

[From BATHBORO, N.C.]

Jan. 30th 1864

Dear Sir

Dear Sir. Early ⁱⁿ ~~last~~ ¹⁸⁶⁵ year some Confederate Soldiers Came to my house to pack fodder. One of them by the name of Jones, whose Residence was in some of the North East Counties of N.C. had with him a small puppy. I wanted his puppy; and he wanted ~~one~~ of my pigs to send him to improve his stock of hogs. we made a swap. he said he got the puppy from you, it was called Fearless. This was the most watchful little dog I ever had. would bite every negro that came about my house, and dirty looking white people too; but was fond of all well dressed whites. never showing any disposition to bite them. he showed no disposition to have any association with negroes, would not go to one of their houses in the yard or even to the kitchen to pick up scraps thrown out. it appears he had an instinct that he was at enmity with the negro race and would not make himself among them. he was my daily companion and while following me along the road he would try to bite every negro he met with but would obey my orders to desist. These acts soon gave him a wide unpopular notoriety, among the darkies, and I have no doubt a determination to kill him on first opportunity. Unfortunately for my little dog a Slut of one of my neighbours got on heat, and like many other wild gentlemen he followed her into bad company, he was absent these days, and finally

Came, creeping and hobbling home with a wound on the side
like one inflicted by an Axe or some other sharp instrument
and died with it in two or three days. I offered a reward
of ten Dollars to any one who would let me know the perpetrator
of this outrage on my little dog, with a full determination to give
him a good whipping whether black or white regardless of consequence -

But I will to the point - have you this slut now, the mother
of this dog? If so you will confer a great favour on me
when she has puppies again to save me two of them, a dog
and a slut - as near the same breed by the father side as
possible, of the one that I had - he was mostly white with some
faint yellow spots about the side and neck. And
when they will do to take from the mother I will send
after them - As large farms are going down here, but not yet
^{quite} gone, I am endeavouring to make a desperate effort for
a cotton crop this year with only 36 hands for the field, have
the promise of four more ^{or} of March but can't rely on it positively.

I hope you are doing well in these uncertain and troublesome
times - There was a heavy stampede from the west of large farms
up here, of the negroes on the river - in some places the piney wood
is so full of negro huts, that it resembles negro villages. These lands are
mostly owned by poor people, but yet there are instances where this has
been concealed by large land holders - I suffer more built on my land
except the tenents are under my employ - My best regards to your wife

SATURDAY.—Liverpool advices of the 1st—"The Cotton Market unchanged; to-day's sales, 7,000 bales; Middling Uplands, 14³/₄d.; Brokers Circular reports sales for the week, 69,000."—(The daily telegraphic reports make the sales for the week, 52,000 bales.)—Our Market very heavy, with sales and resales of 1,450 bales at fully ¹/₂ cent per pound decline, with some sales reported at ¹/₂ cent under quotations.

MONDAY.—Liverpool advices of the 2d—"Cotton Market closed dull and inactive; sales, 6,000 bales; Middling Uplands, 14³/₄d. The advices from Manchester are unfavorable, the Market for goods and yarns being flat and prices lower."—Our Market opened heavy and prices declined to 32¹/₂ cents for Middling Uplands, with some sales reported at even lower rates, but later in the day the advance of gold strengthened the Market, which closed steady at quotations.—Sales and resales, 2,500 bales.

TUESDAY.—Liverpool advices of the 4th—"Cotton Market continued dull and closed at a decline of ¹/₄d.; Middling Uplands, 14¹/₂d.; sales, 6,000 bales."—Our Market was steadier by the advance of gold, but prices were irregular, and some sales were made below quotations.—Sales and resales of 1,900 bales.

WEDNESDAY.—Liverpool advices of the 5th—"Cotton Market dull and irregular; sales, 5,000 bales; Middling Uplands quoted at about 14¹/₂d."—Our Market irregular, with holders firmer on the slight falling off in receipts at the Port.—Sales and resales, 2,230 bales.

