paris last July also was disclosed by the monarch.

King and Queen Expected to Remain Four Days

Hyde Park, N. Y., Nov. 8.—(AP)—President Roosevelt is "very happy" over news that the King and Queen of Great Britain will visit this country next year after their Canadian tour, a statement from the temporary White House said today.

In response to inquiries and in anticipation of an announcement from the throne by King George, VI, the President's office issued the following brief statement:

"The President is very happy to know that the King and Queen of Great Britain hope to be able to accept his invitation to visit the United States next summer.

"While no definite plans have been made, it is expected that their majesties will be able to stay in this country for four or five days.

UNUSUAL LIGHT VOTE IS CAST

Rain in Some Sections Keep Many Away From Polls

Voting at various Pitt county precincts from which reports had been received this afternoon was "very light." It was estimated that the vote would be only 20 to 26 per cent of the normal.

Raleigh, Nov. 8.—An extremely light vote up to early afternoon was reported from most parts of normally Democratic North Carolina today and rains in coastal sections helped to hold down the vote.

Charlotte, High Point, Greensboro, Durham, Thomasville, Lexington, Raleigh, Rocky Mount, New Bern and other places all reported voting was slow.

Governor Hoey cast his ballot at his home precinct in Shelby and left by automobile for Raleigh.

He had planned to hear returns here tonight, but a change in plans will make him leave for New York to sign a \$4,620,000 bond issue on a signature machine.

At Lexington and Thomasville, in the Eighth district, where W. O. Burgin of Lexington got the Democratic congressional nomination through arbitration, the vote was "extremely light," but was expected to pick up during the afternoon.

Meanwhile, over in Gaston county, reports said the vote was unexpectedly heavy.

Guilford county's vote apparently was hardly going to exceed half the total recorded in 1934, it was reported at midday, and in New Hanover it appeared the county would not equal the 1,700 cast four years ago. Rain fell at intervals there.

The sun shone here most of the day, but the voting in Wake and nearby counties was reported very

BOARD ORDERS SUIT STARTED

County Commissioners to Sue for Alleged Shortages

The Pitt County Board of Commissioners yesterday afternoon instructed attorneys to proceed with the filing of suit to recover approximately \$17,000 allegedly due the county from the accounts of former Sheriff S. A. Whitehurst.

The amount represents sums the commissioners contend the sheriff collected and failed to turn over to the county, or failed to collect.

The former sheriff and his sureties were advised following a meeting on October 4, of the impending action unless a settlement was made.

Neither the former sheriff nor his sureties have acted to meet the demands, and Mr. Whitehurst, in a letter to the board, declined to pay the sum to the county.

Bad Officers Elected By Citizens Who Fail Vote

"Bad officers are elected by good citizens who do not vote," quoted John Coward, Auditor of Pitt County, from Frank Arnold of Nebraska. Arnold has become famous for his having made Nebraska have no payment taxes, no state debt, and a pay as you go plan.

"Things nearest us and about which we should be most concerned are the things we are least posted on and, therefore, less interested in," declared Mr. Coward as he continued his speech to the Greenville Rotary Club last night after being introduced by R. R. Bennett, Chairman of the Program Committee.

Mr. Coward brought information about the County's finances to the Rotary Club together with the exhortation: "We are most anxious for you to be informed about County affairs. We need your support. It is impossible for us to serve you intelligently and well unless you are informed and can help us remedy our mistakes."

Building up the history of Pitt County finances, he said that in 1907 Pitt issued its first bonds to raise fifty thousand dollars to finance its part in securing E. C. T. College for Greenville. In 1927 the State passed a law setting the limit as to the amount of a county's debt.

In 1933 Pitt reached this limit or up to it.

The peak debt was \$2,507,000 for Pitt County. The debt now is \$1,977,000 with \$1,000,000 in liquid assets on hand, leaving a net debt position of about \$900,000.

To illustrate how interest cost Pitt County, Mr. Coward called attention to the fact that the \$50,000 borrowed in 1907 was paid off in 1937. The interest each year was \$2,500 for the thirty years the debt ran. For the \$300,000 for thirty years, Pitt county paid \$75,000 in interest and then paid the \$50,000 back in 1937, making a total of \$125,000.

Another example he cited was the old iron bridge over Tar River at Greenville and the old iron bridge over Centerville Creek, the bonds for which have recently been paid off, but the bridges have both been gone for some time. We were still paying on the debt after the bridge was gone.

Seventy-eight per cent of Pitt County's 70c tax rate this year is for bond service. If it were not, Mr. Coward said in conjecturing, for our pension load and debt service we would only have a 7c tax rate which would be for school maintenance.

Total valuation of Pitt for taxation is \$32,644,000.

JAPS OUTLINE PLANNED ZONE OF HOSTILITIES

Area to Extend 700 Miles Into Interior Of China

FOREIGN POWERS GIVEN WARNING

Japanese Already Have Assumed Control of Important Railroads and Ports

Tokyo, Nov. 8.—(AP)—Japan today marked out a new "zone of hostilities" extending 700 miles into the interior of China beyond present war areas and warned foreign powers to keep their airplanes and citizens out of the zone lest "unfortunate incidents" occur.

Notes sent to all foreign embassies and legation described the new zone and indicated that interior points would be subjected at least to air bombardments in a campaign to close to the Chinese munitions transportations from British Burma and possible French Indo-China.

The designated zone of hostilities includes Chungking, provisional Chinese Capital and present location of the American embassy.

The Japanese already have taken control of major Chinese ports and railways. The new area of hostilities designed in the notes today to foreign embassies and legations extends to a line running from Yun-nan southwestern province bordering French Indo-China and British Burma, northward through Szechwan province to Kansu, northwestern province bordering Tibet and Mongolia.

Peiping—Two rival Japanese-Chinese factions jockeyed for positions today to form the supreme central government of Japanese conquered parts of China.

One group was described in reliable Chinese circles today as approaching the quarter turn of the hotly contested race with the fair position at the rail.

It is led by Major General Kita, chief of the Japanese army's special service bureau here, and commonly called the father of the Peiping and Nanking Japanese-sponsored regime.

