

Mr Carr, on the other side we send
you your Bill of last year, which
you will find a small amt due us,
and not having a chance of seeing
you, we send the statement of
the acct. You will see that we
put all the Foundry work at old
prices, according to contract, at
the first of the year, & if
convenient, you can send us
the amt, as we are short of
funds about this time.

I remain yours
Very Respectfully
John Collins, Jr.