THURSDAY.—No Liverpool advices.—Our Market steady at quotations.—Sales and resales, 2,650 bales.

FRIDAY.—Liverpool advices of the 6th—"Cotton Market irregular; Middling Uplands, 14³/₈d. and 14¹/₂d.; sales, 8,000 bales."—Also advices of the 7th—"Cotton Market dull, with declining tendency; sales, 6,000 bales; Middling Uplands, 14¹/₄d. to 14³/₈d."—Our Market weak and irregular, with some sales ¹/₂ cent under quotations.—Sales and resales, 1,150 bales.

Liverpool dispatches of to-day show—"Sales for the week, 43,000 bales; Market to-day, heavy; sales, 7,000 bales at 14¹/₈d. for Middling Uplands, with sales of Middling Uplands to arrive, at 13³/₄d."

Our Market for the week has been very dull, heavy and irregular. The heavy receipts last week at the Ports had the effect both in this and the Liverpool Market to depress Cotton, and our Market has been sustained only by the advance of gold, and the decline of receipts for the present week. The receipts by telegraph for the week ending 8th February, will be about 72,000 bales, showing a falling off of some 13,000 bales from the heavy receipts of last week. There is not a large amount of Cotton offering on our Market, but the supply is sufficient for the present demand, and enough lots are pressed on the Market to meet the wants of purchasers.

The sales have been largely for export; the exports for the week being 10,250 bales, with engagement for next week of 10,900 bales for Liverpool, 1,800 for Havre, and 1,000 for Bremen and Hanburg.

Freights by steam, ³/₄d., with room very scarce; by sail, ³/₈d. to 7-16d., with little room.

The receipts at the Ports are now watched very narrowly by all parties interested in the price of Cotton, as it is understood that only a decided and decline in the receipts can strengthen the Cotton Market. All the advices from the South are so positive in asserting that the bulk of the Cotton has been received that it will be quite surprising if our receipts do not from this time show a heavy decline.

The Cotton Goods Market is more active, and prices are well maintained.

CEMENT.—Rosendale continues steady at \$2 @ \$2.25, cash.

COFFEE.—We have still to notice a strong market for Rio. The receipts present and prospective are moderate, and, with a steady good demand for home use, the stock decreases, and the full currency of Tuesday last is supported. The sales of Rio are 1600 bags, per *St. Ursula*, 2000 do. per *Traveller*, 3703 do. per *Christman*, 3500 do. per *Amor*, 4200 do. per *Mow*, to arrive, on terms not made public; 3703 do. per *Albatross*, in lots, 11 @ 13 cents; 1510 do. balance per *Max Black*, 12; 918 do. balance per steamer *Grading Star*, supposed 12½; and in Baltimore, 2000 bags per *Rodwin*, 12½; 500 do. per same, 10½; and 2500 do. per *Favre*, 13½, all gold, in bond. COPPER.—New Sheathing is quoted 30 @ 40 cents, and Yellow Metal 28 @ 30, cash. Ingot is very quiet, but prices are sustained; the bulk of the stock is not offered at present rates; we have only to notice sales of 100,000 lb. at 28 cents for Detroit and 25 for Portage Lake.

COTTON.—Under the still further advance in the rate of Gold, and the telegraphic reports of diminishing receipts at the ports, a fair demand for export prevailed on Wednesday and Thursday, and prices were advanced fully half a cent. Yesterday, the recession in price in Liverpool (Middling Uplands 14½ d. at noon, 8th inst.) caused buyers to pause; but the stock on sale is very light. Our revised quotations are in a slight degree nominal. The sales for the three days are 5000 bales. We quote:—

