

ONI 54-CV • RESTRICTED

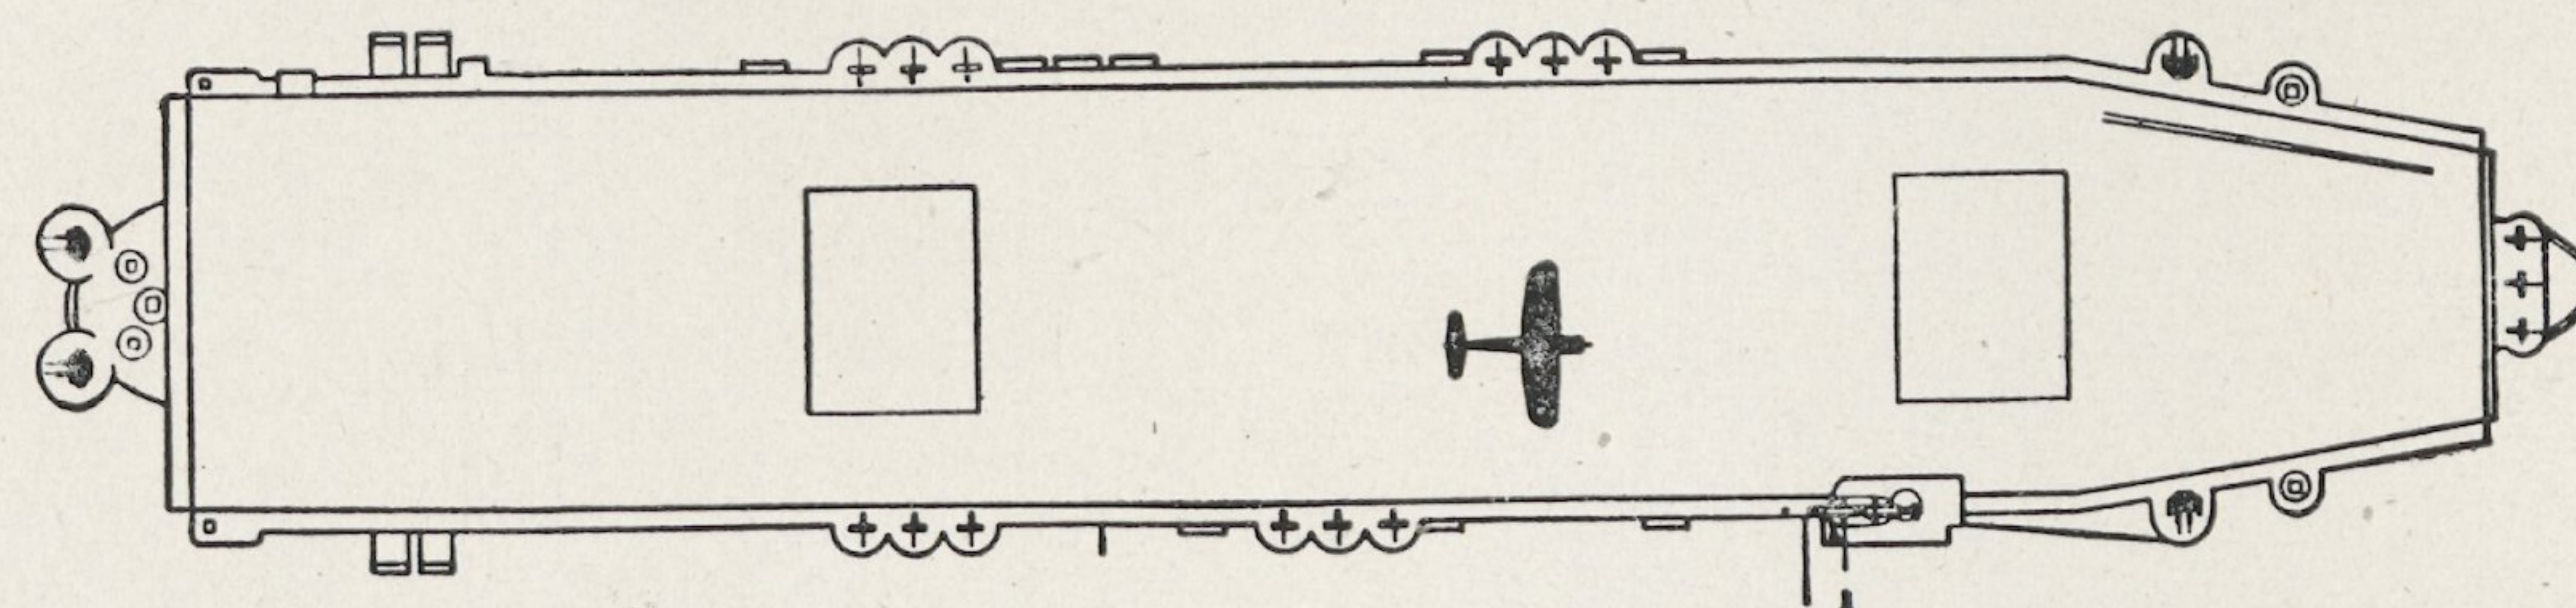

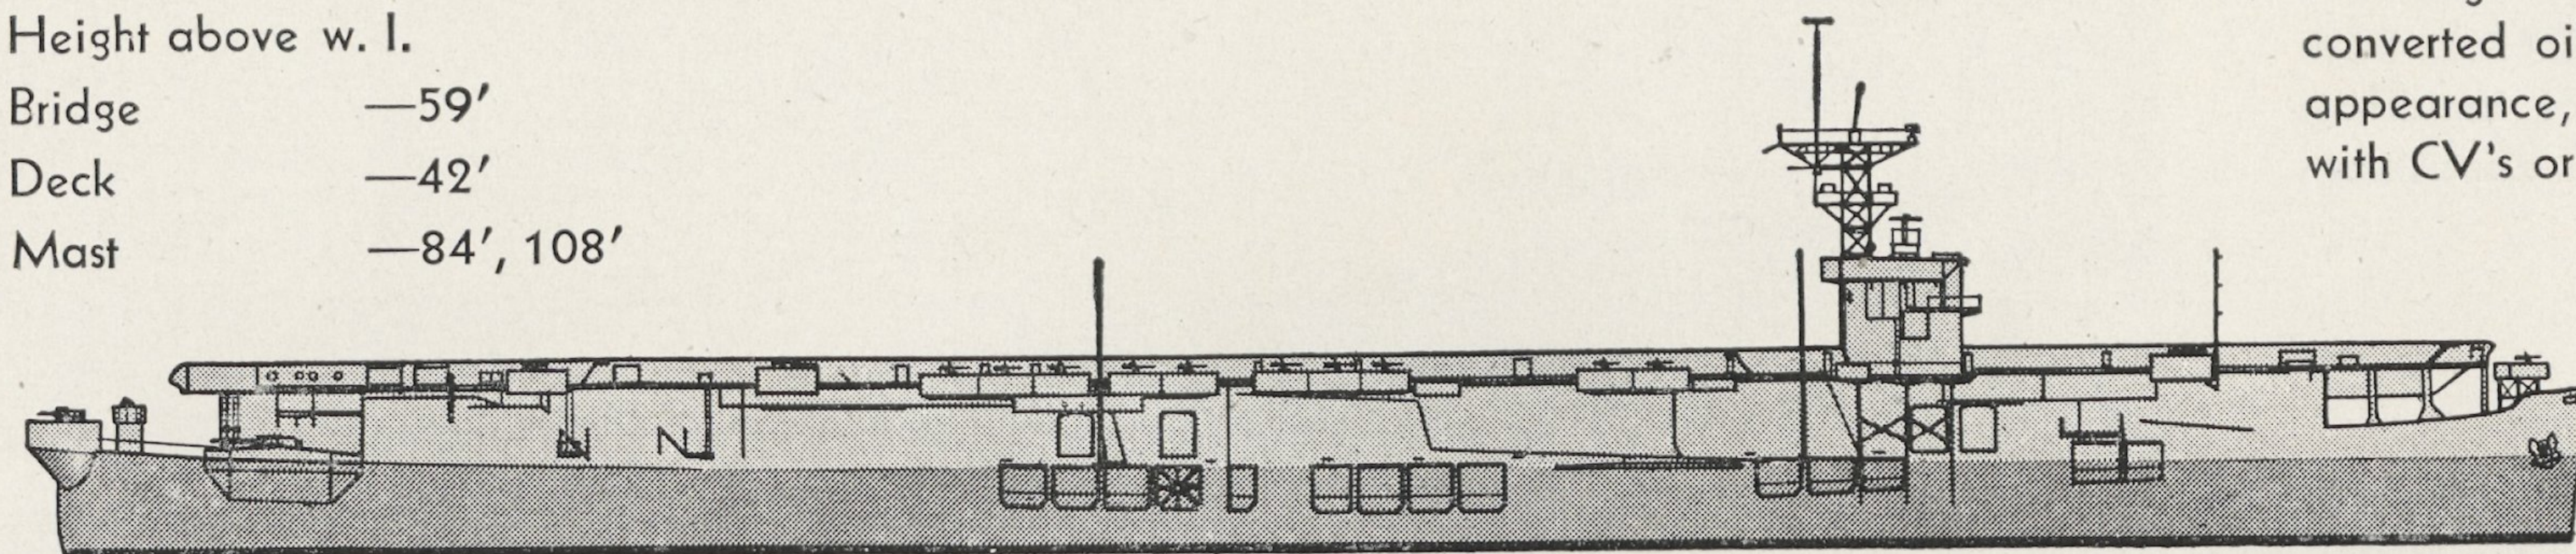

Division of Naval Intelligence—Identification and Characteristics Section, 11-43

Height above w. l.

Bridge —59'

Deck —42'

Mast —84', 108'

Length o. a.—553'

9-19-42

▼ SANTEE 10-12-43

SANGAMON Class—CVE

The largest type of CVE, these ships are converted oilers. Due to their elongated appearance, they may easily be confused with CV's or CVL's.

Observer's Note:

- Hull enclosed to flight deck, with numerous rectangular openings in freeboard.
- Standard CVE box bridge and trestle mast.
