# **AT • ARS • ASR**

New construction in the minor ship classifications is represented by the vessels shown here; steel-hulled craft designed and built by the Navy. These include AT—Ocean-going tug; ARS—Salvage Vessels; and ASR—Submarine Rescue Vessels.

The new type of 1,600 ton ARS, exemplified by ARS—34 GEAR. Wooden-hull sisterships are lend-leased. ▼

▲ ASR 9—FLORICAN.

▲ The new 1,500 ton Fleet Tug design—NAVAJO Class.

▼ One unit serves as an ASR. Latest units have no stack. ▼ CREE shows original design.

▼ A unit of the new 2,000-ton ASR CHANTICLEER Class.