The other group is led by Lieut. General Doihara "the Lawrence of Manchuria" here of central China's fighting and a prominent Japanese politician.

Plan Farm Bureau In Each Township

The Pitt County Farm Bureau is sponsoring township meetings for the purpose of organizing local units of the farmers' organization.

A meeting is scheduled for Pockets tonight. J. T. Cooper, organizer for the Farm Bureau, will have charge of the meeting.

Officials of the county organization declare that they feel township units will increase the efficiency of the county bureau. It is the purpose to establish a unit in each of the county's townships.

American Voters Decide On Future New Deal Course

Excitement Runs High in Michigan, New York and Pennsylvania, in Contrast to Comparatively Little Interest in Southern States

By The Associated Press American sovereign voters, 40,000,000 strong, helped today to determine the New Deal future course by choosing Congressmen and State officials in a momentous "off-year" election.

The outpouring of citizens from factory and field, from kitchen and office, gave every indication of setting a voting record surpassed only by the 45,000,000 total of 1936.

In some regions, however, inclement weather appeared likely to lower the advance estimates. Snow blanketed many western states and cold rain storm was moving over the east.

The major offices at stake were 35 senate seats, 32 governorships, and 432 house seats. Only in Maine, which selected a Republican governor and three representatives in September, was no vote being cast.

Candidates were many and the issues varied, but in the bulk of the congressional contests the question of support or opposition to Roosevelt policies predominated.

The President himself appealed only last Friday for election of men who would favor "liberal" proposals Republicans, with an eye on 1940, criticized the national administration and many of its works and called for election of candidates advocating a "return to the American ways."

President Roosevelt was in Hyde Park, N. Y., where he sealed in an envelope his own forecast of the outcome. Vice President Garner was at home in Uvalde, Texas, where he has been since Congress adjourned.

In several states where contests have been especially grueling tension was at a high point. In Pennsylvania hundreds of special guards were on duty at the polls. Excitement ran high in Michigan and New York, because of the hot gubernatorial races. The old age pension was a local point of interest in California.

In contrast to these were the southern states, where election of Democratic tickets was in most instances a mere formality.

SEATS CERTAIN FOR MAJORITY

Most Legislative Candidates Without Opposition

Raleigh, Nov. 8.—(AP)—North Carolinians today, barring the unprecedented, elected an overwhelmingly partisan state legislature as close to a majority of the Democratic assembly nominees had no opposition.

The 1937 legislature of 170 members included only 10 Republicans. The only chance to whip the unopposed Democrats was for a sufficient number of Republicans to write in the name of candidates.

That same situation apparently also insured election of the 12 unopposed Democratic nominees for Superior court judges and three state officials.

Two of the three Democrats who have been campaigning for the speakership of the 1939 House of Representatives had no opposition. They were D. L. Ward of New Bern and W. E. Fenner of Rocky Mount. Victor Bryant was opposed, but Democrats expressed confidence their whole ticket would win in Durham.

State Democratic Chairman R. Gregg Cherry of Gastonia, who was speaker of the 1937 House, was unopposed.

Admitting that in some cases he may not have been notified of a Republican nominee, Henry London, legislative reference librarian, listed the following men who were members of the 1937 House, as seeking re-election as unopposed Democrats.

Fred Seeley of Carteret, John F. White of Chowan, C. E. Quinn of Duplin, W. W. Eagles of Edgecombe, E. A. Rasberry of Greene, Hugh Horton of Martin, W. E. Fenner and C. D. Abernethy of Nash, N. L. Joyner of Northampton, J. T. Behoff of Perquimans, John S. Moore of Pitt, R. T. McNair of Richmond.

Democrats also counted on many seats in the East in the House for

Instructor

DR. OTIS MARSHALL A course for training lay instructors in first aid will be conducted here beginning November 23 by Dr. Marshall, first aid field representative for the American Red Cross. The purpose of the course is to train instructors in all sections of the county so they, in turn, can conduct first aid classes in their respective communities.

TO HOLD CLASS FOR FIRST AID

Course for Instructors To Be Conducted Here Soon

One of the many activities of the Red Cross is teaching fundamentals of emergency first aid treatment and this particular phase is being emphasized in Pitt county, where the annual Red Cross Roll Call will be held on November 14.

C. W. Willard, chairman of the Committee on First Aid for the Pitt County chapter, announced today that Dr. Otis Marshall, first aid field representative, would conduct a class for instructors here beginning November 28 and continuing through December 9. A similar course was conducted in Rocky Mount last spring and four Greenville men completed the study and since have conducted two classes here in first aid treatment and a third is under way now.

Upon completion of the instructors' course here it is expected that these instructors, in turn, will conduct first aid classes throughout the county to such an extent that anyone wishing to enroll, two members of the faculty of each school in the county will be especially invited to take the instructors' course, which will be open to anyone else desiring to matriculate.

The four local men who completed the instructor's course at Rocky Mount and who have conducted and now are carrying on another class in first aid, are Mr. Willard, J. O. Barber, T. A. Bryson and A. H. Wyndham.

Dr. Marshall, who will conduct the lay instructors' class here, entered the Red Cross service after withdrawing from the private practice of medicine and surgery. His task is the training of lay instructors in first aid, equipping them to teach the fundamentals of emergency treatment of the injured to industrial groups and to classes organized by local Red Cross chapters.

Much of Dr. Marshall's professional life has been devoted to industrial cases, including employment as surgeon for the Culpepper Silk mills, Virginia Crosscutting company and the Chesapeake and Ohio and Southern railway, in which capacity he was retained for 29 years. In addition to his work in industrial cases, he carried on his private practice.

His medical education was received at the University of Virginia, with an internship at Martha Jefferson hospital at Charlottesville, Va., and work at the New York post graduate hospital.

The afternoon discussions were followed at another meeting last night, at which all township committees were represented, as well as the county-wide committee.

New Crop Program Outlined In Brief

M. A. Morgan, of the State AAA office in Raleigh, discussed benefits derived from previous agricultural programs and viewed the outlook for 1939, in brief, at a meeting yesterday afternoon of township committeemen, including alternates, and members of the county committee.

