

W. H. WORTH,

State Business Agent of the N. C. Farmers' State Alliance,

Raleigh, N. C., May 16, 1890

President Elias Carr

Dear Sir:-

I have never applied for membership in the Farmers Alliance, because I thought myself ineligible. I am now the representative of the D.B. Lippincott Co. in North Carolina. I write to say that I meet other men representing other houses doing the same work I do, who belong to the Alliance in Va., S.C., and Georgia. These men come into N.C. in competition with me, and get advantages of me by reason of the fact that they are and I am not given the inside secrets of the order.

Now if these men can belong to the Alliance and reap its benefits, why can not I?

Please let me hear from you

Very truly your well wisher

J. W. Denmark

Mr J. W. Denmark would make a good member if eligible.
