

[15] **CL SENDAI CLASS**

A SENDAI Class light cruiser. Note the prominent shadows cast by the four stacks and the bridge. These ships can be easily mistaken for the three stack NATORI or KUMA Class light cruisers.

CL NATORI CLASS

Two oblique shots of a NATORI Class light cruiser. The three stacks are easily discernible as is the catapult abaft the 3d Stack. Compare with TENRYU Class on opposite page and with SENDAI and KUMA Classes.