The afternoon discussions were followed at another meeting last night, at which all township committees were represented, as well as the county-wide committee.

PLAN OFFERED STORE EXCESS TOBACCO CROP

Proposal Under Consideration Applies To Burley.

PROVIDES LOAN BY GOVERNMENT

Growers Who Produced More than Sales Allotment on Stated Acreage to Benefit

Washington, Nov. 8.—(AP)—J. B. Hutson, assistant AAA administrator, said today consideration was being given a government loan program to store burley tobacco in excess of 1938 marketing quotas.

Loans would be available to growers who did not plant in excess of their 1938 acreage allotment, but who produced more tobacco than their sales allotment.

If the excess were sold, it would be subject to a penalty take of 50 per cent of the gross sales tax under provisions of the 1938 farm act.

Under the program farmers would be given the option of storing their excess tobacco in licensed warehouses and obtaining a loan equal to what they would receive if the excess were sold and penalty paid.

Hudson said indication were there would be between 30,000,000 and 40,000,000 pounds in excess of the 355,000,000 nation quota.

Other developments include: The Agricultural Department forecast cotton reduction this year of 12,137,000 bales of 500-pounds gross weight. A month ago 12,212,000 bales were indicated. Production last year was 18,946,000 bales, a record crop, and average production for the 10 years 1927-36 was 13,201,000 bales.

The indicated acre yield and indicated total production by states included:

North Carolina 225, and 425,000, Virginia 194 and 17,000, and South Carolina 243, and 665,000.

Heads of three radio networks have expressed agreement that the words "flash" and "bulletin" should be used with discretion in dramatizing fiction.

After an informal conference with the three executives yesterday, chairman Frank McNinch of the Federal communications said they felt the attention-arresting words never should be used "where they might cause general alarm."

The commission recently received complaints after a radio dramatization of H. G. Wells' "War of the World," in which the use of news bulletin technique some listeners believed a fictitious invasion from Mars was a reality.

Calls On Citizens Lend Cooperation

J. Nat Harrison, president of the Chamber of Commerce, today called upon citizens of Greenville to support efforts of the organization in bringing conventions to Greenville by renting their guest room to teachers to be here for the North-eastern District meeting of the North Carolina Education Association this week.

It is estimated that approximately 1,000 teachers from 22 counties will be here for the meeting.

The Chamber of Commerce is seeking extra rooms for the teachers, to be paid for on the basis of one dollar tonight. It was explained that the appeal for rooms was to supplement facilities of hotels and regular rooming houses.

Any person with an extra room is urged to call the Chamber of Commerce offices, 1080, immediately. Boy Scouts will direct the teachers to the homes assigned them.

Not content with mere fingerprints, Scotland Yard is studying palmprints with the idea of using them for criminal identification if practical.

**Christian Science Church.**  
"Adam and Fallen Man" was the subject of the Lesson-Sermon in all Christian Science Churches and Societies on Sunday, November 6.

"The Golden Text was from John 3:1. "He that is of the earth is earthly, and speaketh of the earth: he that cometh from heaven is above all."

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "And in the sixth month, the angel Gabriel was sent from God unto a city of Galilee, named Nazareth. To a virgin espoused to a man whose name was Joseph, of the house of David; and the Virgin's name was Mary. And the angel said unto her, Fear not, Mary; for thou hast found favour with God. And behold, thou shalt conceive in thy womb, and bring forth a son, and shalt call his name JESUS. He shall be great, and shall be called the Son of the Highest; and the Lord God shall give unto him the throne of his father David: And he shall reign over the house of Jacob for ever; and of his Kingdom there shall be no end. Then said Mary unto the angel, How shall this be, seeing I know not a man? And the angel answered and said unto her, The Holy Ghost shall come upon thee, and the power of the Highest shall overshadow thee: therefore also that holy thing which shall be born of thee shall be called the Son of God." (Luke 1: 26, 27, 30, 35.)

The Lesson-Sermon also included the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, "Jesus acknowledged no ties of the flesh. He said: Call no man your father upon the earth: for one is your Father, which is in heaven. He recognized Spirit, God, as the only creator, and therefore as the Father of all." (Page 31).

THE ARMY POST MURDERS

By Virginia Hanson

The Characters Katherine Cornish, myself, visiting Elizabeth on a mid-western Army post. Elizabeth, the colonel's daughter. Charlie Spencer, my fiancé. Yesterday: I learn that Anne Carewe, the daughter of a major, is named for Annie, Elizabeth's ook.

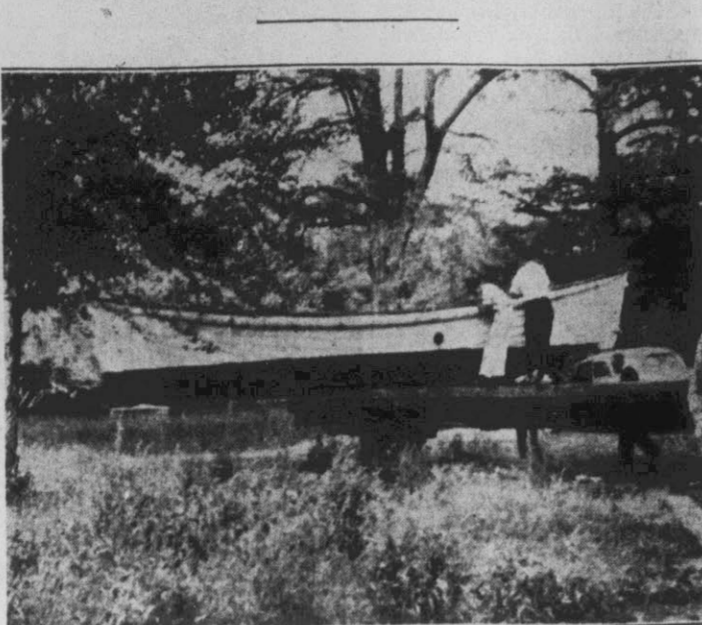

A horse was down. Its heels thrashed wildly. But the man lay still.

