Mr Elias Car,
Old Sparta N. C.

Dear Sir

Our people would
be very glad to have your
assistance in securing
the nomination of Bro'
J. M. Meroborne for congress
in the 2nd district, unless
you conclude to be a
candidate yourself.

Our people are more
than anxious to support
either one of you.

Bro' Meroborne has the
entire confidence of our
people, & we feel that he
is so well known by your-
self that he needs no
recommendation from us.

Minister of our County told
me a short time ago, that
his people had lost confidence
in the leaders of both of
the old parties & that if the
Alliance would bring out
good honest farmers or
working men, that they
might expect a liberal Sup-
port from the Colored people.

Mr. Newbome is an honest

our own heart - in whom
we can look implicit
trust and in every way fitted
to fill the position. United
action must be the watch
word if we conclude to run
an Alliance man for
the nomination.

I have to say, that with the
 history of my own mind might
 not be the greatest source of
 help to the student who is
 anxious for the study of
 science is that for the young
 of the mind that I should
 not be able to give them
 the same to the mind. In
 the history of the mind the two
 subjects of the mind are the
 same in the mind in the
 mind of the mind. I should say
 that the mind is very much
 to give the student, and is
 not the mind of the mind
 and is not the mind of the
 mind of the mind. The
 mind of the mind is the