DRUGS AND DYES.—There has been a movement in E. I. Rhubarb, resulting in sales of 130 cases, including all here in first hands, on private terms—now very firm, and held higher. There is a fair jobbing demand, and we note sales of 20 cases pure Oil Peppermint, in tin, at \$5.50; 3 do. third picked Gum Arabic, 56 cents; 50 tons Sal Soda, 3; 50 casks Bleaching Powder, 6 @ 6½; 300 kegs Bi Carb. Soda, in lots, 17½ @ 8½; 350 do. American do., 7½ currency; 125 tons Soda Ash, 2½ @ 3; 10 do. Sal Soda, 2 @ 2½; 10 do. Caustic Soda, 5½; 500 kegs Bi Carb. Soda, 1250 do. to arrive, 30 tons Sal Soda, and 2500 lb. Seneca Root, on private terms. Castor Oil may be quoted nominally \$2.20, and Para Anatto 60 @ 100 cents for good to prime.

DYEWOODS.—Logwood is in request, and all the Jamaica now arriving was sold yesterday; 200 tons St. Domingo sold at \$22; 50 do. Honduras, and 15 do. Camwood, on terms not made public.

EARTHENWARE.—Previous to the middle of the month there was scarcely an inquiry for goods, since that time, however, there has been some little improvement. Prices remain without change, and there is no disposition on the part of holders to force sales. The stock in first hands is not much greater than is usual at this season, and it is believed that with the opening of navigation a good healthy trade will be done, &c.

FISH.—Dry Cod are plenty and dull at \$6 @ \$6.75 per qtl. for Bank and George's. Mackerel are neglected, but the stock is small and in few hands, and there seems to be no disposition to shade prices at present; a cargo of Halifax has arrived and remains unsold. Pickled and Box Herring are still very quiet. The trade in all descriptions is light, and confined to the wants of the City dealers.

FLOUR AND MEAL.—The market for State and Western Flour has been somewhat irregular since our last, but in the main quiet. In sound State the transactions have been moderate, but the market has ruled firm, while Western has been quiet and heavy, holders manifesting a disposition to grant a concession in order to induce purchases. Buyers, on the other hand, have been cautious, and have confined their purchases to their immediate requirements. At the close yesterday the market was decidedly heavy, though quotations were not notably lower. The sales for the three days comprise about 16,000 bbls., nearly all at the quotations annexed. Canada Flour remains quiet and nominal; we hear of no sales. We quote:—

State, superfine brands.....	\$7 20 @ 10 20
State, extra brands.....	10 50 @ 11 25
State, choice brands.....	11 30 @ 12
Ohio, common brands.....	11 15 @ 12

The market for Southern Flour has ruled dull and heavy, in sympathy with other kinds, and quotations at the close were nearly nominal; the sales for the three days comprise 100 bbls., yesterday's transactions at \$11 @ \$13.25 for common, and \$13.50 @ \$16.50 for fancy and extra. Rye Flour is in fair demand and very firm; we note sales of 1400 bbls. at \$7 @ \$8. Corn Meal continues in fair demand, with sales of 2500 bbls. at \$5.25 for Coloric, and \$5.40 @ \$5.50 for Brandywine.

FRUIT.—Since the considerable business of the early part of the week, the market has been quiet; prices, however, for nearly all descriptions are quite firm. The advanced prices demanded for Raisins, as noted in our last, has been paid, and Layers are very firm at \$1. The sales are 3000 bxs. Layer Raisins, in lots, at \$1; 1500 do., \$2.90 (gold); 500 hf. do. Valencia, 15½ cents; 100 bbls. Currants, 12½ @ 12¾; 70 casks Figs, 10; 20 do. Turkish

Currants, 12 cases Citron, 15 casks Turkish Prunes, 50 bales Tarragona Almonds, 100 cases hf. and 200 do., gr. bxs., Sardines, 10,000 *Roatan* Cocoa Nuts, and 40,000 lb. *Pear* Nuts, on terms not made public. Dried Apples are coming forward more freely, and there has been a large business in them, as well as in Peaches; the sales are 1000 bbls. Western Dried Apples at 12 @ 12½ cents per lb.; 2,000 lb. Southern Peeled Peaches, 33 @ 37; and 15,000 lb., quarters, unpeeled do., 14½; halves are quoted 14. By auction, 9300 bxs. Palermo Oranges sold at \$2.75 @ \$3.35; 3498 do. Palermo Lemons, \$3 @ \$3.50; 163 do. Malaga Oranges, damaged, \$2 @ \$2.50; and 2053 do. Malaga Lemons damaged, \$1.25 @ \$1.55, cash.