The blue eyes blinked, the fair skin reddened. 'Shame on you, Elizabeth,' he said unexpectedly. 'Is a poor engaged girl to get no more pretty speeches?' 'Good heavens, no, she thinks too well of herself as it is,' drawled Charlie, appearing at his elbow. 'One side, Adam. I suppose I'll have to kiss her.'

Reflector Bureau. Raleigh, Nov. 8. Sea Scout Ship Will Be Commissioned Here Soon

GEORGE THOMASON

Commissioning of the Sea Scout Ship William Pitt will take place at a date in the near future, Dr. N.T. Ennett, chairman of the Ship Committee, announced today. Principal speaker for the occasion will be Hon. F.C. Harding, chairman of the East Carolina Council of the Boy Scouts of America of which council Greenville District is one division.

Others speaking on the occasion will be Mayor M. K. Blount, John L. Winstead, president of the Rotary Club which organization is the sponsor of the Sea Scout ship, Dr. J. L. Henderson, Chairman of the Greenville District BSA Executive Committee, D. H. Conley, president of the Greenville Kiwanis Club, John J. Sigwald, executive of the East Carolina council. Receiving the commission papers will be Skipper Worth Wicker of the Sea Scout Ship William Pitt.

Guests of the Committee on arrangements which is headed by Charles Whedbee will be: Skipper Jim Hackney of the Washington, N. C., Sea Scout Patrol, Skipper Sherrod Crumpler of the Roanoke Rapids Sea Scout Patrol, Scout Executive Frank Dix of Greensboro, and Commanders Etheridge and Peele of the Seventh District Coast Guard of Elizabeth City.

The EAGLE TRAIL Bookbinding. To obtain a Merit Badge for Bookbinding, a Scout must: 1. Rebind in boards with leather or cloth some rare old book or a volume of a magazine. 2. Make a scrap-book bound in boards and cover with leather or cloth.

All Scouts in Greenville are urged and expected to assemble in front of the High School building at 3:30 Wednesday afternoon, November 9, in uniform prepared to march with the high school band to the river bank for the commissioning of the Sea Scout Ship William Pitt. The Scouts in the other schools and towns of Pitt county are invited to attend the celebration also.

as Charlie Chan before Toler. It just happened that Sol Wurtzel saw him at the right moment. So it develops that a Scot will take up where a Swede left off—in playing a Chinese.

The searchlight still plays on, however. It has found a Chan, but what about a Tarzan junior? Metro wants a 5-year-old who can swing from trees, rattle animals, swim and cut up like his screen daddy Johnny Weissmuller.

The same studio covered every state and many foreign countries in its search for Beauty. A dozen movie recruits came to Hollywood as certified Beauties. Today only one, Colin Tapley, is left at Paramount. Another, going over to Warner Bros., became a star, Ann Sheridan.

Jon Hall in "The Hurricane" was the result of an informal though wide search. Another search product is attracting attention during shooting of "The Pure in Mind" at RKO. He's Roger Daniel, an orphan boy from nearby Glendale. This is his first big role. In the same picture is Anne Shirley, who was the answer to prayers for an "Anne of Green Gables."

Colored News Farmers Club Holds Meeting The Farmers Club of Simpson held its regular meeting November 4th at 3:30 o'clock. This club is much alive, and is doing fine work. The progress in this club for the year is splendid.

Scouts passing tests in first class rank were: Billy Lee, 7 tests; John Saiced, all 12 of first class; Louis Dupree, 5 tests; John Spearman, 6 tests; Hugh C. Edwards, 8 tests; Billy Tucker, 6 tests; Cecil Crawford, 5 tests; Percy Wells, 5 tests; Milton Beland (all twelve of first class); Warren Picklen, 6 tests.

Scouts passing Merit Badges were: James Worsley, 11; James Register; John Wooten, 6; John Saiced, 4; Heber Adams, 6; Leon Smith 3; G. A. Taylor, 4; Edgar Denton, 4; Bernice Jenkins, one; Sidney Dunn, three.

James Worsley and James Register have completed the requirements for Life Scout Rank and their next step will be Eagle. Troop 30 had eight Scouts at the Board, Troop 33 had eight and Troop 36 had nine. If you were not at this Board, we will be looking for you at the next one, the first Monday in December.

Hollywood Sights And Sounds By Robbin Coons. Hollywood—Hollywood never turns its searchlight off. You can count on it. Year in, year out, the town is searching. It wouldn't be Hollywood without a search. Latest face the light shone on, with triumph, was Sidney Toler. Why they had to search for Toler who's been around nearly 10 years making movies, is inexplicable, except in Hollywood. They had tested 34 actors to replace Warner Oland

make feeding places safe from waste of feed. Hog killing time will soon be here, push fall pigs. Just as soon as the garden freezes, cover the ground with an application of well rotted manure. The manure will prevent the land from washing, and improve the fertility when plowed under next spring.

Watch the match that is so carelessly thrown after lighting cigarettes, forest fires will do plenty of damage to undergrowth in the woods at this dry time. The Jones 4-H Club had tree planting during their meeting last Thursday. They also discussed table manners.

HOW DEEP-ROOTED IS OUR PATRIOTISM?

Last night in the local picture theatre the showing of one of the films was concluded with the singing of "The Star Spangled Banner" and the great majority of the audience stood as a mark of respect for the national air outwardly showing their patriotism. Today we wonder just how many of these people took the trouble to go to the polls and vote their convictions in the election of officials to help operate this same government of which they are so proud. How many of them, in the primaries that preceded today's elections, gave sincere thought and study to the caliber of the men who sought places on today's ticket and then voted their convictions in order that the best possible men might be selected to represent us in the various branches of government, local, state and national? How many of these same people have given thought and study to the principles upon which our government is founded and have urged representatives and Senators to see to it at all times that we continue to operate our government on the solid foundation of democracy, keeping out the various isms that have brought grief to other nations? How many of these same people will, during the next two years between today's election and the 1940 elections, keep tab on the actions of our representatives in Washington and urge them to stand by the Constitution upon which our forefathers founded this greatest of all nations? These are questions that we would like to bring to the attention not only of those who gave an outward display of their patriotism at the picture show last night, but to all our citizens.

