Mr Elias Carr & Brother

Yours of 19th to hand and
contents noticed Brother
Meachoms letter is so
complicated I don't think
a philidopha Langer
could advise on it and he
sets us in a deplorable
condition before our state
/ pres but in my judge-
ment action will have
to be taken by our
county alliance properly
charges against these
Sub. Alliances, but I don't
want you to advise him

to do that just at
this time. from the
fact that we will
soon have to recon-
-ize and it will give us
a great deal of trouble
just at this time. and
we are on the ~~top~~ edge
of making long stride
in all these work. and
it will very much inter-
fere with our financial
policy. for the coming
year. just as we so much
stand in need of peace
and when the time comes
if you will make some
strong rulings on the
constitution along this
line we can purge the
alliance and not get
hurt. Make no Alliances

as a whole is in
good working order
and law abiding
our brother Mechem
is a very enthusiastic
alliance man. and
you know that all
men are not devoid
of some ~~prejudice~~
prejudice. still I would
say I fear what the
brother has written you
are facts. but he failed
to say that many of
our brethren are of most
wonderful ignorant sort.
Am sorry you could not
be with us. at the ovation
and banquet in honor
of our National. Pres.
we had a good time
