Dear Sir

I want to ask
of you to answer me for me in regard
to what I am going to tell you about
In my County one Mr Hicks who is editing
a newspaper in the County has connected
himself with the Alliance, and has been
the cause of right much talk among the
outsiders who are clearly ineligible and who
want to join us. Now Hicks paper is not
strictly an agricultural paper but is in
my opinion much mixed between the
Literary and political, he claims his willing-
ness to make it whatever the people desire
they will have if they will lend their
aid. Mr Hicks is very kind to us
doesn't make any charges upon us for
anything we choose to have published
the County is under democratic rule
and Mr Hicks is employed to do
publishing for the County, hence
see why politics get in it. I have
been understand about what his
paper is. Now I want to know
what we ought to do with him, whether
we shall retain him in viola-
tion of our right simply because
he is a good fellow or for some other
reason.
