

[BEFORE 1840]

My dear Sister
You said it was so uncertain about my answering
your letter that you would write to Brother Jonas
I am sorry that he is so much indisposed this evening
that he cannot write however I will say a word or
two about Cousin Williams wedding you and Eliza
Evans are to await on them and I hope you will
do your prettiest. The girls will stay with you as
they are going up. I trust I hope you & Kearney will
have no objection to going up in the carriage with
Brother Dick & I wish you both to come down with
him and stay until I go up the first of June
Mar will give you all the news. I have been
quite happy but this morning I begin ^{to feel} a little full
about eyes. Tell Lucy I wrote a letter to her last week
but Brother Dick concluded not to go until the
wedding therefore I shall not send it. Give my love
to her. Brother & Kearney kiss little Byron for me
Give my love to all white & black.

Your loving Sister