GLASS.—Window is steady at our quotations, with a small demand.

GRAIN.—The Wheat market remains quiet, and quotations are nominally unchanged. There has been very little demand from the local millers, and none for shipment. Yesterday there was more stir in the market, and more inquiry, but buyers views were still rather below those of holders, and transactions were accordingly restricted. The sales for the three days comprise 68,000 bushels, yesterday's sales at \$3 @ \$3.20 for White Canada, \$2.80 for Winter Red Canada, \$3.25 for White Michigan, \$2.40 for choice No. 2 Milwaukee, and \$2.10 for No. 3 do. Rye is in moderate inquiry, and we have only to note sales of 9500 bushels State and Canada at \$1.27 @ \$1.30. Corn has been more active, mainly for shipping, and we have to note an advance of 2 @ 3 cents per bushel. The sales for the three days comprise 160,000 bushels, yesterday's transactions at \$1.13 @ \$1.13½ for Western mixed in store, and \$1.12 @ \$1.13 for new Yellow Jersey float. Barley is in moderate request, with sales of 40,000 bushels, of which 15,000 yesterday at 85 cents for Western, and \$1 for Canada East. Malt is quiet, and we learn of sales of only 1500 bushels at \$1.30. Oats are dull and heavy, but not notably lower. We note sales of 50,000 bushels, yesterday's transactions at 60 @ 61 cents for Western, and 59 @ 70 for State. Of Beans, we note sales of 400 bbls. at \$2.75 @ \$3 for Mediums and \$3.25 @ \$3.65 for Marrows. We note sales of 7000 bushels Canada Peas at \$1.25, in bond.

GUANO.—We note sales of 2 @ 300 tons Peruvian from Agents' hands at \$60 gold, and small lots from second hands at \$55 currency.

GUNNY BAGS.—The market is unsettled; immediately subsequent to our last prices gave way, and there was considerable business at a lower range; but yesterday there was an improved feeling, and the turn at the close was in sellers favor; the transactions embrace about 1000 bales at 15½ cents; 5 @ 600 do., here and to arrive, 15½ @ 15½ gold; and 200 do., in Boston, 21½ @ 22 currency.

GUNNY CLOTH.—Remains quite dull; 200 bales sold at 8½ cents gold, in bond; and 200 do. to arrive, on private terms.

HARDWARE.—There is little change to notice, the demand being moderate for the season, but quite an improvement on the stagnant state of the market a few weeks since. Prices are firm for most goods, and the trade generally express confidence in the maintenance of present quotations, should there be a fair spring business. We hear of one or two manufacturers, however, who have forced their goods on the market, and sold them at a concession from previous prices, as might be expected. The manufacturers of Plumbers Iron Pipes, are still at variance, and 40 per cent. discount from List is still the quotation. Sargents 10, A. 1 Cotton Cards are scarce and much wanted, the demand being greater than for a long time past. American Table Cutlery is steady and firm at old quotations—we notice the introduction of some new and very desirable styles. Messrs. Landers, Frary and Clark, of this City, have commenced the manufacture of Table Cutlery at their works New-Britain, Conn. Files (American) are very dull, at our quotations. Collins & Co.'s Axes &c. are in good supply, but there is no accumulation, the demand being more than equal to the supply. Tin Ware continues active, and buyers could obtain easier terms. Saddlery continues very inactive, and if the demand do not improve, presently, a decline in prices, is quite probable. There has been an improved demand for Door and Padlocks at our quotations. Agricultural Implements are very dull. Butchers goods continue steady and in fair demand, at previous rates. English Trace Chains are in good stock and offered in casks of not less than 100 pairs, at a slight reduction—say 50 cents gold for 6½-10-2, twisted, and 49 for do. straight; 54 for 7-10-2 straight, and 55 for do. twisted—Coil Chains, 3-16 inch, self colored, 12 @ 12½ cents; ½ inch 8½ @ 8½; 5-16 to ½ inch, 8 @ 6½, gold.

