

[168]

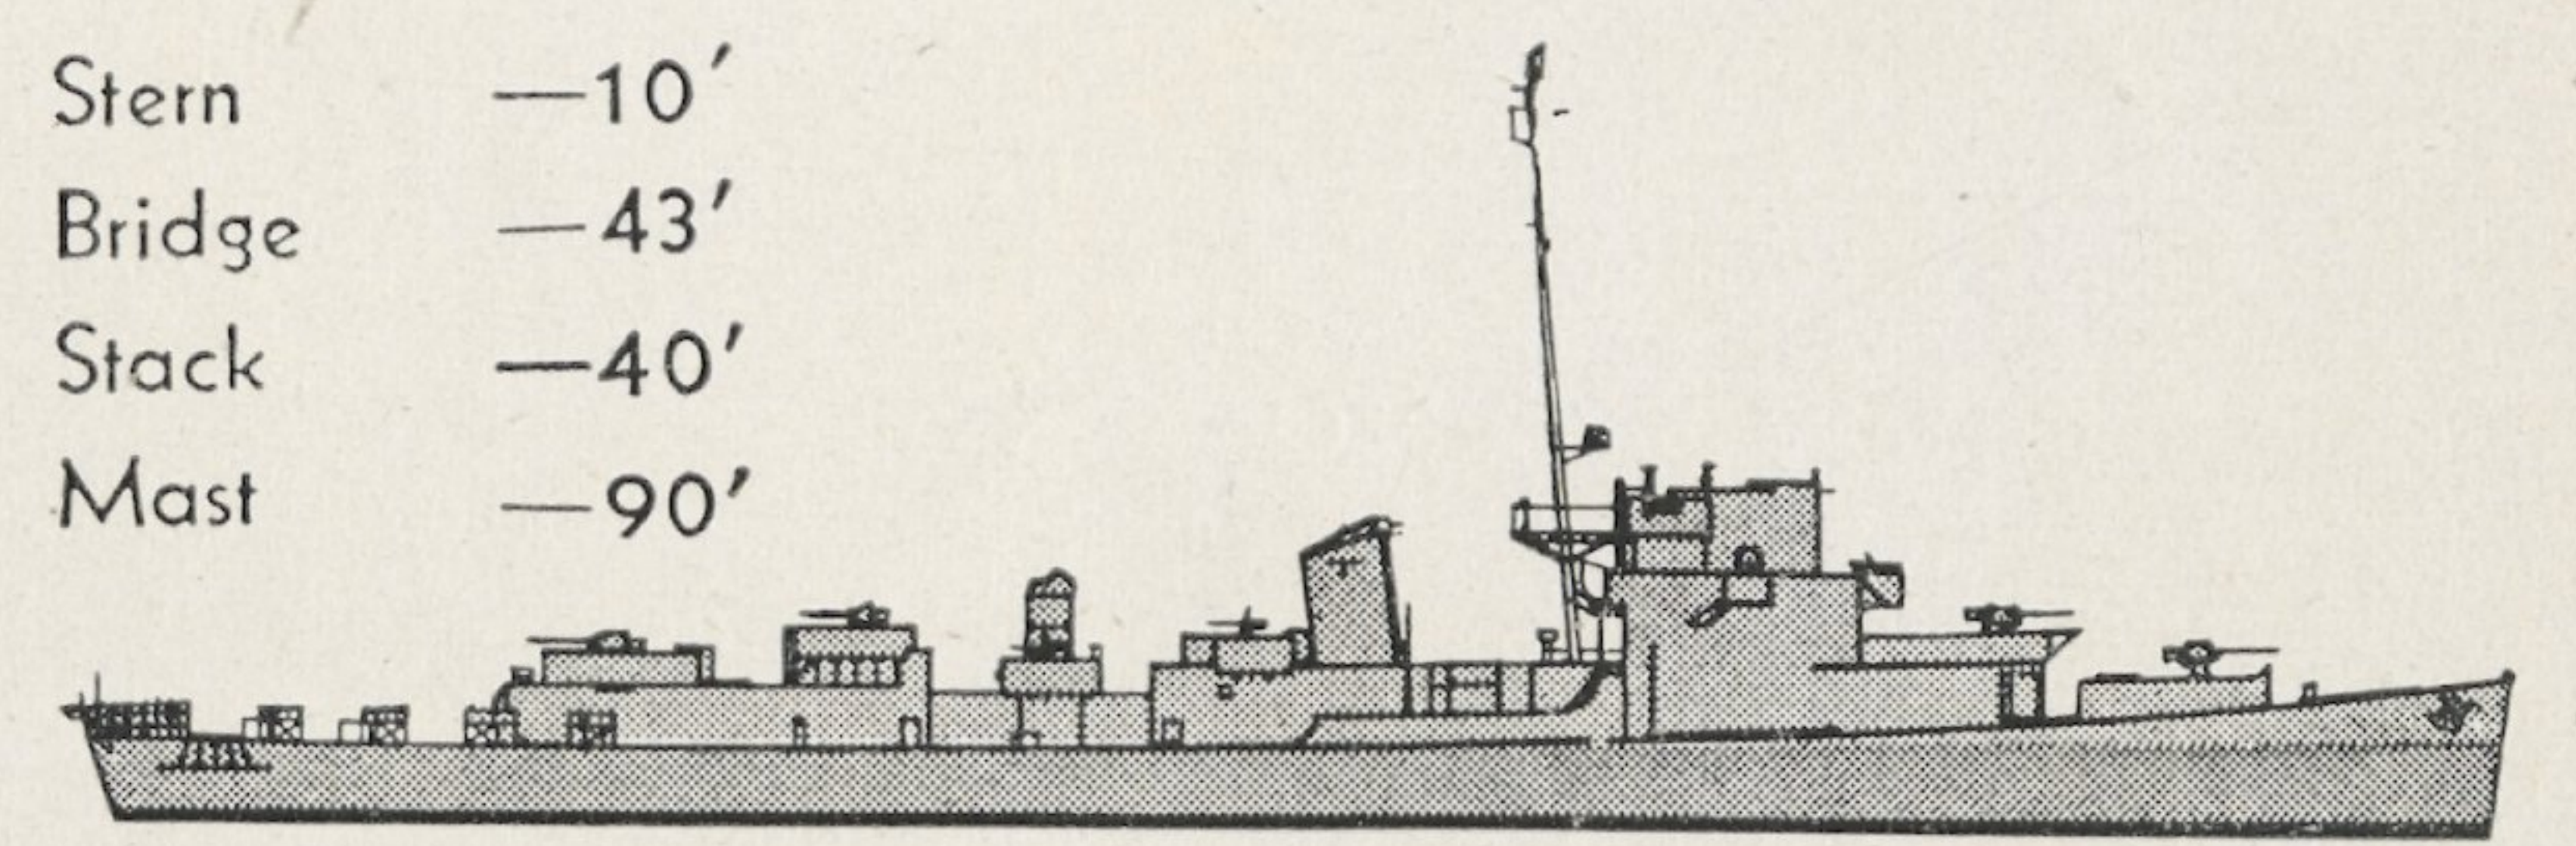

ONI 54-MC • RESTRICTED 11/43

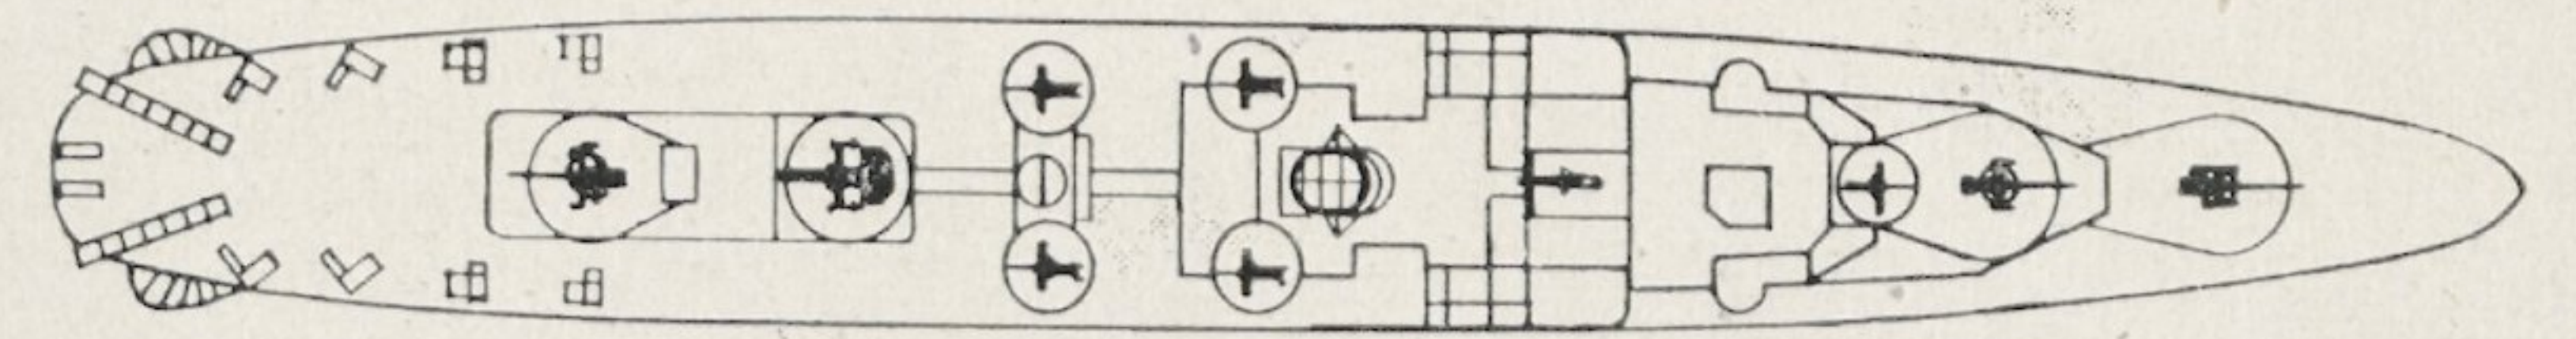

EVARTS Class—DE

Division of Naval Intelligence—Identification and Characteristics Section

- Bow —18'
- Stern —10'
- Bridge —43'
- Stack —40'
- Mast —90'

Length o. a.—289'

Built for the British as frigates (Captain Class)—some units have been retained by our Navy. As in the long-hull type, power is either steam or diesel.

Observer's Notes:

- Flush hull, continuous deckhouse, short raked stack, pole mast.
- Absence of torpedo armament differentiates this from BUCKLEY Class.
