

Local Spring Alliance  
No 1268

Murfreesboro N.C.  
Oct. 26<sup>th</sup> 1889

Dear Sir,

There is a man living in Murfreesboro, (which is an unincorporated town) desiring membership in the Farmers Alliance. His place of business is nearly a mile outside of corporate limits. He is a mechanic, and using some machinery, attached to a grist mill. Is he eligible to admission in the Alliance? What action should an Alliance take to its male members, who have not attended a meeting of the Alliance since his initiation which has been four months.

What course should an Alliance pursue if any in reference to any of her sister members who has attended any of the meetings of the Alliance since their initiation which has been nine months since. By answering the above questions by letter to me, as early as possible. I will remain  
Yours with fidelity

O. Parkerssee  
L.S.A. 1268
