Brother Carr. Sir Suppose that W
Y. or P. Brethren sign a petition gotten
up by a merchant and other
outsiders who are enemies to the
alliance do it secretly to the
other brethren of the same lodge
and a lawyer employed not
known who by and go before board
of education and succeed in their purpose
the object is to make a new school
distinct but destroys 4 good and
permanant centers with good houses
the other brethren are the
affected party

is this with the
spirit of the order
or not