COTTON GINS.—We take pleasure in calling attention to the Steel-comb-Brush Gin, manufactured and sold by Messrs. J. H. Adams & Coombs of this City. This Gin is highly commended by Planters and Factors, as well as spinners who have used the Cotton, their testimony being uniform in its favor—it is claimed that it improves the staple of the cotton, 2 @ 3 cents per lb., and that it will do more work than any other—one 30 Saw machine, in one day, ginned 10 bales of Cotton of 500 lb. each—it is sold at \$5 per saw, and all persons in want of a Gin, would do well to see this before purchasing.

HAAY.—The market continues active and firm. We quote Shipping \$1.40 and Retail qualities \$1.75 @ \$1.85. Long Rye Straw is held at \$1.50, cash.

HEBEN.—The last sales of Manila were at 11½ cents gold—the bulk of the stock is held higher, but there is nothing doing. Other kinds also are without movement.

HEBENS.—The market is very dull, but prices are firm. The sales are 7500 Buenos Ayres, 21 @ 24 lb., at 19½ @ 20 cents; 700 Matamoros, 22 lb., 17½, usual selection; 1250 San Juan, 20 lb., 16, as they run, gold; 7600 Porto Cabello, 23 lb., 20, as they run; 1100 City Slaughter, 50 lb., 13; 700 do., 50 @ 55 lb., 10½ @ 11, currency; 4000 Orinoco, 20 lb., 1000 Matamoros, 20 lb., 1500 California, 22 lb., 700 Texas, 24 lb., 1100 Wet Salted Southern, 44 lb., and 600 City Slaughter, 75 lb., on private terms. The receipts are 9623 from Liverpool (accidentally omitted in our last), 16,837 Montevideo, 677 Central American, 1593 Porto Cabello, 1991 London, 100 Para, 47 Turk's Islands, and 8411 Coastwise—total 39,359, and 60 bales Calcutta, 30 do. Para, 25 do. London, and 5 do. Coastwise. Total import since 1st inst., 114,832, including 101,675 from Foreign, and 13,207 from Domestic Ports. Stock, 61,000 Buenos Ayres and Montevideo, 9800 Orinoco, 900 California, 3300 Central American, 6000 Texas, and 3000 Southern—total 84,000; same time 1866, 260,390; 1865, 272,200; 1864, 153,545.

HONEY.—Sales have been made of 33 tes. Cuba for home use at \$1.15 currency, and 47 do. for export, 62½ cents gold, in bond.

HOOPS.—The market is unchanged; there continues a steady demand from consumers, who buy freely; sales 400 bales at 50 @ 70 cents, as to quality.

IRON.—We notice the sale of 8000 Rio Grande Ox at \$10.50 per C., currency.

INDIA RUBBER.—We notice sales of 15,000 lb. Para Fine, at 70 cents 4 mos.

INDIGO.—There is no demand for invoices, and but little inquiry even for jobbing lots; prices are more or less nominal.