We are not criticizing those who gladly stand when the national air is played or who reverently uncover their heads when our flag passes in review. We agree with this show of patriotism and are glad to see our people openly show that they are proud of their country but we do feel that after all, patriotism should include a manifestation of deep interest in the affairs of all branches of our government at all times.

When we leave our elections to the manipulation of the politicians, permitting them to fill the public offices with "Yes Men" to be controlled by politicians, our outward display of patriotism to our flag and national anthem is nothing more than a mockery.

SHORT SHOTS

By HENRY AVERILL

Raleigh, Nov. 8.—Our "So What?" Department.—In 1937, according to Automobile Facts and Figures, there were 42,677,948 motor vehicles in the world, of which 525,330 were registered in North Carolina. The United States accounted for a total of 29,705,220 against a mere 12,972,728 for all the world outside the United States. North Carolina had one car to every six people, the United States one to every four inhabitants, the world outside the United States one to every 149 and the entire world one to every 48.

Two North Carolina, two Tennessee and one Virginia concerns had their right to sell feeds in North Carolina cancelled by the state Department of Agriculture last month for one reason or another. The firms, with reason for cancellation, were: Barrow-Scott Milling Company, Bristol, Tenn., Rich Cream Feed, approximately 20 per cent corn bran present though not declared. Third time feed reported to contain bran though not declared.

Interstate Milling Co., Charlotte, Hog and Cow All Grain Feed, Protein guarantee of 13 per cent is below standard for either hog or cow feed. Source of screenings not given. It is not an all grain feed as branded but a grain by-product feed.

Moore Milling Co., Selma, Va., Moore's Dairy Mixture, Wheat middlings and corn bran present though not declared. Does not meet the standards of a dairy feed.

Mountain City Mills, Chattanooga, Tenn., Blue Cow Fine Feed. Fat deficient, does not meet standard for cow feed.

George F. Pope Flour Mills, Dunn Mill Feed, Fat deficient.

Giving the gubernatorial blessing to observance of Education Week, November 6 to 12, Governor Clyde R. Hoey urged a better knowledge of our schools, colleges and institutions of learning. He said:

"During this week it will be helpful if every citizen will use the occasion to know more about our schools, colleges and institutions of learning. We need to become educationally minded and thoroughly conscious of our need. We dare not deny to our children the full opportunity of an education.

"Adult education should not be neglected. Fine results have been already achieved and there should be a determined effort to banish illiteracy from our state. North Carolina has made distinct progress in education and there must be no backward step."

Election tip, absolutely unguaranteed.—The closest North Carolina Congressional race today will not be in the Eighth, but in the Tenth District, where Republican Frank A. Patton has waged an aggressive and withal able campaign against Major A. L. Bulwinkle, Gaston's veteran Congressman.

Another election tip—this one backed by a general warranty of accuracy.—There will still be three candidates for Speaker of the 1939 House after today's voting.

Two of the trio (Libby Ward of Craven and Bill Fenner of Nash) have no opposition at all, while Durham's Victor Bryant hasn't anything to worry about although the G. O. P. has a ticket in the field.

And it's still Eskins Smith for president pro tem of the 1939 State Senate, in case you've forgotten our previous tip on the subject.

Washington Daybook

By Preston Green

Washington—Anyone hopeful (or fearful) that tipping would be needed by the wage-hour act can abandon the idea. The act doesn't seem to reach into the zone of the tip-gathering help unless a person spends his time mostly riding on trains or getting on and off them.

The act doesn't apply to employees working for outfits "the greater part of whose selling or servicing is in interstate commerce." That exempts bell boys in hotels, elevator operators, waiters in cafes and even hat check girls. At the time we are writing this the case hasn't been decided as to whether messenger boys are in interstate commerce enough to come under the act. But we asked one of Western Union's brightest and best and he said his tips didn't amount to more than a dollar a month. That is a fairly small rate of tipping.

About Porters, Redcaps The ones who do come under the act are pullman porters, dining car waiters and redcaps in railroad stations. At least the wage-hour administration is working on this basis and seems to have the railroads agreeing to that much. Waiters and pullman porters serving pillows and pork chops between Paducah and Chicago obviously are in interstate commerce.

As to redcaps, they probably never cross a state line unless it runs through the railroad station. Nor do they manufacture stuff for commerce, but the wage-hour administration has found they are a part of the business of getting people and their bags along the channels of trade.

The only matter left in doubt at this point is just how to determine the wages of these people. The railroads and station operators have suggested that if a redcap or waiter collects \$11 a week in tips, he is already getting 25 cents an hour from a 44-hour week as prescribed by the act. The wage-hour administration has not (at this point) accepted that idea. We keep saying "at this point"

Knows How To Duck

Someone told Administrator Elmer Andrews that a Washington attorney was promoting himself as "evasion counsel" to help employers duck the wage-hour act. Andrews quipped back: "Guess we'll have to hire him. We could use him at press conferences."

The measure does seem to reach into queer places, some that Congress probably never thought about. Take the case of a watchman at a small West Virginia factory. He wrote into Andrews to explain how the act cost him his job. He was getting \$15 a week and a bed in the factory on condition that he would do the night watching seven nights a week. That meant his pay was far less than 25 cents an hour and for more than 44 hours a week. His boss offered to make his pay "officially" enough to meet the requirements but privately he would have to kick back part of it.

Just how that arrangement would have worked out was never determined because a competitor came along and offered to do the watching just for use of the bed.

Ernest Whitchard and wife, Mrs. Ernest Whitchard, et al.

