

April the 26th 67

Dear Ell

I received your letter
glad to hear you were all
well we have received your
furniture I have not received
the broom & glass write if
that was to be sent hear
Friday said that was all that
was at the depot you must
not stay down too long I
will buy and have the house
white washed before you
come up if I can get the time
your Papa is down town said
he would enquire if there was
any in town ^{Mr} Parker has none
Mr Parker & Mr Watson have
been very clever had the lot
sowed in clover Friday and
Mr Parker boy plowed the

ground. I do not know what
to do about our Gardener
I think he asks entirely too much
and not just hate at that
Peller seems very anxious to
have every thing fixed before
you come up she says she
can have the Mattin put
down but says she understands
pulling it down let me know
if you wish her to do it I am
going out home this evening
give my love to Bet her
Papa was in town this week
and staid all night with us
said all was well excuse this
badly written letter I do not
any one see I am in a hurry
my love to Leas & the children
and believe me as ever your
Affectionate Mother
M. A. Kearney