IRON.—Scotch Pig remains unusually depressed; several hundred tons bought last year to arrive, and now only landing, are offered at considerable loss, without finding buyers, and any reasonable concessions made by sellers do not seem to tempt purchasers; wholesale parcels of one to two hundred tons are offered at \$4 @ \$4.5, with few sales; retail lots are selling at \$46 @ \$47, ex ship, and \$1 @ \$2 per ton more from yard; the stock is about 2000 tons afloat, and 1000 or more in yard; 100 tons Glengarnock sold at \$44, ex ship; and 100 do., \$32, gold—neither of the Tariff Bills now before Congress propose any change from the present rate of Duty. The stock of American in hands of makers is accumulating; Manufacturers of standard brands stoutly resist the decline in prices, and nominally held at \$47 for No. 1 ex., and \$45 for No. 2 ex.—but when a prompt cash buyer appears, at a shade less, they rarely refuse it; transactions are very limited, and, when made, are kept private for a short time—150 tons No. 1 ex. brought \$47, since our last. In other kinds we notice 350 tons mixed Scrap at \$40; 87 do. Cast and Wrought on terms we did not learn; and recently, 5 @ 6000 do. old Rails, arrived and to arrive from England, \$40 currency. Store quotations remain steady, with little doing—no invoices have changed hands.

LATHS.—Are nominal at \$3.25 @ \$3.50, 3 mos.

LEAD.—There is still no business in Pig, and prices are nominally unchanged—say \$6.87½ gold for ordinary Foreign, Bar 10, and Sheet and Pipe 10½ cents cash.

LEATHERS.—The market for Hemlock Sole is dull, and prices of all descriptions have declined 1 @ 1 cent per lb. We quote Rio Grande and Buche Ayres, Light Weights, 30 @ 30 cents; Middle do., 31 @ 32; Heavy do., 31 @ 32; California Light, 28 @ 29; Middle do., 29 @ 31; Heavy do., 30 @ 31; Orinoco, &c., Light, 27 @ 29; Middle do., 25 @ 29½; Heavy do., 27 @ 29; Slaughter Upper, in Rough, 34 @ 37. Oak Sole is in moderate demand at previous prices. French and American Calf Skins are firm with a good demand. Tanned Skivers suitable for other than Shoe purposes, are in improved request.

LUMBER.—Eastern Spruce is dull and nominal. A cargo of Georgia Pine Flooring and Timber has been sold to arrive, if shipped, at \$35 for the former, and \$33 for the latter.

MOLASSES.—There has continued a fair demand for low grades for Distilling, and the market remains steady and pretty uniform at previous rates, but the better grades remain dull. There are few buyers of new crop, and the sales are small. We notice the first arrival of new crop Porto Rico, per brig *Trois*, 6th inst., being considerably earlier than last year—of her cargo, 100 hds. have been sold, but the price is withheld. The sales besides are 15 hds. Porto Rico at 60 cents; 20 do. inferior, 43; 147 tart Clayed Cuba, 40 @ 42; 309 Cui a Muscovado, mostly 42 @ 47; 225 Centrifugal and Clayed Cuba, mixed, 42; 75 Nuevitas, part new crop, 45; 37 Demerara, 60 @ 55, 4 mos.; and 120 bbls. New-Orleans, 55 @ 53, cash. By auction, 550 bbls. New-Orleans sold at 80 @ 86 cents, cash, and 757 hds. Demerara, 30 @ 71, 4 mos.

NAILES.—Cut are steady at 6½ cents; Clinch 8; Forged Horse 28 @ 30; Pressed do. 21 @ 23; Copper 48; Yellow Metal Cut 28 @ 30 for Cast and Cut; Zinc 20; and Wrought Spikes 7 @ 8 cash.

NAVAL STORES.—Crude Turpentine is a little lower, a sale of 500 bbls. having been made to arrive at \$5 per 280 lb.—stock 1500 bbls. Spirits Turpentine improved about 1 cent per gallon, but closed yesterday, with rather less tone than the day before, say at 67½ @ 68 cents merchantable, and 68½ @ 69 shipping order—parcels in shipping order are comparatively scarce, and it is believed that at a little lower figure, the shipments would be large—the sales and resales are 700 bbls. at 67 @ 68 cents merchantable, and 67½ @ 69 shipping order, including 200 in bond at 60—stock 8000 bbls. Rosins are