By virtue and in pursuance of a decree of the Superior Court made in the above entitled cause on October 17, 1938, the undersigned, a Commissioner appointed for the purposes therein expressed (it being

a suit to foreclose the lien on the hereinafter described lands held by the plaintiff for the non-payment of taxes) will expose for sale to the highest bidder for cash, at public auction, on Monday, the 21st day of November, 1938 at the Court House door in the City of Greenville, North Carolina, at 12 o'clock M., the following lots of land situated in the County of Pitt and State of North Carolina, described as follows:

One vacant lot situated in Cherry View and being Lot No. 10 in Block C thereof. See Deed Book G-16, page 468 for fuller description.

This 20th day of Oct., 1938. F. C. HORTHING, Commissioner. Oct. 25-Nov. 1-8-15.

NOTICE OF COMMISSIONER'S SALE

Under and by virtue of the power and authority vested in the undersigned Commissioner by orders entered by the Clerk of the Superior Court of Pitt County in a Special Proceeding No. 3764, entitled Walter Vines, et als, vs. Sarah Vines, the undersigned Commissioner will, on Monday, November 14th, 1938 at the Courthouse door in Greenville, N. C., at 12:00 Noon, offer for sale and sell to the highest bidder, for cash, the following described lands, to-wit:

One lot of land lying and being in the City of Greenville and being more particularly described as follows: Beginning at a point at the lane, the western line of Joseph Harrington's lot, the dividing corner between lots of Estelle Walker and Joseph Harrington, and running northwardly, parallel with Clark Street, 47 feet to the J. J. Forbes line; thence eastwardly with said Forbes line, 64 feet to a stake; thence southwardly, parallel with Clark Street, 47 feet to Estelle Walker's

# HIGHS TO MEET WAYNE TEAM

## Phantoms Busy At Work Following Tie With Ayden

After being held to a surprising 6-6 deadlock by an underdog eleven from Ayden last Friday, the G. H. S. Phantoms have settled down to hard work in preparation for their next tilt. On Friday of this week the Greensies will journey to Goldsboro to lock horns with the strong eleven of Goldsboro high school. Entering the contest as the definite underdog.

The Phantoms will be out to avenge last year's stinging 28-0 defeat at the hands of the Purple Hurricane on the G-Men's own stamping ground. Goldsboro has a powerful team again this year, having held the Rocky Mount class A team to a 14-0 score and held them scoreless the first half. The Goldsboro forward wall resembles closely a stone wall and the Green Phantoms will probably have to resort to the air in order to make substantial gains. The Hurricanes also have a deceptive offense which will be hard to halt by the locals. Goldsboro runs many plays from punt formation, including a bit of maze-doodle in the form of a triple reverse.

Coaches Farley and Pullerson have been drilling the team on pass defense and also teaching them new plays. Farley has taught the team a brand new huddle system without the huddle. Instead of going into a huddle the teams line up in their starting positions. Then the quarterback calls out a number of signals from which the team derives the play. This new system will save time and also eliminate arguing in the huddle.

Yesterday and today the Phantoms held scrimmages in order to improve both their defensive and offensive play. Co-Captain Tucker Bogerson, Hardy, Kittrell, Williams and Vincent have been showing up best in the line. Co-Captain Edgar Gibson had to miss practice yesterday because of a foot ailment. He will be back in uniform in a few days.

Paul Scott, a first year man, by his aggressive play has been hard to block out of a play and he threatens to relieve one of the first string guards of his duty. McGowan, J. B. Kittrell, Sakas and Webb have led the backfield in scrimmages and have offered good running and blocking.

Allen Taylor, also a newcomer to the squad this year, has been

showing up good in scrimmages and will probably see more action in the future at the fullback post.

The Greensies have been beaten only once this year. This defeat came via Roanoke Rapids by the close score of 6-0. However, the locals have been tied twice by teams whom they should have conquered. Rich Square and Ayden tied the G-Men 0-0 and 6-6 respectively.

### CAT EXPANDS LITTER

San Angelo, Tex. (AP)—Felix Peller is wondering if the "ready-made" family his cat has adopted will be able to look a bulldog in the eye when its members grow up. The cat returned recently from a stroll in a nearby pasture with a small cottontail in its mouth and deposited it with her newly-born kittens. Other trips to the pasture brought other baby rabbits that have become members of the cat's family.

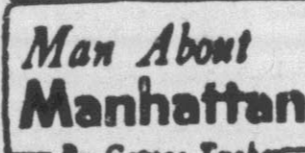

## NEGRO ELEVEN GOING PLACES

### Industrial High Blue Devils to Play New Bern Team

"The G. I. H. S. Blue Devils" are going places. They defeated the Spring Hope "Bull Dogs", 18-0, which was a very stubborn team. But that did not mean a thing. The first touchdown was made by a 35 yard run by Sam Payton, and a long pass from the captain, Percy Daniels. The other touchdowns were

made by line bucks carried over by George Maye.

The Blue Devils have won three games, tied one, and lost two. That shows that they are very strong this year. They are to play the New Bern Bears Friday here. This game will be the Blue Devils' homecoming game. Come out and see them go to town.

New York—For the life of me I can not understand why Sinclair Lewis wants to be an actor. He is rich. He is famous. He is a Nobel prize winner. The libraries of the world are littered with his novels, most of which are excellent, one of

which comes close to greatness.

But now he wants to put on paint and stand behind footlights and essay a chore in which he can hardly be more than mediocre. The woods are full of actors these days, good actors, capable actors. But most of them were born actors and couldn't be anything else if they tried. Sinclair Lewis now wants to move into this world. He thinks he knows a lot about the theater, about acting, but he doesn't. He will find this out in due time.

This acting bug got to him about five years ago, and he has been making eyes at the theater ever since. Perhaps that is why his last novel, "The Prodigal Parents," was disappointing and a complete about-face from anything he had previously done. As far as the stage goes Lewis' only play until a year or so ago was "Jayhawker" which he co-

authored and in which Fred Stone starred.

Then he wrote "It Can't Happen Here," and assisted in its dramatization. The PWA federal theatre put it on and it received fair notices.

This summer Mr. Lewis turned actor with relish and appeared in two Summer theater presentations of "It Can't Happen Here." This was in New England and the critics were inclined to be lenient. They are sometimes over-tolerant in the summer theaters. They become assassins when you get on Broadway.

