How Elias Carr,

Dear Friend and Bro.

Our County, Surry, is on tilt
on act of division, and as you may
well know, it is Farmer against Capital
or in other words, town against Country.,

Now the Farmers Alliance almost as
a unit is taking stand against division
We ask & respectfully beg assistance from
The leaders of our Order, & think it nothing
but justice that we should have help, as
there is a combine of two Manf towns to break
us down, We have written to our State
Sec, some of the particulars & hope you will
in person be able to help us to down
the trusts & combines, or at least by letter

In the language of Miss Columbia
in Rural New York

Forward Farmer Go up Head!!

Please help us & sustain us

Fraternally