With the laurels of his red barn experiences behind him Mr. Lewis is back in New York and now comes the announcement that he is turning actor for fair and will star in a new play written by himself. It will probably be in rehearsals soon and with him will be Fay Wray, and also, Diana Barrymore, John Barrymore's 17-year-old daughter who will be making a debut.

The new Lewis play is called "Angela Is Twenty-two," and it has to do with a doctor who falls in love with one of his patients. The tall, angular Mr. Lewis, who likes to be called Red, explains that the play is "a love story which is a pentagon rather than a triangle." It takes place in a fair-sized American city whose geography is uncertain.

No doubt Sinclair Lewis has been greatly influenced by the success his novels have had as dramatizations. There was "Dodsworth" which starred Walter Huston, and "Main Street," and also "Elmer Gantry." Mr. Lewis is a fine writer and an after dinner speaker of drawing eloquence. He is a man of temperament and occasionally indulges in face slappings. He is married to the talented Dorothy Thompson, political columnist and lecturer. He lives in a beautiful home in Bronxville and seems to have a grand time tinkering around the place.

But I think the creases are going to be out of his pants when he faces a debut audience on Broadway. The first nighters may have on dancing pumps, but the critics will be wearing boots with big hobnails.

### NOTICE OF TRUSTEE'S SALE OF FARM LAND

Under and by virtue of the power of sale contained in that certain deed of trust executed on the first of April, 1927, by R. P. Singleton and wife, Addie G. Singleton, to the Raleigh Savings Bank and Trust Company, trustee, which appears of record in Book P-16 at page 435 in the office of the Register of Deeds of Pitt County (The Raleigh Savings Bank and Trust Company having been removed and R. B. Lee having been substituted as trustee) and de-

fault having been made in the payment of the debt thereby secured and the owner of the note having called upon said substituted trustee to foreclose said deed of trust, the undersigned substituted trustee will on Monday, the

5th day of December, 1938 at 12 o'clock, M before the courthouse door in Pitt County, North Carolina, offer for sale and sell to the highest bidder for cash, the following described real property, to-wit:

All that certain piece, parcel or tract of land containing 25.2 acres, more or less, lying and being on the old Washington and Greenville Road in Carolina Township, Pitt County, State of North Carolina, and having the exact courses and distances set forth in a plat of survey made by W. C. Dresbach, Surveyor, in February, 1927, and which plot is on file with the Atlantic Joint Stock Land Bank of Raleigh, the said tract of land being about two and one-half miles southeast from Stokes and about one mile East of Whichards on the Atlantic Coast Line Railroad, being bounded on the North by John Robinson, on the West by W. B. (or Bracy) Roebuck, on the South by J. R. Barnhill, on the East by D. S. Rollins, and being a part of what is known as the old James W. Rollins homestead which was conveyed to Marina Rollins and deeded by her to D. S. Rollins, and embraced in the deeds to R. P. Singleton, Book R-10, page 538, August 1914, S-12, page 64, January, 1919, Pitt County Register of Deeds, to which reference is hereby made. This the 4th day of Nov., 1938. R. B. LEE, Substituted Trustee.

**AUDIT SHOWS COUNTY** TO BE IN GOOD SHAPE

(Continued from Page One) In the above statement represents that amount of revenue in excess of expense and shows that due consideration was given to the matter of providing for adequate revenue as at the beginning of the year. The differences show are hardly more than normal variations and as such furnish a basis for future planning and adjustment in subsequent budgets.

The revenue provided for the Debt Service Fund was more than adequate to meet the requirements for the year. In this fund the large variations in the size of bond maturities from year to year make necessary an average yearly tax rate and with an adequate rate such as is in effect in the County, variations in yearly differences between revenue and expense have little or no meaning or nearly result.

The expenses incurred during the year in excess of \$4,293.19 over appropriations for the General Fund resulted from costs of litigation not provided for in the original estimates. This excess of expense as compared to the appropriations was more than offset, however, by the total revenue provided in excess of actual expenses.

The budgeted appropriations for disbursements as a whole were well complied with, otherwise the improved cash position would not have resulted as explained in above paragraphs.

**General** In our opinion the financial affairs of the County, in all major particulars, were ably administered during the year under audit. The preparation of the annual budget showed improvements in many essential particulars, especially so in the scientifically calculated and averaged tax rate necessary to meet the requirements of the Debt Service and Sinking Funds for bond and bond interest retirements. In matters of this kind the interests of the taxpayers are being well cared for.

The scope of the audit and detailed statements of the cash, revenue and expense, and the budget position transactions are fully and completely shown in our report of audit for the year ended June 30, 1938, bearing even date herewith.

Respectfully submitted,

# LEAGUE PLANS STRONG LOBBY

## Muni Group Prepares Put Pressure On Legislature

Reflector Bureau. Raleigh, Nov. 8.—North Carolina's League of Municipalities is preparing to do as intensive a bit of lobbying in the 1939 General Assembly as has ever been done in the Tar Heel State.

That the League has every intention to put all possible pressure on legislators come next January is amply attested by the series of meetings being held all over the state to “study” the league's legislative program.

Every municipal official who has kept in touch with the League and its doing already knows what the chief “studying” that is to be done will be studying of ways and means to reach and hold the various legislators.

Wilmington's J. E. L. Wade, president, explains the purpose of the series of meetings as follows:

“We feel that if the League's municipal Legislative program for the coming session is to be a success, it is absolutely necessary that each municipal official is thoroughly familiar with the program and approves of the program.”

“This session will be most important to municipalities because of such important questions as nonestead exemptions, home rule, uniform tax collection law, sharing highway funds and other vital matters.”

Meetings have already been held at Lumberton, Sanford, Wadesboro and Weldon.

Others are set for Wilmington on Nov. 9, 10 a.m.; Morehead City, Nov. 9, 2:30 p.m.; Washington and Eden, Nov. 10, Oxford, Nov. 11; Winston-Salem, Nov. 14; North Wilkesboro and Mooresville, Nov. 15; Shelby and Spruce Pine, Nov. 16; Waynesville and Franklin, Nov. 17; Burlington, Nov. 22; and Goldsboro, Nov. 22.

# ANTI-CONTROL STARTS FIGHT

## Names Called in Letter Asking for New Members

Reflector Bureau. Raleigh, Nov. 8.—Proof that the crop control referendum of December are going to be preceded by a rip-roaring old time battle is furnished in an appeal for members—and dues—by the North Carolina Anti-Compulsory Crop Control Association, made in a printed letter distributed to all who attended the Eugene Talmadge speech here Saturday.

The Anti-Controller “Director of Finance,” one C. N. Castleberry goes in for a bit of plain and fancy name calling as he brands the Department of Agriculture and other officials who administer the law as “Swivel-chair leeches.”

A typical paragraph reads: “To the Red-blooded Farmers of North Carolina: I appeal to you to join our association and help us fight this unjust law and kick out the Swivel chair leeches who do not know any more about farming than they do about the geography of New Jerusalem.”

And again: “The so-called administrative crowd composed of those that fly over our homes, pretend to measure out land from the air, the bossy committees, and those who have big electric fans, sit in swivel chairs and write us to come into their offices to take orders from men who would starve before they would plough a mule, received \$33,523,496, or \$11,906,643 more than the farmers received.”

“The membership fee in our association is \$1 and we need all the farmers in North Carolina who had rather farm than be farmed by their kind of crop control and the wild and reckless expenditure of the tax payers' money.”

Executive committee of the association is: H. I. Ogburn, chairman, J. A. Dunn, secretary; H. H. Underwood, treasurer; Dr. J. M. Judd, S. H. Hobbs, Sr. and T. F. Hicks.

Durham and Chapel Hill, some alterations of ballots was noted.

With Democratic nominations usually tantamount to election, a Senator, 11 Congressmen and some 500 state and local officers were being chosen.

# Demonstration Of New Work Planned

All citizens who are interested in understanding the new experimental work being tried out in certain high schools, among them the local one, will have an opportunity tomorrow night, Wednesday, to hear one of the leaders in the movement explain its purpose and methods, when Miss Mildred English, talks in the parlors of Ragsdale Hall at 7:30. She will speak under the auspices of the A. A. U. W., but the public is cordially invited to hear her.

Miss English, formerly of Raleigh is at present special field worker for the Southern Association of Secondary schools and colleges in its experimental work in certain high schools selected by the Association from eleven states. Three of these high schools are in North Carolina, one in Greenville, one in Goldsboro, and one in Asheville.

Miss English was asked to take part in the work because of special fitness for it and, so that she could accept, was given a six-months leave of absence from her position as Director of the Training school of the State College for Women at Milledgeville, Ga. She is in Greenville now to visit the local high school and confer with teachers and students there.

# TO DECIDE ON AMENDMENTS

## Two Changes in Constitution Being Voted on Today

Reflector Bureau. Raleigh, Nov. 8.—Two Constitutional amendments were being voted upon by North Carolina voters who went to the polls in today's election.

One, increasing sheriffs and coroners term of office to four years, has received the benefit of an intensive campaign in its behalf.

The other, authorizing establishment of a State Department of Justice, has hardly been mentioned and there is no apparent interest in it one way or the other.

Six years ago the sheriffs amendment was badly beaten at the polls by a margin of some 87,000 votes and with only 17 counties giving it a majority vote.

State Senator John D. Larkins, of Jones county, who has managed the campaign for the amendment expresses the utmost confidence that it will be approved by the voters this time. He points to the fact that Governor Clyde R. Hoey and practically all the big wigs of the state Administration have actively and openly declared for the amendment.

He contends, too that the Republicans of the state will support it in just about the same proportion as the Democrats. He stresses the fact that it has been a non-partisan matter all the way through.

“The amendment will pass this time by at least the majority by which it was defeated in 1932” he predicted on election eve. “And I do not think that more than 17 counties will give majorities against it, if that many do.”

As for the Justice Department

# POLICE SEEK MINISTER, GIRL

Sought by New York State police are the Rev. Leonard C. Richmond (left), pastor of an Evangelist church at Union Center, N. Y., and Miss Martha Ay Avery (right), 26-year-old church choir singer. Police said the girl left a note saying she was “leaving with Mr. Richmond.”

amendment no one could be found who was interested enough to make even a mild guess as to its fate. Not so long ago a Justice Department committee reported that practically all the beneficial effects can be attained without change in the organic law.

## 300—EGG CHICKENS ARE HARD TO FIND

St. Paul, (AP)—Poultry breeders searching in vain for a 300-egg strain of chickens have been told by a University Farm extension specialist that even the best breeding flocks are not speedily reaching that goal.

Even if such a strain existed

## County - City Differences Attract Much Attention

Reflector Bureau. Raleigh, Nov. 8.—Ordinary differences between the County of Warren and the Town of Warrenton are viewed by other sections of the state with a calm detachment amounting practically to boredom, but there's a war on between the two governmenta units at the present writing which is being viewed with great apprehension by every municipality in North Carolina.

It all started about a year ago when the County of Warren took a notion into its official head to slap a property tax on the Hotel Warren, a \$100,000 structure owned in fee simple by the municipality which operates the hotel and uses the receipts in the general fund.

Amazed at the county's temerity, the Warren town fathers looked around to find a way to return tit for tat. Their eyes fell on the county ABC liquor store and forthwith and immediately a town tax was assessed against it.

Maybe because it got more out of the hotel tax than the town collected from the liquor store levy, the county seemed satisfied to let things run with everybody taxing

everything, but not so the town.

Into court the Warrenton folks went with the contention that the county had no authority to tax the hotel. Their plea fell on the very deaf ears, figuratively speaking, of Judge R. Hunt Parker who held that the county was within its rights.

Now the matter is on its way to the Supreme court where there will be great disputing and presentation of precedents—among them the case of Benson vs. Johnston county which held that counties can't municipal property. In rebuttal there will be argued the decision in Hobbs vs. Weaverville, decided more recently, in which it was held that property owned by an agency of the state cannot be taxed.
